CULLED FROM THE STATE PRESS

An Epitome of the Week's Most Important Happenings in the State's Domain.

Live Oak has a captain of industry who is also a philanthropist, who knows how to use money to the best advantage. Every school child of Live Oak who gets on the monthly honor roll is presented with a dollar by Mr. Hillman, and it is said that he has given away about \$1,000 in this way during the past year. It is also said that the general average of scholarship in the Live Oak school has been greatly raised by these benefactions.

Twenty-two Lakeland women have signed a petition asking ministers of the gospel, Sunday school superintendents and teachers and public school teachers to refrain from the use of tobacco. These women argue that their work against the tobacco habit is being hindered by example of those whom the children naturally expect to be the models of upright living.

The January term of the Federal Court convened in Ocala on Tuesday. Judge Locke, Marshall Herr, Clerk Locke and other court officials being present. The only case tried was that of Benjamin Roland Blitch for misappropriation of funds from the Ocala post-office. Blitch was represented by H. L. Anderson. He entered a plea of guilty and was fined \$500. This was the first time the court met in the new Federal building and Judge Locke made a beautiful speech dedicating the court building to truth, justice, honor and mercy.

News comes from Key West that the year 1911 was the greatest for the manufacture of clear Havana cigars in Key West's history with the single exception of the year 1890. Ninety-two million cigars were shipped from that city during the year just ended.

Miss Irene Rosalter, a popular young lady of Ocala committed suicide Wednesday by taking strychnine. No cause is assigned for her rash deed.

The total shipments of citrus fruit to the coast of last week were about 1,800,000 boxes. This represents more than half of the crop. The early blooms for the 1912 crop are showing and the February bloom promises to be heavy this year.

Twenty new members have been added to the police force in Jacksonville, placing the total strength of the department at 114 men.

Hillsborough county's first court house now stands in the way of progress in Tampa and is to be either removed or torn down. There is some talk of the Hillsborough County Historical Society buying the old structure and removing it to a new site, thus preserving the old "palace of justice."

Jacksonville has invited the National League of Commission Merchants to hold their 1913 convention in that city.

The year 1911 is said to have been a record-breaker in St. Augustine in the building line. Besides the many improvements that were made on the numerous hotels there a number of beautiful winter residences were built throughout the year.

West Garden street in Pensacola is to be paved with wooden blocks. These blocks are to be manufactured in Pensacola.

Judge F. A. Whitney overruled the motion for a new trial in the case of W. C. Robertson, charged with being an accessory to the death of a young lady at Lakeland, and sentenced him to ten years in the penitentiary.

William Jennings Bryan, the great orator, and several times candidate for President, will sit as the guest of honor tonight at a banquet to be given by the Tampa Woodrow Wilson Club.

Formal notice has been served on the Tampa Water Works Company that the city will make use of its privilege of buying the plant of the company after giving the company the notice provided for in its charter. When the next bonding election is held there will be provisions for the purchase of waterworks. In the event the voters at the same election signify their desire that the city shall acquire the plant.

TENT SHOW BARRED

C. W. Parks Dramatic Company Will Fight The Ordinance

Several months ago the city council through the city attorney framed up an ordinance to prevent the cheap class of carnivals and shows of a like nature from exhibiting in Sanford without paying a heavy license. As far as the carnival was concerned no one was sorry but the ordinance has proved to be a blanket law that covered every class of entertainment under canvas excepting a circus.

Several weeks ago the Jewell Kelly Co., showed here because through a mistake the license was only made \$25 when it should have been \$25 per day as per the ordinance. Since then the new city officials have taken their seats and are obliged to hand out the laws as they are on the book of ordinances and the Parks Co., refuse to pay the high license on the grounds of discrimination and other cause for complaint.

They have employed counsel and purpose to show in Sanford next week pending a settlement of the proper interpretation of the law.

The Parks Dramatic Co. is one of the cleanest and best shows on the road and give the people a high class entertainment at a very low admission giving every one a chance to enjoy good drama and comedy.

City Attorney DeCotter has offered to fight the case with no additional expense to the city and the outcome will be watched with great interest by all parties concerned.

Killed at Miami

Leslie F. McGowan was shot and instantly killed in a cafe at Miami Wednesday night by Constable W. G. Delberry. Two pistol shots entered the left breast, piercing the lung and severing the aorta artery. The deceased was well known and popular. He was 31 years old and a brother of the cashier of the First National Bank of Miami. Coroner's jury today at 10 a. m. returned a verdict, charging Delberry with murder in the first degree.

Three Small Blazes

The fire department was called out several times this week and rendered good service whenever it was needed. The French house was the first fire and was extinguished quickly. Another blaze on a launch at the foot of Park avenue called the department out on Tuesday night and yesterday a blaze out beyond the ball park proved the efficiency of the new truck in making a quick run.

Madam Bouton Coming to Sanford

Madam Bouton of the Metropolitan Opera Company of New York—assisted by Madam Edith Keuster, accompanist and Pianiste will give a recital in the Congregational church, Jan. 29th at 8 o'clock. Madam Bouton comes to Sanford under the auspices of the Sanford Music Club. Sanford is assured of a rare treat in this coming program. All tickets 50 cents.

Home-seekers Coming

Train No. 83 due here about two o'clock this morning was operated in two sections on account of the large crowd of home-seekers arriving in Florida. A number of them stopped off here and two cars were switched off to Groveland in Lake county.

First Celery Shipped

The first celery of the season from Sanford and also from Florida went forward yesterday and brought \$2.00 per crate at the platform. The celery belonged to Dr. Davis Forster and was bought by the Florida Produce Co., J. D. Hood, manager.

Unitarian Services

Rev. Eleanor E. Gordon will conduct services at 500 Oak Ave., Sunday afternoon Jan. 21st, at 3:30 p. m. The service on this occasion will be a lecture with a general discussion. Subject, "How Bibles Grow." Every one cordially invited to attend.

Notice of Impounded Swine

The owner will take notice that I have impounded and hold two swine marked smooth crop and hole in one ear and split in the other, doing damage at his expense for feed and proper care, at my home at Sylvan Lake, and that unless he calls for them and settles the expense within five days after this notice, such swine will be sold to pay such cost and expense and for this advertisement.

Sanford Expects To Have Good Place at Fair

IRRIGATION SYSTEM EXPLOITED

All The Crops of The Great Sanford Section Will Be Found In Sanford Booth

Sanford will be at the Orange county fair in full force and the Sanford booth as usual will be the center of attraction. Mr. C. H. Leffler, the veteran display man, expects to have more space granted him and he will fill it with vegetables, fruits and all kinds of plants and flowers.

