Missing Letters

Try it... You'll Like It! I mean, the way those pesky "love bugs" are washed off the front of your car... If you take the time to put a light coating of Johnson's baby oil onto your bumper, grille and hood. The bugs will still splatter upon impact... but, a spray from the garden hose after your drive will easily take them off your car.

Maybe I shouldn't have said a word in my earlier column about Miami-area carpenters going for almost \$10 an hour. After all, the electricians and plumbers in that same area are considerably higher than that right now. But, what really caught my eye about wages is how many times Marion Brando will have to drive to the bank... as a result of his pay for the part which he portrays in *The Godfather*.

First off, he was given \$100,000 for his work... on top of that, he'll get 2.5 per cent of the first \$10 million gross; 5 per cent of the next \$15 million; and 25 per cent of the gross after that first \$25 million.

Since the picture is expected to gross more than \$100 million, that means Brando will make over \$16,000,000. (And there I was trying to make a point about someone asking for a measly nine bucks an hour...)

Plan ahead. Get with the rest of us who are wrong.

Hedge your betting that those two Seminole Countians, previously being considered for appointments to Circuit Court Judgeships... since there has been so much juggling on the totals to be created... it would seem that both of these gentlemen have now been eliminated; at least temporarily.

By the way, many non-partisan friends and associates of the Honorable Dominick Salfi have banded together and formulated the Citizens' For Salfi Committee. They'll be holding an initial kick-off function today at 8:30 at the Mayfair Country Club.

In this same vein, that Bar-Que honoring Sheriff John Pelt has grown to gigantic proportions. Over 500 tickets have been purchased to date, with a push on for another 200 to be sold by this Saturday's fun day... at the Mid Florida Country Club, starting at 3 p.m.

Let me see... if I multiply 100 times \$25 a head... that's a hefty \$17,500 political nest egg.

Mellon Park Sale Pondered By City

By BILL SCOTT

Sanford City Commission at tonight's 8 p.m. meeting will discuss the possibility of disposing of 1 1/2 to two acres of the east end of Fort Mellon Park for the purpose of construction of a high-rise apartment for the elderly. Mayor Lee P. Moore indicated a week ago he was approached by Hawkins Connelly, administrator for Cooperating Parishes, owner of Bram Towers, senior citizens high rise apartment project nearing completion.

City Manager W.E. Knowles stated the property was deeded to the city by General Sanford heirs for a public park and would revert if not retained by the city.

Connelly told The Sanford Herald a site was being sought for a second high-rise which also would be owned by Cooperating Parishes. He stated the second housing project would consist of 18 floors, making it considerably taller than Bram Towers.

Commission will also consider a request for the purchase of the old agricultural experiment station site owned by the city on Celery Avenue.

An agreement for the city to take over and operate the water, sewer and refuse services for the airport is on the agenda for commission action.

Commission is expected to approve a request for sale of 1.3 acres of city-owned land at intersection of Airport Boulevard and U.S. 17-92 for inclusion into a shopping center.

Headlines Inside THE HERALD

AROUND THE CLOCK
By John A. Spolaki

NORTH VIETNAMESE push ahead in the central highlands, capturing a division headquarters, attacking the Dak To and Kontum airfields and cutting a seven mile stretch of the highway to Dak To.

DESPITE YEARS of U.S. aid and advice, Thailand's army has disappointed American military officials by its performance in a major test against Communist-led insurgents.

PRICE COMMISSION will order hundreds of millions of dollars in price rollbacks and customer refunds in the next few weeks, its chairman says.

PHIL SILVERS and Alex Smith win Tony awards as best actor and actress in a Broadway musical while Cliff Gorman and Sada Thompson are chosen best in straight plays. "Two Gentlemen of Verona" is named best musical, and "Sticks and Bones" best play.

OFFICIALS on Miami Beach are keeping their fingers crossed hoping a top Nixon administration spokesman will announce publicly that the Republicans want to move their convention from San Diego to the "fun and sun city."

CHARLIE SMITH celebrates his birthday three months early this year, but when you're coming up on 130, who's going to quibble about a few days.

SEVEN more county school eighth expulsions have been scheduled for 5 p.m. Tuesday at the board office.

In all the board has expelled 51 students thus far this school term and, with the additional eight, the number could rise to total 59 by the end of this week.

Board, in other deliberations, is expected to act on a recommendation of Supt. John Angel to ask county voters to approve an additional four-mill tax on property to build new schools in South Seminole.

W. A. Teague, board finance officer, is scheduled to explain latest efforts to acquire land in the Eastbrook area for construction of new schools.

In the same vein, Robert Polle, Eastbrook Parent-Teacher Association member, will report on additional land which can be acquired in South Seminole for new school construction.

Board member A. P. (Pat) Bule has requested to be on the agenda to discuss general educational philosophy with the rest of the board and school staff.

Jean Bryant, board vice chairman, is expected to request, that due to press of school business, the board approve setting a regular weekly meeting instead of two-month and calling special meetings when needed.

Casper Starts Back Home Carrying Treasure (Rocks)

By HOWARD BENEDET
AP Aerospace Writer

SPACE CENTER, Houston (AP)—Apollo 17's explorers fire out of lunar orbit tonight to start the long journey home with a treasure ship of rocks that scientists believe will prove the moon long ago was wracked by volcanoes.

The major finds came Sunday, on the third moon drive that almost was canceled because Mission Control felt the astronauts might be tired and pressed for time as a result of their late landing Thursday night.

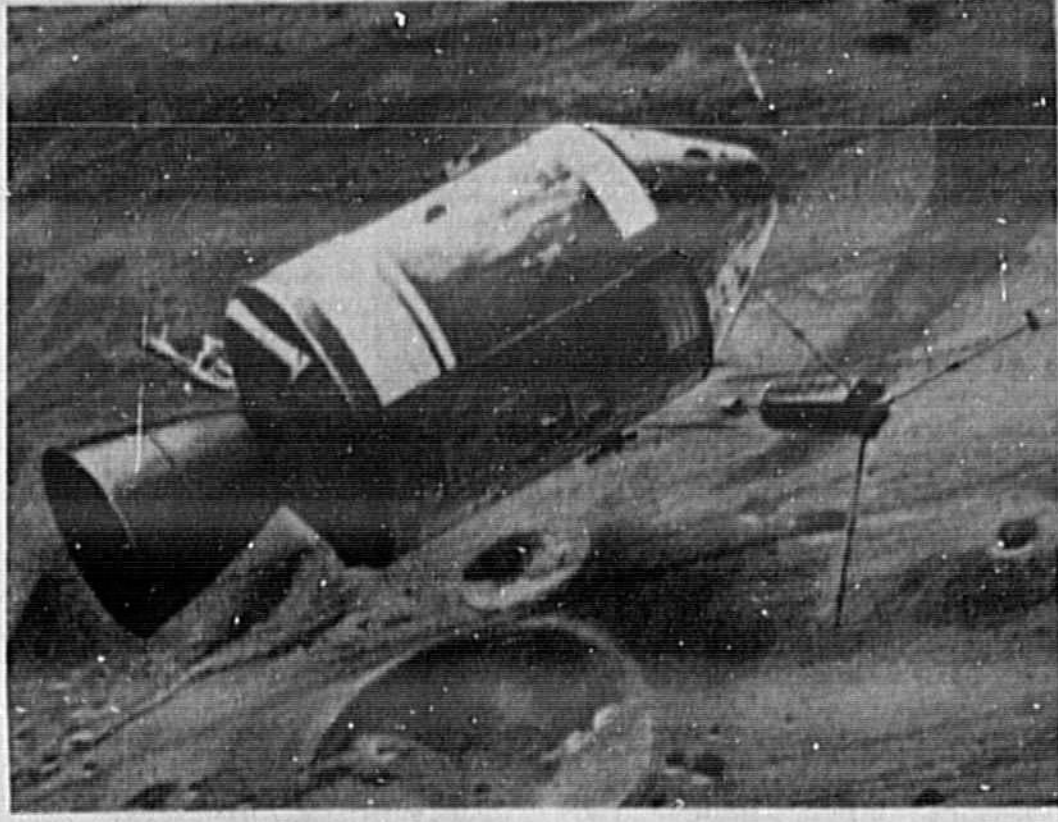

They return with 245 pounds of material which represent perhaps the oldest and most significant samples yet collected on the lunar surface. Locked inside are secrets of how the moon was born more than four billion years ago.

