

### Spring Football Practice Begins At Local School

#### Kettles Announces Bright Outlook For Coming Year

Seminole High School has opened Spring football drills and prospects show that the Feels will field another powerful aggregation this Fall.

Approximately 30 prospective players have answered coach Carl Kettles' call, among whom are many stalwarts from last year's team.

Opening sessions consisted of issuing equipment, setting up exercises and some fundamental drills.

"Our prospects for a good season are better than those of last year," Kettles states.

The loss of such stalwarts as Harold Kastner and Bill Ludwig in the forward wall will surely be felt, but there are many fine replacements.

Kettles announced that Bill Ludwig and Willis Anderson had received certificates from The Miami Herald naming them on the Little All-Star team. Harold Kastner received honorable mention and a certificate.

### Fishing Made Easy - Just Read A Book

GROVE, OKLA. (AP)—Fishing at Grand River in northeastern Oklahoma is being made a simple as reading a book.

Come next spring when fishermen start dropping their line in the 55,000-acre reservoir, they will be handed sketch maps showing the location of fish concentration shelters now being constructed.

It's all part of a program by the Grand River dam authority and the Oklahoma Game and Fish Commission "to bring fish and fishermen together."

The gathering places, to be numbered on both maps and shore posts, are made of brush and logs securely tied together and anchored with large stones in spot selected by a trained biologist.

Some will be under several feet of water and others will run out from the shoreline like rail fences.

The commission said that when an angler wants to get a few fish for dinner, all he will have to do is decide what kind he wants and refer to the booklet. It will read something like this:

"Number 17, 40 yards straight out from shore marker, an overhanging bank for both crappie and bass. Use deep-running plugs or fish with live minnows over and around shelter."

To make sure cat fish will be easily caught, large catfish pens are being constructed of stone. O'Reilly Sandoz, the commissioner's senior biologist, said that the brush shelter is not an experiment but has been proven. "The fish will be there," he promises anglers.

### SPORTS ODDITY

By Associated Press

There are pitchers in baseball who often give away the pitch they are going to make by certain tell-tale signs.

Listen to Willie Pope's description of how Babe Ruth used to tip his hand when pitching for the Boston Red Sox.

Pope, at that time Yankee first baseman, says: "I always knew when the Babe was going to throw a curve ball. He invariably stuck out the tip of his tongue."

### How To Get Clipped At A Race Track

HALLANDALE, Fla. (AP)—Gulfstream Park, which opens its winter season of racing on March 5, is making many improvements for its patrons.

One of them include a modern, well-equipped barber shop on the mezzanine. For those clubhouse patrons who want to get clipped at Gulfstream's honorial parlor, the mezzanine promenade may be reached through a new entrance at the south end of the main grandstand.

### HE STUDIES, TOO

ST. LOUIS, (AP)—George Munroe of the St. Louis Bombers of the Basketball Association of America, acquired Phi Beta Kappa rank at Dartmouth, and then ranked first in a 1,200 man class at Columbia University Middlemen's School. He will enter Harvard Law School at the end of the basketball season.

### INSIDE SPORTS REPORT

By ARTHUR BECKWITZ, JR.

#### Palatka's Skipper

Johnny Loncuff has been signed to manage the Palatka Azalea entry in the Florida State League during 1947. It was announced recently by the directors of the Palatka organization.

Johnny is a popular fellow in the Azalea City and his taking over the reins of the Palatka club sends the hopes of the Palatka people a little higher to ward the thoughts of pennant winning.

Johnny graduated from the University of Illinois, and was immediately signed by the New York Giants. The Giants shipped him to Dothan, Ala. in the Alabama Florida League. He moved about from club to club and came to rest with the Jacksonville Tars in the Sally League in 1942.

He played with Jersey City of the International League in 1944 and 1945. In 1946 he started the season with Shreveport of the Texas League and remained there until purchased by the Azaleas.

Johnny's ability to handle men was noticed immediately after having arrived in the Palatka camp last July. He intervened in many squabbles that may have otherwise been drawn had he not been on hand.

The new skipper found Florida State League pitching to his liking last season, and completed the year with a .308 average to place him among the best hitters in the league.

**Loop Rule Change**  
It seems as though John Ganzel and his 'Chain Store' managers were soundly defeated in their rookie rule that was proposed at the recent league directors meeting held in Orlando.

The Orlando general manager wanted the 1946 rookie rule, which stipulated that there be four rookies on each club roster, be changed and hiked to six in this classification.

Teams, like the one Ganzel represents, has the backing of a large chain of teams. Why should the independently owned and operated clubs jeopardize their very existence by supporting a rule such as this one?

Dode Fuller, president of the Daytona Beach Islanders, paced the attack on increasing the rookie rule.

Willis Anderson  
We received in the mail Saturday a letter from Willis Anderson which read as follows:

"I received a letter from Ash Wing, president of the Florida State Sports Writers Association. In the letter he mentioned you in regard to the fine information that you sent him during the current football season. This information helped him greatly in helping him to work on the selection of the most outstanding high school football player in 1946.

"I wish to thank you for all the troubles and efforts that this information must have been to you. So, again I sincerely thank you, and I will hope that I can repay you in some way at any time."

There are but very few lads of high school age that would appreciate the help that was given him in securing honors on the grid iron enough to let anyone know about it. He is a good athlete and an exceptional student. We wish him well in his future football career, and may it be a prosperous and successful one.

### THE CLUBHOUSE

By JIM BECKER  
AP Newsfeatures Sports Writer

NEW YORK—The boss turns to me and asks: "How'd you like to be a movie critic?"

I think how wonderful it would be to write about Jane Russell for a change instead of her husband, Bob Waterfield, and I think that this movie reviewing racket is a good way to get hobnobbing with Miss Russell and away from the smoky Garden, the frigid football stadiums and all them gnats at Ebbets Field and into the nice, wholesome air of a movie theater.

So I jump at the chance. "Give me the ticket and I'm the movie critic as of now," I say. The ticket reads "Hotel Commodore" which is no movie theater but is a high class hotel about half a buck's cab ride from here.

But I go anyway because I think maybe it will lead to something better.

I arrive to begin my new life of refinement and who do I see but the same old free-loading sports writers from the smoky Garden, the frigid stadiums and the Ebbets Field gnats. All are movie reviewers for a day, and it turns out that the picture is a job produced by the American and National Leagues and was written and directed by Lew Fonseca, who managed the Chicago White Sox in 1932 and '33. Both teams finished in the second division. His pictures are doing much better.

I sit down at the table with the same guys as usual. There aren't any speeches, which is unusual for one of these things. Pretty soon they show the movie and it is a pretty good job despite a few weak spots.

The first film runs 30 minutes. It's about batting stars and designed for 16 millimeter showings to high school players, amateurs and minor leaguers. I think it would have been a better movie if the film had concentrated on the two great baseball hitters—Ted Williams and Stan Musial—and spent a lot less time on some guys who field their positions like-ly with nicking machines but don't hit their weight. The batting styles

of a bunch of guys who hit around .275 when the wind is right, are shown.

The second part of the picture is about the All-Star game and the World Series. It is the best of the two. However, the most important play in the Series—when Slaughter runs all the way from first to home with the winning run in the eighth inning of the seventh game—is glossed over very rapidly. This could have been slowed down for more careful study.

The films can be obtained for high schools, colleges, clubs, etc., by writing Lew Fonseca, American and National Leagues of Professional Baseball Clubs, Room 907, 64 E. Jackson Blvd., Chicago (4) Illinois. Furnish a desired date for the showing and an alternate.

Now my movie reviewing days are over, and it's back to Waterfield, the smoky Garden, the frigid arenas, and those Ebbets Field gnats.

**THE YOUNGEST** prospect ever to be signed up in organized baseball, little Paul Frederick Weiser, Jr., gets the feel of the ol' apple at his home in St. Louis, Mo. The tot was signed by the St. Louis Cardinals to play with their Omaha minor league club in 1944. Sam Bresdon negotiated the deal when Bob Hall, president of the Omaha club, requested it as a token of his friendship for Paul, Jr.'s grandfather. The contract is for \$5,000. (International Soundphoto)

### READY TO GO

By Jack Sords

**ERNE BONHAM,**  
FORMER NEW YORK YANKEE PITCHER, RECOVERED FROM A BACK AILMENT AND READY TO GO ALL OUT FOR HIS NEW OWNERS, THE PITTSBURGH PIRATES

### SPORTS LAUGH

By Associated Press

The New York professional football Giants were playing an exhibition game against an all-star team a few seasons back and were leading 10 to 0 with a minute left to play. They were driving toward the all-star goal, when coach Steve Owen sent in a substitute with orders to "slow it up."

On the next play Hank Soar threw a forward pass that was intercepted and ran almost the length of the field for a touchdown.

Soar was immediately called

to the sidelines as Owen raged. The bewildered Soar said: "Gosh, Steve, I passed because I thought that guy said, 'Serve it up.'"

Owen growled: "Whatcha think we're playing, tennis?"

### CORDIAL IN SUMMER

INDIANAPOLIS, (AP)—Opponents would hesitate to call Hugh Miller, rugged defenseman of the Indianapolis Caps in the American Hockey loop, a hospitable creature. But in the summer months it's another story. Hugh greets them with extended hand, sunny stick. He's manager of the Rockwood Hotel, Stonewall, Manjotoba.

### Feature Ninth Race To Be Run Over 3-8 Mile This Evening

Shick Westener and Gabby Jack formed a 4-5 ticket on the daily double at the Sanford Orlando Kennel Club last night to pay \$150.00 at the mutuels.