The Sanford system of sub irrigation and drainage will be exploited in full, a miniature farm being demonstrated in the Sanford section. Here the succulent celery that has made Sanford famous will be given away to the hungry tourists at certain hours during the day and it will keep our celery growers busy supplying the demand.

Mr. Forster is out this week arranging for celery and other vegetables and every grower who has celery or will have some ready by Jan. 30th should inform the committee composed of R. C. Maxwell, R. J. Holly and A. T. Rosseter or C. H. Leffler. The finance committee, composed of F. P. Forster, Geo. H. Fernald and Frank Woodruff are hard at work getting the necessary funds and report progress.

Sanford should have one of the finest exhibits at the fair and the ladies who have beautiful potted plants can be a great help to the exhibit by sending them in the car. All the exhibits will be carefully handled and returned safely. Any one desiring information on the subject can see C. H. Leffler, G. H. Fernald or any member of the committees.

Sale a Record Breaker

The big sale of the Mettinger stock by the American Special Sales Company, which commenced Wednesday last has been marvelous. Long before the doors were opened a large crowd formed in front of the door seeking entrance, and finally when the doors were opened the crowds filled the store to its utmost capacity. A score of clerks were kept busy during the day to wait on the crowds. No sale was ever better advertised in this section, and the company carried out every promise made. The sales were enormous and a lot of goods were moved on the first day as well as since, however the stock was large, and will remain on sale until Saturday night, Jan. 27th. The crowds attending, and the interest taken in the sale, has been the talk of the entire community. It is indeed a record breaker.

Good Man Gone Wrong

J. I. McKee Sr., the furniture salesman, has returned from a two weeks' trip through South and East Florida, and says the celery crop around Sanford and in the Manatee river country has been damaged about fifty per cent by the heavy rains. The rainfall in South Florida has been the greatest ever known in the winter season and the ponds and lakes are higher than usual, while the low flat woods are also flooded in some places—Gainesville Sun.

Mr. McKee is a good man and means to be truthful but he must have filled up on sulphur water while here. Tee celery crop has been damaged so little that it is hardly worth while to mention it.

Mrs. William Calvin Chilton, will be pleased to see every man, woman and child in Sanford, in the Auditorium of the High School Monday evening Jan. 22nd, at 8:30 o'clock. PRIMARY FOR PRESIDENT

State Committee Reached This Decision at Meeting.

The Democratic primaries for Florida will be held on April 30 and May 28, 1912, these dates being determined by the State Democratic Executive Committee, which met at Jacksonville Tuesday in the parlors of the Aragon Hotel. The session was particularly stormy, but finally ended in the proverbial love feast.

There was a wide difference of opinion expressed by members when the meeting opened as to just when the primaries should be held. W. B. Crawford's resolution, as presented, fixed the dates as mentioned, but it was necessary to refer the matter to a committee, which reported again at 2 o'clock, when the resolution was carried, but not until after an amendment proposing May 14 and June 11 was defeated.

Besides state, county and national officers, the electors will also vote for circuit court judges, state attorneys and assistant state auditor, also delegates to the national Democratic convention and for members of the national committee. These being added by amendment after the official call was adopted.

An early and determined fight was made to reorganize the committee and deprive Mr. Price of his seat as chairman. This fight was led by Frank Walpole of Manatee, backed up by Hal W. Adams of Lafayette and C. F. Venable of Sumter. The resolution introduced by Mr. Adams, however, finally being tabled, the vote being 29 to 12.

Florida Democracy will take a radical step in reference to the election of a President of the United States, as the names of prominent Democrats mentioned in connection with the Presidency, will be printed on the official ballot, by request of the candidates, and the electors will thus have an opportunity to make an expression of their choice. In this connection, the delegates to the national convention will be bound by the action of the electors, supporting the candidate receiving the highest number of votes.

Shipping Cabbage

J. F. Miller shipped some cabbage last Saturday that netted him \$1.15 per crate. Geo. Fox, Jr., the commission man, made the sale and the price is good. Several growers are shipping cabbage this week and expect good returns.

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

Having served notice yesterday afternoon on President Gomez, as head of the Cuban republic, that the United States expects Cuba to live fully up to the terms of her treaty engagements and maintain a thoroughly republican form of government, the state department is now awaiting developments.

How the people of the United States may have saved for them millions of dollars annually in the operation of their governmental machinery was outlined by President Taft today in a message to congress on "economy and efficiency in the government service." "What the government does with nearly \$1,000,000,000 each year," said the president, "is of as much concern to the average citizen as in the manner of obtaining this amount of money for the public use."

The plan urged by Postmaster-General Hitchcock of the government's purchasing all of the telegraph and telephone lines now in operation in the United States continues to be a topic in official circles. Members of congress, Democrats and Republicans alike, express surprise that the postmaster-general should have sprung such a plan at this time, and without talking his chief, President Taft, into his confidence. The general impression is that the postmaster-general is rather playing to the galleries, and that nothing will come of his outburst.

Presentations of American women at the English court are to be restricted in the future to those married to British subjects, or whose male relations hold high official positions in England. If a suggestion made by Queen Mary is adopted, says the Tribune's London correspondent today, it has long been known that the Queen does not view the American "invasion" with favor.

By a vote of 115 to 155 the Convention of United Mine Workers of America refused to adopt the resolution committing the organization to the Socialist party.

A sharp attack on President Gompers of the American Federation was made in the Senate by Senator Hoyburn, of Idaho, who protested that a communication from Gompers should not be received. He said no communication from that source should be accepted after relations of Gompers with the McNamaras.

After a conference with the President, Secretary of War Stimson declared that he did not believe the United States would have to intervene in Cuba.

President Taft, it is believed, will late today commute the fifteen-year sentence of Charles W. Morse, serving in the Federal prison, at Atlanta, for bank irregularities. Morse, according to the doctors, is desperately and hopelessly ill.

To the Democratic Voters of Orange and Osceola Counties

I am a candidate for state senator from the senatorial district composed of Orange and Osceola counties and will appreciate your support.

Ever since the creation of this senatorial district in 1887, each county has had a senator for the same number of years; the custom being to allow each county a representative eight years at a time. Orange county has had the senator for the past eight years, and under the customs prevailing in the past Osceola county would be entitled to the senator to be elected in the primaries this year. The two counties have worked harmoniously under this custom for a quarter of a century and I see no reason why it should be broken at this time.

I have seized the people of my county at various times as deputy tax collector, deputy clerk of the circuit court, member of the state executive committee and clerk of the circuit court, and I have discharged the duties of each office I have had in a manner which I trust has met with the hearty endorsement of my people; and if elected as your state senator I will use my best efforts to promote such legislation as is needed by the people and the varied interests in this senatorial district.

In asking you to elect me as state senator I believe that I know the needs in a legislative way of this district as well, perhaps, as anyone in the district, and I believe I can represent you in the state senate in a manner that will be entirely satisfactory to you.

