

# City League Teams Battle Again This Evening

## St. Johns Meets Longwood; Cannors Play Lake-Risers

### Loop Quints Will See Action Two Other Nights This Week

City League teams, in an endeavor to catch up with their regular schedule, will see action three evenings this week with two games being on tap for tonight at the High School gym.

Meeting in the first contest, scheduled to get under way at 7:30 o'clock, will be St. Johns River (Lan, co-holder of the first half title, and the Longwood High School team.

The St. Johns have met defeat but once this season, losing to their opponents of tonight. In the initial contest of the schedule, the St. Johns copped a 21-20 win over the Rivermen, outclassing the latter all the way. Aided by veteran punters, the scholars piled up a 12-0 lead in the first quarter, and then stepped their margin up to 21-0 by half time. A marvelous comeback which netted them 12 points in six for their opponents, narrowed the margin for the Rivermen who trailed 21-10 at the three-quarter mark. In the final period, they counted for ten points while the opposition did the same.

Since that contest, the Rivermen have been sweeping all adversaries aside, defeating the Lake Mary entry, 32 to 11, the National Guards by a 10-0 count and then supplanting the Lake-Riser outfit by a 17-11 edge. Against the Eckerson Cannors who that team was the only undefeated one in the loop, the Rivermen came through with a 24-17 win to send the fight for the first-half title into a tie.

In the only second half contest in which they have participated, the St. Johns toppled the Lake-Riser Cannors by a 42-14 count.

The other co-holders of the initial half title, the Eckerson Cannors, also see action tonight, meeting the Lake-Riser Cleaners. The honor outfit stinging from the losing handed them last week by the St. Johns, except to present a rejuvenated lineup which they counted upon to make a considerable better showing than they have done to date. The Cleaners finished the first half with a record

of two wins and three losses and are out to improve upon that mark. The Eckersons, on the other hand, with four wins and one loss in the first half, have already chalked up a victory in second half play, defeating the B squad by a 23-7 count last week.

The Eckersons will likely count on Gravit and Whiddon at forwards, Eckerson at center and Brown and Young or Fox at guards. The makeup of the opposition is as yet undetermined due to the changes expected in the lineup.

The second game will start at 8:30 P. M.

Another Dish and Dishierne formed the winning daily double combination.

## Duffish Mickey Tops Field Saturday In Featured Futurity

The surprise brand of the Sanford-Orlando Kennel Club troupe, Duffish Mickey, upset the dope again Saturday night by copping the tenth race, the extra featured Futurity, at the Longwood track, while Sair Sing, one of the top favorites, fell behind to finish a poor last.

Mickey slowly pushed his way along the inner rail to move up stoutly in the back stretch, taking command as the turn in the home stretch. Dirty Omen, after coming away fast, went wide on the first turn on close with the pack and finished second while Sair Sahara copped third after a burst of speed which sent him ahead of the others.

Another Dish and Dishierne formed the winning daily double combination.

### Ann Hope Selected As Favorite Again In Feature Tonight

Favored to cop honors in the ninth race, the featured futurity at the Longwood track of the Sanford-Orlando Kennel Club tonight, will be the little, speedy Ann Hope who goes to the post against last night's runner-up, Horsham, Sly Cop, Speedy Kest, Lizzie Tactician, Master Cop, Blondy Omen and Side Traffic.

Side Traffic and Lizzie Tactician are expected to finish in the money also.

Stramboli and Ma-Sifo provide an ideal pairing for the daily double although many track followers will play up the Stramboli-Horsham combination.

## Minehart

The Tampa University Spartans will furnish the opposition for the Stetson Hatters tonight in the closing of the basketball season in Hulley Gym, DeLand. Frank Minehart, giant Stetson forward, will probably be one of the starting five chosen by Coach Chet Freeman. Minehart has been a source of great strength to the team this year.

## Celery Feds Close Schedule With Win Over Ocala, 25-15

Outscoring the opposition in every period, the Sanford cagers took over the Ocala High basketball for the second time this season, closing their regular schedule with a 25-15 victory over the Wildcats on the latter's court, Saturday evening.

The Feds accounted for four points in the first session to three for the opposition and then added six in the second to three for the Cats to send the count to 10-5 at half time.

Scoring 12 points in the third quarter, the Feds sent the count to 22-6 in that period and then tallied but three points to nine for the opposition in the finale.

Jack Purdon tallied nine points to take scoring honors while Billy Zachry closed with six. Williamson scored six points to lead the losers.

The locals will begin preparation immediately for the conference tourney which opens next Friday in Tavares.

## New Yorker Aboard Airliner Missing On Australian Run

SYDNEY, Australia, Feb. 22.—(AP)—Seven persons, including W. Fountain, New York, architect, were reported missing from Brisbane along a route swept by gale winds.

The plane, carrying five passengers and two pilots, left Brisbane about 475 miles north of Sydney, yesterday afternoon. It was last reported about 200 miles from its destination.

Planes ordered out all along the route halted their search at nightfall, 24 hours after the liner was reported missing. When the last word came from the plane, it was flying over the open sea close to the shore route usually taken in stormy weather because of the possibility of landing on the beach.

Some sources considered it likely the plane plunged into water.

## Barnett Bank Tops St. Johns; Atlantics Defeat Eckersons

### Jacksonville Combine Cop Double Victory Saturday Evening

Invading the city Saturday night, two of Jacksonville's outstanding quietest returned to Jacksonville with the scalp of two of Sanford's leading combinations as the Barnett Bank combine noosed out the St. Johns River Line by a 23-20 count after a hectic battle while the Atlantic National Bank aggregation swept to a 45-26 victory over the local Eckerson Cannors. Both contests took place on the Seminoles High School floor.

The first contest featured the Barnett-St. Johns combine and was exceptionally well played with a better advantage in every department of the game except for their work at the foul line. It was due to their failure to convert foul attempts that the Rivermen failed to defeat as they scored but six times in 21 chances while the opposition tallied 12 times in 20 charity shots. The locals outscored the visitors from the field accounting for 12 win-players while the Barnett's made ten.

