

## House Of Representatives Votes In Favor Of Tax Relief For Itself

WASHINGTON (AP) — In a complete reversal of previous demands for belittling economy, the House has voted substantial tax relief for itself and senators and free hometown office space for congressmen.

The measure swept through the House Thursday as it passed the last of the annual domestic budget measures, a bill appropriating funds to operate Congress.

On all previous budget bills except one financing local river and harbor, and flood control projects, the House had reduced allotments recommended by its Appropriation Committee. Demands for economy accompanied all the reductions.

The congressional budget bill cleared by voice vote and went to the Senate with the distinction of being the first bill this year on which the House actually raised the allotments recommended by the Appropriations Committee.

The bill's total of \$62,261,780 was \$1,500 more than the committee had suggested, although about 10 million below Budget Bureau recommendations. The money finances Congress, the Library of Congress, the Government Printing Office and related arms of the legislative department.

The \$1,500 increase was for installation of more traffic signs and signals on Capitol Hill.

But two other amendments, for tax relief and free office rental, could run the added cost of the

bill into hundreds of thousands of dollars.

The tax amendment was offered by Democratic Leader McCormack of Massachusetts and approved without a show of opposition or discussion.

An examination of the amendment by newsmen disclosed its intent, which McCormack verified. It says that for purposes of federal taxation, members of Congress have their place of residence in the state or district they represent. This means that their expenses while on official business away from home are deductible as business expenses for tax purposes.

Since Congress normally stays in session almost the entire year, a member could deduct the cost of his housing, meals, transportation, business entertainment, laundry and many other things while in Washington.

For most members this could mean a tax reduction of around \$2,000 annually. Those with higher than average living standards might pay no taxes at all.

Senators and representatives are paid \$12,500 a year, plus a \$2,500 expense allowance which now is free. Besides that they receive smaller allotments for stationery, postage, communications and travel.

## Double Suicide Is Probable Verdict In Smyrna Affair

DAYTON BEACH (AP) — Justice of the Peace Fred R. Brannon said the deaths of a man and a woman from bullet wounds late Thursday was "apparent double suicide."

He identified the women, mother of two children, as Mrs. Yvonne Sikes, about 35, wife of Fred Sikes, an Edgewater carpenter, and the man as George Edward "Sonny" Webster, about 44, an Edgewater fisherman. Edgewater is a small community four miles south of here.

An inquest was started but recessed until today after the jury viewed the bodies. Brannon said two blood-stained notes on cheap tablet paper were found in the car.

The bodies of the man and woman were discovered by Mrs. Sikes' husband who started looking for her when she did not return home Thursday afternoon. They were in a car parked in a lonely wooded area on the beach side.

Both had small caliber bullet wounds in their right eyes. Brannon said. A .22 caliber rifle was on the rear seat beside Webster and Mrs. Sikes was on the front seat. The car had been rented in Daytona Beach.

Brannon quoted a note addressed by Mrs. Sikes to her husband as saying in part, "You were a good husband but I treated you awful dirty so I guess I will have to pay for it this way."

A note which bore Webster's name and was addressed to his sister said "I have done this myself. Please don't blame any body."

Surviving Mrs. Sikes, besides her husband is a 10-year-old daughter and a 7-year-old son.

Robert E. Peary reached the North Pole April 6, 1909.

Jean Hagen and James Stewart discuss the rifle he has perfected in a scene from MGM's "Carbine Williams," showing on the Ritz Theater screen Sunday and Monday.

A scene from "Mutiny" color by Technicolor starring Mark Stevens showing on the Miveland Ride-In Theater screen Sunday and Monday.

**ACHIEVEMENT AWARD**  
**GAINESVILLE (AP)** — The annual Management Achievement Award for 1952 has been given to McGregor Smith, Miami, president of the Florida Power and Light Co.

The award was presented Thursday night at the annual banquet of the Student Society for the Advancement of Management. Three other Floridians were cited for their business leadership. They included:

Linton Allen, president of the First National Bank of Orlando;

Earl Williamson, president of Fram Florida Inc., Jacksonville; and Jerome A. Waterman, president of Mass Brother Department Store, Tampa.

