**OLD "BLUE LAW" HAS STUCK**

All Efforts to Amend Famous Statute of Pennsylvania Have Thus Far Been Unavailing.

Once more an effort is to be made to amend the most famous of all laws on the statute books of Pennsylvania—the venerable blue law, enacted April 22, 1794.

It is said that at every regular session of the legislature during the 125 years since that awful crimp was put in Sunday conviviality, an attempt has been made to repeal it entirely or to amend it, Girard writes in the Philadelphia Press.

But that old law entitled "An act for the prevention of vice and immorality and for other purposes," has survived all the assaults of those who would destroy it.

A century and a quarter of world revolution, of tumbling thrones, of dazzling inventions and economic and social changes finds that statute of 1794 as unbreakable and rigid as the eternal laws of the Medes and Persians.

Those old legislation bricks of 1794 regarded it as being vastly more wicked to shoot a rabbit on Sunday than to drink a hot toddy.

One offender was tagged with a fine of \$25, the other a shilling and a half. It was impossible under a strict enforcement of that law to operate a canal boat, a railroad train, a street railway car, a cab or sell any commodity from a loaf of bread to a package of chewing gum.

Every seventh day the state of Pennsylvania was expected to freeze up completely like a good bird dog when he sees a quail.

**WORLD MUST HAVE NITROGEN**

Men of Science Preparing for the Time When the Chilean Nitrate Fields Are Exhausted.

Farmers of Europe and America have been almost entirely dependent for nearly a century upon the Chilean nitrate fields, which have stood literally between the world and starvation. Behind a plateau 5,000 feet above the sea level and 20 miles from the Pacific coast, is a dreary, parched, almost rainless strip of land, where nature has deposited millions of tons of nitrogen in the form of nitrate of soda. Not only the power to produce crops, but also the power to wage war and to develop many essential industries depends upon nitrogen. Before the war the German chemist, Ostwald, wrote: "If a great war were to break

out between two great powers, one of which were to prevent the export of saltpeter from the few ports of Chile, it would thereby make it impossible for the enemy to continue longer than its ammunition supply would last." Germany had accumulated 600,000 tons of Chilean saltpeter before the war. It is estimated that the Chilean nitrate beds will be exhausted some time during the present century. Scientists and engineers, therefore, are bending every effort to other means of supply. Nitrogen is now being recovered from the air by various processes and in several countries.

**The Waiter's Mistake.**  
"The French, since Foch's victory, are almost in danger of getting swelled here," said Immigration Commissioner Cammett of New York.

"And no wonder! The French certainly displayed great military genius in this war, and praises and compliments are falling on them from all sides.

"In a French restaurant the other day I ordered a steak. Then as the French waiter turned to go, I added: "Well done, waiter."

"The young man, flushed with pleasure, drew himself up and saluted smartly.

"But you Americans, monsieur," he said, "you Americans also covered yourselves with glory at Chateau Thierry and the Bois de Belleau."

**Lonely Telephone Station.**

An isolated telephone pay station is located at a camp on the shore of Richardson lake, one of the Rangeley group in northern Maine. This telephone is more than 20 miles from the nearest station at Rumford, on the Maine Central railroad. The line runs 12 miles from the camp to the town of Andover, where connection is made with switchboard in the office of the Andover Telephone company, a subsidiary of the New England company. From that town the lines extend 18 miles to Rumford. From this telephone many emergency calls have originated during the ten years since the station was established. It has been the means of saving the lives of many hunters and woodsmen who have been injured in the north woods.

**Europe Likes American Milk.**

European people have learned to like American dairy products. Exports of condensed milk to Europe rose from 10,000,000 pounds in 1914 to 530,000,000 pounds in 1918, and there were notable increases in exports of other dairy products. Much of this must be due to abnormal war demands, but the United States department of agriculture believes that there is both an opportunity and a tendency to expand in this direction over prewar requirements. A normal increase in dairying in this country, the department thinks, is fully justified, provided there is the necessary increase in feed crops.

**THEIR LAST DANCE TOGETHER**

Mrs. Castle Tells a Pretty Story of Her Final Performance With Her Husband.

Irene Castle's memories of her late husband, Capt. Vernon Castle, conclude in Everybody's with the following account of their last public appearance:

"Our last dance together was while he was instructing up at Camp Mohawk, Canada. He had been given permission to come to New York especially to dance with me at a British recruiting benefit which was held at the New York Hippodrome. Because of the nature of the occasion, he had been given permission to dance in uniform. It had been long since we had danced our old dances together, and it had been necessary the day before to work quite hard in brushing up. I had expected that Vernon would have forgotten altogether a lot of the steps or that he would be a little stiff from lack of practice, but on the night of the benefit he danced divinely. At the close of the performance many beautiful flowers were handed to us over the footlights. We bowed and bowed again our thanks. In the wings Vernon nervously kissed my hand and there were tears in his eyes. I wonder if he guessed we had danced our last dance, and the last ring of applause for us was still.

"The world had been very good to us. We had lived well and lavishly because of that same applause. Together we tasted success, fame and money. Thank God that at no time during that night did I dream it was the end."

# STATEWIDE CELEBRATION

Tenth Anniversary of the state's largest business institution and the most important factor in the development of the citrus industry in Florida

## FLORIDA CITRUS EXCHANGE

Will be held in **LAKELAND** indoors rain or shine

### SATURDAY, MAY 31

At the Big Auditorium

Ten years ago, with the citrus industry of Florida in a most perilous position, and after some growers had been compelled to sell their fruit as low as thirty cents per box, forty-five prominent Florida growers boarded the train for California, where they spent some time in studying the methods in use by the already successful co-operative marketing agency of the growers there. Shortly following their return to Florida, they held a meeting with other growers at the Tampa Bay Casino and the Florida Citrus Exchange was launched.

**Ten Years of Success**

From a modest beginning the Florida Citrus Exchange has grown to be the State's biggest business institution. It has stabilized Florida's citrus industry through its methods; and brought the growers prices of which they had never dreamed in years before. It has pointed the way to progress and prosperity for the citrus growers of the State; and its members, naturally, have reaped the financial and other benefits of leadership.

**Of Interest to Every Grower**

The Tenth Anniversary of the organization of the Florida Citrus Exchange is an occasion of interest to every producer of citrus fruits within the State of Florida. Not only should every member of this organization attend where it is possible, but growers not affiliated with the Florida Citrus Exchange will find the program both interesting and profitable. With characteristic hospitality, Lakeland is arranging to entertain a host of citrus growers on this day. Every citrus grower in the State, if possible, should arrange to be on hand.

