

Attend Church This Sunday

It is the custom of the church to hold a service on the first Sunday of the month. The service will be held at 10:30 a. m. and 7:30 p. m. on the first Sunday of the month.

Courage at Dusk

By JACK LIVERY

The murderer of Bobby Joe Kelly was in evidence. Highway Patrolman Bobby Smith last Monday morning when he cruised through the rear area on Interstate 4 at 6:30 a. m., according to the trooper and Constable Grady Hall.

Constable Hall, whose suspicion of homicide changed the appearance of a suicide, said yesterday that the position of the body, the advanced "rigor mortis," blood on the front of

the victim's shirt and other factors convinced him that Kelly was in evidence.

Trooper Smith cruised through the rear area at 6:30 a. m. Monday morning and noticed the 1966 yellow Plymouth convertible facing north and parked on the east side of the pavement with the doors closed and the motor of the car running.

At 6:30 he again passed through the area and the right front door was open and a foam rubber cushion was on the ground beside the car and a towel was hanging out of the door but he continued on his way when a person in the Ray automobile waved to him, signaling normally that everything was all right, according to Trooper Smith.

"Between 8:30 and 9," said Fred Yeschke, manager of Sturkey's Peasery Shop, at Interstate 4 and SR 44, "a car, believed to be bearing Canadian plates, came in for gasoline and asked to use the telephone to call the sheriff, as a man was in trouble at the rear area."

His further stated that the motorist, a man in his 30s, and three women told him that they had tried to rouse Ray but that "he felt funny" and that he had stopped the engine and left to find a telephone to call for assistance.

At this time, from the log and memory of the radio operator, J. E. Todd, at the DeLand FPH station, the Seminole sheriff's department asked them to investigate. Trooper L. D. Harrell, of Sanford, was dispatched and arrived at the scene at 9:01 and at 9:11 a. m. advised a "fatal seven" back advising a death which was believed, at that time, to be a suicide as the officer saw the victim's hand over the back of the seat and the white handles of a pistol on the floor below it.

Trooper Harrell called for Constable Hall's department twice more at Hall's request, according to Harrell, and advised them that the man had been apparently shot.

"Ray's feet were stretched along the front seat, his arm

over the back of the seat and his head in a most unusual position," continued Hall, a police officer of 30 years service. "There was no blood in the car but there was a bloody handkerchief near the 32 caliber pistol in the back and rigor mortis was nearly complete."

Trooper Harrell called the Seminole sheriff's department twice more at Hall's request, according to Harrell, and advised them that the man had been apparently shot.

"Wrap it up, we are not sand-

Murder Probe Still Muddled

Mercury Dips To 33

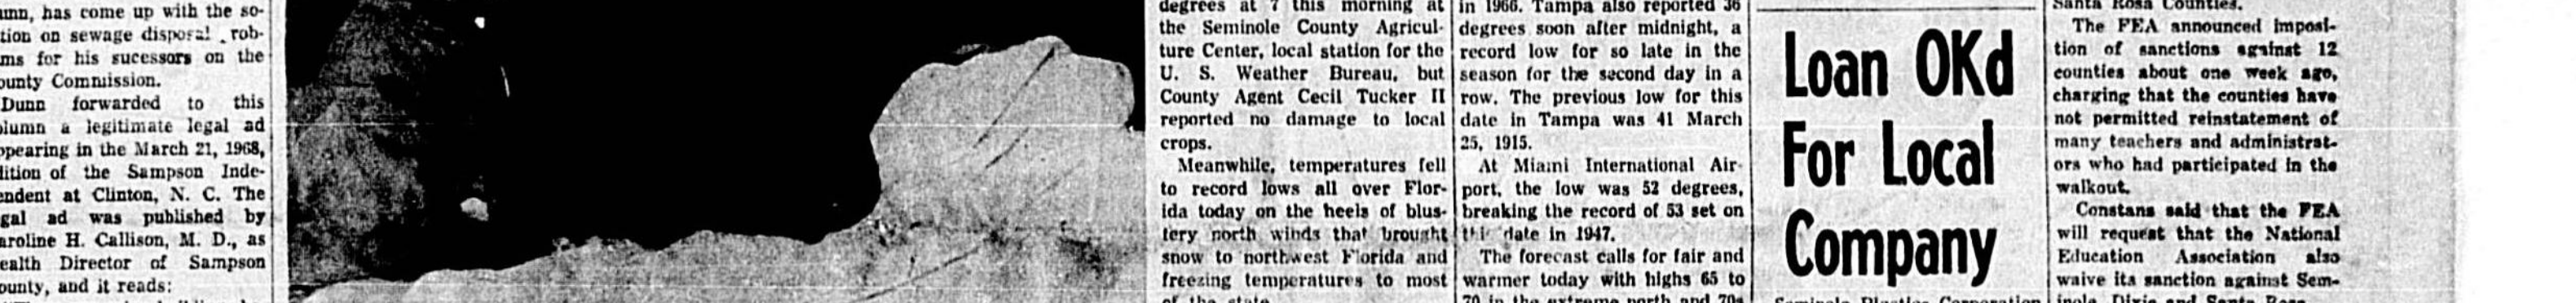

Old Man Weather got his signals crossed early this morning in Florida, apparently forgetting that Spring arrived last Wednesday.

Mercury registered a low 33 degrees at 7:30 a. m. today, breaking the record of 33 set on the heels of blustery north winds that brought snow to northwest Florida and freezing temperatures to most of the state early Saturday.

Penacola had snow early Saturday.

The mercury slipped to 28 degrees at 7:30 a. m. today at Tallahassee, breaking the old record of 28 set on the heels of blustery north winds that brought snow to northwest Florida and freezing temperatures to most of the state early Saturday.

Penacola had snow early Saturday.

Forest Fires Sweep 300 Acres

By LARRY NEELY

Severe dry weather and gusty winds hampered the efforts of the Florida Forestry Service in controlling four forest fires in Seminole County over the week-end that engulfed over 300 acres in flames. Units from Seminole, Orange and Lake County Forestry Services, with the assistance of Orlando and Longwood Volunteer Fire Departments, battled the flames for long hours.

Most of the acreage destroyed was located near Chulovita, the largest being west and south of Chulovita in which flames consumed an estimated 200 acres. Fires north of Lake Pickett south of Chulovita near the county line and at Snow Hill road 60 and 40 acres, respectively. The fourth fire was a small two acre one in swampy land which hampered firefighters.

Orlando Volunteer Firemen battled a small brush fire Saturday afternoon which threatened an orange grove behind the Country Quik Market located on East Broadway in Oviedo. The fire started from coals from a trash fire the previous day which were ignited into flames by wind gusts of up to 20 miles per hour.

