In Unity There Is Strength—
To Protect the Peace of the World;
To Promote the Progress of America,
To Produce Prosperity for Sanford.

The Sanford Herald

AN INDEPENDENT DAILY NEWSPAPER

VOLUME XXXII Established 1908 SANFORD, FLORIDA FRIDAY, JAN. 26, 1951 Associated Press Licensed Wire No. 112

THE WEATHER
Fair and continued cold this afternoon and tonight. Frost tonight except in southeast and extreme south coast. Rising temperatures beginning late tonight with fair and warmer Saturday.

Committee Named To Consider Plans In Hospital Crisis

County Stymied For At Least 6 Months On Issue Of Bonds; Fish Trustee Heard

Nearly 200 representative citizens of Sanford and Seminole County met this morning at the Court House to consider the crisis created by the Navy order that the Fernald-Laughton Memorial Hospital be vacated from the Sanford Naval Station, and voted that a seven man committee be appointed to act on the matter to aid in planning temporary hospital quarters and assist the Best Fish Estate in its plan to build a new hospital here.

Formation of the committee was first suggested by County Commissioner H. B. Pope and was brought in a motion by Karlisle Housholder, local attorney and commander of the Sanford Post of the American Legion. It was seconded by the Rev. J. E. McKinley, pastor of the First Methodist Church.

Members of the Hospital Emergency Committee appointed are: Ed Whitley, acting chairman, Rev. J. E. McKinley, F. Boyle, G. W. Spencer, W. H. Strem, William Kirk and J. Bralley Odham. Serving in an advisory capacity will be Roy Heller, Dr. C. L. Park and Dr. Orville Barkis.

Acting on the suggestion of Karlisle Housholder, F. McClelland, chairman of the County Commission, who had called the meeting today, appointed two members to the committee, the Rev. McKinley and Strem. Boyle. The City was asked to name two members, the Hospital Association, two and the Chamber of Commerce one.

Mayor Fred Dixon appointed Mr. Spencer, local attorney, whose suggestion of the City Commission meeting Monday night had resulted in the calling of the meeting today, and City Commissioner Strem.

Mr. Tucker, president of the Fernald-Laughton Hospital Association appointed as his two committee members, William F. Kirk of Kirk Motors Co. and J. Bralley Odham, president of the Sanford Chamber of Commerce.

H. James Gut, president of the Seminole County Chamber of Commerce, appointed Ed Whitley, manager, as the Chamber's representative.

Mr. Whitley, named as head of the Hospital Emergency Committee, conferred, immediately with Mr. Tucker concerning a meeting and it was agreed to have a luncheon at the Hotel, in which the new members will confer with the Hospital representatives. Roy Heller, advisor to the Association, and Dr. C. L. Park and Dr. Orville Barkis of the County Medical Association will be invited in an advisory capacity.

Representing the Best Fish testamentary trust at the meeting was James H. Holland, local manager of the estate. Mr. Holland pointed out that the Fish Estate had purchased a site here at Mellonville Avenue and First Street for the erection of a \$700,000 hospital, but he expressed the opinion that this could not be accomplished inside of 18 months or two years. He estimated that plans alone would take six months to formulate.

French Seek To Organize United Army

All Western Nations Would Be Joined Under One Head; Germans To Attend

PARIS, Jan. 26—(AP)—France made an historic move today to muster the soldiers of Europe, who have spilled each other's blood for centuries, into one army, under one commander, arrayed against one enemy—Communism.

Her dramatic proposal went out in the form of invitations to 11 governments to meet here to talk it over Feb. 6. It is the latest effort in Europe to end the petty rivalries and centuries old distrusts which have kept the western world from getting ready to fend off a possible attack from the East.

The first invitation—was that to the Federal Republic of West Germany. Germans, historic enemies of France, who have invaded this nation three times in three generations, are quoted as being anxious to heal the wounds they have caused to the French and to put on the same boots, helmets and insignia as their European neighbors. A West German government source in Bonn said the Germans were certain to accept the invitation.

Canada and the United States have been asked to send observers. The French plan: 1. There would be a single European Defense Minister, a civilian of international status, to handle the recruitment, training and equipping of the single European army.

2. There would be a single general staff of officers to command it. 3. Nations with overseas territories, such as the French in Indo-China and North Africa, the British in Malaya and elsewhere, would retain their individual overseas forces for police or military duty there.

4. Internal security police would be outside the European army control for such duties as riot prevention, regulation of traffic and control of public order, and for use as service forces if strikes threaten vital communications.

The European army's first chore would be to make ardent strength of land, sea, and air available to General Dwight D. Eisenhower's Atlantic Pact Army. Eisenhower already has started forming his Supreme Headquarters Allied Powers in Europe (SHAPE) to throw an armed barrier across Europe from the Baltic to the Balkans.

The French scheme, sometimes called the "Pleven Plan" for Premier Rene Pleven in no way cuts off the Atlantic Pact plan, (continued on Page Two)

Suwon Is Recaptured By UN Force As Chinese Reds Refuse To Fight; Wage Freeze Coming Despite Unions

Johnston Prepares To Slap On Controls Without Approval Of Nine Man Board

WASHINGTON, Jan. 26—(AP)—Economic boss Eric Johnston today prepared to issue a blanket wage control order on his own, for lack of union labor agreement to a freeze action by the Wage Stabilization Board.

The announcement, coupled with a price freeze and rollback, could come late today but mechanical problems are very likely to delay it until Saturday.

Informed officials said Johnston has virtually abandoned hope that the nine-man wage board of Johnston's Economic Stabilization Agency—made up of three members each representing labor, management and the public—can get unanimous agreement.

The vote now stands 6 to 3, with the public and industry members ready to act and labor holding off. Cyrus E. Ching, wage board chairman so far has declined to issue the order without unanimous agreement.

Johnston conferred with Ching this morning. Neither official gave reports any clue to the conversation. But from other quarters it was learned that the labor members of the board seemed adamant, apparently on instructions from their organizations.

It was indicated that the unions felt it would be unwise strategy, from the standpoint of long range policy, to put the seal of approval of AFL, CIO and other organized labor on a freeze. They (continued on Page Two)

Canadian Offers Compromise Plan For Korean Peace

Withdrawal Of Non-Korean Elements Is New Proposal

LAKE SUCCESS, Jan. 26—(AP)—Canada offered a six-point compromise Korean peace plan to the United Nations Political Committee today. Altering some details of a 12-nation Arab-Asian proposal, it calls for a conference here or in New Delhi within a week to talk about a cease-fire as a preliminary to other peace steps.

