

# CITY AND COUNTY BOND ISSUES SELL AT PREMIUM

County Bonds Sold Yesterday Afternoon to Marks & Co., of Birmingham, and Brought Premium of \$1,131—Were Thirty Year Bonds in Sum of \$100,000 and Money Will Be Used for Improvements of Roads Recently Built in the County.

The county bonds sold yesterday at the meeting of the county commissioners when the sealed bids were opened and it was found that the highest bidder was Marks & Co., of Birmingham, Alabama.

The bonds were for \$100,000 in the shape of thirty year bonds and sold for 3 1/2% at par with accrued interest bringing the total premium to the sum of \$1,131 for the \$100,000 issue which is a good price and one that gave general satisfaction to the commissioners and the people who were present at the meeting.

This issue was voted in the shape of time warrants but was left to the discretion of the commissioners and the condition of the bond market and when it was found that the time warrants could not be sold at a premium the issue was turned into thirty-year bonds.

The money from the bonds will be used for the purpose of building a good steel drawbridge across the St. Johns river at Osteen ferry and for hard surfacing the roads recently built with an oil surface, the new surface probably being of high grade asphalt and the \$100,000 will give Seminole county a fine system of roads to every part of the county.

## WHAT THESE BOND ISSUES MEAN TO SANFORD AND SEMINOLE CO.

What is this spirit that is making such a big difference in Sanford? This question is being asked by the visitors to the city and by the people who reside here and by every one that comes to Sanford from the county for the big difference in one year's time is noticeable.

There is no change in the topographical location of the city, there has been no change in the personnel of the people here for the new ones have hardly started. There is but few changes in the business interests and the majority of the business men here today are the business men who have been here for many years. There are few new faces in the Sanford Chamber of Commerce, in the various clubs, in the places where men gather to put over big projects, in the banks, in the marts of trade. What is the big difference?

It is simply that abiding faith in one's own home town that will crop out eventually and when it does it will make an oasis in the middle of a desert, build a thriving city from a village, turn deserted houses and factories into beehives of industry and make two blades of grass grow where only one grew before.

It is that spirit of faith in your town and your county and your state that might lie dormant for many years and break out over night into that steady flame that will endure as long as life lasts. It is that thought that you have been sleeping over your rights, that you have missed something all these years, that you have waited years to accomplish what should have been done years ago, that you have just listened to the call to arms and without a moment to lose must guard on the armor and start the fight for a big city, for a progressive city, for the best city in Florida.

Some people here have had the vision for many years. They have never

lost faith in Sanford. They knew what this city had in location, in health, in schools, in railway facilities, in river transportation, in farming lands, in real people—real people if they could only be awakened. Many things have conspired to waken Sanford to her wonderful possibilities and we will not take space here to attempt to enumerate them. Suffice to say that the bond money will be spent for new streets, sewers, for a municipal dock, for a boat basin, for a library, for wonderful improvements in many lines that will make Sanford the most beautiful, the most progressive, the greatest city industrially and commercially in the state.

These improvements are so large in their scope as to leave but little to be desired in the way of making Sanford the city of the future. The money will be spent only upon things needful and things that looking ahead ten years means so much to the city of Sanford when it reaches the twenty thousand class.

The same can be said of the county bonds only in a different strain. The county bonds are a business proposition pure and simple. These roads were already laid but insufficient money would not make them what they should be. The new bonds will give the roads a good asphalt covering that will make them the best in the state. The new bridge across the St. Johns river is one of the best propositions ever undertaken. The entire bond issue means progress in Seminole county, means that our county commissioners are doing all in their power to make Seminole the most progressive county in the state. And these bonds only strengthen the idea that we are living in the best city in the best county in the best state in the greatest country on earth. Let's go!

City Bonds Sold Last Night to Spitzer, Rorick & Co., of Toledo, and Marks & Co., of Birmingham; Sold at Premium of \$1,631—Will Be Used for City Streets, Sewers, Municipal Dock and Boat Basin and Other Improvements.

The city bonds sold last night, the sealed bids being opened in the meeting of the City Commissioners at the City Hall.

The issue of \$325,000 bonds bearing 5 1/4% sold at the premium of \$1,631.00 and were sold to the highest bidders, the bonds going at a joint bid from Spitzer, Rorick & Co., of Toledo, Ohio, and Marks & Co., of Birmingham and these two bond firms will get the bonds.