The planned mass Republican switchover of voter registration from precinct sites, set for Friday last, Friday at the branch office in Seminole Plaza was a colossal flop. Cameras from the various news media, and to record the momentous event, saw three persons change party from Democrat to Republican.

All is apparently forgiven between Altamonte Springs Mayor W. Lawrence Swindler and vice mayor, Keith Nixon. Swindler, Nixon and their wives were seen at the House of Steaks over the weekend enjoying dinner together, smiles all around.

Club members are busy, as usual at this time of year, decorating Easter eggs for the benefit of the club's scholarship fund. The eggs are on display and for sale at First Federal 8 & L and the office of Dr. A. W. Epps Jr., 245 San Marcos Avenue.

The colors will be presented by Girl Scout Troop 227.

Area Boom Seen

By DONNA ESTES

Building boom experienced in Sanford and Seminole County in 1967 can be seen very vividly in the statistics released by the Seminole County Chamber of Commerce.

C of C figures shows building in Sanford during the fourth quarter of last year were up 262.13 per cent at \$39,372 in comparison with \$162,306 during the same period in 1966. Sanford's rate of change for the entire year was up 127.73 per cent at \$2,177,901 compared with 1966 at \$958,172.

At the same time building permits issued by Seminole County during 1967 totaled \$2,302,243 compared with \$5,645,460 in 1966, up 64.45 per cent. Fourth quarter saw a rise of 34.29 per cent at \$2,629,186 over the 1966 total of \$1,954,744. Building for Seminole including the municipalities for 1967 was \$1,665,320 up 33.27 per cent at \$2,201,214.

Other indications of growth and deposits and resources in Sanford and the county were also up. Bank deposits and resources were up in Sanford by 14.84 per cent and 1.51 per cent respectively while they were up 17.25 per cent and 12.41 per cent respectively in the county.

Bank deposits in Sanford were \$51,628,488 with resources of \$61,194,816. Deposits and resources in the county were \$79,318,862 and \$87,513,351.

Postal receipts in the county totaled \$619,907 or 6.91 per cent

Burglars, Vandals Were Busy

Burglaries and vandalism reports topped records over the weekend at the Sanford Police Department and Sheriff Peter Miller's office.

Charges of grand larceny against Carl William Demosthous of Altamonte Springs for the theft of a television set and record player and a number of articles of clothing from the Alister Motel, 2102 Southwest Road in Sanford. Bond was set at \$5,000 with arraignment to be April 3.

Tommy Mares, operator of the Hotel Service Station in Forest City reported Friday at 10:45 a. m. that \$825 was missing from his cash box drawer. Mares said that the money had been there one hour before and that he did not know who had come in and out of the station during that time.

Vandals slashed three farm tractor tires sometime during the night Thursday, according to report placed by Henry Schumacher Jr. of Eureka Hammock.

Candidates Quality

Two Democrats qualified this morning to seek nomination of their party in the May 7 primary.

Ray Slaton, of Sanford, former school trustee, qualified for the district two seat on the School Board while Willie C. Cummings, of Midway, filed papers to run for the district one seat on the County Commission.

James Birkenmeier, incumbent, District Three School Board member, qualified to seek reelection to his seat. He is a Democrat.

Bond Issue Talk Slated

Thomas Richey, director of administrative services for the Seminole County Board of Public Instruction, will speak at the proposed school bond issue at 8 p. m. Tuesday at English Estates Elementary School. Parents and teachers are invited to attend. Classrooms will be open prior to the meeting from 7:30 to 8 p. m. for parents to visit the school.

The colors will be presented by Girl Scout Troop 227.

County Can Hire Teachers

The Florida Education Association's executive committee announced today it has waived sanctions that had been imposed against Seminole, Dixie and Santa Rosa Counties.

The action leaves nine counties where sanctions have not been lifted after the easing of Florida's education crisis.

FEA executive secretary Phil Constant said that sanctions against the three counties are being waived because all teaching personnel and administrators have been reinstated without reprisal.

He said also that no court action against these persons is pending in Seminole, Dixie and Santa Rosa Counties.

The FEA announced imposition of sanctions against 12 counties about one week ago, charging that the counties have not permitted reinstatement of many teachers and administrators who had participated in the walkout.

Constant said that the FEA will request that the National Education Association also waive its sanction against Seminole, Dixie and Santa Rosa.

Imposition of sanctions involves asking other teachers not to accept positions in the counties affected and notifying business and industries of conditions there.

Atlanta approval has been forwarded to Washington for final approval for the loan.

Construction of the new plant estimated to cost \$750,000 with equipment, is expected to begin April 15. Don Rabel, SIC director told The Herald today.

The new facility is scheduled to employ 40 persons per shift. Plastics for furniture covering, luggage, golf bags, etc. will be manufactured.

Five acres of the 17 1/2 acre tract will be used for the plastic plant. The balance of the SIC property will be broken into industrial tracts. This same tract has been chosen by individual members of the SIC for private speculation shell type structure and is being considered by a metal cap manufacturer of glass jar lids for location there.

Earlier in the month House of Beef filed suit for recovery of personal property valued at \$70,000 and damages in the sum of \$1,000 per day for its detention since March 1. Hearing of this suit has been assigned to Circuit Judge Roger G. Akrleig.

Loan OK'd For Local Company

Seminole Plastics Corporation the new plastics manufacturing plant, planned to be located on a Grapevine Avenue tract bordered by Jewett Lane and the railroad, received approval for financing from the Small Business Administration office in Atlanta, Sanford Industrial Commission has been notified.

Atlanta approval has been forwarded to Washington for final approval for the loan.

Outside: The Gold Medallion. Inside: Total-electric living. "Better Living, Electrically" is now a way of life. And in a Gold Medallion home the all-electric future is built in. Cool comfort in summer and clean, cozy warmth in winter with ELECTRIC REVERSE-CYCLE AIR CONDITIONING. Instant hot water from an electric water heater. A cooler, cleaner kitchen with a flameless electric range. Also two other major electrical conveniences... refrigerator, freezer, dishwasher, food waste disposer, or clothes dryer. All these are included in any priced Gold Medallion home. Plus ample Light-for-Living designed for every room, and Full Housepower wiring with plenty of switches and outlets placed where you'll need them. Years from now, the Gold Medallion home you buy today will still be young... electrically. That's why it's such a good buy. THERE'S NO MATCH FOR FLAMELESS ELECTRIC... it's cheaper, too! SHS Tanksters Win

The Seminoles High School baseball team secured a convincing 10-1 victory over the boys and girls teams of St. Augustine High on Friday as the SHS girls team won a 49-36 win and the Seminoles boys won easily, 45-25.