**ROCKEFELLER ILL.**  
**NEW YORK (AP)** — John D. Rockefeller Jr., 78, was in New York Hospital today.

The reason for his going to the hospital Thursday night was not announced. But a hospital spokesman said it "could be for a check-up."

## MY SINCERE THANKS

### Bonner L. Carter

Candidate for County Commissioner District No. 5

I wish to express my thanks to the people in District No. 5 for making it possible for me to be in the run-off on May 27. I solicit the vote of those who did not vote for me in the Primary and the continued confidence of those who supported me.

## McCarty And Odham Meet In Orlando

### Odham Accuses McCarty Of Handing Out Illegal Publication Distorting Record

By MALCOLM B. JOHNSON  
ORLANDO (AP) — Dan McCarty and Bralley Odham said today they were comparing their records with those they've been saying about each other from separate stands in their contest for the governorship of Florida.

Neither pulled any punches in the first opening statements of an informal debate before several hundred men packed into a Junior Chamber of Commerce luncheon here.

But few new accusations were raised immediately.

Odham did declare that a new piece of McCarty campaign literature handed out at the meeting comparing their records was an illegal publication and an effort to distort the record.

He called it the "most deceitful piece of campaign literature ever produced in Florida."

McCarty, following Odham to the stand, told Odham it "is not an illegal piece of literature. It is paid for through my campaign treasury and every single piece of information on that sheet is documented. You can look it up by page and by bill."

If there were any neutral voters in the audience, they were hard to find. Each candidate as he spoke was loudly cheered by his own supporters and as the candidates swapped questions and answers, they each got loud applause, whistles and hoots.

From the noise they made it was hard to tell which had the most support. Odham prodded at McCarty a question that he has reported and he wanted to ask him: How much did he spend in his unsuccessful 1948 campaign when he reported his expenditures of \$9,325.

McCarty replied that his statements on file in the Secretary of State's office showed more than \$23,000 instead of the \$9,325 that Odham uses and he stood on that figure as honest compliance with the law in effect at that time.

He said that Odham knew that the 1948 law allowed him to buy radio or newspaper advertising in behalf of a candidate without his knowledge and without requiring it to be reported.

He added that he has a group of certified public accountants in this campaign to check his compliance with the law with the new 1951 stricter reporting law.

McCarty declined to make a positive statement on Pennsylvania by Oct. 1 (Continued On Page Eight)

First Street and the rest of the downtown section were jammed with patriotic citizens Saturday morning as thousands turned out to cheer participants in the largest and most colorful Armed Forces Day parade ever held here. At upper left, Boy Scouts, and Cub Scouts representing troops throughout the county march in precise formation. Upper right, the Lions Club float, complete with beaming beauties. In right, the orange and black uniformed Seminole High School Band, led by majorities, plays lively marches for the occasion. Lower left, students from the Clossin Square Dance School, Casselberry, swing their partners to accordion accompaniment. Lower right, the orange and black uniformed Seminole High School Band, posed by majorities, plays lively marches for the occasion.

## Ware And Rush Address Sanford McCarty Club

### Odham Attacked For Attempt To Abolish Local County Court

More than 80 enthusiastic supporters of Dan McCarty met Friday night at the City Hall and made plans for an intensive gubernatorial campaign in this area. John Ware presided and spoke in behalf of Mr. McCarty were made by former County Judge R. W. Ware and by Fletcher Rush, Orlando attorney.

Judge Ware voiced opposition to Bralley Odham on the basis of his lack of business experience, impulsiveness, and acting without considering the facts of a case, such as his attempt in 1947 to abolish the Seminole County Court.

In contrast he pictured Dan McCarty as an experienced and successful business man, who knows the value of a dollar and how best to use it to advantage. "He has demonstrated his ability to work with other business men with cooperation and harmony, to accept, as well as to give advice graciously and without fanfare and has demonstrated his legislative experience," said Judge Ware.

