New Service Reducing Crime

UCF Coeds Have Escort Protection

By Micheal Beha
Herald Staff Writer

A new escort service, designed to make the campus safer, has been started at the University of Central Florida.

The escort service began March 7 and is already having an effect on the campus, according to Ron Seacrist, director of public safety and police at UCF.

Seacrist said the students selected as escorts have had class training and field training "with an emphasis on situation-avoidance."

He said the students selected "are thinkers" who can

look ahead and plan well-lighted routes. "We haven't hired all musclemen," he said.

The service is operated from 8 p.m. to 1 a.m. seven days a week. When the entire contingent of 12 escorts is hired, the hours of operation will be 7 p.m. to 2 p.m.

Seacrist said the idea for the student patrol came from his experience on the police force at Tulane University. When he arrived on campus in September as director of UCF's police department, he said there was an obvious need for the service.

"We were providing escorts but couldn't meet the needs," he said.

Seacrist said seven student escorts, who are paid \$3.75 an hour for their services, have taken the responsibility for escorting women students, faculty and staff from one campus point to another.

That leaves the police force free to work on other aspects of keeping the campus safe, he said.

The number of people using escorts has increased as well. "In January, the police provided 47 escorts. Last Monday, the students escorted 32 women."

He emphasized that the escorts, who wear bright orange vests with SEPS and a number on them, have no police authority. "They're not there for enforcement and

have been instructed not to respond to calls."

But the escorts do have walkie-talkies and are "the eyes and ears" of the police.

Escorts have already reported several suspicious people on campus, Seacrist said.

"We've had nothing but positive results," he said.

UCF has the lowest crime rate of any college campus in the state, he said. Since September there have been 66 thefts, including four auto thefts, and four assaults. The university has more than 15,000 students.

"We've already got the lowest crime rate of any college in Florida," he said.

Authority Seeks Federal Funds To Make Repairs

By Donna Estes
Herald Staff Writer

The Sanford Housing Authority has authorized the filing of a preliminary application to the U.S. Department of Housing and Urban Development for \$3.4 million to rehabilitate its public housing projects.

"The property needs it," J. Wain Cummings, a member of the SHA board of directors, said today. "The property is no good to anyone if it's not fixed up."

The SHA directs the operation of six public housing projects in Sanford with 480 units. Most of the units were built in the 1950s.

Cummings said prior to filing a final application, the board will go over the general information in it. He is confident the applications will be approved by federal authorities, he said noting a commitment of sorts has been given in telephone conferences.

Cummings noted that the SHA currently has some \$340,000 unspent from a previous grant, but it is already earmarked and can't be used for such things as providing air-conditioning.

Budget hearings will be held before the final application for the

new money is filed, Cummings said.

Improvements to be accomplished with the new money include insulating apartments, adding smoke detection systems, roofing, energy-efficient doors, aluminum windows, parking, floor tiles, attic fans, refrigerators, hot water heaters, kitchen renovations, weather stripping, electrical wiring and shrubbery and trees. Cummings said he especially has been interested in insulating the apartments.

The \$340,000 on hand is committed as follows: \$100,000 for improvements at Redding Gardens; \$240,000 for improvements at Castle Brewer and Cowan-Moughton complexes.

The new money will be used over a five-year period for energy saving and maintenance saving projects.

Cummings added that the SHA directors are encouraging tenants of the projects to take better care of their apartments and to keep trash picked up as much as possible. The housing authority has only 11 employees to take care of the projects, Cummings noted.

He also noted that the SHA is the biggest landlord in the city with its 480 units. "We represent a lot of tenants," he said.

Spring Has Sprung

Ah yes, a young man's fancy. It's that time again. Spring officially came Sunday at 11:39 p. m. It looks like this young couple watching the sun set over Lake Monroe found a secret to the enjoyment of Spring.

Senior Citizen Health Seminar Wednesday

The sixth annual Senior Citizen's Health, Information and Security Seminar will be held Wednesday from 2:30 to 5 p.m. in the Sanford Civic Center. Open to the public, the seminar is co-sponsored by the Greater Sanford Chamber of Commerce Senior Citizens Committee and the Sanford Recreation Department.

There will be booths displaying and demonstrating ideas for the health, safety and security of older citizens and information about programs and services for senior citizens in the area.

The Vial of Life program will be explained to the public with instructions on how to fill out the necessary forms and the protection it provides. The Junior Woman's Club of Sanford will present this

project. The Seminole County Health Department will offer free blood sugar screening, Home and Health Care Units from the Bay Area and Visiting Nurses Association will check blood pressures. The Central Florida Regional Hospital Nutrition Department will discuss dietary needs and answer questions.

The Seminole County Sheriff's Department and the Sanford Police Department will demonstrate ways that citizens can protect themselves and their homes.

There will also be representatives from the Social Security office, Health and Rehabilitative Services, the Federation of Senior Citizens and Casselberry Multi-purpose Senior Center to explain their services and activities. — Donna Estes

Fire Truck On Line

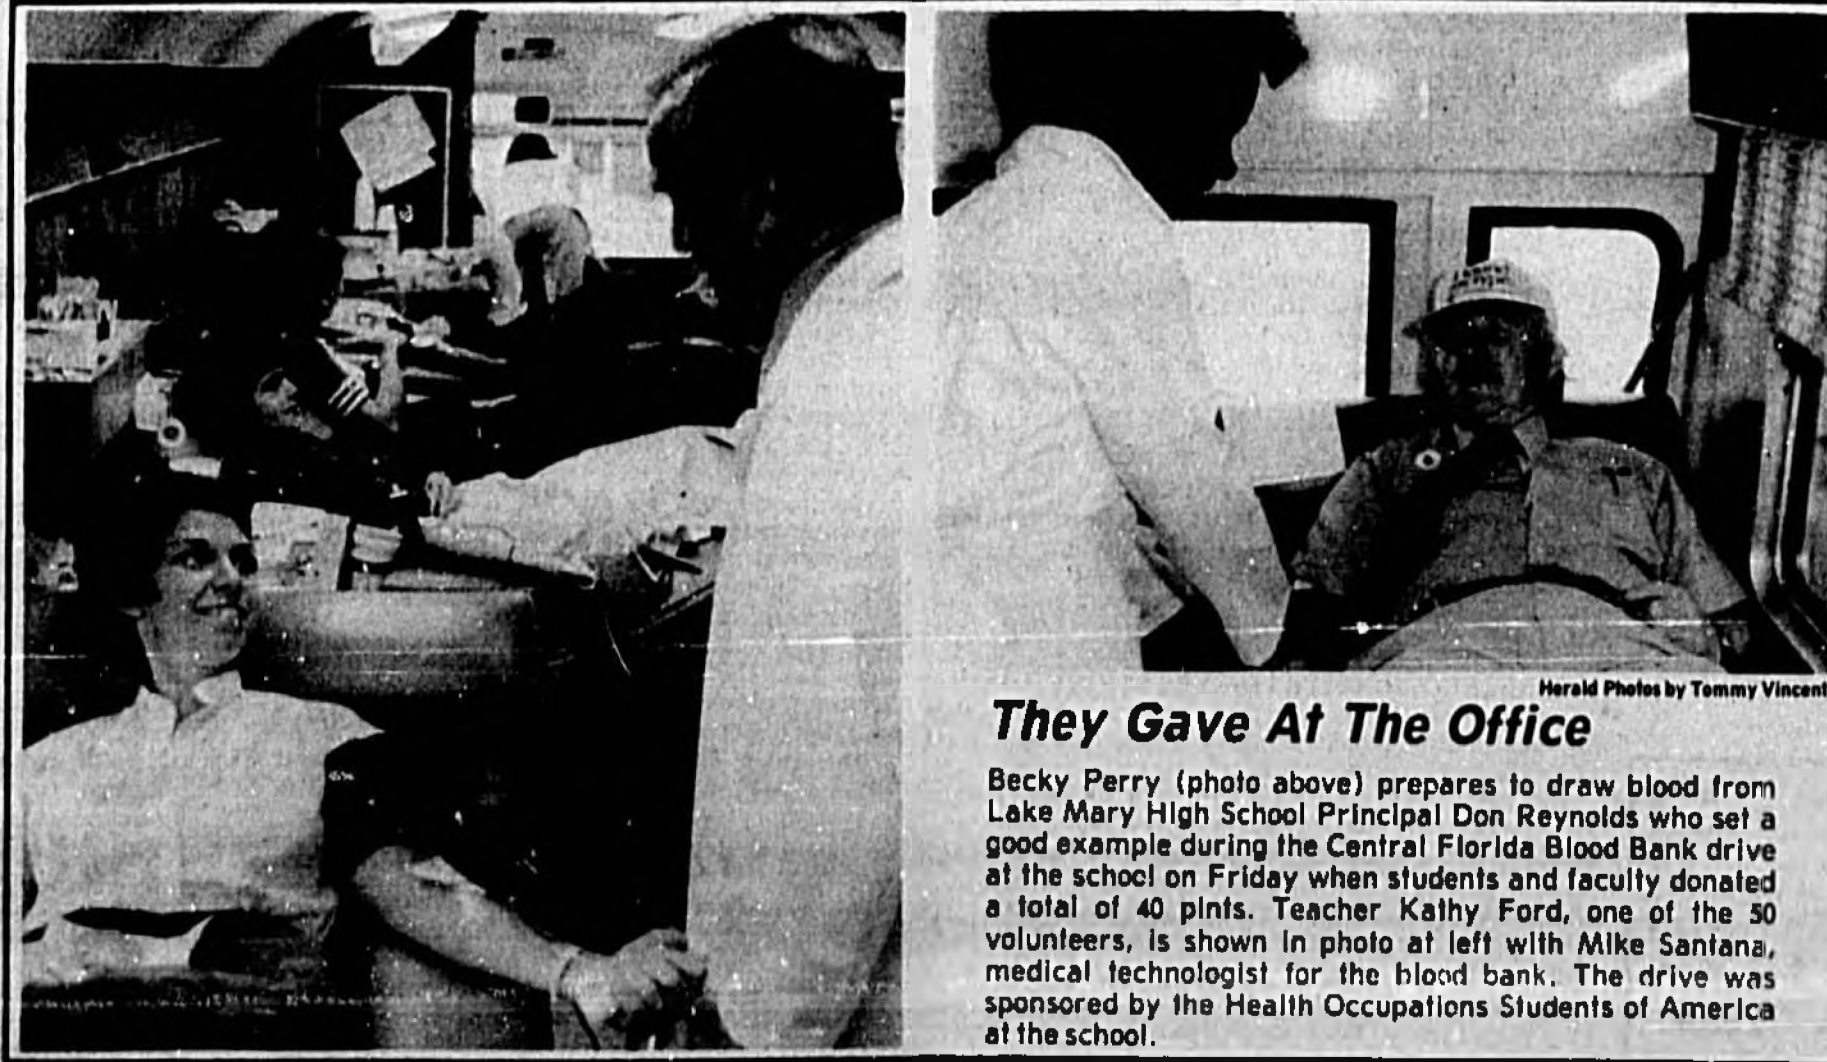

The Lake Mary Volunteer Fire Department's six-wheel drive truck, used to fight woods and forest fires, is back in service and bids for a new vehicle are due to come in to the city by April 7.

Fire Chief Jim Ortolos said today that a used engine purchased from Joe's Truck Parts in Bithlo for \$1,500 has been installed in the truck to put it back in service until a new or used truck in better condition can be bought.