Mule Ate Piano

New Orleans, Jan. 17.—"Mule ate piano shipped. Send another next boat."

This message was received yesterday by a local piano house from an "up river" purchaser whose \$500 instrument had been forwarded via Mississippi river steamboat.

In its usual pine box the piano was installed on the lower deck next to a lanky, sleepy-looking mule bound for the cotton fields of the upper bends. Although provided with plenty of oats and hay the mule ripped off a portion of the piano box, disposed of six octaves of black and white ivory keys and ran the chromatic scale up to "g" in the treble clef. He had gnawed away the mahogany panels in front, masticated felt dampers and hammers by the dozens and completely wrecked the melodious "males" of the instrument.

"Steamboat Bill," stoking a boiler 20 feet away, said the mule "must have had his foot on the soft pedal, as he did not hear a note."

When discovered the animal was unconcernedly gazing longingly across the river at a grass-covered levee.

It will cost \$330 to repair the piano.

Dr. Hulley Wins Case

Tallahassee, Jan. 17.—The Supreme Court yesterday handed down its opinion in the case of Miss Helen Hunt against Dr. Lincoln Hulley, president of Stetson University, at DeLand. It will be recalled that Miss Hunt was at one time a student of this institution and was expelled on account of certain alleged conduct, of which conduct Dr. Hulley spoke of and explained in certain parties of DeLand. These statements were considered by Miss Hunt as being slanderous and damaging to her good name. Suit was, therefore, brought against Dr. Hulley in the sum of \$25,000 for damages and the Circuit Court awarded claimant \$15,000. Thereupon Dr. Hulley appealed to Supreme Court, with the result that, in its opinion just handed down the lower court is reversed.

Death of Willis Palmer

A telegram Tuesday afternoon announced the sad news of the death of Willis Palmer, at Oxford, Ga., where he was attending college. He was the oldest son of Hon. and Mrs. W. L. Palmer, of Orlando and has lived in that city all his life, where he was a great favorite among the younger society set.

He spent the Christmas holidays at home and returned to his college in apparently good health, but soon after reaching his college was taken suddenly ill with fever, which developed rapidly into typhoid pneumonia, his parents being summoned and were with him when he died.

Willis had many friends in Sanford and all of them extend their sympathy to Mr. and Mrs. Palmer.

WOMAN'S GREATEST BLESSING

This Information May Be Of Untold Value To Every Reader Of The

Woman's greatest blessing is health. Without it her happiness is wrecked. Ignorance of the proper treatment of the diseases peculiar to her sex causes this deplorable condition. Poor health comes to all classes,—the society woman and the woman who does her own work. Women's diseases often remain hidden and uncured because her natural modesty shrinks from consulting a physician and the disease goes on unhealed for and is well advanced before she awakes to the truth. Her many duties often seem of greater importance than health itself and she neglects proper treatment until her life is a wreck. The knowledge that Reno's New Health will surely cure Scanty, Pains, Painful, Irregular or Suppressed Menstruation, Sickly Periods, Constant Weariness and Weakness, Depression, Cramps, Dizziness, Violent Headaches, Palpitation of the Heart, Pain in the Back and Groins, Leucorrhoea, all Inflammations, Ulceration and Discharges of the Vagina and Uterus, is of untold value to every reader. It may be that today you are well and strong and are not in need of medical treatment, but weakness and disease come to every woman and then the knowledge that Reno's New Health will cure you will save you years of suffering and perhaps life itself. The sickly woman is the saddest wreck,—not only for herself but also for the loved ones around her, on account of the misery and sadness she causes them. Her children are likely to be sickly and peevish and too weak to properly fight the battles of life. How important, then, it is for every woman to have health. Reno's New Health is sold under an absolute guarantee that it will not cost a cent unless it will do all that is claimed for it. Weigh well this statement. It means your restoration to perfect health and womanhood without risking a penny. Every woman who is weak and ailing or who suffers with the diseases peculiar to her sex should use Reno's New Health at once and be restored to health and happiness. For Sale By Wm. G. Arthur E. Donegan Resigns as Clerk

Gives Up Position Which He Has Most Acceptably Filled and Will Make Active Campaign For State Senatorship

The following letters were sent Thursday evening to Governor Gilchrist and to the Democratic executive committee by Mr. Arthur E. Donegan, resigning his position as clerk of the circuit court. This announcement will be a complete surprise to a majority of the readers of the Valley Gazette, but the purpose of presenting the resignation now is clearly stated in the letters. Mr. Donegan will begin his active campaign for election to the state senate immediately after the resignation takes effect. The letters follow.

January 11, 1912.

Hon. Albert W. Gilchrist, Governor of Florida, Tallahassee, Florida.

By Dear Sir—I have previously announced my intention of becoming a candidate for state senator from the district composed of Orange and Osceola counties, and as the campaign is about to be formally opened I have decided to resign my position as clerk of the circuit court of Osceola county, and I submit this to you as my resignation of that office, to become effective February 15, 1912, or as soon thereafter as my successor is appointed and qualified.

Without any disparagement to others who may disagree with me, or pursue different courses, I wish to state that in order for me to make a thorough and systematic canvass of the two counties composing this senatorial district, it will necessitate my absence from my office, and a consequent neglect in some degree of my official duties, and rather than ask my people to elect me to another position while I am in no small measure neglecting the duties of the office with which they have honored me in the past I have decided to resign, and ask you to appoint some one to succeed me for the remainder of my term.

I have addressed a communication to the Osceola county Democratic executive committee today, asking that body to recommend the name of some good Democrat for appointment by you, who is not now an announced candidate for this position; and who will publicly announce at or before his endorsement by the committee that he will not become a candidate for the primaries this year. I do this because I think it would be obviously unfair to other candidates for this position if one of those now announced should be recommended by the committee and appointed by you.

With renewed assurances of my high esteem, I remain,

Very truly yours,
ARTHUR E. DONEGAN.

To the Democratic Executive Committee of Osceola County, Florida:

Gentlemen—Several months ago I announced my intention of becoming a candidate for the position of state senator from the district composed of Osceola and

Orange counties, which necessarily meant my retirement from the position of clerk of the circuit court of this county at the end of my present term.

When I announced my candidacy for the state senate, I stated that it was my intention to make a thorough and systematic canvass of the two counties composing this senatorial district, and I now find that it will be impossible for me to do so, and properly attend to the duties of my present office.

During my term of office as clerk of the circuit court I have given to the duties of that of that office my most careful personal attention, personally supervising all of its many details, but to make the campaign which I have planned for state senator it will require my absence from the office to such an extent that I feel I would be recreant to my trust, in seeking other honors, I neglected in the simplest degree the duties of my office which the people of my county have entrusted to my care.

