

Farm Relief Bill Is Made Law As Chief Affixes Signature

Ceremony Attending Signing Marks End Of Bitter Struggle To Obtain Farm Aid

WASHINGTON, June 15.—(INS)—President Hoover's farm relief program was translated into law at noon today. Just a year and a day from the time he was nominated for the presidency, Mr. Hoover scrawled his signature to the bulky document which aims to carry out the first and foremost of the Republican campaign promises.

His signature was all that was needed to place at the disposal of the administration the enormous sum of \$300,000,000, with which to endeavor to put depressed agriculture on a par with industry.

Just how this is to be accomplished remains to be worked out, but the bill which the President signed sets up a new federal farm board of eight members, yet to be selected, and establishes crop stabilization corporations with power to "enter the market" in order to prevent radical price declines.

As a starter on the \$300,000,000 program, the President will ask Congress before it recesses to make \$150,000,000 immediately available.

Quite a ceremony was made of the signing, signifying as it did the end of the bitter farm struggle in the present session.

Vice President Curtis was there. Speaker Longworth, Senator Watson (R) of Indiana, the majority leader, and the Senate and House conferees who battled so strenuously to compose the differences between the two houses, Senators McNary (R) of Oregon, Norris (R) of Nebraska, Capper (R) of Kansas, Smith (R) of South Carolina, Hatcher (R) of Iowa, Williams (R) of Illinois, Furnell (R) of Indiana, Knicker (R) of Kentucky and Aswell (R) of Louisiana.

The President signed the bill at 12:06 o'clock in his great circular office. Special light bulbs were installed in order to record it in film and plate for historical purposes.

The next immediate steps now are for the President to appoint the new farm board, which he plans to do speedily, and for Congress to appropriate the \$150,000,000. Mr. Hoover wants to inaugurate the program.

President Hoover used two pens in attaching his signature. They went, as conveners, to the old and famous farm relief team of McNary and Hatcher, who collaborated in the writing of a farm relief measure that President Coolidge twice vetoed.

Several times, the President went through the motions of signing—all at the instigation of McNary. "Well, this bill certainly is well signed," he said, finally, throwing down his pen.

Tennessee Governor Doesn't Want Piano

NASHVILLE, Tenn., June 15.—(INS)—When the matter came up Governor Horton of Tennessee told the state legislature in plain language that he didn't want a piano. The Governor thought the state shouldn't spend so much money on music for the executive mansion.

But the legislature, obviously thought otherwise. The insurance when Frank Hall, insurgent leader, lacked an appropriation for the piano, the members' lagorous appropriation bill. A state's warrant for \$2,550 for the piano was paid when Attorney General I. D. Smith ruled that the appropriation was legal.

So Governor Horton has to take the piano whether he wants it or not.

PEARS DISPELLED
MIAMI, Fla., June 15.—(INS)—Concern for the crew of the distressed all-tanker, Charles D. Leffer, anchored off Jupiter with a broken propeller shaft, was dispelled today when Charles D. Leffer, Miami resident manager of the Gulf Refining Company, received word that a coast guard vessel was standing by. The tanker had drifted helplessly since Thursday noon.

2 OF FACULTY HELD IN DEATH OF OHIO CO-ED

Accounts Of Suspects Add To Suspicion In Brutal Slaying Of Pretty Florida Girl

COLUMBUS, O., June 15.—(INS)—Marion Meyers and Dr. James H. Snook, both members of the faculty of Ohio State University here, were placed under arrest at noon today in connection with the brutal murder of Miss Lucile Hix, attractive university co-ed, Thursday night.

The two men were arrested for investigation, no specific charge being filed against them. Meyers, at first denied knowing the slain girl, but on insistent questioning admitted he had "kept company" with the girl "after business hours."

Meyers also admitted knowing the pretty Florida co-ed. He admitted having a "date" with her the night she was murdered. He steadfastly maintained, however, he did not keep the engagement, saying he was "afraid something would happen." He refused to supply that statement.