Mason Scott set a new school record while pitching the girls team to its second win in 2024 in the 70-yard run style. Bob Deuser, who pitched for the boys team, won his 11th game as he won two divisions.

Tomorrow the tanksters travel to St. Augustine to play the Blue Struck team and then take on Malheur here Friday.

No Hitter
MIAMI (AP)—Neal Monte pitched a no-hitter and then scored the only run Sunday to lead the University of Miami to a 1-0 victory over the University of Michigan in the 20th annual baseball tournament game. The Tigers won 1-0 in the 11th inning.

Monte, a sophomore from Long Island, N. Y., struck out seven, gave up no walks, and allowed only two base runners, both on infield hits. It was his first start for Miami, but not his first no-hitter, having pitched for the University of Michigan last year.

Floyd Tiptoes In

PENSACOLA, Fla. (AP)—Ray Floyd, 64, engulfed the eighth hole after driving into the woods. He was 225 yards from the green, but he saw a six-foot opening between the trees and went for the hole with a three-wood.

The ball stopped 30 feet from the hole, and Floyd knuckled in the putt for an eagle 3 on the par five hole.

"I guess it was a good gamble," said Floyd, who turned in a 64-hole total of 202, 14 strokes under par and a shot in front of George Archer and Tony Jacklin.

Floyd's hot round was the best of his pro career, and he credited his improvement to a new attitude in a three-year hiatus from the game.

"Sure, I enjoy a beer here and there, and a couple of drinks with friends," he said. "But I sure don't polish off a fifth at every corner."

Floyd, a boy wonder at 20 who has not yet lived up to predictions of greatness, said he believes "I can play golf as well as any man alive, but I've lost my putting touch."

"When I was 20, I rated myself a great putter and a pad player. All I could do was putt, and everybody played much better than I did."

"But I've worked to where I can play with anybody," said Floyd, who has won \$17,855 this season in his best start ever in six years on the pro tour. He has claimed a title since he won the 1965 St. Paul Open.

His challengers were hungry, too. Archer, who shot a third-round 68 but won twice on the pro tour, Jacklin, who turned in a 68, has never won and neither has Shaw, who shot a front-nine 40 and said he felt "like a telephone ringing when nobody answers."

Dave Marr, who fired a 68 and was tied at 204 with Shaw, hasn't been victorious since 1968.

Winner of the \$80,000 tournament will pocket \$16,000, and a victory would clinch a berth in the Masters tournament for Floyd, who ranked fourth in the race for the six vacancies in the prestigious meet at Augusta, Ga.

Ocoee's Cardinals Add To Lion Woes

By LARRY NEELEY
Herald Sports Staff

The Ocoee Cardinals third straight loss of the season dumping them 9-1. Bill Brock second on the mound for the Cardinals gave up only two hits and seven walks while striking out eight of the Cardinals at the plate.

Stel Stankus was hitting for the Lions in his first varsity appearance on the mound. Stankus gave up seven hits and seven walks while striking out eight of the Cardinals at the plate.

Ocoee opened up in the first inning with three runs on three walks. Two errors, one counted for two of the runs with the Ocoee men literally stealing their way home.

Big Lew Named As Outstanding

LOS ANGELES (AP)—Tommy Lew Alcindor was named today as the outstanding player in the national collegiate basketball championships after leading UCLA to its fourth title in five years.

The Bruins crushed previous champion Houston, 101-89, Friday night and then came back for a 78-55 triumph over North Carolina in the title game Saturday. The 7-foot-11/2 Alcindor scored 33 points and handled down 24 rebounds in the two games.

He is the only player in history to lead the nation in both scoring and rebounding. He averaged 22.2 points and 16.0 rebounds per game.

Alcindor was named the most outstanding player in the nation by a panel of 100 basketball writers and coaches. He was the only player to be named in both categories.

Nothing But Blanks

By TOM ALEXANDER
Merid Sports Staff

Seminole High has an untouchable in Ron Harry. Harry, a right-handed pitcher, hurled a no-hitter in a perfect baseball game Saturday as he led the Seminoles to a 1-0 victory over Cocoa.

Harry, who struck six batters for Cincinnati last season, drove in the Red's first four runs with a single and his two-out double. He pitched a complete game, allowing only one hit, a single by Fred Whitefield's pinch double and Tony Pears' single.

Washington beat Philadelphia by scoring three runs with two out in the ninth inning. Bernie Allen's two-run double brought in two, and the third scored when shortstop Don Money led a pop fly in the sun.

Cleveland overcame a 4-0 lead by scoring five runs in the seventh inning and hit a double, two singles, a four-out walk and a hit batsman.

Denny McLain pitched the first seven innings and rookie Daryl Patterson finished up in Detroit's shutout of the Yankees. Willie Horton drove in both Detroit runs.

Eddie Watt yielded two hits in the first inning, then he and Pete Richert, who took over in the sixth, pitched hitless ball the rest of the way for Baltimore.

Family Steak Supper

Sid Vihlen, Jr., president of the Seminole County Sportsmen Association announced today that the sportsmen will host another Family Steak Supper Saturday, March 20th.

The president, Sid Vihlen, who is co-chairman of the event with W.A. Adams, said the dinner is being made to serve 300 dinners and sales to date look as though we may make our goal," W. A. Adams said.

The dinner will be held at the Seminole County Sportsmen Association Park. He urged all Seminole County residents to make plans early and support the effort.

The Family Steak Supper will be held at the Sportsmen's Park on Highway 46, at the Park River. Tickets will be \$4.00. Dinner will begin at 5:00 p.m. and continue through 8:00 p.m.

Vihlen said that proceeds from the evening would be applied to the in-progress "War On County Water Pollution" being conducted by the association and improvements to the Sportsmen's Association Park. He urged all Seminole County residents to make plans early and support the effort.

Golden Gloves Slugfest

SALT LAKE CITY, Utah (AP)—Only one previous winner holds a 1968 National Golden Gloves boxing trophy today. Five others found the competition too tough in the Saturday night slugfest to the annual four-day slugfest.

Earl Large of Roswell, N.M., the defending 10-pound champion, demonstrated superior boxing skills by outpacing Leroy Gilmore of Detroit and became the only repeater.

Fort Worth, Tex., won the 224-pound title with 18 victories, edging Charlotte, N.C., by one. Fort Worth's Don O'Haire was given the Coach of the Year award.

Winners in the 10 weight classes ranging from 112 pounds through heavy weight qualify for the U.S. Olympic trials.

The crowds for the tourney were disappointing each night. The 1,500-seat Utah State Fairgrounds, Gilmore never was more than half full.

Charity Night Set At Kennel Club

The Thursday charity night performance should push the 15 year total of track contributions near the \$150,000 mark according to Sanford-Orlando Kennel Club manager Jack Ledoux.