Lester B. Pearson, Canadian External (Foreign) Affairs Minister, said his program would be a conclusive test of the real intentions of the Communist Chinese Government in Peiping.

He proposed that the Political Committee give the Communist Chinese 48 hours to answer whether it would take part in the conference. He did not present a formal resolution.

The Canadian plan differed from the Arab-Asian resolution in specifying that a cease-fire must precede any other discussion, and in putting a time limit on negotiations. It also made plain that withdrawal of all non-Korean armed forces from Korea should include all Chinese.

But prolonged argument on priority of the Arab-Asian proposal or altered versions, and on the U. S. demand for a broad Communist China as an aggressor in Korea threatened to delay a vote until the weekend.

Shri Honnag N. Rau, of India, chief spokesman for the Arab-Asian group, said his resolution acted on first. He argued yesterday that a reported link in hostilities on the Korean front should be seized by the U. N. as a peace-making opportunity.

New Zealand's Sir Carl Bernadine was emphatically caustic in demanding that Red China should be named outright and quickly as an aggressor but he supported the British viewpoint that the U. N. should go slow on invoking sanctions.

Frost Is Forecast For Sanford Area Saturday Morning

LAKELAND, Jan. 26—(AP)—Frost no far south as the Everglades and lower east coast districts of peninsula Florida tomorrow morning but rising temperatures thereafter will forecast today by the Federal State Frost Warning Service.

The forecast: Tonight and Saturday morning: clear and cold. Light winds with periods of calm. High ground about eight degrees warmer than low ground. Lowest temperatures in low ground locations will occur between 1 A. M. and 3 A. M. Saturday with slowly rising tendency thereafter.

Gainesville district: 27 to 31 degrees with frost. Upper east coast district: 28 to 32 degrees with frost. Orlando and north portion of Brooksville district: 30 to 34 degrees with frost; pockets 28.

South portion of Brooksville district: Ridge and Hartow districts: 31 to 35 degrees with frost, pockets 28.

West coast district: temperatures ranging from 31 at Ebers and 33 at Ellenton to 35 degrees at Inna with scattered frost; pockets 28 degrees.

Indian River district: 31 to 35 degrees and scattered frost. Everglades district: 31 to 36 degrees with scattered light frost. Lower east coast district: 36 to 40 degrees with scattered light frost away from coast.

Palmdale: fair and warmer. (continued on Page Two)

Joint Civic Club Meet Addressed By Dr. Harrison

U. S. Cannot Save Poorer Countries With Apple Pies

"You cannot raise the standard of living in the underdeveloped areas of the world merely by sending them apple pies," said Dr. Paul Harrison, of Berea College, Berea, Ky. Chairman of Missionary speakers at the joint civic club luncheon today at the First Presbyterian Church. Chautauity is the most important element in trying to lift up impoverished people.

Introduced by Rev. A. G. McInnis as "a successful physician, a successful missionary and an ambassador of Christ," Dr. Harrison spoke on "The Contribution We Can Make to Backward Nations," and he pointed out that the peoples of all other nations look upon us of the county as the one nation in the world they would like to imitate.

Offering an apology for the high American standard of living, Dr. Harrison said "One standard of life is what each nation wants to be. There is nothing disgraceful about it, even though the rest of the world is poor. This is wrong, going and coming. We didn't steal our standards of living. We developed it. We built it ourself."

But he said, "I pray to God that I make us a little more worthy of the type of imitation we enjoy in other parts of the world. I don't want to contribute to the welfare of other parts of the world not so fortunate as we are ourselves."

There are three things that Americans can do to help underdeveloped areas, he said. They are as follows: 1) We can try to improve the model which God has set before them in the United States to make it a better model than it is now, he said pointing out that 40 to 50 percent of the people of the United States enjoy a high (continued on Page Two)

College Students To Be Allowed To Volunteer In June

WASHINGTON, Jan. 26—(AP)—College students tapped for the draft received new assurance today that they can stay in school until the end of the term and still enlist in the service of their choice.

The program is intended to halt a rush by students to drop out of school to enlist in the Air Force or Navy. Ordinarily, students receiving draft notices must go into the Army even though a voluntary induction might be deferred until the end of the school year.

Probing First Corps Patrols Blast In To City As Enemy Continues Retreat

By DLEN CLEMENTS TOKYO, Saturday, Jan. 27—Strong elements of two American corps slammed northward within 15 miles of Seoul on the Korean western front Friday against spotty to minor Red opposition.

A special U. S. Eighth Army summary called it "a limited offensive attack." But it made clear that it packed a heavy wallop as it sought for the Chinese Communist army.

TOKYO, Jan. 26—(AP)—Allied armored columns with strong support swept through two strategic cities within commuter distance of Seoul today.

They took and then went beyond Suwon, 17 air miles south of the burned out South Korean capital, and Kumsyongang. Kumsyongang is 15 air miles east and slightly southeast of Suwon.

AP correspondent Jim Becker said it was a "one-two punch" by battle-tested and renowned outfits. They found the streets of Suwon virtually deserted. The walled city was a heap of smoking rubble.

There was no resistance inside the city. But the patrol aimed at Suwon had some trouble before it got there.

The patrol, inching through what once was strong Communist territory, ran into varying opposition two miles from the western town. It was looking for the main Communist strength in that sector.

The patrol was supported with armor and may be on its way to Seoul or as near to the old South Korean capital as it can get. The U. S. 27th Regimental Combat Team—the famed Wolfhounds—fought into and out of Suwon last week. But since then intelligence officers suspect the 90,000 Chinese Reds reported south of Seoul have pulled back.

Associated Press correspondent Jim Becker on the western front reported the Allied entry into the rubble-walled town.

CLOSE CUT
OAKLAND, Calif., Jan. 26—(AP)—Alameda county AFL barbers last night voted to raise the price of haircuts from \$1.25 to \$1.50.

BANK ROBBERS
JACKSONVILLE, Jan. 26—(AP)—Alameda National Bank of Jacksonville today was closed about its business yesterday when an explosion near the payroll windows paralyzed everything.

DEFENSE PLANS
WASHINGTON, Jan. 26—(AP)—The National Civil Defense chief, Millard Caldwell, has asked the states and territories of the nation to have their civil defense plans firmly laid by March 1.

SARASOTA GROWS
SARASOTA, Jan. 26 (Special)—Sarasota city officials received reports this week that all 1950 building permits taken a leap over 1949 figures. Real estate sales of 1950 spiraled to \$17,995,200, 44 percent above the '49 total.

