### **Okaloosa Schools Ordered Mixed**

CRESTVIEW (UPI) -Schools in Okaloosa County where federal employes' children attend were to be desegregated in September following a meeting of the school board with federal officials Monday.

The county school board agreed to permit 28 Negroes to attend white schools in September after a meeting with Department of Justice and Health, Education and Welfare officials. The Negroes are children of servicemen or employes living at Eglin Air Force Base. The decision does not affect other Negroes.

This would be the second major desegregation in Flor-Ida's Northwest Panhandle with Pensacola, 57 miles to the east, having integrated its schools last year. There were

no incidents. All Eglin children-including whites - were scheduled to come under a plan for placement in integrated schools, the board said. There are about 6,000 Eglin children of which

7.6 per cent are Negro. The government's request was complied with, the board said, because funds are recelved from Washington to help schools here due to the influx of federal employes' children. The board said even if the county rejected future financial aid, the government had indicated it would sue for \$5.5 million already granted the county.

### **Bridge Club** To Sponsor **Lesson Series**

By Mrs. Adam Muller The DeBary Duplicate Bridge Club will aponsor & series of lessons in Contract Bridge to be held at 11 a. m. for six consecutive Tuesdays beginning next week, at the Community Center. Instructor will be Mrs. F. J.

Niven of Daytona Beach. Registrations for the lessons are still being accepted and interested persons are asked to call Mrs. Henry Morrison, Miss Ethel Johnson or Howard Middleton of De-Bary.

Those attending are also invited to remain for the regular I p. m. playing sessions of the club, however this is not a requirement in order to attend the lessons.

### Strontium 90 **Amounts Small**

WASHINGTON (UPI) Even 19-year-old boys, the nation's heaviest eaters, are consuming only tiny smounts of strontium 80 despite continued nuclear weapons tests.

Based on studies of "market basket" samples taken in Atlanta, Minneapolis, San Francisco, St. Louis and Washingion, the Food and Drug Administration said that age group still was consuming in its food only a fraction of the maximum amount of stron-

tium 90 considered safe. An PDA spokesman said the food samples actually contained about twice as much strontium 90 as was consumed. Half of the radioactive materlal was discarded in peelings, bones and other waste mater-

## Session Opens Here Monday

The spring term of the grand jury will be called into session at 9 a. m. Monday with indications that the state will probe charges against four men who have been accused of falsifying the pound-solid content of oranges from a citrus

State's Attorney Arthur Steed today refused to divulge what the grand jury will investigate-all that he would say was that it will convene at 9 a. m.

The state had contended that the four men-two state inspectors and two fruit brokers-had falsified content by as much as two pounds a box on oranges sold to the Hi-Acres Company of Forest City.

The state had said the contents were falsified in favor of the brokers.

The men charged were state fruit inspectors Billie I. Hammond and Albert T. Hall and fruit brokers C. R. Lowdermilk and Ralph Alderman, Company owner Charles Bradshaw had estimated his firm lost more than \$200,000 in the past two years in the alleged scheme,

## Mrs. S. E. Norwood Honored By Elder Springs HD Club

By Mrs. H. L. Johnson Mrs. S. E. Norwood of Lake Monroe was pleasantly surprised on her 90th birthday, recently, when the Elder Springs Home Demonstration Club honored her with a party

Her children and their famllies had all gathered for a family dinner a few days previous to the party, and she had no idea any other celebration was planned.

"Granny" as she is known to her family and friends, was overwhelmed by the surprise when the guests started arriving. She received many nice gifts from the 60 or more who came to wish her many more happy returns of the day, between the appointed hours of 2 to 6 p.m.

Lime sherbet punch and birthday cake were served from a table overlaid with a luce cloth.

Mrs. Norwood was born near Sweetwater, Tenn., and moved to Texas with her parents at the age of nine. Her father was \* Methodist Circuit Minister and her mother was a doctor. When she married Mr. Norwood they came to Lake Monroe in 1926.

She has four children and several grandchildren am d great-grandchildren. The children are Dorus Norwood. Gaineaville: Mrs. J. H. Tindal and Miss Norine Norwood, Lake Monroe, and Mrs. Earnest Hamilton, Enterprise.

MRS. S. E. NORWOOD, left, with one of her many gifts at the surprise party given by the Elder Springs Home Demonstration Club. At right is Mrs. Wilbur Nolan, president of the host (Herald Photo)

STOREWIDE JANUARY

Print name, address with style number and size. Social Hour Enjoyed By

**UPY** Members By Frances Wester The UPY of the Community Presbyterian Church in Lake Mary was invited to the home

of Capt. and Mrs. Einar C. Turning for a social hour after the regular meeting held at the church Sunday night. Mrs. Erwin Scinkbell and Mrs. Joe Smathers assisted the hostess in serving refreshments including a variety of cookies, some special Christmas Pepperkaka from Swed en, with a choice of chocolate and cherry ice-cream, donuts, truit cake, peanut-butter cookles with nuts, coffee and

The serving table was in the Florida room overlooking the lake. A large punch bowl in the center was surrounded with decorative green leaves, flanked on each side by col-

ored bottles with candles. Mrs. Turning entertained the guests by telling interesting true stories about Capt. Turning's sca-duty adventures and showed many wonderful souvenirs. The group in return! san two songs, Zulu Warrior and Kum Ba Ya.