The Jax crew took a 4-0 lead in the first quarter but failed to hold it long, the locals tying up the count at 6-6 over the period ended. Stepping up their offensive power, the Barnett's took a 15-10 lead by half time but lost it midway in the third period when the St. Johns went to the fore for the first time in the contest, coming from behind to lead 23-21. In that period, the locals outscored the visitors, 14 to 10 but were unable to hold their slim lead as the Jaxonites tied the count at 24-24 before the fourth quarter got under way.

The St. Johns sent the count to 27-24 after which it went to 27-25, 28-25 and then 28-28. At this point, the visitors tallied twice from the field to lead 32-28 with but a minute and 45 seconds of play left during which Herndon converted from the foul line twice to narrow the margin down to two points. Shortly afterward the contest came to an end with the sphere in the possession of the St. Johns team.

Charley Robinson led the local attack by accounting for 13 points while Jochem, veteran guard for the visiting aggregation, accounted for 11 points to lead the victors.

The Eckerson Cannors disappointed their followers as they went down to defeat at the hands of the Atlantic Bank team which has but one defeat in two seasons of play chalked up against it.

### Results of games rolled off last week in the Sanford Bowling Club sent the Kilgore Seeders hurling from the three way tie for first place which had held the H. B. Pope bowlers and the New York Life teams in a deadlock with the Seeders.

Underdog teams came through with remarkable consistency, sending all three of the former leaders down to defeat at least twice in three game series.

The Seeders were toppled out of their hold on first place by losing all three games to the Roumillat and Anderson quintet while the Pops dropped two out of three to the J. C. Hutchison outfit. The Valdes Hotel crew was responsible for the double setback handed the Insurance team in their three game series.

George Habe was high man for single game honors, hitting a 220 in the third game against the Seeders while H. Zurbeld of the latter group achieved a 200 count in the same game.

Declares Flint Alliance Co-Operated With Officers To 'Slam' Union

### Capital-Labor Sitdown At End

Four-Day Strike In Fry Products, Inc., Is Said Settled

WASHINGTON, Feb. 23.—(AP)—Richard C. Travis, United Automobile Workers' organizer, charged today that the Flint alliance and Flint police "started a riot during the recent General Motors strike to cause trouble and blame it on the union."

He told the LaFollette Senate Civil Liberties Committee that police "broke glass out of the doors of Flint plant number two" and fired tear gas when food was brought to sitdown strikers.

Travis described the Flint Alliance as "an anti-union organization."

### Rotary's Founder Slated To Address Inter-City Session

Sanford Rotarians today were invited to be one of 15 Rotary clubs in Central Florida slated to attend an inter-city meeting of the civic clubs in Orlando Mar. 1.

Scheduled for the Colonial Orange Court Hotel at 7 P. M., the assembly will hear Paul P. Harris, founder and president emeritus of Rotary International. He is of Chicago.

### Fifty More Rooms Needed By Chamber For Ball Students

At last 50 more rooms were needed today by the Seminole County Chamber of Commerce to house nearly 400 youngsters enrolled for the Chautauoga Look-out school opening here Mar. 1.

Ralph Bagwell, Chamber secretary, said about 25 local citizens came forward yesterday and offered accommodations for the scholars.

Taxpayers who take advantage of the one percent discount offered for payment of taxes in February will save an equivalent to 11 percent a year, Tax Collector Jno. D. Jenkins said today.

### Agricultural Group To Meet Thursday

The Seminole County Agricultural Association will meet at 8 o'clock Thursday night in Seminole County High School, County Agent C. R. Dawson announced today.

### Teacher Salary Boost Possible Under New Bill

### Two Mill Reduction In School Taxes Also Is Probable

The Harrison-Black-Fletcher education bill now before Congress may pave the way for a 20 percent increase in Seminole County teachers' salaries and a 2 mill reduction in school taxes, County Superintendent T. W. Lawton said today.

Estimates by the National Education Association, the Associated Press reported from Washington, showed that Florida would receive approximately \$3,320 per year under the terms of the legislation.

Assuming the Florida appropriation of \$10,500,000 a year for schools is continued, the measure would increase the total from State and federal sources to \$14,020,677 annually.

### School Nurse Sees Students Favoring 3 Inoculations

Practically all students in the primary and grammar grades of local schools have given the indication they will accept inoculations as a preventative against diphtheria, smallpox and typhoid fever, Mrs. Dorothy Lamb, public school nurse, said today.

Some school children, Mrs. Lamb reported, already have taken injections of serum from family physicians, although the majority are awaiting the arrival of a State Board of Health doctor who administers the service free of charge.

The nurse again pointed out the danger in parents not allowing children to be inoculated, asserting that the effects of the preventative serums hardly are felt by anyone subjected to them.

### Park Avenue Again Object Of Business

### Spencer Revives Move To Locate Commercial Establishment On Highway

The move to open Park Avenue, in the Thirteenth Street area, to business was revived last night by Gerard W. Spencer, local attorney, who told City Commissioners he was still in the market for a building permit to erect a filling station and apartment house at the intersection of the two thoroughfares.

All Commissioners present indicated they were in favor of business establishments in the particular section, but pointed out they did not wish to go against the will of the majority of property holders.

Several months ago, when Mr. Spencer applied for a permit to build a filling station, a canvass was taken by the City only to find that homeowners in the area were against the plan.

However, Mr. Spencer pointed out last night that the anti sentiment undoubtedly arose from unofficial statements that the influx of business property in the section would result in a rise of residential taxes. This advance in assessment he declared to be erroneous.

The attorney told Commissioners that he knew several persons of means who are interested in Park Avenue property from a business standpoint, but who had no desire to invest until they were certain the City could afford it.

Representatives of the Florida State Chamber of Commerce are slated to be here Mar. 1 to organize Seminole County grapefruit growers into one unit, it was announced today.

The bi-monthly assembly of Sanford Lions is scheduled for 7 P. M. tomorrow in the Valera Hotel clubroom, according to an announcement today from Secretary Clarence Adams.

Mrs. Mary A. Ferguson, who succumbed Sunday in the home of a daughter at Carrabelle, had been a resident of Sanford from 1887 to 1936, according to word received here from a surviving daughter, Mrs. Lynn Kilbourn.

The deceased's original home was in the Catakil Mountains of New York where she was born in 1853. She was a member of the Congregational Church.