Adjustment of meeting will be in ample time to catch evening trains out of Lakeland.

PROGRAM

**ELDER SPRINGS**  
 Monday, June 2, is J. M. Lord's eightieth birthday. We wish to announce that there will be a basket picnic at Thomas Ford on that day in his honor. Mr. Lord wishes as many of his friends who can to meet him on this social occasion.

Mrs. N. Nelson of Palm Beach paid her sister, Mrs. McWaters a visit last week, looking after her little boy who is afflicted with tuberculosis of the hip.

J. H. Wynn made a flying trip to Jacksonville recently. Humphrey Bros. bought two fine ponies in Kissimmee last week. Lafayette Humphrey returned from France last week, having an honorable discharge. Although Lafayette was called as late as June he was one of the many who were bombarding Metz when the armistice was signed and he has many interesting stories to relate. Lafayette was not wounded but had a severe case of flu that laid him up in the hospital for several weeks while he was there.

Mrs. M. T. Cassidy and family spent Sunday with her mother, Mrs. Riley on the Heights.

Mr. S. Barnhart attended the graduation of his granddaughter, Miss Emanuel at Orange City last week.

R. W. Lord has opened a small store on his place near here and is going to keep most everything country folks need.

**EAST SANFORD**  
 Corp. John A. Warren, Co. C. 506 Engineers will arrive in New York June 1st on the General Gorges. John was a volunteer and has been in France since December, 1917. His parents are anxiously awaiting his arrival home. One hand is disabled from shell shock—the same one injured while employed at the Crown Paper Co. several years ago.

Miss Nellie Brown of Ft. Christmas is here spending some time with her sister, Mrs. J. F. McClelland.

Mrs. Joe Cameron, Henry and Eleanor have gone to the beach to remain for some time.

Mr. and Mrs. Byron Squire and children came from Jacksonville on Tuesday morning. Mr. Squire for a short stay. Mrs. Squire and the babies will remain for a few weeks' visit.

Mr. and Mrs. Charlie Merriwether and children and Mr. and Mrs. Walter Hand are leaving in the Merriwether car on Sunday to drive to Lynchburg, Va., to visit Mr. Merriwether's people. The party expect to go on to New York before returning.

Congratulations from many friends to Miss Beth McDonald and Alex Reber who were married last Saturday.

Mr. and Mrs. T. W. Bryden have bought the house they occupied for some time, known as the Cust home on Cameron avenue. Consideration, \$7,000.

G. C. Chamberlain was over from Daytona Beach for the day Friday.

Willoughby, Ohio and Casadag, Fla., were visitors at the Ellsworth home Friday. They leave for Ohio this week.

Miss Frances Dutton is leaving the first of June to enter a girls' camp at Plymouth, New Hampshire, for the summer.

Junior Dutton has gone to Golden, Ill., to spend the summer with his paternal grand parents.

Mr. and Mrs. W. W. Dressor and Helen and Mr. and Mrs. J. C. Ellsworth went to Lake Harney on Sunday to enjoy the bathing.

The Moore's Station Sunday school picnic is planned to take place at the Dr. Hazelton place on Lake Silver.

Mr. and Mrs. Alex Foster are moving and enlarging their home on Geneva avenue.

R. L. Grier was unfortunate in having a nice mule die of cold last week.

**OVIEDO**  
 Received too late for publication last week.

Mrs. E. A. Farnell and Miss Ella Belle Jones visited friends in Orlando Tuesday.

Mrs. T. B. Cook and children spent Sunday in Oviedo's guests of the Oviedo Hotel.

Mrs. W. N. Blackwood spent last Monday in Orlando.

Miss Lila Lee Moore spent last week with her sister, Mrs. G. W. Barwick.

Mrs. J. T. Kelsey and children of Tampa are the guests of Mrs. Kelsey's parents, Mr. and Mrs. A. J. McCulley.

Emmet McCall and Misses May Conoly and Alice Brannon visited Sanford Tuesday.

Mr. and Mrs. W. J. Lawton spent Monday in Sanford.

Mr. and Mrs. O. P. Swope and children left Wednesday for Washington, New York and other points in the east. Mr. Swope expects to be away about two weeks but Mrs. Swope and the children will spend the summer with relatives and friends in Oklahoma and Kansas.

C. M. Farnell of Sanford spent Thursday night in Oviedo.

The Sanford ball team played Oviedo team in Oviedo Thursday afternoon. The score stood 23 to 3 in favor of Oviedo. This is two out of three games Oviedo has won from Sanford this season.

The Red and Blue Contest which has been running in the Christian Endeavor Society for the past two months closed Sunday night with a victory for the Reds. The victors were beautifully entertained by the Blues at the home of Miss Ruth Young, the captain of the Blues. It was an advertisement party, each person representing some familiar advertisement. There was great fun guessing each representation, after which games were played and delicious refreshments were served.

**UPSALA AND GRAPEVILLE**  
 (Received too late for publication last week)

Mr. and Mrs. D. B. Hodges came out from Sanford to spend the day with Mrs. Hodges' parents last Sunday.

Two friends of Mrs. A. F. Westerdick, Mrs. Belle Coward of Orlando and Mrs. Chas. Krause of Avon Park were her house guests for a few days.

Mr. and Mrs. E. W. Lundquist went into Sanford and brought out Mr. and Mrs. L. B. Hodgens and little Alice to spend the day with them Sunday.

Mr. and Mrs. Regener, son Adolph and Mr. and Mrs. Herman Bennin, with their two daughters from Gotha paid their relatives the Ehrensperger family a very pleasant visit last Sunday.

Mr. and Mrs. Noah Fry of Isleworth came up in their auto Sunday, spending the day with their sister, Mrs. Tom Tyner and mother, Mrs. Bengston.

H. G. Lundquist is receiving subscriptions for the last drive in the interest of the Salvation Army, having been requested by the county chairman for the war work. Mr. Stevens to raise the small sum of \$10 in Upsala. If in any way you have been overlooked we are sure it will be appreciated if you had him your note. "Give and it shall be given unto you." Surely none need to be told of the good these people have done for our boys during the war.

Mr. and Mrs. M. Wallam and their five children from Homestead, Fla., who are in Orlando for a two weeks' visit, came up surprising Mrs. Vallam's parents, Mr. and Mrs. Ehrensperger on Tuesday for a few days' visit.

We understand there were two little birthday gatherings for the children. One came Friday evening at the home of Mr. and Mrs. T. O. Tyner and was in honor of their little daughter Florence's twelfth birthday. It was graced by a number of adults as well as those of her own age. She received some pretty mementoes of the occasion.