When the truck broke down several weeks ago, the City Commission ordered the repair after Ortolos and other firefighters said the large vehicle was the only one of its type in the north end of the county to fight heavy woods fires.

The 27-year old truck, owned by the Florida Forest Service has been on loan to the city for more than 20 years.

The City Commission decided that the engine will be removed and resold before the truck is returned to the state agency. The six-cylinder, 330-cubic-inch engine is a White brand.

Herald Photos by Tommy Vincent

They Gave At The Office

Becky Perry (photo above) prepares to draw blood from Lake Mary High School Principal Don Reynolds who set a good example during the Central Florida Blood Bank drive at the school on Friday when students and faculty donated a total of 40 pints. Teacher Kathy Ford, one of the 50 volunteers, is shown in photo at left with Mike Santana, medical technologist for the blood bank. The drive was sponsored by the Health Occupations Students of America at the school.

Lake Mary Wants Own Tree Mascot

How will Lake Mary compare to Washington, D.C.?

City Attorney Robert G. Petree has recommended that the city, like Washington, urge its residents to plant a distinctive, colorful type tree throughout the community. Something like Washington's cherry trees whose blossoms are known around the world.

And toward that end, the Lake Mary City Commission, especially City Commissioner Ken King, has been searching out advice from citizens and groups on what tree should be named the city's mascot.

Mayor Walter Sorenson said today that once a decision is made on the tree, citizens who wish to participate will be encouraged to buy and plant trees. He said the city will also make an effort at that time to find where seedlings of the tree type are available at reasonable prices.

NATION

IN BRIEF

Social Security Bailout May Be Passed This Week

WASHINGTON (UPI) — Senate leaders expect passage of a \$165 billion rescue package for Social Security this week, but a move by Sen. Russell Long, D-La., to delay inclusion of federal workers in the retirement system could hamper progress.

Whatever the Senate decides, and whatever is worked out with the House, which already has approved its own package, the lives of more than 116 million American workers who contribute to Social Security and the 36 million retirees who depend on its benefits will be affected.

During three days of debate last week, Senate leaders managed to shove off any major changes to the package that relies on higher taxes, a six-month benefits freeze and a first-time tax on upper-income pensioners to ensure the system's solvency over the next 75 years.

The House overwhelmingly approved a similar package March 9.

Ruckelshaus To EPA?

WASHINGTON (UPI) — William Ruckelshaus, the Environmental Protection Agency's first administrator, faced the prospect today of once again heading the agency, which has been shaken by a series of problems.

Ruckelshaus will confer today with White House senior staff members about the conditions under which he would accept the post, the Washington Post reported.

The agency is facing investigations by six congressional subcommittees and the FBI of its management of the \$1.6 billion Superfund toxic waste cleanup program. Several top officials have resigned or been dismissed.

Ruckelshaus, who launched the agency during the Nixon administration as its first administrator, arrived at Washington's National Airport Sunday night, but eluded reporters.

WEATHER

NATIONAL REPORT: A storm on the first day of spring dumped 8 inches of soggy snow in the Midwest and blustered the East today, hindering traffic and forcing cancellation of airline flights. Icy roads in California were blamed for a bus crash that killed three people. Thunderstorms drenched the South from Kentucky to Georgia, spinning off at least four tornadoes Sunday in Louisiana and Mississippi that caused minor injuries and damaged numerous homes, businesses and a hospital. A week of rain sent the lower Passaic River over its banks in northern New Jersey, forcing the evacuation of 35 residents in Wayne, N.J. deluged by 5 feet of water. Flood watches were in effect in north Jersey and southern New York. Winter storm warnings were in effect from Illinois to New York and Vermont, and freeze warnings covered much of Oklahoma and Texas.

Rain spread into California, and snowpacked, slippery highways were reported in the mountains. In Colfax, Calif., two tour buses crashed Sunday night on icy Interstate 80. Three people died and about 65 were injured, several critically, in the collision about 60 miles east of the Nevada line on the main Reno-to-San Francisco highway. Spring officially arrived at 11:39 p.m. Sunday night, but winter still was going strong in the Midwest, which with the Plains had enjoyed one of the mildest winters on record. Eight inches of snow covered northwest Indiana and southwest Michigan by early today, with several more inches expected. Missouri reported 4 inches. Chicago had half a foot of snow, which was whipped into 3-foot drifts in some neighborhoods by 30-mph winds. Downtown street corners trapped pedestrians in a foot of snow and slush. The storm swept out of Kansas and Missouri across Iowa, Illinois and Indiana into Ohio, reaching into southern Wisconsin and Michigan. Winds up to 30 mph fanned 4 inches of new snow across Iowa.

AREA READINGS (9 a.m.): temperature: 68; overnight low: 64; Sunday high: 80; barometric pressure: 29.75; relative humidity: 68 percent; winds: west at 18 mph; rain: .38, sunrise 6:28 a.m., sunset 6:37 p.m.

TUESDAY TIDES: DAYTONA BEACH: highs 1:33 a.m., 2:04 p.m.; lows: 7:56 a.m., 8:02 p.m.; **PORT CANAVERAL:** highs, 1:29 a.m., 1:56 p.m.; lows, 7:47 a.m., 7:53 p.m.; **BAYPORT:** highs, 9:14 a.m., 6:08 p.m.; lows, 1:16 a.m., 11:49 p.m.

BOATING FORECAST: St. Augustine to Jupiter Inlet out 50 miles.

A small craft advisory is in effect. Southwest winds around 20 knots shifting to west 20 to 25 knots this morning. Winds westerly around 20 knots tonight and northwest Tuesday. Seas 3 to 5 feet near shore increasing to 5 to 8 feet offshore today. Few showers and thunderstorms south part ending this morning then clearing.

AREA FORECAST: Variable cloudiness and windy today with highs in the low 70s. Wind southwest 15 to 20 mph shifting to northwest. Mostly fair tonight with lows in the upper 30s. Northwest wind 10 to 15 mph. Mostly sunny and cool Tuesday with highs in the mid to upper 60s.

Crashes On Irish Coast

Sailor Reaches Europe In Small Boat

DUBLIN, Ireland (UPI) — An American who spent 142 days at sea in his 9-foot sailboat God's Tear possibly broke the record for the smallest craft to cross the Atlantic but he ended the voyage looking like "someone from outer space."

Wayne Dickinson was recovering today in a lighthouse keeper's home after his boat was wrecked in heavy seas off Ireland's northwest coast on Sunday. The sailor from Satellite Beach also planned to search the beach for his missing ship's log and diary.

He set off from Massachusetts on Oct.

30 but was last heard of nearly two months ago and there had been growing fears for his safety.

Dickinson was found lying near the lighthouse at Arranmore Island, 3 miles off Donegal and 300 miles away from his intended destination of Falmouth on the southern coast of England.

His fiberglass sailboat was smashed to pieces on the rocks but Dickinson was in good health, though exhausted and cold with a touch of frostbite in his feet.

Dickinson was trying to break the record held by American Bill Dunlop who

sailed from Portland, Maine, to Falmouth last summer in a sailboat that measured 9-feet, 3/4-inch. Dickinson's boat measured 8 feet, 11 inches.

But since Dickinson did not get as far as Falmouth, Dunlop's record may still stand.

Charlie Boyle, the lighthouse keeper, found Dickinson lying on the beach after Dickinson had climbed a 300-foot cliff and walked a mile to the lighthouse.

"I went to check the lighthouse after dinner just to see if everything was all right," he said. "I saw this thing in front

of me — he looked like someone from outer space in his survival suit."

Despite warnings about attempting the west-coast crossing during the winter, Dickinson, a former computer technician, set out Oct. 30 from Point Allerton and said he hoped to arrive in Falmouth around Christmas.

He was sighted Nov. 5 just 14 miles off Massachusetts and again in late January 750 miles east of Newfoundland. When Dickinson made contact with a freighter on Jan. 25, he told the crew he was surviving on fish and vitamins.

More Women Going To College

WASHINGTON (UPI) — Most college students are over 21 years old, more than a third are older than 25, and women are expanding their enrollment lead over men in college, the Census Bureau reports.

The report showed total enrollment at all school levels stayed about the same in 1981 as in 1980, but it has changed markedly since 1970, with the number of children in nursery schools nearly doubled.

Enrollment in colleges rose by a third from 1972 to 1981, to a total of 12.1 million, with the number of men in college up 12 percent and the number of women up 63 percent. Total enrollment among those 14 to 34 years of age was 10.7 million, meaning 1.4 million people 35 years of age and older were attending colleges.

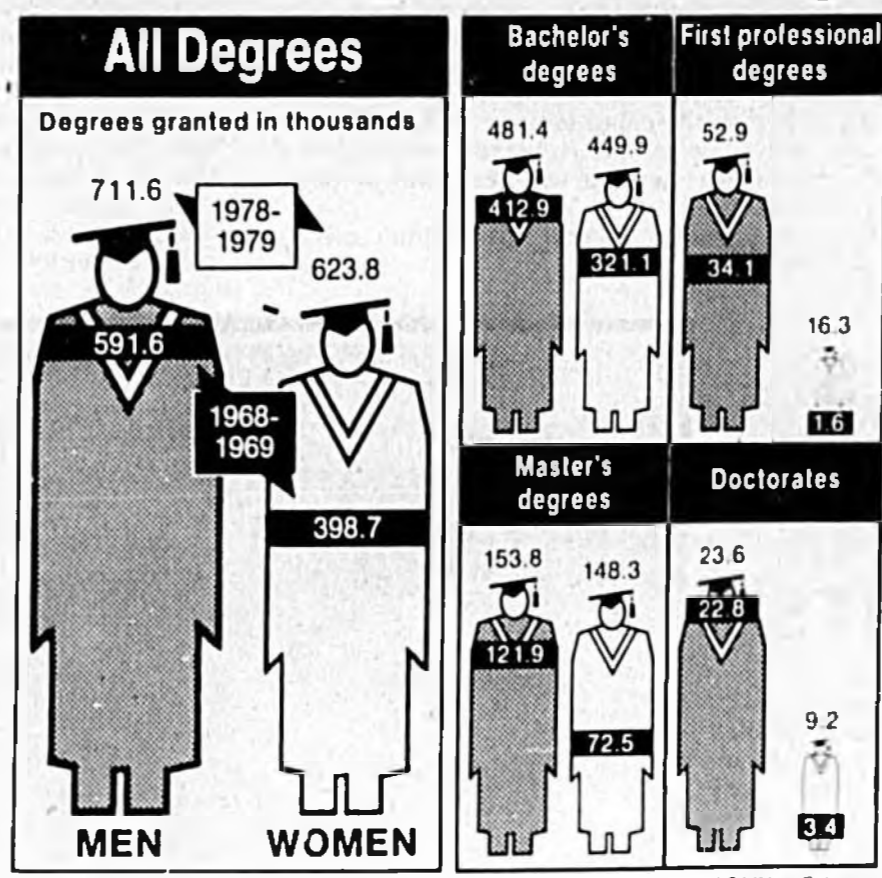

Women began to outnumber men on college campuses in 1979. By 1981, there were 108 women in college to every 100 men, the report said. In 1972, there 74 women per 100 men in college.

The survey showed most college students were over 21, and more than a third were 25 and older.

Women, the report said, comprised half the full-time undergraduates under the age of 35, and 45 percent of the graduate students. They also accounted for a majority of the part-time and two-year college students.

Total enrollment in all schools did not change much from 1980 to 1981, hitting nearly 58.4 million in 1981. But the composition of the enrollment has changed significantly from 1970, said the bureau.

