

Broadway Prosperity Pleasing

By WILLIAM GLOVER
NEW YORK, (AP) — Broadway, now at the midway mark in a season of record success, is finding prosperity pleasing—and perplexing.
The big delight: box office grosses nearing an all-time mark of a million dollars per week.
The big poser: how to find room for other shows.
Main reason for such a strange dilemma is the exceptional series of remarkable dramatic offerings which have arrived on the Great White Way since September.
Take a comparison with last season alone:
Through mid-December of last year, 24 shows arrived, including a couple for limited engagements only; 10 quickly flopped. Through mid-December this year, 25—including 4 limited engagements—have come to town; only 7 have had to quit. Further, the quality of the winners has been exceptional.

PAINT-FILLED EGGS

DENVER (AP)—Something new has been added to the arsenal of a band of vandals: eggs filled with paint. J. A. Davidek told police yesterday two such eggs were thrown at the front porch of his home. He said the vandals apparently punch a small hole in the shell, drain the egg, and fill the shell with paint.
It's this that has a lot of Broadway's wisest heads wondering. "When the Lunts have to stay out of town for weeks and weeks—and then take only an interim booking, the theater jam is bad indeed," one veteran said.
He referred to the Lindsay-Crouse comedy "The Great Sehastians," which stars Alfred Lunt and Lynn Fontanne. The show comes into the ANTA Jan. 5 amid hopes that some other theater will become available before its 4 1/2-week lease expires. Another show is already booked to move into the ANTA then.

Second Looks at First Nights

The highly successful mood of the season continued with the arrival of Thornton Wilder's "The Matchmaker." A farce which stars veteran Ruth Gordon, it discards Wilder's usual symbolism and emerges as boisterous fun.
Another theatrical surprise has been the first U. S. appearance of HVER Britannic Majesty's Scots Guards band, highland pipers and dancers. On tour, it was booked for a single New York appearance and has had to play three extra performances in vast Madison Square Garden this week to satisfy capacity throngs cheering the smart precision swirling and prancing.
A slightly less enthusiastic note greeted the arrival of the Rodgers and Hammerstein musical "Pipe Dream" a few evenings earlier. Actually, it is a pleasant, leisurely evening and has a number of pleasing R & B songs.

Boyhood Friends Now Work Together In Same Business

Boyhood friends, raised in the same Sanford neighborhood, are now associated in a local real estate and insurance firm.

Guy Allen, 38-year-old native of Sanford who left here in 1933 and returned to make his home in Sanford in 1944, is now associated with Stomper Real Estate and Insurance Agency at 112 North Park Ave.

Allen enlisted in the U. S. Infantry and served 30 months in the Pacific area during World War II before being discharged as a captain. He attended Officers Candidate School at Fort Benning, Ga. in 1946 where he received his commission as a Second Lieutenant.

Prior to entering the service Allen attended George Washington University in Washington, D. C.

Commenting on his vast number of friends and acquaintances in Sanford and the Central Florida area, Allen said that he came to know so many because of his business affiliations since returning here in 1944. He first operated a Gold Service Station at Second and Park, then was employed by Chase and Company, traveled for a short period of time and then became interested in the real estate business when associated with a local real estate firm as a broker-salesman. "I received my original broker-salesman certificate from the Florida Real Estate Commission on Jan. 1, 1954," Allen said.

He is a member of the Sanford Kiwanis Club, Chairman of the local Elks Lodge, member and vestryman of Holy Cross Episcopal church, and of Holy Cross Episcopal Club.

William H. "Bill" Stomper, of the Stomper Real Estate and Insurance Agency, said "I feel extremely fortunate in having Guy Allen associated with the agency because of his capabilities, he and I are among the few native born residents still making their livelihood in Sanford." Stomper added, "I feel sure that with his knowledge of Sanford and Seminole County, he will be of immense help in filling the property needs of prospective home and property owners in our area."

Another protest was made last night by City Commissioner Jack Raligan when he told the Board of Commissioners that "our streets are getting worse and worse as contractors and utility companies dig up the streets and replace them as they see fit."

Areas of street work of Magnolia Ave. to Oak Ave., as well as an area east of Sanford Ave., on First Street were pointed out as examples of the manner in which paving is being replaced.

"We must find some way to control the replacement of paving if we have to do it ourselves and charge the persons responsible for the work," said Commissioner Higginbotham.

The matter was referred to City Attorney Wm. C. Hutchinson Jr. and City Manager Warren E. Knowles for investigation as to whether the City may take the paving program to court to get the original conditions.

A call for bids for the resurfacing of part or all of the streets in the street improvement and paving program for the present fiscal year will be made. City Manager Warren E. Knowles told the Board of Commissioners that 20th Street, from Park to French; Laurel Avenue, from 24th to 28th Streets; Melville Avenue, from First to 25th Streets; all of 26th St., from Sumner to French; and streets in the Mayfield subdivision are in the present plan for street surfacing.

Streets to be resurfaced will be done in their priority order and according to costs for the paving.

Tax Assessment Under Protest

A letter protesting a tax assessment on personal property at the Sanford State Farmers Market came before the Board of Sanford City Commissioners at its meeting last night.

"We don't see any basis for changing the assessment," was the opinion handed down by the Commissioners on the protest made by Chase and Company.

City Clerk and Tax Assessor H. N. Sayer told the Board of Commissioners that the property was assessed at \$4,350 which was, in his opinion, in line with other assessments at the Sanford State Farmers Market.

The letter of protest cited the value of the personal property at \$1,800.50.

Offer Is Rejected By Commissioners For Land Purchase

A local industry, recently brought to Sanford, offered the Board of Sanford City Commissioners \$500 for an 88 foot strip of land on Lakeshore Blvd. The offer was turned down because of the present and impending value of the lake front footage.

Harry O. Russell, owner and builder of a new boat industry in Sanford, explained to the Board of Commissioners that his proposed plans included expansion of his present buildings which would require additional property in the same area as his present site.

The 88 feet of lake front footage runs parallel with Russell's present property which extends back 250 feet.

Russell told the Commissioners that the stipulation in his contract with the city for the erection of a building for a boat industry containing at least 3,000 square feet of floor space had been met and exceeded. He said that his present building includes 6,118 square feet. However, he proposed that a new building to house an engineering office and one to house a paint spray shop be erected on the property. Russell also said that other buildings in which to store boats and for stocks of lumber and materials would be necessary.

Commissioner John Kridler told Russell, "I would not go along with any additional property until some substantial action is taken and shown."

Commissioner Earl Higginbotham said, "We are now debating whether or not to accept an offer of \$50,000 for property smaller than yours and in the same vicinity."

Russell told the Board of Commissioners "I started about nine weeks ago with bare land and have developed it, complying with all requirements and also buying a home in Sanford."

"Primarily, I am interested in boats," said Russell, "and I feel very pleased and optimistic about the business. I am trying to help the City as well as having the City help me."

Christian Officers Elected

The annual congregational meeting of the First Christian Church, held last night, and presided over by George W. Morgan, chairman of the board of officers, began with a baptismal service for Mrs. Walter A. Brown Jr., 2346 Palmetto. Mrs. Morgan and O. D. Landress assisted the minister in the service.

In the business period new officers were unanimously elected for terms of two years and one year. They are W. H. Young, George W. Morgan, O. D. Landress and B. H. Williams, elders; Lester Tharp, Harry Falk, Earl Evans and Belt E. Purvis, deacons; and Mrs. James L. Horton Sr. and Mrs. Oscar T. Pearson, deaconesses.

In the business period new officers were unanimously elected for terms of two years and one year. They are W. H. Young, George W. Morgan, O. D. Landress and B. H. Williams, elders; Lester Tharp, Harry Falk, Earl Evans and Belt E. Purvis, deacons; and Mrs. James L. Horton Sr. and Mrs. Oscar T. Pearson, deaconesses.

Mrs. Landress reported on the work of the Christian Women's Fellowship which is divided into three groups under the chairmanships of Mrs. J. W. Knight, Mrs. Harry Falk and Mrs. Lester Tharp. Mrs. Chandler Vail told of the activities of the five youth and children's groups which meet on Sunday nights, followed by "snack time" under the general direction of Mrs. Charles R. Grimes. Mrs. Pearson, church school superintendent, said that the school is "bursting at the seams" and emphasized the need of a new educational building. Treasurer Young reported that all bills due had been paid and that nearly \$1000 had been given to the education building fund.

Pastor Perry L. Stone reviewed some of the main activities of the church since he began his ministry here Aug. 21. A study for the pastor was created by the partitioning of an upstairs room. A \$600 lot north of the parsonage was purchased. The church parking lot south of the sanctuary was marked off with concrete posts. The wiring of the church altar was altered so as to enable it to carry a heavier electrical load with safety. The exterior woodwork of the church was painted, the windows puttilled, and the screens refurbished. Two lighted lawn bulletin boards were erected. The Lamplighters Class giving \$125 toward this project. An increased budget of \$7,775 for 1956 was adopted, and an every member canvass conducted to underwrite it.

Informal evening services, emphasizing congregational singing, were inaugurated Sept. 11, with different attendance sponsors every Sunday night. The attendance has ranged from 34 to 73. The pastor has preached a series of sermons on "Major Ideas in the Epistle of James."