Betty Orchid and Switchman Pete returned \$92.20 on a 3-1 combination in the fifth race quinella.

Tonight's races include six events over the future distance, three over the 3/16 mile and the feature ninth's control will be run from the 2 1/8 mile box.

Tonight's entries are:  
First race—Purity (4th mile race)  
Navy Pilot, Jolly Jungle, Krene, Chickadee, Fortune, Hot Spurs, Ho Pletter, Truly By.

Second race—Purity (4th mile race)  
Rocky Ridge, Retribution, Booker, Deans Copper, Serves U Right, Kiowa Ace, Time Limit, Your Telling Me.

Third race—Purity (4th mile race)  
Swing Sister, Country Sue, Ben Lucky, Chances R, Krispy Kracker, Flat Bush, Fair Lark, Let Him Ward Me.

Fourth race—Purity (4th mile race)  
Dawns Light, Kelly O'Brien, Rock Island, Johnny Walker, Plash Mar, Gosome, Mar Ben.

Fifth race—Purity (4th mile race)  
H. D's Lady, Our Label, Miney Mo, Taunton Girl, Sparkle Matron, Chanco, Whirlwin, Arrow Point.

Sixth race—Purity (4th mile race)  
Flat Bush, Fair Lark, Let Him By, Lee Roy, Dark Thoughts, Cassina, Susie Bell, Pavot.

Seventh race—5/16 mile (1/16 mile race)  
Captain Hagen, Pauline Shelby, Chans Portus, Rural Speck, Passer By, Idian Blanket, Belloma, Hell's Boy.

Eighth race—Purity (4th mile race)  
Billions, Trail Boss, Chans First Beachhead, Without A Doubt, Reddy Kilowatt, Mister Kay, Chans Chance.

## Russia Makes Concession To Small Nations

### 12 Allied Countries In Europe To Participate In Drafting Peace Treaty

LONDON, Feb. 13, (AP)—Russia made an important concession in the Deputy Foreign Ministers meeting today. She dropped her objections to letting 12 smaller allied nations in Europe take part in the drafting of peace terms for Germany, American, French and British deputies all welcomed the concession. But there's one more point they hope Russia will agree to.

Russia does not want allied nations outside of Europe to have much to do with the drafting of Germany's peace. She objects to Canada, Brazil and Australia having anything but secondary roles. But American sources said they've argued strongly for equal representation of allies outside of Europe. American Deputy Robert Murphy said he doesn't see how a country like Canada can be shut out of any central committee, since she fought in the war from its very beginning.

A Soviet deputy proposed that countries occupied by Germany be admitted to a central standing committee. The committee will be set up by the foreign ministers when they meet in Moscow next month. It would send commissions all over Europe to look into all questions involved in the treaty, including territorial demands and reparations.

## Embargo Officer Is Expected To Appeal Case To High Court

JACKSONVILLE, Feb. 13—(AP)—The citrus industry is waiting today to see the effect of a circuit court ruling which on its face has completely voided the seven-day citrus embargo insofar as it applies to canning operations.

Circuit Judge D. O. Ross of Bartow created the situation yesterday when he granted the Pasco Packing Company of Dade City a temporary injunction relieving them of obeying the canning provisions of the embargo.

Commissioner of Agriculture Nathan Mayo is enforcing officer for the embargo. He is expected to appeal Judge Ross' decision to the Supreme Court at once. At the same time R. C. Evans, secretary-manager of the Florida Citrus Commission, is polling his growers to determine if the embargo is to be continued. Evans said he would like to see the embargo against other canners. Judge Ross himself termed his decision "momentous." He held that the legislature intended an embargo to be applicable only to fresh fruit operations. He cited a section of the state law which specifically exempts canners and other processors.

## Plans Are Changed For Byrd Expedition

ABOARD THE S. S. MT. OLYMPUS, Feb. 13—(AP)—The accident that crippled the U. S. transport Merrick has forced a complete change in the schedule of the Byrd Polar Expedition. It was announced today. The expedition commander, Rear Admiral Richard E. Byrd, said the Merrick will be towed to Wallingford, New Zealand, as soon as the very stormy weather calms down. Another transport, the Yancey, and the icebreaker North Wind have the job. A scientific survey of McMurdo Sound has been called off, and Admiral Byrd himself will return immediately to Little America on the Burton Island, an ice breaker, to evacuate 200 airmen at Little America.

## Grand Jury Reconvenges

The Grand Jury of the Circuit Court reconvened this morning at 10:00 o'clock, and a report of cases to be tried was scheduled to take place at about 2:00 P. M., according to O. P. Harrison, clerk of the court.

## Mark Meeting With Icy Surf Dip

MEMBERS OF THE ICEBERG CLUB mark their annual mid-winter meeting with a dip in the surf at Coney Island, N. Y. Although the water registers at 32 degrees and the air around the 12-degree mark, these hardy swimmers stayed in the chilly water for half an hour. (International)

## City Baseball Club Makes Proposal At Commission Meeting

### Plan Suggests Leasing Ball Park For Full Year Period

A proposal that the Sanford Baseball Association lease the Municipal Ball Park for a full year instead of from April to October as last season was made to the City Commission last evening by John Krider, vice president of the association. Action was deferred by the Commission until the next meeting. Commissioners Lea R. Lester and George Bishop were unable to be present last evening.

Mr. Krider, who was accompanied to the meeting by J. C. Mitchell and M. B. (T-Bone) Smith, stated that if the Association making its own arrangements in regard to team training here in the winter season, backing to the City Commission last evening by John Krider, vice president of the association. Action was deferred by the Commission until the next meeting. Commissioners Lea R. Lester and George Bishop were unable to be present last evening.

Following the request of the local posts of the American Legion and of the Veterans of Foreign Wars that additional lots be set aside in Evergreen Cemetery for burial of veterans, the Commission allocated eight additional lots with 64 grave spaces. The City had previously given 96 grave spaces in which 20 veterans are now buried, said City Manager H. N. Sayer. The request of the veterans organizations is designed to take care of space for burial of veterans of both World Wars, Sidney Richard of the American Legion told the Commission.

Following the request of the Chamber of Commerce, the Commission authorized the buying of a trophy, the cost of which is not to exceed \$100, for the South-eastern Glider Contest here on March 1 and 2. The Commission approved the purchase of 17 series A refunding bonds from the Benning Company at \$600 per bond.

Mr. Sayer was requested to inquire about what is to be done with the old garage building opposite the Mayfair Inn, whether it is to be sold or is to be reconstructed. It was reported that work has been started on the new Tourist Information Booth at Seminole Boulevard.

A letter from J. L. Ingley in which it was recommended that Roy Hollar succeed him as chairman of the City Recreation Committee was referred back to the committee to make its own decision. The monthly City financial report submitted by Manager Sayer was approved and all checks were signed.

Approval was given to the transfer of a beer and wine selling license to O. P. Harrison, clerk of the court.

## Witness Blames Plane Crashes On Family Friction

### Insurance Man Says Air Travel Safety Shows Improvement

WASHINGTON, Feb. 13—(AP)—The House Commerce Committee heard testimony today that a lot of things can be called contributing factors to plane disasters. Such things as family friction, crying babies and tailors' bills, for example.

These seemingly irrelevant points were mentioned by the assistant manager for the Aero Insurance Underwriters of New York City, Jerome Ledeter. He said that they cause fatigue and emotional disturbances among pilots, with resulting carelessness or recklessness.

Ledeter maintained that married pilots, when off duty, should stay at home with the little woman, but should put aside his domestic troubles at flight time. With out mentioning names, the witness told of one pilot who never opened his cockpit window to obtain better visibility even in a rainy weather for fear of getting his uniform wet. Another pilot is said to have boasted that thunderstorms never had forced him to change course.

Ledeter related, too, that one aircraft weather forecaster under tests the weather reports because they might prejudice his own forecast. One had accident is blamed on this quick of human nature. The committee asked Ledeter to furnish the details.

On the whole, however, the Underwriters' spokesman said, the passenger safety record in air travel has been improving.

## Survey Of Workers Made By Committee

WASHINGTON, Feb. 13—(AP)—A Republican congressman from Westchester County, N. Y., was back in Washington today with the results of a flying survey of workingmen's opinions, taken at the work-bench level. Rep. Ralph Gwinn, of Bronxville, N. Y., said rank and file jobholders are strongly in favor of improving the Wagner Labor Relations Act. Gwinn said he found the workers favoring a ban on wage bargaining on an industry wide basis. As for the closed shop, highly skilled workmen in large plants lean away from required union membership. Gwinn, who is sounding out the ordinary workman's opinions for the House Labor Committee, summed up his survey in these words: "I don't find a one who didn't feel some corrective legislation is needed, something to clarify the Wagner Act and see to it that labor and employer are subject to the same law."

## Sheriff Ill

Sheriff Charles Hand is confined by illness at Fernald-Laughton Memorial Hospital, and his condition is satisfactory, according to Dr. Harry Sibley, attending physician.

## British Head Is Replaced In Jerusalem

### MacMillan Is Named New Commander; Explosions Occur In Haifa Harbor

JERUSALEM, Feb. 13, (AP)—The British government changed commanders today in the midst of a new outbreak of violence in Palestine. Maj. Gen. G. H. A. MacMillan has succeeded Lieut. Gen. Sir Evelyn Barker. MacMillan led the 51st Highland Division during the storming of the Rhine. Barker has been criticized by Jews for curfew, searches and other measures he ordered for the avowed purpose of curbing the Jewish underground movement.