On Saturday there was a family gathering at the home of Mr. and Mrs. Edwin Lundquist in honor of little Raymond's birthday.

Illness has kept us in and so have not heard if Rev. Sessions is coming out, but this is his Sunday and expect there will be services following the Sunday school at three o'clock. This being Memorial Sunday, G. T. Ballinger hopes to attend the services in town, as he was one of the boys in blue.

**LONGWOOD PICK-UPS**  
 E. W. Henk left Tuesday for their home in Plainfield, N. J.

Miss Olive Dinkel and Miss Gladys Craig of Orlando spent the week end the guests of Mr. and Mrs. J. S. Dinkel.

J. E. Phipps was shopping in Orlando on Saturday.

Fred Grist was in Orlando on Tuesday.

L. J. Hunt and family motored up from Ft. Lauderdale and spent the week end with Mrs. Hunt's parents, Mr. and Mrs. J. H. Allen.

Mrs. Wilkinson left last week for Gainesville where she will join her husband.

Palm Springs was visited by two heavy rain storms on Tuesday, and considerable damage was done by the heavy rain and wind.

Mrs. Mary Hardaway spent several days in Oakland, the guest of her cousins, Mr. and Mrs. McDaniels.

Mr. Rieter and family left last week for their home near Pittsburg. Mr. Rieter plans to purchase the Cramer property and locate here another year.

The Palm and Hoosier Springs road is being clayed.

The Seminole Sunshine Club gave an entertainment last Friday evening at the Library, also sold punch and cake. The following program was rendered: Song, "Three Letters Home," sung by the club; reading, "Ancient Auto" by Mrs. Dinkel; song, "Till We Meet Again," by Misses Olive Waits and Mary Eva McGahey; reading, "Drifting Out to Sea," by Mrs. Dinkel; a scenic reading, "Bachelors' Dream, Bachelor, Ben Overstreet; the sweethearts of his dream: Country Lass, Adrian Waits; Actress, Dinah Allen; Clerk, Annie Bell Truitt; Tennis Girl, (Continued on Page 3)

Mr. and Mrs. Joe Fortier spent Sunday with Mr. Tom Fortier and family.

Mr. and Mrs. Nicola are spending the week end on their old home place at Soldier Creek.

Mr. and Mrs. Neal Culp and Mrs. W. M. Robinson left last Saturday for Jacksonville to spend the week with their people. They made the trip in their car.

Mrs. Jack Vaughn is on the sick list this week. There are so many people complaining of feeling bad I think it must be the weather.

It seems like the rainy season has set in. It is fine for sweet potato planting.

The air planes pass by but don't call in our little city. I don't see

why they don't for the city and the people are all right. Sanford is getting to be a business little town since the war and it will be greater Sanford when everything gets right.

People will have a bad time dipping cattle Saturday if the bad weather holds on, but we don't care how the world wags so the peace is signed and then we can say more, do more and think for the better. That is what we are all living in hopes of, is peace.

The fall garden is about out and spring gardens are in now. Vegetables are plentiful now. All kinds of watermelons are in but the price is high. Everyone seems to have plenty of melons.

We don't see much about the ex-kaiser nowadays but I guess he is still sawing logs in Holland. I think he will get another job later on when the peace is signed.

**UPSALA AND GRAPEVILLE**

We shall be fortunate in having Rev. Edwards of Jacksonville with us next Sunday for preaching at 4 o'clock after the Sunday school at 3:00, where Rev. Ericson leads us in Bible study.

Last Sunday in our lesson we saw where one man was used of God to call or cause a whole city to repent, forsake their sins and live for God. Shall Nineveh rise up in judgment against us who live now and have so much more light? Are we gospel hardened? Shall we allow our day of grace to pass by and heed not the call of the Spirit? Whosoever will let him come and the spirit and the Bride say Come. Sunday after Sunday His servants speak to us but how few stop their work or pleasure even to listen. The world is so alluring.

Rev. Sessions got mixed up on the change of time last Sunday. So there was no preaching.

Rev. Brower and wife of Sanford were afternoon guests at the home of G. T. Ballinger and wife on Friday.

Mr. and Mrs. Roy Lee and their little son have been the house guests of their brother, Jesse and wife for a number of days.

T. O. Tyner and daughter, Florence were dinner guests on Sunday of Mr. and Mrs. Krell.

Mr. and Mrs. Stedt are keeping house for Mr. and Mrs. Rantoul, as the latter have returned to their Boston home for the summer.

We are sorry to learn that Mr. Lynn has been sick, being threatened with appendicitis.

June weather seems to be with us and it is causing the corn and cotton to flourish.

Norman Swanson of the east side visited his parents Mr. and Mrs. Niels Swanson on Friday.

The ladies have been pretty fortunate in getting rid of some snakes lately. E. W. Lundquist killed a big one for Mrs. Swanson, while Mrs. J. E. Lundquist and Mrs. Ericson accounted for two others. During the blue berry season they are especially apt to be around.

Mrs. Ballinger and the Misses Eunice Tyner, Margaret Ericson and little Ruth were callers after Sunday school at the home of Mr. and Mrs. Jesse Lee.

Mr. and Mrs. C. M. Williams and their daughter, Miss Edna and Mr. and Mrs. Volie Williams motored to Orlando Sunday, getting home safely just as the storm came up.

Little Minnie Beck has been very ill for a week, coming down with the mumps at her grandparents' home in Grapeville and after being removed home, congestion set in and she has been seriously ill since. The family physician, Dr. Puleston is attending her and we hope she will soon be well.

We hear that Walfrid Pierson of LaHavre, France has sent to his brother Carl of Upsala a German gun as a memento.

Mrs. Thompson and little ones of DeLand are spending the day, Wednesday with friends in Grapeville.

**GENEVA**

Horace Rapperson is our latest boy to come back from France.

Mrs. J. M. Chaffler, who has been visiting her son, Herbert Chaffler near Jacksonville for some time came home Tuesday much improved in health.

Otis Mapps, Ossie Flynt, Raymond Kilbee and others are leaving Saturday for Georgia, where they will pack peaches for the next six weeks.

M. E. Douley, J. V. Wicks and Geo. Matthews are attending court in Sanford this week.

Hilly Grant is the latest victim of the mumps.

The close of school was celebrated with a picnic at the popular picnic grounds at Lake Harney last Saturday, everybody having a good time, as usual.

Mr. and Mrs. Joe Cameron and family of Cameron City attended the picnic at Lake Harney Saturday. Everybody is canning peaches.