Geologists are certain that John W. Young, Charles M. Duke Jr. and Thomas K. Mattingly got everything they sought during man's fifth moon landing mission primarily the volcanic evidence.

The astronauts trigger the command ship Casper's big engines at 9:15 p.m. tonight to begin the 66-hour, 340,000-mile voyage back to earth. Splashdown is scheduled Thursday in the Pacific Ocean.

The three astronauts were reunited Sunday night after Young and Duke blasted off the moon in the cabin section of the lunar ship Orion and skillfully maneuvered it to a linkup two hours later with Mattingly in Casper.

"What a ride! What a ride!" Duke shouted as Orion blasted away from the mountainous Descartes plateau at 5:36 p.m. EST ending a 7-hour surface expedition during which the moonmen set records for the amount of rocks collected.

COMING BACK HOME
Apollo 16 is also carrying a scientific subsatellite as did Apollo 15. It is a six-sided box only 31 inches long and weighs 78 pounds. It contains three instruments powered by solar cells mounted on the outside of the satellite.

N. Orlando To Discuss City Fight

NORTH ORLANDO — The continuing battle emanating from the City of Casselberry remaining a member of CALNO in an "is you is or is you ain't" debate, will be brought before Village Council at a workshop session at 7:30 tonight.

Mayor Granville Brown will present the matter for council's attention, although stating at a recent meeting of CALNO that while he will present an alternate proposal for funding to "appease" Casselberry, he will not recommend it.

Five Held In 2 Drug Seizures

Seminole drug traffic was dealt another blow Saturday and Sunday as sheriff's deputies and Sanford police arrested five persons in two separate drug raids.

Three persons, including a woman, were arrested by Lt. A. F. Davis, Detective Ray Parker and Deputy Gerry Capshaw at a house located at 2032 North Orlando Avenue near Maitland, where agents reported finding packets of marijuana, hashish and a smoking pipe, all located in the kitchen of the house.

Mother, 3 Succumb In Blaze

ORLANDO, Fla. (AP) — A breakfast-hour fire wiped out an expensive new home in an Orlando subdivision today, killing a mother and her three young children.

Orlando Fire Department spokesmen identified the victims as Elizabeth Hirbarne, 42-year-old daughter Kathy and sons John and Peter. The boys were 10 and 12 years old, but authorities had not determined who was oldest.

Neighbors told police that Mrs. Hirbarne was separated from her husband, Orlando physician Dr. Pedro Hirbarne. They said the family recently moved into the home in the Southern Oaks subdivision.

Drive S. Vietnamese Back 15 Miles

By GEORGE ESPER Associated Press Writer

SAIGON (AP) — Spearheaded by tanks, a North Vietnamese division smashed the northern defenses of a key provincial capital city in the central highlands today and drove South Vietnamese forces as far back as 15 miles. New air and sea battles erupted deep inside North Vietnam, in the Gulf of Tonkin and the Gulf of Siam.

Not since the opening day of the current North Vietnamese offensive, when thousands of enemy troops stormed across the demilitarized zone to

attack Quang Tri Province, have the North Vietnamese made such advances. The highlands defense line of Tan Canh and Dak To 25 miles north of the capital, Kontum City, crumbled under the enemy onslaught and a new line was being formed 10 miles north of the capital. Kontum City is said to be the ultimate objective in the 26-day-old North Vietnamese offensive.

A radio message was sent out to the scattered and badly battered South Vietnamese 22nd Infantry Division, which had its forward command post at Tan Canh and a regimental com-

mand post at Dak To, to pull back to a new defensive line at Vo Dinh on Highway 14. This is about 15 miles south of Tan Canh and about 10 miles north of Kontum. Other lesser bases and towns crumbled in the path of the North Vietnamese onslaught.

In the air war, the U.S. Command said, about 10 surface-to-air missiles were fired at B52 strategic bombers raiding North Vietnam. One of the bombers sustained what the command termed "minor battle damage."

A U.S. helicopter was shot down near Dak To, north of Kontum, and the four crewmen were

killed. It was the 22nd American helicopter lost since the offensive began, the U.S. Command said. Seventeen planes also have been lost, and total air crew casualties are 25 Americans killed, eight wounded and 35 missing, the command said.

The United States sent its big B52 bombers to within 80 miles of Hanoi to attack supply depots, railroads, highways and marshalling yards at the big coastal city of Thanh Hoa.

For the first time in the war, one of the giant bombers was reported hit over the North, by fragments from a surface-to-air missile.

CARL JOSEPH Bechtel, 16, of 505 1/2 Wyllie Avenue in Sanford and his passenger on this 1970 Suzuki 350 motorcycle, Kay Fridley, 14, 505 Wyllie Avenue, were both admitted to Seminole Memorial Hospital following this accident early Sunday morning. Eugene Leon Linder, Orlando, was driving the car, a 1968 Chevrolet. Charges are pending further investigation by Sanford policeman William Dube. He was assisted by Lt. Charles Fagan of the police department and Sgt. Roy Hughey of the sheriff's department. (Gary Taylor Photo)

Thai Army Disappoints American Military Aides

By FRED S. HOFFMAN AP Military Writer WASHINGTON (AP) — Despite years of U.S. aid and advice, Thailand's army has disappointed American military officials by its performance in a major test against Communist-led insurgents.

An analysis of an operation by 12,000 Thai troops against an estimated 600 rebels in north-central Thailand concluded that government forces exhibited a lack of aggressiveness and poor training.

In addition, Thai commanders were criticized for using their troops in big, unsteady formations and for inadequate use of combat intelligence. As a result, Thai military leaders were said to have de-

vised that new tactics and methods will have to be developed. Thailand long has been regarded by U.S. defense officials as important to the anti-Communist position in Southeast Asia. It has become more important to U.S. strategy in recent years because of the Air Force B52 bombers and fighter-bombers flown against the enemy in North and South Vietnam, Laos and Cambodia operated from bases in Thailand.

Most of the 34,000 American military men in Thailand are involved in the air war. In the past five years, the United States has provided about \$500 million in military aid to improve and modernize

JUNIOR GIRL SCOUTS OF Troop 220, like Mary are intrigued during tour of The Sanford Herald's facilities Thursday as Wilbur Davis makes the news appear on aluminum plate with the help of developer. County Editor Jane Casseberry served as guide.

Ecology Also On Agenda Hospital Sale Report Due

By MARION BETHEA Three public hearings are scheduled for the evening session and include a continued hearing on extension of the sewer service area in Seminole County by Twelve Oaks campground, and the ambulance franchising ordinance adoption.

Ecology seems to be the main topic for discussion by County Commissioners at tomorrow's 2 p.m. meeting, with a report by the consulting engineer regarding the City of Maitland sewage treatment plant expansion, a discussion relative to the removal of spoil from a pond excavation at R. Williams property and a report by the pollution control officer upon the late hour dumping into Soldier's Creek.

The morning work session continuing from 10:15 to the regular meeting time will include a presentation by County Attorney Thom Bumberger on the facts of the proposed sale of Seminole Memorial Hospital.

Discussions will be held on an agriculture zoning board and a budget over expenditure by the county health department. The Zoological Society also will be represented, with a presentation by Clifford Nelson.

Also under consideration will be a presentation by Everett Huskey, area developer, upon right-of-way deeds, and appointments to the Orange-Seminole-Ocala Transportation Authority.

At the 7 p.m. meeting bids will be opened on two compact cars, one truck-mounted stripping machine and one mobile radio unit.