There were seven bids in all but only three of them were considered. The second best bid on the bonds was the joint bid of the Seminole County Bank and The Atlantic National Bank, of Jacksonville, their bid being \$1,050.00.

The bid is very satisfactory to the City of Sanford and the City Commissioners who have the best interests of the city at heart and the commissioners think it is a good price for the bonds.

The money from the sale of the bonds will be used for new streets, sewers, a municipal dock and boat basin and many other big improvements in the city.

The bid of the joint firms also means that they will bear all the expense of the bonds and the delivery of the same at Toledo which is quite an item of expense saved to the city.

## HERRIN QUIET TODAY AFTER BLOODY SCENES ENACTED THERE YESTERDAY

Twenty-Seven Men Were Killed and Many Were Wounded

HERRIN, June 23.—Herrin was quiet today after yesterday's wild disorders in which at least twenty-seven men were killed and a number wounded when five thousand miners and sympathizers attacked approximately half a hundred imported steam shovel men and laborers working in the Lester strip mine of the Southern Illinois Coal Company. County officials maintained that since no one remained at work that it itself was a guarantee against further outbreaks and asserted one thousand members of the Illinois National Guard be ordered mobilized in Chicago for possible strike duty here unnecessary. It is believed the death list will increase today. Fifteen bodies tied together, weighted around necks and cast into pond, a miner told the Associated Press correspondent, and an area over which killings occurred estimated at 15 square miles of hilly timbered land.

Sixteen wounded in Herrin hospital, three in Carbondale hospital and a number of others, union striking miners, believed to be in their homes. Little question exact number dead will never be known. All reports whether from miners or strikebreakers or mine operators agree killings really were massacre, that victims were shot down in cold blood after they had put up the white flag and surrendered. Many persons in the county uphold slaughter as a rightful act of justice. Citizens laughed and joked over the affair. In morgue women and children as they passed through commented on accuracy of shooters who brought down victims, men who openly boasted they were in attacking forces related with apparent pride stories that in war times would be called brutality. Mothers carried babies into morgues and up to piles of dead in roads with such remarks as "take a look at what your paper did, kid."

SPRINGFIELD, June 23.—At eight o'clock this morning no response was received here to Governor Small's demand last night that the state attorney and sheriff of Williamson county give immediate account of conditions and prepare to bring mine rioters to justice.

WEST FRANKFORT, Ill., June 23.—One of the non-union men who escaped in the Herrin mine battle arrived here early today without hat or coat. A crowd gathered but the police took charge. They spirited the man out of town and a few miles away told him to get out of the district. His arrival created a tense situation here.

WAUKEGAN, June 23.—Governor Small today received a telegram from a representative of the adjutant general at Herrin placing the blame for the rioting on the shoulders of Williamson county officials. Representative who went to Herrin a week ago said he at no time thought the authorities could handle the situation and that they should have asked for troops before the rioting started.

WASHINGTON, June 23.—Declaration those responsible for the Southern Illinois mine disorders should be prosecuted to the fullest extent of the law was made today by Secretary of Labor Davis in a statement issued after consultation with President Harding.

## FLORIDA TRAFFIC LEAGUE WILL HOLD MEETING AT THE VALDEZ TONIGHT

To Organize Local Chapter of the League for Sanford

The Sanford members of the Central Florida Water Traffic League will hold a meeting tonight in the Palm Room of the Hotel Valdez at 8 o'clock. The purpose of this meeting is to organize a local chapter of the league to work in conjunction with chapters in other sections.

The Central Florida Water Traffic League was organized for the purpose of developing water transportation in the state thru the medium of our natural and acquired water highways. It is at present engaged in the preparation of data in support of the St. Johns-Indian river canal, and which will be submitted to the government engineers at the hearing to be held in Sanford Tuesday, June 27.

This hearing is but the preliminary skirmish of what is to be a long hard campaign before the objects for which the league is fighting are attained. It is true that the entire south and central sections of the state will be benefited by the completion of the St. Johns-Indian River canal, but none of these sections will receive the benefits that Sanford will when this connecting link is opened up.

Every business man and grower in the Sanford section should recognize the importance of this project and the benefits that will accrue to this section, both individually and collectively. It is very discouraging to the few who have labored untiringly to realize that there are not more in Sanford who are willing to enlist with them in accomplishing a purpose which will award benefits to such a great number.