**Editor Holly Sees Soldier Son After Twelve Months of War**

After looking for his boy at many parts of France and in the camps in this country R. J. Holly met his son, Reginald, at the union station at Jacksonville after a separation of twelve months. Just a year ago Reginald joined the Tank Corps in Jacksonville and was sent to Gettysburg, Pa., and afterward to Tobyhanna for his training and then sent overseas to take service in the whippet tanks. He also served as despatch rider and was stationed at many points in France before and after the armistice was signed. His father, R. J. Holly in the Y. M. C. A. transport service kept a watchful eye on his movements thinking he would at some time or other meet his boy in France or bring him home on his ship. At Bordeaux last month he was just a week too late as the lad had sailed on the Santa Anna for this country. Upon Mr. Holly's arrival at Newport News he went to Camp Mills only to find that his son had gone to Camp Meade and from there to Camp Jackson. Mr. Holly was meantime called home by the illness of his wife and upon reaching Jacksonville was approached by a young soldier who proved to be his boy, Corporal Holly, and the greeting of father and son caused many smiles and tears among those who were waiting for trains at the station. They came on to Sanford together and Mrs. Holly is happy in the reunion of the family once more.

**RED CROSS SERVICE AWARDS**  
Seminole County Chapter Workers  
Win Service Badges

The Red Cross Service badges that have been awarded to workers in Seminole County Chapter were received last week and distributed by the awarding committee.

These badges have been awarded on a certain number of hours, in a given period of time, and as no record of these hours of service has been kept at local headquarters it has been quite difficult to make the awards; the committee, however, notified the members of the chapter, through the columns of the Herald, to compute the time given in actual service to the Red Cross and report to the Home Service office. Several branches have reported through their chairmen but others have failed to make any report. There are undoubtedly many members of the chapter who have earned the badge whose names have not been submitted. On the other hand, an erroneous mistake has been made by some in the belief that the time of service covers the whole period of time since the organization of Seminole County Branch in April, 1917. As a matter of fact the time is computed as follows:

Four hundred hours in six months, a plain badge; 800 hours in six months, badge and plain ribbon; 1600 hours in twelve months, badge and blue ribbon with one stripe; 2400 hours in eighteen months, badge, blue ribbon with two white stripes. The officers of the chapter are entitled to badges on their term of service and such members who have done intensive campaign work.

The names of those receiving the badges are as follows:

Sanford 2400 Hours: D. C. Marlowe, R. R. Deas, Mrs. Deane Turner, Mrs. E. M. Galloway, Mrs. David Speer, Mrs. M. C. Savage, Mrs. A. E. Hill, Mrs. R. A. Terheun.

In addition to these names on the Honor Roll a very notable distinction comes to this chapter through Mrs. R. J. Holly who is probably the only person in the county having won the Red Cross pin for service during the Spanish-American War.

The pin, a solid gold Red Cross emblem was presented personally by Clara Barton to Mrs. Holly at Tampa, Fla., in 1898. Mrs. Holly gave months of service in the commissary department and registrar.

**A Pile of Diamonds**

A pile of Diamonds lay on the sidewalk across from the Herald office nearly all day Saturday. Some were carried away by men who drove up in cars. At night there were still many left and these were taken inside by Ralph Wight of the Wight Tire Co.

This pile of diamonds caused considerable comment and those who got them seemed well pleased. Many have not been able to get them in Sanford before and but for the fact that the Wight Bros. have signed a good big contract with the Diamond Tire Co. they could not get them now. Suffice to say that the Diamond Tire has come to Sanford to stay and this news will be welcome by many motorists who have been wanting them.

Inquire of Dr. Howard or Herald Office. 53-31c New Dangerous Potato Disease G. H. Martin, Jr., of the Department of Agriculture at Washington was in the Sanford section on Wednesday and Thursday of this week. He is making a survey of the state for the purpose of finding if Florida is infected by the new potato disease known as "potato wart." This is a new potato disease recently discovered in America in some of the northern states. Heretofore it has been confined to European countries. Up to date none has been found in Florida. Potato wart causes very serious losses in England, Ireland and other parts of Europe. In some places the disease is so severe that potatoes cannot be grown profitably. The parasite which causes wart is spread most frequently by using diseased potatoes for seed. Soil once infested remains contaminated for many years. Prompt steps should be taken to stamp out the disease wherever found. Keep watch for warty potatoes at digging time and report all suspicious cases. Woman's Club The Welfare Department of the Woman's Club held its last meeting of the club season Wednesday, May 28th in the club rooms. Report of the Spring Festival was much enjoyed, being given by Mrs. S. Puleston. The department are much pleased over the results. Nearly eight hundred dollars remain as

profit. The department recognized that a year ago this sum would have been less had it been invested in the market. The department recognizes the help of the Boy Scouts never forget their splendid service in the year 1919, for the but at such a time the Welfare department yearned to give to the Boys Scouts. Mrs. McKinnon, chairman of 9th Street Park gave splendid plans showing in what way this may be made a most attractive playground for our children of Sanford. There is still a good fund on hand which has for some time been awaiting wise expenditure. BUY DIAMONDS The Best Investment The first cost of Diamonds is a little less than you are paying for other Standard Tires. They are giving from 1000 to 10,000 miles service and are guaranteed for 5,000 miles, a quality product—handled by the Wight Tire Co. 55-51c For Assistance in Festival The Welfare Department of the Woman's Club viewing splendid results of the Spring Festival takes this opportunity through the columns of the Sanford Herald of voice its appreciation to all those who generously gave their time and energy that in such a great measure made the festival a grand success financially and pleasantly. Especially are thanks due the following Jacksonville firms who gave liberal donations through the Wight Grocery Co. in which Mr. Johnson, manager, assisted. F. J. Smith Co., candy manufacturer, a discount of 15 per cent on candy. L. H. M. S. Co., 119 So. 1st St., 2 cases, 2 cases evaporated milk. Cheek & Neal Coffee Co., 30 1/2th cans Maxwell House Coffee. Wilson & Co., F. F. Brannan, Manager, 2 cases Wilson's catsup. The Welfare Department appreciates the fact that Jacksonville firms take an interest in Sanford's activities.