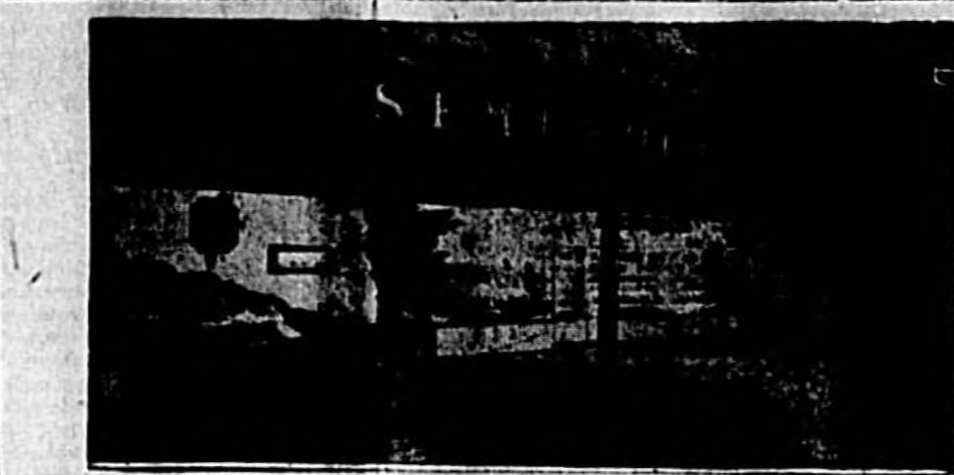

She and her husband, J. H. Ferguson, celebrated their 61st wedding anniversary on Sept. 1, 1936.

Surviving are the widower, two daughters, Mrs. Kilbourn of Carrabelle, and Mrs. C. F. Ordway of Ft. Pierce. Several grandchildren and great-grandchildren also survive.

The Florida Rail Commission will arrive here tomorrow to open a three-day session, according to Cliff Morris, manager of the Mayfair Hotel, where the assembly will be held.

Other than the commission, about 15 persons will attend the meetings, it was reported.

### SEMINOLE AT ORLANDO FAIR

Here's what the camera saw when aimed at the Seminole County displays in the Central Florida Exposition which closed Saturday in Orlando. This booth was visited by thousands who were more than visibly interested at the evidenced versatility of Seminole County soil.

### Gun-Totin' Minister Is Hailed Into City Court

Negro Tells Police He Is Preacher, But Judge Miller Slaps On Fine; Lottery Cases Heard

James Simmons, negro, who told police he was a minister, was fined \$50 or given 90 days in jail by Municipal Judge Frank Miller yesterday when arraigned on charges of carrying concealed weapons.

Simmons also drew a fine of \$5 or 10 days in prison for alleged drunkenness.

Duke Davis and Harry Garret, two negroes charged with selling lottery tickets, each were sentenced to 70 days in prison or ordered to pay \$35 fines.

Matthews Inman, black, booked for operating an automobile while under the influence of alcohol, drew his choice of paying a \$200 fine or spending 60 days in confinement.

Charges of keeping a house of ill repute filed against George Hagin, negro, resulted in a fine of \$25 or 60 days in jail. William Mallory, black, booked on the same charge, drew a \$10 fine or 30 days, the latter being suspended.

Disorderly conduct charges against defendants resulted in the following dispositions:

Curline Westley, negro, \$10 bond created; Charles Burke, negro, \$10 or 30 days; George Hudson, black, \$10 or 20 days; John B. Parkerson, white, contumacious; Sol King, negro, \$10 or 30 days; Willie Byrd, black, dismissed; Jerome Bostic, negro, \$25 or 90 days.

Drunkenness charges and disorderly conduct charges were also heard.

### Income Tax Forms Are Filed At Bank

John F. Baxter, of the Jacksonville branch of U. S. Internal Revenue Department, was located in the Sanford-Atlantic National Bank today to assist Sanfordites in compiling and filing income tax returns.

Mr. Baxter will be in the bank all day tomorrow, it was announced.

More than a score of localites took advantage of the opportunity this morning and in the afternoon to enter their 1937 tax returns.

### County Teachers Debate Question Of Promotion For School Children

Three Seminole County teachers debating the negative side of the question, "All Children Should Pass," defeated three other teachers last night in the featured part of the Seminole Teachers' Association monthly session in South Side Primary last night.

The negatives stressed the point that by passing a pupil who does not deserve advancement, there is danger of creating a attitude that he will go through life expiating something he does not merit.

### Police Ordered To Clear Away Traffic Menace

The City Commission last night issued instructions to the Police Department to "clean up" the problem caused by trucks parking on the streets in a certain section of the City's west end.

L. E. Tew's request was behind the action. He appeared before the Commission and told of the conditions existing, terming them an eyesore to the district and a possible menace, since to pass, a pedestrian many times is forced to walk in the center of the street.

Commissioners approved the payment of bills totaling approximately \$1,750, the amount expended to insure completion of improvements at Municipal Athletic Field before the opening of a base-ball school here March 1 and the arrival of the Chautauoga Look-outs on March 14 for spring training.

The Board officially heard that WPA funds, originally scheduled for the project, had been withdrawn for use in the flood area of Ohio Valley.

A letter from the Sanford Ministerial Association requesting some regulation for transient ministers operating under tents caused the Commission to instruct Attorney Fred Wilson to contact Lakeland City officials for a copy of an ordinance in effect there to govern such assemblies.

An allocation of \$50 was authorized for the Salvation Army who represents the City in handling indigent transients by providing them with a bed and one or two meals.

Discussions of the City's proposed bond refunding agreement brought out that less than 100 bonds, held by persons outside the Bondholders' Protective Committee, have not been found, consequently their owners could not be contacted for an opinion on the proposed refinancing.

### Soil Conservation Plan For 1937 Is Explained Locally

Operations of the 1937 Federal Soil Conservation plan was explained this afternoon in the Court House by three officials of the State Agricultural Department and one from the U. S. Department of Agriculture.

County Agent C. R. Dawson said several changes are to be made in the program this year over methods employed in 1936, one feature being increased payments for participation in the program.

He said that a different plan than one formerly used will be in effect as regards collection of work sheets, since the operative cost of the conservation plan will be deducted from the payments to growers.