Members attending were, Penny Grinnell, Beverly Debols, Linda Mohn, Sonja Wester, Joy Wester, Bruce Nelson, Don Gorman, Earl Roberts, Larry Chester, Ralph Unger, Harold Unger, Robert Hopkins, Kenney Dooley, Billy Lowe, Terry Bucklew, and advisors, Roger Crocker, Mrs. W. C. Hopkins and Rev. John Pilley.

Stocks at the Seminole County Blood Bank have become dangerously low, Mrs. Louise Bauman, secretary said today.

"Donors are badly needed to help replenish our supply of blood which has reached a point where an emergency could find us in a bad spot, she emphasized.

Only 85 pints were contributed during the month of December and blood bank officials noted that the demand for blood is constant with the possibility of a severe emergency arising at any time.

### **Donors Needed**

Hours at the blood bank, which is located on Second St., just behind Seminole Memorial Hospital are from noon to 8 p.m. on Mondays and from 8:30 a.m. to 1 p.m. Tuesday through Friday. The offices are not open on Saturday.

Many people donate a pint of blood as regularly as they can and others are urged to do the same to keep the blood bank supply at a safe level.

There's nothing like having the blood when its needed in a hurry it's a matter of life or death.

## At The Ready!

The United States now has 200 nuclear warhead - carrying intercontinental ballistic missiles placed around the country, either in "hardened" underground siles or above

At sea, aboard nine nuclear-powered submarines, are 144 intermediate-range Polaris missiles.

Within a year, the total of landbased missiles — made up of three types: Atlas, Titan and Minuteman - is expected to exceed 600. By 1965, there will be more than 1,000 in ready position. Also by 1965, the fleet of Polaris submarines will number 29, carrying a total of 464 missiles with their range increased to 2.500 miles.

Here is deterrent and massive retaliation carried to almost incomprehensible degree, especially when one reflects that the war-heads carried by these missiles are many times more powerful than those dropped on Hiroshima and Nagasaki.

Not that there are no "small" atomic bombs. A full-scale nuclear war even today would bring them out in full panoply as tactical field weapons-rocket cannon and air-launched - anywhere from sub-sub-Hir-

oshima strength to city - busters.

The United States is strong While there are some who praised Khrushchev for avering war over the missiles he secretly planted in Cuba, it seems a safe conclusion that had we not possessed this strength, history would have taken a different turn—and long before Cuba.

In Cuba, the philosophy of daterrence was vindicated in classic style; the belance of terror preserved the

Yet many persons wonder how long peace - or, rather the absence of war - can continue when it is struction. Will we not reach a point

where deterrence outlives its usefulness, where destructive power becomes so great and diversified that one spark lets it loose in a horrifying exchange of mass death beyond the power of any "statesman" to stop?

According to physicist Ralph Lapp, the United States now has a stockplie of nuclear weapons equal to 30,000 megatons — enough to kill every man, woman and child in the Soviet Union 25 times over. He claims that by 1966 we will have enough bombs to kill every Russian 50 times and asks: "What earthly justification can there be for piling up any such deluge of destruction?"

In his book, "Kill and Overkill," Dr. Lapp cites the great danger of nuclear war brought about by accident. One possibility is the crash of a bomb-carrying plane. (A 24-megaton homb accidentally dropped on North Carolina had five of its six safety locks released by the impact.)

Another possibility is that a natural phenomenon such as a large meteorite striking a city could be mistaken for a nuclear attack.

Lapp suggests that pending full disarmament, we return to the policy of minimum deterrence - keeping just enough weapons on hand to destroy Russia's 160 largest cities. This would require only a tenth of our present nuclear stockpile, he claims,

Whatever the justification for the fantastic power we are building or whatever degree of danger there is in accidental war, it seems clear that in a few years the United States — and undoubtedly Russia as well — will have reached an absolute pinnacle in nuclear power. Where will we go from there?

Says Lapp: "Never in history has the human race looked so much marching silently to slau-

### Seminoles Try **New Tactics** To Add Punch

Priday night's Seminole High-Wildwood serap will be a game in which anything can happen. Seminole mentor Ralph Stumpf said Wednesday

The local coach, sad-faced about the 30 point pasting handed to his proteges Tuesday night by Apopka's state champions, declared that the Seminoles seemed "to run out of steam when the Blue Darters poured it on." He brightened considerably

when he discussed the Wildwood game and said, "Even though Wildwood has so far had a losing season, they can blow up right in our faces. But the boys are determined to keep Wildwood's record

Most of the week's work, Stumpf said, is being devoted to developing some ball handlhig finesse and the art of the ciever feint.