Thirty-six new members have been added to the church, and others have committed themselves to take full fellowship soon. Last Sunday Mrs. B. R. Boorman and Calvin Jardina transferred their membership; and the following were baptized: Mrs. J. L. Horton Jr., Judy and Linda Baly, Gregory Niblack, Brenda and Ivan Elliott, Jerry and Kenneth Johnson, Richard Boorman, and Tommy Hinson.

Closing his report the Rev. Stone said, "Peace and harmony have prevailed. There are five people in this church. The better I come to know you the warmer is the spot you occupy in my heart. I like Florida, Sanford, and the church. I feel we have a good opportunity here. If the future is as happy as the past few months have been I shall be contented to spend the rest of my life in Florida."

After the meeting games were conducted by Mrs. Stone, the minister's wife, and refreshments were served by CWF Group Three, Mrs. Tharp, chairman.

Definite Proposal Expected To Arise

City Turns Down Park Suggestion Involving 30 Lots

A dedication of an area for parks in the City of Sanford was rescinded at last night's meeting of the Board of Sanford City Commissioners providing that a split of funds on a 50-50 basis with Seminole County from the sale of the property be realized.

The area on which the park dedication was rescinded is between 24th and 25th Sts. on Park Ave. and lies on either side of the city thoroughfare.

There are 30 lots in the area, all of them, according to City Clerk H. N. Sayer, 38 or 50 feet in width. W. Pitt Varnes, a resident of South Seminole County, as an interested citizen, asked the city to retain a portion of the area for a city park. He said, "once this dedication is vacated we lose one of the beauty spots of Sanford."

The rescinding of the dedication is contingent upon the same action being taken by the Board of County Commissioners. The property is owned by Seminole County.

City Commissioner Earl Higginbotham said, "I would rather see one developer build this area so that all of the property is utilized and put on the tax rolls of the City."

In line with approving parks and getting recreational areas into use, Commissioner John Kridler reported that an agreement had been reached with the Atlantic Coast Line Railroad for a 14 foot strip of land south of the Goldsboro Primary School which will allow the use of lands proposed for a playground.

"Just as soon as the agreement is received," said Kridler, "we will be ready to go ahead with our proposed plans for the recreational area."

The commissioners were advised that plans have already been made for the development of the playground by next spring with funds on hand in City and County appropriations.

A water line, now above ground, will be lowered by city forces, which will allow the entire area to be utilized for playground purposes.

Merchants Association Gathers Fund Raising Is Discussed

"Out of this meeting should come a definite proposal from Sanford Manufacturing Company as to what it will do in locating the new plant in Sanford" was the general consensus of opinion at a meeting of the Sanford Merchants Association held this morning in the office of City Manager Warren E. Knowles.

More than 15 merchants and representatives of businessmen in Sanford met to discuss the possibilities of raising funds with which to build a new building for the rapidly expanding manufacturing plant.

Wholehearted cooperation was expressed in commitments to lend the necessary portion of the money necessary for construction costs.

Seminole County Chamber of Commerce Manager Forrest Breckenridge explained the Sanford Manufacturing Company plan for acquiring a completely air conditioned building of 12,000 square feet to house double the number of employees presently employed at their Sanford Ave. location.

Industrial Committee Chairman Don Bales said that 65 employees are now crowded into the small store building now being used and that the annual payroll would run well over \$100,000.

With the expansion program of the firm which manufactures shirts and pajamas under the

Over 100 Golfers In Practice Round

More than a hundred golfers and golf enthusiasts were at the Mayfair Inn's Seminole Country Club golf course yesterday for practice rounds in preparation for the qualification rounds which began this morning at approximately 8 o'clock.

Visitors are pouring into Sanford from over the State and throughout the golfing world to watch the matches and to follow the players over the 18-hole course when they get underway Thursday morning.

A dinner will be given tonight, at the Mayfair Inn, honoring the golfers and newsmen in Sanford for the event. Pairings for the Pro-Am tournament which will be played tomorrow will be drawn tonight beginning at 8 o'clock. The dinner begins at 7 o'clock and is open to the public.

Already in Sanford to watch the proceedings of the tournament is Horace Stoneham, head of the vast New York Giants organization. With him is Pete Stomach and Bill Rigney. Rigney is manager of the New York Giants. Also expected in Sanford for the event are Fred Hutchison and Joe DiMaggio. Carl Hubbell, head of the New York Giants Farm System is also here for the event.

It is expected that Hutchinson will play in the tournament but DiMaggio said "I am coming as a spectator and do not expect to play."

Amateurs and Pro playing qualifying rounds this morning, and their scores are: Mel Ashton, 76; L. Thomason, 71; Lou Bateman, 72; R. Beattie, 73; Gene Bone, 69; Boynton, 71; R. Braun, 72; D. Brown, 74; E. Brown, 76; J. Cavok, 76; R. Coffee, 74; D. Davis, 79; H. Dunlap, 71; H. Grier, 82; C. Morgan, 81; R. Mann, 78; G. W. McKenzie, 78; P. Rouse, 74; H. Williams, Sr., 70; and L. Bartosak, 70.

Participants still arriving up to one o'clock today and others were still on the course when the unofficial scores were tabulated shortly after noon today.

On the course for practice rounds today were Frank Stranahan, Ed Fungol, and Sam Sneed.

Mayfair Inn Manager Frank Melone Jr., in planning the event for Sanford, said earlier that as many as four thousand visitors would be here to follow the players and watch the events from the sidelines along the fairway.

The cool weather and possibilities of showers have not dampened the spirit of the golfers. They're coming in each hour, both as visitors and participants.

Radio Station WHOQ of Orlando, has completed plans to cover the tournament by bulletin broadcasts from the Mayfair Inn Seminole Country Club and for the benefit of listeners who cannot attend the tournament, will broadcast a wrap-up of the daily events late in the afternoon.

The "Mayfair Inn Open", a \$15,000 PGA Tournament will continue through Sunday and will conclude with the swarding of the Vardin Trophy and the naming of the big money winner of the year.

General Sanford Memorial Library Moves Step Closer

Realization of a General Sanford Memorial Library moved a step closer last night as the Board of Sanford City Commissioners designated an area in Fort Mellon Park on which the memorial building will be erected.

Represented by Gen. J. C. Hutchinson and M. H. Pope, the General Sanford Memorial Library and Museum Committee requested that an area beginning 50 feet west of the present civic building in Fort Mellon Park, extending 200 feet west and from First St. to Seminole Blvd., be set aside for the proposed building.

The Board of City Commissioners was told that a building to cost approximately \$14,000 dollars will be erected to house the library and archives that are appraised at a value of \$1,000,000. The committee also told the commissioners that the area in the vicinity would be beautified including the lake in the park. Camellias, said to have been originally brought to the city by Gen. Sanford, will be planted in the area around the proposed building, said Gen. Hutchinson.

The area designated for the construction of the proposed library and museum building is directly in front of the present Seminole County Motors building and takes in one end of the lake.

The local committee proposing to build the library and museum also asked that the new lake in Fort Mellon Park be named "Lake Carolina" after Mrs. Dow. The Board of Commissioners accepted the proposed name and adopted it for the City.

Other items discussed by the Board of Commissioners included the designation of the two banks in Sanford as depositories for the City.

The date for the next meeting of the Board of Sanford City Commissioners was changed from Monday, Dec. 26 to Tuesday, Dec. 17 because of the conflicting holiday. Commissioners were advised that Sanford merchants plan to close on Dec. 26 to observe the Christmas holiday and advised City Mgr. Warren E. Knowles that the City Hall would also close on that date.

The first reading of an ordinance rezoning an area between 20th and 24th Sts. on Melville Ave. from an R1AA to R1AB single dwelling area was heard. Two ordinances were put on first reading vacating alleyways at 25th and French and at Elm and Commercial.

Sheriff's Office Receipts Hit Total Of Over \$47,600

Receipts in the Seminole County Sheriff's office for the 11 month period ending through Dec. 9, were \$47,611.18, according to a report completed yesterday by former Chief Deputy O. G. Owens.

Owens said yesterday that with the final report being made, his connection with the sheriff's office is completed and he will return to the Atlantic Coast Line Railroad to resume his position as conductor sometime after the first of January.

According to the completed report, expenses in the Seminole County Sheriff's office during the administration of a suspended Sheriff Luther Hobby amounted to \$40,000.14. A detailed account of the expenses was contained in the report.

Net income for Hobby during the 11 month period came to \$7,589.99 which was \$769.91 short of the amount that could have been earned during the period out of the \$9,000 allowable for the office over the entire 18-month period of the year.

Auditors are still working on the books for the period of the year during which Hobby was Sheriff.

Owens said that he will, from time to time, during the audit, work with Auditor Graham Walker in completing his compilation of figures and balancing the accounts up to the time that Sheriff Denver Cordell took over.

Dixon-Yates Group Sues Government

WASHINGTON, Dec. 12.—The Dixon-Yates power group today sued the government for \$3,344,778 for expenses in connection with the cancelled contract for a private power plant in the Tennessee Valley Authority area.

The suit was filed by the Mississippi Valley Generating Co. in the U. S. Court of Claims.

E. H. Dixon, president of Mississippi Valley Generating, said in a statement: "We commenced this litigation with every confidence in its result."

Dixon also is president of Middle South Utilities Inc. which together with the Southern Co. set up Mississippi Valley Generating to build a \$60 million dollar generating plant at West Memphis, Ark.