Among those who were slated to attend this afternoon's meeting were H. G. Clayton, soil conservation head of Florida; and District Agents W. T. Neule and R. S. Dennis.

### Confidence Man Arrested Here In Swindle Try

Chief Williams Nabs Suspect In Alcove Of Local Hostelry

A man identified as John Francis was held in City Jail today, booked for investigation in connection with an alleged attempt to swindle a winner visitor out of \$15,000.

Police Chief Roy Williams cornered Francis late last night in an alcove of a local hotel as the suspected confidence man was making desperate efforts to escape.

Dumped on Chief Williams' Desk today were the tools by which Francis was supposed to have worked. They included a "bond" for \$100,000 issued by a probably non-existent racing association.

The contents of his baggage and pockets also included several thick bundles of newspapers cut to the size of bank notes and padded on either side with one real piece of currency.

There were telegrams, written in code, from associates; explanations of the code; "lucky" pieces of coins; letters of "recommendation" and other communications; "betray his trust" and give tips on races outside his own circle.

There were other letters, from "friends" who were "racing commissioners," giving Francis the "tip off" that he was soon to be "in the money."

### Sanford DeMolays Install Chapter For Winter Park

Members of the Sanford DeMolay Chapter tonight will play a featured part in the installation of the order's chapter in Winter Park, according to a schedule adopted here in a Monday night session.

Prof. G. E. McKay and Prof. R. E. Kipp will head the delegation of local youths slated to take part in the ceremonies, LeLand McClelland, master councillor, will direct rites in which the DeMolay degree will be conferred on those becoming charter members of the new unit. George Stovall, past master councillor, will assist.

Prof. Rodman Lehman, formerly of Sanford but now a resident of Winter Park, has charge of arrangements for the evening.

Local Masons, sponsors of the DeMolay, pointed out that the juniors accepted with enthusiasm the honor of being chosen to initiate the Winter Park chapter.

### Fire Control Unit For Hospital Voted By Governing Unit

The Executive Committee of the Fernald-Laughton Memorial Hospital yesterday afternoon voted the installation of a complete, automatic sprinkler for fire control.

J. V. Borum, of the Sureline Fire Protection Company, attended the Committee session and was awarded the contract for \$368 to place the equipment. It is to be in operation within two weeks.

Committeemen instructed Architect J. Elton Moughton to prepare an estimate for painting the outside of the hospital and nurses' home, and to lay out proposed costs of hospital repairs needed immediately.

Board President T. W. Lawton reported 22 patients in the institution, of which all facilities are at full quota.

### Expresses Regret At Being Forced To Retire From Public Office Here

### Held Local Post For Two Years

Commissioner Named Secretary-Manager Of Sales Unit

By PAT PATTERSON  
Perry N. Whitehurst resigned today from the City Commission.

Recently named secretary-manager of the Sowers Melon Growers' Association at Adel, Ga., Mr. Whitehurst said adequate attention to his professional duties "will of necessity require my full time."

"It is with the keenest regret that I tender you herewith my resignation as a member of your honorable body of City Commissioners," he wrote Mayor Edward Higgins.

He has been a pleasure, indeed, to have had the honor and privilege of working with you and other members of the City Commission during these past several months.

Mr. Whitehurst's first venture in politics was his entry in the City elections of two years ago. He was chosen a member of the Commission.

For several months there have been indications that he would tender his resignation, since his elevation to one of the most important posts of the Melon Growers' Association required more and more of his time.

In declaring his regret for resigning, he also pointed out that he "had no other alternative."

The Association with which Mr. Whitehurst is affiliated was organized in 1920 and is described as being one of the oldest co-operative associations handling watermelons exclusively.

### Opponents Gaining In Straw Poll On Change In Court

Increasing disfavor of President Roosevelt's proposed Supreme Court revision plan was evidenced here today when a straw poll showed nearly eight to one against the change.

At noon yesterday the figure was slightly above five to one, with the majority against the President.

The vote today had widened its scope to include the votes of several young persons who showed interest enough to send in a marked coupon which has been appearing on the newspaper's front page for the past three issues.

In every case, the young voters were against Mr. Roosevelt's plan.

While the straw ballot will be reproduced here no longer, those wishing to vote, and have not done so may call at The Herald office and they will be given an unmarked ticket.

Further evidence of the... The federal government... states is shown by the efforts now being made in Congress to secure the enactment by this session of various anti-lynching bills. More than forty different measures designed for the alleged purpose of preventing lynchings, or to punish a county or state in which a lynching had occurred, and bringing the punishment for lynching under the federal government, have already been introduced.

All of these bills differ in their details from one another but in general they all have as their main object the transferring of the responsibility for dealing with this problem from the local community to federal authorities. And in most of them there is provided that in the event of a lynching in a given county, that county shall pay a fine of \$10,000 (or a slightly larger or smaller sum, depending upon the particular bill) to the federal government.

Of course anything of this nature is strictly unconstitutional. The federal government has no more right to fine a county, than the county has to fine the federal government. Under our Constitution the powers of the state are as important as those of the federal government. The federal government possesses powers as expressly delegated to it by the states; all other powers are reserved to the states or to the people. The problem of dealing with lynchings is strictly a local function.

But whether or not a law is constitutional is the concern of those New Dealers in Congress who are using this delegated basic law of the land to the extent as far as their particular legislative whims are concerned. Strive to uphold the Constitution, they not only say, but seek to destroy it. And if the Supreme Court is packed with men of similar ilk, their efforts will succeed.

Since this is a very grave possibility, it should be interesting to us to consider how this "anti-lynching bill" will work if it becomes a law. Would it be a good law if it were constitutional? Would it really serve to retard lynching? Would it increase respect for the law or would it promote lawlessness? What would be the economic effect of it and what additional burdens would it likely place on the taxpayers?

In the first place we do not believe it is a good law because it is not fair. It deals only with so-called "lynchings" a problem peculiar to the South. It does not prohibit gangland killings, putting a district attorney on the spot, kidnaping, or any of the crimes commonly identified with our northern cities. If a mob of Southern white men takes a wretched negro out and strings him up, that is a "lynching" under the terms of this law; but if a Chicago gang mows down a row of rival racketeers with machine guns, that's still purely a local problem.