FRIDAY, JAN. 26, 1951

TODAY'S BIBLE VERSE

Christ illustrated the dignity of labor and usefulness of all labor. He said my father worketh hither and I work. He who boasts that he does not work is indeed good for nothing. Is not this the carpenter's son? Matt. 13:55.

Sanford fighting men are making history on the far flung battlefields of the world in this war just as they did in the last one.

Cynics sneer at General MacArthur who at 71 says he is ready to fight the Communists all the rest of his life. How much better to be planning to live forever than to be ready to give up entirely and retire at 60 or 65.

Department store sales were 39 per cent last week over the same period one year ago. The public seems to sense that something is about to happen. They remember too well the scarcities and the under the counter sales of the last world war.

Not all the educators in the country appear to be in favor of the 18-year old draft. A spokesman for the National Education Association, Ralph McDonald, says it would ruin our smaller colleges, would strike at the very roots of our educational system. Wonder what he thinks a Russian victory in World War III would do.

Martin Andersen views with alarm the recurrent threat that Claude Phipps may take his 319,750 senatorial vote and run for governor, come 1952. But Claude will find, if he does, that many a cracker who would vote to socialize Washington would not vote to socialize Tallahassee and who would tolerate an FEPC in the North would never stand for it down here. Claude may find that his 319,750 senatorial followers have dwindled to a corporal's guard in a gubernatorial race. Among those mentioned as likely candidates to oppose him if he does run are Sanford's Brailey Odham, state president of the Jaycees.

Rep. Dempsey of New Mexico points out that during the first six months of the Korean war, the Army quartermaster bought \$5,000,000 worth of potatoes with which to feed the army. Meanwhile another agency of the government, a part of the Agriculture Department, bought \$23,278,000 worth of potatoes "just for the hell of it" and actually destroyed them so as to make the price higher when the rest of us have to pay. Now we don't know how you feel about that, but it strikes us that when everyone is being called upon to make sacrifices for the sake of national defense, and boys are being drafted to fight in the sink holes of the earth, it's time for the government to eat the potatoes it buys or choke to death trying.

We hear a great deal these days about how much the proposed new hospital is going to cost. We wonder if anyone has ever figured up how much our failure to build one in years past has already cost us. First, there were the \$300,000 worth of bonds voted back there during the '20s, lost in a bank failure. Then there were \$70,000 worth of bonds approved back there in the '30s when the government was putting up 60 percent of the money. Through our procrastination, and daily daily tactics we lost the \$90,000 or more which the federal government would have put up. And we lost the increased purchasing power which the dollar had at that time. It costs two and a half times as much to erect a hospital now as it did then, with the result that a \$150,000 hospital of the '30s would cost us \$375,000 or more.

Resisting The Flood

"You men have made such a mess of the world that you ought to let the women see what they can do." This cry, heard from men as well as women, has not as yet been translated into action.

In the field of economics more and more readers are coming to look for Barbara Ward's latest book, as her advice sounds more practical and more encouraging than what the male economists are offering. Miss Ward, only 36, is assistant editor of The Economist, a noted British weekly, and is read with great attention by the experts in the field. She has lectured in this country and written for our magazines. She is distinctly someone to keep track of.

Her recent book, "Policy for the West," does not discount the seriousness of the Communist menace. She thinks that the way to meet it is the way in which a wise business man meets a dangerous competitor: he improves the quality of his own goods and services. Give the rest of the world something better than what the Communists offer, and the victory can be won.

This will require constant effort. She puts this need in memorable words:

"No Dutchman expects the sea miraculously to abandon its ceaseless attack upon the shores of Holland. He mans the dykes instead. So it is with Communism. Like a force of nature it will continue, for some time at least, to pour through the world, lapping at the free world's defenses and seeking by every tactic of infiltration to trickle through the barriers, to crumble the earth that is soft and suck down the wood that has grown rotten. But where the dykes are strong and the banks well built, the pressure will be made in vain. The floods can be controlled and deflected, the menace contained."

Here are both strength and wisdom.

Astonishing Failure

Police of the city recently announced the astonishing fact that in the Greater Cleveland area no less than 50,000 motorists were driving without licenses. The figure was obtained by comparing the number of car licenses with those issued for drivers.

The next procedure was to be that customary when a wholesale violation of law is discovered. The police planned to put on a crusade for enforcement of the provision in question, and, like other crusades, it probably will soon lapse quietly. The shortage of policemen gives the officials no other choice.

Probably this neglect is due not so much to deliberate violation of the law as to procrastination in getting licenses, and a willingness to take chances on not getting caught. The amount saved, a dollar for a three-year license, is so small that economy cannot be the chief motive.

Unfortunately such seemingly small disregard for the law is a common and unattractive characteristic of most citizens. In this case the risk run, that of a suspension of driving rights, is out of all proportion to the individual's gain, either in money or convenience.

Driving without a license is not a small matter, even though the individual may be completely qualified and eligible, and need only apply for the license to obtain it. The license is important, and the principle of conscientious adherence to the law is even more important. That is basic to democracy.

Mutual Misunderstanding

Prime Minister Jawaharlal Nehru of India states emphatically opposes the branding of Red China as an aggressor in Korea. He says that would "bolt and bar the door to a peaceful settlement." Westerners will be puzzled that Nehru thinks there is a door to peaceful settlement although Peiping has repeatedly rejected the efforts of the United Nations to obtain a cease-fire arrangement, efforts which have been so conciliatory as to arouse a storm of protest in America. Nehru says the troubles in the East result from failure of the West to adjust itself to changes in Asia. Westerners usually are ready to admit that they do not understand Orientals. There must also be a failure of the East to understand the West. There is no sign that the Red Chinese leaders have an inkling of our purpose in Korea, and Nehru does not seem to grasp the Russian purpose in China and Korea. Westerners often wonder whether Orientals understand each other.

Committee Formed

Localists would have to vote for a bond issue.

He also pointed out a Florida law to the effect that no county may issue bonds in excess of \$500,000 for hospital purposes. Mr. Pollard also estimated that the time estimated for consummation of necessary legal details would be more than six months. Mr. Pollard pointed out that Volusia county is going to create a special tax district to help defray the cost of operating the hospital over there, and suggested that similar arrangements would have to be made here. The necessary petition has been signed in Volusia, and a special bill is to be introduced in the Legislature in April.

Senator Boyle stated that a similar procedure might be carried out in Seminole County by May.

"We are anxious that something be done to take care of the emergency," said Mayor Fred Dyson.

"The best thing to talk about now is the use of some place as an emergency hospital until a new hospital can be built," declared Mr. McClelland.