The purpose was to supply power to the TVA system in place power used elsewhere by the Atomic Energy Commission. The controversial contract was cancelled last summer and an Nov. 29 the Atomic Energy Commission announced that it would not pay Mississippi Valley Generating for money already expended.

Three-Day Test Undertaken By City

A three-day test is being undertaken by the City of Sanford in which the operation of the water plant will be changed in order to see if the City Water Department might operate the new water tank on Melville Avenue to its useful capacity.

The report was made to the Board of Sanford City Commissioners last night by City Manager Warren E. Knowles.

Knowles told the commissioners that the three day test, which started yesterday, may eliminate the need of a booster pump.

"Rather than see the City go to a four to five thousand dollar expense, the new test is being conducted to see if we can successfully operate the tank under this new plan," Knowles told the Commissioners.

Grammar Glee Club Will Give Concert

The Sanford Grammar School Glee Club will give a Christmas music concert Thursday evening, Dec. 15, at 8:30 p. m.

Miss Gene Nunnally is directing the musical affair with Miss Allison Lee serving as accompanist.

Participating in the Sanford Grammar School music concert will be 55 fifth and sixth graders.

The program will include: "O Come All Ye Faithful," "Carols of the Bells," "Angels We Have Heard on High," "The Twelve Days of Christmas," "Christmas Candles," "Deck the Halls," "Jingle Bells," and "Twas the Night Before Christmas."

Mrs. James Bozard will be heard on the program as guest soloist, accompanied by Mrs. Arthur Beckwith Jr. Mrs. Bozard will sing "There's A Song In The Air," "The Birthday of a King," and "Sweet Little Jesus Boy."

There will be no admission charge to the program which will be given in the auditorium of Sanford Grammar School.

Winter Melons Grown By G. Jones

Watermelons in the wintertime is the bill-of-fare at one home in Sanford.

George Jones, who lives in the Floral Heights section of Sanford, reported to The Sanford Herald yesterday that he had just cut the second watermelon from a vine in his yard in three days.

According to the amateur farmer, the melons weigh about 25 pounds and are the best he has ever had.

Jones said that he planted the seed from some that were kept from a watermelon he had purchased earlier this year.

VFW Is Addressed By Capt. Jackson

Last night Capt. Robert W. Jackson, USN, Commanding Officer of the Sanford Naval Auxiliary Air Station, spoke to the Veterans of Foreign Wars at their regular meeting in Sanford.

His message concerned the part played by Sanford in our National Defense Program and he again emphasized the fact that the role created by aircraft is an indication of National Readiness.

"The Naval Auxiliary Air Station," said Capt. Jackson, "has an approved volume of nine million dollars. It operates with a staff of 1,000 men and a fleet of 100 aircraft. This unit is expected to spend one million dollars and thirteen thousand dollars to support this investment."

"Your job," he continued, "and mine too, is to provide this unit investment, by making the investment, by making the investment, by making the investment."

"The Naval Auxiliary Air Station," said Capt. Jackson, "has an approved volume of nine million dollars. It operates with a staff of 1,000 men and a fleet of 100 aircraft. This unit is expected to spend one million dollars and thirteen thousand dollars to support this investment."

H. Kastner Elected Shrine Club Leader

Officers for 1956 were elected by the Sanford Shrine Club at its last meeting which was presided by dinner at Mrs. Appleby's Restaurant.

Elected as president of the Sanford Shrine organization was Harold Kastner; A. L. Wilson, vice president; Mildred Leonard of DeBary, 2nd vice president; Dick Abary, secretary; and Bob Dugan, treasurer.

Following the dinner, the guests adjourned to the Masonic Ballroom where the election of officers and business meeting was held.

Elks Will Sponsor 'Bloodmobile' Here

The Central Florida Blood Bank "Bloodmobile" will be in Sanford Thursday afternoon under the auspices of the Sanford Elks Club. Donors will contribute blood from 9 to 6 p. m. in the Club's new annex where the Bloodmobile will be located.

A free peak dinner, with all the trimmings, will be served to all donors with Binion Kinlaw serving as chef for the occasion.

All members of the Elks Club, as well as their friends and relatives, are invited to make a contribution to the Blood Bank Thursday afternoon.

Dec. 15 Last Day For Registration At Salvation Army

The Salvation Army, which is the Christmas Relief Clearing House for this area, has announced that Dec. 15 will be the last day for registration.

It is necessary that investigators be held on registered families. For this reason it will be impossible to accept any applications at the last minute," it was brought out.

"If you know of anyone who deserves Christmas relief, please advise them to register at The Salvation Army, 214 E. 2nd St., on or before Dec. 14," the Captain stated.

Edgewater Singers Present Greetings In Musical Form

Sanford Rotarians were wished a "very, very, very, very, very Merry Christmas" at their regular weekly meeting yesterday noon at the Episcopal Parish House by a selected group of Edgewater High School Choralists from Orlando in a program of well chosen numbers. The ensemble of 24 white suited young men known as "The Edgewater" sang four selections and were then joined by over 40 young ladies in red skirts and white blouses (the school color motif) under the direction of Mrs. Harold Thomas.

The program, arranged and introduced by William C. Hutchinson Jr., general program chairman for the year of the local club, was enthusiastically received. Visiting Rotarians and guests were introduced by the Rev. Lucian Scott who also offered the invocation. The meeting, moved from the Yacht Club to the Parish House to better present the program, was conducted by president William (Bill) Bush.

Winter Melons Grown By G. Jones

Watermelons in the wintertime is the bill-of-fare at one home in Sanford.

George Jones, who lives in the Floral Heights section of Sanford, reported to The Sanford Herald yesterday that he had just cut the second watermelon from a vine in his yard in three days.

According to the amateur farmer, the melons weigh about 25 pounds and are the best he has ever had.

Jones said that he planted the seed from some that were kept from a watermelon he had purchased earlier this year.

Florida State 4-H Winners Named

State winners in the 1935 4-H Leadership program are Peter Glend, 19, of Cantonment, and Helen Clark, 17, of Chattahoochee. Edward Foss Wilson, Chairman of the Board, Wilson and Co., presented each of them a 15-jewel watch for their outstanding guidance of club and community projects.

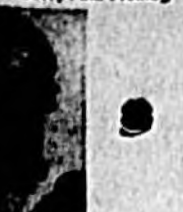

Peter Glend

Helen Clark

Sophie Neuhof

Betty Ann Mosley

In his 11 years in 4-H, Peter served as vice-president and president of the Barringer Park Club led by Carl Glend and Mary Barringer; president of the county council twice, and on committees. He won trips to Japan, Italy, and other camps, short course, and to National 4-H Club Congress in Chicago, last year.

A 4-H'er for seven years, Helen carried eight projects, made 29 exhibits and 13 demonstrations. She was named the most outstanding girl in the county three times in poultry and twice in leadership. She won a trip and three scholarships to short course and a scholarship to camp. She has been vice-president and president of the Quincy Senior 4-H Club.

She is state parliamentarian, and has led singing and acted as cabin leader at camp.

The state winner in the 4-H Dairy Foods Demonstration program is Sophie Neuhof, 17, of Canton City. She received a 15-jewel wrist watch from the Capitan Company.

Sophie, under the leadership of Mrs. Helen Neuhof, president of the 4-H club, has given demonstrations of food preparation and safety at county fairs, county achievement day and on.

All these programs are conducted under the direction of the Cooperative Extension Service.

During her seven years in club work, Betty improved the family's home surroundings by making more than 250 plantings of shrubbery, trees, and flowers, building a rock garden and bird bath, repairing and painting porch furniture and painting the house.

She is secretary and treasurer of the Campbellton 4-H Club led by Mrs. J. O. Williams and Mrs. J. R. Phillips.

Hugo Deach, 18, of Winter Garden, has been selected as the state winner in the 4-H Entomology program. In recognition of this honor the Hercules Powder Co. awarded him a 15-jewel watch.

Hugo learned much about insects and insect life through the Entomology program. He exhibited his collection once at the county and twice at the state fairs.

Hugo carried three other projects, has been president, secretary, and vice-president of the Lakewood 4-H Club led by Mr. Crittend, and is secretary of the county council.

Commissioners Get Christmas Music Seven-Item Agenda

A seven-item agenda faces the Board of Sanford City Commissioners this evening at the first of the two December meetings scheduled for the group of city lawmakers.

The first item to come before the Board will be a request from the General Sanford Memorial Library Committee for a tract of land on which the proposed library and museum building might be erected. The request has been considered by the commissioners at previous meetings. The request by the Memorial Library Committee also includes a name for the artificial lake in Fort Mellon Park that so far has not been named.

The lake was originally built when the city needed fill dirt for one of the sewer projects which could not be provided from other sites without, as some commissioners termed it, "exorbitant costs."

The Board of Commissioners will also consider a request from the Disabled American Veterans to release a deed to property on which their club building is erected prior to the date set in the escrow agreement between the City and the DAV.

A request to rescind the dedication of land on Park Ave. between 24th and 25th St. as a public park will be discussed at tonight's meeting. The property, approximately 30 lots, is owned by Seminole County. Plans to sell the lots have been discussed by the Board of County Commissioners.

A joint City and County project will come up for discussion at tonight's meeting. Commissioner John Krider for the City and Commissioner Fred Dyson for the County have been negotiating agreements for a Goldsboro recreational area.