Ledoux is expecting the biggest charity night performance in history Thursday night when all proceeds from the 11-race performance will be turned over to the 26 area charitable organizations.

"We are looking forward to our best charity night ever," said Ledoux. "All the participating groups have indicated that they will be out in force for the event, in addition, the Thursday night performance have been averaging better than \$100,000 on regular performances."

As the track goes into the final three weeks of the season, the Sanford-Orlando Kennel Club is looking for the best charity night ever. The club is looking for the best charity night ever.

A MOTHER'S Monitoring... in the lunchroom during the three-hour lunch period each day at Altamonte School was unanimously approved at Tuesday night meeting of the Parent-Teacher Association. Three mothers will be needed each day to carry out the project which is being conducted in order that the teachers may have a daily rest period. Mrs. William Schaffner, holding little daughter, Leslie, is chairman. Mothers getting the program underway included Mrs. James Kinsey, who assisted at the tables; Mrs. Leland Berg, who kept order as the children entered lunchroom, and Mrs. William Segrest, who helped the cashier, Mrs. Margie Adams. (Herald Photo)

Sanford GI Is Chaplain's Aide

THON LUONG DIEN, Vietnam (Sp) - Even Nietzsche would have to admit that God is very much alive in this little Catholic community southeast of Quang Tri.

The contemporary philosopher wants to believe God is dead, but there is no evidence here to support his theory.

With only their faith in common, a mixed congregation of Vietnamese villagers and 101st Airborne Division paratroopers knelt together on a recent Sunday morning for the first Christian service in more than a year.

In the pulpit of the old stone church stood Chaplain (Maj.) Donald G. Nietering, Rock Springs, Wyo., of the 1st In. (Apt), 82nd Air.

"The Vietnamese priest left last year when the people could no longer afford to support him," Nietering said, "but still they kept their faith and came here individually to pray."

"There was a full house—about 100 Vietnamese and 50 of our paratroopers," Nietering said. "There were Vietnamese people leaning in the doors and windows and more stood and listened from the outside."

The villagers sat attentively as the Americans sang hymns and repeated traditional prayers. Then it was the soldiers' turn to listen to the gentle, melodic songs of the native religion.

They've been caring for potted plants in their classroom such as Amaryllis, Nun's Orchid, and begonias and watching their growth.

In the case of the Amaryllis, the growth is so rapid the youngsters have placed yard rulers next to them to measure their daily growth. The largest is now in bloom and has a flower stall 33 inches tall and three large red blooms 7 1/2 inches across. The bud stalk on the other plant grew 5 1/2 inches over the weekend.

They have also observed the effect of light on the direction the flower stalk leans and how long it takes to change direction.

The class has found the project very interesting.

INATING in sunny Florida diverts these three competing beauties. At left and right are Ruth Davis and Mary Ann Wertz, both 19, who are Miss Universe contestants, and center is Jo-Phyllis McCall, 18, who is Miss Fort Lauderdale in the Miss America contest. All are Fort Lauderdale girls.

First Graders Study Plant Life For Real

By JANE CANNELERRY
First graders in Mrs. Marjorie Stone's first grade at South Seminole Elementary School are studying a unit on plants, their parts and the different ways of starting them.

They've been caring for potted plants in their classroom such as Amaryllis, Nun's Orchid, and begonias and watching their growth.

In the case of the Amaryllis, the growth is so rapid the youngsters have placed yard rulers next to them to measure their daily growth. The largest is now in bloom and has a flower stall 33 inches tall and three large red blooms 7 1/2 inches across. The bud stalk on the other plant grew 5 1/2 inches over the weekend.

They have also observed the effect of light on the direction the flower stalk leans and how long it takes to change direction.

The class has found the project very interesting.

"LILLY-PUTIANS"—Lauri Showers and Douglas Wilkins of Mrs. Marjorie Stone's first grade class at South Seminole Elementary School check rapid growth of amaryllis in their classroom. Largest is 33 inches tall and has three large red blooms with a diameter of 7 1/2 inches. (Herald Photo)

Breathing Tests Set In DeBary

Breathing tests for chronic obstructive pulmonary diseases case detection will be given at the DeBary Civic Center between 10 a.m. and 2 p.m. Thursday and each Thursday thereafter for the following three weeks.

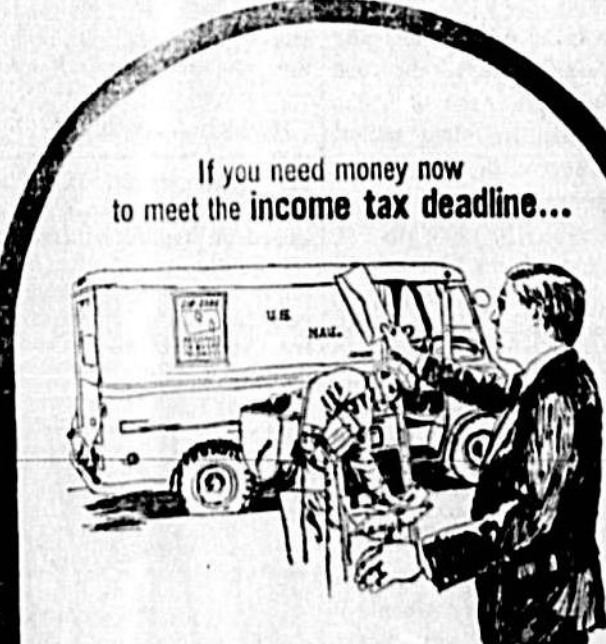

The test is a simple, painless breathing test requiring only a few minutes to take. Each person showing an abnormal test is notified and encouraged to contact his private physician, who also is mailed a copy of the patient's report.

Those coming in for the free test should not smoke for two-three hours prior to taking the test in order that a more accurate interpretation may be given.

The project, sponsored by the DeBary Civic Association, will be under the direction of the Spaceport Area Tuberculosis and Respiratory Disease Association, and was started as a case detection means for emphysema and other chronic obstructive pulmonary disorders. It is noted that chronic respiratory diseases have become the fastest growing health menace in the United States. According to U.S. Public Health Service, deaths from chronic bronchitis and emphysema increased almost fourfold between 1956 and 1965, from 6,335 to an estimated 23,700.

The free-testing service is supported through funds from annual sale of Christmas Seals.

Billions of birds fly thousands of miles each year on their seasonal migrations.

If you need money now to meet the income tax deadline...

ASK GAC for a cash advance

With the April 15 tax deadline fast approaching, perhaps you find yourself in need of extra cash to tide you over. You can get it at your GAC office. You'll get prompt, personalized attention, too... and convenient monthly payments fitted to your budget. Stop in or call. Get a cash advance from GAC to help you meet the tax deadline... or for any good reason.