### **Tech Gets 10th** Straight Win

United Press International Georgia Tech, the only major unbeaten team in the South, came from behind to defeat Georgia 72-70 Wednesday night.

The game did not count in the Southeastern Conference standings. All other SEC teams were idle. Florida, the only SEC team

seeing action tonight, takes on Miami at Gaincaville. The victory at Athens was the 10th consecutive win for the Yellow Jackets.

Tech was down eight bert had 13,

### Dear Abby:

DEAR ABBY: About a year ago I met a man. I'll call him Paul. We went together constantly and I learned to care for him deeply. He said the feeling was mutual. Then 1 found out from a friend that Paul was getting married. In September he married a very respectable girl. He has called me since his marriage and has begged me to see him a-gain. So far I have refused although my feelings for him have not changed. I want to know two things: (1)) Why would a man with a young, attractive and newly acquired wife want to see someone else? (2) What should I do?

MIXED UP

DEAR MIXED UP: (1) Some men are more interested in the chase than in the prize. Once they've caught it, they seek the excitement of the chase again. Your friend is such a man. (2) Tell him the only married man you'd have time for would be your own husband. And

DEAR ABBY: I have a friend who has traveled a lot and thinks she knows everything. She says that in the Middle East, the traditional bridal dress is RED. I have been unable to find this in any book. Is it

CHECKING UP

DEAR CHECKING: Yes: In East Pakistan. And the groom's face is covered with gilt (not guilt) to complete the picture.

DEAR ABBY: Where do I start if I want to check the character and background of a person? A young woman with a child comes to my home uninvited and stays for weeks at a time. She is trying to capture

### By Abigail Van Buren

my 33-year-old son. He is a very smart man in some ways, but he's never been married and is stupid when it comes to women. Please before he marries her, tell me how to get some information on her. BOX 448 DEAR BOX 443: You should

hire a private detective to check up on her, but it seems to me that a "smart" man of 83 should be smart enough in all matters to take care of himself. The woman is not "uninvited" if she visits you on your son's invitation. Why don't you have a talk with your son and get the facts, ma'am?

DEAR ABBY: I am an interior designer and free-lance artist and sometimes I work from 6 p.m. until 4 a.m. My work requires light. My next door neighbor threatens to call the police because she claims my light keeps her awake. What if her window opened on a street light or neon sign? Is there any law against keeping one's lights on 24 hours if necessary? I don't want to make trouble, but I want your opinion on

heavy shade.

What's on your mind? For a personal reply, send a self - addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

### EDITORIAL COMMENT Helps Entire Area

The Town of Casselberry is to be commended on action taken Monday night to support the Seminole Raceway project of widening and resurfacing Seminola Blvd, in time for the expected February opening of the Harness Race Track.

Although the road has been designated a municipal connecting link and only a small portion of it lies within the city limits of Casselberry, its improvement will serve hundreds of local residents in addition to heavy traffic to the track.

The road in its present condition has long been a hazard and even though the town had been provided with sufficient funds to make constant repairs it would remain a hazard since basic construction is inadequate to handle today's increased demands of daily use.

This situation will be largely corrected by the present cooperative project of business, town and county.

Casselberry not only is helping itself . . . it's helping the entire area.

NAS Change

Cdr. Leroy A. Heath, USN, has been promoted from executive officer to commanding officer of HATRON SEVEN's "Peacemakers of the Fleet," succeeding Cdr. Lonie Hoop Jr., USN. The change of command was accomplished

today with a salute of "Vigilantes" flying over in precision formation. Cdr. Heath, who set a world record for aireraft with a 1,000-kilogram load by flying to 91,-450 feet on Dec. 12, 1960, resides with his wife

and seven children in Sanford.

Cdr. Hoop has been assigned as air officer of the aircraft carrier, USS Enterprise.

> Plan Favored Partly By Solon

State Rep. Mack Cleveland Jr. informed Gov. lirvant that in case of a close vote he would support the 142 member plan in an effort to end the reapportionment hassle.

The governor called Cleve. land in hopes of rounding up support and aid from the senior member of the County's legislative delegation.

Support of the first phase of a new reapportionment compromise in the State Legislature was expressed here today by State Rep. Mack N. Cleveland Jr.

Referring to a UPI report to The Herald from Sarasota of a plan to increase the Legilature to 100 representatives and 42 senators in an imediate called session. Cleveland said he is in favor of the plan. However, he would not commit bimself to a second phase of the program: To increase the House to a 144-membership at a later date. "It would," he said, "only accomplish added members and added cost of government but, as see it, nothing else."

House Speaker Mallory Horne said he will try hard to sell the two-stage plan during the weekend as the Conly chance" for effectively reconstituting the Legislature in time for the regular session in

It would involve an immediate special session to adopt a formula increasing House membership from 95 to 109 and the Senate from 36 to 12. With these additional mem-