Seven Jews were wounded and four kidnapped in skirmishes between Arabs and Jews in Palestine. Police said a government fisheries launch was sunk and a police barge damaged by two explosions in Haifa Harbor.

The usually well-informed Tel Aviv newspaper, Mishmar, said the British Cabinet will receive a new plan for Palestine. The newspaper declined to identify the source but said the plan calls for a federated state of Palestine with a setup similar to the Federated Malay States. The federation is said to embrace two states Jewish and Arab, with independent governments and a federal area under the British high commissioner.

In London, a foreign office spokesman said Britain's proposals for a Palestine settlement had been sent to the State Department in Washington. He reported that so far, the only reply from Secretary of State Marshall has been a statement that he appreciates "the information."

The foreign office spokesman said it is not true that the United States and Britain have exchanged notes on the Palestine situation. As he explained it, a copy of the Cabinet proposals was sent to Washington on Friday, the same day it was handed to the Arab and Jewish leaders. The only word from Washington has been Marshall's expression of thanks for the information.

## 1200 Miners Stage Sympathy Walkout

LANSFORD, Penn., Feb. 13—(AP)—The sit-down strike by 14 miners 600 feet underground at the Lansford Colliery resulted today in a sympathy walkout by 1,200 fellow miners. The anthracite diggers refused to enter the shaft after they learned that the 14 miners were sitting it out in the sub-surface cold and dampness.

The sit-down strikers are protesting the Jewish Navigation Coal Company's policy of deducting their pay when they fail to work a full day.

One of the men huddled underground without blankets is newlywed Fritz Delash. He was married less than 24 hours before the sit-down started.

## Hoover Finished With German Food Survey

BERLIN, Feb. 13—(AP)—Former President Herbert Hoover is in Austria today after completing his food-study tour of western Germany. He is in Vienna to confer with various Allied and Austrian officials before starting on the next leg of his journey which will take him to Rome.

There are unofficial rumors that before Hoover left Germany he had promised that he would recommend every aid possible to increase food imports under existing economic, transport and weather conditions.

## Boy Pleads Innocent To Charge Of Murder

(AP)—A 23-year old Dartmouth college sophomore pleaded innocent today to a charge of murder in connection with the death of a train conductor on the Boston and Main railroad. The accusation was made against Donald Mead, son of a well-to-do manufacturer who is said to have fought with conductor Richard Boucher when the trainmen tried to stop the student from smoking. Boucher died after his struggle with Mead.

## President To Remain Firm On Lilienthal

### 3 Senators Add Support To Nominee; Hearings Are Temporarily Recessed

WASHINGTON, Feb. 13, (AP)—The White House confirmed today that President Truman is standing firm on his nomination of Lilienthal to head the Atomic Energy Commission. The announcement said that Mr. Truman hasn't the "faintest intention" of withdrawing the nomination.

Meanwhile, three more senators have pledged their support to Lilienthal in the battle over his confirmation. The Senators are John Sparkman of Alabama, Carl Hatch of New Mexico, both Democrats, and Wayne Morse of Oregon, a Republican.

Sparkman said he regarded the testimony against Lilienthal as a smoke screen without substance. Morse declared that Lilienthal had clearly demonstrated a record of able public service. Meanwhile the nomination hearings are in recess while Senator Kenneth McKellar seeks additional witnesses to prove his charge that Lilienthal maintained Leftist activities in TVA.

Meanwhile, an organization known as the Reserve Officers of the Naval Services asked congress to grant Lilienthal a full, complete public hearing on the charges of Communism which have been leveled against him. The group said if the allegations are unfounded it is an unwarranted blot on the record of a patriotic citizen.

## Report Says Crops In Other States Damaged By Cold

ORLANDO, Feb. 13—Florida was not the only state to receive a working week in the recent temperature slump, according to Florida Farm Bureau reports which reveal that Texas truck as well as Louisiana strawberries were set back heavily in some areas.

Bureau of Agriculture Economic figures analyzed by American Farm Bureau Federation officials indicate that such beans, potatoes, tomatoes, peppers, peas, lima beans, cucumbers, and egg plant acreages in the state formed the bulk of the damaged truck crops. Citrus in low and unprotected areas suffered some damage.

Snap beans, according to figures, were damaged as high as 90 percent in the Everglades section and in Dade county, with a loss figure of 60 percent recorded at Pompano. Little damage was done potatoes in Dade County, but top growth on early plantings in north Florida was completely destroyed, according to government reports.

Winter tomato losses in Dade and Broward counties ranged from 25 to 90 percent, according to BAE estimates, with heaviest damage in Dade county, while nearly a third of the spring crop of lima beans at Pompano and in the Everglades section, Cucumbers suffered considerably from the low temperatures, but celery growers have reported relatively little damage. Cabbage crops may have been hard hit, but actual loss cannot be determined at present. BAE workers report that supply of strawberries may be reduced by at least one-half during the next few weeks as a result of the unusually low temperatures.

## MILWAUKEE VISITOR

W. J. Hayden, member of the Milwaukee, Wisconsin Fire Department for the past 15 years, is staying at the Montezuma Hotel. He yesterday visited the Sanford Fire Department and also the department at the Sanford Municipal Airport. At Tampa he was unable to find a room with any heat, and said that he found accommodations here more comfortable.

## Kiss And A Cross For Truman

AFTER PRESENTING President Harry S. Truman with a gold cross emblem of the Order of the Holy Sepulchre, the Most Rev. H. G. Athanasopoulos, Archbishop of the Greek Orthodox Church in America, bestows the symbolic kiss on the President's forehead in Washington. The Order was established by the Emperor Constantine in 312 A. D. (International)

## Dr. Quillman Cites Need For Adequate Disposal Of Sewage

### Many City Residents Have No Access To System Facilities

The greatest need in public health in Sanford is an adequate sewage disposal plant for our people, declared Dr. Frank Quillman at the weekly luncheon at the Junior Chamber of Commerce at the Motor Inn today.

Only one-third of Sanford's population have access to sewage disposal facilities. The system that is available is vastly inadequate and a menace to public health, Dr. Quillman stated.

Dr. Quillman outlined the duties of the unit which included checking water supplies, inspecting food supplies and restaurants, assisting in the maintenance of sanitary garbage collections and aiding in the control of communicable diseases.

All children are offered physical inspections by the unit as well as immunizations against diphtheria, whooping cough and lock jaw, he added.

The local unit consists of the director, one clerk, one stenographer, one sanitary officer and three nurses. Finances for the unit are derived from the County School Board, the County Commission, the City and from State and Federal Governments. Last year the school board furnished \$4,200, the City of Sanford contributed \$600 and Seminole County gave \$4,000 toward the operation of the organization. The state and federal governments completed the \$23,700 budget.

A. B. Peterson outlined the background of the Fernald-Laughton Memorial Hospital. Mr. Peterson stated that by moving from the old location to the airport the facilities have been increased from 32 beds to 125 and an additional 80 are available for emergencies.

Mr. Peterson stated that there are no funds available to complete the furnishings necessary for the operation of the establishment. Nearly \$12,000 have been spent in furnishing the hospital and much more capital is urgently needed.

Plans have been completed for Jaycee members to go to Palatka over the week-end to attend the State Junior Chamber of Commerce convention and Azalea festival. (Continued On Page Three)

## Truman Urges Aid To Britain In Coal Crisis

### President Orders Inquiry Into Exports To Determine Possibility Of Relief

WASHINGTON, Feb. 13, (AP)—President Truman has directed the coordinator of Emergency Export Programs, Captain Granville Conway, to determine at once how quickly coal can be landed at British ports in an effort to relieve the plight of the British people in their fuel-shortage emergency. The president said that it may be possible to divert to Britain a number of coal ships now at sea in the vicinity of the British Isles. Mr. Truman declared that he had received no request from London for aid. But he added: "This government stands ready to do everything within its power to relieve the plight of the British people in their present fuel emergency."

Meanwhile the coal crisis in Britain is growing graver by the hour despite government attempts to save fuel under wartime restrictions. Prime Minister Attlee told Parliament today that the power brownout now in effect throughout the island has saved 78,000 tons of coal in three days but the situation remains very critical. London's big power stations have only one week's supply of fuel on hand and there are warnings that a gas shortage also is imminent. Attlee is staking his hopes on improved weather, but those hopes seem to be in vain. Last night temperatures in Britain dropped to 23 degrees and forecasters could see no immediate relief in sight.

LONDON, Feb. 13, (AP)—A Royal Air Force plane crashed today while flying supplies to war-torn villages in Staffordshire. Six persons aboard the rescue plane were killed and the seventh was injured. The plane should not have been in the air as the weather was very bad, but the rescue flight had been attempted, despite the weather, because some of the snow-bound villages are in desperate need of supplies.

The Fernald-Laughton Memorial Hospital is showing one of the largest increases in enrollment of patients in its history, according to information received by A. B. Peterson, chairman of the campaign about to be launched to increase the membership of the Hospital Association of which T. W. Landon is president and Mrs. Landon is vice president.

Present number of members of the hospital is about 30. Last Wednesday when patients were moved to the new hospital, there were 15 patients at the old hospital. Six of these were well enough to be sent home and the remainder, five white and four colored patients, were sent to the new hospital.

This hospital was built in 1942 by the U. S. Navy as a dispensary, and its facilities are of the latest type medical equipment. The central corridor is 80 feet long, is exceptionally wide and has windows on both sides, thus giving all rooms outside windows, providing proper ventilation, light, and a cheerful view. The building is heated throughout by the latest type steam generators, and is air conditioned by three modern air conditioning units.