In illustration of his charges against Mr. Odham he pointed out that the latter, while a member of the Florida Legislature in 1947, introduced a bill to abolish the County Court of Seminole County, a court that had been established since 1923.

"This act would have very materially affected every citizen of Seminole County," said Judge Ware. "Mr. Odham did not consult with the Seminole County Bar Association, the Board of County Commissioners, nor the court officials who were all vitally concerned."

"Without notice to the citizens," he added, "he sought to abolish the Court without a referendum to give citizens the right to vote their wishes on the matter."

By way of showing the stir created locally by the introduction of the bill, Judge Ware read two articles from the Sanford Herald (Continued On Page Eight)

## Sanford, Seminole County Citizens Honor Services On Armed Forces Day

Sanford and Seminole County citizens thronged downtown streets Saturday morning to cheer participants in the largest and one of the most outstanding parades ever held here in honor of the armed forces of America.

Sharing with other cities of the nation the annual opportunity to pay special honor to the men and women of the Armed Forces, living and dead, white and colored citizens united here to demonstrate the spirit of unity, strength and freedom that exemplifies American determination to resist any threat to fundamental rights and liberties.

Capt. J. L. Obitenden, commander of the Sanford Naval Auxiliary Air Station, introduced by Judge Douglas Stanstrom, and speaking at First Street and Magnolia Avenue following the parade, keyed this observance by warning that the world still walks in the shadow of another world war, and that only through unity can this nation achieve the strength that will insure freedom.

He further stressed the theme of unity by pointing out that uni-

## British To Give Up Their Investments Within Red China

## County Commission Candidates

W. B. "Brown" Miller, Coley Avenue farmer, and Earl Huggins, both of distributors, are candidates for county commissioner in district No. 1 subject to the second Democratic primary on May 27. In the first primary Mr. Huggins obtained 518 votes and Mr. Miller 477. The two other candidates in the race received a total of 707 votes.

## Cleveland Urges Co-operation In Clean Up Drive

The close relationship between fires and a thorough job of spring cleaning was stressed today by Fire Chief Mark W. Cleveland, Sr., in announcing that the annual Spring Clean-Up Drive, sponsored by the National Fire Protection Association, will be observed through May.

"A good job of spring cleaning means more than a pail, a mop, and freshly starched curtains," the Chief said. "Fire hazards have a way of accumulating during the winter months, and too often are forgotten by the housewife until it is too late. We in the Fire Department are much more interested in preventing fires than in putting them out, so we would like to give the housewife a few spring cleaning tips by asking (Continued On Page Five)

## Seminole High School Band To Present Concert

Novelty numbers, including the "Blue Tange" will be among the musical selections to be played by the Seminole High School Band at its annual concert Saturday night at 8:00 o'clock at the school auditorium. Ernest Cowley, director, announced today.

On Tuesday night at 8:00 o'clock, 23 members of the band, known as the Pep Band, will play at the Ritz Theater in order to publicize the concert.

A varied and interesting program of classical and light popular numbers is being prepared for the Saturday night program. Soloists will be Gene Wilkinson, trumpet and Jessmie Lane Miller, clarinet.

The band has played on a number of occasions here including Bary Day when a concert was given at First Street and Magnolia Avenue.

Commenting on the band's contribution to this community, Mayor W. H. Stemper declared this evening. "The Seminole High School Band has given Sanford an exceptional musical flavor and has been excellent and I personally urge citizens to show their appreciation by attending the concert Saturday night and enjoying the best class entertainment."

"Father of three sons desires a daughter," the advertisement read. "Can anyone send suggestions?" (Continued On Page Five)

## Services Held For Mrs. Merrie Ball Saturday At 3:00

Funeral services were held Saturday at 3:00 p.m. in Holy Cross Cathedral Church for Mrs. Merrie B. Ball, 77, former Sanford resident, who died last week in a hospital in Jacksonville following a brief illness.