Therefore, believing it to be for the best interests of the county that the duties of the office continue to be performed and personally supervised by the clerk and realizing that it will be impossible to do this and make the campaign I have planned for State Senator, I have this day forwarded to the Governor my resignation as clerk of the circuit court.

In reaching my determination to resign as clerk of the circuit court, I am not unmindful of the fact that there are now announced candidates for this position, but I sincerely trust that you will recommend to the governor for appointment as my successor some good Democrat of the county who is now an announced candidate for the position, and who will, in consideration of the recommendation, publicly declare his intention not to become a candidate in the primaries of this year. I would regret to see any of the announced candidates for this position recommended by you, for it would obviously give that candidate an advantage over the others, a condition which I would regret to have caused by my resignation at this time.

I am truly grateful to the good people of Osceola county for their confidence in me in the past. I have given to their public service some of the best years of my life and in resigning my position at this time, I do so in the belief that it is my plain duty to my people. I cannot consistently accept reward for services not rendered, and realizing that I cannot make a thorough and systematic campaign for State Senator and properly discharge these duties, I have decided it is best to resign.

Thanking you in advance for your kindly consideration of the request herein made, I am,
Very truly yours,
ARTHUR E. DONEGAN.

Again Sanford can raise the "Lucky" slogan. The recent cold snap never touched us.

Friends of Governor Gilchrist are trying to land the Vice Presidency for him. Good place to bury a dead one.

Fifteen hundred actors and actresses are stranded in Chicago and cannot get work. Good chance for the celery growers to get help.

First Florida celery left Sanford yesterday and was paid for at the station platforms at the rate of \$2.00 per crate. Now smile, darn you!

ARTHUR E. DONEGAN

In another column we publish the announcement of the resignation of Mr. Arthur E. Donegan from the office of clerk of the circuit court. Some time ago Mr. Donegan announced that he would be a candidate for the state senatorship, and that he would make an active canvass before the primary. The question of whether officeholders should resign when they begin a campaign for election to another office is agitating a great many people in Florida. Arthur E. Donegan has settled the question for himself in a characteristic way. It takes a rather high conception of honor to relinquish a lucrative position in order to engage in the uncertainties of a campaign for another office when no law requires that sacrifice, and many may wonder at Mr. Donegan's act. To those who know him it is no surprise. Arthur E. Donegan is that sort of a chap. The next legislature will have no more honest, more faithful, more capable member than Arthur E. Donegan.—Kissimmee Gazette.

SANFORD EXTENDS WELCOME

One of the most distinguished parties that ever visited Florida as a whole will be the Rivers and Harbors committee and the personal representatives of the United States and foreign countries who will be here next week at the opening of the East Coast extension at Key West. The visitors will return via Tampa, and Sanford should have a united effort to induce the party to spend a day in this city to inspect the St. Johns river and tributaries. Hon. Forrest Lake, president of the Commercial club is anxious to have a few representative citizens go to Jacksonville tonight to extend a welcome to the visitors and every one who can do so should accompany the party and make a strong bid for them to include Sanford on their itinerary. There will not be an opportunity to show such a strong and influential body of statesmen our needs in a lifetime and the future of our city as a center of water transportation hinges upon the verdict of the rivers and harbors committee. An insight into the possibilities of the St. Johns as a great commercial artery of trade will be given the committee at first hand and will greatly influence their future appropriations.

Following is the personnel of the party: William H. Taft, president of the United States, will be personally represented by Robert Shaw Oliver, assistant secretary of war, and Major William Lassiter, field artillery, United States army, and Major William Lassiter, who is connected with the Inspector general's department.

In addition to members of congress the following foreign diplomats will accompany the party: E. B. Cato of France, Senor Degema of Brazil; Senor Mendez of Guatemala.

Senator Chamberlain, Democratic senator from Oregon, will also accompany the party, as will Senator, D. U. Fletcher of Florida, who together with Congressman Frank Clark and Sparkman has worked unceasingly to make the delegation a very representative one.

Brig. Gen. B. Bixby, chief of engineers, United States army, will be in the party, as will Admiral Frank E. Fletcher, U. S. N., who has jurisdiction over all the navy yards of the government.

One of the most distinguished members of the party will be Rear Admiral Hutch I. Cone, chief of the bureau of steam

engineering of the United navy. Admiral Cone won distinction as commander of the torpedo boat flotilla that accompanied the North Atlantic fleet in its famous trip around the world.

The members of the house of representatives who will be in the party are as follows: Congressmen McKellar, Watkins, Conroy, Hughes, Georgia; Lewis, Sweet, Patton, Popper, Hamilton, West Virginia; Price, Bradley, Anthony, Tilson, Ames, Wickersham, Gregg, Texas; Hobson, Turbull, Hensley, Buchanan, Bathrick, Lee, Foss, Butler, Roberts, Massachusetts; Loud, Bates, Kohp, Sparkman, Burgess, Humphreys, Mississippi; Ellerbee, Edward Small Gallagher, Taylor, Alabama; Donohoe, Scully, Lawrence, Davidson, Rodenberg, Kennedy, Barchfield, Chandler, Simmons, Wilson, Illinois; Heflin, Campbell, Boreland, Mays, Kindred, Ashbrook, Hartman, McKinley, McGillivray, Clark, Florida, and Greene of Massachusetts.

The secretaries of Senator Fletcher and Congressmen Gallagher, Carpenter, Sparkman and Theall, as well as the Sergeant at Arms U. S. Jackson and Clerk of the House Thimble will be in the party.

Leboid White of Oveido returned yesterday from a short visit to relatives in Kansas. He is stopping in Sanford a few days on his way home.

Prominent Man Praised Sanford Hon. Delos B. Rogers of Louisville, Ky. a prominent attorney of that city and Supreme Instructor for the Moose Lodge has been in the city in the interests of the local lodge. Mr. Rogers is making a tour of the state, coming here from Tampa and leaving today for Ft. Pierce and Miami. He expressed himself as delighted with our city and stated that in his opinion it could very easily be made one of the finest tourist towns in the state. "Nature has given you one of the finest lakes in the country anywhere" said Mr. Rogers. "All you need now is enough capital to put your lake front in good shape by bulk-heading and add a few parks along the boulevard and you will have everything in the State beat." A conference was held by Mr. Rogers with the officers of the Moose Lodge last night and this morning.

Diagnosed.

"That's a smart thing I've done," said the doctor to his assistant. "What's that, doctor?" "I have put my signature in the column 'cause of death' in this death certificate."—Tit-Bits.

Every school boy knows that a kite will not fly unless there is a string tying it down. It is just so in life. The man who is tied down by half a dozen blooming responsibilities and his mother will make a higher, stronger fight than the bachelor, who having nothing to keep him steady, is always foundering in the mud. If you want to ascend in the world, tie yourself to somebody.