Laraine Klay Engaged

Miss Klay was born in Durhamville and graduated from York-Seymour-Sheriff Central High School with the class of 1962. She has completed a four-year tour of duty in the U. S. Navy and is presently employed by Ocala, Fla., in Sherill, N. Y.

A July wedding is being planned with details announced at a later date.

MISS LARAIN ELIZABETH KLAY

Savagettes Install, Plan Future Events

RYAN'S Enlisted Wives Club, "Savagettes," recently held elections of new officers. Those taking on the leadership of the organization are Ruth Waddala, president; Diane Jarvis, vice president; and Pat Kiser, secretary-treasurer.

The officers were installed by the wife of the squadron's skipper, Mrs. Carol Baker. The first lady presented each new officer with a blue carnation embellished with the "Savage" logo.

The evening was concluded with a white elephant auction which proved great fun.

The Savagettes and their families are looking forward to a covered dish picnic to be held at Lake Golden this month. Many of the members have already set about making crepe paper flowers in a rainbow of colors to be used as part of the decorations for the upcoming squadron party, March 29.

The March election meeting was the last meeting of the club until June when everyone is relocated in Albany, Ga.

Miss White Bride Of R. A. McGrath

Mrs. Judith Ann White, daughter of Mr. and Mrs. Robert G. White Sr., Altamonte Springs, was maid of honor; Michael Samaras, Longwood, was best man and usher; Robert White and Robert White Jr., Orlando, brothers of the bride.

Following the ceremony, a reception was held at The Trade Winds in Seminole Plant.

The couple left for a wedding trip to the Florida Keys and when they return will make their home at the Altamonte Apartments, in Altamonte Springs.

Association To Sponsor Annual Tour Of Homes

The Jefferson County Historical Association will hold its annual Tour of Homes in Monticello on April 5, 6 and 7. The main tour will include the Simkins Bailey home, built in 1844 and still occupied by the holder's descendants; the Mays house, noted for its beautiful heirloom furniture; and the Smith-Hawkins house, where tea will be served.

The Dilworth Clarke house will be used to display furniture which belonged to Prince Murat, a nephew of Napoleon Bonaparte, who once lived in Jefferson County. The First Methodist Church will be open also, on Sunday only. El Deshno Plantation house, the winter home of Mrs. Sheldon Whitehouse.

This year, for the first time, there will be a separate Candlelight Tour from 6 to 8 p.m. on Friday and Saturday evenings. It will include the Presbyterian Church, a fine example of Greek Revival architecture; the Dabney Palmer house, built in 1836 and restored by Mrs. Richard H. Simpson; and Christ Episcopal Church, noted for its hand-carved altar.

The "White Elephant Shop" will offer for sale all kinds of bric-a-brac, including some antiques. Lunch will be served at the Sidewalk Cafe just north of the courthouse square from 12 noon to 2 p.m. both Saturday and Sunday. A few parade on Saturday at 2 p.m. will feature old surreys, hunting hacks, covered wagons, horseback riders and a marching band.

"COMPANY LINES"
Good advice on "company" lines: Keep using them—don't save them! Launder often to prevent yellowing and fading.

Buy Bonds where you work.

AID workers do.

American public health specialists work in Pakistan—for America and for mankind. Health and sanitation advisors for AID (Agency for International Development) have inoculated hundreds of thousands of Pakistanis against cholera, and have helped train many in modern practices. AID employees undergo personal discomfort often. Because they care. And because they care about America, many of them also purchase U.S. Savings Bonds.

Do you care? Invest in America and your future by buying Bonds where you bank, or joining the Payroll Savings Plan where you work. You'll walk a bit taller.

New Freedom Shares
Now, when you join the Payroll Savings Plan or the Bond-a-Month Plan, you are eligible to purchase the new type U.S. Savings Notes—Freedom Shares. They pay 4.74% when held to maturity or just 4½ years. Get all the facts where you work or bank.

U.S. Savings Bonds, new Freedom Shares

HANDS UP!

Don't let breast cancer rob you of your life. HANDS UP is a position for breast self-examination—a technique that can save your life. Ask your doctor to teach you breast self-examination. Practice it regularly.

who addressed the members on poison plants. Right photo shows Mrs. West and Mrs. Raymond Ware, president, who recently resigned to join her husband in Albany, Ga., and who received a gold gavel at the meeting.

U. S. Cadets Well Fed On \$1.50 Daily

WEST POINT, N.Y. (AP)—The long gray line is a hungry one and as George T. Gallini, executive chef of the cadet mess at the United States Military Academy puts it, "They've never missed a meal."

The \$4 million-a-year food operation at West Point is designed to achieve maximum efficiency while providing quality food, properly prepared and attractively served for the 3,200 cadets at the Academy.

The food allotment for each cadet is \$1.50 a day. That's the figure set by the Secretary of the Navy for feeding one man at sea each day and West Point has adapted it as a yardstick. Within that cost, each man is provided with three balanced meals which will give him between 4,500 and 5,000 calories to sustain his energy.

Each year cadets consume 110,000 gallons of coffee. Two hundred gallons are made for breakfast every morning. Each day they consume 12,000 half-pints of milk.

Annually they eat 135,000 loaves of bread, 80,000 pies and cakes, 130,000 gallons of juices, 15 million eggs, 350 tons of meat, fish, and poultry, 300,000 six-ounce cups of ice cream, 60 tons of butter and margarine, 150,000 pounds of fresh and frozen fruits.

Cadets dine in huge, gray Washington Hall, completed in 1929. The stone building is being expanded to accommodate an additional 1,100 cadets expected next September.

The mess is in fact four separate halls radiating from a central foyer. By next fall there will be six. Commanding the dining rooms is a balcony on which the Officer of the Day, a Regular Army officer, dines alone high above the 3,200 cadets he supervises. A seating chart which is changed every next September.

A MISCELLANEOUS BRIDAL SHOWER Tuesday night at the Mayfair home of Mrs. Charles Meeks and mother, Mrs. Bartlow Mahan, mother of the bride-groom, and Mrs. Raymond Herron, shower co-hostess. Photo shows, from left, Mrs. Meeks, Miss Ann Mahan, bride-elect of Tom Hinson, Mrs. Bartlow Mahan, mother of the bride-groom, and Mrs. Raymond Herron, shower co-hostess.

Miss Mahan Honored At Bridal Shower

By DORIS WILLIAMS

Miss Ann Mahan, popular bride-elect of Tom Hinson, was guest of honor at a pre-nuptial shower and party Tuesday night at the Mayfair home of Mrs. Charles Meeks. Assisting Mrs. Meeks as co-hostess was Mrs. Raymond Herron.