The Rev. H. Lettleton Zimmerman officiated at the service and interment followed in Evergreen Cemetery. Active pallbearers included Arthur L. Street, J. M. Higgins, John W. Meisen, A. W. Lee, Jack L. Williams and James W. Plant. Honorary pallbearers were J. Hawkins Connelly, J. G. Sharon, Sr., D. E. Whitner, Sr., B. F. Whitner, Jr., R. W. Deane, B. W. Anderson, L. E. Frazier, Roland E. Dean, Randall Chase, J. C. Hutchinson, R. L. Perkins, Sr., James A. Driver and G. W. Spencer.

Mrs. Ball was the widow of the late Joseph G. Ball of Sanford who operated a hardware store during the 1920s on First Street. Mrs. Ball, a native of Tampa, had been making her home in Jacksonville for several years with her son and daughter-in-law, Mr. and Mrs. Joseph H. Ball.

Other survivors include two other sons, Henry Crane Ball, Dalton, Ga., and William G. Ball, Thomasville, Ga.; two daughters, Mrs. W. J. Reed, Orlando and Mrs. Betty Ball Mosely of Palm Beach; 11 grandchildren and eight great grandchildren.

Among those from out of town attending the funeral were Mr. and Mrs. Dick Brown of Miami, George Woods of Jacksonville; Dr. and Mrs. Alan Jones, Welborn C. Phillips, Sr. and Welborn C. Phillips, Jr., all of Orlando.

## Law Enforcement OPS Suspends Agencies At Odds Over Big Robbery

BOSTON (AP) — Massachusetts and Rhode Island law enforcement authorities were at parting ways today as they sought solution of the fabulous \$1,200,000 Brink's robbery and the gangland slaying of a wealthy road house owner.

The apparent break between law enforcement officials of these neighboring states became known Sunday night when Rhode Island's Atty. Gen. William E. Powers announced "thus far Boston authorities do not seem to be interested in the information available to us."

Powers accused Massachusetts authorities of showing a definite lack of interest in information which he said might lead to solution of the Jan. 17, 1950, Brink's robbery and the Saturday morning ambush shooting of 40-year-old Carlton M. O'Brien.

Powers made the accusation shortly after Joseph F. McGinnis, 58, former convict and Boston night club owner, had been released following lengthy questioning in the slaying of O'Brien, owner of a Warwick, R. I., dine and dance place and a Providence, R. I., diner.

Two shotgun blasts killed O'Brien (Continued On Page Three)

## Truman Bans Compromise On FEPC Bill

### Adament Stand Puts Renewed Energy Into Free-For-All Nomination Race

By The Associated Press  
A no-compromise stand by President Truman on civil rights has put a new head of steam behind the free-for-all race for the Democratic presidential nomination.

And a weekend sweep of Oregon's 18 delegates to the Republican National Convention by Gen. Dwight D. Eisenhower narrowed the GOP race between the general and Sen. Robert A. Taft of Ohio.

This week's delegate harvest gets underway Tuesday in Montana, where the Democrats and Republicans both hold state conventions. During the week, 103 delegates are to be picked in six states scattered throughout the nation.

The Democrats will name 70 representatives to their national convention, and the Republicans 35.

There are no state primaries in both parties will be chosen by state party conclaves. The Democrats will pick up 12 delegates in Montana Tuesday, 32 Thursday in North Carolina, 20 Friday in Louisiana and six Saturday in Delaware.

The Republicans will select eight delegates in Montana Tuesday, 24 in Washington state Saturday and three the same day in Minnesota. Sixty-four Republicans decided last Saturday their eight delegates should go to Chicago uncommitted.

Eisenhower's lead in Oregon's GOP primary — where Taft was not on the ballot — and capture of all 12 of Vermont's delegates, put him within 38 convention votes of Taft in the Associated Press tabulation. The AP tally is based on delegates pledged, instructed, or willing to express a first ballot choice, and on candidate concessions. The Taft forces claim about 450 delegates.

The AP tabulation now gives Taft 375, and Eisenhower 331, out of 706 delegates so far named. There will be 1,294 delegates to the GOP convention, with 604 needed to nominate.