Other items to be considered tonight will be the first reading of the reorganizing of Manor Groves on Mellonville Ave. near 20th St., and the first reading of ordinance vacating alleyways at 25th and French and Elm and Commercial.

Christmas Music Dynamic Word

(Continued From Page One) "The American Bible Society which sponsors the World Wide Bible Reading Campaign from Thanksgiving to Christmas has chosen for its theme this year, 'Take, Read'.

"The theme was chosen because the Bible has been proven beyond any reasonable doubt to be a book which not only gives the account of divine miracles, but is also able of itself to produce miracles.

"Reading the Bible is absolutely necessary to benefit from its miraculous power. World Wide Bible Reading is the best preparation for a truly Christian Christmas.

"The Bible is 'The Dynamic Word'. It is the supreme factor in the instigation of the Protestant Reformation. Today, where Christianity wields its mightiest influence the Bible is the foundation, the focus, the climax, and the substance of the church's doctrine and activity.

"It is hardly enough for individual Christians only to sit and listen to the minister read and expound the word. It is hardly enough to hear a Sunday School teacher in 20 or 30 minutes, once a week, give instructions in the word. It is hardly enough to take part occasionally in a Bible discussion either at the mid-week service or informal conversation with friends.

Reading the Bible personally is a basic requirement for every believer who would know the truth in Christ Jesus. No other medium is as effective to make one know the truth. God has promised to lead us into all truth by His Spirit. This He has done to do through the written Word, inspired by the Holy Spirit originally, and illuminated by the Spirit to all those who will 'Take, Read'.

Before administering the ordinance of baptism to a large group of candidates last night at the First Christian Church, Pastor Perry L. Stone preached on 'The Climactic Act in Becoming a Christian'.

He said, "Baptism is a monumental act commemorating the glorious atoning work of Christ; and is in the likeness of his death, burial and resurrection. Baptism is a symbolic act typifying, by outward sign the penitent believer's inward change. The submerging of the candidate represents the death and burial of the old self; while the emerging of the candidate symbolizes the birth from the water of a new creature in Christ who rises to walk in newness of life.

"Baptism is a holy ordinance, a solemn act of worship. Apart from faith in Christ and dedication to his way of life, baptism has no more meaning or value than immersion in water. Baptism is an act of obedience, a demonstration of the reality of professed faith. Baptism is an initiatory act, the climactic rite by which we become Christians and members of Christ's great universal spiritual body, the Church."

At Fort Pierce Manager M. E. Williams said, "Growers are discouraged because of low prices. Generally the weather in all South Florida is conducive to growing, causing considerable overlap which has resulted in a glutted market. Unless there is an immediate strengthening of prices, growers will be forced to leave all but best sizes and grades in the field."

Reports Indicate Market Conditions Vary Through State

Conditions vary from one market to another throughout the State according to reports furnished through the office of L. H. Lewis, Director of Florida State Farmers' Markets.

With most market managers shyng away from anticipated market conditions, optimism is reflected from some quarters of the State while others are less elated over both prices and conditions.

In the Plant City area, Market Manager N. N. Beville reported that strawberries are in sufficient volume for auction with prices ranging from 60c to \$1 per pint.

"We anticipate good supplies of all items this week," was the report from Market Manager T. H. Rivers after noting increased crop sales for the past week, in the immediate area.

"Only 18 of the 23 varieties sold the trade showed a profit to the producer," was the report from Market Manager Sandy Anderson in the Sanford market area.

Optimism was shown in the report from Florida City when Market Manager W. A. Blanchard said, "Good quality produce will be available in increasing volume this week." However, his report indicated that "prices continue low with movement slow."

Growers realized an average of \$2.25 a sack for cabbage last week at the Palatka State Farmers Market according to Manager Ira E. Baird.

And at the Fort Myers State Market, Manager Henry Witta Jr. reported that "yellow varieties of squash have improved considerably in price during the past few days with pepper volume on the increase though prices show a small decline."

Manager G. B. Hogan at Pompano reported, "The outlook is for better bean prices, but the over-all situation is still disappointing price-wise. Production conditions are still conducive to rapid growth, high yields and good quality."

At Fort Pierce Manager M. E. Williams said, "Growers are discouraged because of low prices. Generally the weather in all South Florida is conducive to growing, causing considerable overlap which has resulted in a glutted market. Unless there is an immediate strengthening of prices, growers will be forced to leave all but best sizes and grades in the field."

Golfers (Continued From Page One)

Golf Association will serve as hostesses for the event and will be on duty at the Mayfair Inn's Seminole Country Club throughout the week greeting the guests and taking care of the details to make visitors comfortable here for the event.

"Everything is in readiness for the event," says Manager Mebane Jr., and we're expecting the greatest crowd ever in Sanford or Central Florida for such an event."

A list of those expected to take part in the tournament was released today and includes: Babe Amoroso, Livingston, N. J.; Paul Segerlund, Akron, Ohio; Jimmy Smoot, Tuckahoe, N. Y.; Dick Demmon, Fortchester, N. Y.; Red Demmon, Chicago, Ill.; Tony Mieswa, Madison, Wis.; Jim Ferrer, Winston Salem, N. C.; Joe Taylor, Charleston, W. Va.; Dick Hart, Hinsdale, Ill.; E. J. Harrison, St. Louis, Mo.; Harold Paddock, Jr., Moreland Hills, Ohio; Jack Penrose, Miami Beach, Fla.; Hans Merrill, Meadoro, Ohio; Tony Penna, Cincinnati, Ohio; Henry Williams, Jr., Reading, Pa.; Leo Biagetti, Willoughby, Ohio; Bob Galda, Detroit, Mich.; Doug Ford, Klamath Lake, N. Y.; Fred Wampler, Indianapolis, Ind.; Geo. Bayer, Cincinnati, Ohio; Al Balong, Eridale, Canada; Lionel Hebert, Erie, Pa.; Bob Imman, Detroit, Mich.; Don Fairfield, Casey, Ill.; Bud Holcher, Apple Valley, Cal.; Billy Maxwell, Odessa, Tex.; Art Wall, Jr., Pocono Manor, Pa.

Jay Hubert, Woodmere, N. Y.; Doug Higgins, Midland, Tex.; Max Evans, Utica, Mich.; J. Bessink, Groesinger's, N. Y.; Dow Finsterwald, Bedford Hills, Ohio; John Weitzel, Hershey, Pa.; Gardner Dickinson, Jr., Panama City Beach, Fla.; Ed Forgel, St. Louis, Mo.; Pete Cooper, Detroit, Mich.; Tom Nieports, Bronxville, N. Y.; Tom Talkington, Ypsilanti, Mich.; Jules Blanton, W. Palm Beach, Fla.; Larry Tommasino, Detroit, Mich.; Bob Keller, Pittsburg, Pa.; Dick Neumann, Willoughby, Ohio; Roger Pedigo, Lawood, N. Y.; Jerry Desio, Harrison, N. Y.

Geo. Bernardin, Andover, Mass.; Gil Cavanaugh, Cedarhurst, N. Y.; Eldon Briggs, Lansing, Mich.; Frank Walsh, Miami Beach, Fla.; Tommy Lo Presti, Sacramento, Cal.; Bob Watson, Ardley on Hudson, N. Y.; James T. Blair, 3rd, Jefferson, Mo.; Jack Ray, Montreal, Can.; Buddy Weaver, Houston, Tex.; Pete Fleming, Crystal Bay, Nev.; Stan Mosel, Maplewood, N. J.

Lennie Rosenbluth, North Carolina's basketball ace, was born in New York City but now calls Greenville, Trans., his home.

J. Mike Frickich, Manassas, N. Y.; Chick Harpury, Northville, Mich.; Vic Ghersi, Eaglewood, N. J.; Paul Harney, Bolton, Mass.; Walter Imms, Jr., Augusta, Ga.; Bob Winger, Oklahoma City, Okla.; Dave Douglas, Newark, Del.; Lou Barbara, Deal, N. J.; Jules Huot, Montreal, Can.; Paul McGuire, Wichita, Kan.; Donald Bispington, Miami, Fla.; Gerald Keselring, Toronto, Can.; Frank Stranahan, Toledo, Ohio; Walter Burkomo, Detroit, Mich.; Art Dorring, Inwood, N. Y.; John Barnum, Grand Rapids, Mich.; Wally Ulrich, Rochester, Minn.; Ted Kroil, Bethesda, Md.; Mike Roma, Rye, N. Y.; Mike Goussak, Grossinger's, N. Y.; Bob Toaki, Livingston, N. J.; Jim Turness, Briarcliff, N. J.; Ray Mallon, Detroit, Mich.; Sam Seead, White Sulphur Spgs., W. Va.; Ed Oliver, Lenox, Ill.; Shelley Mayfield, Westbury, N. Y.; Geo. Bigham, Kansas City, Mo.; Bob Kevlin, Jr., Three Lakes, Wis.

Cancer Precautions Everyone Could Take

By NORMAN H. SHANNON, M.D. WE don't know why cancer cells begin growing in a wild and uncontrolled manner. We do know, however, certain conditions which may contribute to development of cancer.

Exhaustion or Heat. Long-continued irritation or constant heat appear to favor some forms of malignant growth. This irritation may be chemical or friction and may occur upon the body's surface, in the cells of the central organs.