ALAMONTE SPRINGS — In anticipation of the summer's recreation program, City Council, at 4:30 p.m. meeting tomorrow, will probably consider the long delayed ordinance governing swimming pools in the city.

Also placed on the agenda is consideration of a wall mural for the new city hall. Mayor Lawrence Swofford and a photographer took an aerial flight over the city, and one of these photographs will be used as a model for the mural.

Also to be considered is the new system of house numbers in the city, which has been under study for some time.

Council undoubtedly will adopt upon first reading the moratorium on building, renovation and remodeling in an R-3 area. The resolution was presented and read by City Clerk Jane Richards last week, but was continued for action due to the absence of two councilmen and the attorney.

Funeral services were held today at 10:30 at Brisson Funeral Home with Rev. Virgil I. Bryant officiating.

Apollo 16 Collects Host Of Records

SPACE CENTR., Houston (AP) — Apollo 16 starts home today with a record of successes and one failure. Here's a capsule summary of the accomplishments in man's fifth moon landing.

Longest total hours exploring the moon's surface—28 hours, 14 minutes—and longest single excursion—moon drive II, which lasted 7 hours, 23 minutes.

— A total 245 pounds, or 30 pounds more than the first three moon landings combined and 76 pounds more than Apollo 15.

— Finding of rocks believed formed by the volcanoes which shaped the early moon.

— Most rocks gathered on moon.

— Longest total hours exploring the moon's surface—28 hours, 14 minutes—and longest single excursion—moon drive II, which lasted 7 hours, 23 minutes.

Snodgrass, Enterprise.

Vietnam Veteran Writes Top Drama

By WILLIAM GLOVER AP Drama Writer The honors for the two shows were a double victory for the lively theatrical organization headed by Joseph Papp. He originally produced both shows—off Broadway.

"Follies," a musical that opened a year ago but was eligible for consideration now under Tony deadline regulations, won seven silver medals in the 18 competitive categories, the most for a single production.

By coincidence the ceremonies took place on the 40th anniversary of Shakespeare's birth. His posthumous assist to 1972 creativity was the only overseas time amid all the presentations. For the first time in many years all the awards were won by Americans.

The top drama was "Sticks and Bones," written by David Rabe. "Two Gentlemen," written by John Guare and Mel Shapiro, was named the best musical.

The top acting awards for musical performance presented during Sunday night's ceremony went to Alexis Smith of "Follies" and Paul Silvers, who arrived just two weeks ago in a revival of "A Funny Thing Happened on the Way to the Forum."

Chief Gorman of "Lenny" and Sada Thompson of "Twigs" garnered the top drama acting prizes.

Supporting musical awards went to Larry Blyden, also in "Forum," and to Linda Hopkins, who appeared in "Inner City," which closed three months ago.

In the drama supporting categories the winners were Vincent Gardenia of "The Prisoner of Second Avenue" and Elizabeth Wilson of "Sticks and Bones."

"Sticks and Bones" is the story of a blinded soldier returning home from the war to his family. "Two Gentlemen" is a lighthearted romp through the Shakespeare comedy. It moves to rock and Latin American beats and blues type jazz.

Guare and Shapiro shared a Tony for their book.

Editorial Comment

Altamonte Springs: An Inspiration

The very name "Altamonte Springs" is enough to conjure up visions of loveliness and invite the kind of imagining which has lured folks south for generations.

But there is very much more than mood attached to this neighboring city of ours which impels us to make a slight bow in that direction and even bestow the Navy's "Well Done" as a token of our respect.

Seminole cities are beset by the twin problems of growth and service. To find one where the citizens and their elected officials are bold enough to seek and get federal funds when needed and to take the firmest steps to control growth with a strong right arm braced to protect the bounties of nature is more than comforting. It is inspiring.

When growth is the yardstick, Altamonte Springs is a 99 ct. Not only in what has already taken place, but in what has been, but in the flow of inquires from those who like what this city provides, both tangible and intangible.

Latest Claim

The American Dairy Association has won a round over a Ralph Nader backed satellite, "Public Interest Research Group."

Better Business Bureaus, Inc., ruled in favor of the dairymen's radio and television theme concerning "The New You" commercials. The Nader law group had challenged the claims. The National Advertising Division of the BBB noted claims being for milk are those which, generally speaking, have been made for milk for years."

We'll go along with the ADA's visual cartoon fantasy of a before-and-after transformation of a bedraggled stewardess. But we'd like some proof, in our age and at these prices, of the bumperstickers we've seen that proclaim: "Milk Drinkers Are Better Lovers." - Chattanooga (Tenn.) Times

south Seminole area may well be enchanted and even slowed down by the bounty of nature with the gardens, fields, shrubs and trees as eye-filling distractions.

Now all of this is a product of the times, of course. But it takes leadership to initiate, maintain and protect such a record.

No matter which road is taken - political, administrative or executive - it leads to the rather challenging figure of Mayor Lawrence Swofford, a full-time mayor whose restless energy and persistent pursuit of those measures which common sense approves would make life interesting for the citizens of any community.

Major Swofford has a record of political success that has only been marred when the qualities which now make him a leading figure in

Alas, those days are gone forever, and I plunked down \$3 to arm my sons with the latest in aerodynamic design, strength and maneuverability.

the county were not appreciated by those whose votes he sought.

Yet when the city needed federal funds, here was an elected official who not only knew how to go about getting them, but did so. An uncompromising man by his very individual nature, yet those who see what is being done and what is in the doing in Altamonte Springs, must agree with us that this is the kind of public official whose efforts are in step with the surprising 70s.

The miracles which have already taken place in our municipal neighborhood are not only something which those who are bringing them about should enjoy. They are a spur to similar accomplishments in every city in this lovely garden spot of Seminole County.

Raiders Drop A Pair Division II Title Hopes Shattered

By GARY TAYLOR
Herald Sports Editor

The Seminole Junior College Raiders suffered a double header loss at the hands of Florida Junior College Saturday as they lost their chance for a tie for first place in Division II. The Raiders' record is now 1-2, while the Vikings of the top spot in the division force a playoff. The Raiders lost 3-1 and 6-0.

But the Raiders have the number two spot in the division and a berth in the upcoming state tournament, despite the

two losses Saturday. The tournament opens May 3 in Winter Haven.

The Raiders' bats, claiming the top batting average in the state, were all but silenced Saturday. They had only six hits in the first game and two in the second.

One pitch was the difference in winning and losing the first game of the twin-bill. Brad Hoch slammed a home run after Lowell Hagen had led off the third with an infield hit to break the ice in the then scoreless contest.

Farrish led the Raiders at the plate as he went two for two.

The Raiders go their only run in the bottom of the fifth. Randy Smith doubled with one out and then scored on a clutch single by Mike Coombs.

The Raiders failed to capitalize on scoring opportunities in the second and fourth innings. Roger Dawson and Larry Parrish singled to open the second, but a double play ended the threat. The Raiders had two one with only one out in the fourth, but again couldn't score.

Farrish led the Raiders at the plate as he went two for two.

Hounds, Seminoles In District Tourney Play

By HERKY CUSH
Herald Sports Writer

It's virtually a new season for the Lyman Greyhound baseball team which begins play in the district tournament this afternoon at 3 p.m., opposing the Sandcrabs of Seabreeze.

District play begins at 1 p.m. with the Seminoles of Sanford tangling with the Eagles of Edgewater.

Donald Brown will get the starting pitching assignment for the Seminoles who developed two decisions to the Edgewater nine during the regular season. But neither of those games found Brown on the mound. The Seminole ace had a 7-3 record

Oviedo Nine Tumbles In Tournament Action

COCOA BEACH—Getting a quick start wasn't enough for the Oviedo Lion baseball nine which bowed out of sub-district tournament play Friday night after losing a 6-4 decision to the Rockledge Raiders.

Dale Phillips saw his Oviedo crew jump out to a 3-1 lead after two runs scored and two batted in.

An insurance tally was added by the Raiders in the sixth inning.