The number of children in nursery schools doubled over the decade to nearly 2.1 million, and it was up nearly four times from 1965.

SOURCE: National Center for Education Statistics

While the nation's college-educated population is increasing overall, the women's share of it is increasing fastest in all major categories. A study covering the decade of the '70s shows the numbers of women almost doubling in the category of all degrees, pulling almost even with men in bachelor's degrees and scoring their greatest proportional gain — tenfold — in first professional degrees in such fields as medicine and law.

As the children of the baby boom years have grown older, the number of elementary school students has dropped about 18 percent from the peak of almost 34 million in 1970 to 27.8 million in 1981.

There has been a decline in the percentage of young blacks who had dropped out of school in the past several years, the report said, while that of whites has remained the same.

Jobless Benefits Dry Up Tonight

WASHINGTON (UPI) — House and Senate negotiators who begin today to reconcile different versions of a multibillion-dollar jobs bill are working against a deadline that could temporarily delay unemployment benefits in 27 states.

The Labor Department said its trust fund that lends money to the bankrupt state unemployment compensation pools has only enough money to last through

today, and the jobs bill contains \$5 billion to revive the fund.

There was a possibility of delayed checks because even if the conference committee agrees today, final congressional action is not due until Tuesday at the earliest. The bill would then go to President Reagan for his signature.

Administration aides will be in the conference session trying to work it down to Reagan's target of \$4.3

billion from the Senate figure of \$5.2 billion and the House figure of \$4.9 billion.

No one knows how many jobs will be created by the public works projects in the bill, but best estimates are between 200,000 and 500,000.

The Congressional Budget Office estimated that 40 percent of them will not be available until at least 1985.

Five Sanford Men Jailed For Cattle Rustling

Five Sanford men were being held in the Seminole County jail today on \$5,000 bond each accused of cattle rustling after they were surprised by deputy sheriffs who found a butchered cow in a boat.

A posse of deputies arrested the men at about 5 a.m. today after responding to Lake Jessup between Sanford and Winter Springs concerning an overdue boat.

When deputies arrived at the dock on the lake's north shore just before daybreak, they saw two boats coming toward them and they hid while the boats were hauled from the water.

Inside one of the boat's was the butchered and quartered carcass of a black cow.

The five men being held on grand theft charges are Lee Cross, Steven Cross, 23, Kenneth Wayne Barrett, 23, and Paul L. Davis, 51, all of Rt. 4, Sanford, and John Cross of 614 Magnolia Ave, Sanford.

Deputies later found the cow's head and entrails on the north shore of Lake Jessup.

The cross bred Brahima cow valued at about \$800 was owned by cattle rancher Albert Clark of Osteen who said that the cow was pregnant. It had been shot with a .22-caliber pistol, Clark said. The calf would have been worth about \$300, he said.

TREE BRANCH CAUSES FIRE

A tree branch fell across a power line and caused a fire at a Sanford house Thursday.

The tree was being cut by Davy Tree Service in the yard of 60-year-old Minnie Ethridge's house at 209 W. 20th St., Sanford, at 10:30 a.m. when a limb fell on the power cable going to the house.

The side of the house under the eaves was scorched after a small fire started but no one was injured, say reports. The incident was attended by Sanford Fire Department.

HUBCAPS STOLEN

Four spoked hubcaps worth \$400 were levered off a 1977 Buick LeSabre belonging to Arthur Edward Goldsmith while it was parked outside his Maitland apartment between 10 p.m. on March 6 and 9 a.m. Thursday.

CONSTRUCTION SITE THIEVES STRIKE AGAIN

Hundreds of dollars worth of construction materials has again been stolen by thieves who see half built homes as easy targets.

This time, thieves got away with \$220 worth of tongue and grooved sidings used in house building. The property was taken from a half built house at 1552 Sugarwood Circle, Maitland, between 7:30 a.m. Tuesday and 7:30 a.m. Thursday.

In another raid on a house under construction thieves walked off with 50 4x2 studs worth \$95. They were taken between 5 p.m. Wednesday and 8:27 a.m. Thursday from a house being built at 1739 Rutledge Road, Longwood.

CIVIL SUITS

The city of Sanford is suing a former worker for \$6,000 damages after he reportedly set fire to two vehicles while siphoning off gas.

A suit seeking damages from Timothy Prevatt, 24, of Sanford, a former street department worker, was filed last week and will be heard by Circuit Judge Dominick J. Saffi. No trial date has been set.

According to the suit, Prevatt was siphoning gas for his own use from two construction vehicles owned by the city at 4:20 a.m. on November 16 while he was smoking. Both vehicles subsequently caught fire and Prevatt was fired from his \$11,302-a-year job operating a street sweeper.

The city of Sanford is seeking reimbursement of \$6,126, the payment made by the Travelers Insurance Company to the city as a result of the fire.

Lydia Lopez has filed a suit for more than \$5,000 damages in the death of her husband. The suit was filed against Fenton Muffler Inc., Fenton Manufacturing, and Wholesale Tire and Muffler Man of Deland, which either manufactures or distributes the Fenton Gyro Wheel, say court records.

Raymond Lopez, 33, died May 20 when he was hit in the head with a tire rim which reportedly broke off the wheel on a tire changing machine he was using at a service station on State Road 434 and U.S. Highway 17-92, Longwood.

The suit claims that the manufacturer and distributor knew that the wheel had a "tendency to fracture and separate" while being used to mount and deflate tires and that Lopez was killed as a result of their negligence.

The widow of a man killed when the vehicle he was driving was involved in a collision with a train has filed suit against Seaboard Coastline Railroad Co., now Seaboard System Railroad, and the Florida Power and Light Co.

The suit, filed by Carmen M. Thibodeau, asks for an unspecified sum in excess of \$5,000 for the death of her husband, Raymond Thibodeau, according to court records. Her husband died after being involved in a collision with a southbound train as he travelled east along Barwick Road in Volusia County on April 26.

Cancer Control Now In Sight

By LIDIA WASOWICZ

SAN DIEGO (UPI) — Scientists expect to conquer cancer by the year 2000 and half of all malignancies can now be cured although the disease will kill 450,000 Americans this year, the head of the American Cancer Society says.

"We in the cancer community are increasingly optimistic because many of us think our goal of cancer control is in sight," Dr. Willis J. Taylor said Sunday at the 25th annual Science Writers Seminar.

"In fact, some cancer experts predict control of cancer by the year 2000 — which is only 17 years away!"

The ACS president stressed that "when we speak of cancer conquest or control we refer to successful management of the problem rather than to its total elimination."

Taylor said he based his optimism on "exciting progress" in cancer research, involving, among others, tumor virology and immunology, genetic engineering, interferon and oncogenes, "which function in early fetal life and then become dormant — only later to be activated into cancer development by viruses, chemicals, radiation, or other causes."

He also cited the discovery that certain chemical and food substances — found in cabbages, Brussels sprouts and orange oil, among others — can protect against cancer.

"We can now cure about half of all cancer patients," suffering from at least 14 types of cancer, he said, and "substantial improvement of survival" has been achieved in seven of the 10 major forms of cancer, including breast, uterine cervix, colon, rectum, urinary bladder and prostate gland.

"Very significant declines have come about in cancer deaths between 1968 and 1979," said Taylor, citing figures from the Biometry Branch of the National Cancer Institute, which show decreases of up to 56 percent in deaths due to nine types of cancer.

For example, 56 percent fewer patients with Hodgkin's Disease died in 1979 than in 1968.

The only increase in deaths was noted among female lung cancer patients, with a 16 percent rise during the 11-year period.

Taylor attributed the increase to more women smoking, a habit persistent despite widespread publicity about its deadly effects and expected to account for approximately 40 percent of all this year's projected 450,000 cancer deaths.

He said the cancer society is conducting a Cancer Prevention Study, examining the lifestyles of 1.2 million Americans during a six-year period to identify avoidable cancer risks. Taylor said he expected some preliminary findings would be reported to the World Conference on Smoking and Health in Canada in July.

MAN ARRESTED FOR SNIFFING PAINT THINNER

Michael James Keen, 18, who police described as a transient, was seen at about 5 p.m. Wednesday by a deputy sheriff sitting in a wooded lot next to Interstate 4 with a gallon can between his legs.

He was sniffing paint thinner through an old sock, according to a police report. He was incoherent, the report said, and was taken to Florida Hospital and later charged with inhaling a harmful chemical.

MOWER MISSING

A Lawn Boy mower valued at \$300 and belonging to Betsie Ann Phillips was stolen from the garage of her home, 423 W. 18th St., Sanford, between 5 p.m. March 11-12. The theft was reported to Sanford police Wednesday.

COINS AND JEWELRY TAKEN

A burglar stole \$50 in dimes and \$75 in quarters and jewelry of an unknown value when he broke into the home of Janet Walter at 530 Airport Boulevard between 7:40 a.m. and 1:15 p.m. Wednesday.

TOOLS STOLEN

Tools and garden implements, including a lawn mower and weed eater, together worth nearly \$600 were stolen from the home of Jewel Elaine Duke of 120 Exter Ave., Country Club Heights, Longwood, between 7:25 a.m. and 12:30 p.m. Wednesday.

SUSPECTED ARMED ROBBER ARRESTED

A Sanford man was still being held today in Seminole county jail on \$10,000 bond on charges of armed robbery with a gun, using a firearm in the course of a felony and aggravated assault.

Franklin Eugene Weatherspoon, 24, 2758 Bungalow Blvd., Sanford, was arrested when he went to the Seminole County Sheriff's Department Thursday.

The arrest report says that Weatherspoon was identified by a convenience store clerk as being the person who robbed the L'il Champ convenience store on Country Club Road, Sanford, Feb. 3. He had also been positively identified as the robber from fingerprints found at the scene, says the report.

DUI ARRESTS

The following people were arrested in Seminole County for driving under the influence.

—Lawrence Gove, 27, St. Cloud, Fla., was arrested Friday at 5:33 p.m. at the intersection of Interstate 4 and S.R. 436. An Florida Highway Patrol trooper said he observed Gove driving from lane to lane on the interstate, then got off the freeway and allegedly passed several cars on the berm.

—Timothy Chaney, 25, Orange City, was arrested at 8:40 p.m. Friday on Interstate 4 south of Lake Mary. An FHP trooper said Chaney's car struck a car in the rear and traveled about a mile before stopping.

—Glen Lenhart, 47, Deland, was stopped 11 p.m. Friday at the intersection of U.S. 17-92 and 3rd Street in Sanford for driving erratically.

What Went Wrong In Nicaragua...?

The pope was called an imperialist on his visit to Nicaragua. Sandinista leader Daniel Ortega used the occasion to deliver an anti-American speech. There are more than 3,000 Soviet and Cuban advisers in Nicaragua. The Nicaraguan army, the largest in Central America, is armed with Soviet tanks and weapons. Nicaragua has served as the conduit for guns to rebels in El Salvador.

The broad-based revolution that toppled the Somoza dictatorship—with the passive help of the Carter administration—has turned into a junta dominated by leftist Sandinistas. Human rights abuses of the brutal Somoza era have ended, but civil liberties have been curbed, dissidents jailed and Miskito Indians mistreated by the Sandinistas. What went wrong in Nicaragua?