## Gary Cooper says:

"It's plain common sense for me to prefer this light smoke"

"A little over a year ago I changed to Luckies because I enjoy the flavor of their tobacco. Ever since, my throat has been in fine shape. As my voice and throat mean so much to me in my business, it's plain common sense for me to prefer this light smoke. So I'm strong for Luckies!"

*Gary Cooper*

IN PARAMOUNT'S "THE BLAINE MAN" DIRECTED BY CECIL B. DE MILLE

An independent survey was made recently among professional men and women—lawyers, doctors, lecturers, scientists, etc. Of those who said they smoke cigarettes, more than 67% stated they personally prefer a light smoke.

Mr. Cooper verifies the wisdom of this preference, and so do other leading artists of the radio, stage, screen and opera. Their voices are their business. That's why so many of them smoke Luckies. You, too, can have the throat protection of Luckies—a light smoke, free of certain harsh irritants removed by the exclusive process "It's Toasted". Luckies are gentle on the throat.

Gov. Cane has gone to Miami to see the races. In fact, he says, he went to look over the whole situation down there. Sanford said, Well, he may have been away when he came down here but he found Widener. Miami just in widening him, we hope to get an eye-opener.

Gov. Cane has ordered Sheriff Chabman of Dade county to close up the gambling joints, or else. "We don't want them," Sanford said. "Cane will appoint Dan Chabman sheriff in his place. It will be recalled that the present sheriff was appointed to take Chabman's place when the latter was removed by Gov. Shatta for setting up the joints a few years ago."

Warning that foreign governments are now preparing to persuade America to finance and fight their next war, John Erskine declares such action by the United States would probably result in a revolution at home. In an article entitled "To Hell With These Debt-Settling Foreigners," appearing in the current Liberty magazine, the noted author writes, "... the most pacific of us would defend our land from invasion, but the administration which tried to send American troops abroad again would probably have a rebellion on its hands."

A delegation representing the British Parliament will soon visit this country, Mr. Erskine says, ostensibly to discuss settlement of the war debt. The real reason, he says, is "to tour our country, lecture us on our duty to Europe, and get us into the next war. But if foreign governments would pay their debts; or sincerely wished to, there would be need of no unofficial mission to prepare the American mind—unless they fear we might faint with surprise. If defaulting nations now talk of paying, it's because they contemplate another war and could use our resources and men."

Erskine indicates he would like to see Americans prepared to greet their foreign visitors with a lusty, "Go to Hell!" "If they think they can wheedle out of us another gift of money, of man power, they must take us for fools," he says. "If we permit them to discuss the debts without paying, and by that trick are cajoled into giving them what they want, we are even bigger fools than they think."

## Confidence Man Arrested Here In Swindle Try

(Continued from page one) dismissed from his position on the "commission" and advising him to "make hay while the sun shines."  
These communications, Chief Williams said, were showed to prospective victims as an inducement to "bet on sure-thing" horse races.  
Mr. Williams said Francis contacted his prospective victim at the City shuffleboard courts here. Three days of association followed, then the City Zoo was chosen for the "somebody-lost-a-pocketbook" trick.  
In this operation, the chief said, the confidence man "finds a planted pocketbook in which is the address of a man in a town nearby. The "finder" contacts the "loser" and the latter restitutes with "sure fire tips" on horse races,

since he is a "racing connoisseur."  
After an extensive display of money and several apparent "wins," the proposed victim finally puts up his money. But the last he sees of the cash and generally the last of his "benefactor."

"I like Beech-Nut Drip Grind best!"

"I prefer the Steel Cut for a percolator!"

"I boil Beech-Nut in a coffee pot!"

Which side do you take?

No matter which method of brewing you prefer, you get better results with the right grind of Beech-Nut coffee.

GOOD news to coffee lovers! Beech-Nut coffee is ground two ways. Steel Cut for percolator or coffee pot. Drip Grind for use in sifter or other drip device.

Another thing. The Beech-Nut grind is always uniform, not a little finer one time and a little coarser the next. That means you can always be sure of exactly the same results from your brew... at a reasonable price.

# Colery Feds Prepare For Conference Play Opening Friday Night

**Local Draw Bye For First Round; Will Meet Landon Line In Second Round**

**Local Favorites To Take Honors**

**McLuca Strives To Find Combination Which Will Click**

Capt. Leonard McLuca and his proteges were hard at work this afternoon in preparation for their opening contest in the conference tournament which gets under way Friday afternoon.

Having completed their 20-game card with a record of 15 victories and five setbacks, the Colery Feds have put the past on their minds and are concentrating on a last attack while they have will send them to great heights in the tournament.

The locals were fortunate in drawing a bye in the first round of play and will step into the second round, meeting the Landon Line at 7:30 o'clock Friday evening at the Tanager High School court where all the games will take place. The Landon, twice victims of the locals' attack, will fight to the last stitch to cop the all important contest which will not only give them a taste of revenge but also sends the winner into the semi-final round, meeting the winner of the St. Augustine-Lansburg fracas which is scheduled to take place at 8 o'clock this afternoon.

The semi-final game in the lower bracket will take place at 10 o'clock Saturday morning with the final game for the conference crown set for 3 o'clock Saturday evening.

Duquesne Beach and Lake City open the journey at 2 o'clock Friday afternoon with Deland and Leon of Tallahassee clashing in another first-round affair at 3 o'clock. The winner of the first contest will clash with Palatka at 5:30 that evening while the winner of the lower two contests will battle it out in the semi-final game of the upper bracket at 9 o'clock Saturday morning.

If past performances have any meaning, the local outfit should come through with honors although the fact that the Feds hold in hand one victory over all teams entered with the exception of Lake City, Leon and Palatka,

# Speedy Event Wins Again In Longwood Feature Race

**Lizzie Tactician And Young Dogs Dominate Feature Race At Kennel Club Track**

Taking command from the start when he broke fast out of the two box Speedy Event held his position safe all the way to cop honors in the featured futurity on the Longwood track of the Sanford-Orlando Kennel Club last night.

Lizzie Tactician, in close pursuit, could not threaten, finishing second while Ann Hope, one of the pre-race favorites, came with a late rush but was too far back. Invoated to a 5-16 mile course, the fast female, need for her speedy finishing over such a course, could not time herself to begin her home rush earlier, finishing third.