Police were inclined they said, to accept the story told them by Dr. Snook concerning the whereabouts of the night of the murder. Two of Meyers' fraternity brothers, appeared before police officers and told them they had been with him during the entire night of the slaying, with the exception of half an hour. Dr. Snook, according to detectives, did not tell them a corresponding story.

Officials are awaiting the arrival of the murdered co-ed's parents, Dr. and Mrs. Melvin Hix, of Bradenton, Fla. Dr. Hix is understood to be a professor in a Florida university.

Temporary Airport Along Lake Front Is Designated By City

The movement to put Sanford on the aviation map was given impetus today by the announcement by City Manager George H. Cairns that a strip on the lake front, 1/2 mile between Sanford Avenue and San Juan Avenue and First Street and Seminole Boulevard, has been designated by the City Commission as a temporary landing field.

The track, 2200 by 200 feet, will serve as an air field until negotiations, in other ways, are completed for a permanent field. It is announced, the strip has been cleared of trees and city laborers have been put to work grading and laying the field and preparing the planes. When these preparations have been completed the tract will be in excellent condition for the landing of planes. Mr. Cairns said.

The boulevard will be utilized as a taxiway, providing ample room for a taxiway, the City manager said. Mr. Cairns said two well known pilots from Orlando have inspected the site and have pronounced it ideal for a temporary field. They are expected to make a landing here within the next few weeks to test the possibilities of the tract.

Hitch-Hiking Trip Begun By Two Boys

Two Sanford youths yesterday began a hitch-hiking trip to Pennsylvania, N. Y., where they will spend the summer. Eugene Turner, son of Mr. and Mrs. R. W. Turner, 2312 Palmolive Avenue, and Marvin Thornley, son of Mr. and Mrs. T. E. Thornley, West First Street, left here hoping to reach their destination within the next 10 days.

The boys started the trip under auspicious circumstances, "hopping" a ride to Deland before they had gone many blocks. How far they had gone by last night, their parents have not heard. It is confident that Eugene and Marvin made good progress. Each boy took enough money for food and lodging but will rely on "bribs" to carry them through the country.

Both youths are well known here and popular with a large circle of friends. They expect to return to Sanford in September, planning to come back in the same manner in which they departed.

PRESENTS CREDENTIALS
WINDSOR, Eng. June 15.—(INS)—General Charles Gates Dawes, new United States ambassador to England, presents his credentials to King George today at Windsor Castle.

Stowaway On 'Yellow Bird' Was 'Air Sick' From Start Of Ocean Hop To Its Finish

By Harold A. Ballou International News Service Staff Correspondent

SANTANDER, Spain, June 15.—(INS)—Revealing that he felt like throwing himself overboard into the Atlantic ocean, Jean Assolant, pilot of the "Yellow Bird," told International News Service today of the circumstances surrounding the discovery of Arthur Schreiber, 29-year-old aerial stowaway, 20 minutes after the plane had hopped off from Old Orchard, Maine, Thursday morning.

Schreiber, who leaped from the obscurity of a prosaic life in Portland, Maine to world-wide notoriety by his venturously feat, arrived safely with Assolant, from Leveze and Araceno Lotti, Jr., when the "Yellow Bird" made a forced landing at Comillas, near here, last night.

Assolant told of the sensational discovery when he and his companions arrived here from Comillas by automobile this morning to inspect the plane of the governor of Santander Province, while awaiting the arrival of sure parts before continuing their flight to Paris.

"I noticed that something was amiss the moment we took off from Old Orchard," Assolant declared, "but as the motor was functioning splendidly, I decided to get away if possible, in spite of the odds."

"About 20 minutes after we had left Old Orchard Beach behind us, I was amazed to see a man crawl from the tail of the plane, where he had hidden himself. I had to get the motor roaring at full speed before the plane could leave the ground. The trouble manifested itself considerably, but I was determined to keep on if possible."

"The fall of the plane felt unusual, but I was not alarmed. I had to get the motor roaring at full speed before the plane could leave the ground. The trouble manifested itself considerably, but I was determined to keep on if possible."

High Rates Of Interest Have Helped Trade

Over-Expansion For Record Period Of Activity Has Been Prevented By High Rate

WASHINGTON, June 15.—(INS)—High money rates, resulting from the expansion of the use of speculative credit, appear to have been a conservative influence working against over expansion in business, without having a general unfavorable effect on production and trade.

