# Housewives Urged To Take Advantage Of Tomato Crops

JACKSONVILLE, May 18—
"Recent reports of a directors
meeting of the New JerseyPennsylvania Tomato Growers
Association in which a recommendation was made for a general transfer to other crops because of low prices offered for canning tematoes, lead me to urge that housewives take advantage of Florida's spendid tomato crop now being barvested. # Why Did Hickson Resign?

Soon after the appointment of P. A. Mero as sheriff of Seminole County on Feb. 25, 1947, Robert J. (Jack) Hickson resigned as chief deputy sheriff after holding this office for a number of years, WHY?

# My Answer

After 18 years of service as Chief Deputy under two duly elected Sheriffs of Seminole County I felt that my services and experience abould, and would be, considered, when, at the demise of the Honorable Charles Hand, a vacancy occured.

I was disappointed in not being advanced to the office of Sheriff. especially since this office went to a man without previous experience. I therefore decided to be a candidate for the office of Sheriff at the next election. I felt I could not conscientiously serve under Mr. Meroknowing I would oppose him as a candidate. I never have served under him. In the interest of honesty and fair play I resigned my position as deputy and placed my candidacy for Sheriff before you.

I publicly pledge, if elected, to enforce ALL laws to the fullest extent without favor or partiality to any person or group. I believe crime prevention is an important and vital part of proper administration of

I pledge an administration of progress, economy and honesty based on commun sense and fairness to all without favors to any person or group.

My campaign has been clean. I shall keep it so.