Be early and avoid the rush at the Big Park Show every night next week.

There is a habit and a delusion among a large number of our people to go to some large city to shop, believing that they can purchase cheaper. We think

these good people may be buncoed by their own thought. Please reckon your carfare and time, if the latter is worth anything. If our town merchants try to "soak" you or have not what you want, of course, you are justified to go elsewhere. But first find out by getting prices and see what your home merchants have.

When you pull down the town in which is your home, you are pulling down yourself, and when you build up you are building up yourself and your neighbor. Try and banish from your mind the mistaken idea that all good things are away off in some other locality. Give your town all the praise it can legitimately bear. It certainly will do you no harm and will cost you nothing, and above all patronize your home institutions—including the printing office.

Welaka Musicals

The Welaka Club rooms held one of the largest and most appreciated audiences of the season on Tuesday afternoon, the occasion being a delightful musicale under the management of the music committee, Miss Bowler and Miss Frank.

The Welaka Club has been doing creditable work in their various departments and the musicale naturally is a chief among them. A well selected program was given, including a vocal solo, "The Rosary" by Miss Coleman of Enterprise; piano solo, "Perran Song," Miss Warji; instrumental duet, "Melody in F," Miss Hand and Miss Frank. At the close of the musical program Mrs. J. W. Dickins read a paper on "Old Masters," prepared by Mrs. Davis Foster. Mrs. Dickins was assisted at the microscope by Miss Keeler. The entire paper was charming and the pictures illustrated with particular emphasis and in all was a generous work of the art department.

The social half-hour was thoroughly enjoyed. Mrs. W. D. Holden, as hostess, presided with her usual grace of manner. Hot chocolate was served and it was with regret the guests of so rare a treat departed.

Complimentary to Mrs. Briggs

Mrs. Paul Keely was the charming hostess of a delightful bridge party Tuesday afternoon complimentary to her guest, Mrs. A. S. Briggs of Madison, Wisconsin. Three tables of bridge were played. The highest score was made by Mrs. H. M. Papworth, who won the first prize, a dainty hemstitched jacket. Miss Maggie Hart of Orlando received the booby prize, a very pretty pin cushion. Mrs. Keely's guests were Mesdames Briggs, Curtis, Robinson, DeForest, Hughes, McLaughlin, Brady, Barnes, Papworth, Neal, Chase, Whitner, Gabbett, Misses Wylly and Hart.

In Memoriam

Jefferson Clay Ensminger was born at New Berlin, Ohio, March 22, 1843. He would, therefore, have been 69 years old had he lived a few weeks longer. As a boy he resided in Ashland, Ohio, and in his young manhood he lived at Cleveland and for a time in New York city. He went to Iowa in 1870, there meeting the faithful wife who survives him, Amanda Lydia Brown. They were married in Vermont in the year 1872 and returned to Iowa to live.

Never even as a boy had Mr. Ensminger been in robust health. A few years after his marriage he developed difficulties so severe that his friends became alarmed. When he came to Florida for the first time, in the fall of 1883, it was not believed that he would live a year. But he returned to Iowa the next spring in much better health. For several years he thus alternated between the two states, making his home in Sanford each winter. Then in 1890 the entire family came to Sanford and this has been the home ever since.

In early life Mr. Ensminger wanted to go into one of the professions but circumstances forbade this and he took up the same business as his father, who had been a photographer practically from the beginning of that industry. He made his work a profession, putting into it science, skill and heart, and he won success. Florida offered him a unique opportunity,

which he has followed with large success. In all parts of the state and under every possible condition of this commonwealth he has gathered permanent records on the photographic plate. The result is a collection of negatives of priceless value. No one appreciated their worth more than did Mr. Ensminger, and he was engaged in sorting out the best of them when death overtook him.

The Christian life and experience of Mr. Ensminger has been peculiarly happy. Becoming a Christian as a boy in the days when such experiences were rare, he early joined the church and has ever delighted to be in active service. He brought his religion with him to Florida and in spite of ill health, at once identified himself with the spiritual forces of Sanford.

When the Congregation church was organized in 1890 Mr. and Mrs. Ensminger were among the charter members. Mr. Ensminger became church clerk and served in that capacity for many years. He believed in and loved the Sunday school. All his life he has been active in it. When he came to Sanford he followed along these same lines, even going out in the country district to maintain schools. He was made superintendent of the Congregational school as soon as it was organized and held the office without intermission until his death. For the past two years he has been but rarely in attendance because of ill health. But he kept up his deep interest to the last.

Out of such a home have come children worthy of their parentage. Miss Mary, the oldest daughter, is bookkeeper at the hardware store of Geo. H. Fernald. Another daughter, Miss Carrie, is a valued teacher in the Sanford public schools. The son, Fred, went into the ministry and has established a wide reputation in his denomination through his unique work which he is carrying on at West Tampa.

The new church was in proportion to their means than did he to bring it to pass. He has ever tried to lead an earnest, conscientious, consistent life, and this is his own best monument in the community. Often, and of late months nearly always in pain, he never failed to have a pleasant word for everyone. His was a life overflowing with abounding courage, cheerfulness and good works. Strong in his own beliefs he had the utmost tolerance and charity for the belief of others.

About three years ago his old troubles began to press down upon him with redoubled power and since that time he has never seen a day free from suffering. Toward the last he was in constant and almost unbearable pain, but he kept hold on his business to the very day of his death.

Monday evening he took supper with the family as usual. He was particularly happy in the presence of his son, and wife, and the little grandson who had arrived that afternoon from West Tampa.

The family retired as usual looking for no immediate change. But the summons came in the night. His wife on waking found that he had dropped into a peaceful sleep for safety. Quietly he breathed his last at two o'clock Tuesday morning, with the whole family about his bedside. Dr. C. E. Walker, the faithful physician and friend was hastily summoned but life had departed before he reached the bedside.

Besides the wife, three children and three grandchildren here in Florida, Mr. Ensminger leaves a brother, Mr. F. Ensminger, who lives at Marion, Ohio, and a half brother, Mr. James Madison, also a sister, Mrs. Mary Morwy, wife of a prominent lawyer in Milwaukee, Wis.

The funeral took place at the Congregational church at two on Wednesday afternoon. The schools of the city were dismissed and the business houses closed as a mark of respect. The Masons of the city came in a body and conducted the casket from the home to the church, while hundreds of people gathered in respectful silence on the streets. Mr. Ensminger joined the Masons before coming to Sanford, and early made his influence felt in the Sanford lodge. Largely through his influence has the lodge been kept up to the high moral standard that it now possesses. For several years and until shortly before his death, when his failing health compelled him to give up, he was secretary of the lodge, and faithfully he did his work.