Miss Lola Myers and Black Blazer formed the winning daily double combination.

# Eckersons Are Victorious Over Lake-Riser Cleaners

**Canners Win In Loop Battle Last Night By Score Of 29-16**

Getting off to a slow start which enabled the opposition to garner a two-point lead in the early minutes of their contest, the Eckerson Cannets gradually returned to their old form to top the Lake-Riser Cleaners by a 29-16 count in a City League fracas which took place on the Seminole High school court last night.

The Cannets soon moved up to even terms with the Cleaners and then stepped to the fore, leading 9-4 at the end of the quarter and 17-7 at half time. The count at the end of the third period was 21-11 in the Cannets' favor.

Eckerson and Whiddon led the garnering a total of 14 points by tallying seven times from the field while Whiddon scored 10 points by means of five field goals.

Evans and Torrance with four and six points respectively, were high scorers for the losers.

The Longwood entry which was to have replaced Lake Mary failed to put in an appearance, forfeiting to their scheduled opponents, the St. Johns River Line.

The lineup of the contest played follows:

# VISUAL NEWS of the WORLD IN PICTURES

## YOUTH CONGRESS 'SHOOED' FROM WHITE HOUSE 'SIT-DOWN'

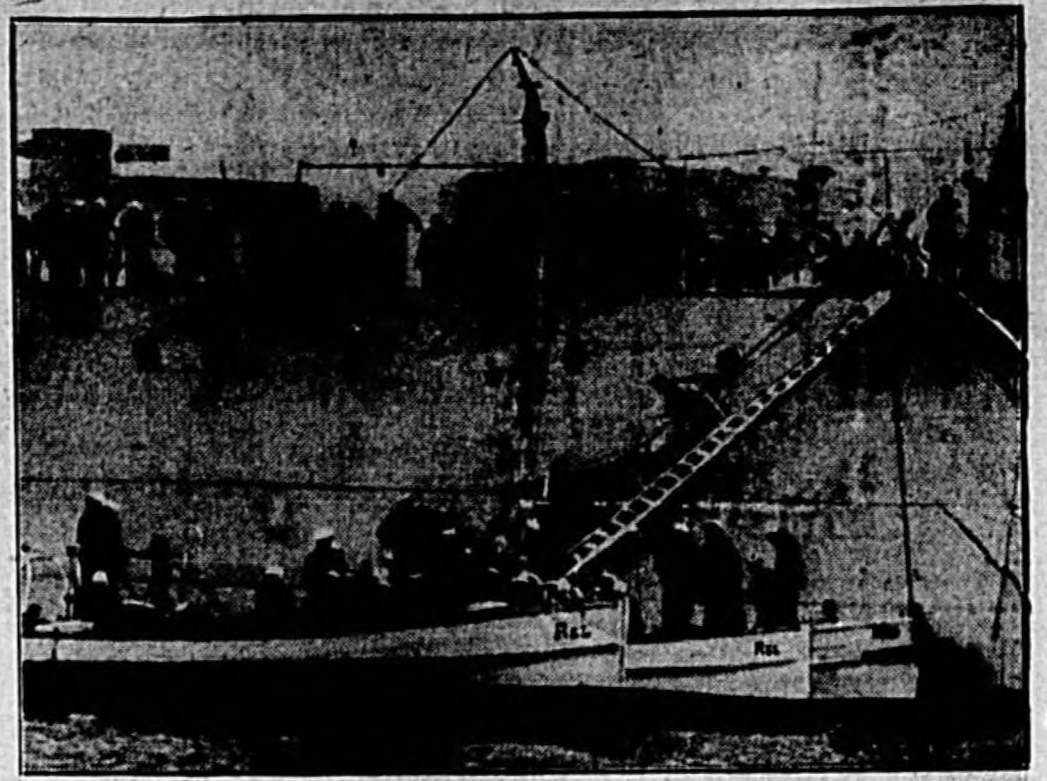

"Sit-down" strikes by members of the American Youth Congress in front of the White House at Washington came to an abrupt end when they were "shooed" away about 2,500 others. The youngsters were demonstrating in behalf of a bill pending in Congress to provide \$500,000,000 for work and schooling of young people. The demonstrators—originally, to say the least—were shown parading to the White House. The group on left, dressed in typical convict fashion, came from Nebraska. Another group (right) was dressed as convicts and carried a banner that read: "We never had jobs." (Associated Press Photos)

## Florida Considers the New York World's Fair of 1939

NEW YORK (Special)—Florida's participation in the New York World's Fair of 1939 was given consideration today at a conference at Fair Headquarters in the Empire State Building. The State was represented by Earl W. Brown, vice-president and manager of the Florida National Exhibits Company of Deland, Fla., who is shown at the right in the picture above. Commander Howard A. Flanigan, administrative assistant to the president, Grover Whalen, was spokesman for the Fair. Mr. Brown inspected Fair Headquarters and said he was thrilled by the models, sketches, architectural drawings and plans for various sections of the Fair as exhibited to him. Mr. Brown said he would report to his associates in Florida and to Governor Cane and that he was confident his State would arrange a creditable exhibit for the New York World's Fair.

## MARY ASTOR WEDS AGAIN—HONEYMOONS ALONE

Mary Astor, the film actress who engaged her former husband, Dr. Franklyn Thorpe, in a sensational court fight for custody of their small daughter at Los Angeles last year, is a bride again. As first she denied it but later admitted she slept to Yvonne Ariz, and was married to Manuel Del Campo, young Latin American insurance salesman of Mexico City. Mary is shown (left) upon her return to Hollywood where she is spending her honeymoon alone. They are seen (right) at a dinner she gave in Hollywood shortly before the separation. ## AUTHOR ATTENDS PARTY

Margaret Mitchell of Atlanta, author of "Gone With The Wind," is shown in her first public appearance since her celebrated novel became a best-seller. The occasion was the annual Golden Dinner of the Georgia Press Institute at Athens. In keeping with the dinner's prevailing spirit of fun, she is delivering a mustache cup to J. P. Miller, managing editor of the Savannah Morning News. (Associated Press Photo)

Pickets Awaiting Shoe Shop Calls In Massachusetts

Labor Rows Responsible For More Strikes And Sit-downs In Nation

Leather Workers Reach Agreement

State Troopers Eject Laborers At Electric Boat Works

By The Associated Press Pickets awaited calls to shoe plants in a great Massachusetts manufacturing center today as labor rows brought numerous new walk-outs or "sit-downs" in communities from coast to coast.