The honoree, her mother, Mrs. Bartlow Mahan, Mrs. Bartlow Hinson, mother of the bridegroom-to-be, received joyous carnation corsages from the hostesses. For the occasion, Ann was stunning in a

Navy blue and white polka dotted frock fashioned with a white organza ruffled collar.

A dainty arrangement of pink carnations and a full pink umbrella centered the gift table and the guests were served a delightful strawberry shortcake, sparkling pink punch and coffee.

Bridal Bingo was played with prizes awarded Mrs. W. Tyne, Mrs. Harry Lee, Mrs. Arthur Van Wert, Mrs. Irvine Pryor, Mrs. Katherine Whelan, Mrs. Mahan and Miss

Mary Scott, who in turn presented the matched kitchen sets to the guest of honor.

Assisting the hostesses were Miss Myra Meeks and Mrs. Shirley Meeks. The hostesses presented Ann with a gift of linen.

Other on the guest list included the Meses, Ross Adams, John Angel, Arthur Beckwith, John Crawford, Andrew Hinson, Bartlow Hinson Jr., Roy Williams, Robert Harbour, Sherwood Harbour, James G. Conroy, Bob Parviz, Douglas Stenstrom and Curtis Fisher. Also the Misses Fay Wiley, Debby Dalton, Marguerite Deacon, Carol Oxford and Jill West.

Council Speech Contest To Be Held In Sanford

Dispensing with business, Evelyn Alpaugh, introduced Jean Bryant as Toastmistress of the last meeting of Sky Anchor Toastmistress Club at the Civic Center.

Explaining the rules of the speech contest (this will be the third year that Sky Anchor has participated in the annual International Toastmistress Clubs speech contest), Jean introduced the speech committee, chairman Kay Bartholomew, Teddy Ables, Connie Williams with Maria Ferras as chief teller and timers, Virginia Stovell and Toti Patrick.

Judges were Betty Ryan, Rita Gallagher and Mickey Mooney, all former members of Toastmistress. Seven members participated in this year's preliminary: Teddy Ables, Evelyn Alpaugh, Tanager Braden, Shirley Huanan, Alice Pulver, Betty Kelly and Connie Williams.

The three winners were Evelyn Alpaugh, Tanager Braden and Teddy Ables. They will compete in the final club level contest, April 10 for participation in the Council No. 6 meeting on April 27 to be held in Sanford.

Evelyn Alpaugh, who is the current president of Sky Anchor, was last year's speech contest winner at Council No. 6 and served as the alternate for the Dixie Region contest in Jacksonville. Her topic this year was "Opportunity's Knocking." Her artful and witty manipulation of words and phrases brought responses of laughter and smiles from her audience.

Tanager Braden, a new contender in this year's speech contest, developed a humorous tale that widened the eyes of her audience as she unfolded her latest hit, "Go Power."

Currently, Teddy Ables is serving as Sky Anchor's club representative. Wednesday she retreated into a dream world in her subject, entitled "An Impossible Dream" and captivated her audience with a day as a president's lady.

Reservations for the speech contest luncheon can be made with Evelyn Alpaugh no later than April 5.

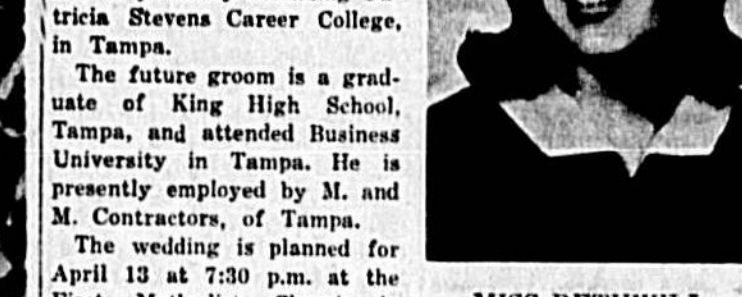

Rethwill-Lambert Engagement Told

Mr. and Mrs. Lester Rethwill, Sanford, are announcing the engagement and approaching marriage of their daughter, Gloria Jean, to Johnny Lambert, son of Mr. and Mrs. H. C. Lambert, Tampa.

Miss Rethwill is a graduate of Palatka Senior High School and is presently attending Patricia Stevens Career College, in Tampa.

The future groom is a graduate of King High School, Tampa, and attended Business University in Tampa. He is presently employed by M. and M. Contractors, of Tampa.

The wedding is planned for April 13 at 7:30 p.m. at the First Methodist Church in downtown Tampa.

Little Girl Look Debuts

By VIVIAN BROWN
AP Newsfeatures Writer

NEW YORK (AP)—If you're wide awake this spring, you'll go for the round-eyed little girl look, observes cosmetic and make-up specialist Evelyn Marshall.

The look began last year, she points out, but now everyone is going for it.

"The looky part of the young lady look is over. We are in a little girl's mood. We make up to look natural with powder, lipstick, and so on."

How do you get round, round eyes, if you are doe-eyed? Simple, she says.

Apply thin eyeliner toward nose and the outside of the eye, and heavier and wider through the center to make more of a little circle. If this makes your nose look too short, extend your brow a bit, she advises.

"You can't wear heavy femme false lashes with this look, she says. Shorten your false eyelashes so they look natural. Bring the lashes completely to the outside corner of the eye. To keep from looking sad-eyed, close your eyes and press your fingers against your lashes so they stand up."

One's mouth should also blend with the youthful image, she says. Lipstick should be the color of the inside of an 8-year-old girl's mouth.

Miss Marshall searches for youth marks in remote places.

For example, she matches the color of the eye, she points out, because that is your true skin color. Seasons of wind and sun make skin harsh and change its color, she points out, and this season wearing foundation should be a top-secret look.

"Anyone who is getting expression lines should stay out of the sun," she explains. "If they want to keep their skin young."

American women have the best groomed faces in the world in her opinion. The Japanese, who have adopted American make-up tricks, are a close second.

Choppers, Jets Smash 245 Supply Sampans

RAMON (AP) — American helicopter gunships and fighter-bombers have smashed 245 enemy supply sampans in the delta region of South Vietnam, U.S. military officials said today.

The U.S. Command said the enemy had lost 245 sampans, 100 of them in the last three days.

On Sunday, a B-57 fighter-bomber destroyed 110 sampans and damaged another 30. The B-57 was shot down near the Cambodian border, the command said. It also reported the B-57 was flying over the delta region.

U.S. officials said the volume of air strikes has increased considerably in recent days. This indicates the Viet Cong may be replenishing supplies depleted during their lunar new year offensive for possible fresh attacks in the delta. U.S. officials said the allies have begun a major effort to stop the sampans.