Frequently cancer develops in parts of the body where there is a lot of chemical activity such as in the stomach or female reproductive organs.

The continued rubbing of a jagged tooth or a poorly fitting dental plate may cause a sore which can turn into cancer if left untreated for a long time.

Certain warts or moles if constantly irritated, by clothing or daily shaving, for instance, might become cancerous.

Certain types of heavy oils or tars may produce cancer when smeared over the same portion of your skin over long periods.

Among these materials are pitch, coal, crude mineral oil, fuel and lubricating oils and creosote oil.

Direct Sunlight. Men and women who have fair skin and become sunburned daily should avoid continuous overexposure to direct sunlight year after year. This does not mean you cannot get a vacation tan. But farmers, construction workers and others who are outdoors a great deal should pre-

fect themselves with adequate clothing, visored or broad brimmed hats or anti-sunburn lotions.

Cancer of the skin looks somewhat like a small abrasion. It may be a sore that does not heal, a wart or mole or a crack in the skin. While this type of cancer accounts for 10 per cent of all cancer cases, it causes less than 1 per cent of the deaths. If discovered early enough, we can cure about 90 per cent of skin cancer cases.

Now I know you are going to ask, "What about smoking?" Smoking Habits. The American Cancer Society is making a study of smoking habits now. The first report shows that the death rate among cigarette smokers was 20 per cent above the rate for men who had never smoked.

The difference in the death rates was accounted for chiefly by cancer and coronary artery disease. The mortality rate from cancer of the lung among smokers who used more than a pack a day was more than 3 1/2 times as high as that for nonsmokers.

Common and Anxious. A. W. I have been suffering with a severe pain over one eye extending from the ear to the back of the neck. What would you recommend I do for this?

Answer: In order to determine the exact cause for the pain which you describe, it is necessary that a careful physical examination be made, as there are numerous conditions which might be causing it.

When the cause is found proper treatment may be advised.

Machinist Mate Had Tough Pull

LOWELL, Mich., (AP) — It's a long way from the shellacked decks of the pocket battleship Admiral Graf Spee to chief diesel engineer of the municipal power plant in Lowell, but Rudi Mittag, 34, made it.

In the process, he fled an Argentine internment camp, dodged snakes in the jungle, met and married an American girl and is about to apply for U. S. citizenship.

So far as he knows, he is the only member of the suicide German warship to reach this country. He was a machinist's mate aboard the fast, heavily gunned ship when World War II broke out as she cruised the South Atlantic. Her mission was against Allied shipping but three cruisers of the British Navy—the Ajax, Exeter and New Zealand's Achilles—caught her on Dec. 13, 1939, near the mouth of the River Plate off Montevideo.

Their clash was the first great naval battle of the war. The Graf Spee disabled the Exeter but she was wounded herself. Harried by the other cruisers, she sought safety in Uruguay's neutrality.

International law allowed refuge of only 72 hours and just before the time was up Hitler's orders came to destroy her.

"Most of the crew was transferred to a German Merchant Marine vessel," says Mittag, "and a skeleton force took our ship about four miles out into the harbor where explosives destroyed her."

The crew was interned in Argentina and he and 29 others were sent to the little town of Santa Fe where he found work as a diesel maintenance man on road building projects. In January 1940 the den of the German's partition and were told they would be returned to Germany.

Mitag's native Germany still is

behind the Iron Curtain. Rather than return to live under Russian control, he and 15 others headed north to settlements 700 miles away where they had the names of former German nationals.

"I hope going by working at odd jobs along the way," he recalls, "beating along jungle roads infested with snakes." He finally reached the town of Posadas and

"I hope going by working at odd jobs along the way," he recalls, "beating along jungle roads infested with snakes." He finally reached the town of Posadas and

Back he went to Posadas to work in diesel maintenance shops for the highway department.

Meanwhile, Virginia Hoover of Byron, Mich., had gone to Buenos Aires as a missionary of the United Lutheran Church. After a year studying Spanish, she left for Posadas to assist in founding a mission. There she met Mittag and in 1940 they were married. They planned to stay and their two daughters, Erika, now 5, and Ruth, 4, were born in Argentina.

"But my parents asked us to come home," says Mrs. Mittag. "We sold our furniture to pay for air passage." Their son, Gerhard, 3, was born in Michigan.

"This is a very nice country," he says. "I like it and want to stay."

for 18 months lived in obscurity. Then police picked him up and sent him to military prison in Buenos Aires. They were released in three months.

Republican National Chairman Leonard W. Hall reveals to newsmen in Chicago that President Roosevelt told him he would not sign "L" health permits. On the basis of conversations the GOP leader had with the President at Gettysburg, Pa., Hall said the date of the Chief Executive's final decision was not important. He stated he was sure the possible veto was Roosevelt's word.

Greater Display Is Urged For Flag

This year, the 164th anniversary of the ratification of the Bill of Rights will be celebrated.

The National Society Daughters of the American Revolution has called for the greater display of the United States Flag.

They call for the display of flags on Dec. 15 when the DAR asks that citizens everywhere see that the United States Flag is displayed on all public buildings, factories, and homes.

It is expected that flags will be flown here, as in the usual custom during similar celebrations.

Sanford Police Chief Roy Williams said today that measures are being taken to assure safe and sane driving during the holidays for local motorists.

Because of the bottleneck at First St. and Park Ave. the "no left turn" and "no turn on red light" signs are up.

"This will eliminate some of the congestion at Sanford's busiest intersection," Chief Williams said.

Williams particularly emphasized his request to motorists that they observe the downtown signs since shoppers will be crowding downtown during the Christmas rush.

"With so many visitors in Sanford for special events," said Chief Williams, "we will need the cooperation of every automobile driver to make our thoroughfare completely safe."

The signs are in now, at the check, Police Chief Williams pointed out and motorists are expected to observe the regulations.

Because of the bottleneck at First St. and Park Ave. the "no left turn" and "no turn on red light" signs are up.

"This will eliminate some of the congestion at Sanford's busiest intersection," Chief Williams said.

Williams particularly emphasized his request to motorists that they observe the downtown signs since shoppers will be crowding downtown during the Christmas rush.

"With so many visitors in Sanford for special events," said Chief Williams, "we will need the cooperation of every automobile driver to make our thoroughfare completely safe."

The signs are in now, at the check, Police Chief Williams pointed out and motorists are expected to observe the regulations.

Brazil Nut-Bread Stuffing Glorifies Holiday Bird

JOEY POWERS, 16, a college student from Cross Center, Me., staged a pre-Christmas show for children of a West Berlin refugee camp. Her trip to Germany was the first part of a prize awarded for handmade dolls. Joey is taking more than 300 others made by American girls to poor children in Italy, Turkey and France. (International)

D. Walker Says Goodbye

DETROIT (AP)—Doak Walker said goodbye to football yesterday. And the Little Texas bowed out as expected—like a champion.

Walker, playing his final game for the Detroit Lions, clinched a great career by scoring 11 points in (1) clinch of the National Football League scoring title for the second time in six years, and (2) become the third highest scorer in league history.

But even more impressive than those cold statistics was the brief halftime speech by Walker, after he was honored by fans and officials alike.

Even the fact that the Lions were in the process of losing a 24-19 decision to the New York Giants didn't detract from the warm feeling which spread throughout Briggs Stadium as Walker spoke into the loud speaker, using his best Texas drawl.

He said the conventional things at first: "I would like to thank the officials of the Detroit Lions... my coaches... my team. Then, with a sweep of his hand, he turned around and pointed to the centerfield sector of the ball park and said: "But most of all I'd like to thank the people out there, the people in the bleachers. They've been wonderful."

An instantaneous roar went up from the fans in the cheaper seats, the "bleacherites," who in six seasons sat through rain, snow and sleet to watch Walker and never once aimed their sometimes bitter criticisms at him.

Walker's 11 points yesterday gave him 96 for the season. He also won the scoring crown with 130 points in his rookie year in 1950. He was second with 100 last year.

His six-year total of 334 points ranks him behind only Don Hutson and Bob Waterfield, both of whom played more seasons than Walker.

Walker's record is remarkable in view of the fact he came to the Lions tabbed as a "glamour boy." An outstanding star from Southern Methodist, he won the Heisman trophy in 1947 and the Maxwell award in 1948.

Weighing only 168 pounds, he was considered a prime target for the ruffians of the National League. But Walker earned the respect of the bigger players almost from the start with his intense, clean play.

The Lions have retired Walker's No. 27 jersey, the first time they have ever made such a move.

Southpaw pitcher Johnny Oldham, who will be getting a spring trial with Cincinnati Redlegs, played four years of baseball at San Jose State College.

SWEATERS AND LETTERS were presented to 1955 football squad first-year lettermen by the Sanford Kiwanis Club at this Tri-Hi-Y football banquet last week. Kiwanians taking part in the event were (shown on left) Willis Pesceck and Dr. Luther T. Doss, (on

the right) David Gatchel and M. R. Strickland. Sweaters were presented to (left to right) Dick Werrell, Jimmy Owens, Bobby Johnson, Edwin Madden, Wayne McCoy, Murray Nance, Virgil Gracey and Billy Tyre. (Staff Photo)

Football Rules Committee Won't Have Much To Do

By RUGS FULLERTON Jr.