At this point Commissioner H. B. Pope asked that a citizens committee be formed to look into plans for the new hospital, and to assist in the present hospital in all emergency. He suggested a seven man committee. It was upon this suggestion that Mr. Housholder later based his motion.

More discussion followed, but nobody took the initiative in forming the committee. "I think the City Commission should appoint the committee," said Mr. McClelland. "We will be glad to assist."

Mr. Cuckey then arose, was called forward to the council table, and pointed out the need of doing something more than just talking and asking. "What assurance has the hospital that anything will be done?"

"Mr. Pollard stated that the Fish Hospital plans would be ready in about six months," said Mr. Boyle. "The procedure to get County machinery geared up would take longer than that," he added, referring to possible County assistance.

"We have been negotiating with the Navy to get a temporary extension of time," declared Mr. Tucker. "If we don't get that, we won't have a hospital. If we can give the Navy some assurance that something is being done, we might get an extension."

City Commissioner Sam Martins declared that the negative side of the situation had been stressed and declared that emergency action was needed. The Hospital Association staff, he pointed out, had rendered the best possible service to the people of Seminole County.

Mr. Spencer stressed the need of an immediate plan of financing to assist the Fish Estate in getting started with their program here.

Mr. Stemper stated that he believed that the people of the County would be willing to co-operate in any program.

Following a discussion of the millage necessary to take care of maintenance of indigent patients, Mr. McClelland said, "I think we are wasting time. This is an emergency. The hospital has got to move from its present location, and it has got to move its patients somewhere."

C. C. Hutchinson suggested that the Navy might extend the time for vacating the present hospital, provided the Fish Estate could guarantee that a new hospital be built in a given time.

"I can't give that assurance my-

self," replied Mr. Pollard, pointing out that he would have to confer with the other trustees in the matter. There are nine trustees altogether including three from Sanford.

Mr. Kirk declared that in his opinion the Navy would allow the hospital to stay not more than six or eight months.

Orville Touchton, president of Rotary, pointed out the need of immediate relief from the situation with which the Hospital is faced, and urged that a committee be formed to co-operate with the Hospital Association.

Lester Tharp pointed out the need for temporary housing by the present hospital until a new one is built.

John Kridler suggested some way of shortening the time in which the Fish estate architect might make his plans for the new hospital.

Miss Maude Ramsey of the Pilot Club pointed out that if the County had the cash on hand now it could not build a hospital sooner than the Fish estate.

J. A. W. Hupprecht suggested a meeting of the Hospital Board and the Fish Fund trustees to work out a solution to the problem. Mr. Stemper stressed the need of a committee to expedite the construction of the hospital.

Following the general discussion, Earl Higginbotham, local oil dealer and Kiwanian declared, "If the Bert Fish estate is willing to give the people of Seminole County a \$700,000 hospital we should be willing for them to build it according to their own specifications and plan and we make whatever arrangements found necessary to meet the immediate emergency by providing the Fernald-Laughton Hospital new facilities when Navy orders to move become effective."

Others who spoke regarding the hospital situation were Roy Holler, F. F. Housholder, and Mrs. Henry Thurston.

Canadian Plan

claimed that without calling a cease-fire, the Communist Chinese were holding off fighting to create a cease-fire status pending the U. N. discussions.

The 12-nation proposal calls for a conference in the Far East among Communist China, Soviet Russia, Britain, France, the U.S., Egypt, and India to discuss what steps should be taken for Korean peace, the future of Formosa, and Red Chinese membership in the U.N.

Civic Club

standard of living, he added there are at least 30 percent of the people in this country who are underprivileged. We should raise the 20 to 30 percent at the bottom, he said, not to enrich ourselves more, but to lift up the bottom higher."

2) We should help other nations, politically, he said. There are many countries in the world which are kept down because of political systems, because of oppression from above, or from political unrest. The United Nations offers the greatest hope at the present time for these backward nations, he said. We should pray for the United Nations, we should think about it, support it and watch it grow.

At this time he digressed to point out that sometimes the United Nations makes mistakes. He admitted that it was apparently a mistake for the United Nations to send its army north of the 38th Parallel in Korea, but he quickly added that it was 100 percent right in going into Korea in the first place. "If the United Nations doesn't mean that, it doesn't mean anything," he said. And he added that the only way the United Nations can be destroyed is for the United States to back out.

3) The third way the people of this country can help underdeveloped areas, he said, is through missionary enterprises. It was at this point that he said Christianity is the most important element of all in trying to lift up impoverished peoples. He called attention to the destructive influence of Mohammedanism as he had found it in the Near East and where he said their religion sanctions one man having four wives, "not including slaves and concubines," and where there is no home in which to raise the children, and there are no lessons in cooperation which is the basis of all our progress in this country."

And he cited the history of the irrigation system in the Mesopotamia where 5,000 years ago a garden spot was created through irrigation, one which flourished until Mohammed came in during the seventh century, and became an arid desert when the Mongols took over about 1400.

Seated at the speakers table, besides Rev. Melnius were the presidents of the four civic clubs, Joel Fields of Kiwanis, W. H. Stemper of the Jaycees, Harry Robson of the Lions, and Orville Touchton of the Rotarians. The Rev. H. L. Zimmerman asked the invocation.

Korean War

unique spot of light contact with the enemy in the Ogan, Suwon and Kumyangjang sectors, northwest of Wonju on the central Korean warfront, and southeast of Tanyang. Tanyang is 40 miles southeast of Wonju.

The communique said there was no contact on the east central front except a minor seven miles north of Yongweol, the tungsten mining town retaken by the Allies some 14 miles east of Chechon.

The Naval shelling of Incheon harbor was marked by the firing of shore batteries on the St. Paul from Wolmi, the island where the U. S. First Marine Division landed Sept. 15 to start the Seoul invasion.

A helicopter from the St. Paul later reported the Red batteries on the island were silenced by the guns of the cruiser and the Canadian destroyers Cayuga and Natook, a part of the Naval raiding force.

B-29s, participating in what the Fifth Air Force indicated was one of its biggest days, pounded an estimated 250 enemy vehicles moving down side roads toward Kaesong, 40 miles northwest of Seoul from Kumbon, 50 miles above the old South Korean capital.

Fifth Air Force planes blasted at 31 towns in the Seoul area during the day. Nearly 500 sorties were flown yesterday by Allied planes, which included Australian, New Zealand and South African fighters, against the same area.