Six fellow Masons and intimate friends acted a pall bearers. They were C. R. Walker, Lucian Phillips, G. W. Spencer, Fred Turner, C. F. Haskins and F. E. Criggal. Beautiful flowers and in the largest profusion had been brought in as a tribute. These were first taken down and loaded into one of the waiting carriages, then the sad procession moved to the church.

When all had entered, the building was crowded to its utmost capacity, more than a hundred people standing during the services. Rev. George B. Waldron, pastor of Mr. Ensminger, conducted the church services. After music, prayer and appropriate scripture reading, Mr. Waldron spoke for a few minutes from

the passage in I John 2:17 "And the world passeth away, and the lust thereof; but he that doeth the will of God abideth forever." This was followed by brief addresses from two of Mr. Ensminger's intimate friends, Mr. C. R. Walker and Mr. Lucian Phillips, who paid strong and eloquent tribute to the character and life of him who has gone.

The music was in charge of Mr. E. T. Woodruff, assisted by Mrs. Hoy, Mrs. Waldron and Mr. Wildman. The selections were beautifully rendered and fitted to the service. From the church the Masons conducted the body to the cemetery and read the service over the grave. Large numbers of people were in attendance. Miller & Son were in charge.

Thus passes a kind husband and father, a good citizen, a friend to everybody, a real gentleman, a humble, earnest, consecrated christian. The whole community loses in the death of such a man.

BALD HEADS NOT WANTED.

Baldness is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65% of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "33" Hair Tonic. We want them to use it regularly any until three bottles have been used and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair to its roots and grow new hair, we will return every cent paid us for the remedy for the more asking. There is no formality expected, and we exact no obligation from the user whatever.

We make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store

DOOLEY ON THE ORLANDO MEETING

(Florida Grower, Nov. 2, 1911.)

"I see by the papers that these a call for the citrus frute orange growers of Floriday to meet at Orlando on Saturday," said Mr. Hennessey.

"Yes," said Mr. Dooley, "all the leadin' an' led men, includin' Ketchem an' the Major, will be there. You rightly named it the call, falth 'tis the call of the wild, as me friend Jack London would say. Me friend Ketchem is wild because he can't ship out the grane frute oranges an' he has the Major to issue the call. That's why 'tis the 'call of the wild.' 'Tis all planned in Ketchem's office. Ketchem takes down the tillphone an' he says gimme the lang distance operator. Lang distance, says he, give me Saint Augusteen. Who do ye want there? says the gurl; the Floriday East Coast Railroad, says Ketchem, I want the big boss, says he. Hello, says he, can you lend me the Major with the long name, says he. What for says the boss; to take another crack at the Floriday Exchange, says Ketchem. Certainly, says the boss, an' so the Major is put onto the job."

"Will he make a speech?" says Mr. Hennessey, an' what's it all abute, anyway?"

"He will," said Mr. Dooley. "The Major will rise in all his majesty, feeling perfectly at home in his company. He will say: Mr. Chairman (himself being chairman) an' fellow-citrus fruit-orange growers, in fact I may say, persecuted and prosecuted fellow citrus fruit-orange growers, I representin' as I do 80 per cent. of the orange growers of Floriday and also the Floriday East Coast Railroad, that true frind of the grower, I protest against the outrageeous, murderously, villainous, contimtable, objectionable, unreasonabe course now being pursued by the Florida Exchange an' Willum Chasem Temple. Did I say pursued? I did. Maybe the word was wrongly used. They are not being pursued. Falth, 'tis the free an' independent shipper that wants to market his own frute whin he want to, that is being pursued. Even a nember of me own family is thus being pursued by the villains, an' he has been arrested in this beautiful an' free town of Orlando, more shame to him. I come before you, not as representative of that grand and glorious institution, the Floriday East Coast Railroad, that grate highway, under the control of me own boss, one of the greatest highway men in the country, that grate highway that has extends its bands of stale an' other bands of a like nature, all the way from Jacksonville, the home of the Tolmes-Onion, that glorious representative of a free press, to Miami, an' beyond to keys of Floriday that extend out into the blue wathers of the ocean, pintin' a beckonin' finger to that Pearl of the Ant Hills, Cuba Libre, where grow the glorious pineapples of that free country that we love so well; the pineapples I mane. It has bin said that the Floriday East Coast hauls the pines of the free Cubans for 25 cents when they charge the Floriday growers 83 cents, an' the distance much shorter. While 'tis true, 'tis all owing to the exegines of the occasion, an' the fact that nobody else can get the business of the Floriday grower while unfair in competing steamships not owned by that great benefactor, S. O. Flagler, haul the Cuban pines at a rediculously low rate. 'Tis something the common grower cannot be made to understand an' we will pass it hurriedly by; but I come as a ripresentative of 80 per centum of 't orange growers of Floriday, an' in behalf of me friend Kitchem, that other grate frind of the Floriday growers. All me and me friend Ketchem wants is to be let alone an' have things as they was before we iver hered of this damnable Floriday Exchange that is now the ruination of me friend Ketchem's business. We now cum to the pint. I denounce with all th' force of me big an' gran' nature, the Turrible Tim' Tilligram that said grane frute oranges is poyson. Ghntilmin, lookin' you all in the eye an' swearing that me words is true, I ate green frute oranges this mawnin' frum me own grove, where I formerly lived, the town being called after one of me ancestors, and the straits all beim named after me, and where I still own the opera house that niver operated, that beautiful town of Tavara, an' I'm not ded yit, an' therefore ghntilmin, how can I ask you, how can grane frute oranges be poyson under like an' similar circumstances an' conditions? Therefore, ghntilmin, I ask that yer take a vote that the Floriday Citrus Exchange is a detrimint to the state of Floriday an' to me frind Ketchem an' to condemn the action of Willum Chasem Temple in findin' out his poyson tillgram."

"Will they do it?"

"Falth, I dunno. They're an' old

sayin' an' a throe one—these many a ship bechune Sandy Hook an' the slipp."

"She left me for some motive or another."

"Probably another." — Dulelmer Dawson.

"Can't say that the world is gettin' a bit smarter," asserted gran'pa. "My grandson asks me the same silly questions that his father asked at his age."—Justin Tyme.

Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourne, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache.

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

NEW BUSINESS BLOCK

Magnolia Avenue Becoming a Business Street

MORE STOREROOM CONTRACTED

Brick Block Will Be Erected At Once On Lot Adjoining The Herald Building

Herald Square is destined to become one of the principal business streets in Sanford.

This prediction was made several years ago by the Herald primarily because the editor was interested in Magnolia avenue, the Herald building being on this thoroughfare, one of the banks and both of the theatres and the department store of D. A. Caldwell & Son.