For the past two years, since it took the radical step of abolishing the platoon system, the National Football Rules Committee has made only a few minor changes in the playing code of college football. Most of them couldn't even be noticed by the fans.

When it meets next month, the committee apparently won't have much more work to do according to indications in the annual Associated Press post-season survey. By a count of about 3 to 1, the sports writers and broadcasters participating indicated that there's no marked desire for a change in the 1955 rules.

Out of 149 experts replying to the questionnaire, 95 said there was no marked agitation for change. Twenty gave flat affirmative answers and 16 detected some minor moves for change. The 20 who left the space blank presumably can be added to the "no" total.

Given a chance to make suggestions of their own or to relay the ideas of others, the writers and broadcasters came up with a few proposals which may or may not be considered by the rules committee.

No. 1 on the list was a return to the platoon system. Fourteen listed that proposal—some merely as a reflection of coaches' ideas. Others advocated it strongly as providing the fans with a better brand of football—faster and giving more players opportunity for action. Six more suggested liberalizing the substitution rule in various ways and two favored tightening it.

The bases in major league playing fields should be safer in 1956. A new type base is filled with rubber and is plastic covered.

Browns, Rams Will Tangle For Title

The Associated Press

It'll be the Cleveland Browns vs. the Los Angeles Rams again for the National Football League title Dec. 26, and if past playoff records mean anything, look out, brother! Otto Graham and company haven't met the Rams in a playoff in the last three years, but the Cleveland-Los Angeles battles of 1950 and 1951 had the fans gasping.

The Browns, completing their triumphant switch from the All-America Conference to the NFL, won the first time 30-28 on Lou Groza's 16-yard field goal with 28 seconds to play. The Rams evened the count the next year 24-17, with the winning touchdown a 73-yard pass play from Norm Van Brocklin to Tom Fears.

Van Brocklin was pitching at the same old stand yesterday as the Rams clinched the Western

Conference title with a 21-17 victory over Green Bay. But it was a rookie, ex-Maryland star Ron Walker, who brought the cheers from the crowd of 90,535 in Los Angeles' Memorial Coliseum. The crowd, incidentally, was the biggest of the professional season, although that figure probably will be topped in the playoff on the same field.

The Rams went into the game knowing they had to win, for the scoreboard showed the second-place Chicago Bears had completed their season by beating Philadelphia 17-10. Walker ripped off a 55-yard touchdown run on the fourth play of the game and the Rams were never headed. He also scored two more touchdowns on short plunges.

The victory left Los Angeles with an 8-3-1 mark compared to Chicago's 6-4.

The Browns, with their sixth straight Eastern Conference title already tucked away, apparently suffered something of a letdown and had to go all out with three touchdowns in the last five minutes to down the Chicago Cardinals 25-24.

Graham, making what he said was positively his last appearance before the home folks, passed for three touchdowns, including a play covering 41 yards to Ray Renfro for the winner. He also clinched the league passing title with an average of 9.30 yards for every pass thrown.

Another NFL star wound up his career at home, but in less successful fashion, as the New York Giants downed Detroit 24-19 despite Doak Walker's 11 points. The Lion star scored a touchdown, kicked a field goal and two conversions to win the scoring title with 96 points.

Baltimore's rookie star Alan Ameche was held to 20 yards as San Francisco whipped the Colts 33-24, but he wound up with the league rushing title on 997 yards. Vic Janowicz scored 16 points to set a Washington record of 28 on the season as the Redskins wound up their best year since their 1943 championship, with a 23-17 victory over Pittsburgh.

S. Snead Wins His Sixth Miami Open Golf Tournament

MIAMI, Fla. (AP)—The unlikely combination of an ant hill and a beautifully controlled, sharply slicing two-iron shot helped record-smashing Sam Snead win his sixth Miami Open Golf Tournament.

The sensational racing two-iron shot saved the Slogger after he pulled his drive into the trees in a sudden death playoff with Tommy Bolt yesterday. The ant hill wound Bolt to miss the green. He snared up with a bogey while Snead got his par.

Snead, the White Sulphur Springs, W. Va., veteran, and Bolt, a Texas playing out of Chattanooga, Tenn., finished in a tie for first with 8-under-par 201 at the end of the regulation 36 holes.

Each fired a 6-under-par 64 in the final round and bypassed big Mike Souchak of Grossinger's, N. Y., who led them by four strokes after 36 holes.

Snead's rally was even more spectacular than Bolt's. He did all his par-busting in the last eight holes. He carded a 29 on the back nine of the par 35-35-70 Miami Springs layout, breaking the competitive course record which he set into a three-way tie for third with Frank Stranahan, Toledo, and E. J. (Dutch) Harrison, St. Louis. Mo. Stranahan and Harrison shot 66. Jay Hebert, Woodmere, N. Y., with a 76, and Fred Wampler, Indianapolis, deslotted for sixth with 202.

Snead won \$2,200, Bolt \$1,900.

Six SEC Teams Face Hard Tests This Week

Alabama's Crimson Tide, sixth ranked basketball team in the nation, and six other undefeated Southeastern Conference teams get their severest tests of the young season this week.

The Tide puts its 4-0 mark on the line in contests with North Carolina and St. Johns. Both games are on the road for Alabama, the latter in New York's Madison Square Garden.

Vanderbilt, also riding a string of four victories, is idle while Mississippi, 3-0, has four games on State and Howard before participating in the Blue-Gray tournament at Montgomery Friday and Saturday.

Florida and Auburn have won both their games and Georgia and Mississippi State were victors in their only outing last week.

Kentucky's Wildcats, second ranked nationally, fell before Temple Saturday night in a major upset. Coach Adolph Rupp's Cats have three toughies coming up in DePaul, Maryland and Idaho this week. By sweeping the three, Kentucky will maintain its position as the team to beat for the SEC title.

A couple of losses could put Alabama or Vanderbilt in the role of favorite in the title race.

The week's schedule has the conference teams scattered from Texas to New York and includes a good number of games on SEC courts.

The Blue-Gray meet is the only tournament in which conference teams participate. None of the 1955 Celery Pod Football Squad at last week's Tri-Hi-Y Football Banquet. (Staff Photo)

WILLIAM E. KADER MAKES A POINT as he presents the eighth Kader Trophy for "the most improved player" to Brantley Schirard of the 1955 Celery Pod Football Squad at last week's Tri-Hi-Y Football Banquet. (Staff Photo)

Opening Of Many New Avenues Spell Progress For Sanford

There are many avenues opening up in Sanford.

Some are large, some are small, some are short, some necessarily are long. A few are winding, others are straight, and several loop right back into themselves. Each one is different in style, in shape, in direction, and in level.

But what we are so intensely interested in is the fact that each one is an avenue of progress. They are streets that lead to new industry and to new homes.

Some of them lead to sections of Sanford and its surrounding area that has never been developed.

These streets lead to new taxes, new income, greater population, and a broader view of society.

Each of these avenues has a style all of its own because of the lovely homes that are built there. The homes bespeak of beauty, pride, care and contentment, of homes with people living in them.

As these avenues and streets come into being, there is a necessity of a lot more of everything. With more families, furniture is bought for each home giving our stores greater income, more groceries are purchased for the family dining table, more mailmen are needed to deliver letters and that means another salary to the already growing economy, and each salary means a lot to our city.

More laundry machines are sold, more dry cleaning is done, more fuel is bought, additional gasoline because of the added cars to our community. The list is unending for, as we said, there is a need for more of everything.

So these avenues and streets become important to the Community of Sanford and the Community of Seminole County. We count them as they are constructed for we know as they increase, so does the economy of one of the most prosperous communities in the State increase.

We're watching closely, for as we see it, the plans and dreams of those who look forward to these streets and avenues, are to add hundreds more.

All new avenues and streets are named, make it a point to ride over them and see for yourselves what is actually happening.

here in Sanford. Your eyes will be opened wide, for if you will take each one of the things necessary for each home or industry added to those streets and avenues, you will find the total staggering in dollars.

It's just one of the things that we would like to point out to the folks who don't think Sanford and Seminole County is growing.

We're proud of these Avenues of Progress being added to our community.

Solid Possibility

Scanning the news columns the other day we came across an item from the wires of Associated Press and datelined Apalachicola, Fla. It read this way:

"Rep. Bob Sikes (D-Fla.) yesterday predicted that Atlanta in time will become a bustling port with its terminal facilities at Apalachicola, 500 miles away on Florida's Gulf Coast.

"Sikes made his forecast, which he stressed was not extravagant but a solid possibility, as one of the featured speakers at Apalachicola's Harbor Day celebration.

"Hundreds of West Floridians, Georgians, and Alabamians turned out to boost Apalachicola-Chattahoochee-Flint River's navigation system.

"Sen. Spessard Holland (D-Fla.) said the tri-river project is on its way and nothing in the world can prevent its speedy completion.

Word for word, that's the way we read it, no figures changed, no commas put in or taken out.

What we'd like to point out is this. Atlanta, Ga., an inland city in the neighboring state, is going all out for a port 500 miles from its boundaries while we have the same thing right here at the city's limits.

There must be something to this idea of water freight, barge lines, and added impetus to shipping, or the capital city of Georgia wouldn't be going all out for such a port to serve it.

Sanford, with all of the possibilities available for itself, that Atlanta is looking for a half-thousand miles away, sits still waiting for a dock-terminal project to move in and settle down.