The bitter seeds of anti-Americanism were planted in 1912, when the Marines were sent to quash political strife. The Marines stayed until 1933, when they installed a pro-American officer, Gen. Anastasio Somoza Garcia, as head of the National Guard. After 40 years of U.S. support, the Somoza dynasty owned one third of the land, most major businesses and about \$1 billion in assets, but had lost the support of nearly all sectors of Nicaraguan society.

In 1977, President Carter initiated his human rights policy. Nicaragua, like Iran, was a textbook case of a repressive U.S.-supported regime which Carter tried to pressure into improving human rights. Carter cut back military aid just as a small band of guerrillas had some startling successes in kidnappings and attacks on the National Guard.

Carter failed to make Somoza respect human rights and instead pulled the rug out from under him, while failing to back any responsible alternative until too late—when the sandinistas had defeated Somoza's National Guard.

Somoza fell in July 1979, taking millions of dollars with him to exile, first in Miami, then in Paraguay. The Sandinistas and a broad coalition of moderates formed a government and the United States sent more than \$200 million of aid.

In July 1980, on the first anniversary of the Sandinista victory, U.S. Ambassador to the United Nations Donald McHenry shared the date with Cuban leader Fidel Castro, who praised the Carter administration's "more intelligent and constructive policy" toward Nicaragua, while urging the Sandinistas not to break off relations with the United States and to avoid the dire economic consequences such a break had for Cuba. But the Republican National Convention that very month adopted a party platform declaring: "We deplore the Marxist Sandinista takeover of Nicaragua...and we oppose the Carter administration aid program for the government of Nicaragua."

Somoza was assassinated in Paraguay in September and Congress, against Carter's wishes delayed, then approved \$80 million in aid to Nicaragua. One administration official said delays "had a radicalizing impact" on the Sandinista government.

With unrealistic idealism, the United States took support from Somoza without putting support behind a strong moderate leader. With unreasonable fear, the United States then reacted, throwing support behind counterrevolutionary National Guard forces, which rallied patriotic Nicaraguans around the Sandinistas.

Nicaragua became the test case for Carter's human rights policy in Central America and the scapegoat for its failure far away in Iran.

The chance for a better relationship between the people of the United States and the people of Nicaragua was crushed under the weight of half a century of interventionism and hatred, right-wing repression and left-wing ideology, superpower competition and domestic politics in the United States.

BERRY'S WORLD DURING THE MOVIE...

... AND AFTER THE MOVIE.

U.S. Sen. Lawton Chiles, D-Lakeland, is convinced that immediate action is required to close the mathematics, science and high technology skills gap in the nation. Chiles says closing this gap is the key to "our most pressing economic problems—unemployment, dislocated workers, low productivity and lack of competitiveness in the world markets."

Thus, he has announced plans to introduce a bill with the major goals of: identifying clearly and surely where and how changes can be brought about to improve math, science and technological skills and providing a sound mechanism to ensure that federal grants to states are targeted directly to meet those goals.

"Each state should be given the flexibility to attack its greatest need areas with federal funds—teacher recruitment and retention, teacher training, curriculum improvement, industry need for workers

etc.—using the institutions that I believe can best do the job," Chiles said. "Allowing that, though, we should ensure the state accounts fully for program and effective use of those funds in meeting targeted priorities."

Chiles said the primary responsibility still lies at the state and local level, adding he knows the Florida Legislature has it on its agenda for the coming session. "The role of the federal government, as I see it, is to support and assist without getting in the way and discouraging state, local and private sector initiatives," he said.

Chiles said that by 1990, the nation is likely to face a shortage of 2.5 million skilled workers—150 percent more than the number of highly skilled workers in the work force today. The Bureau of Labor Statistics estimates an increase by 1990 of 112 percent in computer service jobs alone.

The National School Board Association says that fewer general education schools are graduating students wanting to teach math and science. School systems "will compensate starting math and science teachers at only 60 percent of industry base pay levels; many elementary teachers do not have the subject knowledge and teaching skills needed for more effective math instruction; about one-half of all new secondary teachers in math and science are hired under emergency certification (not fully qualified); student achievement scores in math have dropped over the past 20 years; curriculum must be modernized and expanded, adapted to employment and living trends to maintain student interest and boost achievement."

"How well we educate our youth will determine America's prosperity," Chiles said. "The race between education and catastrophe has begun."

WASHINGTON WINDOW

Kasten's Short lived Spotlight

By Wesley G. Pippert

WASHINGTON (UPI) — Every now and then a senator rises out of relative obscurity to dominate the Capitol Hill headlines for a while, then drops back into anonymity.

So it was with Sen. Bob Kasten, R-Wis., now in his third year in the Senate.

The 41-year-old tall, somewhat aloof bachelor was so determined to get repeal of the new withholding tax on dividends and interest that he tied up the bipartisan jobs bill for days.

Kasten, who always peels off his coat in committee meetings if he wants to get down to brass tacks, got a master's degree in finance, spent two terms in the House, ran unsuccessfully for governor and now heads the Senate Commerce Consumer and Appropriations Foreign Operation subcommittees.

But he never got the national attention he did in fighting for repeal of withholding.

What he did was similar to what three other first-term Republicans did last fall. First, Sen. Gordon Humphrey, R-N.H., then Sen. Don Nickles, R-Okla., and finally, on a late Saturday night before Christmas, Sen. John East, R-N.C., filibustered against the gasoline tax-highway-jobs bill.

What they did took a measure of courage. All of them had to deal with Senate Republican leader Howard Baker's powers of gentle persuasion. Humphrey, Nickles and East ran into the wrath of senators wanting to go home for Christmas.

Kasten had to wrestle orally with one of the quickest and most acerbic wits on Capitol Hill, Sen. Robert Dole, R-Kan., chairman of the Senate Finance Committee and the key sponsor of the withholding tax.

And what they did was not without precedent.

In 1971, as reaction mounted against the Vietnam war, Sen. Mike Gravel, D-Alaska, was stopped by the Senate leadership as he tried to read on the Senate floor from classified war documents. So he called a late-night meeting of the Senate Public Works Buildings and Grounds subcommittee, which he chaired, and kept reading.

It was the most dramatic event in Gravel's two terms in the Senate. He lost his seat to Sen. Frank Murkowski, R-Alaska.

In 1977, Sen. James Abourezk, D-S.D., teamed with Sen. Howard Metzenbaum, D-Ohio, to filibuster against natural gas deregulation by calling up hundreds of amendments.

Abourezk, of Lebanese descent and an articulate supporter of the Arab cause, did it as a lame-duck because he had already announced he would not seek a second term.

In 1972, Sen. Thomas Eagleton, D-Mo., had national headlines briefly from when he was picked as Sen. George McGovern's vice presidential running mate and until he was dropped a fortnight later because he once had received psychiatric treatment.

JACK ANDERSON

Smear Tactics Hurt Civil-Rights Case

WASHINGTON — The Justice Department today will put into effect "clarifications" that will relax its guidelines for the investigation of suspected subversive groups. Among other things, the restrictions on undercover informants will be loosened.

Ironically, today also marks the opening of a trial that involves this very point: the FBI's handling of an informant involved in the slaying of a civil-rights activist, Viola Liuzzo, 18 years ago this week. Internal FBI documents on the case show that, if anything, the government's investigations of political groups should be under even tighter control — and the control should start right at the top.

Liuzzo, a 39-year-old white mother of five from Detroit, was killed on March 25, 1965, as she and a 19-year-old black man were driving between Selma and Montgomery, Ala., after the famous civil-rights march organized by Dr. Martin Luther King Jr. Four members of the Ku Klux Klan pulled up alongside the Liuzzo car on a lonely stretch of road and loosed a volley of shots. Mrs. Liuzzo was killed. Her companion was not hit; he survived by playing dead

after the car ran off the road into a fence.

One of the four men in the Klan car was Gary Thomas Rowe, an FBI informant. His testimony later helped convict the three other men of federal civil-rights violations, but it was never established exactly who shot Mrs. Liuzzo.

The Liuzzo children are suing the government, claiming the FBI was negligent in its handling of its informant, Thomas Rowe.

My associates Tony Capaccio and Indy Badhwar have examined hundreds of internal FBI documents, which make clear that the FBI's behavior goes shockingly far beyond negligence.

Evidently aware of the embarrassment the FBI would suffer from the presence of its undercover informant in the murderers' car, Director J. Edgar Hoover marshaled the bureau's resources to blacken the dead woman's reputation. This came at a time when the bureau was also trying to smear King and find links between King's Southern Christian Leadership Conference and the Communist Party.

Within 24 hours of Mrs. Liuzzo's murder, a summary document prepared

for top FBI officials reported: "Mrs. Liuzzo had puncture marks in her arm indicating recent use of a hypodermic needle."

Mrs. Liuzzo's husband, Anthony, a Teamsters Union business agent in Detroit, also caught a little of the FBI's mud. The day after the shooting, Hoover reported in a memo to his top subordinates that President Johnson had checked with him before making a condolence call to Liuzzo, "because our report indicated the man is a Teamster."

Hoover's memo continued: "I told the President I don't say the man has a bad character, but he is well known as a Teamster strongman, and on the woman's body was (sic) found numerous needle marks, indicating she had been taking dope, although we can't say that definitely because she is dead."

Hoover's memo concluded: "I said I would be inclined to have (White House aide Lee) White or someone like that talk to the husband rather than the President. The President said all right."

In fact, however, Johnson did call Liuzzo himself.

Hoover escalated his smear campaign

ROBERT WALTERS

Recovery Or Really Relapse?

WASHINGTON (NEA) — Although there is considerable evidence to support President Reagan's diagnosis that the country's sick economy "is on the mend," there also are indications that the recovery could be thwarted by a severe relapse.

With a recession-weary nation anxiously poised for the long-awaited economic resurgence, the likelihood of unprecedented pressure on the country's credit markets threatens to undermine — if not destroy — the recovery.

The good news is that virtually all of the most important economic indicators finally are pointing in the right direction: Interest rates, inflation, oil prices and tax rates are all declining while housing starts, new orders for consumer goods and business inventories are increasing.

But the bad news is that the federal government already has started to place extraordinary demands on the country's limited pool of credit to finance three consecutive years of deficits expected to reach record-shattering levels of approximately \$200 billion annually.

The credit markets can temporarily sustain that demand because the recession is expected to keep the borrowing done by the business community to finance its growth at a relatively low level throughout most of this year.

If the Federal Reserve Board attempts to avert an interest rate crisis by monetizing a substantial portion of the federal government's deficits in the 1983-85 fiscal years, that action would almost certainly produce equally intolerable strong upward pressure on the inflation rate.

Projected federal deficits already have surged to unprecedented heights. The White House says this year's deficit will reach \$208 billion, followed by a \$189 billion deficit in 1984 and a \$194 billion deficit in 1985.

In the third quarter of last year, federal borrowing, measured by the Treasury Department on an annualized, seasonally adjusted basis, reached a record level of almost \$187 billion — and in the fourth quarter of 1982 that record was broken when borrowing soared to more than \$230 billion.

Throughout last year, the federal government claimed 38.7 percent of all available credit, a sizable increase over the Treasury Department's 22.3 percent share one year earlier.

In addition, an economic recovery will generate additional profits, thus providing internally generated funds for expansion, while additional funds will become available as a result of the decline in interest rates and a reduction in federal taxes.

"Toward the end of this year, however, the picture could change as private borrowing begins to rise and the recovery gains momentum," says New York's Morgan Guaranty Trust Co.

The prospect of a massive credit crunch terrifies experts both in and out of government.

DON GRAFF

Plan Worth Examining

The Christian Science Monitor is most reading at this desk.