From a piece of vacant property overgrown with weeds and absolutely impassable to pedestrian two years ago the east side of Magnolia from First to Second street has been built up rapidly and another link in the chain will be forged by a new brick block to be erected at once on the lots adjoining the Herald building. J. F. Miller will erect a two story building at once with 48 feet front giving him two store rooms on the first floor. He was formerly engaged in the bakery business in this city and will occupy one of the store rooms himself, as a bakery, the other will be rented probably as a restaurant or first class barber shop.

The contractors are preparing the plans and the contract calls for the completion of the building by April first.

First Train to Key West

When the cross-over span at Knights Key was closed Sunday afternoon and the great concrete trestle into Key West was finally tested out, everything was in readiness for the celebration of the opening of the over-sea extension of the Florida East Coast Railway.

Last night the warships and other vessels in the harbor were brilliantly lighted in honor of the event. Among the ships are the Portuguese cruiser Republica, the German cruiser Bremen and the Cuban flagship Hatner. The United States government is represented by the fifth division of the Atlantic squadron, under command of Rear Admiral Fiske, and consisting of the flagship Washington, the armored cruisers Birmingham, Chester and Salem.

Assistant Secretary of War Oliver has been designated to represent President Taft at the celebration, and accompanying him will be a congressional delegation numbering sixty-eight in all, one of the largest parties of government representatives ever leaving Washington on a similar trip.

Bitten By Rattlesnake

Ocala, Jan. 21.—Gene Clayton, fourteen years of age, a son of Mr. and Mrs. W. H. Clayton, of Alachua, was bitten on the hand yesterday by a rattlesnake while out hunting with a crowd of boys near the Marion Farms, two miles east of town. The boys ran a rabbit into a hole and young Clayton reached in the hole for the rabbit, when the snake struck him, biting deep into the flesh. The young lad was hastened to the stockade at the Marion Farms and a team was quickly hitched up and he was brought to the hospital here, and physicians are doing everything possible to save his life. He is still alive this morning, but is in a critical condition, and it is feared that he will not recover. Young Clayton had been here for only a short time, visiting at the home of his uncle near old Fort King. His father was notified of the accident and arrived last night to be with his son.

Victims of Fraud

The attention of the public was recently brought to the sufferings of a young couple who have resided in New Smyrna for several months, coming here from Celery City, where they lost all they had through the inability of the promoters to make them a deed to the land which they had purchased, and spent some money in improvements.

The man was industrious and secured employment—not being particular what it was—and they got along very well until a few weeks ago, when the loss of all their savings began to prey upon the mind of his wife until she became insane, not recognizing her husband and child. With this great care on his hands the faithful husband was unable to leave his wife to earn a living and the townspeople had to come to his relief, and this was

done in a very substantial way. A sufficient sum was raised to defray their expenses to their former home in Pennsylvania, where they could have the help of relatives to care for the afflicted wife who, it is hoped, is only temporarily insane.

The Celery City promoters probably practiced the greatest fraud on the innocent purchasers of land than any other colonization company in Florida, and they should be punished for it. Most colonization companies are prepared to show a clear abstract and make a good deed to the purchasers of their lands. And some of these lands are so poor it might, morally be considered a crime to sell them and make a good deed to them, but the men who deliberately sell people land on the installment plan and receive payments, when they cannot make a deed to it, should either be made to restore the money with interest or punished by law, or both.—New Smyrna Breeze.

Sanford Music Club

The music club had a very enjoyable meeting Saturday afternoon at Comfort Cottage, with Mrs. M. Martin, president of the club who was also leader of the meeting. "Piano Playing and Composition" was the subject under consideration of the club. Two very interesting papers containing sketches of the well known and popular composers of the day, Clementi, Cramer and Hummel were read by Misses Ellen Mahoney and Carrie Lovell.

Mrs. Munson played two fine selections in demonstration of the individuality and style of two of the composers of whom sketches had been read by Miss Mahoney and Miss Lovell, a sonata in F by Clementi and Le Desir by Cramer.

In the absence of the secretary, Mrs. Ernest Tolar, Mrs. T. A. Newton very capably filled the position. One new name was proposed for membership and, after the calling of the roll, several matters of interest were called to the attention of the club by the president, which concluded the business for the afternoon, and the chorus work under the leadership of Mrs. Geo. L. Hoy was begun. A short practice on two fine selections were enjoyed by the club before adjournment.

Athletic Games for Field Day

The athletic games committee of the Field Day celebration met in the office of Mr. Geo. Fox, Jr., Friday evening and decided on the following events for their program:

Running, 75, 220 and 440 yards, half-mile and mile flat, one mile relay race (4 men teams), 440 yards relay race for boy scout troops, 220 yards race for boys under fourteen years of age.

Jumping and Weight Throwing—Standing broad jump, running broad jump, running high jump, putting the shot.

These games are open to amateurs only and they will be conducted under the rules of the A. A. A.

All entries must be in by February 1, so those who wish to compete for the valuable prizes ought to communicate at once with one of the following gentlemen who compose the committee: Messrs Geo. Fox, Jr., W. H. Underwood, J. F. Karnatz, Prof. Wildman and Father Bresnahan (chairman).

DeLand and Orlando are expected to send teams for the relay race, so our home athletes ought to begin training at once, that we may have a good team to represent Sanford.

Fair Weather This week

Washington, Jan. 22.—There is nothing at the present time to indicate that a general cold wave will cross the country this week. The bulletin issued by the Weather Bureau tonight said temperatures will average near or above the normal throughout the country.

"Generally fair weather," the bulletin continues, "will prevail east of the Rockies except that a short period of rains and snows will attend a disturbance that will appear in the far West Tuesday or Wednesday, cross the middle West about Thursday and at Atlantic states Friday and Saturday.

"There are indications that general rains will set in over the Pacific States by the middle of the week and continue several days.

"Moderate weather and wind conditions will prevail over the north Atlantic steamship routes during the coming week."

STATE POLITICS WARMING UP

Candidates Are Grooming Themselves For The Big Race

Jacksonville, Fla., Jan. 23.—Since the meeting of the Florida Democratic Executive committee here Tuesday, at which the call for the first primary was fixed for April 30, political activity throughout the state has become very marked.

Candidates for various state offices are throwing their headquarters open with a rush, and additional clerical help has been employed to conduct the work of those already opened. Indications are that practically all candidates for governor will maintain their political headquarters in Jacksonville.

It is stated that Trammel has engaged officers here, and will install a large force within a few days. The headquarters of Watson and Milton have been open for several weeks. Col. Cromwell Gibbons has had his headquarters open for the past six months, and is adding to his staff as the campaign warms up.