It is very gratifying to note the enthusiasm and support which is being given the league in other sections, and particularly Orlando. There the most prominent business men and shippers are signing up for membership daily. The same interest must be awakened in Sanford, and our prominent citizens drafted to work in this movement. As previously stated, this presages a long fight, requiring the efforts of the best brains we possess, and in addition it will require a large expenditure of money.

It has been estimated that it will require at least \$50,000 and this can be raised by securing 5,000 members at \$10 each.

At the meeting this evening plans will be laid to secure a large membership in Sanford and Seminole county and a strong active local organization perfected.

Born to Mr. and Mrs. Reginald S. Holly a fine baby boy. The grandfather is standing up under the strain remarkably well and hopes to recover in a few days from the shock.

## QUALITY SHOP CHANGES STARTS A NEW YEAR OF FINE BUSINESS

The Quality Shop has just closed another most successful year and wishes to thank all their friends and patrons for their support in the past and to ask for the same in the future. The Quality Shop has made one change for the coming year, Mrs. N. H. Garner retiring from the firm and selling out her interest to Mrs. H. B. Connelly, who will be the owner of the business from this time forward.

Mrs. Connelly will have the able assistance of Mrs. O. L. Taylor and Mrs. Godbey, who are rated as the best milliners in the business and, having been residents of this city for many years, know the trade in every respect.

The Quality Shop will remain open during the summer months at the request of the patrons and in the early fall will put on a showing of new creations in keeping with the up-to-date city of Sanford and one of the largest and best stocks of millinery ever brought to Sanford will be shown.

Meantime there are many bargains in summer hats at the Quality Shop; many big bargains in every line that will interest the ladies of this city who want the very latest styles in hats that are of proven quality, hats of style and that different appearance that goes with hand-made millinery.

## PROMINENT CHINESE STATESMAN DIED TODAY AT HOME IN CANTON

SHANGHAI, June 23.—Wu Ting Fang, former minister to the United States and more recently foreign minister for Sun Yat Sen in the disrupted Southern Republic government at Canton, died in Canton this morning according to a Reuter dispatch. He was 80 years old.

The many friends of Hon. Frank P. Forster are glad to see him back home after spending the past month in New York and other points in the northeast. Mr. Forster returns greatly refreshed by his trip and with the feeling that Sanford has the greatest prospects of any city in the country. Mr. Forster also states that the First National Bank will start their new six story building in the next two weeks.

S. Robbins is all ready for summer and his big stock of new frocks, hats, skirts and dresses are right from the markets. New shipments of dark travelling hats for your trip. Read his advertisement in this issue.

## HILLSBOROUGH BOND ELECTION FOUND ILLEGAL

THREE MILLION DOLLAR BOND ISSUE CANNOT BE SOLD

TAMPA, June 23.—Hillsborough county's special election Tuesday at which people voted three million dollar bond issue for good roads was pronounced illegal today by the county attorney and impossible to sell the bonds. The county commissioners failed to advertise election in accordance with law. Must call another election or wait until next April and ask the legislature to validate the election by special act.

## SANFORD LODGE OF ELKS WILL HAVE A BIG TIME THURSDAY, JULY 13TH

A drive for new members has been instituted by the Sanford Lodge of Elks, and the goal has been set at not less than one hundred new members, and every old member in good standing. At a meeting held last Tuesday night, the committee in charge reported 42 new applications, and there are now more than 60 applications filed. As a grand celebration of this drive it is planned to have a big initiation beginning Thursday afternoon, July 13th, 1922, and closing sometime before Friday.

Full details of the arrangements will be published at a later date, but there will be a real Elks parade, headed by the Daytona Elks band and drum corp, there will be several hundred visiting Elks in the parade, and some excellent candidates, the people of Sanford will never forget this parade. The evening will include part of the initiation, dancing and other forms of amusement.

## FIFTEEN MEN UNDER ARREST IN LONDON

FOR MURDER OF WILSON AND CONSPIRACY AGAINST MANY IS UNEARTHED

LONDON, June 23.—Fifteen men and one woman were arrested in raids throughout London last night in connection with the assassination of Wilson, it was announced this morning by Austen Chamberlain. James O'Brien and James Connelly arrested after the shooting, were arraigned today charged with murder.