The Lions had chance to pull the game out, as they did on Friday night, in their half of the inning. Both Allan Daniels and Lyn Burch reached base without hits to open the Lion first. Following with hits were John Kirkpatrick, Robert Davis and Tom Bavard. Scoring were Daniels, Burch and Davis.

Rockledge ace, Harry Johnson then settled down and held the Lions to one hit over the final six frames. But the Lions did have several chances to get back into the game.

The Raiders knocked the score in the third with a pair of runs as Dave Kolasz, Johnson and Rich Jenkins delivered clutch hits.

Oviedo came back to regain the lead at 4-3 with a tally in the bottom of the fourth. Fred Rhodes singled, was forced by Tom Raymer who circled the bases to score, without the

Operator 'Bet' In SOKC Finale

Honest Operator, the Ralph Ryan 3-steps mile specialist with 16 victories this season, has been installed the heavy 21-morning line favorite in tonight's Au Revoir Handicap at the Sanford-Orlando Kennel Club. The Longwood track closes its 1972 season tonight.

The Au Revoir is the last race of tonight's 12-race program. Honest Operator has not lost a race since March 16. He has 10 in a row, including an easy win in the Central Florida Derby.

Racing Secretary John Aason has gone all out to make tonight's program the finest closing card in the track's history. The eight entries parading to post at 8 p.m. for the first race are Grade A competitors. Nine race winners Family Stone and Pisty are the early favorites.

The first and second halves of the Big Perfecta, the 10th and 11th races, are also top grade events.

Middie Tankers Avenge Loss

Sanford Naval Academy's swim team came up with a pair of victories in a tri-meet over the weekend and included in the wins was the avenging of an earlier loss to Trinity Prep.

The Middies won over Trinity Prep by a 49-46 count and at the same time destroyed Lake Highland Prep, 72-20.

The margin of victory over Trinity Prep was the same as the margin of defeat for the Middies in their first confrontation with the Saints.

Trinity Prep and SAN quickly turned the three team meet into a dual battle with the top finishes going to either a Saint tanker or Middie swimmer.

Sanford's winning points came in the 400 free relay where the foursome of Bob Kay, Doug Kay, John Bernegger and Vince Weir came in with the winning time of 3:54.6.

Trinity moved out in front quickly by taking the 200 medley relay with Tom Ruedlinger, Jim Hunter, Don Dickinson and Bob McIntosh bringing home the honors in 1:56. Ruedlinger then captured the 200 freestyle in 1:54.8 to increase the Trinity lead.

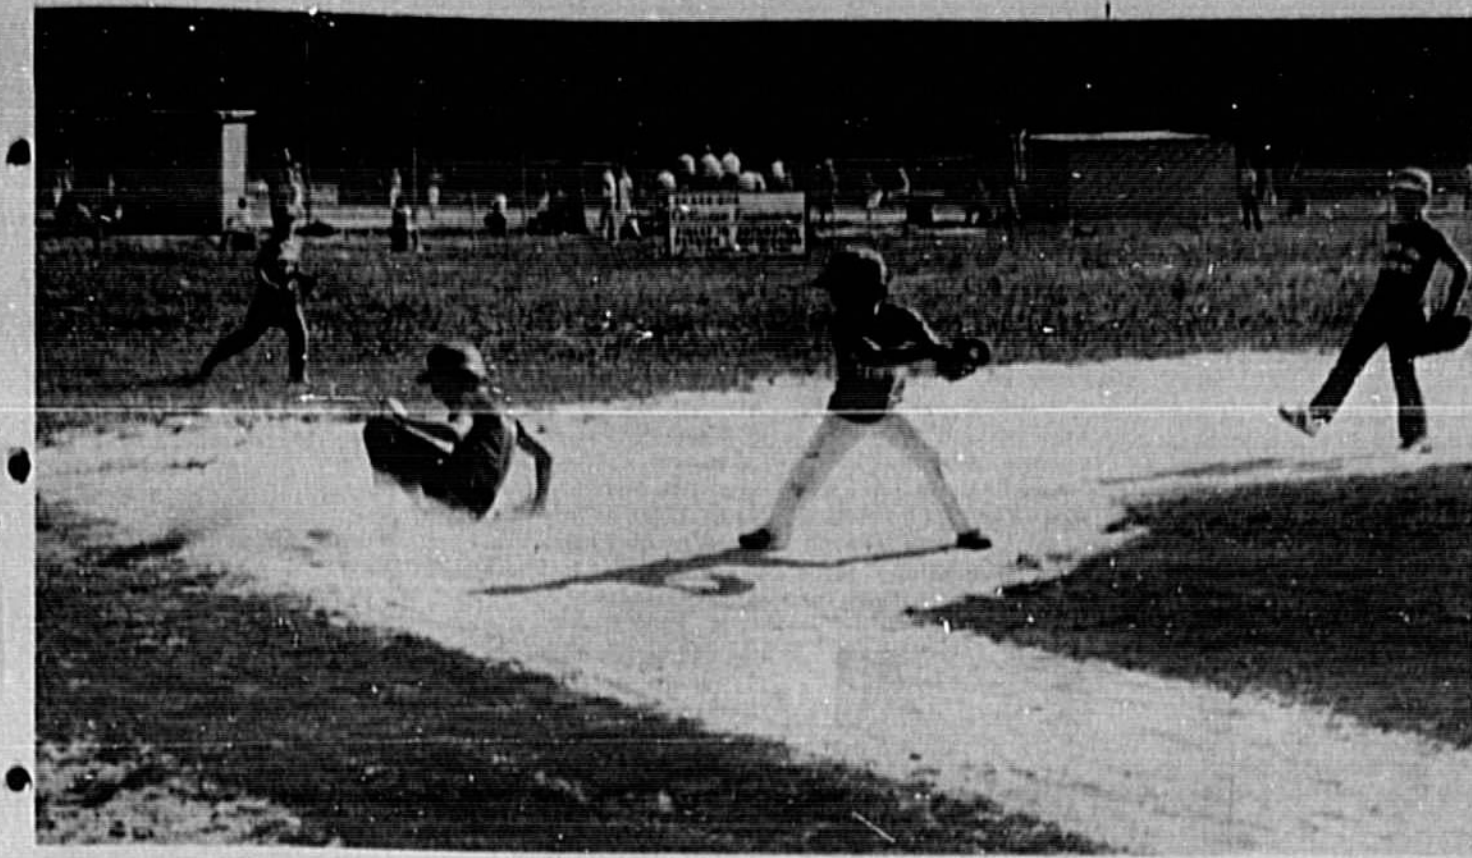

The Middies came roaring back to win four of the final nine events to gain the narrow decision.

STARS IN A PINCH
NEW YORK (AP) — Rich McKinley, the 22-year-old infielder obtained by the New York Yankees from the Chicago White Sox for Stan Bahnsen, hit a robust 379 as a pinch hitter for the Sox last season. He had 11 hits in 19 at bats, plus three walks and a sacrifice fly.

Shaw Won't Come Back
By JOHN VAN GIESON
Associated Press Writer
TALLAHASSEE, Fla. (AP) — Bob Shaw picked up \$15,000 Sunday by winning the Tallahassee Open golf tournament with a record-tying score of 279, but the transplanted Australian won't be back to defend his title next year.

Price Baker Hurls Gem; Moose's LaTour Fans 15

Goodyear 8
United States Bank 0

Goodyear had three hits on the game, a double by Price Baker, singles by Bud Roll and Ned Stevens. Price Baker pitched a no-hitter recording 12 strike outs, losing pitcher, John Meyers.

Elks won their first game of the season in a big way. Roger Mills had a home run and two singles, Ricky Mann a triple and single, Gary Harrell a double and single, John Getzen two hits, Terry Smith a double and single, Donny Mann, Mark Russi and Jim Bellamy one hit each. For Rotary, Terrell Ervin had a triple and single, Dan Wells and Jeff Anderson each had a triple, David McCook and Roger VonHoltz each had a hit. Winning pitcher, Terry Smith; loser, David McCook.