This statement was issued by the Federal Reserve Board in its monthly review of commerce, industry and finance.

"High money rates, which had a restraining effect on the growth of bank credit, have not, however, been reflected in a general slowing down of business activity," the board said.

"Industrial production was larger during the first quarter of 1929 than in any previous three-month period, and factory payrolls were also at a high level."

"That there is, no evidence, however, of over expansion during a period of recovery activity may be ascribed in part to the restraining influence of a high money rate."

The board pointed out that the recession in the building industry has resulted in part from the high money rates chiefly through their influence on the bond market. In a summary of the credit situation the board said that the rise in money rates in the past year has been due "on one side to the continuously growing demand for funds to finance security transactions and on the other side, to the firm monetary policy of the Federal reserve system, adopted here with a view to restraining the rapid growth of security loans."

High money rates, however, had the effect of arresting the growth of bank credit, but not entirely the growth of funds used in the stock market, the board said.

"High money rates in the United States have brought about a reversal of the restriction of gold movement and have caused foreign central banks to raise their reserve rates in order to protect their reserves."

As to the foreign influence of high rates it was pointed out that "in the bond market the restriction of foreign securities in the United States, resulting from the restriction of gold movement and have caused foreign central banks to raise their reserve rates in order to protect their reserves."

The board pointed out that "in the bond market the restriction of foreign securities in the United States, resulting from the restriction of gold movement and have caused foreign central banks to raise their reserve rates in order to protect their reserves."

Social Equality Question Stalks Capital Circles

Southerners Deplore Negro Woman Being At Hoover Function

WASHINGTON, June 15.—(INS)—The presence of Mrs. Oscar De Priest, wife of the negro congressman from Illinois, at a White House tea given by Mrs. Hoover, today continued to be the leading topic of conversation in Washington social and political circles.

The incident was widely deplored by many southern Democrats, who at the same time privately deplored the record of "social equality" which solidly the Democrats in the South again.

The reaction of Mrs. Hoover (R) of Texas, a multi-millionaire, was typical of the southern Democrats in Congress. "I deplore the incident beyond measure," she declared. "It is recognition of social equality as the South looks on such a grave concern and finally, it is a tendency toward social equality between the races."

Sen. Hiram (R) of Alabama also deplored the incident. "It is a serious mistake," he said. "It is a recognition of social equality as the South looks on such a grave concern and finally, it is a tendency toward social equality between the races."

Sen. Hiram (R) of Alabama also deplored the incident. "It is a serious mistake," he said. "It is a recognition of social equality as the South looks on such a grave concern and finally, it is a tendency toward social equality between the races."

French Fliers, Down In Spain, Will Leave For Paris On Sunday

CRITICISM FAILS TO ENLIST ACTION AGAINST AGENTS

WASHINGTON, June 15.—(INS)—Unmoved by the torrent of criticism over "hair trigger" enforcement agents, the treasury stood its ground today and prepared to defend E. J. White, the customs patrolman, who shot and killed Henry Virkula, the Minnesota confessor, because he suspected Virkula's automobile of containing liquor.

Under no circumstances, it was announced, will prohibition agents be disarmed, as demanded in Congress. The treasury takes the position that if this were done the prohibition and customs law might as well be repealed.

Rep. Pittenger (R) of Minnesota, a day who represents Virkula's district, charged anew today that the treasury investigation of the shooting was "a whitewash."

"Naturally," he said, "government officers involved in this killing protect themselves and so long as they are to investigate themselves they can be depended upon to shape the facts in their favor."

Pittenger said he had received a report from Sheriff Hugh Brady at International Falls, which "indicates the killing was without justification."

The new backed up in Congress over the Virkula affair almost reached the first fighting stage yesterday when Rep. Lathrop (R) of New York declared that by such acts of terrorism the government is "encouraging hatred" for itself.

"There is something to be said," he said, "but now he is becoming something to be hated, something to be feared."