The building and equipment were turned over to Seminole County at actual cost to the government, minus depreciation for the period it was used by the Navy, with a further reduction of 40 per cent because of its use as a hospital. The County, in turn, has made this hospital available for use by the Fernald-Laughton Memorial Hospital Association.

On Feb. 2, the new hospital was opened to the public for inspection, and over 1000 persons inspected the building. One entire wing, consisting of private, semi-private and ward rooms is reserved for maternity cases. The modern nursery is adequately glassed. There is also contagious diseases, and one wing contains an isolation ward for contagious diseases, and one wing, which has a private entrance, is for negro patients, who have the same service and facilities as white patients. A wing, with private entrance, equipped with 80 beds, is reserved for emergency mass accidents. (Continued On Page Three)

## March Of Dimes Has Raised \$1800

The March of Dimes campaign in Seminole County has raised more than \$1,800, it was revealed by a recent report today. A final report will be made within the next few days, according to Randolph H. Hodge, county chairman of the drive. The budget are being taken to combat infantile paralysis. Schools have contributed greatly to the campaign, he stated. On Feb. 5, the sum of \$226 from this source was deposited and on Feb. 7, \$184 out of the \$237 deposited on that day. School donations were as follows: South Side Primary, \$63; Forest City \$9; Lyman, \$22; West Side, \$32; Lake Monroe, \$21; Altamonte Springs, \$13; Geneva, \$21; Geneva colored, \$19; Wilson (Paula) \$6; Lake Monroe, \$17.

**Counties Inaugurate  
Statistic System**

JACKSONVILLE, Feb. 13 (Special)—Florida's State Board of health passed another milestone with the announcement in Pensacola this week by Dr. Gilbert L. Bryans, president of the board, that a single-county registration of vital statistics had been inaugurated in 24 counties.

With this new system each county having a full-time health department will be consolidated into one local registration district under one local registrar and his deputy. County health officers will be appointed as the county local registrar. Sub-birth and death records and issuance of burial-removal-transit registrars for the collection of permits in various sections of the counties will also be appointed.

All original records of birth and death will be cleared through the county health officer before

transmission to the Bureau of Vital Statistics in Jacksonville. This system will eliminate the old method of having scattered, local registrars in various districts of the counties who made their reports directly to the Central Bureau.

Dade, Hillsborough, Bay, Seminole, Bradford and Clay counties initiated the system prior to Feb. 1. They were followed by Baker, DeSota, Escambia, Franklin, Gulf, Holmes, Jefferson, Leon, Monroe, Nassau, Okaloosa, Polk, Sarasota, Sumter, Union, Wakulla and Walton. Counties without health departments will continue using the old system.

"Such a move will bring public health and vital statistics closer together resulting in a better and more effective administration of the public health program in the state," declared Dr. Bryans.

He also said that it should be clearly understood that the Bureau of Vital Statistics is the only office authorized to issue certified copies of original birth or death records. Therefore any copy of a birth or death record issued by a local office would not be an official State of Florida issue and has only limited legal use.

However, county health officers will issue a "state of facts of birth or death," without charge, which will serve all of the purposes that any similar document now being issued locally should be intended to serve.

**Legal Notice**

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN PROBATE.

In re: Estate of FRANK S. SHAW, Deceased.

TO ALL CREDITORS AND PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE: You and each of you are hereby notified and required to present any claims and demands which you or either of you may have against the estate of FRANK S. SHAW, deceased, late of said county, to the County Judge of Seminole County, Florida, at his office in the court house of said county at Sanford, Florida, within eight calendar months from the time of the first publication of this notice. Each claim or demand shall be in writing, and shall state the place of residence and past office address of the claimant, agent, or attorney, and any such claim or demand not so filed shall be void.

Alma Gertrude Anderson, As Executor of the Last Will and Testament of Frank S. Shaw, deceased.

shall be in writing, and shall state the place of residence and past office address of the claimant, agent, or attorney, and any such claim or demand not so filed shall be void.

WATSON M. REBEL, J. N. GILLON, As Executors of the Last Will and Testament of Arthur H. R. Lewis, deceased.

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, STATE OF FLORIDA.

IN CHANCERY NO. 4472

RUBY B. MILLER Plaintiff,

vs.

ROBERT S. MILLER Defendant.

**DIVORCE PROCEEDINGS**

Order of Publication

To: ROBERT S. MILLER, 710 West 1st St., Norfolk, Virginia.

GREETINGS!

It appearing from the sworn Bill of Complaint herein filed that your present place of residence is as above stated, and therefore ordered that you be and appear before the above-entitled Court at Sanford, Seminole County, Florida on the 14th day of March, 1947 and answer the above-styled cause, which is a suit for divorce brought against you, and fail you ought, hence a decree pro confesso will be entered against you.

It is further ordered that this order be published in the Sanford Herald, a newspaper of general circulation, published in Seminole County, Florida once a week for four consecutive weeks prior to the said return day.

WITNESS my hand and official seal of the above Court at Sanford, Seminole County, Florida this 10th day of January, 1947.

C. P. BERNDON, Clerk of Circuit Court. By E. L. BURDICK, D. C.

IN THE COURT OF THE COUNTY JUDGE, SEMINOLE COUNTY, FLORIDA, IN PROBATE.

In re: Estate of ARTHUR H. LEWIS, Deceased.

TO ALL CREDITORS AND PERSONS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE: You and each of you are hereby notified and required to present any claims and demands which you or either of you may have against the estate of ARTHUR H. LEWIS, deceased, late of said county, to the County Judge of Seminole County, Florida, at his office in the court house of said county at Sanford, Florida, within eight calendar months from the time of the first publication of this notice. Each claim or demand

**ON LEAVE** from the Army of Occupation in Japan, Col. Edward J. Murray (above), has been placed under technical arrest on Gen. MacArthur's order, following seizure by U. S. customs agents of more than \$210,000 in diamonds which he brought back from Japan. Murray was ordered placed in confinement "in quarters" at his home in Palo Alto, Calif. (International)

**PROGRESS REPORT FOR 1946**  
Substantial Advances in Spite of Shortages and Post-War Problems

In many ways, 1946 was a "heartbreaker". There were so many things we wanted to do but couldn't because of shortages of critical materials. Yet the final figures show that we did accomplish quite a lot. Here are some of the highlights:

**RATE REDUCTION**  
\$2,500,000 annual savings for our customers. Average rates for home use are now less than half of 1934 levels.

**16,221 ADDITIONAL HOMES**  
Many new homes were promptly connected. Shortages of poles and transformers caused most delays.

**SERVICE EXTENSIONS**  
Over 1,200 miles of new lines brought Sunshine Service to thousands of additional farms, homes and industries.

**PERSONNEL BENEFITS**  
Pay raises, family hospitalization insurance, new training and educational courses were inaugurated.

**VETERAN REEMPLOYMENT**  
His old (or a better) job was provided for every Florida Power & Light Company returnee who applied.

**EXPANSION PROGRAM**  
Two big new power plants built — other facilities added to keep ahead of Florida's rapid development.

**AND FOR 1947** — despite continued critical shortages, our 2000-member "team" is pledged to go forward as fast as possible with an even bigger construction program — helping to make our state a better place in which to work and live.

Hospital Reports Record Increase In Number Of Patients

(Continued from page 1) The hospital has a surgical wing containing three separate, fully equipped, modern operating rooms, labor rooms, delivery rooms, therapy room, X-ray room with laboratory and developing room containing the most modern equipment, a dental surgery room fully equipped, an excellent pharmacy partially equipped, 3 diet kitchens, an emergency operating room with reception room and beds for patients who spend from one hour to two days during examination or emergency operation.

The private rooms are large enough to accommodate three beds and contain from four to eight windows, Venetian blinds, fluorescent lighting, telephone, semi-private bath. The building has one floor only, thereby sparing doctors, nurses and employees the ordeal of climbing steps. Included in its seven outside entrances is an ambulance entrance with ramp for rolling stretcher into the emergency wing. There are three large screened porches with doors sufficiently wide to enable the patient's bed to be rolled out of his room, down the wide hall and on to the porch.

One bungalow for nurses' quarters is available at the present time, and the second one will be available shortly. These houses were formerly homes of the Commanding Officer and the Executive Officer of the Airport. They are set apart from the hospital, are beautifully landscaped, and will make attractive, comfortable homes for the nurses.

Dr. Quillman Cites Need For Adequate Disposal Of Sewage

(Continued from page 1) tival.

President Jack Ratigan stated that 30 crates of celery from Seminole County will be distributed by four local Boy Scouts during the two day conclave. The celery will be donated for the occasion by the Seminole County Farm Bureau.

Ralph Wright, Guy Wood and Allen Lohman, visitors, were introduced.

City Baseball Club Makes Proposal At Commission Meeting

(Continued from page 1) license to J. D. Carlton, 801 West Ninth Street, and William Lewis, colored, was granted permission to transfer his place to sell beer and wine from 907 to 1001 West Thirteenth Street.