A quick agreement, however, to demands of the United Shoe and Leather Workers Union for a 15 percent wage increase by more than a score of New England shoe manufacturers moved Organizer William B. Mahan to assert "I think we have already won this strike."

A 24-hour picket detail replaced sit-downers at the Electric Boat Company at Groton Conn., from which strikers were ejected yesterday by State troopers.

Like the Douglas Aircraft Company at Santa Monica, Calif., whose plant continued to be occupied by sit-downers, the boat firm has big Government contracts.

In other sectors, in a strike-cloaked watch case plant at Elgin, Ill., disaffection in union ranks of recently-striking glass workers flared and United Mine Workers wage negotiations were submitted to a subcommittee of operators and miners, and the motor industry had a new Union request to consider.

Still engaged in discussions to wind up its recent dispute with General Motors, the United Automobile Workers sent Walter Chrysler, president of the automobile firm bearing his name, a request for "national conference" looking toward a collective bargaining agreement.

Daytona - DeLand Highway Is Out, Officials Assert

The new Daytona Beach-DeLand highway, of great interest to Seminole County residents, is definitely "out" this year, according to information originating in the State Road Department headquarters at Tallahassee.

However, there were indications that the project may be included in the expenditures of the Department in 1938.

Heard about five or six months before Dave Sholten went out of office, State workers cut several miles of right-of-way and accomplished some grading. Operations were stopped by Gov. Cone who said no provision was made to care for new road construction.

Formal Opening Of Sanlando Springs Scheduled Saturday

The 1937 swimming season at Sanlando Springs will be opened formally Saturday afternoon, according to press releases received here today.

The Junior Welfare Association of Orlando will have charge of activities during the day, sponsoring what is said to be one of the outstanding social events of the year.

Home Improvement Specialist To Visit

Advance Guard Of Chattanooga Ball Club Here

Head Of Farm System Takes Quarters In Mayfair Hotel

The advance guard of Chattanooga's Lookouts had arrived here today and established themselves in spring headquarters at the Mayfair Hotel.

Leading the arrivals was Joe Engle, supervisor of the Washington-Chattanooga baseball farming system, who will play one of the leading roles in the diamond school opening here March 1.

Others at the Mayfair are Jimmy Hamilton, vice-president of the Nashville Vols, a Southern League team. Those expected within a few days are Clyde Milan, manager of the Lookouts; Davis Sanlin, team secretary; Dr. Lee Jensen, club physician; and Freddie Sington, Washington outfielder.

Zinn Beck, veteran scout and coach of the Chattanooga outfit is quartering himself in Orlando and probably will remain there until the full team arrives here.

Engle and Beck are rushing plans for the diamond school's opening and expect to watch nearly 400 youngsters and rookies parade their baseball abilities before the eyes of veterans whose nod may mean a fortune for some unknown.

However, the same ghost that has plagued the school since its prospective membership soared beyond 300 was still sticking close today.

That spark is the lack of accommodations for students. Considerably perturbed over the prospect of asking some of the baseball hopefuls to sleep under the canopy of heaven, the Chamber of Commerce redoubled its efforts to provide rooms and board for the students.

At noon today the need existed for at least 30 rooms. Chamber officials called again on localities to assist them.

Those who have a spare room are urged to register at the Chamber.

DeCottes Elected Again As President Of Bar Association

George W. DeCottes was re-elected president and S. J. Nix named again as secretary of the Seminole County Bar Association when the organization met in the Valdez Hotel for a discussion of proposed legislation and election of officers.

Attorneys talked over the suggested new criminal code for the State explaining later that these measures would resump the present code in some degree and establish new points in other ways.

Three more subjects which held the spotlight were (1) the intangible tax law, (2) the mechanics lien law and (3) the unification of the bar.

Railway Commission Prepares For 3-Day Session In Hotel

Members of the Florida State Railway Commission were arriving here this afternoon for a three-day conclave in the Mayfair Hotel.

Those expected to attend are W. B. Douglas of Lake City, Eugene Matthews of Tallahassee, and Secretary George L. Patton also of Tallahassee.

Deputy Commissioners planning to be here are J. L. Cheek and Ham Dowling of Jacksonville, C. C. Corcoran of Tampa, W. C. Lockhart of Haines City, J. L. Travis of Ocala, Thomas King of Pensacola, Wilkins Linhart of Tallahassee, El Hamil of Sanford, W. P. Simmons and Everett Clements of Miami.

Louis G. Thompson of the Interstate Commerce Commission, also is expected to sit in on the session opening tomorrow.

Housing Plan Recommended To Congress

Legislation Would Allocate One Billion For Low Rent Dwellings

WASHINGTON, Feb. 24.—(AP)—Two Democratic leaders asked Congress today to set up a \$1,000,000,000 low rent housing and slum clearance program.

Introducing the bill to authorize Federal loans and grants to local authorities to aid in housing families of small incomes, Senator Wagner, Democrat, N. Y. and Representative Steagall, Democrat, Ala., declared they had the endorsement of "many sectors of the Federal Government."

Author of the measure would create a new United States Housing Authority under which they said the President could gather "the scattered organizations now empowered to engage in housing."

They believed Federal funds recommended would bring out \$500,000,000 of Non-Federal loans. They figured 375,000 family dwelling units requiring about \$1,000 each could be provided.

Coincident In Name And Place Is Misleading

John Francis, arrested here yesterday in connection with alleged confidence activities, is not to be confused with the two Francises, who have advanced shuffleboard interests here, City officials said today.

An unnoted coincidence in yesterday's Herald—that Francis, the alleged confidence man, began his operations at the local shuffleboard courts—could have been interpreted to mean the "con" man was one of the two civic-minded Francises.

City officials said they were too appreciative of the work done by the shuffleboard Francises in promoting recreation to allow these two men to become confused with a confidence man's operation.

Local Shufflers Defeat Mt. Dora In Afternoon Match

Sanford shuffleboarders yesterday afternoon won 11 out of 18 games from the Mt. Dora side pushers and were prepared to meet New Smyrna here at 2:30 P. M. Friday on the municipal courts near the Fire Station.