Saints Now 15-4

Ficquette Hurls No-Hitter

By HERKY CUSH
Herald Sports Writer

Bob Ficquette had quite a weekend. The Trinity Prep baseball star fired a no-hitter on Friday as the Saints ripped Central Florida Academy, 12-1 and then he cracked a circuit blast to help the Saints to a victory on Saturday, over Jacksonville Episcopal.

In Friday's action Ficquette struck out a dozen batters and walked four in disposing of Central Florida in a game that went only four and a half innings because of the 10 run rule.

Ficquette lost his shutout in the final inning when the losers loaded the bases on two walks and an error. This all happened

after Ficquette fanned the first two batters. The run scored when Trinity catcher Jack Zimmerman tried to pick a runner of second but threw the ball into centerfield.

It meant very little to the Saints still had their victory well assured.

Putting the assurance on the triumph was a nine run outburst in the third inning. The Saints scored their first two runs in the initial frame on an error, Zimmerman's triple up the left centerfield alley and a sacrifice fly to left by Jerry Fadem. The second inning began with Andy Penn, Zimmerman and Fadem getting consecutive singles, and Penn scored.

Hanna unloaded a double down the rightfield line bringing

straight hits including a home run. Ficquette homered in the second inning after Penn and Dubsos rapped singles. That Blast offset a three-run second inning by the Jacksonville nine.

Zimmer, who went seven for eight in the weekend action, unloaded his shot to right center in the third inning to put the Saints ahead and it stayed that way although it took a little while.

In the fourth frame the Saints put four more runs on the board and it appeared they would be in for another slaughter. Parsons' double after Dubsos walked for the first run of the inning. A walk to Ficquette followed Parsons' blow and then singles by Madden and Zimmer helped push the other runs across.

A single tally in the fifth made it 9-3 in the Saints favor. But the Jacksonville nine came to make things interesting.

Trinity hurler Mark Hanna was touched for a double and two hits in the sixth inning rally by the Jacksonville crew. But in the seventh it was nothing more than wildness that injured Hanna, four walks helped Jacksonville put two runs in before Hanna regained his composure and fanned the final two batters.

During the game Hanna struck out a dozen batters, walked six and allowed five hits.

In addition to Zimmerman's six for seven in the two games, Fadem came up with a three for six weekend. DuBos also was three for six. All told the Saints had 20 hits in the two games.

Cleveland was two for two on Friday and Parsons went two for three on Saturday.

Next action for the Saints will come Thursday when they begin play in the district tournament.

IN TIME is thrown from Trinity Prep third baseman, Winston DuBose as he nails Central Florida Academy runner during Saints 12-1 win on Friday afternoon. Taking throw is Dale Parsons, whose stretch aided in the outout. Saints won two games over the weekend to push their record to 15-4.

Oviedo LL Twins Cop Title With 8-1 Mark

First half action in the major league division of the Oviedo Little League concluded with the champion Twins downing the Pirates, 14-4.

It was the eighth win in nine games for the Twins who finished two games ahead of the second place Orioles. This latest victory avenged to some degree the only loss inflicted upon the Twins.

The Twins broke the scoring ice early in the game, rapped out to a 5-0 lead after the first inning and 7-0 after the first two frames. But it took a seven run rally in the fifth to pull out the decision.

In the first frame the Twins got a sign from Reginald Barne, Kip Grant, and Johnny Cobb followed by William Carter's booming home run to account for the five runs. In the second it was Grant's tremendous triple that sparked the two run effort.

Nathaniel Bronson, a recent addition to the Pirate team, sparked the Pirates' fifth inning outburst which saw them overcome the 7-0 deficit. Bronson singled to open the

inning and later as the tenth man to bat in the inning, rapped another single.

In between the two hits by Bronson the Pirates got three Twins errors. The singles by Bronson were the only hits managed by the Pirates in the entire eight inning rally.

Showing the "stuff" that made them the first half champs the Twins rallied for seven runs in their half of the fifth run out the victory.

A walk to Chuck Starrett opened the Twins' fifth and it was followed by singles from Dennis Abell, Michael Scott, Gary Palmer, Grant and Starrett.

Leading the Twins at the plate was Grant with three hits in four trips and three runs scored. Dennis Abell contributed two hits to the Twins effort.

For the Pirates it was Bronson and Ned Golden with two hits each.

The senior league game resulted in a forfeit with the Indians and Angels. The major league is taking a break from the action this week. The second half of major league play gets underway next Monday.

'Patient' Knicks Move Into Finals With LA

By HARRY EISENBERG
Associated Press Sports Writer

BOSTON (AP) — "We didn't panic," explained New York Knicks forward Dave DeBusschere, "and that was the ball game."

Not only was it the ball game, but it also was the series.

The Knicks moved into the finals of the National Basketball Association playoffs Sunday after overcoming a 1-4 deficit and defeating the Boston Celtics 111-103, taking the Eastern Conference championship 4-1.

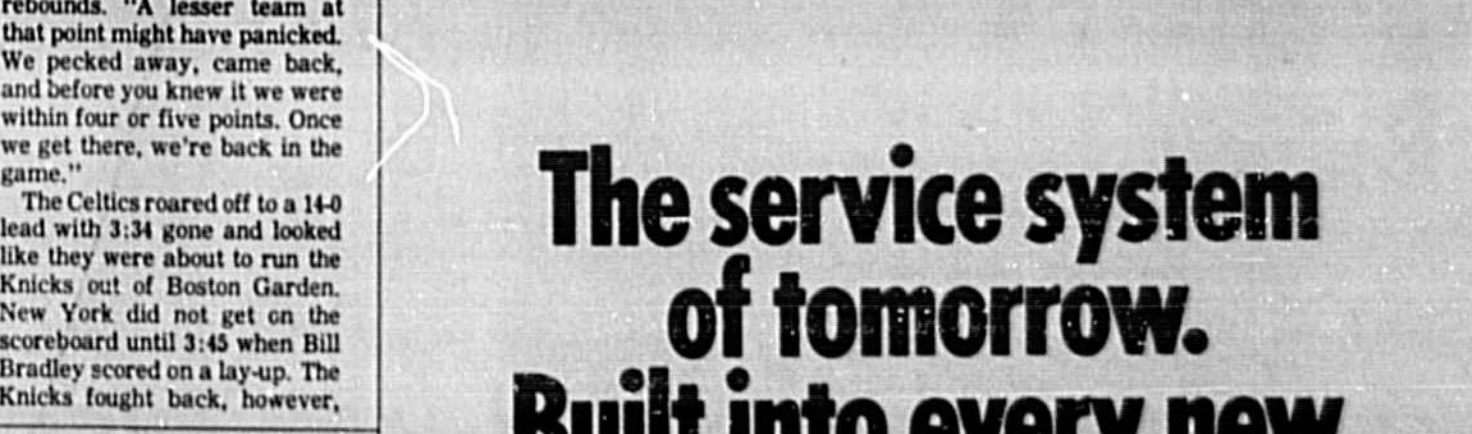

The Knicks will open the best-of-seven title series in Los Angeles Wednesday against the Western Conference champion Lakers.

"We had patience," said DeBusschere, who led the balanced New York attack with 24 points while grabbing 11 rebounds. "A lesser team at that point might have panicked. We peeked away, came back, and before you knew it we were within four or five points. Once we got there, we're back in the game."

The Celtics roared off to a 14-0 lead with 3:34 gone and looked like they were about to run the Knicks out of Boston Garden. New York did not get on the scoreboard until 3:45 when Bill Bradley scored on a lay-up. The Knicks fought back, however,

thanks mostly to eight points by Jerry Lucas and a final only 2-23 at the end of the quarter. "We just couldn't seem to get off the ground," said New York coach Red Holzman.

"Holzman's one a back of a job with that club," said Boston's John Havlicek, who led all scorers with 32 points.

The service system of tomorrow. Built into every new Volkswagen today.

Imagine owning a car that can tell you how it's doing and check points when Volkswagen dealerships start to receive their computers later this year, you'll be able to drive in, have your 1972 Volkswagen plugged into the computer, and get it straight from your car what's right or wrong.