Notice of Application for Tax Under Section 8 of Chapter 4888 Laws of Florida. Notice is hereby given that B. F. Doudney, purchaser of tax certificates Nos. 184, dated the 2nd day of July, A. D. 1918, has filed said certificates in my office, and has made application for refund to be in accordance with law. Said certificate embraces the following described property situated in Seminole County, Florida, to-wit: Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100. DOUGLASS, Clerk of the Court, do hereby certify that the above signature and seal is true and correct. We further wish to express our thanks to the men and women who were instrumental in raising the quotas for the counties. You have done well. God's blessings be upon both giver and worker. Robert F. Kersey, Manager Orlando Zone. Fire at Crown Paper Co. Fire was discovered in the plant of the Crown Paper Company at an early hour yesterday morning. It is supposed that the origin of the fire was from spontaneous combustion as it started in the ink room where quantities of ink and chemicals are kept. Fortunately the plant is equipped with the sprinkler system and the fire was extinguished before the loss arrived. Loss is estimated at \$1,500. Humor in the Classroom. Ethel, who was two years old, was studying her reader, and learned that fish are placed in the water before they are dried and prepared for sale. After explaining that brine is very salt water, the teacher asked why the fish were kept in salt water. Ethel's face was illumined with sudden understanding, and she promptly replied: "Because they are used to salt water." Species of Fern. The Island of Mauritius, less than one-third the area of Delaware, has 25 native species of ferns; Java, a little larger than New York, has 469, while Brazil contains 387. All Europe furnishes but sixty-seven species, the rest zone, 26; North America, north of Mexico, has about 175 native species. Daily Thought. Whatever chance shall bring we will bear with equalmity.—Terence. In Circuit Court, Seventh Judicial Circuit, Seminole County, Florida. Mary Sell Bridges vs. Elijah J. Bridges Citation To Elijah J. "What is court without a Grand Jury?" Seminole county is to be congratulated upon not requiring a Grand Jury for this session of the court. Let us hope that this performance will be repeated often.

Those who missed attending the Community Work Convention on Tuesday, and there were many, missed a rare treat. Florida is far behind on her work among the boys and will regret it some day unless steps are taken to remedy the existing conditions.

#### EVERYBODY CAN HELP

The law says that no animal may be starved or abused. No herds of hogs or overstocked, and it punishes those who are cruel to animals. Therefore, if you know of a horse that is not properly cared for, or is worked when lame or very old—if you know of a dog, chained all the time without exercise, or one without water or proper shelter in very hot or cold weather—or a cat that deserves better care of its owners than it is getting; in any of these cases let us remember that we are towards unless we try to improve conditions. Sometimes it can be done by personal and kindly reminders to the careless persons. Sometimes it takes force to make them obey the Golden Rule. In such cases reference to the police or other city or village authority should be made to refer, unless there is a special humane officer, and there are far too few in Florida. If we fail once in improving conditions, that is not an excuse to say, "It is not any of my business," and go along letting dumb creatures suffer needlessly or be abused without even trying to help them.

This includes the breaking of the game, bird and fish laws of our state, and is too often done by some people as well as tourists. Protecting laws have been made and if we want Florida to continue blessed in animal life and fish life in such abundance as it should and could be, it is up to Florida citizens to see about it. Mankind is stronger than animal life, and God expects us to live and teach the doctrines of humanity and justice toward the dumb creatures around us.

#### DAYS OF GOLD

If you will read your history of California, you will find that one of the outstanding and most impressive features of the time was "high prices." You will find many amusing instances of the astonishment of the newly arrived tenderfoot at the prices he was obliged to pay for everything he needed or desired. A plate of ham and eggs, \$5.00, a pair of boots, \$75.00, a bit of lumber, \$100.00, carpenter's wages, \$50.00 a day, and so on through the whole list of the market.

The chief reason for this condition in the gold fields in '49 was precisely the fundamental reason for our general high level prices all over this country and the civilized world today, a relatively large supply of currency, a relatively small supply of goods or commodities, a great need of commodities.

Under the call of the price which California was offering for commodities in those days of gold, all the world began rushing its surplus products to that profitable market.

The production of gold, however, was so great as to keep far ahead of the production of commodities, and it was only after a period of years that commodity prices in California came to a level approximating those of other markets.

On the other hand California was slipping gold to the other markets so rapidly that commodity prices rose in those markets to greatly higher levels.

In the last four and a half years the whole civilized world has been destroying commodities and increasing currency. Naturally, the prices

of commodities measured in currency have gone up and the price of currency measured in commodities has gone down.

The economic history of the world clearly shows that in all similar circumstances the decline of commodity prices has been a much slower process than currency inflation, and in no case in modern history has the level of commodity prices ever returned to the level at which it stood when the inflation of the currency began.

One of America's highest economic authorities, Professor Irving Fisher of Yale University says in his paper read at the Conference of Governors and Mayors at the White House March 3rd to 5th, "Business men should face the facts. To talk reverently of 1913-14 prices is to speak a dead language today. We are on a new high price level which will be found a stubborn reality."

#### FLORIDA SAND

Speaking of the wonderful returns farmers have enjoyed this season from the bean, cucumber, pepper, and other small-truck crop, the Punta Gorda Herald declares:

"Florida sand is showing this year what it can do when properly cultivated."

The "grit" of her soil, and the sand of her soil is what is making Florida rich and famous. One is helpless without the other. Thousands of acres of as good soil as that in the Punta Gorda, Manatee, Hastings, Plant City, Sanford and other places are to be found all over Florida, and it is only when men with the "grit" to tackle the thing intelligently get to work on these soils, that they produce the wonderful harvests we read of this season.

It is almost impossible to estimate the actual financial returns from Florida truck crops, for the crops are raised in so many different localities that no man knows exactly what even a section has returned. We can only estimate upon the carloads shipped at the average prices paid reported from different places and at varying times.

The Punta Gorda Herald tells us "one car of tomatoes netted \$1,922.50, another car netted \$1,704.75. Hundreds of cars at prices, but little under these have gone out or are going out now."

The federal bureau of crop estimates tells us, regarding the Florida watermelon crop: "The bureau has records of 16,620 acres now planted, the forecast for the season being 7,130 cars, 1,000 melons to a car."

And with the price averaging above six hundred dollars a car, while many cars are still bringing above eight hundred dollars, or eighty cents a melon at the side track or in the field, some idea of what the melon crop is going to be worth can be had.

Florida is the only state now shipping watermelons in marketable quantities. The state will, as in every other fruit and melon and truck product, reap the best of the prices for its work in raising the earliest produce.

It pays to truck in Florida, even if the sandy soil does not appear to you fit to raise anything, provided you have the right kind, and sufficient grit to mix with that sand.

#### OBITUARY

Rev. William Stones  
Seminole county and Florida have lost one of the noblest men in the state in the death of Rev. William Stones, late pastor of the Baptist churches at Oviedo and Geneva. Rev. Stones' death occurred at the home of his son, Mr. Fred Stones at Daytona, Florida, on Friday, May 16th.