On South Vietnam's northern frontier, North Vietnamese gunners shot down two U.S. Marine helicopters near Khe Sanh, one of a gunship, was attacking an enemy bunker complex two miles northwest of the Marine base. Its four crewmen were rescued but suffered burns when the chopper crashed. A Marine patrol had called for

gunships and artillery support after clashing briefly with the enemy platoon. It reported 31 North Vietnamese soldiers and five Marines were killed and 100 wounded.

Enemy groundfire also hit a big CH-53 Sea King helicopter landing with cargo five miles southwest of Camp Carroll, the artillery base to the east that supports Khe Sanh. Although moderately damaged, the helicopter landed safely and the crew was uninjured, spokesman said.

About 100 shells hit the Khe Sanh base Sunday, a sharp drop from the more than 600 shells fired into the fortress on each of the two previous days. Casualties were reported light.

In reply to the earlier heavy shelling, U.S. B-52 bombers dropped as much as 1,000 tons of explosives Saturday night and Sunday on suspected positions of the estimated 16,000 enemy troops believed encircling Khe Sanh. The eight-engine Stratofortresses flew six more raids Sunday night and today.

Enemy strength around Khe Sanh has been reported as 20,000. Military sources said the new figure represents a refinement of intelligence estimates and did not signify enemy withdrawals or losses. More than 6,000 allied troops, most U.S. Marines, defend the base.

Elsewhere in the northern provinces, headquarters took the security wraps off Operation Wurtz, a sweep launched March 11 about 15 miles southwest of Da Nang. In light scattered action so far, spokesman said, 120

Milk Prices Hiked 4-10 Cents in Some Stores

Local retail food outlets today reported that milk prices to the consumer have increased. A & P said that milk prices have increased 10 cents a gallon, while Food Fair and Handy Food Stores say prices were hiked four cents a gallon. On the other hand, two of the largest retailers—Winn-Dixie and Publix—reported their milk prices have not gone up, as yet.

All said that they did not yet know of any further increase as a result of the new Federal Milk Marketing order.

Area retail dairies report that farmers who agreed to the Federal order to raise the price of raw milk they will have to pass the increase on to the consumers, but they have not heard any definite plans as yet.

A spokesman for Borden's Dairy, which raised prices for home delivery in February, said it did not anticipate another rise, but everything depends on the government.

All said that they did not yet know of any further increase as a result of the new Federal Milk Marketing order.

Area retail dairies report that farmers who agreed to the Federal order to raise the price of raw milk they will have to pass the increase on to the consumers, but they have not heard any definite plans as yet.

The apparent middle of 'who's in charge' of the investigation of a death at the Longwood I-4 Rest Area is making voters wonder about a selection in law enforcement officers in the upcoming election. Most folks seem to feel that there should be more interest in law enforcement instead of what appears to be political prestige enforcement. Some of our readers tell us that they had the idea that the sworn duty of ANY officer of the law was to uphold the statutes and quickly apprehend violators—even if it meant unwholesome co-operation with several branches of enforcement and some political opponents.

The ballot booths may show that voters feel that anyone who cannot provide the leadership and effectiveness to get this kind of a job done quickly doesn't deserve to be sheriff, constable—or even trooper!

Do you suppose that Sanford Seminoles Development Company will be giving an assist in handling the new plastics firm in Seminoles County?

Any civic organization or school group—or for that matter any interested get-together—wanting to know more about the scheduled school bond issue—and that, brother, should mean EVERYONE should call School Supt. William Phillips' office. Ask for a speaker. The School Board and all the staff with Phillips are EAGER to supply all possible data to enable voters to decide whether Seminoles County NEEDS the \$10 million plus to try to catch up with our educational requirements.

Seminole County Sportsman's Club has a request from a similar club in far off state of Washington... to join in a fight to prevent the U. S. Park Service from taking over control of a million acres there from the U. S. Forest Service. Seems the Park Service would veto a lot of sports in favor of tourists. Write your Congressman.

A modern mathematics program primarily for parents will be offered gratis at Sanford Junior High School, with Carmen Gager as instructor. The program, beneficial to parents of children grade 1-8, will be held 7-9 p.m. on Monday evenings, April 1 through May 20.

Look for Altamonte Springs Police Chief Fred Folsom to qualify to run for the office of district six constable as a Democrat.

East Central Florida Regional Planning Council will hold its regular monthly meeting at 1:30 p.m. April 3 at Sanford Civic Center.

Mary J. Harker, secretary to City Manager Pete Knowles, was the recipient of the Citizens Citation presented by radio station WTRR, for outstanding service and interest in the Sanford community. The award was made at the meeting of the city commissioners last night at City Hall.

James Roebuck has been appointed auxiliary policeman for the North Orlando Village Council. He has lived in the village for a year and has 11 years experience in the Navy Shore Patrol, serving as Chief Petty Officer. Auxiliary Policemen serve without pay. He will leave for duty in Vietnam in July.

It's for the birds, says John Kridler. He was pointing to a new release that the Army Corps of Engineers will build 12 apartment-like houses along the cross-Florida barge canal. That's a thought for Holiday Isle, and its blind mosquitoes.

City Nixes Protest On Rec Center

By JACK LIVELY

"Before you were \$100,000 on a recreation center, give us drainage, lights and good streets for our people," said A. A. Fields, assistant pastor of First Shiloh Missionary Baptist Church, when he appeared with members of his congregation before city commissioners last night at city hall.

Members of the church also registered protest against a "teen center" which is being operated at the old Star Theater building.

"Our church has been there for over 70 years," said Fields, "and this new activity next door with the loud music and unbelievable profanity is most disturbing to our congregation."

Commissioner Earl Higginbotham reminded the pastor that several hundred of the colored people had continued to establish the recreational center and that the commissioners were honor-bound to do this inasmuch as they had given their word on the matter.

"Our hands are tied," said Mayor Vincent Roberts, "and in regard to the place next door and the loud juke box, they would have the same right to come in and complain about the loud organ in your church."

City officers were instructed to proceed with the land purchase necessary for the center. The proposed closing of Mulberry, Jasmine and Deander Avenues between Fifth and Sixth Streets met with favorable consideration when commissioners were advised that 137 rent supplement units were to be built there. A public hearing was slated for April 8, the next scheduled commission meeting.

Salary boosts were given three city employees in recognition of their work. Beneficiaries were:

Sheriff's deputies were called to the scene by Mrs. V. G. Hasty, operator of the snack bar at the park, who said the shooting occurred at 3:10 p.m. Death by suicide was ruled by Coroner Thomas Lovett, district 6 justice of peace.