Its reasoned, dispassionate approach to the news, good and bad, is certainly unexcelled and conceivably unequalled in the American press.

What prompts this observation is a recent editorial examination of death and disorder in Central America, and U.N. Ambassador Jean J. Kirkpatrick's suggestion that a coordinated aid effort similar to the Marshall Plan might be the most effective American response.

The Monitor's characteristically upbeat conclusion is that such an area-wide approach is at least worth a try.

Possibly. But if it is tried, Americans had better be prepared for something considerably short of the prototype program's success. The circumstances are not comparable.

Western Europe in 1947 was struggling with one overwhelming problem common to every country. Both the vanquished and the theoretical victors had been flattened by the war, economically and physically.

There was a common resource, however, that was largely intact: educated, skilled populations. It should never be forgotten that the vast amounts of American money and material poured into Europe went to hands capable of making the most of it. Once provided with the wherewithal, Europeans swiftly rebuilt their own roads and rail lines, factories and harbors.

There are not enough American dollars to have bought the German miracle. That was wrought by miracle workers—the Germans themselves.

None of this fits Central America. Far from being skilled, the populations—

distribution networks, power grids—is virtually nonexistent.

With economies completely dependent upon agriculture, all suffer from the slack world market for their products. But in differing degrees and ways.

Costa Rica, the region's one genuine democracy, spent itself into technical bankruptcy with expensive social programs. But the educated, homogenous Ticos are the most likely to succeed quickly if given a sufficiently generous helping hand.

Honduras is at the other end of the scale. Hondurans with a taste for black humor say the country is even too underdeveloped for revolutionary unrest such as torments their neighbors. Capacity to absorb material aid is limited. What Honduras needs is carefully measured doses over a long period of time.

Bleeding El Salvador's economic problem is not one of deprivation but of imbalance. The volcanic soil makes it a rich country, but all the wealth has gone to a tiny land-owning elite. Which is what the war is about.

The most predictable result of a crash program for Central America would not be rapid development and containment of the Marxist threat to U.S. hegemony, but waste and the enrichment of a small number of rapacious local entrepreneurs. It has happened before in attempting to force-feed economic development and, given the apparently irresistible temptation to seek quick fixes for complex problems, will again.

For that is what the talk of a Central American Marshall Plan really is — a search for a quick fix to a problem without dealing with its real nature.

The Monitor editorial touched on that in observing that the United States has been slow in finding its conscience on Central America.

against the dead woman when he talked with Attorney General Nicholas Katzenbach that same day. As Hoover related in another memo to his subordinates:

"I stated the man himself (Liuzzo) doesn't have too good a background, and the woman had indications of needle marks in her arms where she had been taking dope; that she was sitting very, very close to the Negro in the car; that it had the appearance of a necking party."

Hoover's diligent efforts to depict Mrs. Liuzzo as a junkie were shot down by the autopsy report a week later, however. A telegram from the Mobile, Ala., FBI office to Hoover, dated April 1, 1965, stated:

"The autopsy report was turned over and shows no findings which would in any way explain the puncture marks apparently made by needle which appear in Liuzzo's arm. The medical examiner is being recontacted and this matter will be discussed with him specifically."

No evidence to substantiate the FBI director's charges ever materialized, however.

Evening Herald, Sanford, Fl. Monday, March 21, 1983—5A

Was Harry Smith Irreplacable?

By Sam Cook
Herald Sports Editor

It appears that when Harry Smith passed away in June of 1981, most of the Sanford Recreation Department went with him.

Smith, who worked with the Sanford Recreation Department for over a decade as superintendent of recreation, was a tireless worker for the youth of Sanford. He was a father to all of Sanford's youth and was very instrumental in keeping them involved in sports, and not mischief.

Since Smith's passing, many of Sanford's volunteer coaches feel the program has gone downhill and is on the verge of going under if something isn't done by the city. Figures show there has been less participation in city's programs in basketball and there was a very low turnout (39) for baseball this season.

Gary Taylor, president of the Sanford Youth Baseball Association,

feels the problem lies with Smith's replacement. Jeff Monson, Director of Parks and Recreation James R. Jernigan and with City Manager Warren E. "Pete" Knowles. Taylor and his organization were the driving force behind baseball and many of the organization's people were involved in flag football and basketball in the city.

Smith was an integral part of that team, a part Taylor feels hasn't been adequately replaced. "Everything went fairly smoothly until Monson's arrival (August 1981)," said Taylor. "Although it is the feeling of most of us (SYBA) that the city should provide more for recreation, we feel that the problem lies with the recreation director (Jernigan) and the city manager (Knowles). If they ask for funds, I can't help but believe the city commissioners will provide them."

"The main difference between Harry Smith and Jeff Monson is that Harry appreciated it if you did

Sanford Scene

something to help him. Harry was an ex-Army officer and he could be as gruff as anyone I know, but he got along with people much better than Jeff does," said Taylor. "Many of the coaches have told me after talking to Jeff, they come away feeling Jeff thinks they work for him. But these people are volunteers and you can't order volunteers around."

Taylor was also critical of Monson's working participation. "During baseball season, Harry was always there. He'd pitch in and run the concession stand for a few minutes or help close the stand later than night," said Taylor. "These were things he wasn't paid to do, but he did it to help us." On the other hand, many SYBA volunteers were upset when Monson wouldn't lend a helping hand under simi-

lar circumstances last year.

"Harry hardly ever took off," continued Taylor. "Not even when he was sick. Once we had to play a makeup game on Saturday and Harry was committed to attend a wedding. He made sure everything was ready to go before he went to the wedding and then came back straight from the wedding reception to the baseball field to make sure we weren't having any problems."

"The man would work hours upon hours. Sure, he'd complain about it and he'd let us know how many hours he worked. But he would be there. Several times last year we'd miss Monson and ask him about it. He told us he took the night off."

"Harry didn't take any nights off until he died."

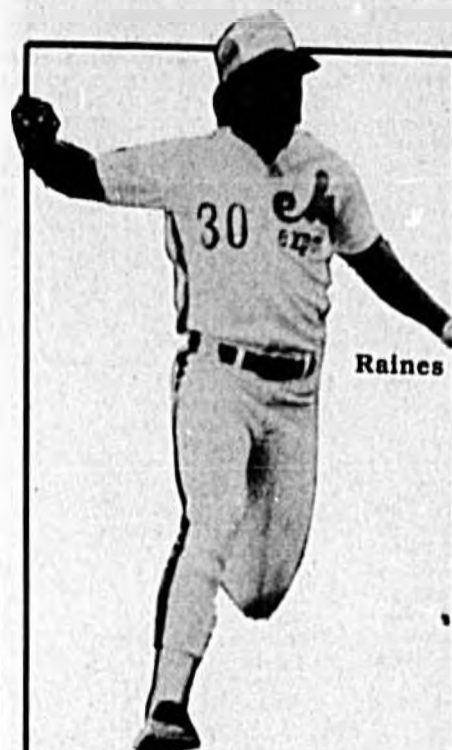

Jernigan agreed Smith was an invaluable man to the program, but he feels Monson has done a good job. "Any time you lose a veteran

employee, it's a great loss," said Jernigan. "Jeff has done a good job of carrying out the guidelines we have set. I'm very pleased with the job Jeff is doing. If he wasn't doing a good job, he wouldn't be here."

Monson, too, feels he has done a good job. "I think the program has thrived," he said. "There's been additional programs (coed volleyball) that have been successful and the existing programs have done well."

Taylor, though, disagrees. "All his programs are going to pot," he said. "Sure, he's doing a bangup job with that coed (adult) volleyball, but what about the kids? The basketball program went from a two-league format with four strong teams in both leagues to one six-team league with all or most of the teams operating with short rosters all season. Last year, we had a Biddy League. This year, the Biddy League lasted three weeks."

See HARRY SMITH, Page 6A.

Raines Report

Sanford's Tim Raines is fast enough to outrun his drug problems of last year — now all he has to do is prove it. The former Seminole High great credits a month-long stay in an Orange County Drug Rehabilitation Clinic as being very helpful, but he knows the rest is up to him.

Raines says he's in the best shape of his career and hopes to have an excellent year. The Montreal Expo leftfielder rapped a single and stole a base Sunday as the Expos pounded Texas, 9-1, on the strength of Tim Wallach's home run. Larry Parrish, a former Expo and All-America at Seminole Community College, ripped a homer for the Rangers.

Here's a look at the Raines Report after 10 games:

- Games — 10
- At Bats — 32
- Runs — 9
- Hits — 10
- Avg. — .313
- Doubles — 1
- Triples — 1
- Home Runs — 0
- RBI — 2
- Walks — 2
- Strikeouts — 0
- Steals — 6
- Caught — 1
- Errors — 1

Back Scratcher

Alan Soyer, Seminole Community College pitcher, appears to be scratching his back after throwing to first base in an attempt to pick off Long Island University's Joe Busceman as Robert Thigpen waits for the throw. Busceman was safe on this play, but the Raiders picked off LIU, 5-0, Friday and then roughed up Adelphi College Saturday, 10-2, as Steve Page ripped a homer among his four hits and Mike Conway drove in three runs. Two ex-DeLand hurlers — Kevin Rood and Barry Thompson — combined to limit Adelphi to five hits. Rood, who pitched the first six innings, earned the victory. The Raiders, 12-12, travel to Palatka Tuesday to play St. Johns River in a Mid-Florida Conference encounter.

Herald Photo by Tommy Vincent

Expos Want To Discard Fading Image

WEST PALM BEACH (UPI) — The Montreal Expos do a great impression of a Canadian sunset.

Only instead of fading in the west, they always seem to fade in the east — the National League East, that is.

They are baseball's classic underachievers.

They have the best catcher in baseball, the best base stealer in the National League, one of the best outfielders in the game, the league's leading hitter, a third baseman capable of hitting 30 home runs and a solid pitching staff.

Yet they finished six games out of first place in the division last year and failed in the clutch more often than the eight times married Zsa Zsa Gabor.

Enter Bill Virdon, a manager with a reputation for hard work and discipline. Virdon worked the Expos so hard in spring training that their tongues were wagging.

"If you're not in shape, you don't have any kind of endurance," said Virdon. "It stands to reason that if you're in shape you can play better. We may not be the best team coming out of spring training but no club will be in better shape than us."

Virdon also is a stickler for fundamentals, something the Expos were woefully weak at last season, and he is a no-nonsense type of guy who will not let his players take advantage of him.

"The trouble with (manager) Jim Fanning last year was that he was too nice a guy and didn't get the respect of the players," said NL batting champion Al Oliver who once played for Virdon at Pittsburgh. "Bill demands that you put out 100 percent. He won't tolerate guys loafing."

STRENGTHS — A potent batting order that includes Oliver, Andre Dawson, Tim Lincecum, Tim Wallach and Gary Carter; a standout catcher in Carter; good front line pitching headed by Steve Rogers; top relief pitcher in Jeff Reardon.

WEAKNESSES — Questionable bench, especially infield reserves; thin left-handed pitching.

NEW FACES — Jim Wohlford, signed as a free agent, adds outfield depth.

OUTLOOK — Virdon may be the secret ingredient necessary to turn Les Expos from hamburger into steak tartare.

Jackson, Peterson Smash Records; Carroll Goes 5-8

Prep Roundup

The Seminole High boys track team and Lyman's Lori Carroll along with teammate Schowonda Williams and Lake Mary came away with strong showings over the weekend.