Local politicians are much interested to know whether Mr. Trammel will come here to manage his own campaign, and go out from Jacksonville to his various appointments, or whether he will perform his campaign duties from the office of the attorney-general at Tallahassee. Watson, Gibbons and Milton are free from official duties with the state, and are able to give their entire time to their political activities. At such times as

they are not filling speaking engagements they will be about their headquarters.

The gubernatorial campaign seems to be singularly free from big issues. With all except Gibbons there seem to be no issues other than they desire to preside as chief executive of the great state of Florida. Col. Gibbons long ago declared himself on the drainage of the Everglades, insisting that this great section of the state is being destroyed by the methods employed. He declares that these vast acres should not fall into the hands of speculators, and that these lands should not be sold unless the purchaser is definitely assured when they will be ready for cultivation. Another plank in his platform which is finding much favor is the abolition of the convict lease system and the placing of convicts on public road work.

Colonel Gibbons has injected some humor into the situation by labelling Everglades sales as "lands by the gallon." It has been whispered about that one of the other candidates for governor is preparing to launch the slogan "Forty acres and a boat." At any rate the Everglades drainage project will loom large in the chief issues of the campaign. Both the serious sides of the proposition, and "lands by the gallon" slogan have been going the rounds of the state press very freely. Many of the big papers of the north and west have been paying attention to the proposition. Several of the largest of these have arranged to send a special correspondent through the glades before the end of this month for the purpose of ascertaining exact information as to past methods and results, actual conditions and future prospects. Many thousands of people through the north and west are purchasers of lands declared to be worthless for many years to come.

The action of the state committee on the presidential primary has renewed the interest of Floridians in the national outlook and of the possible effect of the declaration of a reform as yet untried. It is agreed that Wilson will be a strong man before the people of the state, notwithstanding the fact that he has been deserted by Colonel Harvey, of Harper's Weekly, and Marse Henry Watterson, the distinguished and versatile editor of the Louisville Courier-Journal. Champ Clark will get a very solid support throughout the state, and all are bound to admit that Harmon will develop a very strong following in the primary.

Plenty of Attractions

Sanford is a good show town and the people are always willing to go to any entertainment that furnishes a slight diversion. This week with two moving picture shows, the Imperial and the Star offering special attractions and the Parks Theatre Co. offering good drama and specialties every afternoon and night at their tent on Palmetto avenue, the city is well represented in the line of amusements. The Cole & Rice shows are also booked for Thursday night at First St. and Myrtle.

The Lyman Twins at the Imperial next Monday night and the Orange County Fair all week in Orlando will keep the people busy.

Pleasant River Trip

Quite a party of young people enjoyed a very pleasant trip up the river, Sunday afternoon, in the launch "Maime," commanded by Capt. Pagenhart. The enjoyment of the outing was much enhanced by a delicious chicken pilau, which was prepared after the party landed by the French and English chefs, which they wisely took along with them.

The party was chaperoned by Mrs. J. H. Roumillat, and the young people who enjoyed the trip were, Misses Madge and Veda Ward, Annie Higgins, Miss Michael, Mabel and Charlotte Hand; Messrs. R. R. Deas, Braxton Perkins, Archie Betts, Eugene Roumillat and Billie Hill.

Sewing Circle

The members of the sewing circle enjoyed a very pleasant meeting, at the residence of Mrs. Deane Turner, last Thursday evening. Those who were present entertained themselves and each other, with fancy work and pleasant conversation.

The hostess served delicious fruit cake, apples and nuts.

Want A Farm?

The man who is looking for a farm needs this one. Ten acres fronts on Beardsall avenue, runs to trolley line and S. E. railway. Fenced and three acres cleared. \$200 cash and the balance on easy terms. R. J. Holly, Herald.

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurred Readers

Dr. Len C. Broughton, pastor of the Baptist Tabernacle, the first institutional church to be founded in the South has tendered his resignation to the congregation to become effective April 1. He will go to the pastorate of Christ Church, London, England, succeeding Dr. F. B. Myers, another widely known divine.

James T. Harahan, Sr., former president of the Illinois Central; Frank O. Melcher, second vice president of the Rock Island; E. B. Peirce, general solicitor of the Rock Island, and Eldridge E. Wright, son of Luke E. Wright, former Secretary of War, were killed in a collision of two Illinois Central trains at Kinmundy, Ill., about twenty miles from Centralia early today.

The report of the House Committee which investigated the Wiley-Wilson-McCabe trouble in the Department of Agriculture, and which unanimously clears Dr. Wiley of any wrong-doing, was filed with the House. While the Chief Chemist is held entirely blameless as regards the charges in administering the pure food laws, a recommendation is made to head off other like controversies.

Senator Bryan of Florida in a speech today opposing all pending general pension legislation, attacked the practice of congress in passing bills to "amend" and "correct" military records, thus pensioning deserters who could not comply with the liberal provisions of the general pension laws. A more appropriate title for such bills, he declared would be "a bill to straighten a crooked record."

Several citizens of Nashville, headed by H. B. Carre, president of the Tennessee Anti-Saloon League, and W. R. Hamilton, superintendent, in their capacity as taxpayers, today filed a bill in chancery seeking to mandamus City Comptroller Andrews to assess and collect back privilege taxes from 683 soft drink dealers for the period during which they held federal liquor licenses, between the date of state wide prohibition, July 1, 1909, and January 1, 1912.

Beer being a commodity that cannot be barred from interstate shipments into dry counties, according to a decision of the United States supreme court, railroads must take it when offered for transportation. The case arose from a situation when Kentucky sought to bar shipments from Indiana into "dry" counties of the former state.

Leinhart-Shepherd

A quiet wedding was solemnized Sunday afternoon at the home of Mr. and Mrs. J. A. Shepherd, when their daughter, Mary Agnes, was united in marriage to Lewis M. Leinhart, Rev. Father Bresnahan officiating. Only the immediate relatives of the contracting parties were present. The happy couple left on the evening train for Tampa, where they will make their future home. St. Augustine Record please copy.

New Hotel On River

The Riverside Inn is a new tourist hotel recently opened at Kalamazoo. K. P. Bodum and Max Adler are the proprietors and they are receiving a good patronage. The hotel is situated on a bluff about 12 miles from Sanford, where fishing and hunting are good, and the German hosts promise the best of everything in accommodations. The new resort is bound to prove very popular with the tourists, and the upper St. Johns offers a most delightful outing. The postoffice address is Osteen, Florida.

Thorns From Thornydeke

It may have nicely "happened so" or it might have been the work of a facetious "make-up man." In the Sanford Herald appears a column headed "In the Social World," and right along side of it is an ad for tombstones and another for sawmills. Maybe the social worldites are dead ones—or possibly they say nothing but saw wood.

Sanford is trying to form a "Lend-a-Hand" club. Humphl Nothing to it! Join a "Borrow-a-Dollar" club and there'll always be business.—Palm Beach County,