Rev. Stones has been one of the most active citizens of Seminole county in all of the many drives other activities during the past two years. In Red Cross work, Liberty Loan drives, War Savings and United War Work campaigns, Mr. Stones was among the leaders of his community, never failing to respond to every call made upon him, whether in his official capacity as a minister or as a private citizen. His efficient work has been recognized not only in the communities in which he served as pastor, but throughout the entire county.

Rev. William Stones was born in Doncaster, England, March 24th, 1846, and came to America at the age of twenty-one, settling first at Montreal, Canada. Later he moved to Michigan, where he was engaged in the lumber business. Previous to this time he had been connected with railroads at various points in England and Canada.

In 1884 he came to Florida, locating at Sanford, where he became interested in the growing of citrus trees. Later he was engaged in similar work in and near DeLand, Fla., where for a number of years he was deacon in the Baptist church and leader of the Bible Class.

In 1895 he entered the ministry and accepted the pastorates of churches at Seville and Lake Como. In 1898 he became pastor of the Baptist church at Palatka, which charge he held until 1905, when he accepted a call to Titusville.

From 1913 until his death, Mr. Stones served the churches at Oviedo and Geneva, and deeply endeared himself to the citizens of these towns. Members, not only of his own faith and order, but of all churches held Brother Stones in the highest esteem and feel poignantly their loss in his departure from earthly duties.

Left to mourn the loss of our dear brother are his faithful wife, his son, Fred Stones of Daytona, another son, William of Philadelphia, Pennsylvania, and two daughters, Miss Elizabeth, teacher in the Geneva school, and Miss Mary Stones, teacher in the Enterprise school, Volusia county. Among other near relatives in this country are his sister-in-law, Mrs. Hart of Geneva, his two brothers-in-law, Rev. A. L. Abercrombie of Umatilla, and J. E. Abercrombie of Winsted, Connecticut.

The many friends of the family sympathize deeply with these in their sad hour of bereavement.

### THE COMMITTEE

By NELLIE GORDON.

Now that the war was a thing of the past, so to speak, Dorothy found time hanging heavily on her hands. No more Liberty loan boosting, and the Red Cross activities had abated, considerably in the town of Knoxville with the dawning of peace. Dorothy, before the war, had been rather a lady of leisure, but the lure of doing one's bit had gotten into her blood.

Scanning her mail she found one letter which brought a look of enthusiasm to her very attractive face, replacing the bored, listless look which had settled there lately.

It was from the American Red Cross, asking that she serve on a committee to aid men returning from the service, in finding positions suitable to their various abilities and to help them in general in readjusting themselves to civilian life.

Dorothy literally threw herself into the work with great eagerness. From morning until night she gave of her best efforts to the wonderful work. One morning, as she was leaving for the "After-Care" headquarters, a caller was announced. And in the living room she found a tall, bronzed young man clad in olive drab.

"Miss Gray?" he questioned.  
Dorothy nodded.  
"I understand that you are one of the 'After-Care' committee, and as I have just returned from camp I have taken the liberty of calling to ask if you could aid me in finding work. I suppose it is a little irregular, as I do not belong here but as I intend to remain here for some time, I thought I might perhaps you might be willing to help me."

Dorothy considered for a moment, then, assuming her most businesslike manner, said: "It is rather irregular, I suppose, but then, the object of the work is to help all soldiers, and I think perhaps the matter of your not belonging here will not matter."

After noting his qualifications, and securing his address, she promised to communicate with him as soon as possible.

A week later found Robert Birney, Dorothy's protégé, settled in the office of Dorothy's father. And, strangely enough, it became necessary for Dorothy to visit her father at business very much more often than in the past. She had many pleasant chats with the stranger, who puzzled her greatly, as his manner of speech and habits were very much at variance with his apparent position in life.

Some months later came a day of much rejoicing in Dorothy's family. Brother Bob arrived home after a year of fighting "over there." After he had been home about a week he accompanied Dorothy one morning to the office.

And as they entered the outer office a strange thing occurred. Bob cleared the little gate in a jump and landed almost on top of the young man who was studiously working at a desk.

"Bob Birney—by all that's wonderful!" shouted Bob, wringing that young man's hand. "But what in the name of common sense are you doing here?"

Birney, flushed and uncomfortable and avoiding Dorothy's wondering gaze, answered: "I'll see you this afternoon at 5:30 and explain everything. I'm rather busy just now, as I have some things to finish which are quite important."  
Promptly at 5:30 Bob's roadster was waiting at the office, and the two young men rode off together in the twilight. After they had been riding a little while Birney began his recital.

posed as a man who needed work, and she secured the position in your father's office for me. Oh! it was a cunning thing to do," he added bitterly; "and I suppose you'll think I'm a pretty poor sort."

But Brother Bob was smirking with suppressed laughter. "Pretty clever!" he choked. "Now it's up to you to square yourself with Dot. She's wise that something's in the air after this afternoon, but I didn't say a word to her. I wanted to hear your version first."

Dorothy must have had a premonition that she was going to have a caller, as she donned her very prettiest gown.

When the mail announced his arrival she descended to the living room and found there a young man, tall and bronzed, but with brown eyes that were more somber than merry, as on another occasion.

#### NEW AND LOVED STEVENSON

Old Resident of Tahiti Proud of His Association With the Famous Romanticist.

In the town of Papeete, on the island of Tahiti, lives an old man named Donat, a former comrade of Robert Louis Stevenson when the famous romanticist was journeying through the South Sea Islands. Donat loves to tell of the days when the writer used to rest in his home and listen to the weird ghost tales which the old man told and which Stevensons wrote into some of his stories.

Their friendship began when the writer, on a trip through the Marquesas Islands. On Donat's grounds were the only vegetable gardens in the island, the formation of which was mostly coral, sand and rubble. Each morning the old man would send to Stevenson's house a great basket of fresh vegetables, fruit and coconuts, and later when the author came to Tahiti Donat for the first time would sit in the shade and talk for hours. Nothing delights Donat more than

to talk of his gentle friend and the days when they were together. He gives an intimate picture of Stevenson's simple life on the island, of his rambles on the beach among the coconut groves, of his friendly associations with the natives. When Stevenson left the island he invited Donat aboard his ship for dinner and presented him a valuable ring as a souvenir of their friendship. "He was a good man, a great gentleman," is Donat's tribute.