LONDON, June 23.—Police investigating the assassination of Wilson came into possession of documents disclosing conspiracy to take the lives of a number of prominent persons and conduct campaign of outrages, says the Central News.

## ELKS HAVE BIG TIME TUESDAY EVENING

For the first time in several years the Sanford Lodge of Elks had an old time meeting last Tuesday, when about 50 members of the lodge attended a meeting and chicken supper at the Elks Home on Lake Monroe. The spirit of Elksdom has taken hold and all the members are at the wheel pushing forward for the big day that is to come in the near future. There will be a number of meetings within the next fifteen days making preparations for the big day and every Elk is expected to attend these meetings, as there will be something for every one to do.

ARE IN THE CITY LIMITS.  
Sanford, Fla., June 22, 1922.

Mr. R. J. Holly, Editor Herald, Sanford, Fla.  
My Dear Mr. Holly:  
My attention was called to several accounts in your paper of loss by fire of Mr. Leffler's residence on Mellonville ave. These accounts state that owing to this building being out of the city limits, etc. Well, friend Holly, I presume you were only using good logic in so stating that we folks in this section are beyond the pale of the city of Sanford, out in the sticks as it were. However, if there is any doubt of our being in the city limits let some one pay the taxes for a few years. This is our annual reminder and about the only one to keep us aware of where we are and to whom we belong.

We are much as a football when it comes to getting anything in the way of improvements the city folks say we are too far out and the county authorities tell us we are too far in and when tax time comes we are convinced the county authorities know, but for the remainder of the year we are sure our city folks are right. Please get us located where we belong and we will all be glad.

Your friend,  
J. E. SPURLING.

**WARD EXPECTED TO GO TO TRIAL FOR MURDER ON JULY 17TH**

**WHITE PLAINS, N. Y., June 21.**—Walter S. Ward, wealthy baker's son, probably will go to trial for the murder of Clarence Peters, ex-sailor, on July 17, it was learned from a reliable source late yesterday.

This information coming close on the heels of conferences held by Isaac N. Mills, former appellate division justice, and the newest accession to Ward's legal talent, gave rise to reports that an agreement had been reached whereby District Attorney Weeks would ask an early trial providing George S. Ward, the slayer's father, would return from his tour of the middle west and give deputy sheriffs a chance to serve on him a grand jury subpoena they have been carrying around for nearly two weeks. This report lacked confirmation, but it was pointed out that Mr. Weeks recently said he could not complete his case against Ward until he had heard Ward senior's testimony on the blackmail plot which Walter Ward claimed lay back of the shooting.

Justice Morschauer, who recently denied a motion for an early trial of the case, asserting he had no intention of holding over after June 30, when his term at White Plains ends, has consented, it was learned, to start the trial on July 17 provided District Attorney Weeks is ready to proceed. Unless Ward can get trial at a continuation of the present term, he will have to spend the summer in jail. There is no further term of court until the fall and the first degree offense with which he is charged is non-bailable.

Many large rattlesnakes have been killed in this section the past month.

One measuring four feet was killed by a tourist as it crossed the road in front of the Baptist church.

Another large one was shot by Phillip Miles on the road that leads to the school, and John Ray, colored, killed one with eight rattles on it, while planting sweet potatoes on the place of S. H. Buchanan.

TO STOP COUGHING AT NIGHT

A summer bronchial cough keeps not only the sufferer but other members of the family awake.

Alfred Barker, 1061 Avondale St., E. Liverpool, O., writes: "I consider it my duty to write and tell the results of Foley's Honey and Tar, which I used for my boy who had been suffering from a bronchial cough for 7 or 8 weeks. Foley's Honey and Tar has done him wonderful good, and I shall always recommend it. It soothes and heals everywhere.—Adv.

Miss Myrtle West has kindly offered to help us out with the music.

Rev. Wahlberg will preach again next Sunday at the Lutheran church in Swedish in the morning and in English in the evening.

Banking Service For Women

The Peoples Bank of Sanford has long experienced a sense of pride in the large number of women who maintain individual accounts with it.

Especially in the savings department there may be found on our books a long list of representative Sanford women who are enjoying the special service we accord to our lady depositors.

Accounts of women are cordially invited. If you are not among the number now transacting business with us, your deposits will be particularly welcomed.