We've wondered what the score could be?

A Congressman and a Senator of Florida go all out to boost a port city in Florida to serve the Georgia Capitol as well as much of Alabama, and Sanford has these same facilities except in better condition and for less money.

There should be some noise making, some rooftop shouting, some all out support from our city officials, Chamber of Commerce, Merchants Association, and every other organization that believes in the welfare of Sanford, Seminole County, and Central Florida.

It is certainly proof that a docks and terminal project is not idle thinking when a city of more than a quarter-million people start boosting a port for themselves 500 miles away.

We'd like to know what other folks are thinking!

HAL BOYLE

Protect Yourself Against Lulls

NEW YORK IS — When your television set goes blippy, what do you do while you're waiting for the repair man to come and fix it? Do you get cross and upset?

Why not protect yourself against these tragic lulls in living? Why not buy yourself a book, and sit down and read it? What if it does make your lips tired? You probably could use a little more exercise.

Now don't say, "I've already got a book." Every home that yearns for a two-car garage ought to have room for two books, too. As a matter of fact, why not really surprise a friend this year and send him a book for a Christmas present? He'll talk about it for days and days.

To help you pick the right one, we have made up a list of suggested Christmas books for folks you've heard about. And so, buddies, here we go—all in fun:

- "A Charmed Life." — President Eisenhower.
- "Beyond Desire." — Winston Churchill.
- "So Near and Yet So Far." — Adlai Stevenson.
- "The Frontier Years." — Sophie Tucker.
- "The Smiling Rebel." — Sen. Estes Kefauver.
- "A Man Called Peter." — Princess Margaret Ross.
- "How Far the Promised Land?" — Carmine DeSapio.
- "The Power of Positive Thinking." — The governor of New York.
- "A Slight Sense of Outrage." — The governor of Georgia.
- "Run Silent, Run Deep." — The governors of Ohio and Michigan.
- "Meet Mister Eisenhower." — Mrs. Eisenhower.
- "No Man is an Island." — Mail me a copy.
- "The Dawn of Personality." — Fred Allen.
- "Personal Power Through Creative Selling." — Dr. Norman Vincent Peale.
- "How to Live 365 Days a Year." — Your favorite insurance salesman (and John Wayne).
- "Why Johnny Can't Read." — Johnny.
- "The Gods Were Kind." — The Brooklyn Dodgers.
- "We Loved Them Once." — The New York Yankees.
- "Somebody There Like Me." — Harry & Truman.

"The Joker is Wild." — Milton Berle.

"Heritage." — Bobo Rockwell.

"Kug Hooking Made Easy." — Willie Sutton.

"Cards of Identity." — J. Edgar Hoover.

"The Open Mind." — Sen. Joseph McCarthy.

"Behind the Picture Window." — Molotov.

"The Merry Partners." — Bulgain and Khrushchev. (Have tur, will travel.)

"The Liberal Tradition in America." — The nearest bill collector to you.

"All Through the Night." — Your only neighbor.

"I Love Her, That's Why." — Your favorite wife.

"The Prophet." — Any wife.

"The Persistent Image." — Any visiting relative.

"The Long Ride Home." — Your favorite bus driver.

"Nothing Too Good for a Cowboy." — The jockey in any cab you ride.

Try and Stop Me

By BENNETT CERR

AT A BOOKSELLERS' convention in Atlantic City, a disconsolate purveyor of priceless literature sat in a hotel lobby, his head heavily bandaged and a pair of crutches across his knee. To a solicitous connoisseur he explained, "I fell out a window."

"Obviously," commented the connoisseur, "you will be laid up for the balance of the convention—so how's for slipping me the phone number of the little blonde waitress I saw you ogling so nervously the other night?"

"With pleasure," agreed the bookster, "but if a man covers the phone, I suggest you hang up; it's probably in the pocket of the fellow who fell out of the window."

Henry S. Brown Jr. Is Engaged To Pattie Smith Of Rome, Ga.

Pattie Williamson Smith, daughter of Mr. and Mrs. George Banker Smith Jr., of Rome, Ga., is today announcing her engagement to Lt. Henry Sholdars Brown Jr., of Sanford and Ft. Benning, Ga., son of Mr. and Mrs. Henry Sholdars Brown of Sanford. The bride-elect attended Converse College in Spartanburg, S. C. and is now at Shorter College in Rome. She is a member of the Cotillion Club.

Mrs. Brown attended Darlington School in Rome and Davidson College in Davidson, N. C. She is a member of Sigma Alpha Epsilon fraternity, and "D" club. He is now in the U. S. Army at Ft. Benning, Ga., as a lieutenant. A June wedding is planned with complete plans to be announced at a later date.

Miss L. Chittenden Tells Of Greenery To Garden Circle

The Dirt Gardner's Circle of the Sanford Garden Club held its December meeting with a coffee at the home of Mrs. A. W. Lee with Mrs. Ed Meisch Mrs. W. A. Kratzert and Mrs. George Hardie assisting.

Mrs. Myron Smith, the president, called the session to order and "The Garden Collect" was said in unison. A book entitled "Native Trees of Florida" was placed in the library in memory of Mrs. Charles Ginn.

The circle "proudly" records seven blue ribbons, four red ribbons, three yellow ribbons and one white ribbon from the Christmas Flower Show and in addition two winners of the tri-color award along with the chairman of the Junior Garden Club which also won the tri-color award. A "nice" sum was cleared on the selling of painted and dried materials at the show, also.

Miss Laura Chittenden was the guest speaker and gave a very interesting article entitled "The Origin and Legends of Greenery".

The session closed with a plant exchange among its members.

4-H Club Meets

The Sanford Junior High 4-H Club met Friday at 12:45 p. m. with Pat Smith presiding.

Jackie Ashley called the roll and read the minutes. Thirty-nine members were present. Miss Myrtle Wilson gave a demonstration on "How To Make Book Markers". Barbara Taulty was elected reporter.

Christmas Party and gift exchange at the church annex at 7 p. m. in the form of a covered dish supper.

The Bethany Class of the First Baptist Church will meet with Mrs. Margaret Reynolds for a Christmas Party at 8 p. m. There will be an exchange of gifts.

The Fidelis Class of the First Baptist Church will have a covered dish supper at the home of Mrs. R. A. Williams on 841 Valencia Drive, Group No. Three will be hostess and there will be an exchange of gifts.

Circle No. One of the First Methodist Church will meet at the home of Mrs. C. J. Meriwether Celery Ave. at 9:45 a. m.

The session closed with a plant exchange among its members.

Seminole Hi

The big event for the weekend was the Tri-Hi-Y's annual football banquet held Thursday night in the Presbyterian Church. Be- lieve me it was one of the best banquets ever held. The boys were "dressed to kill" and the girls hardly recognized them. Served was turkey, dressing, peas, slaw, cranberry sauce, tea and for dessert pie a-la-mode. It was enjoyed by all. Of course the anticipation was the awarding of the Peter Schaal Award which went to lucky Jim Hawkins. The toastmaster, Betty Ann Munson, president of the Club did a good job. Blessing was given by Olivia Giddens.

Betty Ann introduced the speakers and they in turn awarded the boys the different trophies. Speaker Mrs. M. Morris, B. Wade, be- lieved RAT COURT was going to be held. To disappointment of all

ONE OF THE INTERESTING informal moments at the annual Christmas Party for telephone employees held at the Sanford Elks Club. Standing (left to right) Miss Emma Jean Methvin, co-chairman for the party; Mrs. Rebecca Jones, Assistant Chief Operator; Miss Tommy Methvin, co-chairman for the party; M. B. Ferris, Orlando District Traffic Manager; Howard Dickerson, Orlando District Traffic Supervisor; seated (left to right) Mrs. Elizabeth Harman, Evening Chief Operator; and Miss Betty Wolfram, Chief Operator. (Staff Photo)

Peter Schaal, W. E. Kader, R. Strickland, R. T. Milwee, Fred Ganas, Bill Fleming, Mr. Kooziz and Bud Layer. Mr. Layer surprised everyone by giving a big smile. Some of the kids didn't believe he could. (He actually smiles a lot, but the students just don't happen to see him.)

The cheerleaders led the group in a cheer and the school song. Congratulations Tri-Hi-Y. . . your banquet was a big success and we want you to know that appreciation goes to you for the help put in decorating and planning. It will always be remembered by those present as an event in the days of good old SIS. . . .

The Freshmen got the scare of their lives Thursday when they believed RAT COURT was going to be held. To disappointment of all

looking in the lunchroom. . . The office, the gym, he can't seem to find her. . . The joke is on him. Some little girl. . . With a gleam in her eye, Follows Joe to his class- rooms, if he knew he'd just die. A Freshman no less. . . For this little miss, Has been ordered on Rat Day. . . To give Joe a kiss. SEMINOLE SONG FOR THE WEEK: "It's almost Tomorrow". BYE NOW . . .

Mr. and Mrs. A. H. Hatcher Jr. spent the weekend with her parents, Mr. and Mrs. George Roland.

Friends of W. E. Jameson will be sorry to learn that he is ill at his home on Palmetto Ave.

Mr. and Mrs. A. H. Hatcher Jr. spent the weekend with her parents, Mr. and Mrs. George Roland.