#### SAMUEL M. FELTON

Samuel M. Felton, president of the Chicago Great Western, is the man who has rehabilitated the railroads of France. He has recruited every construction regiment and their work has been one of the wonders of the war. He mobilized the country's railroad facilities for the invasion of Mexico, had that step been necessary, and that work put him in touch with the railroad man power of the country.

Glasses for Appearance Sake. "Miss Bessie, if you are going to town today, I wish you would buy my glasses, who lives in the north, a pair of glasses." "Why, Annie," replied the young lady addressed, "I could not get your sister a pair of glasses. She must have her sight tested so that the glasses may be suitable." "Oh," said Annie reassuredly, "she wrote me that what fits my nose fits her nose!"

An Illustration. "Thought," says a philosopher, "may stay behind silent lips, but when it becomes feeling it runs to expression." We've noticed this in cases of persons who thought they were hitting a nail, but who felt they had smashed their fingers.—Boston Transcript.

Well, She Is, Isn't She? Poor man! He can spend a full day making himself look pretty and nobody notices him, while a wee slip of a girl can come out just any old way and the entire population will say, "Ain't she sweet?"—South Christian Sentinel.

White, P. C. On the Beach For Rent—A cool, attractive stone cottage; six rooms and bath; well furnished; electric lights; cook by gas or wood; delightful shady porch; one block from the sea. Inquire of Dr. Howard or Herald Office. 53-31c. New Dangerous Potato Disease G. H. Martin, Jr., of the Department of Agriculture at Washington was in the Sanford section on Wednesday and Thursday of this week. He is making a survey of the state for the purpose of finding if Florida is infected by the new potato disease known as "potato wart." This is a new potato disease recently discovered in America in some of the northern states. Heretofore it has been confined to European countries. Up to date none has been found in Florida. Potato wart causes very serious losses in England, Ireland and other parts of Europe. In some places the disease is so severe that potatoes cannot be grown profitably. The parasite which causes wart is spread most frequently by using diseased potatoes for seed. Soil once infested remains contaminated for many years. Prompt steps should be taken to stamp out the disease wherever found. Keep watch for warty potatoes at digging time and report all suspicious cases. Woman's Club The Welfare Department of the Woman's Club held its last meeting of the club season Wednesday, May 28th in the club rooms. Report of the Spring Festival was much enjoyed, being given by Mrs. S. Puleston. The department are much pleased over the results. Nearly eight hundred dollars remain as

profit. The department feels gratified that a good civic fund is in hand for next year. A donation of fifty dollars was given the Boy Scouts in appreciation of their help. The department recognizes the fact that Boy Scouts never want recognition of splendid service they render but at such a time the Welfare Department yearned to give to Sanford's Boy Scouts. Mrs. McKinnon, chairman of 9th Street Park gave splendid plans showing in what way this may be made a most attractive playground for our children of Sanford. There is still a good fund on hand which has for some time been awaiting wise expenditure. Mrs. McKinnon, chairman of 9th Street Park gave splendid plans showing in what way this may be made a most attractive playground for our children of Sanford. There is still a good fund on hand which has for some time been awaiting wise expenditure. BUY DIAMONDS The Best Investment The first cost of Diamonds is a little less than you are paying for other Standard Tires. They are giving from 4000' to 10,000 miles service and are guaranteed for 6,000 miles, a quality product handled by the Wight Tire Co. 55-5tc. For Assistance in Festival The Welfare Department of the Woman's Club viewing splendid results of the Spring Festival takes this opportunity, through the columns of the Sanford Herald of voicing and expressing its thanks and appreciation to all those who so generously gave their time and energy that in such a great measure made the Festival a grand success financially and pleasurable. Especially are thanks due the following Jacksonville firms who gave liberal donations through the Wight Grocery Co. in which Mr. Johnson, manager, assisted. E. J. Smith Co., candy manufacturer, a discount of 15 per cent on candy. Libby, McNeill & Libby, S. P. Clark, 2 cases evaporated milk. Check & Neal Coffee Co., 30 1-lb cans Maxwell House Coffee. Wilson & Co., F. F. Branen, Mgr., 2 cases Wilson's catsup. The Welfare Department appreciates the fact that Jacksonville firms take an interest in Sanford's activities. All persons desiring to attend Sunday school will phone No. 19, 306 or 99-J not later than Saturday noon. Free transportation will be furnished them to and from if within a radius of 10 miles of the Methodist church. Yowell Elys Yowell-Speer Co. Arthur E. Yowell has purchased the interest in the Yowell-Speer Co. of this city formerly owned by Geo. Speer. This will make Mr. Yowell the owner of almost all of the stock in this concern, which is the leading dry goods store of the city. The business was originally the N. P. Yowell Dry Goods Company and was owned principally by N. P. Yowell of Orlando. About five years ago the business was purchased by A. E. Yowell and Geo. Speer and

has been conducted under their management ever since. Mr. Yowell contemplates several important changes in the business and will keep the store up to modern high standards in every way. An experienced advertising man will be employed to keep the public informed of the new and up-to-date lines of merchandise that will be carried at all times and other high class men will assist in making the Yowell Company a store that will be a credit to the city. Thanks of Salvation Army The Salvation Army wishes to thank each and every individual who contributed to our Home Service Fund. We simply ask you to help us to help humanity and you most willingly, cheerfully and liberally gave of your means. We will see that your money goes to the cause for which you gave it. We furthermore wish to express our thanks to the men and women who were instrumental in raising the quotas for the counties. You have done well—God's blessings be upon both giver and worker. Robert F. Kersey, Manager Orlando Zone. Fire at Crown Paper Co. Fire was discovered in the plant of the Crown Paper Company at an early hour yesterday morning. It is supposed that the origin of the fire was from spontaneous combustion as it started in the ink room where quantities of ink and chemicals are kept. Fortunately the plant is equipped with the sprinkler system and the blaze was extinguished before the department arrived. Loss is estimated at \$1,500. Humor in the Classroom Ethel, who was ten years old, was studying her reader, and learned that fish are placed in brine before they are dried and prepared for sale. After explaining that brine is very salt water, the teacher asked why the fish were placed in brine. Ethel's face was animated with sudden understanding, and she promptly replied: "Because they are used to salt water." Species of Fern. The island of Mauritius, less than one-third the area of Delaware, has 25 native species of ferns. Java, a little larger than New York, has 409, while Brazil contains 387. All Europe furnishes but sixty-seven species, the arctic zone, 26; North America, north of Mexico, about 175 native species. Daily Thought. WEDDED AT GRAVE'S EDGE

Remarkable Ceremony by Which Philadelphia Jews Hoped to Stop Ravages of Influenza.