Coaches Hank Daviero and Ted Tommbros watched their Fighting Seminoles battle Seabreeze to a 118-118 tie for first place in the Optimist Bulldog Relays in DeLand and Lake Mary's Lady Rams came away with their first trophy — a second place — at Bartow on Saturday.

Seminole received record-breaking performances from senior Dion Jackson and freshman Leo Peterson and should have won the meet, according to Daviero.

"They let Seabreeze compete in the weightman's 440 relay because DeLand wanted another team to run against. They didn't meet the qualification, but the DeLand coach let them run anyway. That first place gave them 10 points," said Daviero. "They also were given a fourth-place point in the 990 hurdles when they only ran one person."

Peterson, a talented Crooms freshman, helped Seminole to first place in the triple jump and second place in the long jump with his record leaps. He jumped 20-10 1/2 in the long jump and 43-4 1/2 in the triple jump. Both are freshman records. Jackson added a school record with a leap of 23-6 1/2 in the long jump. He went 43-10 1/2 in the triple. Jackson had a leap of over 46 feet erased by a one-inch scratch in the triple jump, too.

Peterson also had a foot in two other first places. The Seminoles won the freshman sophomore mile relay in 3:54.5 and the freshman sophomore 440 relay in 45.7. Dexter Jones, Louis Brown and Kelly Faint joined Peterson in the mile relay while Andre Jackson, Jones and Brown teamed up with Peterson in the 440 relay.

Jackson also had another win the shuttle hurdles as he teamed with Rendell Manley, freshman Douglas Richardson and Andre Jackson to turn in a time of 1:39.5. Seminole also added victories in the varsity mile medley where Mike Wooten, Torin Williams, Joe Whack and Clifton Campbell turned in a 3:36.2 clocking. Williams, Wooten, Campbell and Manley ran a 3:32.5 to win that event. The next big meet in the county will be Lyman's Five Star Conference Freshman-Sophomore Invitational Tuesday in Longwood at 3:30 p.m. "We expect to do pretty well," predicted

Daviero. "This is the best group of young kids we've had. We've had outstanding individuals before, but not this many."

At Bartow, sophomore Fran "Flash" Gordon won the 100 yard dash in 11.6 to pace the Lady Rams to a second-place finish with 62 points. Bartow won the meet with 89.

Other excellent showings for Lake Mary included Andrea Johnson who took second in the discus (96-1) and third in the shot put (34-2 1/2). Freshman Anquetette Whack was fifth in the shot (31-1/2).

In the long jump, Gordon took second (16-5 1/2). She also ran to a school record in the 440 dash in 62.6. In the 110 low hurdles, Mary Buggs took fourth in 19.3. In the mile run, Andrea Beardslee was fifth in 5:56. The 440 relay team of Whack, the Buggs' sisters and Sonja Walker took fourth in 53.1. In the 300 hurdles, Wilease Buggs was third (52.9) and Kim Averill was sixth (53.9).

Shaannon Weger took second in the 880 in 2:39.2. In the mile medley, Wilease Buggs, Tina Wade, Walker and Beardslee ran a 4:53.9 for third place. Averill was fourth in the two mile in 13:34.6 in the mile relay. Wilease Buggs, Weger, Beardslee and Gordon placed third in 4:27.9.

In the boys' meet, the Rams were fourth. Pat Murray had the outstanding performance for coach Mike Gibson's thinclads with a school-record 43-9 1/2 leap in the triple jump. "It was a foot better than Murray had ever done before," said Gibson.

Junior Mike Rouse had a sixth place in the 120 hurdles in 15.9 and a first place in the high jump at 6-2, which tied a school record.

Junior Derek Tangeman won the mile in 4:35.8 and took second in the two mile in 10:17.2. The 440 relay team of Charlie Lucarelli, Will LaVelle, Keith Mandy and Murray ran fourth in 44.5.

Oak Ridge won the meet with 107 1/2 points. The Rams host Ovieju and Jones in a triangular meet Tuesday at 3:30 p.m.

Back in Gainesville, Carroll, a senior, leaped 5-8 in the high jump at the Lady Gator Classic in Gainesville for first place. The jump is two inches better than Carroll's previous best and is the top leap in the state this year.

TORIN WILLIAMS

DION JACKSON

Upstart Utah Doesn't Feel NCAA Pressure

By United Press International
Utah, which entered the NCAA Tournament with the worst record of the 52 teams, is the only team from the West left as the tourney got down to 16.

Utah, 16-13 before the NCAAs began, upset UCLA Saturday and advanced to the West Regional finals Thursday night against North Carolina State. Virginia plays Boston College in the other game.

In the East Regional, which continues Friday night at Syracuse, North Carolina meets Ohio State and Georgia takes on St. John's.

The Midwest semifinals will be played Thursday night at Knoxville, Tenn., with Kentucky against Indiana and Arkansas versus Louisville.

On Friday night in the Midwest Regional at Kansas City, Mo., Villanova plays Iowa and Houston takes on Memphis State.

Utah coach Jerry Pimm likes his team's underdog tag in the tournament. "The pressure was on the Bruins," he said after his team won 67-61 Saturday. "The pressure wasn't on us. They were picked to win. And, in the next game, we'll be an underdog again."

West
At Corvallis, Ore., Thurl Bailey scored 25 points, including a lay-in with three seconds to play, to give North Carolina State a 71-70 comeback victory over No. 6 Nevada-Las Vegas.

In the second game, Jay Murphy scored 17 points to help Boston College thump Princeton 51-42.

East
At Hartford, Conn., sophomore guard Chris Mullin, the Big East Player of the Year, scored 14 of his game-high 24 points in the second half to power No. 3 St. John's to a 66-55 victory over Rutgers in a second-round game.

Larry Huggins scored two baskets to trigger a 12-0 spurt midway through the second half that sparked Ohio State to a 79-74 victory over Syracuse.

St. John's, the Big East champion, advances to the East semifinals next weekend at the Carrier Dome against Georgia. Ohio State will meet defending NCAA champion North Carolina.

Northwest
At Louisville, Ky., center Greg Stokes scored 22 points to lead Iowa to a 77-63 upset of No. 12 Missouri to advance to the Midwest semifinals against No. 11 Villanova Friday night in Kansas City, Mo.

Basketball

In the first game, All-America Keith Lee scored 28 points and grabbed 15 rebounds to help No. 17 Memphis State to a 66-57 victory over No. 20 Georgetown. Memphis State meets No. 1 Houston.

Midwest
At Evansville, Ill., fifth-ranked Indiana combined the long-range shooting of Randy Wittman with a ball-control offense to trounce Oklahoma 63-49. The victory, the Hoosiers' 24th in 29 games, moves the Big Ten champions into the Midwest semifinals at Knoxville, Tenn., Thursday against Kentucky. Lancaster Gordon scored 18 points to lead four players in double figures and second-ranked Louisville used an effective full-court press to defeat Tennessee 70-57. The Cardinals, 30-3, will play Arkansas at Knoxville.

In the West, Utah scored over UCLA and No. 4 Virginia posted a 54-49 victory over Washington State.

In the East, Georgia notched a 56-54 victory over Virginia Commonwealth and North Carolina beat James Madison 68-49.

In the Midwest, Villanova topped Lamar 60-58 and Houston ripped Maryland 60-50.

In the Midwest, No. 10 Kentucky beat Ohio University 57-40 and No. 9 Arkansas outgunned Purdue 78-68.

Northwestern, Spartans Uphold Big 10 Prestige

Now it's Northwestern and Michigan State's turn to uphold the honor of the Big Ten Conference in post-season basketball competition.

Three schools from the Big Ten — Indiana, Iowa and Ohio State — scored impressive victories Sunday and advanced to the next round of the NCAA tournament.

Tonight Northwestern and Michigan State attempt to move on to the next plateau in the National Invitation Tournament.

Northwestern, a surprise winner over Notre Dame in the first round, takes on DePaul at Rosemont, Ill., and Michigan State plays host to Fresno State.

In other second-round action tonight, Virginia Tech is at South Carolina. South Florida at Mississippi. Wake Forest at Vanderbilt. Iowa at Nebraska. Texas Christian at Arizona State and New Orleans at Oregon State.

Seminole Soccer Sponsors Rowdies-Blizzard Matchup

The Seminole Soccer Club will sponsor a professional soccer match between the Tampa Bay Rowdies and the Toronto Blizzard on Wednesday at 8 p.m. at the Tangerine Bowl in Orlando. Tickets are \$4 for adults and \$2 for children with a 6:30 preliminary featuring Seminole Soccer Club teams kicking the night's activities off.

Youth soccer players will be able to get autographs from the professional soccer players. For more information call 671-8012 or 834-6290.

Lyman Wins Wrestling Title

Middle school wrestlers representing Seminole High and Lyman High finished neck-and-neck in the battle for first place Friday at the annual Optimist Club Seminole County Middle School wrestling championships at Lake Howell High. Lyman edged the Seminole youths for the title and individual winners in each of the 14 weight classes were as follows:

- Class 0 — 1. Miller, Lake Howell. 2. J. Carbia, Lake Mary. 3. Eberly, Lyman.
- Class 1 — 1. E. Carbia, Lake Mary. 2. Solina, Seminole. 3. Ortoles, Seminole.
- Class 2 — 1. Hunziker, Lyman. 2. Cina, Lake Howell. 3. Turner, Lake Howell.
- Class 3 — 1. Sanders, Seminole. 2. Hilgar, Oviedo. 3. Reed, Lyman.
- Class 4 — 1. Blanco, Lyman. 2. Carr, Lyman. 3. Tillman, Seminole.
- Class 5 — 1. Smith, Seminole. 2. Crumedy, Seminole. 3. Stanley, Lake Mary.
- Class 6 — 1. Burkly, Seminole. 2. Gibson, Seminole. 3. Whitting, Lake Howell.
- Class 7 — 1. Grasty, Lyman. 2. Whack, Seminole. 3. Plaugher, Lake Howell.
- Class 8 — 1. Beauchamp, Lake Mary. 2. Traino, Lyman. 3. Terchenak, Lake Howell.
- Class 9 — 1. Beard, Lyman. 2. Turner, Seminole. 3. Lopez, Seminole.
- Class 10 — 1. Fowler, Lyman. 2. Medlock, Seminole. 3. Medina, Lake Howell.
- Class 11 — 1. Turner, Seminole. 2. Glenn, Lyman. 3. Nouskhajjan, Lyman.
- Class 12 — 1. Kaley, Lyman. 2. Cohen, Lyman. 3. Skeens, Lake Howell.
- Class 13 — 1. Emrick, Lyman. 2. Haire, Lyman. 3. Ogle, Lyman.

Bolton, Reliford Take MVPs

Inter-County Basketball held its grand finale for its first season of competition with a "Night of the All-Star" at Oviedo High last week. The division champs met the all-stars from the rest of the teams in each division and, in two of the three games, the All-Stars prevailed.

In the 8th grade boys (varsity) game, the division winning South Seminole Bobcats topped the All-Stars, 70-56, as Oscar Wilder poured in 23 points to boost the Bobcats. Wilder had help from Vince Florence who tossed in 19. Darryl Reliford with 16 and Ricky Deming 16 while Darryn Crist controlled the boards with 11 rebounds. Bob Hughes (Jackson Heights Pacmen) led the All-Stars with 11 points while Rodney Davis (Winter Park) added 10.

In the 6th-7th (junior varsity) game, the All-Stars edged the division champion Jackson Heights Bruins, 37-31. John Flath (South Seminole Tomcats) led the Stars with eight points while Garth Bolton led the Bruins with 16 points and Alan Greene added 10.