UNDERSECRETARY of State Dean Acheson (above), testifying before the Joint Congressional Atomic Energy Committee in Washington, defended the appointment of Herbert Marks as general counsel of the Atomic Energy Commission. Acheson offered to "stake my life and reputation" in opposition to charges of communism brought against Marks. (International Soundphoto)

AT HOLLISTON, Mass., Madeline Nichols (above), 25, told reporters that she had been Cpl. Joseph Dumais' common-law wife. She said: "If he did this awful crime—'Black Dahlia' slaying—I hope he gets everything he deserves. I'm terrified of him myself." In the meantime the Los Angeles police indicated that they had just about dropped Dumais as a suspect in the "Black Dahlia" case. (International)

FRENCH TROOPS follow a light tank in mopping-up operations in Hanoi, Indo-China, where a shooting war is still going on. The president of the Viet Nam Republic has stated that his government would appeal to the United Nations for arbitration if France could not settle the present conflict by peaceful means instead of by arms. (International)

GOVERNOR-GENERAL OF CANADA Field Marshal Viscount Alexander is accompanied by Maj. Gen. Maxwell D. Taylor (right), superintendent of the U. S. Military Academy, as they walk past a cadet guard of honor upon the former's visit to West Point, New York. (International)

SUPERIOR COURT Judge Walter C. Hendrix is shown as he arrived at the Henry County Court, McDonough, Ga., to open hearings to determine who shall be governor of Georgia. The plea of Lt. Gov. M. E. Thompson, who is asking for an injunction to prevent Herman Talmadge from exercising his executive authority, will be given a hearing there. (International)

The Royal Ambassadors of the First Baptist Church will meet at 3:30 P. M. at the church.

**TUESDAY**  
A desert-bridal will be held by the Women's Auxiliaries of the Holy Cross Episcopal Church at 2:00 P. M. in the Parish House. Reservations must be made by Feb. 17 by phoning Mrs. S. O. Chase, 599, or Mrs. H. H. Coleman at 161.

### W.S.C.S. Meeting Is Held February 10th

The Women's Society of Christian Services held its February meeting on Monday afternoon in the church auditorium. Mrs. J. N. Azzarello, president, conducted the business session. After the business session Mrs. Azzarello asked the ladies to attend the World Day of Prayer observance to be held at the First Baptist Church on Feb. 21 at 8:00 o'clock.

Mrs. Azzarello also appeared before the group and explained the need for a continuation of support to the association and solicited aid for the Milk Bank sponsored by the Elton Club. She also outlined plans for the coming year and declared the need for milk to be

**"A Case of Spring Time"**  
by  
**The Senior Class**  
Friday, Feb. 14  
at High School Auditorium  
1:45 P. M. and 8:00 P. M.  
Admission—30 & 60 cents

"A Case of Spring Time," the Senior class play, which will be presented at the Seminole High School on a Friday, will be in the form of a three-act comedy written by Lee Sherman.

The play opens with Bob Parker, played by George Chapman, attempting a feat of magic with the high school principal's daughter, Joan Abernaker, portrayed by Lillian Boyle, as the victim who is being "sawed in half."

Having failed in the magic stunt, Bob feigns illness to avoid facing his friends at school. Pretending to be Mr. Parker, played by Jack Moyer, he telephones the principal, Mr. Abernaker, played by Bill Ludwig. Overheard by his parents, he is forced to explain to his anxious mother (Joyce Goodspeed) that his girl, Joan Abernaker, is falling in love with a college man and in order to win her back he has resorted to magic, which actually has placed him in the role of a homicidal maniac.

Meanwhile, his young brother, Dick Parker (Jimmy Anderson), in trying to impress his girl, Gwen Anderson (Lolo Lee) by demonstrating his "dynamic muscle building" lessons, has torn the formal coat borrowed by Joan from no one other than her father, Mr. Abernaker the principal. Meanwhile Joan with her brother Eddie, played by Howard Wheelchel, tries to recover the coat which Bob has stuffed into the laundry bag to hide the damage. The bag was filled with curtains to be dyed a bright yellow by the Parker maid, Louella, played by Alice Lundquist. When George discovered the mistake, it is too late for the enraged Mr. Abernaker has learned the fate of his coat.

By now Bob's whole family, including his sister (Louise Clark), is worried about his. Mrs. Parker decides to entertain the ladies of the P. T. A. Mrs. James, Mrs. Hill and Mrs. Bruhwick, portrayed by Evelyn Rattliff, Marie Perold and Janice Cook in the hope they will intercede for her son. She finds they, however, blame him for everything and want to denounce him to the authorities which is unnecessary since (Clyde Hurt), a detective, is already after him.

Suddenly Dick takes a turn for the better with the appearance of Miss Beloit played by Betty Rowland, who "helps" straighten everything out and

greater than of previous years. The society voted to continue its financial assistance to the group and to lend assistance to the Milk Bank.

Mrs. E. McKinley, Spiritual Life Chairman, presented a program which included a portrayal of John Wesley's pioneering in Methodism in the new world. Songs were sung by the group to close the meeting with Mrs. E. C. Williams accompanying.

**NOTICE**  
The Past Matrons of the Order of the Eastern Star were to have met next Monday, but it was announced today that the meeting has been postponed until Feb. 24.

The Orlando branch of the Florida chapter of the American Guild of Organists met Feb. 11 at the home of Mr. and Mrs. Ira Bertis in Clearmont where the members and guests enjoyed a dinner, business session and short piano recital by Miss Rosemary Clark of the Stetson university school of music faculty. Mrs. Bertis, a member of the Guild and a former concert organist annually, entertains the group at her home for this purpose, according to Mrs. C. B. Hofbauer, secretary.

At the business session presided over by Mrs. George Tappin of Sanford, reports of the members discussed routine matters and voted to membership Mrs. R. H. Walthour of Sanford, and Miss Agnes Johnson of Clearmont.

With the guests joining the assemblage, Mrs. Clark who is a pianist, organist and composer as well as an instructor presented this program: Don Juan Fantasie—Mozart; Liszt; E. Minor Waltz—Chopin; and two of her own compositions, Campus Suite—a Girls' Dormitory, b. Chapel Bell, c. Night Life, and then a Scherzo. For an encore she played a whimsical arrangement of Arkansas Traveler.

Those present were Mr. and Mrs. Toubert, Mrs. Walthour, Miss Johnson and Mrs. E. R. Gibbs; Mrs. John Baker, Mr. and Mrs. Manly Dockworth, Mr. and Mrs. Ernest Willard, Walter Kimball all of Orlando, Mrs. Christine Baldwin, Dr. Herman Stewert, Robert Setzer, Mr. and Mrs. E. Hoffmeyer all of Winter Park, Mrs. Clark, Deland and Mr. and Mrs. Bertis.

The next meeting will be held in Sanford, it was voted by the Guild members.

Milliners have a little more material to play with this year, and they are making good use of it. Of course they have to do as well as they can with any decorations they can lay their hands on. Gold julietta ornaments—which Rajahs give each other at gifts—will turn up in different guises on a number of the smartest hats next spring.

Black patent-leather sewn onto plain, off-the-face hats is very effective. Veiling, often coming from the back and tied under the chin, is very much used. Since until this year it has been reserved exclusively for sport, it is likely to be very popular.

Straw and felt often are mixed with good effect. In the British climate, often colder in summer than in winter, this solves the problem of buying a summer hat which will look cool in sunshine and not ridiculous on a rainy day.

A white felt boater, very Edwardian, worn just as our grandmothers did, looked well with the new Naughty Nineties style after-noon dresses and was a feature of one show.

Another modiste showed a ready-to-wear hat with a definite Dutch bonnet influence. Dutch louvered high-crowned hats with ostrich feathers down the

Palatka, Fla.—Miss Lois Greenland, of Crescent City, will seek the title of 1947 Azalea Queen to be chosen at the Seventh Annual Azalea Festival to be staged at the Palatka Ravine Gardens on Sunday, Feb. 16, at 2:30 o'clock. Miss Greenland, sponsored by the Crescent City Junior Chamber of Commerce, was chosen in a recent beauty contest held by Jaycees.

FOURTEEN-YEAR-OLD Mary Catherine Reardon enters the coroner's inquest room in St. Louis, Mo., for the hearing of the death of her father, J. Vincent Reardon. Police say the girl admitted shooting her father in the back of his head as he drove her and her boy friend, Michael D'Arcy, 13, back from the tourist camp where he found them. After Reardon was shot, the car crashed into a ditch and D'Arcy was killed. (International)

## Hats Stage Comeback In Merrie England

By BARBARA WACE

AP Newsfeatures

LONDON—After seven years of barehead fashions, hats are back in London.

Spring hats are gayer, crazier and more complicated than ever. Milliners, forecasting shorter hair his year, have made their models fit a small, neat head. There will be less hair but more hat.

Hats are larger and they are really creations, worked, blocked and ornately trimmed.

The Princesses Elizabeth and Margaret Rose have blossomed out in several new hats this season. And next year smart English girls all over the Island can have them too if they can afford them, for the new hats are expensive.

Milliners have a little more material to play with this year, and they are making good use of it. Of course they have to do as well as they can with any decorations they can lay their hands on. Gold julietta ornaments—which Rajahs give each other at gifts—will turn up in different guises on a number of the smartest hats next spring.

Black patent-leather sewn onto plain, off-the-face hats is very effective. Veiling, often coming from the back and tied under the chin, is very much used. Since until this year it has been reserved exclusively for sport, it is likely to be very popular.

Straw and felt often are mixed with good effect. In the British climate, often colder in summer than in winter, this solves the problem of buying a summer hat which will look cool in sunshine and not ridiculous on a rainy day.

A white felt boater, very Edwardian, worn just as our grandmothers did, looked well with the new Naughty Nineties style after-noon dresses and was a feature of one show.