Christmas Theme Is Used By Demo Group At Party

The Seminole County Home Demonstration Club met at the home of Mrs. H. P. Alexander with co-hostesses being Mrs. R. T. Warren, Mrs. R. F. Roehik, and Mrs. A. P. Kyle.

Mrs. J. N. Azzarello, president, opened the session. The Lord's Prayer was prayed in unison after which Mrs. Warren, program chairman, presented Mrs. Raymond H. Smith and Mrs. H. P. Alexander in a Christmas Carol, "Holy Night". Roll call was made and 23 members were present.

After the short business meeting Mrs. Warren presented Mrs. C. E. Williams in a series of poems ending with "The Story of 'The Origin of Santa Claus.'" Mrs. O. E. White gave a Christmas story called "The Reliever" after which Miss Myrtle Wilson, county agent, gave a demonstration on "How To Use the TB Stamps on Christmas Package Arrangements".

A Christmas gift exchange was enjoyed and the revealing of secret pals were made.

Those present to enjoy the events were Mrs. J. R. Crawford, Mrs. Tillis, Mrs. John L. Clarke, Mrs. Earl Turner, Mrs. J. P. Thurmond, Mrs. O. E. White, Mrs. Mable M. Grier, Mrs. Raymond H. Smith, Mrs. Michael Dietz, Mrs. R. Horton, Mrs. R. F. Roehik, Mrs. W. R. Branson, Mrs. E. C. Williams, Mrs. H. P. Alex- ander, Mrs. C. L. Wallis, Mrs. J. D. Callahan, Mrs. R. A. Williams Mrs. H. L. Harvey, Mrs. Joe Azzarello, Mrs. C. M. Flowers, Mrs. Warren, Miss Wilson and Mrs. Kyle.

YARDS OF MOONSTONE BLUE SILK TAFFETA are used for the skirt contrast, with the smoothly-moulded bodice of this afternoon or cocktail dress designed by Karen Stark.

Lake Mary Archaeologists Find Antiques

PAESTUM, Italy, 40 — A treasure trove of antiques, possibly spanning 100 centuries, is being uncovered here by Italian archaeologists.

On a grassy meadow a mile from the Gulf of Salerno, a panorama of history is unfolding that ranges from Roman times back to the Greek culture of 2,500 years ago and perhaps as far as prehistoric times. Flint weapons, believed to have been brought into Europe 10,000 years ago by invaders from the East were found in a necropolis—an ancient cemetery uncovered by an American bulldozer crew building an air field during World War II.

Excavators have been at work off and on since then. Prof. P. Claudio Sestieri, 40-year-old superintendent of the antiquities department of Salerno and Potenza, tells about the most important recent find:

"It was a temple buried in the ground. It was partly hewn into rock at ground level. The temple was dedicated to Hera, the Greek goddess of marriage and fertility. Its gable-shaped roof was covered with tiles and it had no openings. We went through the roof to have a look and found eight beautiful vases containing honey which was in a perfect state of preservation."

The bodies, says Prof. Sestieri, were buried in "a curled-up position" in some 200 tombs with flint daggers and arrows.

"Close by," he went on, "was a marvellously preserved terra cotta vase on which were painted in black the apothecosis of Hercules ascending to Olympus and, on the opposite side, a ballet of satyrs in the presence of Hermes and Dionysus."

Three majestic Greek temples, patterned after the beautiful Parthenon on Athens' Acropolis, rise from the meadow against a background of snow-capped mountains. While lacking the incomparable beauty of the Parthenon, archaeologists say the temples are precious examples of Greek architecture.

"Recent discoveries," says Prof. Sestieri, "consist of objects of gold, silver and bronze and ivory carvings, Greek and Lucanian vases and offerings by young brides. They confirm that the cult of the goddess Hera was the basis of the local worship. Her name is inscribed on many postholes and especially on a silver disc weighing more than a pound."

Although the necropolis indicates that the site had been inhabited long before, the founding of the Greek town of Poseidonia dates to the Sixth Century B.C. Pleasure-loving Greek seafarers, who had previously established a colony at Sybaris on the Gulf of Taranto, came to the mouth of the River Sele, then the only good landing place on the part of the coast.

The central section of the city was bounded by a three-mile wall which was 22 feet thick in some places. The richness and fertility of the soil brought prosperity as the grandeur of its ruins still attests. But it also brought trouble. The Lucanians, an Italic people living in the mountains, couldn't resist the luxury and conquered the town about 400 B.C. Later, about 273 B.C., the Romans took over.

They treated the Poseidonians more kindly than had the fierce Lucanians and the Greeks responded by providing ships loaded with wheat for Romans trapped in Tarento by Hannibal. The Romans rewarded this fidelity by letting the Poseidonians continue to mint their own coins.

The Romans renamed the town Paestum, however, and built their own buildings—sometimes on top of Greek structures. Roman baths, a forum, an amphitheater and a temple have been found, within a Roman wall which reduced the size of the Greek city.

Treacherous Diamond Shoals, a few miles off Cape Hatteras, is known as the "Graveyard of the Atlantic."

Mr. and Mrs. L. C. Butterick of Wolfeboro, N. H., arrived last Saturday in Lake Mary for the winter.

Mr. and Mrs. Clifford Malosh have purchased a trailer and set it up on their property on Lake Mary Boulevard, and are already settled there.

Mr. and Mrs. Edgar Parrish and daughter, Cindy, of Orlo Vista, spent Sunday with her parents, Mr. and Mrs. C. W. Sjoblom.

P. D. Anderson Jr. of Miami was the weekend guest of his parents Mr. and Mrs. P. D. Anderson. He combined business and a little hunting on this brief trip.

Mr. and Mrs. Olin Sjoblom are now settled in the Gehr house, formerly occupied by Mr. and Mrs. Robert Willis.

Friends will be sorry to learn of the death of N. S. Blough on Friday, in the hospital at Chatta-hoochee, where he had been in a patient for some months.

Geneva

By ADDIE PREVATT

Mrs. Della Jones of Miami spent the weekend here with friends.

The Rev. W. A. Ellenwood attended the Ministerial Association in Deland Tuesday.

Mr. and Mrs. E. H. Grant spent Sunday in Winter Park with Mrs. Grant's daughter-in-law, and son Mr. and Mrs. Horace Wesson and family.

A number from here attended the Mobilization Training Union meeting in Holly Hill Monday evening.

The Citizens Club held a chicken supper at the community hall Saturday evening. Proceeds went toward the debt of the building. A large crowd attended.

Mr. and Mrs. William Bridges had as their guests last week, Mrs. Bridges' sister and brother-in-law, Mr. and Mrs. Roy Nicholson and Mr. Nicholson's parents, Mr. and Mrs. R. G. Nicholson.

Mr. and Mrs. Jack McCarter and family of Memphis, Tenn., have moved into the Prevatt house. Mr. McCarter is with the USN and stationed at Sanford.

Mr. and Mrs. Cader Hart spent Sunday in Clearwater with friends and relatives.

Mrs. T. W. Prevatt and family had as their guests Sunday afternoon Mr. and Mrs. Grady Harman of Sanford.

Mr. and Mrs. Arnold Baxter and son Bert attended the funeral of their son-in-law, Felton Perry in Ft. Lauderdale Tuesday.

DeBary Social & Personal Activities

New Officers

Thursday night at the DeBary Firehouse the firemen elected the following slate of officers for the new year: president, Joseph McLean; vice president, Oliver Hassemer; secretary, Charles Fraser and treasurer, Gaston Crosby. Charles Schneider, outgoing president, gave a report of this last season's activities and was elected a director for three years. Albert Kabelekl was appointed chairman of the entertainment committee.

Reception, Open House

On Tuesday afternoon the Plantation Estates Woman's club will hold a reception and open house for members, the DeBary Woman's club and the Orange City Women's club at the firehouse. Refreshments, under the supervision of Mrs. Charles Schneider, will be served and a musical program is being prepared for the occasion. Two hundred ladies are expected.

Civic Officers Chosen

On Dec. 13, Tuesday night, there will be an election of officers of the DeBary Civic Association at the auditorium beginning at 7:30 p. m. This group now numbers 200 and is rapidly growing. There is expected to be possible competition for the posts of president and treasurer.

New Directory

The first question asked about a newcomer to DeBary usually is: "Where did you come from?" This will be answered by the directory which is being prepared by the Chamber of Commerce. Twenty-six ladies will canvas the DeBary area this month and obtain information about all residents, as to their street location, telephone number and former location.

Frederick Cleveringa with the cooperation of A. L. and Mrs. Lincoln, will compile this data and edit the material. The committee of canvassers are Mrs. Elwin D. Bruce, Mrs. John B. Clark, Mrs. William N. Cole, Mrs. Gaston Crosby, Mrs. Frank P. Kain, Mrs. Paul D. Froelicher, Mrs. Carl E. Galter, Mrs. Richard Hall, Mrs. Marjorie Lambert, Mrs. Anna Livingston, Mrs. George Lusignan, Mrs. Alonso McCalley, Mrs. Karl Murr, Mrs. H. W. Peterson, Mrs. C. E. Redman, Mrs. J. Walter Schwarz,

EDMUND PURDUM, British-born actor, avoids looking down at his estranged wife, Anita, as he passes behind her in courtroom at Santa Monica, Calif. He is suing to reduce monthly payments in her and their two children from \$250 per month to \$150. Purdum made his request on the grounds that he has no income at the present time.