In the girls division, the All-Stars ran away from the champion Jackson Heights Terrors, 46-18. Leading the Stars were Barbara Malone (South Seminole Kittens) and Joyce Shaw (Tuskawilla Mighty Warriors) with eight points apiece. Michelle Duda led the Terrors with six. Most Valuable Players for the three games were Darryl Reliford of South Seminole in the 8th grade game, Garth Bolton of Jackson Heights in the 6th-7th grade game and Joyce Shaw of Tuskawilla in the girls game.

Vandigriff Slams Phillies

Ted Vandigriff slammed two doubles and knocked in three runs to pace a 13-hit attack as the Expos hammered the Phillies, 13-5, in the Altamonte Major League youth baseball season opener.

The Expos exploded for eight runs in the third inning and it was all they needed as Chris Knutson picked up the victory on the mound, allowing only two runs on one hit in four innings of work. Knutson also added two singles to the fireworks while teammates Matt Steinmetz, David Swain and Eric Adzima added two hits apiece.

The Expos made it two in a row as Greg James and Knutson each clouted homers in a 5-4 victory over the Braves. Johnny Nelson went the distance on the mound for the Expos, striking out 12 and walking only three. Jimmy Muschelwhite hurled a fine game in a losing cause for the Braves, striking out eight and walking just one. Chris Radcliff had two hits and two RBI for the Braves.

In other Major League action, Brian Freuck and Danny Hendricks combined for 13 strikeouts and limited the opposition to only one hit as the Angels ripped the Orioles, 9-0. Freuck also had three hits for the Angels while Hendricks added a single and a triple and two RBI. Ethan Levine and David Bane added two RBI apiece for the Angels.

In Minor League action, the White Sox bombarded the Expos, 12-1, behind two hits apiece from Matt Wallenquist and John Gilvin. With the game tied at 1-1 after two innings of play, the White Sox rallied for four runs in the third and tacked on five more in the fourth to turn a close game into a runaway. Sean Smith had a pair of singles for the Expos.

In Rookie League play, the Orioles edged the Angels, 13-12, in a slugfest that saw both teams combine for 50 hits. Fred Engels had four hits for the Orioles while Mark Romagosa and Allen Satterfield added three hits each.

In other Rookie League action, the Cardinals and Dodgers battled to a 15-15 tie.

Bandits Handcuff Herschel Crunch New Jersey, 32-9

United Press International
New Jersey coach Chuck Fairbanks knew what had to be done.

With his Generals 0-2 going into their home debut and quarterback Bobby Scott nursing a sore shoulder, Fairbanks knew Herschel Walker had to run the ball early and often.

The Tampa Bay Bandits also knew, however, and were more prepared to stop Walker than the Generals were to spring him.

Holding Walker to 39 yards on 19 carries and getting three touchdown passes from John Reeves and two TDs from Greg Boone, Tampa Bay cruised to a 32-9 win over the Generals Sunday at Giants Stadium in East Rutherford, N.J.

"I think it was obvious early that Herschel wasn't going to run very far on us," Bandits coach Steve Spurrier said after his team improved to 3-0 before a USFL record crowd of 53,370.

"I saw Herschel Walker get knocked backward an awful lot. I don't know if you've seen that happen much, I know I haven't."

Walker rarely got knocked back at Georgia, where he was a three-time All-America and won the Heisman Trophy before signing with the Generals after his junior year.

Walker carried eight times in the first quarter Sunday, but never got untracked. His longest run was nine yards and the Bandits minimized his effectiveness by taking an 18-0 lead midway through the second quarter.

"I've still got a lot of learning to do," Walker said. "Pro ball is a lot different than college ball."

Pro Football

"It's hard whenever you fall behind early, especially against a team like Tampa. It's not something we looked forward to doing."

Zenon Andrusyshyn kicked a 20-yard field goal on Tampa Bay's first possession and Reeves found Boone for a 3-yard TD on their next possession. Reeves also connected with Eric Truvillion for a 25-yard scoring pass late in the second quarter for an 18-0 lead and hit Lewis Gilbert for a 10-yard TD in the fourth quarter.

Boone, who finished with 72 yards to up his league-leading total to 244, also scored from 1 yard out in the third quarter.

New Jersey scored on Dave Jacobs' 30-yard field goal at the end of the half and reserve quarterback Dave Bolsture's 10-yard TD pass to Victor Hicks with 50 seconds left in the game.

"I am embarrassed," Fairbanks said. "I think the coach has to get better. We will look over the roster and anyone who knows he's not doing his job knows he won't stay."

In other games Sunday, Denver upset Chicago 16-13 and Boston edged Washington 19-16.

On Saturday night, Oakland topped Michigan 33-27 and Arizona dumped Los Angeles 21-14.

The Philadelphia Stars visit the Birmingham Stallions tonight to complete the USFL's third week.

Gold 16, Blitz 13
At Chicago, quarterback Ken Johnson scored on a 1-yard rollout

with 18 seconds left to rally Denver in a driving snowstorm. Johnson's touchdown capped a 70-yard drive and came on a 4th-and-1 after the Blitz had held for three plays inside their own 3-yard line. The Blitz had taken a 13-10 lead and on John Roveto's 38-yard field goal with 1:45 left.

Breakers 19, Federals 16

At Boston, Tim Mazzetti's fourth field goal, a 29-yarder with 27 seconds to play, lifted the Breakers in an error-filled game. Mazzetti's game-winning kick came three plays after the Federals lost 40 yards on a field goal attempt when the snap sailed through the holder's hands. Mazzetti also had field goals of 20, 47 and 21 yards for Boston. Richard Crump gained 130 yards and scored Boston's lone touchdown with 4:37 left.

Invaders 33, Panthers 27

At Pontiac, Mich., Fred Besana threw for 338 yards and three touchdowns, two to Wyatt Henderson, to lead Oakland. Michigan fell behind 23-6 before rookie quarterback Bobby Hebert three TD passes to rookie wide receiver Derek Holloway but got no closer than the final score.

Wranglers 21, Express 14

At Tempe, Ariz., Darryl Clark scored on a 1-yard run, Alan Risher passed 45 yards for another touchdown and Jim Asmus kicked a league-record 57-yard field goal and another from 41 yards out to lift the Wranglers. Los Angeles receiver Kevin Williams caught a 61-yard TD pass from Mike Rae and a 3-yard scoring pass from Tom Ramsey.

Bernazard's Hit Backs Hoyt's 7 Innings As Sox Blank Cards, 1-0

United Press International

In a battle between two clubs who could be meeting for far greater stakes eight months from now, Tony Bernazard's bad-hop single drove in the only run in the eighth inning Sunday, helping the Chicago White Sox beat the St. Louis Cardinals 1-0 in an exhibition game.

LaMarr Hoyt, a 19-game winner last year, pitched seven strong innings for the White Sox, allowing only four hits. Kevin Hickey pitched the last two innings as White Sox pitchers extended their string of consecutive scoreless innings to 32.

St. Louis ace Joaquin Andujar pitched six innings, allowing just three hits. Andujar has nine scoreless innings this spring.

Pinch hitter Jerry Hairston doubled off Andy Rincon with one out in the Chicago eighth and went to third on Rudy Law's groundout. Bernazard then singled off first baseman George Hendrick's glove, scoring Hairston.

Elsewhere, Garth long keyed two outbursts with singles and four Toronto pitchers combined on a five-hitter to give the Blue Jays a 5-0 victory over the Boston Red Sox

Baseball

at Dunedin, Fla.

At Vero Beach, Fla., Claudell Washington hit two home runs, singled once and drove in three runs to help the Atlanta Braves notch their first victory in four spring games against the Los Angeles Dodgers, a 12-1 decision.

At Tampa, Fla., Gary Redus hit a grand slam to help the Cincinnati Reds pound the Philadelphia Phillies 9-3. Reds' pitcher Mario Soto limited Philadelphia to one unearned run in six innings.

At Miami, rookie outfielder Mike Young hit a grand slam and Ken Singleton added a solo shot to pace the Baltimore Orioles to a 9-4 win over the Minnesota Twins. Dennis Martinez allowed only one run in six innings to pick up the win.

At Yuma, Ariz., Ben Ogilvie singled in two runs and Marshall Edwards added three hits, including a run-scoring triple, to lead the Milwaukee Brewers to a 7-2 triumph over the San Diego Padres.

At Phoenix, Ariz., Davey Lopes hit

TONY BERNAZARD ...Clutch single

LAMARR HOYT ...Seven strong innings

a home run to highlight a 13-hit attack in support of Steve McCatty to give the Oakland A's a 9-3 victory over the Seattle Mariners.

At Scottsdale, Ariz., reserve outfielder Max Venable ripped a two-run inside-the-park home run to pace the San Francisco Giants to a 9-5 triumph over the Chicago Cubs.

At Palm Springs, Calif., right-hander Dave Goltz allowed two hits over five innings and Mike Brown snapped a 1-1 tie with a third-inning homer to lead the California Angels to a 3-1 win over the Cleveland Indians.

At Lakeland, Fla., Tom Brookens socked a two-run homer in the seventh inning to help the Detroit Tigers to a 5-4 victory over the Houston Astros. Rookie Mark Dacko, a 6-foot-4 right-hander, allowed Houston only two hits in five scoreless innings.

At Mesa, Ariz., the Chicago Cubs released shore-shouldered pitcher Allen Ripley and sent pitchers Alan Hargeshelmer and Sandy Wiktol, and catcher Mike Diaz to their minor-league camp for reassignment.

...Was Harry Smith Irreplaceable?

Continued from 5A

Taylor said Smith worked under the same handicap during the four years the SYBA ran the baseball program, but Smith was definitely on the side of the youth. "At least we knew Harry Smith was on our side," said Taylor. "Harry would fight for everything he could get us (from the city) and would work with us anyway he could."

Monson, the coaches feel, does not understand the "Sanford Situation," which is dealing with low- and medium-income youngsters. Sixteen per cent of the youngsters participating in the SYBA program lived in federally subsidized housing projects in the city. By comparison, less than ONE-HALF of one percent of the population of lives in those same projects. "We were reaching the kids that needed to be reached the most," points out Taylor.

Those youngsters, however, may not be reached now. Monson is enforcing a \$5 fee before the tryout. Coaches in the league feel it is discouraging participation. Monson said the turn out has been low and the city will "relax" its pay-before-play policy beginning this week.

Monson said the pay-before-you-play policy is used in every other league in Seminole County. "The fee is important," Monson said Friday. "How are you going to pay for the program?"

Taylor said maybe that is so, but he points to a major difference in

Sanford Scene

Sanford's program and that of the Seminole Pony Baseball Association at Five Points and the Altamonte Little League.

"How many blacks and low-income kids do they serve?" Taylor asks. "The only blacks playing at Five Points are the ones they come up here and recruit. The coach pays their player fee. I could probably count the number of blacks playing at Five Points and Altamonte on two hands and both feet."

Greg Ebbert, a board member for Seminole Pony Baseball last year, said no more than 10 black kids were in the program, three of which were from Sanford. John Strott, president of the Altamonte Little League, said about 10 black players were in his league, none from Sanford.

"It only costs \$5 to play in our league," said Jernigan. "There's no place in the county you can play for \$5. It was \$8 when the Sanford Youth Baseball Association ran it last year." Seminole Pony Baseball charges \$40 as does the Altamonte Little League.