Another modiste showed a ready-to-wear hat with a definite Dutch bonnet influence. Dutch louvered high-crowned hats with ostrich feathers down the

back were eye-catchers at another show.

One woman chose a sensation in the smart town. With the other day with a hat made from a Paisley scarf of soft green tones. She also has been seen wearing a small cap like a schoolboy's fashioner from a Tartan plaid. Mrs. Winston Churchill changes her

hats to cheer up her classic routine.

But with the returns of hat there has been a return of head-dresses. Few women can afford to ruin their new creations in the English rain—least of all when to remodel the simplest hat costs at rock bottom three pounds (\$12).

back were eye-catchers at another show.

Kavanaugh and Raymon are featured entertainers in the "Stars or Parade Revue" which is part of the Central Florida Exposition opening in Orlando Feb. 24 through May 1. Hundreds of interesting and educational exhibits are scheduled to be shown at the event including agricultural, home demonstration, school and commercial displays, a flower show and citrus displays. Seminole County will also be represented by an exhibit.

Miss Love Lindsey of Ocala has been chosen by that Marion county city's Junior chamber of commerce as its representative in a beauty contest to be held in connection with Palatka's annual azalea festival February 15 and 16.

## Social Department Of Women's Club Has Annual Valentine Bridge-Luncheon

In one of the most important affairs of its agenda the Social Department of the Women's Club with Mrs. S. D. Highleyman as its chairman, entertained on Wednesday at 1:00 o'clock at the club house with the annual Valentine bridge luncheon. The committee in charge of the entertainment was composed of Mrs. A. M. Phillips as chairman, Mrs. E. Compton, Mrs. C. J. Fisher, Mrs. R. H. Reely and Mrs. W. D. Hoffmann as co-hostesses. Mrs. L. T. Doss, Mrs. Jack Russell and Mrs. Clyde Ramsey were in charge of the decorations.

A delicious luncheon was served at individual tables which were covered with white linen cloths. The centerpieces on each table were red, heart-shaped Valentines edged with white lace holding nosegays of colorful blossoms. The Valentine motif was carried out in the napkins and tallies and large red hearts decorated the stage curtains.

After the lunch bridge and Chinese checkers were enjoyed. High score for bridge was awarded to Mrs. W. B. Brinson and Mrs. Francis Knoop of Sidney, O., won in Chinese checkers. The serene prize were given to Mrs. Donald E. Clarke of Cincinnati, O. and Mrs. Tony Pitchford.

Those attending were Mrs. Highleyman, Mrs. O. P. Herndon, Mrs. C. R. Dawson, Mrs. John Eick and guest Mrs. S. C. Look-up, Mrs. Fred Williams, Mrs. Russell, Mrs. John Meisch, Sr., Mrs. Nettie Epperson, Mrs. W. A. Vossler, Mrs. H. W. Rucker, Mrs. W. C. Fields, Mrs. Ross Adams, Mrs. E. Spencer, Mrs. R. C. Wiley, Mrs. Robert Cobb, Mrs. George Wells, Mrs. William Spight, Mrs. J. G. Patterson, Mrs. N. C. Hetzel, Miss Ella Lee, Mrs. Birchhoff, Mrs. Gertrude Chawton and Mrs. S. C. Graham.

Coast Guard Begins Search For Plane

MEDFORD, Oregon, Feb. 13. (AP)—The Coast Guard today prepared to search the mountainous Cascade Area north of Medford for a Coast Guard plane missing since Tuesday. No word has been heard from the plane and its man crew since 5:23 P.M. Tuesday night, when its pilot radioed the Medford Airport he expected to land within 30 minutes. Coast Guard district headquarters at Seattle said the plane left Port Angeles, Wash., just before noon yesterday on a scheduled flight to New York.

and Post Office address is 233 4th Ave., Apartment 12, New York City, New York County, New York. YOU ARE HEREBY COMMANDED to appear to the bill of complaint filed in the Circuit Court of the Ninth Judicial Circuit, Seminole County, Florida, in the case of Clay Taylor, plaintiff, vs. Martha Taylor, defendant, wherein the relief sought is divorce, on the 5th day of March, A. D. 1947; otherwise, the complaint may proceed ex parte.

LEGAL NOTICE

Kimble Scribner To Compete In Glider Contest

To a star-studded roster of American airmen that are to compete in the First Southeastern States Glider Contest here on March 1 and 2, was added a name that shines with the best of them, Kimble Scribner, Contest Director, Paul Tuntland's face beamed as he made the announcement of the addition of the Miami flyer, and said that he was sure there would be fun aplenty as this first-timer tried to wrest laurels from the brows of the soaring experts who ranked in the first four positions of the National meet in Elmira, N. Y., and all of whom are already entered here.

There is no doubt in Tuntland's mind that Scribner will get his share of the \$2,000.00 prize money that is at stake. He says that experience is vital in these contests and Scribner has plenty of that.

In the dignified circle of commercial flying this new entrant in the regional rivalry here is known as Capt. Kimble Scribner, master pilot, Pan American World Airways. He usually is at the controls of a C 54, flying between Miami and some South American port. But in a cockpit of one of his own planes he doesn't have to be so conservative—and he isn't. He is considered one of the best stunt men in the business. And in this field he is just plain "Kim."

Scribner started flying when he was 15 years old. Soon he was a "steady" flyer, but with a yen to "epize" it up a bit. So he took to making parachute jumps, and then doing stunts in the air and doing them so well that other good flyers stood around watching him.

Kim owns a P-51 and a Stearman as well as the Laister Kauffman 10A soaring ship. He has indicated that he will bring the Stearman as well as the LK.

The renowned flyer, however, is primarily interested in building up soaring time, he says. He is aware of the fact that there is a purse of \$250 for aerobatics, never the less has read the bulletins that there is a like amount posted for spot landing, all of which flying must be done in a sailplane! Scribner adds another Miami name to those that will be in Sanford for these regional championships, for Fritz Compton, EAL pilot and second place national soaring flyer, and Don Stremmel, NAL Maintenance planner and world's premier air meet champion already have made their plans to check in before March 1.

Stripp Students Trip Washington School

The Washington Senator baseball school was defeated in a fast 2 to 0 game in Orlando on Tinker Field yesterday by the Joe Stripp school.

Reed Leveness, a richlander, and Frank Malahan, a southpaw, turned in a one hit contest to trip the Sanford aggregation. The Orlando team collected five hits off Raymond Barton and Joe Jones, both of whom have been signed by Washington for their farm system.

SPORTS ODDITY

When Cecil Travis broke into Major League baseball with the Washington Senators, he did it in slambang fashion. Travis made five hits in his first Major League game on May 16th, 1933.

COURT NATURAL

By Jack Sords

THE CLUBHOUSE

By FRITZ HOWELL

AP News features that there is a CLEVELAND. Some of the boys were bandying bits of baseball banter about just before the banquet, when Steve O'Neill, manager of the Detroit Tigers, observed:

"We might as well sit down and take a load off our feet. Off my feet, anyway."

"Someone asked Steve if he wasn't getting a bit stouter, and Steve admitted he was a mite heavier and was heading pretty soon for the baths at Hot Springs, Ark."

"Mostly because of my feet," Steve explained. "I can diet and knock off a few pounds any time I want to, but this year I want to try and beat the goat. I've been getting it early in the spring. I had to go to Detroit to the hospital from training camp one year and two years ago I had to leave the Tigers right in the middle of the season."

"This goat comes in my left foot," and it's painful. One year I even set out for camp on crutches. This year I want to beat it, so I'm taking the baths. They are wonderful."

A sporting goods salesman spoke up:

"How about me sending you a pair of our special shoes for coaches, Steve? They have rubber heels, built up, and golf studs instead of baseball spikes. If you aren't careful, Steve, you might break down some day running after an umpire, simply because your feet hurt."

"I've got funny feet," O'Neill explained. I have to have special protection along the outside of each sole. I wear 'em over. If the shoes don't fit perfectly snug then my feet hurt. They kill me. I tried your shoes, but sold 'em

to Eddie Mayo, my second baseman.

O'Neill went on to explain that with regular shoes he couldn't pull the laces together on the left foot, so he has his shoes made to order. He pointed to his feet with:

"You see, my feet don't match. In a baseball shoe I take a size six on my left foot, and a five and a half on my right."

"If I buy a pair of sixes my right foot is loose. If I buy five and a half, I can't get the left one on. In the old days I had to buy two pairs, one of each size, and use one of each. Then the sports goods people began sending me my shoes that way. I never did find out what they did with the left-overs when they broke pairs for me."

"But the guy who always had a lot of shoes hanging around was Tris Speaker, who always had six or eight pairs in his locker."

And the Gray Eagle, who managed Cleveland when O'Neill caught for the Indians, spoke up after listening to Steve's foot-wear woes:

"But then," Tris said, "I never wore a pair more than 30 days. I ran a lot of course, but I wore out my shoes making false starts. I played a short center field, and I used to break, make a start, with every pitch. I never wanted to see if the batter was going to swing—I thought he'd hit it if he did swing."

"I had no trouble," like Steve, but he's right. Your shoes have to fit like gloves. When you feel a little space around your toes, that's the time to change shoes. I always had plenty of 'em around, but the old ones I'd save for spring training."

"That shoe business used to burn me up. A guy getting thousands of bucks a year would miss a shot fly by a step or so, and he'd come in to the bench and say his shoe slipped or wasn't tight or a spike didn't catch."

"I'd think why you said so, you come in at contract time and whine about big dough when you're so tight you won't even spend 20 bucks to get a good pair of shoes to work in. A workman is no better than his tools."