How does it work?

Every 1972 Volkswagen has a network of sensors and check points built into critical areas like the engine and electrical system.

These sensors work like nerves. When they're attached to the computer by a simple socket in the back of the car, the sensors relay the condition of vital areas.

In the time it takes a mechanic to collect his tools, the computer checks things like front wheel alignment, engine compression, and battery voltage.

And gives you the results in plain English.

The computer will be at Volkswagen dealers starting later this year, so you can come in and let our brain take the load off yours.

Astros Score 10 Runs In 9th Fox Not Surprised By Houston Rally

By BRUCE LOWITT Associated Press Sports Writer

"I'll take a four-run lead entering the ninth inning any time," San Francisco Manager Charlie Fox said. The Giants had Houston—7-3 edge over Houston with three outs to go. But they

couldn't get those final three before the Astros got 10 runs. "I'm not surprised by the run Houston is scoring," Fox said after the Astros' 13-7 triumph. "They're the most improved club in the league... We scored seven runs so it's up to our pitchers to hold 'em."

In Sunday's over National League action, the New York Mets swept a doubleheader from the Chicago Cubs 8-2 and 7-6 in 12 innings. St. Louis handed Montreal its first defeat 6-1; San Diego edged Los Angeles 3-1, and, in a pair of 11-inning games, Philadelphia beat Pittsburgh 5-4 and Atlanta overhauled Cincinnati 4-3.

Lee May highlighted the Astros' rally with the three-run homer that put Houston ahead 8-7. "That's more than I get in a week," he said of the eighth-inning homer. "I'm not surprised by the run Houston is scoring."

Philadelphia's Greg Luzinski's fielding lapse helped Pittsburgh go ahead; then he beat the Pirates with his bat. In the top of the ninth, with the Phils leading 3-2, Luzinski played right field, allowing it to drop for a double that enabled

Pittsburgh to score a pair of runs. The Expos, the only undefeated club in the majors going into their game, were stopped by Scippo Spinks.

One Vacancy Remains

Two of the three vacant coaching positions at Seminole High have been filled, according to athletic director Grey Boyles. David Fair and Bill Young have accepted coaching positions.

Another candidate has appeared for the third coaching job. Norm Lipsher of Ohio is scheduled to come to Sanford for an interview with school officials.

A Seminole High Booster

We always like to see area merchants support our local athletic outlets and we have one car salesman in town who has been especially nice to the athletic department at Seminole High.

A Gift From SMS

Remember that old scoreboard that was at the Seminole High gym and was just replaced last season. Well there's plenty of life left in the scoreboard and it will be put to good use.

Dennis Morris To Visit

Many local little leaguers remember Dennis Morris. He played on last year's city championship team, Goodyear. Dennis is now playing for the A's in Tucker Georgia.

Little League Camps

The first of four sessions in Little League Baseball's Summer Camp Program will begin on June 18, according to Arnold White, Regional Director. In planning for this program new facilities have been built and improvements planned for those used during the last four years.

ONE THING Arnold Palmer has never quite mastered is accepting defeat. He couldn't do it in 1960, above. He couldn't do it in 1966, left. And he couldn't do it in a recent tournament, right.

Golf's Invisible Man Champions Goes To Mitchell

By BOB GREEN Associated Press Golf Writer

ARNOLD PALMER, Calif. (AP) — "The invisible man came through," chortled Bobby Mitchell.

The obscure Mitchell, who had complained earlier in the week that sports writers "seem to think I'm invisible—nobody ever writes about me," had just beaten pro golfer's most feared opponent in a sudden-death playoff for the title in the prestigious Tournament of Champions.

Darwin Theory Is 'Believed'

By KEN RAPPOPORT Associated Press Sports Writer

The modern day version of Darwin's theory of evolution is happening in St. Paul-Minneapolis. Bobby Darwin has beaten the Pirates with his bat.

"You can't make a mistake on him, he's just too strong," Oakland Manager Dick Williams after Darwin burned the A's with two-run homer in Minnesota's 8-4 victory Sunday.

From hitting batters in the minor leagues, the 29-year-old rookie sensation has gone to hitting pitchers. He's had four home runs in five games this season.

Before his turnabout, Darwin worked on the mound for eight years in the farm systems of the California Angels, Baltimore Orioles and Los Angeles Dodgers.

Mitchell took the lead with a birdie on the eighth, striking a sand wedge to five feet. He lost it with a bogey from a trap on the 14th, but got it back again on the next hole, hitting a beautiful iron shot to five feet.

He lost it again on the 17th, when he made a three-putt bogey, missing the second from two feet.

Hungry Lakers Capture Series From Ex-Champs

By MIKE O'BRIEN Associated Press Sports Writer

MILWAUKEE (AP) — The Milwaukee Bucks' National Basketball Association championship reign is over, but they aren't quite ready to concede they lost to a better team.

The Los Angeles Lakers may well have been the hungrier team, Bucks' guard John McLeod said. And no one could be craving the championship more than the Lakers' Jerry West, who never lost a series in his brilliant 13-year career.

West had missed all seven of his shots in the third quarter Saturday. But he came back to score 12 points in the last 5 1/2 minutes of the fourth period as the Lakers overcame a 10-point deficit and the Bucks 104-100 to clinch the Western Conference.

West, a nearly 48-year-old shooter during the regular season, sank only 47 of 135 shots for less than 35 per cent in the series.

The world's only 4-wheel-drive pickup built to be a 4-wheel-drive pickup.

Miss Brenda Carter And Ronald D. Stevens Exchange Vows

In an impressive double ring ceremony at the First Baptist Church of Sanford on Sunday, April 9, 1972, at 2:30 p.m., Miss Brenda Carter, daughter of Mr. and Mrs. J. W. Carter of Sanford, and Ronald D. Stevens, son of Mrs. Edna P. Stevens and the late Maj. James M. Stevens of Danbury, were united in Holy Matrimony.

Officiating the ceremony was Rev. W. M. Grogan of Sanford. The vows were exchanged amid palms and white baskets of white roses, gladioli, chrysanthemums and green fern placed on tall pedestals at strategic points at the altar. Between the sprays of flowers was a white archway entwined with baby's breath. A white kneeling bench was set under the archway. There were also two nine-branched candelabra which completed the setting.

Rebecca Coxon Engaged

Mrs. Frederick K. Coxon Sr., 2709 Narcissus Ave., Sanford, is announcing the engagement of her daughter, Miss Rebecca Ann Coxon, to Donnie Ray Bowen, son of Mr. and Mrs. Clem Bowen of Geneva.

The bride-elect, who is the daughter of the late F. K. Coxon, is the granddaughter of Mr. and Mrs. Dale Everett of Albion, Mich., and the late Mr. and Mrs. Jonathon Frederick Coxon.

Reservations Due For Gala Saturday Spring Frolic Goes Tropic

By DORIS WILLIAMS Society Writer

Attention, please! It's Spring. This is the time to swing, shimmy, or whatever before the long hot summer sets in, and the last time to join the "T" crowd and beautiful people until Fall.

As a rival to Seminole Mutual Association's Winter Glistening gala, the Champagne Frolic, for several years the Spring Frolic Ball has attracted revelers with Spring fever.

This year, merry-makers will bring into Spring the romantic, casual route... In a Tropical Island setting which will be captured at Mayfair Country Club, on April 29.

In other American League games Sunday, the Texas Rangers defeated California 5-2, the Chicago White Sox nipped the Kansas City Royals 3-2, the Cleveland Indians downed the Baltimore Orioles 2-1 and the Milwaukee Brewers trimmed the Detroit Tigers 3-0. The New York Yankees' game at Boston was rained out.

Darwin's blast in the second inning wiped out a 1-0 Oakland edge and started the Twins on their way. The outfielder later got another hit to give him nine.