Taylor said this is just a play on the part of the city to deceive the people into thinking they are getting a better deal. "They may be charging \$5 but they aren't giving the kids the socks which makes up the

PEOPLE

Evening Herald, Sanford, Fl. Monday, March 21, 1983-1B

DAR Learns History Of Quilting

The March meeting of Sallie Harrison Chapter of the Daughters of the American Revolution was held in the home of Mrs. Harry F. Cushing in Loch Arbor with Mrs. John L. Brumley as co-hostess.

Regent Mrs. W.S. Brumley Sr. presided and welcomed members and guests.

The opening ritual was led by Mrs. Raymond G. Fox and Mrs. H. Wright read the March message from president general Mrs. Richard Shelby which made note of the fact that there are now 208,796 members in NSDAR.

Mrs. C.E. Butler, national defense chairman, advised that learning to live one day at a time is a good prescription for a long and happy life.

It was announced that the Seminole County Historical Museum is being made ready for organizations. Sallie Harrison Chapter will share a room in the newly decorated building.

Mrs. Rae Harper, Patchwork Cottage, was the guest speaker introduced by Mrs. Brumley. She gave a talk on the history of quilting tracing the changes in quilting from the time of the Crusades, when knights wore quilted material under their heavy coats of mail. The Pilgrims brought their quilts to the new world on the Mayflower and the only true American quilt is the patchwork, originated by these early settlers.

Quilting bees were very popular in early times, the speaker said, as social events as well as a means of providing warm covers and wall hangings for pioneer homes. The ingenuity of the pioneer women overcame many obstacles in making their homes in the new world as comfortable and beautiful as possible.

A resurgence of interest in quilting was brought about by the Bicentennial. Mrs. Harper stated, adding that many old patterns were re-introduced to become popular again. She brought some of her own quilts as well as Amish and Mennonite quilts as examples of this art.

The hostesses served refreshments during the social hour.

Girl Scouts International Night

Brenda Eppenshiner of Brownie Troop 764 pauses between sampling a variety of food served when the Girl Scouts in Marigold Unit, coordinated by Meta Porter, observed International Night at the Sanford Civic Center. Troops in the unit represented nations from around the world with Troop 764 representing Australia.

In And Around Winter Springs

Old-Fashioned Carnival Set

There's an old-fashioned carnival at Winter Springs Elementary on March 26, from 10 a.m. to 3 p.m. So mark your calendars for a day of fun and games.

An Easter Egg Hunt, with a special visit from the Easter Bunny will start the day. The egg hunt will be held in the campground area and is sponsored by Seasons Restaurant. There will be different categories for kids from toddlers through fifth grade.

At 10:45 a.m., in the media center, P.J.C.'s baton group will perform, followed by a dance group who will perform dances from around the world.

At noon, an exhibition of gymnasts will perform on the east side of the campus.

There will be a special exhibit from the Central Florida Zoo set up from 11 a.m. to 2 p.m. An auction will take place in the media center from 12:30-2:30 p.m. with numerous items up for bid. There will be clowns, a country store, bake sale, food and games.

Two Scandinavian Sea Escape tickets were donated to the Carnival for a drawing. All expenses will be paid except for docking fees and tips. You may be the one to win. Go, Enjoy.

Winter Springs Elementary has other good news also. Several students fared well in the Seminole County Science Fair held at S.C.C.

From Kindergarten Eric Pagano took third place. In the first grade, Sharon Hoffman took first place. In the second grade an honorable mention went to Paul Worrell.

A Science Olympics was held also, and in the egg drop, third place went to Dawn Hutchinson, a second grader. In bridge building, second place went to fifth graders Scott Sawyer and Paul Mosley.

March 26, is going to be a very exciting day for Pat Feverston's gifted class at Jackson Heights, along with several other eighth grade students. They will be leaving the Amtrak Station in Sanford at 2 p.m. for Washington, D.C. They will arrive at 6 a.m.

Man Wants To Change Wife Of 40 Years

DEAR ABBY: We have been married for over 40 years, and I am not happy at the moment. I am a fairly attractive, sports-minded, golf- and tennis-playing male of 69. My wife (I'll call her "Bernice") is 60, plays nine holes of golf twice a week while riding in a golf cart and says that's enough exercise for her.

Bernice has a pretentious wrinkling all over her lovely face. I find this repugnant. At my insistence we saw a plastic surgeon who told her she was an ideal candidate for successful cosmetic surgery, but she wants no part of such an operation because she is "afraid" of surgery. Her mother was a psychotic who refused to stay above the first floor of any hotel, and I'm afraid Bernice has inherited some of her mother's irrational fears.

Bernice is a good wife and mother. It's probably too late in our lives to make any changes, and I don't really want to, but I would like her to go to exercise classes and build up her stamina so we could play 18 holes together and enter the club mixers. I also want her to have cosmetic surgery. I almost forgot another unattractive feature. She has a lower stomach protuberance that I

Dear
Abby

find physically repugnant. She blames it on having had children, but I've seen women with figures like teen-agers who've had more children than she's had.

I've offered to take aerobic dancing or join an exercise club with her to help build up her stamina and improve her figure, but she spurns the idea.

Am I asking too much of her?

NOT CONTENT IN CALIFORNIA

DEAR NOT: Yes. No one should be asked to submit to cosmetic surgery to please another. And although an exercise program would improve your wife's stamina and figure, your reasons for pushing it seem more selfish than loving.

Since you admittedly are "not content," I

Carnival on March 19. The auction included about \$2500 worth of items donated by local businesses. Also featured were a bake sale, plant sale, balloon walk and two video games.

Jackson Heights Middle School did quite well in the Seminole County Science Fair. In the eighth grade, Eric Lleywelyn was one of the second place winners while David Coleman took an honorable mention.

Sean Rector took second place in the seventh grade with David Carlson receiving honorable mention.

In the sixth grade Mandy Ehrhart took first place, Ryan Feinberg, second place and Jeff Sweet received honorable mention.

Danny Carlson received the Florida Power Award.

Tim Wilks was surprised with a party for his 20th birthday on March 16 by Laura Rozak.

Bruce McConigal celebrated his 20th birthday on March 15 but had to wait until the 19th to celebrate when his friends threw a party.

Scott Arnold celebrated his 20th birthday on March 19.

Chuck Moore celebrated his birthday on March 11 by going to Atlanta with his wife, Donna. They say they had a great time.

Sherril Moore celebrated her 32nd birthday on March 5 by helping out with a Southern Bell retiree fish fry at Sunshine Park. She fried hundreds of hush-puppies, which were delicious. Then the following Monday she had to go into the hospital for several days of tests. We're happy to say she's out now and doing fine.

Birthday wishes go out to Ina Oltz, March 3, Ann Joseph and Deipal, March 5, Mina Reed and Andrew Cali, March 6, Esther Hutchinson and Rena Dixon, March 7, Alice Razso, March 8, Bernard Joseph, Eva Kondrats and James Novella, March 9.

suggest you seek therapy to learn why you find your mate of over 40 years "physically repugnant" because of a protruding tummy and a "lovely" time-etched face.

DEAR ABBY: My son, who lives out of town, always sends me the best of everything, so you can imagine my disappointment when I received a puny little half-dead poinsettia plant on Christmas.

I took a Polaroid picture of the plant and sent it to my son along with my thank-you letter.

A few days later, the florist delivered not one but two of the most magnificent poinsettia plants I had ever seen!

SEMINOLE COUNTY BOARD OF COUNTY COMMISSIONERS NOTICE OF PUBLIC HEARING

APRIL 13, 1983 7:00 P.M.

The Board of County Commissioners of Seminole County, Florida, will hold a public hearing to consider the following: I. TRAVIS M. WEST - BA(23-631)OTE - A-1 Agriculture Zone - Appeal against the Board of Adjustment in denying a Special Exception to park a mobile home on Lot 47, Woodland Estates, in Section 26-21-31, on the West side of Scrub Oak Trail, East of Lockwood Road, (IDS). (1)

This public hearing will be held in room 200 of the Seminole County Courthouse, Sanford, Florida, on April 13, 1983, at 7:00 P.M. or as soon thereafter as possible. Written comments filed with the Land Management Manager will be considered. Persons appearing at the public hearing will be heard. Hearings may be continued from time to time as found necessary. Further details available by calling 322-4330. Ext 159.

Persons are advised that, if they decide to appeal any decision made at this hearing, they will need a record of the proceedings, and, for such purpose, they may need to insure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based, per Section 236.0105, Florida Statutes.

vs. JAMES GARY BRIMAGER, Defendant.

NOTICE OF SUIT YOU ARE HEREBY NOTIFIED that a Complaint in Debt Title has been filed in this court by BARON R. LUCKENBACH and STEPHEN M. LUCKENBACH. You are required to serve a copy of your written defenses, if any, to it on J. Carter Miller, 407 Lake Howell Rd., Maitland, Florida 32751 and file the original with the Clerk of the above court on or before the 23th day of April, 1983. A default judgment will be entered against you.

WITNESS my hand and seal of said court on the 18th day of March, 1983. ARTHUR H. BECKWITH JR., Clerk of Court. By: Eleanor F. Burratto, Deputy Clerk. Publish March 21, 28 & April 4, 11, 1983 DEF-82

IN THE CIRCUIT COURT FOR SEMINOLE COUNTY, FLORIDA PROBATE DIVISION File Number 83-041-CP

IN RE: ESTATE OF CHARLES CHULCOO LEE, Deceased

NOTICE OF ADMINISTRATION TO ALL PERSONS HAVING CLAIMS OR DEMANDS AGAINST THE ABOVE ESTATE AND ALL OTHER PERSONS INTERESTED IN THE ESTATE

YOU ARE HEREBY NOTIFIED that the administration of the estate of CHARLES CHULCOO LEE, deceased, File Number 83-041-CP, is pending in the Circuit Court for Seminole County, Florida, Probate Division, the address of which is Post Office Drawer C, Sanford, Florida 32771. The personal representatives of the estate are EDWARD JAMES LEE and JENNIFER KATHRYN LEE and JENNIFER KATHRYN LEE, Longwood, Florida 32750. The name and address of the personal representative's attorney are set forth below.

All persons having claims or demands against the estate are required, WITHIN THREE MONTHS FROM THE DATE OF THE FIRST PUBLICATION OF THIS NOTICE, to file with the clerk of the above court written statement of any claim or demand they may have. Each claim must be in writing and must indicate the basis for the claim, the name and address of the creditor or his agent or attorney, and the amount claimed. If the claim is not yet due, the date when it will become due shall be stated. If the claim is contingent or unliquidated, the nature of the uncertainty shall be stated. If the claim is secured, the security shall be described. The claimant shall deliver sufficient copies of the claim to the clerk to enable the clerk to mail one copy to each personal representative.

All persons interested in the estate to whom a copy of this Notice of Administration has been mailed are required, WITHIN THREE MONTHS FROM THE DATE OF THE FIRST PUBLICATION OF THIS NOTICE, to file any objection they may have that challenges the validity of the decedent's will, the qualifications of the personal representative, or the venue or jurisdiction of the court. ALL CLAIMS, DEMANDS, AND OBJECTIONS NOT SO FILED WILL BE FOREVER BARRED. Date of the first publication of this Notice of Administration: March 21, 1983. Jennifer Kathryn Lee Edward James Lee As Co Personal Representatives of the Estate of CHARLES CHULCOO LEE Deceased ATTORNEY FOR PERSONAL REPRESENTATIVE: SUSAN A.