President Truman set off a drive for a vigorous civil rights plan in the Democratic platform with a Saturday night speech to the Americans for Democratic Action (ADA). Truman demanded enactment of proposals he has submitted for congressional action: Fair Employment Practices Commission (FEPC) with enforcement powers to prevent racial job discrimination. This is the issue that stirred the Southern Democratic revolt in the 1948 presidential race.

Among the Democratic presidential candidates Sen. Estes Kefauver of Tennessee had 114 delegates, the AP tabulation, having picked up 12 convention votes in the Democratic (Continued On Page Eight)

## Steel Case Passed By Supreme Court

WASHINGTON (AP) — The Supreme Court today released its ruling in a case involving a steel company's attempt to force a union to accept a new contract. The court ruled that the union's refusal to accept the contract was not a violation of the National Labor Relations Act.

# President Truman Knocks Out Any Compromise Plan On Civil Rights

**By JACK BELL**  
**WASHINGTON**—President Truman today has knocked out any compromise plan by Democratic National Chairman Frank P. McNamara to compromise the party's stand on civil rights.

McNamara's call for a "middle-of-the-road" speech to the American for Democratic Action (ADA) for endorsement of proposals he has submitted to Congress already has set off a determined drive to write a vigorous civil rights plank into the Democratic platform in Chicago.

Sen. Herbert H. Lehman, New York, a member of the pre-convention platform drafting group, told this reporter:

"You can say for me, I shall fight for a strong civil rights plank."

Two Southern senators who oppose Truman's proposals for a Fair Employment Practices Commission (FEPC) with enforcement powers to prevent racial job discrimination, said McNamara had a "penitentiary plank" on the issue that opposed the states rights movement in 1948.

Sen. Walter George of Georgia said he doubts now that McNamara's view will prevail.

"I hope the convention will adopt a plank something like that proposed by former Sen. Francis Pickens in 1948," George said. "But if it adopts the 1948 plank, the action will be very, very objectionable in the South."

There had been proposed a plank generally committing the party to enforce civil rights, but Sen. Hubert Humphrey forced through the 1948 convention a statement demanding action on Truman's legislative proposals.

This caused a Dixie walkout and was followed by a states rights campaign that took 80 electoral

## Power Company Wins With Vacation Ticket

Additional gains for Florida has been achieved by Florida Power and Light Company's annual report and its clever "vacation ticket," both of which have been named winners by the Public Utilities Advertising Association.

Titled "Everything Grown Faster, Steadier in Florida," the power company's 1951 annual report relating a cheerful, dynamic story of Florida's progress, was named public utility national champion in reports to stockholders conducted by the utilities association.

A unique item, Florida Power and Light Company's two-foot long "vacation ticket" which was distributed by thousands to interested people in Florida, vacations, won third place among scores of promotional pieces entered by utility companies.

H. H. Coleman, division manager for Florida Power and Light Company, said the awards were made at the annual meeting of the Public Utilities Advertising Association in Minneapolis May 9.

"We are particularly proud of these awards because they reflect our company's keen interest in promoting Florida's opportunities," Coleman stated. "Our annual report, winner of one prize, is designed, among other purposes, to show our state's sound and expanding economy and thus attract investors to Florida. Such additional capital for Florida means more firms and factories, higher payrolls and better customers for our local stores."

"The other award given us is for a helpful and popular 'vacation ticket' used last year which said on one side, 'Your ticket to the best vacation ever.' On the Florida Fun '51. On the opposite side the tourist finds were listed our places of interest, grouped in a convenient manner according to the sections in which they are located."

## Seal Issued For Braille Centennial

**NEW YORK (Special)**—As part of the international observance of the centennial of Louis Braille's death the American Foundation for the Blind, have jointly issued a special commemorative seal which is being widely circulated.

This seal bears a reproduction of Louis Braille's head, a blind child reading a braille book and the date 1809-1853. The seals will be distributed in sheets of 50 each, being intended not primarily to raise money but to foster public awareness of the increased opportunities afforded to the blind through the development of modern teaching methods based on the use of braille.

