## Early Housekeeping Lessons

Teachers have been finding out that practical lessons in home-maning can be started in the kindergarten. Children can learn there the way to be good to each other in a family—surely one of the basic lessons of all life. They learn about keeping clean, about eating what will keep them well and make them strong. They learn simple things about cooking and cleaning and sowing. Boys enjoy all this and are as good at it as girls, which is as it should be. They learn about how to buy to make money last the week out-a point in which married women have grown up deficient.

This has been demonstrated at a statewide conference of home-making teachers of the state of New York, held lately at Cornell University.

One curious thing had to be learned by teachers of older children. Some had been "spending time on fine points of basic policy. That's good enough mufflus or applesance with girls who were already, as a for us. We'll still be in favor of regular thing, cooking whole dinners for their families." keeping our powder dry and our

It doesn't pay to talk down to children. Even the small ones understand a great deal. They are smarter — often reported deaths yet, but some of wiser—than their elders think!

IN NEW AND ADVANCED STYLING The new long low, sleek lines of the 1953 Chevrolet set new standards of beauty in the low-price field. Here in this superfuly tiyled Body by Fisher you will see careful detailing and a richness of appointments always before found only in much costlier cars. Notice, too the colorful good looks of Chevrolet's luxurious and roomy interiors.

## IN HIGH-POWFRED PERFORMANCE

The most powerful engine in the low-price field! The entirely new 115-h.p. "Blue-Flame" engine in combination with new Powerglide brings you new high-compression power (7.5 to 1 compression ratio) and a wonderful gain in economy, too. In gearshift models you will find the advanced high-compression 108-h.p. "Thrift-King engine.

## IN SMOOTH, SIMPLE AUTOMATIC DRIVING

Expect faster getaway and greater acceleration with Powerglide's new automatic starting and passing range . . . and new economy, too. Chevrolet's new Power Steering\* takes over 80 per cent of the work of steering, makes parking unbelievably easy. Thus, Powerglide driving and finger-tip steering make your Chevrolet exceptionally easy to operate.

## IN ECONOMY AND VALUE

Now, you'll get more miles-many more miles-out of every gallon of gasoline. Here is the most important gain in economy that Chevrolet has ever offered you. You'll save on over-all operation and upkeep, too, Yet with all the improvements, the finer features in this new Chevrolet, it remains the lowest-priced line in the low-price field.

## IN AMERICA'S FAVOR

Again this year-as in every single postwar year-more people are buying Chevrolets than any other car. In fact, latest official registration figures show that Chevrolet is over 25% shead of the second-place car. Nearly 2 million more people now drive Chevrolets than any other make.

# Sanford Takes Fifth Place On 7-3 Win Over Orlando Cards Win 6th Of Last 7 Games; Lakeland Plays Here Tonight By Kent Cherlan By Kent Cherlan

It was the third straight victory for the resurgent Cardinals and fifth loss in a row for Or-lando. Sanford has now won six of its last seven games. Last night's win shoved the Redbirds into fifth place — the highest position they have occupied so far in the second half.

With an 8-9 record, Sanford is a pame-and-a-half out of the first ivision, 214 behind the third place DeLand Red Hats and 4½ away from the predominate Daytona Beach Islander-

to play Lakeland, Former manager of the Sanford Semitole
Blues—Chuck Aleno — will make his first appearance here since assuming the reins of the Pilots last month. Clarence Ingram will as Tommy Legacia (1980).

Ingram will be seeking his 11th went for the collar against Jack victory of the year after four untouccessful hids this half. The 19-route for the losers. year-old righthander from Albany. Ga., has a 10-9 mark this season,

It will be Ludies Night this evening at the Memorial Stadi-um, and with the added curiosity watching Chuck Aleno perform against Sanford, a large crowd is expected to jam its way

into the park.

Lakeland, while only being tied for seventh place, brings to Sanford probably the best one-two punch in the Florida State League in the barrel-chested Al Pirtle and in the barrel-chested Al Pirtle and in the barrel-chested Al Pirtle and in the barrel-chest Aleno.