Other games on the home schedule include a match with Frosty there, Saturday and Orlando here on Mar. 6.

L. W. Francis captain of the local outfit reported that the games of contestants have improved considerably since the city constructed three new courts and repaired three old ones.

Tourists and local citizens are invited to use the recreational facilities by joining the Sanford Shuffleboard Club.

Eva Jessye Choir Will Appear Here

Eva Jessye's negro choir, an all-American ensemble, will appear at Crooms Academy at 8 P. M. March 3, according to advices received here today.

Music critics throughout the United States have acclaimed the group.

White persons are invited to attend the performance, and a special section will be reserved for such patrons.

Hastings Potatoes Ready To Move In March, Scott Says

First carloads of Hastings district potatoes will be ready to move to market during the final days of February, or early March, if pending upon marketing conditions, W. M. Scott, responsible chief for American Fruit Growers, reported here. The Hastings (Sanford) Florida potato crop has moved rapidly and uniformly this year, he said.

From the Federal Point district the potatoes should start going to the markets by at least March 1, while the movement of tubers will become quite general around Hastings in April, Mr. Hastings said.

Most of the Hastings potatoes are of the Spaulding Rose variety. There are also very few Bliss Triumphs and a fairly large block of Katahdins.

Mrs. Fred Forward Awarded 13 Firsts For Citrus Exhibit

Thirteen first awards and five second places were captured by the entries of Mrs. Fred Forward, Forest City, in the domestic science department exhibits of the Central Florida Exposition in Orlando last week. Miss Josephine Boydston, County home demonstration agent, said today.

The displays were entered by Mrs. Forward independently, and the home demonstration unit of the County had no knowledge of the move.

Citrus preserves, citrus jellies, marmalades and other home products took the high awards. Mrs. Forward also loaned some of her products to the home demonstration exhibit.

Sentiment Rises Against Change Commission Will Make Plans For High Court City Election

Seminole County Now Call Localities To Replace Commissioner Whitehurst

Like a Picante atmosphere throughout Sanford public opinion continued to rise today against President Roosevelt's proposal to rearrange the Supreme Court by adding six new members to the nine justices already on the bench.

A final tabulation of all votes that had been submitted by noon today showed 109 positions against the plan, while 11 were in favor of it.

The straw poll conducted by The Herald through the courtesy of Newspaper Enterprise Association facilities showed the voters in this section to be 10 to 1 against the suggested change.

An analysis of the ballots revealed a startling amount of interest being displayed by women. About 40 percent of the votes cast against the President's proposal were sent in by women.

Although the number of ballots was exceedingly small, there were 21 percent of the women. Several of the anti-voters among the women are high school girls and some graduated only recently.

Few voters desired to express their written sentiment beyond marking the "X" in the parenthetical alongside the question, although many who personally brought their ballots to The Herald office were willing to comment and explain their final decision on the way they voted.

A majority of the anti-change ballots were inclined to believe that a packed Supreme Court would make the body nothing more than a puppet for the executive.

The greater part of those favoring the plan seemed to hold the idea that a Supreme Court judge had no business on the highest bench if he were inclined to let political issues run. They believed that the President recognizes that fact.

Seminole Receives First Consignment Of Racing Revenue

A check from Comptroller J. M. Lee for \$8,858.18 was received today by D. P. Herndon, clerk of the Circuit Court, representing Seminole County's share in the first distribution of Florida race track revenues.

This County, according to estimates by State officials, is slated to receive more than \$15,000 from racing enterprises in 1937. Each county in Florida shares alike in distribution of the fund.

Mr. Herndon said the Seminole County budget for the year had provided for the expenditure of \$15,000 of the collections.

Army Headquarters For Campaign Named

Kanner's Store at 109 East First Street was chosen today as headquarters for the Salvation Army campaign for 1937 operating fund, Capt. Fred Foren, commandant here, reported.

Recalling that the drive is billed to begin Mar. 16, he said it is hoped to clean up the major part of the work within two days and clean up the ragged edges in the two following days.

Judge James G. Sharon is chairman of the campaign and Fred R. Wilson is vice-chairman.

Sanford Kiwanians Hear Davis Score High Court Change

Judge E. W. Davis of Orlando today opposed President Roosevelt's plan to increase the Supreme Court and set forth his arguments before the weekly luncheon session of Sanford Kiwanians at the Valdez Hotel.

Among the outstanding points against the Court proposal Judge Davis brought out was one that the added members were unnecessary. He backed his statement with statistics and facts.

Kiwanians announced the other side of the question will be heard next Wednesday, although the speaker was not named.

A meeting of all delegates and committee chairmen was called for Mar. 1 in the home of President Howard Long.

Visitors today were Dr. W. W. Williams of Jacksonville, Dr. W. P. Hood, City Commissioner Billy Griffin, both of Sanford, M. H. Goodson of Orlando, and State Representative Gordon Barrett of Fern Park.

Five Crew Members Of English Ship Injured As Shell Hits Quarterdeck

Franco Says Red Soldiers Routed

Defenders Of Madrid Hold Large Part Of Strategic Hill

By The Associated Press Spanish insurgents reported that 2,500 Government attackers were slain at Oviedo today while other Government forces "fired of the defensive" pushed a widespread offensive operations.

At London, the admiralty reported five members of the crew of the British battleship Royal Oak had been injured when a shell burst on the quarterdeck during an insurgent air bombardment of Valencia yesterday.

Conflicting reports were received on the fighting at Oviedo. Dispatches from Bayona to the Franco-Spanish frontier said Government infantrymen battled their way to the center of the city. But General Francisco Franco's high insurgent command reported a rout of Oviedo Government troops and termed it the "most crushing defeat of the week."

The Government has been besieging Oviedo near the Bay of Biscay for months. There has been intensive fighting in the very streets of the City for four (Continued On Page Two)

Committees Named For Conclave Of Woodmen's Circle

More than 100 members from Woodmen Circle Graces in this district will open a district convention here Friday at 2 P. M. at Woodman Hall, it was announced today. A Mayfair Hotel dinner is slated for 6:30 P. M. and a dance in the Hall at 10 P. M.