Louis Braille, the originator of the system of raised dot reading and writing which bears his name, was blinded some three years after his birth on January 4, 1809 in the little village of Coupvray, France. He gained his education at the National Institute for Blind Children, Paris, at which he later became a teacher.

M. Robert Barnett, the executive director of the American Foundation for the Blind and himself adept in the use of braille, points out that only 20 percent of the 260,000 blind persons in the United States know braille, while in the numerous overseas areas receiving services from the American Foundation for the Deaf and Blind the ratio of braille literacy is much lower. Mr. Barnett declares "It is more than ever important to promote the teaching of this system in every possible manner. Louis Braille's great achievement should be widely acclaimed to the end that more and more blind people shall turn their energies to mastering this essential mode of communication."

We have designed and issued these memorial seals," continues Mr. Barnett, "to be circulated throughout America by organizations serving the blind and by groups such as the Lions and Kiwanis groups which show a deep interest in the fortunes of blind people. While those who receive the seals will not be asked to pay for them, and incidental contributions will be earmarked for

### Red Negotiators Accused Of Using Out And Out Lies

SEOUL, Korea (U. N. — Filipino charges twice drove Chinese Red defenders off an embattled hill on the Korea central front today. It was the same hill west of Chorwon where men of the 20th Battalion Combat Team said they killed or wounded every one of 40 Chinese at its top Sunday.

The tough Filipino raiders hit the Reds again this morning. The Chinese fled. The Filipinos withdrew shortly under Red mortar fire.

Later in the day a second Filipino patrol caught the Chinese sniping. The patrol hurled grenades and charged with fixed bayonets. The Chinese fled.

Ten Reds were killed in the two assaults. The Filipinos were wearing regular issue U. S. armor vests. None was killed, the U. S. 8th Army said.

U. N. raiders Sunday fought into heavily fortified Communist bunkers on the western front. They then directed U. N. artillery fire onto fleeing Reds. Allied troops used the sturdy Red underground shelters as protection from the rain of high explosives.

UNSAN, Korea (U. N. — The top United Nations truce negotiator today labeled an "out-and-out" lie a Communist denial that the Reds had agreed to Allied screening of captured Red soldiers.

Inside the Panmunjom conference tent, Vice Adm. C. Turner Joy, senior U. N. delegate, told the Reds:

"It is inconceivable and nobody would believe that our side who is firmly opposed to the retention of our captured personnel by your side under whatever name could have agreed directly or indirectly to your so-called screening."

A recent Allied quizzing of Red prisoners of war showed that nearly 100,000 North Koreans and Chinese prisoners said they prefer death to returning to communism.

The issue of exchanging prisoners blocks an armistice.

In Tokyo, Gen. Mark Clark, U. N. supreme commander, announced that Maj. Gen. William K. Harrison Jr., will succeed Joy as senior U. N. truce delegate Friday.

Joy, only remaining member of the original five-man truce team which began the talks last July 10, will leave the Far East June 9 to become superintendent of the U. S. Naval Academy.

Harrison has been a member of the U. N. delegation since Jan. 23. Clark has not announced a replacement for Harrison.

SEOUL, Korea (U. N. — United Nations raiders fought into heavily fortified Communist bunkers Sunday, then directed U. N. artillery fire onto fleeing Reds on the Korea

## Odham Proposes 4-Lane Program

JACKSONVILLE—A long range program to four-lane 2,250 miles of Florida's arterial highways was proposed here by Bralley Odham, candidate for governor.

The Sanford candidate estimated that the cost to the state would be \$6,750,000, as Federal matching funds would be available to pay the remaining cost. Odham further estimated that 85% of the first gas tax of 4¢, or 1¢ of the tax, is wasted in kickbacks, feather-bedding, rigged contract letting, and political bondswaging.

He further estimated that the state's share of the cost could be retired with the proceeds from 1¢ of tax, or about \$6,000,000 per year, with the Federal Government putting up the other half as is usually done on Federal Aid Projects.