Steve nodded: "Especially when it's shoes. Because when your feet hurt, you hurt all over."

SPORTS LAUGH

By Associated Press

One thing Max Bear never lost was his bubbling spirits. A few weeks after Bear had been kayoed in three rounds by Joe Lewis, Max encountered a friend from California. The friend put on a long face and said dolefully:

"Too bad about that Lepus fight."

Max laughed and slapped his friend on the shoulder. Then he said: "Yeah, but, say, boy, I sure had that Louis worried."

The friend looked at Bear in amazement. He knew Maxie hadn't thrown a punch. Continued Bear with wide grin:

"Yeah, I sure had him worried, worried he was going to kill me."

Knothole Kid Holds Homer To A Triple

SALEM, Ore.—(AP)—In the second inning of a baseball game with Spokane, Woody Salmon of the Western International League Salem club belted a home run over the fence.

A high school youth retrieved the ball and returned to his fence perch.

In the eighth inning George Vico slammed another over the fence for Selem. The youth, in his haste to get the Vico ball, dropped the horsehide he had been holding.

The astonished Spokane outfielder, seeing a ball rolling on the ground, picked it up and heaved it in. Vico was tagged out as rounded third—at least the umpire called him out—with the ball which Salmon had banged over the fence six innings earlier.

Mullet Lake Park To Be Opened In Spring

Plans were outlined for securing signs for Mullet Lake Park and announcing the opening of the park as a public picnic ground at a meeting of the Association Tuesday night with Seminola County Sportsmen's Porter Lansing presiding.

The park will be opened this Spring as a public outing place. Further information concerning the grounds will be published later, when more facts are available.

Among those attending the meeting were Algernon Speer, George Shippe, Ralph Lossing, Bill Jamison, John Meisch, Fred Dyson, James Crapps, Bobby Newman, James Rowland and Porter Lansing.

THE KING IS BACK - - By Alan Mayer

DODDS WHO EMERGED FROM A 3-YEAR RETIREMENT TO WIN THE FASTEST MILE EVER RUN IN BOSTON - 4:09.1 CLASSIC!

INSIDE SPORTS REPORT

By ARTHUR BECKWITH, JR.

DeLand Signs Pitcher J. Arnold Dunn, a southpaw rookie, has been signed by the DeLand Red Hats. Dunn hails from Middletown, Ky.

It is reported that Dunn pitched the Middletown club into the semifinals of the national amateur tournament last season. He recorded 17 victories against three defeats for the Kentucky amateurs. He pitched six shut-out contests among his 17 victories.

The 20-year-old lefty is 5 feet 1-2 inches tall and weighs 165 pounds. In one contest last year he sent 16 batters down by the strike out route.

Wing's Comments: Ash Wing, former sports editor of the Orlando Morning Sentinel, is now writing for the Western Newspaper Union with offices in Ocala. In a recent column Ash has this to say:

George Barr, national league umpire, is singing praises of Sanford

where he shifted his umpire school after several years at Orlando. George says he'll return to the City, "They've been that swell in cooperative." At Orlando, says George, no one ever came to see if he was there or not. Reminds me of a letter I received a couple years ago. O lady in Chicago had a son who wanted to attend the Joe Stripp Baseball School at Orlando. She had written the C. of C. at Orlando and they had replied they had never heard of it. The Joe Stripp school is the oldest (10 years) baseball school in the country. Thanks, Ash for the nice comity.

FLORIDA GATORS

For the information of the persons who delight in pointing out that most of the Florida prep grid stars are going out-of-state schools we would like to state that, according to "Bear" Wolf, the Florida school will get 80 percent of the Florida school athletes that the Gator coaches deem worthy, and who have been offered scholarships by the State school.

Loren Broadus, star Jacksonville griddler who was said to have agreed to go to Alabama with Frank Thomas has enrolled at Florida. It is understood that a couple of outstanding players from the Atlanta area have enrolled in "Gator Land" also.

Even the keenest critics must recognize that Wolf has done a fine job since coming to Florida. The outlook for the coming year is pleasant.

The material being enrolled is among the best seen at Gainesville in many years. The financial situation is much better than it has been in some time.

Bids have been submitted for a new gymnasium and these bids are to be opened at the next meeting of the State Board of Control.

THE WAILING WALL WHY WAIL ABOUT BUSINESS? CONSISTENT ADVERTISING WILL REMOVE YOUR WORRIES

What made Greyhound Grow? ...giving the people good transportation...at low cost...and lots of it! From puppyhood, Greyhound grew on one good idea: to build a new, "American-style" travel system for THE PEOPLE. Not mail...not freight...but PEOPLE. The thing Greyhound knows best is how to get people to the places they want to go...at the times they want to go...at prices they can afford. And Greyhound does this for more cities, towns, villages and corners than any other transportation system. What's more, Greyhound makes this "American-style" travel friendly, easy, convenient...stopping in the heart of big cities...at the drug store across from the city hall...or at Pete Jones' ranch, if that's where Pete wants to get off. Why do the people like Greyhound? There's your answer: good transportation...at low cost...and lots of it. 200 Park Avenue Phone 60 GREYHOUND

### THE WEATHER

Fair and cooler tonight, Saturday fair with higher afternoon temperatures.

## Attlee Turns Down Truman Coal Offer

### Coal Cabinet Called Into Conference; Palestine Issue To Be Referred To UN

WASHINGTON, Feb. 14. (AP)—President Truman said Prime Minister Attlee turned down today our offer of American coal to help in the British coal crisis. Attlee pointed out that the rest of Europe needs coal as much as the British do. He said he didn't want to ask for coal bound for other places where the stock piles are running out.

Attlee's note was warm and friendly. He said the British were very grateful for Mr. Truman's offer to divert coal to England.

Meanwhile the Prime Minister conferred with coal advisers in an effort to fix an approximate date for ending the industrial shutdown in Britain. The conference was the first indication that the end of the fuel crisis might be in sight.

## Committee Rejects Plan To Keep Army-Navy Funds Intact

WASHINGTON, Feb. 14.—(AP)—The House-Senate Budgetary Committee rejected a proposal today to keep Army and Navy funds intact. The committee agreed to decide later whether to seek toward an overall federal budget slash. Two cuts have been suggested, one of \$6,000,000,000 and the other of \$4,150,000,000.

The joint committee of the Senate and House voted 49 to 27 against opening its hearings to newsmen and the public. The democratic leader in the Senate, Alben Barkley, had moved to open the doors so the people would know what was going on. It is believed that Rep. Everett Dirksen of Illinois moved to table Barkley's proposal.

A 20-man sub-committee asked the full committee to ratify the \$6,000,000,000 budget cut that was approved Monday. Those in favor of the cut disputed the Army-Navy argument that a slash in military funds would endanger the nation's security. A Republican Democratic group is ready to fight the large budget cut. This group will ask for a cut of \$4,500,000,000 instead.

## Lions Club Inducts 2 Members At Meet

The Sanford Lions Club today inducted two new members, Jack Morrison and Cecil Carlson. Richard Deas had charge of the installation at the Tourist Center.

Al Lyons brought up the subject of sponsoring the purchase of an iron lung and it was decided to refer this matter to the Seminole County Medical Association before making any decision.

King Lion Henry Wite announced that the board of directors had approved a plan to raise funds for Lion's work and aid to the needy by means of gum machines placed in stores by a company. These machines sell balls of one cent gum and a percentage of the profits will go to the Lions.

Fred Bell reported that the Lion-sponsored Valentine party given for tourists last evening at the Tourist Center, had been greatly enjoyed.

Fred Gans, a new member, was unable to be present due to illness.

It was announced that L. C. Bender, state highway patrolman, will talk on safety at the next meeting of the Lions on Feb. 21.

### PIPE LINES SOLD

WASHINGTON, Feb. 14.—(AP)—The government today sold the most famous pipeline in the United States, the Big and Little Inch. They went to the Texas Eastern Transmission corporation of Houston, for a little more than \$123,000,000. The highest of 11 bids at a public auction last Monday, is almost \$3,000,000 less than the government spent to have the pipeline built to carry oil east during the war.

## Tourists Await Busses For Trip To Methodist Children's Home

This large group of smiling Sanford Tourist Club members representing many states and Canada are shown as they awaited transportation last Saturday afternoon to the Florida Methodist Children's Home at Enterprise. This program was arranged by R. M. Armitage, club program director. Two busses loaned by the Fellowship Bible College and 50 private cars took the 200 sightseers to the pleasantly located home where they were greeted by the Rev. Harold A. Barnes, director. At 5 o'clock supper was served.

Two busses loaned by the Fellowship Bible College and 50 private cars took the 200 sightseers to the pleasantly located home where they were greeted by the Rev. Harold A. Barnes, director. At 5 o'clock supper was served.

at buffet style with the Home cooperating in serving the food. The glee club entertained with songs, and colored movie of the Home and its work were shown. The visitors returned about 7:00 o'clock.

## City Will Donate Championship Cup For Soaring Meet

### 3 Times Winner Will Retain Possession; 2 Memorial Cups

In spite of the scarcity of material from which suitable trophies might be made, George Touhy, general manager of the First Southeastern States Glider Contest, has been assured by a manufacturer of distinctive awards that the order placed with him will be filled before the regional championships are flown here on Mar. 1-2. Mr. Touhy announced here today.

The City of Sanford, one of the sponsors of this event, is donating the award for the South Eastern States Soaring Championship. This is a beautiful cup and trophy.