DURING NATIONAL Library Week last week Sanford Junior Women's Club members agreed to purchase a library book dedicated to each of the new babies born to members of the club during this club year. Pat Largent Tells Sorority Of Trip To Soviet Union

Members and guests enjoyed the model meeting held by Zeta Xi chapter of Beta Sigma Phi. President Betty Jack presided over the meeting and each officer and committee chairman explained the duties of their offices and chairmanships.

A program on the Soviet Union and the Baltic States of Latvia, Estonia and Lithuania was presented by Pat Largent who helped chaperone 15 students of the Trinity Preparatory School, along with Mr. Peter Crane of the faculty of Trinity Prep, on their recent trip to Russia.

Pat spoke of the many amusing and not too amusing situations the group encountered on their trip. Her commentary along with the film was entertaining and informative showing her knowledgeability of the Soviet

Union and Baltic countries. She gave an insight into the life in these countries, much of which we were not aware. At the conclusion of her presentation, she showed a few remembrances she and daughter Susan brought home. The little silver-gold leaf cup and saucer with enamel design was truly exquisite. It was a very enriching program presented by a gracious lady. Claudia Jasa presented a gift to Pat on behalf of the membership. Guests attending the meeting were Frances Hoffon and Serita Tindall of Phi Delta Zeta, Laurel Cicefsky Janet Dugan, Lois Faignone, Jean McClain, Leisa Wright and Faye Carroll.

Abby pops the question

DEAR ABBY: About that male cook who "took pride" in his cooking and refused to divulge his recipe...

DEAR BILL: All right, you pop the corn and I'll pop the question: How about that recipe?

DEAR ABBY: Can you stand one more letter about recipes? I used to share mine, too, but no more. Here's why...

DEAR LEARNED: If people write and ask me how they can get their miracle dry skin formula, what shall I tell them? To dry up?

DEAR ABBY: About that earth-shaking question of whether to give out a recipe or not, why the hassle? I agree with you, "if someone else enjoys the same thing you enjoy, it in no way diminishes your enjoyment of it!"

DEAR READERS—I am sure there are many of us who have felt the same as Emma and it is good for us to see or hear other side of such questions so we may be more tolerant another time.—POLLY

DEAR POLLY—All the shine is gone and the yellow gold look has worn off my chin belt. As these belts are now so popular I thought some reader could tell me what I could do to make this belt look new again.—MRS. S. D. V.

DEAR POLLY—I am a seamstress and my Pet Peeve is with textile manufacturers who should identify the right and wrong sides of fabric. There are so many new weaves that are very hard to identify, and sometimes the right side is folded in and other times it is folded out. Could they put "face" on the selvage of the right side or ALWAYS fold the right side in, which would also protect the fabric until it is used?—VERA D.

Pennsylvania Primaries Candidates In Final Push

By CARL P. LEUBSDORF PHILADELPHIA (AP) — Sen. Edmund S. Muskie aimed television appeals at the state's major cities while Sen. George McGovern and Hubert H. Humphrey went directly to the people in today's campaign windup for Tuesday's Pennsylvania Democratic presidential primary. Many observers place Humphrey ahead in the preference poll, but Muskie's backers say the support of Gov. Milton J. Shapp and Philadelphia Democratic Chairman Peter J. Camiel will enable them to elect a majority of delegates. McGovern, meanwhile, was buoyed by a new poll showing him running ahead in Tuesday's Massachusetts primary, so the South Dakota senator spent today concentrating on votes in Pennsylvania. He planned to blitz the state with stops at Philadelphia, West Chester, Chester, Lancaster, Harrisburg, Pittsburgh, Al-

Price Rollbacks Pictured

NEW YORK (AP) — The Price Commission will order hundreds of millions of dollars in price rollbacks and customer refunds in the next few weeks, its chairman announced today. Chairman C. Jackson Grayson Jr. said the reason is that the commission's limit on profit margins in beginning to take hold as a second line of defense against inflation. Grayson, speaking of the matter publicly for the first time in remarks for the annual meeting of The Associated Press, said he hopes the announcement will help rally public opinion behind controls. "In a very few words I would like to inform you that beginning late last week, the Price Commission inaugurated a series of major actions which will result in hundreds of millions of dollars of price reductions, which will roll back current prices of some of the country's largest companies to their base-period levels. Meanwhile, Donald Rumsfeld, director of the Council of Living Council, told automobile manufacturers not to expect approval of large price increases. In a speech prepared for the Economic Club of Detroit, Rumsfeld said steel companies' hold-the-price-line pledge "is a significant step in the effort to reduce inflation, a step which should be reflected in the prices of 1973 model cars. Recently, the Price Commission ordered two firms to roll back prices because of inflated profits. Grayson has said that based on first reports, perhaps 10 per cent of America's large businesses would be required to roll back prices for this reason.

'A Lot Of People Really Did Care'

HOLLYWOOD, Fla. (AP) — Charges were dismissed Monday against three teen-agers arrested for moving laws without a permit, but the boys said they would buy the \$2.50 credentials before they go into business again. "A lot of people really cared what happened," said a smiling Pershing "Kip" Williams Jr., after Municipal Judge George Palotto dismissed the charges against him and two other 17-year-olds, Rick Sigler and Danny Walters. The courtroom was crowded with friends and spectators when Judge Palotto dismissed the case and also ordered police to expunge all record of the arrests. The youths, all from Miami, drove to this nearby Broward County community April 12 and went door-to-door, offering to mow lawns to pick up pocket money. A police cruiser pulled up next to Williams' mower-laden car, and an officer asked if the boys had purchased city identification cards required of door-to-door solicitors. When they said "no," the patrolmen placed them under arrest. They were taken to the police station where they were photographed and fingerprinted before being released on \$55 bond each five hours later. Police defended the arrests, saying the youths were "in one of our better neighborhoods" and that "door-to-door solicitation is an excellent cover for potential burglars." City Councilmen said the police failed to use proper judgment in making the arrests and ordered an investigation of the incident. The arrests gained national publicity, and young Williams said a man in Seattle, Wash., wrote him and asked, "What kind of a city is Hollywood, Fla?" The youths' attorney argued that the city ordinance only required identification cards for door-to-door salesmen and said nothing about door-to-door lawn mowers. Judge Palotto accepted that argument.

Doris Bids One, All: Spring Frolic Ball

By DORIS WILLIAMS
Dear hearts, awake, be vigilant and swing into Spring! Just in case Spring Fever has developed, abandon the sassafras tea and substitute Tropical punch (alac with just the proper proportions of spirits) which will start Seminole Mutual Concert Association's Spring Frolic Ball rolling Saturday night, at Mayfair Country Club, beginning at 8. Hold it! The club will be transformed into a tropical island and a casual atmosphere will be captured. Dress code is D.Y.O.T. . . do your own thing. Island hoppers wear just about anything including bold prints, mummus, cocktail threads, cutoffs or golf attire. Magical sounds of Rick Montarano and his musicians will drift through the gentle breezes for merry-makers to swing, shake, shimmy and droll. Authentic Hawaiian dancers will bow out in a floor show and luau hors d' oeuvres will provide fare with a flair. The Spring Frolic is just what the doctor ordered . . . it's guaranteed . . . try it, you'll like it! Reservations are being accepted through Mrs. John Crabtree and Mrs. William Reek. Hurry! Until then. Aloha.

WEATHER
Yesterday's high 85 low 68. Partly cloudy with slight chance of a shower, clearing and cooler, fair and mild, highs mainly low 80s and 70s, low 57 to 63. Dry and cool weather prevailed over most of the nation today, with unseasonably cold air in the Midwest pushing frost as far south as central and Southern Illinois. Another report that Andrew Keller, of Pal Boy's Barbecue, had drawn up a petition and had signatures of 10 area merchants who are seeking some definite action in the matter. Keller, president of last night's council meeting, told of the problems he and other merchants had been and are still having because of the insufficient water pressure. "There is not a restaurant in Casselberry that is not violating every sanitation code we have," Keller said. He went on to say, "We've hit rock bottom. We can't operate this way any longer." Marvin Mandell, of City of Casselberry, and South Seminole Utilities Company (CASSUCO), told the Herald today, "We are doing the best we can to provide the best service. We constantly check our facilities but we need the cooperation of people in using good judgment in the use of water." Residents could help by watering their yards in the early part of the day rather than after 4 p.m. which are the peak hours for water usage. Mandell pointed out.