"Thus," Odham said, "all Florida can have immediately the four-lane improvement that we so desperately need, and for the price of what we have been paying for waste, graft and inefficiency."

Odham further pledged that the people of Florida would have the right to vote on the project before it would be started, and recommended that a "watchdog" committee be set up by the legislature to provide a double-check on the progress of the project.

Odham emphasized that his cost figures and other technical data had been obtained by competent engineers, some of whom were formerly with the State Road Department, and that he had checked with the Federal Government through the Bureau of Public Roads in Washington.

western front.

Allied troops used the sturdy Red underground shelters as protection from the rain of high explosives picking off the Communist troops in the open.

Filipino troops on the central front, using grenades and bayonets killed or wounded every one of 40 Chinese defending a hill position west of Chorwon. The raiders from the Philippines' 20th Battalion Combat Team said 25 Chinese were killed.

The Filipino troops wore regular issue U. S. Army nylon and metal bullet-proof vests.

All Allied raiding parties returned to U. N. lines, a U. S. Eighth Army staff officer said.

Fifth Air Force pilots reported they destroyed 117 Red supply vehicles despite the handicap of low clouds. Eleven supply buildings were reported destroyed.

Six Australian jet pilots flew through heavy automatic weapons fire and blasted a Red supply point at Yonah near the west coast. The Aussies reported five large buildings destroyed.

Vice Adm. Joseph J. Clark will assume command of the U. S.

### Law Agencies

(Continued From Page One)

Brien in front of his lavish West Warwick home.

The attorney general said investigators in his state had uncovered information indicating that the O'Brien slaying was tied up with the Brink's job.

Powers declared the Brink's hold-up—the nation's greatest cash robbery—was planned by McGinnis, O'Brien and Alfred A. Gagnon, Pawtucket, R. I., a prisoner at Rhode Island State Prison.

Gagnon has named himself and O'Brien as planners of that daring robbery.

Powers said "we have a witness who is ready and able to give evidence before a Suffolk County (Mass.) grand jury that Joseph F. McGinnis planned the Brink's hold-up with the witness and the robbery occurred exactly in accordance with their plans."

The attorney general did not name his witness.

Dist. Atty. William J. Foley, in whose jurisdiction the Brink's robbery occurred, said he heard nothing from Atty. Gen. Francis E.

### Cotton Controls

(Continued From Page One)

Officials predicted the suspension would mean no change in the retail prices for the fabrics.

The 43.39 cents "recontrol" point for cotton means this: If cotton futures should rise to 43.39 cents, OPS would put back the present ceiling of 43.39 cents.

On the New York exchange, cotton for July delivery was selling at 38.19 cents.

The ceiling on spot cotton which is being suspended is 45.76 cents a pound, based on prices in a group of counties in the Carolinas used as a base. This includes a spot average price of 45.14 cents plus an average freight differential.

### Fisherman Drowns

DUNEDIN (U. N. — An amateur fisherman, casting while wading, stepped into a deep hole and drowned in Tooke Lake Sunday. He was Marcus Barnum, 42, employee of the Skinner Machinery Company.

CHRYSLER SARATOGA 6-PASSENGER SEDAN

## ITS NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 160 HP V-8 engine, on 120 1/2 inches of wheelbase, many people think the Saratoga is the best Chrysler car of all.

We invite you to take the wheel and feel what happens! There's a new sense of easy power, of reserve power that makes driving a new experience.

Inside the engine are moving 100 lbs. Its revolutionary combustion chamber develops more of the power to push charge of fuel than other engines can do. Its combustion is both more steady and more efficient.

One result is performance, even on non-premium fuel, such as you have never felt. Another result is new long-term economy. It's an engine that scarcely forms carbon deposit at all. It creates less heat and develops less wear than other engines. It will last much longer, and stay younger on the way!

With Chrysler full-time Power Steering, you execute every steering move with one-fifth the usual effort. . . . drive every mile, at every speed, with less than the usual control! With Chrysler Power Brakes you need up to two-thirds less foot pressure . . . and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

\*Horse Power Steady based on Coast Highway. Actual, same, as per Chrysler.