## Annual Election Held By Odd Fellows

A large group of Odd Fellows gathered Wednesday evening at Fort Mellon Encampment No. 22 at which time D. C. Howard was installed as Chief Patriarch, and other officers were also given title.

District Deputy Grand Patriarch Z. Bagdikian of Orlando and state were in charge of the ceremonies. The Patriarch Militant Branch from St. Cloud and Orlando were well represented. Refreshments were served after the meeting.

Other officers installed were: Grover Williams as high priest; I. V. Williams as senior warden; O. L. Shuman as junior warden; H. M. Gleason as scribe and C. H. Stafford as treasurer. Watchmen named are: Paul Chief Patriarch F. B. Ashdown, W. B. Munson, B. L. Myers, and B. H. Squires, guards are J. T. Hardy and D. E. Starr; sentinels are Harry Huffman and W. O. Bridges. Trustees are W. O. Bridges, I. V. Williams and F. B. Ashdown.

## 86 U. S. Soldiers Are Arrested In Munich

MUNICH, Feb. 14.—(AP)—American military authorities arrested 86 United States soldiers and 200 German civilians following a three-hour pre-dawn raid in Munich's major trouble area today.

More than 900 American soldiers and German policemen routed hundreds of persons from their beds in an area four blocks long in northern Munich. The raiders were searching for AWOL soldiers and black market operators.

Military police said the soldiers are accused of being absent from their quarters. Several long-term AWOL soldiers were arrested, other GIs were said to be in possession of illegal weapons.

## Congress Urged To Ban Closed Shop

### Producer Says Absolute Control Of Unions Is Slavery

WASHINGTON, Feb. 14.—(AP)—A noted Hollywood film producer, Cecil B. De Mille, strongly urged Congress today to outlaw the closed shop. De Mille told the Senate Labor Committee that elimination of the closed shop would free workers from what he called "a system unparalleled in American history since the abolition of slavery."

The film industry representative described the power of the closed shop union as "absolute, and said that it controls "the right to work" and therefore "the right to live."

De Mille emphasized in a statement to the committee that he himself was deprived of the right to work for refusing to pay a political assessment in 1944. The producer said the assessment was \$1 levied by his union, the American Federation of Radio Artists. He said the money was for use as part of a federation campaign against a state election proposal which he favored.

De Mille said that for sticking by his rights he was suspended by AFRA and prevented from appearing on a radio program he had produced for more than eight years.

The policy of the closed shop, De Mille contended, is not democracy, but rather "it is collectivist absolutism." The Hollywood producer said the closed shop "is in principle the same as a dictatorship."

The only argument for the closed shop, De Mille claimed, is the "free ride" issue. That is the contention that the worker who gets the benefits of a union contract should share in the expense. De Mille suggested that this argument be eliminated by a provision that would have non-union workers pay a fair share of the cost of administering and negotiating a contract.

The new Fernald-Laughton Memorial Hospital, five of them white and one of them colored. Much new equipment is needed in the form of baby cribs, bassinets and sheets and blankets for babies, according to A. B. Peterson, chairman of the Hospital Association drive to secure new members and thereby raise needed funds.

The new hospital provides more and better facilities for caring for maternity cases and for the sick than the Fernald-Laughton Memorial Hospital at 500 Oak Avenue which was built as a private residence in 1913 and was given to the City by Mrs. Mabel Fernald for use as a hospital. Since it was founded the hospital has cared for more than 14,000 patients.

## U. S. Depot Explosion In Manila Kills 18

MANILA, Feb. 14.—(AP)—A disaster at the United States 13th air force ammunition depot south of Manila in the Philippines killed 18 persons today.

Many are missing and several injured as the result of the explosion of a pile of dynamite at the ammunition dump. The blast wrecked many houses, and could be heard for 30 miles.

Most of the victims were civilian drivers and laborers transporting boxes of TNT from the depot to the port. The 13th Air Force ammunition depot is south of Manila at Barrio Basario in the province of Batangas.

## County Grand Jury Cracks Down On Illegal Gambling

Shown above at Hill Hardware Co. are J. W. Harris (left) and E. J. Moughton, Jr., chairman of Seminole County Fishing Contest, as Mr. Harris entered the fish caught by Dr. W. D. Gardner and Mr. Harris in the St. Johns River on Doc's Menhaden Mooring. The latter fish weighed 10 lbs. 4 oz.

## Chairman Of Hospital Drive Reports Need For Additional Baby Equipment

There are now six babies in 13 colored. Since the population has increased to over 25,000 citizens, the inability of the County to care adequately for its sick has been a matter of serious concern for some time.

Because the building was not originally designed as a hospital, small doors and narrow halls were a handicap, many rooms were unusable since they had to be entered to reach other rooms, wards and rooms were too small, the operating room was on the first floor and most of the beds were on the second floor, thereby causing many additional steps for the doctors, nurses and employees.

Seminole County has long since outgrown its hospital, Mr. Peterson said. The elevator was antiquated and much too small, there were no X-ray room, maternity wing, isolation wing, modern nursery, diet kitchen, or air-conditioned surgical room. The ambulance entrance was uncovered and patients when entering the hospital during inclement weather had to be covered with a canvas.

Many patients who preferred to be hospitalized in their own home town in order to be near their loved ones have been forced to go to other cities because of lack of modern facilities, Mr. Peterson explained.

## Market Report Says January Price, Air Comparatively Low

Lower prices paid for Florida vegetables in January prior to the cold weather, as compared with prices received in January, 1946, are indicated by the recent statement of J. H. Lehman, manager of the Sanford State Farmers Market.

During January, 1947, sales totaled 224,333 units which brought a total of \$32,844. During January, 1946, total units sold were 216,785 and they received \$468,818.

Cabbage led in sales value last month with 86,036 ciphers bringing \$105,824. Celery brought an average price of \$2.90 a crate brought \$23,487. Tomatoes were 30,178 boxes of oranges sold at average of only \$1.80 cents a box or \$54,320. Tangerines brought only \$1.65 a box with 15,640 boxes bringing \$25,808. Iceberg lettuce at \$3.01 a crate brought \$23,487.

## 7 Killed In Georgia In Army Plane Crash

MACON, Ga., Feb. 14.—(AP)—A searching party found that all seven persons aboard an Army plane were killed when it crashed and burned near Robins Field today. The Army said all apparently were killed instantly when the plane burst into flames in the air and crashed about a mile and a half from Robins Field.

The plane took off from Robins Field, which is about 15 miles south of Macon, shortly after 9:00 o'clock last night. It plunged into a dense swamp just after takeoff, cutting a 30-yard path through the trees.

## CONGRESS WARNED

WASHINGTON, Feb. 13.—(AP)—Time today to make its way to a F of L President. William Green warned Congress today back to the field with the grim that if it raises rents the only country's workers will want means of communication from higher pay and may strike the wreck since walkie-talkie radios would not work.

## Grave World Condition Seen By Marshall

### Secretary Of State Tells Senate Foreign Committee Of Critical Aspects

WASHINGTON, Feb. 14. (AP)—Secretary of State Marshall said today the world is in a very critical condition. He reviewed the world situation at a closed meeting of the Senate Foreign Relations Committee. As he left the session, Marshall was asked what he had told the Senators: "I told them," replied Marshall, "that the world is in a very critical condition." The Secretary of State said he talked about most of the world's trouble spots.

The committee chairman, Senator Arthur Vandenberg of Michigan, said he found Marshall's report "encouraging in many respects." Vandenberg commented that Marshall demonstrated he certainly is "on top of his job" and used his time to advantage in returning home from China.

The Secretary of State said he talked about most of the world's trouble spots.

## Court Rules OPA's Sugar Allocation To Industries Is Invalid

### Flagrant Violation Of Law Prohibiting Slot Machines Cited

WASHINGTON, Feb. 14.—(AP)—The government's entire sugar rationing program may be done as the result of a decision handed down today by the Federal Court of Appeals when the court upheld a district court ruling which had declared that the OPA's so-called historical formula of allocating sugar to industry was invalid.

The OPA appealed the ruling and the court's ruling applied to the entire country and mentioned specifically punch boards, slot machines and other mechanical devices.

The OPA argued that the ruling was a flagrant violation of the law prohibiting gambling throughout the entire country and mentioned specifically punch boards, slot machines and other mechanical devices.

The majority opinion said that historical use is not the only basis for allocating restricted amounts of sugar among industrial users. It said that sugar should be distributed on the basis of present and future needs.

## VEW Plan To Hold Meeting Wednesday

A special meeting of Post 22 of the Veterans of Foreign Wars will be held next Wednesday evening at the Tourist Center in order to get a committee working on the coming USO drive. John Saults, post adjutant, announced today, R. H. Swanson, Jr., chairman of the drive, urged that all members attend.

A letter of commendation from District Adjutant J. H. Westlund, stating how much visiting V. E. W. delegates enjoyed the hospitality of the local post in the recent convention here, has been received. Sanford victory the fine dinner at the Legion Inn and the boat ride given on the St. Johns River for the visitors were mentioned in the letter.

## Old Out-Of-State Licenses Are Checked

FLORIDA'S law enforcement officials have been tipped off to which out of state licenses are already out of date and those which expire shortly.

They know that Texans must display 1947 windshield stickers or plates by Mar. 31, that California's deadline was Feb. 4, Louisiana's Feb. 6, and that motorists from Connecticut, Indiana, Michigan, Utah and Wyoming must have new tags or stickers by the end of this month.

Tourists should be sure they aren't riding around with an out-of-date, out of state license tag or they might be stopped.