With the hope of protecting the orthodox Russian Jews in Philadelphia from further ravages of the influenza epidemic two Hebrews were married at the first line of graves in the Jewish cemetery a few months ago.

When the couple were pronounced man and wife, the orthodox among the spectators filed solemnly past the couple and made them presents of money.

After the last offering the bride and bridegroom walked to the gravesward farther from the graves, where a wedding feast was quickly spread from the two truckloads of food that others of the faithful had provided.

The marriage in a cemetery, with the idea of warding off the ravages of an epidemic, is a revival of a custom that has prevailed for hundreds of years among the Jews in the heart of Russia.

### Y. W. C. A. UNIFORMS TO CLOTHE STUDENTS

Suits Worn by War Workers Will Be Given to Penitents Students in Switzerland.

Official uniforms of the Young Women's Christian Association along the Blue Triangle, the Association Institute, will be worn next winter by women students who have been stranded in Switzerland during the war and who, because of lack of funds, inability to re-enter their native country, are to finish their university courses because they have no family to

Switzerland for ten years under the World Student Christian Federation, has appealed to the National Student Committee of the Y. W. C. A. for clothing for the 300 foreign women students in Switzerland. The scarcity of clothing last year among these almost refugee students made it necessary for two girls to share one coat so that only one could go to classes or go out of doors at a time.

Four large packing cases of all kinds of used clothing, save hats, which is in good condition, have been collected hastily from women college students in the New England States, Ohio, West Virginia, Pennsylvania, Maryland and Delaware by the Student Committee of the National Y. W. C. A. to be sent over in response to Miss Clark's appeal. This clothing will be dyed, cleaned and made over in Switzerland.

In addition to the clothing collected in New York a case of uniforms, which have been turned in by Y. W. C. A. secreta-

ries who did not work, and the official gray uniform ulsters is being sent. As uniforms are being turned in by war workers they will be claimed by the Student Committee, which will remove the insignia and prepare the uniforms so that they may be worn by these women who have been forced by world events to remain in Switzerland for several years.

### QUEEN MARIE INVITES Y. W. C. A. TO RUMANIA

Extends Invitation to Overseas Workers in Paris.

Paris, April 21.—Queen Marie of Rumania, following a conference with a representative committee of the American Y. W. C. A., held at the Ritz Hotel, Paris, has invited the American Young Women's Christian Association to come to Rumania and open work under her patronage.

Among the representatives of the Y. W. C. A. present at the conference were: Miss Harriett Taylor, head of the American Y. W. C. A. work overseas; Miss Mary Anderson of Hudson, Wis.; Miss Mary Dingman, head of the Y. W. C. A. Industrial work in France; Mrs. Margaret B. Fowler of Pasadena, Cal.; and Miss Charlotte Niven, head of the Y. W. C. A. work in Italy. A notable guest at the meeting was Madama Catorji, wife of the secretary of the Rumanian legation in Paris.

### \*\*\*\*\* Y. W. C. A. WORKER IS DECORATED \*\*\*\*\*

Miss Marlon Porter of New York City, was decorated the other day in the name of the Chaplain General of the American army with the Church War Cross. Her citation was for her moral and spiritual contribution to the war. For more than a year Miss Porter has been at a hospital center in Vittel, France, as a representative of the Y. W. C. A. in charge of a nurses' club there.

### PROHIBITION TO BRING COMMUNITY PLAYHOUSE

Hazel MacKaye Advises Using Buildings as Centers for Drama, Community Singing and Entertainments.

Why not turn the corner saloon into a community playhouse when the law effects the closing of these gathering places, asks Miss Hazel MacKaye, director of the Department of Pageantry and Drama of the National Young Women's Christian Association?

"I went over on the West Side of New York one night recently to attend a community drama meeting," Miss MacKaye says in explaining her theory, "and as I was riding along I noticed how many saloons there were—one on every corner and another in the middle of the block. It seemed, all just blaring with lights. These lights ought not to go out with prohibition. They ought to shine for something worth while to all of the people, and what better than community drama and singing?"

But the war has given a great impetus to popular interest in drama and that through pageantry and drama a great deal in the way of Americanization can be effected.

Through the community center, if it be in a district populated largely of one foreign nationality, these people could present pageants of the life in their mother countries, translating them into English, so that Americans and also the younger English speaking members of their household could understand and appreciate their traditions. American art would be greatly enriched thus through the drama of all of the nations whose peoples have settled in this country. On the other hand American ideals, American history and American festivals, even laws such as child labor and minimum wage, could be interpreted to these people by means of pageantry.

"People have been learning not only to work together, but to play together," Miss MacKaye says, "particularly since the war, when the people stood together in distress and large patriotic community entertainments. The opportunity to build up a great community organization is now at hand, and the time is ripe for it. Why not utilize the corner saloon?"

### DEPARTMENT ADVISES ON PLUMBING AND CURTAINS

New Bureau Opens in Y. W. C. A. Overseas Office.

A new department of finance has been organized by the Y. W. C. A. for its work in France. Miss Constance Clark of Pasadena, Cal., is the executive. Miss Clark before her recent coming to France was director of the big Y. W. C. A. Hostess-House at Camp Lewis, Washington.

All contracts, leases and rentals for new buildings will be handled by Miss Edith Austin of New York City, an experienced architect and builder, who will work through this newly created section.

Plans for remodeling and decorating rooms, clubs and hostess houses taken over by the Y. W. C. A. will be in the hands of Miss Mary Buchmann, an interior decorator, who comes originally from Scotland, but who has been working in France for the American Y. W. C. A. since the beginning of its war work there.

In addition, the department is compiling check, suggestions and general

shopping guides for all the buying of the Association in France, including all kinds of building equipment from crocheted curtains to plumbing supplies.

A cafeteria expert will have a place in the department to act as general advisor on restaurant and cafeteria projects of the Association throughout France.

In short, the department is to be more than finance alone. It is to be a kind of general advisory department and clearing house for all other departments in the French association—a department where dollars will be measured up against deeds and needs.

**Permanent Colors.**  
Ancient Egyptians had a marvelous knowledge of colors, and they understood fully what colors would last. In the Egyptian papyrus the ground colors are as good as ever they were. The Egyptians worked their outlines in lampblack, used clay for their whites, ferruginous earths for their reds, ochres for their yellows, and for greens they used perhaps green jasper or mixed blue carbonate of copper with ochre. All these colors are permanent.

**Jews in English Cities.**  
There are more Jews in Manchester than in any other city in the United Kingdom. For its size Leeds has more Jews in proportion than Manchester, though the actual number is slightly less.