U. S. superforts dropped more than 150 tons of bombs on rail and highway bridges and rail yards in North Korea during the day. Hardest hit were the rail lines leading from Manchuria to

the battlesore below Parallel 38. Huangju and Chungwa, rail and highway centers on the supply route south from Pyongyang the North Korean capital, were hit by two formations of B-29s using 500-pound general purpose bombs.

Farther south another B-29 formation dropped 50 1,600-pound bombs on a key rail bridge and its approaches five miles northwest of Oan.

A hastily erected bypass bridge at Oro, a few miles northwest of Hamburg on the east coast, was bombed by other B-29s. The bridge had been erected to carry rail traffic into Hamburgs main railway.

The Superfort attacks were carried out by Okinawa based planes of the 19th and 307th groups. Pilots reported no anti-aircraft fire and no enemy fighters in the area.

Wage-Price Freeze

preferred to await the development of a flexible formula which would permit lagging wages to come up to an agreed standard. On the price side, officials said they now are considering a rollback to the highest levels of the period December 15 to January 15, but were waiting until the last possible moment to insert a freeze date. Earlier, a Jan. 2 freeze had been under study.

Messiah rehearsal will be held at the First Methodist Church at 8:30 P.M. All singers are urged to attend.

Miss Betty Jo Holloway Weds L. M. Swain

The First Baptist Church was the setting Wednesday night of a beautiful candlelight double ring ceremony when Miss Betty Jo Holloway, daughter of Mr. and Mrs. J. V. Holloway, became the bride of Leon Milton Swain, Jr., son of Mr. and Mrs. L. M. Swain with Dr. W. P. Brooks, Jr. officiating.
The ceremony took place against a background of green palms with baskets of white gladioluses and chrysanthemums. Graduated candelabras holding white tapers completed the lovely setting. White gladioluses tied with satin ribbon marked the family pew.
Prior to the ceremony Mrs. Marvin Malcom, organist, rendered a program of nuptial music, and Miss Norma Faye Harvey, soloist, sang "I Love You Truly" and "Because". The traditional wedding marches were used, and "O Promise Me" was played softly during the exchange of vows.
The bride, given in marriage by her father, J. V. Holloway, was lovely in her stately gown of ice blue tulle with a long sleeve bolero of Chantilly lace. The cathedral train was also of Chantilly lace. Complementing the gown, the bride was adorned with a crown of pearl beads and a fingertip veil of bridal illusion. She carried a bouquet of white carnations.
Miss Dorothy Holloway, maid of honor wore a gown of light blue tulle with a tulle collar and a full pleated skirt. The bridesmaids wore also of Chantilly lace. The groom, L. M. Swain, was in a tuxedo with a white shirt and a white bow tie. The groom's mother, Mrs. Swain, the groom's mother,

Seminole Hi By BEVERLY GRAY

On the sports side tonight is the horrible fact that we lost the basketball game last Tuesday evening. It was the first home game of this week. We started against Seabreeze, and there were some very good efforts made though.
This week was exam week for us and semester ones at that! So we couldn't expect a really good crowd at our games this week. Here's hoping the results are good from those papers.
Want to climb to the social top? Then don't forget the Dixie Hop! For you guys it's slug or drag—you don't have to bring a bag! It will be informal, but look your best.
As for cost, well, don't wince. We know you can spare fifty cents. Climb in your buggy at quarter till eight—In plenty of time for that dainty date! Swing down to the American Legion Hut, where a fancy jitterbug, you can That's tonight and nary one other. Bring your sister, mother and brother! A gal friend or two, cousin and just be sure to enjoy the DIXIE HOP!
Tonight's the night folks, so make a special effort to go. Sponsored by the S.H.S. Glee Club. And please all don't miss that basketball game that is before the dance.
How about our ideal couple of the week being Donna Lou Harris and John Fite? Mighty cute pair they are.
Run over to St. James Saturday night if you can. We're playing a swell basketball game there.
So long till next week.

Miss Taylor Weds Lenwood W. Hughes

Miss Jewell Taylor, daughter of Mrs. Mary Taylor and the late W. L. Taylor, Sr. of Tampa, became the bride of Lenwood W. Hughes, son of Mr. and Mrs. W. H. Hughes of Sanford in a beautiful candlelight ceremony Jan. 20, at 5:00 o'clock P. M. at the First Baptist Church, with the Rev. J. R. Farris officiating.
Baskets of white gladioluses and graceful palms formed a beautiful background for the ceremony along with the lighted tapers in cathedral candelabras.
Prior to the ceremony, Dick Aiken sang "Love You Truly" and "Because" and later "The Lord's Prayer" with Harry Webster accompanying.
The bride, who was given in marriage by her father, William L. Taylor, Jr., wore a tailored winter white suit with navy blue accessories, and a corsage of green orchids.
The maid of honor, Miss Helen Householder, wore an apricot suit with a corsage of pink carnations. Eugene Hughes served his brother as best man and the usher were George Hughes, brother of the groom and Harold Ray Hughes, brother of the bride.
Immediately following the ceremony, the reception was held at the Woman's Club, which was beautifully decorated with gladioluses and fern. Those assisting with the arrangement were Mrs. M. Wright, Jr., Mrs. Finnetta Rounhill, Jr., Mrs. Ralph Moutger, Mrs. James Riser, Mrs. W. B. Welby and Mrs. J. B. Phillips.
After the reception Mr. and Mrs. Hughes left for Daytona for a wedding trip, after which they returned to Tampa to make their home.
Out of town guests were Mr. and Mrs. H. D. Whidden, Mr. and Mrs. W. L. Taylor, Jr., Mr. and Mrs. Carl Nettles, Jr., Mr. and Mrs. E. M. Evans, Mr. and Mrs. W. H. Jones, Mr. and Mrs. W. H. Hendley, Mrs. Mary Taylor, Mrs. Guy Gordon, Miss Helen Householder and Miss Norma Parham, all of Tampa.
Mr. and Mrs. C. R. Stroed, Kingleton, N. C. Mr. and Mrs. Herbert Douglas, Deland, Miss Peggy Hughes and W. B. Hughes, Griffin, N. C. and H. R. Hughes, Chapel Hill, N. C.