Rep. Murphy (R) of Ohio, a prominent dry, took exception to Lathrop's remark and demanded that he be expelled from the record. He was overruled, but continued to interrupt the New Yorker until Rep. Schaefer (R) of Wisconsin, appealed for the sergeant at arms to keep order.

Meanwhile, President Hoover was appealed to personally to take a hand in the Minnesota affair. A long telegram from Virkula's friends and neighbors, including the "White House" counting board conditions, and closing with the phrase "for God's sake help us" with reference to prohibition standing by federal agents.

SHAYER SEEKS PARDON OR IMMEDIATE DEATH
TALLAHASSEE, June 15.—(INS)—If he can't get a pardon, Harry E. McConarty, alias T. Southworth, under sentence of death for the murder of Horace M. Wells, wealthy Palm Beach clubman, wants to be electrocuted immediately.

That, in effect, was the substance of a message Governor Doyle E. Carlton has received from the prisoner in the Palm Beach County Jail. Southworth told the Governor he would like to have "an acquittal, or pardon or an immediate date on which to be electrocuted." He told the Governor that he did not care to have his case appealed.

EDMON DEPARTS
FORT MYERS, Fla., June 15.—(INS)—After spending his 46th season at his Fort Myers home, Thomas A. Edmon today was en route to West Orange, N. J. The aged inventor came here last January, and since then he has been spending 12 hours every day carrying on his research in rubber.

HUGE NUGGET FOUND
MOSCOW, June 15.—(INS)—A solid chunk of pure gold weighing eight pounds was picked out of the government gold mine Maslany, in Siberia, by a "greenhorn" miner, who had been on the job only a week, according to word from the scene of this strike, today.

Amateur Play Well Received Last Night

Bids Opened For U. S. Cruisers To Be Built

A hearty reception was accorded the presentation last night of the Little Theater Workshop's one-act play, "Suppressed Desires." The production, staged at the Milano Theater, was witnessed by a large crowd, which voiced its approval with frequent applause.

The play, directed by Sam Byrd, was the first of a series to be presented weekly at the Milano Theater. Next week's production will be staged Thursday night as will those in other weeks.

The cast of "Suppressed Desires" was composed of Mrs. Ralph Smith, Mrs. W. E. Stone and Robert Herndon.

"It was a creditable beginning of what promises to be a big step forward in the work of the Little Theater," said J. L. Marquette, Milano manager. "The play was clever and the work of the performers was excellent."

While the nation has always felt that it owes a great deal to its mothers and has celebrated Mother's Day with a great deal of sincerity and spontaneity, at the same time Father's Day has gradually grown in importance as an occasion for celebration.

A great deal of sentiment has been written about mothers and motherhood and many of the world's leading figures can attribute their success to the inspiration and guidance and the teaching of their mothers, but the stern rule, the example and the training of fathers, the nation over has done much to mold the character of its citizens.

In 1914 Congress declared the observance of one day each year in honor of fathers, and set aside the third Sunday in June as the festive day. This year, June 16th will be celebrated throughout the nation as Father's Day.

Local Boys' Team Wins 10-Inning Tilt From Orlando Nine

Shayer Seeks Pardon Or Immediate Death

A single by McDonald scoring Pacey gave broke up a 10-inning pitching duel and enabled the Sanford Kiwanis all-star boys' team to defeat the Orlando boys' club yesterday afternoon by a score of 1 to 0.

The game was a nip and tuck affair, with both Lake of Sanford and Beecher of Orlando hurling great ball. Kinlaw caught a fine game for the locals at McDonald, in addition to his time; he laid, played a jam-up game at second. The contest was played at the Municipal Athletic Field.

H. B. Odham was umpire. A return game will be played next week. The line-ups were: Orlando: Williams as, Johnson as, Young as, Focum as, Hughes as, Jones as, O'Connor as, Newman as, Beecher as.

Sanford: Smith as, McDonald as, Heater as, Lake as, Kinlaw as, Pacey as, Odham as, Knight as.

Several times, the President went through the motions of signing—all at the instigation of McNary. "Well, this bill certainly is well signed," he said, finally, throwing down his pen.