Pacific Splashdown Thursday Apollo 16 Streaks Home

By HOWARD BENEDET AP Aerospace Writer HOUSTON (AP) — Apollo 16's astronauts passed out of the moon's sphere of influence and for some time after five days of lunar exploration which caused them to wonder whether they had found the pure volcanic rocks they sought. "I really don't think we got any volcanic rock to speak of," reported astronaut Charles M. Duke Jr. But the ground assured him scientists believe the moonmen have the volcanic evidence, but not in the form they expected. The exchange followed the successful firing of a one-trouble-beams engine that thrust them out of lunar orbit and started them toward a Thursday splashdown in the Pacific Ocean. The only major event on a leisurely schedule today was a walk in deep space, 200,000 miles from home, by Thomas K. Mattingly II to retrieve two moon-mapping film canisters from the equipment bay at the rear of the command ship Casper. The walk was scheduled for 3:03 p.m. EST. At 10:47 a.m., Casper passed through a so-called "twilight zone" in space where the gravitational pull of moon and earth are equal. Once across this invisible line, earth's gravity began exerting an influence on the spacecraft. They were 38,894 miles from the moon and 215,787 miles from earth. As the astronauts left lunar orbit Monday night, command-er Jim W. Young expressed the sentiments of his crewmates when he looked out the window and said: "There's the old crescent earth coming up. Just beautiful. And I tell you we can hardly wait. I know we got a couple things to do before we get there, but we're looking forward to it. From more than 2,000 miles away they televised to Mission Control "one last beautiful shot of the moon" and then engaged in the scientific discussion. "It really wasn't what I thought we'd find up there," Duke said. "Maybe some of those little black glass were volcanics, but otherwise I don't think we got any." He said the white rocks he and Young gathered appeared to be shocked materials, that is hit by meteorites, and therefore perhaps composites of lunar substances and not pure volcanic lava. Scientist-astronaut Dr. Tony England, the capsule communicator, told Duke some of the rocks he thought were formed by meteorite impacts could actually be volcanic rocks which had been broken up by meteorites. England reflected the consensus of scientists who watched the lunar surface exploration on television and listened to the astronauts' descriptions of the rocks. Most are convinced there is some evidence of volcanic activity in the material they are bringing home. Scientists expected to find volcanic processes on the moon, several expressed the opinion that different volcanic processes took place on the moon, where conditions vary greatly from earth's.

MATTINGLY GETS CHANCE TO "STRUT" Astronaut Thomas Mattingly will leave the command module and walk through space back to the scientific instrument bay of the service module. There he will remove the film packs from the panoramic and mapping cameras and return them to the command module.

Sanford Districting Question Goes On Ballot Next December

By BILL SCOTT
Sanford Mayor Lee P. Moore at Monday night's city commission meeting stated the districting question should be on the ballot in December city elections but said passage of the charter should not be contingent on approval of districting by the voters, else the entire charter might fail. The observation by the mayor came at the conclusion of a discussion between the commission and George Crossley, Sanford Jaycees president and co-chairman of a Greater Sanford Chamber of Commerce committee on legislative and national affairs. Crossley was directed by the Chamber committee and Jaycees to approach the city with resolutions asking that city voters be allowed to vote on requiring candidates for the City Commission to reside in one of four designated districts but to be voted on city-wide. In taking up the issue Monday night, a hot discussion ensued between Crossley and the commission, especially A. A. McClanahan and Julian Stenstrom, before the mayor finally brought the discussion to a halt with his indication the question would be on the ballot in December. The question of race came to the fore during the discussion with Crossley asking the mayor how many blacks have ever been elected to the commission in the history of the city. Moore's answer was "none" but the mayor explained, "The only way a black person can be elected to the commission is to have the black community select a man who will make an effort to get white votes. When blacks put up a qualified man, he will get elected," Moore added. The mayor elaborated he has no objection to a black being on

Water Shortage Hits Casselberry

By KATHY NIBLACK CASSELBERRY — Another in a long line of water-sewer crises now exists in the city, and City Council has taken emergency action to solve the problem as quickly as possible. Mayor Curtis Blow reported to the Council that this latest crisis became severe over the weekend. He said homeowners in the Carriage Hill development, as well as many area merchants, complained to the city about problems resulting from low water pressure. He also reported that Andrew Keller, of Pal Boy's Barbecue, had drawn up a petition and had signatures of 10 area merchants who are seeking some definite action in the matter. Keller, president of last night's council meeting, told of the problems he and other merchants had been and are still having because of the insufficient water pressure. "There is not a restaurant in Casselberry that is not violating every sanitation code we have," Keller said. He went on to say, "We've hit rock bottom. We can't operate this way any longer." Marvin Mandell, of City of Casselberry, and South Seminole Utilities Company (CASSUCO), told the Herald today, "We are doing the best we can to provide the best service. We constantly check our facilities but we need the cooperation of people in using good judgment in the use of water." Residents could help by watering their yards in the early part of the day rather than after 4 p.m. which are the peak hours for water usage. Mandell pointed out.

\$2.75 Million Plant Approved For FTU

Another step in the expansion of the Florida Technological University campus has been taken with the allotment of a \$2.75 million federal grant toward construction of a humanities and fine arts building. The total cost of the building, which hopefully will be completed by late 1973, stands at \$2.75 million. The figure includes construction plus equipment. The new building will consist of five levels, and will be marked by an addition of towers on two sides to house elevators, restrooms, stairways and service areas. The main building will consist of classrooms, offices, teaching laboratories, audio-visual rooms, and departmental areas. Fred E. Clayton, director of physical planning at the university, noted that construction may start by late August of this year. "We hope to begin on a date that will insure completion for the start of fall classes in 1973," Clayton said. The new building will partially solve the ever-present problem of finding space for the rapidly growing university. Enrollment is expected to exceed 7,500 next September, and pass the 9,000 mark the following year. In initial planning at this time is a biological sciences building, which likewise will be designed to accommodate FTU's expanding population in the many fields of natural science and others as well. Completion of the humanities and fine arts building will place the total value of the physical plant at FTU over \$25 million.

NOTICE OF PUBLIC SERVICE COMMISSION HEARING DOCKET NO. 71627-EU

The Florida Public Service Commission has scheduled a public hearing on the Petition of Florida Power & Light Company to increase its rates and charges for the sale of electricity so as to produce additional gross annual operating revenues of approximately \$85 million. This means that residential customers, who paid an average of \$18.03 per month last year, would have paid \$20.79 per month under the proposed rates. The hearing will begin at: 9:30 a. m., Monday, May 8, 1972 DuPont Plaza Hotel Miami, Florida Monday, May 8 will be solely devoted to presentation by the Company of testimony and exhibits in support of its Petition. At the outset of the hearing on Tuesday, May 9, and at the same time each day following for the duration of the hearing, the public will be afforded an opportunity to be heard regarding the rates and services of the Company. The remaining time each day shall be devoted to the presentation of the Company's witnesses until completed. Principal cross examination of the Company's witnesses will be deferred until a subsequent hearing date to be scheduled for that purpose. Members of the public who are not able to attend the hearing but who wish to record their views on this matter may write to the Florida Public Service Commission, Tariff Department, 700 South Adams Street, Tallahassee, Florida.

FLORIDA POWER & LIGHT COMPANY

Como Victim

RUSTY RAULERSON, 12-year-old son of Mr. and Mrs. Bob Raulerson, of Chuluota, was admitted to Winter Park Hospital for treatment of measles. On March 30, he slipped into a coma, making today the 27th day in which he has been comatose. A Rusty Raulerson Fund has been established at the Sanford Atlantic National Bank in Sanford to assist this financially stricken family.