Bessie Tift College To Present Concert

The Glee Club of Bessie Tift College will present a concert at the First Baptist Church Monday at 7:45 P. M.
It is composed of 42 young ladies from this girls' school located at Forsyth, Ga. The public is cordially invited to attend this program. The selections will be as follows:

Miss Joan Parker Weds Dan Batten
Mr. and Mrs. Lawrence A. Parker of Cocoa, formerly of Sanford, today announced the marriage of their daughter, Joan, to Dan Levin Batten, son of Mr. and Mrs. Levin Evan Batten.
The ceremony took place Sunday afternoon, Jan. 21, at 1:30 o'clock in the Baptist Church in Cocoa with Rev. Sawyer officiating, and relatives and close friends attending.
The bride was attended by her sister Joan, and the groom was attended by Billy Duncan of Sanford.
A reception followed the ceremony at the home of Mr. and Mrs. E. H. Rowton in Cocoa.
After a short wedding trip the couple will be at home to their friends on West Eleventh Street in Sanford.
Mr. Batten is connected with his father in the electrical business, and Mrs. Batten will attend Seminole High School where she will be a member of the senior class.
Meeting Is Held By Truth Seekers
The Truth Seekers Sunday School Class of the Methodist Church had their regular meeting last Monday night at McKinley Hall.
Mrs. J. B. Crawford presided over the meeting and Mrs. T. E. Wilson had the devotional, and gave a talk on "Traveler on Two Roads."
Refreshments were served by Mrs. B. F. Dyal and Mrs. Olive Wells to the following: Mrs. C. C. Priest, Mrs. Ella Ives, Mrs. W. S. Thornton, Mrs. George McCrum, Mrs. J. F. Riser, Mrs. B. Bradley, Mrs. A. D. Shoemaker, Mrs. C. A. Fender, Mrs. B. C. Luffrons, Mrs. W. P. Chamney, Mrs. J. B. Crawford, and Mrs. Octavia Rumbold.

Basketball Players Suspected Of Gambling Collusion Are Suspended

IOWA CITY, IA., Jan. 26—(AP)—Two remorseful University of Iowa basketball players, barred from intercollegiate competition for delivering parlay cards to Davenport, Ia., today awaited final action in their case.

The athletes, Fred Ruck and Herald (Skip) Greene, were suspended yesterday pending further investigation. The two have been regular guards in Iowa's lineup most of the season.

Athletic Director Paul Brechler gave details of the case to the University board of athletics last night. The board voted to leave any further action up to the office of student affairs.

Dean of students L. Dale Faunce said he probably would have a statement today after "I find out what I want to know." This was taken to mean he wanted to know whether the two had violated the rule prohibiting gambling on the campus.

Ruck and Greene practiced with the team yesterday and said they would continue to do so. They said they were "surprised at all the fuss" about the incident.

"We're not worried about the outcome of the investigation, because we're innocent," Ruck said. He said he was "surprised at all the fuss" about the incident.

Head basketball coach Rollie Williams disclosed that the two players, who are college roommates, had been contacted by a Iowa City representative of a Chicago group that originated the cards. They were asked to deliver them to a Davenport tavern operator and were promised a fee for doing so, Williams said.

Brechler, who investigated the affair, said, however, he didn't think the boys collected any money.

He said it had been determined that Ruck and Greene "did not engage in any use of the parlay cards nor have they shared in any profit which may have been realized from these cards."

"The boys made a bad mistake," Brechler said. "They forgot to think, that's all. But they were involved in wrongdoing only. There was no attempt to fix a game nor influence the outcome of a game."

Parlay cards list a number of games, with odds specified on the cards. The better wins if all his choices—three or more—are winners.

On some games, if a better puts his money on the favorite team, it must win by a margin of the number of points specified on the card.

CHANDLER APPROVED
CHICAGO, Jan. 26—(AP)—The National Congress, at the closing session of its annual meeting, today endorsed A. H. Chandler as commissioner of baseball.

The Congress declared "the Commissioner went out of his way to open tournaments in small liked baseball and liked to create towns unselfishly just because he had baseball interest wherever possible."

Chandler, who recently failed to have his contract as commissioner renewed by major league club owners, was guest of honor at the two-day national congress tourneys at Wichita, Kan.

ROTHBLATT SIGNED
CHICAGO, Jan. 26—(AP)—A couple of Chicago White Sox players with Big Ten athletic background returned signed 1951 contracts today.

They are catcher Red Wilson, former Wisconsin football and baseball star, and pitcher Marvin Rothblatt, ex-Illinois ace. Wilson last season batted .319 and drove in 48 runs for Waterloo of the Three-I league. Rothblatt had a 22-win record at Memphis where he set new Southern Association marks with 203 strikeouts, a 3.67 earned run average and 253 innings pitched.

CHIROPRACTIC FUNDAMENTALS
H. K. Ring, D. C.
Correcting the cause of disease in the body is the principle on which Chiropractic is based. It is a natural and drug free method. Disease is an effect and every effect must have a cause. Under the Chiropractic premise, the vertebral subluxation which creates pressure upon nerves and interferes with the normal transmission of vital nerve energy is the cause of disease in the body. Correct adjustment releases this pressure and thereby removes the real cause.

When normal function is disturbed for a varying length of time we become sick. In order for the body to be healthy it must be supplied with three essentials: first, life force from the brain to all parts of the body; through nerves free from interference; second, it must have the proper nourishment; and third, it must have oxygen. It is with the first essential that Chiropractic deals. The Chiropractor is trained to locate and free by skilled use of his hands to remove interference to the transmission of the life force from the brain to the tissue cells of the body.

They are a Chiropractic and Health Center. Offices are located in the Sanford Atlantic Bank Building.

Straight from the Horse's Mouth

By ED HARPER

As boxers go Joe Louis is an old man.

At 36 he is bald and paunchy and fond of the easy life. Training no longer interests him and he fights not for glory or from hunger as did the panther like kid from the wrong side of the Detroit railroad tracks.

He is in the ring today for cash—cash that seems insignificant in comparison to the gates he drew in fights with Hub Pastor, Max Schmeling and Arturo Godoy.

But Louis is also fighting for one other thing—his pride. And it is that which forced his weight down to 210 pounds for the Freddie Beane fight—his lowest weight since his seventh round knockout of a frightened Billy Conn back in 1936.

Louis was pretty obviously disgusted with himself after losing and anticipated fight to boxing's "Mechanical Champion" Ezzard Charles late in 1950. The Brown Bomber had some reason to be peeved. Charles is hardly more than a good, old fashioned, and superbly trained by talkative Jake Mintz. His punch is relatively harmless to a fighter with the stamina for which Louis has long been famous. His speed is exaggerated when compared to that of a Louis who barely battered to train for their championship bout.

One of the major factors in Louis' downfall is that he is not a natural pugilist. However, he knows he's going to have to get out and stay out this time, so he's been practicing since all week.

"It's easy for people to tell me to set a fast pace and wear them down," said Louis. "That's as good a way as any, I suppose, but it means changing my entire training."