Ruth, Trailing in Number Of Home Runs, Plans His Return Next Wednesday

By Davis J. Walsh
International News Service
Sports Editor
NEW YORK, June 14—Babe Ruth, I am reliably informed to-day, will be back in uniform on Wednesday, June 19, which may not mean that he is hastening his recovery because he fears the worst for his home run title at a time when he can't afford to even be challenged. His friend must knock them over for a new contract next Fall and at that time, judging by the way some of the other lads are ruthing the ball while George persists in being a pale but determined fielder, he may be just a man who used to lead the league.

Anyhow, those close to Ruth make no secret of the fact that he is worried about his immediate status. His total home runs to date are 10, the ball club will have less than 100 games left by the time he is ready and it is two-by-four arithmetic to say that he must go faster than an archer if he is to do 50 or better for the season.

Nobody else ever has touched in the past, whereas today there are no less than three of the who can do that well and possibly three more who might. Gehrig hit his 15 Wednesday. Simmons tied with his 14. If both hold their pace of the first two months they will finish so close to 50 that you won't be able to measure the difference.

You'll have to time it so you Klein, of the Phillies, with a re-

cord of 15 home runs in 47 games. Lafey also has hit 15 but has ceded 51 games for the performance, a pace that will bring him home with about 45 for the year. Of the Giants, and O'Doul the Phillies, with 12 each, can't about the same if they keep going.

All in all it looks as though Ruth is due to get more competition than an insurance agent. They say this is bringing him back before his time. Team spirit is good old campus bromide, in the rest. Two days after his anticipated return, the Yankees will be involved in a five-game series with the Athletics and, if the pennant doesn't hang on what does, it will go until a bettering is scheduled. If the Athletics win three of the five, they won't be caught with a warrant. The Yanks take the series, they'll have a white man's chance more, no less. Ruth it seems prepared to make the grand return in this series for the honor of Ruppert's brewery or something.

Anyway, the matter of whether he will be beating the gun away and the doctor's care is open to question. Ruth, hiding away sincerely in the week, has taken on a course since his illness, which ran two weeks ago. Even a round of the links has been forbidden him until he returns to work, probably on Monday next.

PAINFUL EFFECTS OF CONSTIPATION

A Very Troublesome Condition Relieved by the Help of Black-Draught.

Birmingham, W. Va.—Mrs. Ida Perry, 1715 Charleston Avenue, this city, says:

"Sometimes I suffer from indigestion, and I have found that quick relief follows a dose of Black-Draught. This medicine is also excellent for constipation, and I am glad to recommend it."

"All last winter, I suffered from pains in my legs and across my back. I did not sleep well at all, and was very nervous. I could scarcely walk, and was unable to climb up and down the steps. I was almost past going, and it took all my strength to get around. My housework was a great care, and I did not feel equal to it."

"I was in a condition that had been coming on me for a long time before I knew it. My trouble was from absorbed poisons, but I did not realize it until I was in actual pain."

"I found Black-Draught a great help in getting rid of this trouble. I use it frequently. I feel lots better after I have taken Black-Draught. Refuse imitations! Insist on the genuine Theodor's Black-Draught, in yellow 25¢ packages."

Saturday is Southern Goodyear Day

A Red Letter Day in Southern Tire History

The South has gone Goodyear—and we're organizing a little celebration of our own to mark the early opening of Goodyear's great new tire plant at Gadsden, Alabama.

This plant will be the most modern tire factory in the world, the last word in equipment and facilities. Its capacity is 5,000 tires per day—Southern made for the Southern trade.

And we're going to offer special values in Goodyears Saturday in

a great one day sale. Together with other Goodyear dealers in this vicinity, we hope to sell Saturday more than a day's output to show our appreciation of the opening of this plant and to show that it is none too large.

Goodyear tires—Pathfinder, All-Weather or Double Eagle—are definitely superior in tread and carcass as we can show you.

Help us to celebrate and help yourself to wonderful tire values by coming in to see us Saturday.

Pathfinder	Goodyear	Pathfinder	Goodyear

BOY!
what a Contest!
and what a prize
The
SEA-HORSE
is here!