Sheriff's deputies were called to the scene by Mrs. V. G. Hasty, operator of the snack bar at the park, who said the shooting occurred at 3:10 p.m. Death by suicide was ruled by Coroner Thomas Lovett, district 6 justice of peace.

Federal Act Causes Hike

By JANE CASSELLBERRY

Local retail food outlets today reported that milk prices to the consumer have increased. A & P said that milk prices have increased 10 cents a gallon, while Food Fair and Handy Food Stores say prices were hiked four cents a gallon. On the other hand, two of the largest retailers—Winn-Dixie and Publix—reported their milk prices have not gone up, as yet.

All said that they did not yet know of any further increase as a result of the new Federal Milk Marketing order.

Area retail dairies report that farmers who agreed to the Federal order to raise the price of raw milk they will have to pass the increase on to the consumers, but they have not heard any definite plans as yet.

A spokesman for Borden's Dairy, which raised prices for home delivery in February, said it did not anticipate another rise, but everything depends on the government.

Instant School' Planned

By KAY BARTHOLOMEW

An "instant" school, made up of portable buildings, and placed in the Weatherfield area, will be innovated next fall by the city government.

The new portable school, Spring Lake Elementary, will be just one of a number of changes planned to give parents of school children an opportunity to evenly spread enrollment when they fill out Freedom of Choice forms that will be mailed the end of this week.

Thomas L. Riechy, director of administrative services said "because of the increased growth and overcrowded conditions which exist in many of our schools, it will be necessary for us to shift some students to provide adequate housing of a 410 gauge shotgun into the chest which punctured the heart."

Sealed personal messages to members of Ponder's family and a suicide note, stating that the body be turned over to Cox Parker Funeral Home in Winter Park, were found. Information in the personal messages was not made public at this time. Chief Deputy J. Q. Galloway advised.

Sheriff's deputies were called to the scene by Mrs. V. G. Hasty, operator of the snack bar at the park, who said the shooting occurred at 3:10 p.m. Death by suicide was ruled by Coroner Thomas Lovett, district 6 justice of peace.

At the same time, Mrs. A. F. Keith, Republican State committeewoman, told of savings available to candidates in purchasing campaign literature through the state organization.

Mrs. Eleanor McDonald, in charge of precinct organizations, pointed out when voter registration books close for the primaries no further party switching from Democrat to

Republican or vice versa will be permitted.

Greg Drummond, chairman of the county executive committee, reported a library has been compiled of past campaign issues and other information which may assist candidates. He further stated voters' lists will be available to candidates with only charges but, according to Sheriff Peter Millott, "there are no new leads."

Other local Republican diehards presenting information were Thomas Speer, assistant public defender, and Sen. Kenneth Plante.

Orlandoan Ends Life

A 47-year-old Orlando man died Monday afternoon of self-inflicted gunshot wounds at Big Tree Park near Longwood.

The dead man was identified by Seminoles County Sheriff Peter Millott as Marcus Pughley Ponder Jr., of 413 East Gore Street.

According to report filed by Deputy Jack Busch, death was caused by one charge fired from a .410 gauge shotgun into the chest which punctured the heart.

Sealed personal messages to members of Ponder's family and a suicide note, stating that the body be turned over to Cox Parker Funeral Home in Winter Park, were found. Information in the personal messages was not made public at this time. Chief Deputy J. Q. Galloway advised.

Sheriff's deputies were called to the scene by Mrs. V. G. Hasty, operator of the snack bar at the park, who said the shooting occurred at 3:10 p.m. Death by suicide was ruled by Coroner Thomas Lovett, district 6 justice of peace.

At the same time, Mrs. A. F. Keith, Republican State committeewoman, told of savings available to candidates in purchasing campaign literature through the state organization.

He further stated voters' lists will be available to candidates with only charges but, according to Sheriff Peter Millott, "there are no new leads."

Other local Republican diehards presenting information were Thomas Speer, assistant public defender, and Sen. Kenneth Plante.

Engineer Retained

County Commission goes the show of regulating privately owned utilities in Seminoles County. The board has retained the services of B. C. Conklin and Associates as consulting engineer for the program.

Conklin estimated cost of his service in studying and evaluating the law passed by the legislature during the special session and preparing rules and regulations, franchise agreements and setting rate procedures at \$1,000 to \$1,500. This will not include assistance in later evaluating rates, investments etc.

County Attorney Harold Johnson and other legal assistance as necessary will work with Conklin on the preliminary report.

In other business, the board again refused to participate with the City of Altamonte Springs in improving Ballard Street in the city. Motion by Commissioner W. Lawrence Swafford that the request of the city be approved died for lack of a second.

City Attorney S. Joseph Davis Jr. appeared on behalf of Altamonte and pointed out Ballard is a connector between I-92 and Maitland Avenue. He insisted county traffic count at least a two and one-half years ago showed the road carried 276 cars a day while only six homes are located on the street.

Republicans Convinced '1968 Is The GOP Year

Convinced 1968 is a Republican year from the court house to the White House, Rep. E. Pope Bassett urged a "team effort" to assure Republican victories in the November elections at the candidate recruitment and promotion school last night at South Seminoles Bank.

"The Republican Party is not a headless monster," Bassett declared to some 54 prospective candidates present. "We can win only through a team effort. Any man who is foolish enough to think he can win a victory alone is destined to go down to defeat."

"Do not criticize other Republicans," said Bassett, who is serving as chairman of the candidate promotion committee. "Heaven knows there are enough Democrats with enough faults to criticize."

"Democrats are either LBJ Democrats or Bobby Kennedy Democrats," the state representative advised, "and if a Democrat professes to be not a Democrat, he is really a Republican and get him to vote that way."

The meeting, which continued for three hours, saw State Attorney Donnick Staff recite plain legal requirements for candidates and offer free legal assistance to Republican candidates.

At the same time, Mrs. A. F. Keith, Republican State committeewoman, told of savings available to candidates in purchasing campaign literature through the state organization.

Mrs. Eleanor McDonald, in charge of precinct organizations, pointed out when voter registration books close for the primaries no further party switching from Democrat to

Republican or vice versa will be permitted.

Greg Drummond, chairman of the county executive committee, reported a library has been compiled of past campaign issues and other information which may assist candidates. He further stated voters' lists will be available to candidates with only charges but, according to Sheriff Peter Millott, "there are no new leads."

Other local Republican diehards presenting information were Thomas Speer, assistant public defender, and Sen. Kenneth Plante.

No New Leads In Murder

Investigation was being continued today into the murder of Bobby Joe Ray, 30, on March 18 at an Interstate 4 rest area but, according to Sheriff Peter Millott, "there are no new leads."

Millott stated that removal of the body and Ray's automobile before pictures were taken "has hurt the investigation."