"I believe I can beat him if someone else sets a terrific pace at the start, because I think I can outrun him in the last three quarters. No matter what pace set, Don will follow it. It's hard to stay in front and still be fresh enough for the final sprint."

Oklahoma Aggies Meet Bradley In Week's Top Game

By ASSOCIATED PRESS
Remaster examinations have cut down this week's college basketball schedule, but the pace picks up tonight with several major games.

The list includes Long Island U. vs. San Francisco and Arizona vs. UCLA at San Francisco; Cow Palace, Oklahoma A & M at Bradley, Denver at Brigham Young, Santa Clara at California, Colorado A & M at Wyoming, Georgia Tech at Mississippi State, Washington at Idaho, Utah State at Utah and Western Kentucky at Miami.

The San Francisco game is the start of a long and tough western swing for Long Island (15-0). The Brooklyn Five ranks No. 2 in this week's Associated Press poll.

Oklahoma A & M, No. 3, battles Bradley, No. 4 ranking, for the top spot in the Missouri Valley Conference. A & M, with a 16-1 over-all mark, has a 4-0 record in conference play. Bradley (11-2) has 4-1.

In last night's games, Michigan State drubbed Notre Dame, 69-43; LaSalle of Philadelphia wallopped Baltimore Loyola, 71-42; Canisius defeated Niagara, 71-61; Gannon upset Georgetown, 66-65; and Cincinnati Xavier edged Tulsa, 41-40.

The Hayes Fair Acres Stable DuQuoin, Ill., collected \$260, 173, 45 during the 1950 season, a record for a harness stable.

Brown's Pitching Will Be Weakness, Taylor Declares

By ZACK TAYLOR

(This is the fifth of a series of 16 stories written by the major league managers for the Associated Press under their own bylines telling how their teams shape up for 1951 and sizing up the other clubs).

ST. LOUIS BROWNS
By ZACK TAYLOR
ST. LOUIS, Jan. 26—(AP)—The fate of the St. Louis Browns rests on our pitching. If our pitching keeps improving, as it did toward the end of last season, we may find a lot of people.

Aside from our pitching, we are pretty well off. We have a line crop of rookies coming up. Some of the Browns also have some good looking kids coming up each year. This year is no exception. We have a kid like Frank Saucier, a young outfielder, who has led three leagues in three seasons. Because we are strong in the outfield, we may have to convert Saucier into a first baseman.

I have heard some good news about some other youngsters, but am in no position to say much about them. I do believe, however, that Bill Kennedy, the left-handed pitcher sent to Baltimore last season, is about ready. He had a fine year with the Orioles. I believe he has gained the necessary winter rest and should make him a winner in the big time.

A couple of youngsters from San Antonio might help us. One is Lou Steiner, a con-hpaw pitcher, who got from the giants on waivers last spring. He had a good year in the Texas League. Another is Precipio Herrera, a Mexican boy who really can pitch.

Bobby Young and Merrill Combs should give us good protection in our infield. Combs was drafted from San Diego, the club that got him from Washington. He is a fine fielder and a timely hitter.

However, I'm not too worried about our infield. We have a veteran like George Shrinweis, the former Yankee, at second base; the ever-improving Tommy Upton at short and our rookie pitcher, Don Lusk, at third base.

We have left fielder, our hard hitting outfielder, and Owen Field, promising infielder, for the Army. That will hurt us.

Rugged Paddy Young Meets Kid Gavilan

NEW YORK, Jan. 26—(AP)—New-punching kid Gavilan is the choice over Irish Paddy Young from New York's Grandview Village tonight in a 10-round catch weight match at Madison Square Garden. The Cuban Keel probably will go into the ring a 7 to 4 favorite.

This is a battle of toughies who duck nobody. Young, a legitimate middleweight making 155 pounds for this bout, has fought the best in his class. In his last bout he barely lost to Laurent Danthuille, the Frenchman who almost lifted Jake LaMotta's title. Gavilan also takes them all on. He Williams three times. Ray Robinson twice, Featherly and Robert Villmain. Up and down the weight scale as long as the money is handy. As the ranking welterweight contender, he could move in if Ray Robinson gives up the title.

The bout is scheduled for 10 P. M. to meet radio and TV commitments.

Hogan Leads Field In Phoenix Open, Little Is Second

By BOB MYERS

PHOENIX, Ariz., Jan. 26—(AP)—Golf's mighty little giant held his accustomed place in the game today—leading the field of 124 into the second round of the \$10,000 Phoenix Open.

Ben Hogan, missing from the scene since last July while he watched Hollywood make a movie of his life yesterday and proceeded to take apart of the 6,998-yard, par 36-35-71, Phoenix Country Club with a 33-32-58. Hogan has won this tournament twice before.

The reigning U. S. Open king went into the second round with a one stroke lead over veteran Larry Little and Chick Harbert, and two shots off the pace were Lloyd Mangrum, Julius Boros and Johnny Bulla.

Little, whose 32-34-66 could have been even better, proved philosophical with the observation: "Anytime I can stay just one stroke behind Hogan I'll be very satisfied."

Not so happy were two first round disappointments, Jimmy Demaret, who is seeking his third straight triumph here, and Cary Middlecott, whose 271 for 72 holes won the \$10,000 Lakewood Park open last weekend.

Demaret took a large 35-40-75 and Middlecott settle for 36-37-72. Hogan went into the tournament with a lead of 10 strokes over a favorite, Demaret next and Middlecott off No. 3.

Mangrum's 33-34-67 was achieved under hopped up circumstances. He has a badly pulled muscle in the back just above the hip and it took a shot of novocain to pull him through.

Boros, the 30-year-old newcomer from Mid Plains, N. C., had 34-35-67.

Twenty-eight players lettered par on the first round, including, at 68, were Jack Burke, 34-34; Charles Baister of Cantonville, Md., 34-34, and Ed Furgol, Royal Oak, Mich., 35-34.

There were six players tied at 69 notably Jim Ferrier of San Francisco and Jimmy Thomson of Chicago, Mass. Grouped at 70 were 13 players, including Johnny Palmer, Veteran Ellsworth Vines, Dutch Harrison and Canada's Stan Leonard.

don't know just how the rest of the boys stand. From the military standpoint.

Our pitching, once again, will revolve around Ned Garver. Ned is one of the best pitchers in the league, although he still hasn't reached his peak. I look him in 1948 as a green kid and he has improved each year. He still is far from his peak. He won 33 games for me last year but would easily have won 20 with a first division club.