-and it may be YOURS!

The Sea Horse 16

This is the Sea Horse 16—one of the new Johnson Outboard Motors which can be seen at the local Johnson dealer's, whose address is below. It is equipped with new Johnson refinements which have put it in a class by itself. The Release Charger permitting actual easy starting even when motor is flooded or cold. The Underwater Exhaust which has answered the longing of outboard motorists for a motor that would eliminate the noise and fumes of exhaust. The new Rotary Valve permits full gas charges to enter the cylinders at high engine speeds—thus giving the motor greater speed and power. This model Sea Horse is a two-cylinder, Class B motor.

The Sea Horse 32

The Sea Horse 32—the King of Outboards. Here is a power plant complete in itself—a four cylinder, Class D Johnson Outboard Motor! Nothing in the outboard world can approach it. In addition it has all of the other Sea Horse refinements, including the Release Charger, Underwater Exhaust, Rotary Valve, Detachable Cylinder Heads, Improved Magnets, Circular Disc Crank Arms and Straight Connecting Rods and Offset Cylinders.

Wow—what a contest!

It is under way—our great Boys' Contest—which someone's going to win! Boys are flocking in by the dozens to enter their names and start after that prize—a Johnson Sea Horse—the newest and finest outboard motor ever built! It's being donated as first prize in our contest by the local Johnson Motor dealer whose name you see below. Get in the swim now—before it's too late!

Just think of the fun, guys, you can have with such a motor as this! Speeding up and down the river—fishing, swimming, racing, aquaplaning—going anywhere, anytime—like a ball of fire!

What Is a Sea Horse?

What is a Sea Horse? It's Johnson's newest and finest outboard motor—and it has speed and power galore! Listen to this—about the new Johnson Release Charger on these babies. It makes starting a Sea Horse as easy as pushing down the starting button on an automobile! Just a twist and she's off! The release charger does the trick—by releasing the compression in one cylinder and supercharging and doubling the spark intensity in the other. So with a greater spark and a supercharge of gas—she's bound to go! Start a Sea Horse cold—start it flooded—start it always!

Just a Sweet Whirl!

No more roar of explosions or clouds of exhaust gases with the Sea Horse! The

Johnson Underwater Exhaust has fixed all that—by taking the sharp explosions of the exhaust as well as the exhaust gases themselves out through the muffler, under water! All you hear now is the sweet whirl of a smooth running motor!

And speed and power no end! The Johnson Rotary Valve which gives the cylinders a full charge of gas at the highest of engine speeds permits much greater speed and power!

Here's How to Win One!

Here's how to win a Sea Horse! The contest is under way! All you have to do is enter and then win more points than anyone else. Points are given for everything. Some of them right away—for entering! Look the Sea Horse over in the window of the Johnson dealer at his address below. Ask all about it and then come around to our place and we will tell you how to enter—and win that Sea Horse! Start today! Get hot!

Sold In Sanford By

Hill Hardware Co.

East First Street

RULES

Read 'em Over! Here Are The Rules For Our Great Contest!

1. The contest will start at midnight Friday June 14 and continue until ten o'clock Saturday night July 13.
2. First prize is a Johnson Sea Horse Outboard Motor, on display in the windows of Hill Hardware Co. Second prize shall be \$5.00 in cash, third prize \$3.00 in cash.
3. The contest is open to any boy or girl in Sanford or Duval County. You do not have to be a subscriber of The Herald to enter.
4. The prizes winners shall be determined by points. Points will be given for subscriptions to The Sanford Herald. 50 points will be given each entrant as a starter. If entrant turns in new or renewal subscription at time of entering contest, an additional 50 points will be given. Special extra point offers will be made from time to time during the contest.
5. No new or renewal subscription for less than three months or longer than five years accepted.
6. A cash commission of ten per cent on all money turned in by contestants who fail to win a major prize will be paid by The Herald.
7. Now is the time to enter. Don't wait until the last minute, come to The Circulation Department of The Herald and enter your name in the contest. Then enlist the support of your friends and relatives and determine to win the wonderful first prize.
8. Judges of the contest will be announced a week before the contest is to close.