I look for Roy Stowers to return to his freshman form after a typical sophomore year. He is too great a hitter to have two bad seasons in a row. That Ken Wood is another fine outfielder. He has the strongest arm in the league. My catching is pretty well fixed with Sherm Lollar and Lou Moss to divide the duties.

As was the case last year, it should be a team-team race with New York, Cleveland, Boston and Detroit fighting it out among themselves.

Safer Cough Relief

When new drugs or old fail to stop your cough or chest cold don't delay. CREOMULSION contains only safe, helpful, proven ingredients and no narcotics to disturb nature's process. It goes right to the seat of the trouble to soothe inflamed and heal raw, tender, inflamed bronchial membranes. Guaranteed to ease you or druggist's money. CREOMULSION has saved the throats of many millions of users.

Freshmen May Play Varsity Ball If International Crisis Worsens

By BOB MYERS

NEW YORK, Jan. 26—(AP)—Unless the international situation turns for the better, freshmen can expect to play varsity football at the nation's colleges next fall.

A check-up of the 10 major college conferences by the Associated Press indicated this today. All of the conferences either have considered or are expected to bring up the question of using freshmen on varsity athletic teams. Undoubtedly, the smaller college conferences are discussing the same thing.

With national defense leaders and Congress tackling a bill calling for drafting of 18-year-olds, several college groups already have met to talk about the freshmen. The rule, barring first-year students from varsity teams, went out the collegiate window during the last war. Many a "greenie" started on the varsity in his first year at college.

There is no indication yet that colleges plan to ram through any change to allow freshmen to compete in spring sports such as track and baseball. Most of the conference talk looks to the new term next fall.

Scores of schools dropped football for one or more years during World War two, including such powers as Stanford, Vanderbilt, Baylor, Oregon, Princeton, Kentucky, Santa Clara, Tennessee, Washington State, Oregon State, Georgia Tech, Harvard, Boston University, Michigan State, and Mississippi.

Others, more fortunate with the Navy-leased V-12 program which stressed football in particular as a great body-building game for its fleet and air arm, carried through without difficulty. Hundreds of 17 and 18-year-olds packed the ball on the varsity in those days after Pearl Harbor.

Already in the present emergency, several colleges have abandoned football for the duration, or indefinitely. They include Duquesne, St. Mary's (Calif.), Hartwick (N. Y.), High Point (N. C.), Mt. St. Mary's (Md.), Corpus Christi (Tex.), and Portland (Ore.) University.

Schools are reluctant to do away with football, for that sport pays the way in most cases for the rest of the athletic program.

The Ivy League and other eastern collegiate conference have called a meeting March 13 to take up the freshmen rule. The Southwest Conference will meet May 11-12.

Fred Mitchell, president of Mississippi State and head of the Southeastern Conference, said he is polling the 12 member schools on whether there is enough interest for a meeting on the subject.

Joe Shack, former American Hockey League player, is now starring in the English National Hockey League. He plays with the Harringay Racers.

Only Dudley Foster, of Wayne, Pa., will be back in 1951 to defend Penn State's sweep of 1950 collegiate cross-country honors.

The changeless, veritable facts
about God will be stressed in
Christian Science services next
Sunday when the Lesson-Sermon
will be entitled "Truth."
The Golden Text is from Psalms
(108:3, 4): "I will praise thee, O
Lord, among the people: ... for

thy mercy is great above the heav-
ens; and thy truth reacheth unto
the clouds."
This reassuring statement from
Psalms (89:15) is included in the
Bible readings: "Blessed is the
people that know the joyful sound;
they shall walk, O Lord, in the
light of thy countenance."
Correlative selections from "Sci-
ence and Health, with Key to the
Scriptures" by Mary Baker Eddy
include the arresting passage:
"The time for things has come
... The only guarantee of obedience
is a right apprehension of Him
whom to know aright is Life eter-
nal" (preface vii).

The Railroads RESPECT... The Union Leaders seek to REPUDIATE... this agreement!

What is the TRUTH?

At various stages in the present dispute with the brotherhoods of railroad operating employees

- ... the railroads agreed to arbitrate. The union leaders refused.
- ... the railroads accepted the recommendations of President Truman's Emergency Board. The union leaders refused.
- ... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused.

Finally an Agreement was signed at the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement.

The railroads stand ready to put the terms of this Agreement into effect immediately, with back pay at the rates and dates indicated.

The Agreement is given in full below.

MEMORANDUM OF AGREEMENT
Washington, D. C.
December 21, 1950

1. Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.
2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates for the 7th day, who shall receive straight time rates they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.
3. Settle rules for 40 hour week and 6 day week.
4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.
5. Settle following rules:
Initial Terminal Delay (Conductors and Trainmen)
Intervisional Runs
Pooling Caboose (Conductors and Trainmen)
Reporting for Duty
More than One Class of Service
Switching Limits
Air Hoses (Conductors and Trainmen)
Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)
6. Yardmen to receive 5 cents per hour in-
crease effective October 1, 1950, and additional
2 cents per hour increase effective January 1, 1951.

7. Quarterly adjustment of wages on basis of cost of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Same to be 17¢).
8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.
9. Effective October 1, 1950, the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate.
Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.
10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:
No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except such proposals which may change in rules or working conditions which may have been initiated prior to June 1, 1950. Pro-
vided, however, that if as the result of gov-
ernment wage stabilization policy, workers
generally have been permitted to receive no-
called annual improvement increases, the parties
may meet with Doctor Steelman on or after July
1, 1952, to discuss whether or not further wage
adjustments for employees covered by this agree-
ment are justified, in addition to formula. At
the request of either party for such a meeting
Doctor Steelman shall fix the time and place for
such meeting. Doctor Steelman and the parties

may secure information from the wage stabiliza-
tion authorities or other government agencies.
If the parties are unable to agree at such con-
ferences whether or not further wage adjustments
are justified they shall ask the President of
the United States to appoint a referee who shall
sit with them and consider all pertinent infor-
mation, and decide promptly whether further wage
increases are justified and, if so, what such
increases should be, and the effective date
thereof. The carrier representatives shall
have one vote, the employee representatives shall
have one vote and the referee shall have
one vote.

11. If the parties cannot agree on details of
agreement or rules they shall be submitted to John R.
Steelman for final decision.

The usual protections for arbitrators, mis-
cellaneous rates, special allowances, and existing
money differentials above existing standard daily
rates will be included in the formal agreement.

The foregoing will not debar management and
committees on individual railroads from mutually
agreeing upon changes in rates, rules and working
conditions of employees covered by this agreement.