**Presbyterian Class Has Regular Meeting**  
The Brownlee Young Adult Class of the First Presbyterian Church held its regular monthly meeting Friday evening in the Educational Building in the form of a Folk Game Party.

Mrs. Joe Garrett and Mrs. R. L. Sloan were in charge of arrangements and refreshments of punch and cookies with Lorrie Black directing the games.

**Radio Briefs**  
By MARION HARMAN  
Listen to the "Report From Europe" tomorrow afternoon at 8:15. Hear Dick Driscoll from Gale report on "Defense of the Arctic Circle" from Rotterdam on "Ships For Security" from Sicily on "Steam Makers Jobs" from Munich on "Munich Rot in the Red Bulwark" Dick Driscoll calls in reporters Douglas La Chance, Valerie Courtney and Kendall Foss, for his on-the-spot report.

**1400-**  
An interesting series of articles will be heard on WTRR's "Radio Farm Digest". Dr. R. Q. Parks, head, Division of Soil Management and Irrigation, Agricultural Research Service, USDA's Bureau of Plant Industry, Soils, and Agricultural Engineering, will speak from Washington on the subject "Atomic Energy Aids to Farmers". The first of the series will be heard tomorrow at 12:15 and then daily through Friday.

**1400-**  
"The Bar None Ranch", an hour long broadcast on WTRR daily through the week is a jamboree of songs and music from western folk music, songs from the hills, and many of the novelty tunes created by hillbilly orchestras that nowadays use everything from the organ to the guitar for the creation of melody. The "Bar None Ranch" is heard from 2:00 to 3:00 o'clock each afternoon.

**STETSON ESSAY PRIZE**  
DELAND, (Special)—Ona Barfield, a senior who will receive the A. B. degree in Religion at Stetson commencement June 2, is the winner of a \$200 first prize for her essay on Free Enterprise and the American Way of Life, donated by Walter L. Hays of Orlando. Peter Haurst, of Poland, also a graduating senior, with a major in sociology, won second prize. Formal announcement will be made in Chapel Wednesday morning, at which time Miss Barfield will read the essay.

Although Miss Barfield happens to be from Orlando, the judges had no way of knowing that the donor and winner are from the same city, as the essay was judged in anonymity. Her theme was to counteract the defeatist attitude of the present time toward the government and life in general. This is the second time Miss Barfield has won a first prize, having won the Harry Taylor prize in the humanities during her junior year. This carried full tuition for her senior year and \$250 in cash.

**Miss Lillian Boyle Is Guest of Honor**  
Miss Lillian Boyle, popular bride-elect, was honored Saturday afternoon with a coffee given by Mrs. Ernest Galloway, Mrs. Roy Holler and Mrs. Wallace Bell at the home of the former on Melonville Avenue.

The Galloway home was attractively decorated with various arrangements of mixed flowers with the dining room entirely in white. The dining table was overlaid with an imported embroidered linen cloth bordered with an arrangement of mixed white flowers and flanked on both sides by silver candelabra. The hall was arranged with daisies, snapdragons and Queen Anne's lace, and the living room and porch bore arrangements of day lilies.

Those in the receiving line were the hostesses, Mrs. Galloway, Mrs. Holler and Mrs. Bell and Mrs. Lloyl Boyle, Mrs. Boyle's mother, Mrs. Doyal Gray of Laurens, S. C. and the honoree, Miss Boyle.

About 600 guests called during the afternoon.

**Dr. Grey Re-elected Baptist President**  
MIAMI (UP)—Thousands of Baptists headed for home today after the largest and most successful meeting of the Southern Baptist Convention in its 107-year-old history.

The convention closed Sunday night in Miami's sprawling Diner Key Auditorium where 11,000 messengers attended the eight-day gathering. They represented 28,289 churches and 7,373,498 members. Evangelism and singing closed the session, with 12,000 gathered in the auditorium and several hundred others gathered outside to catch the breeze that swept in from Biscayne Bay.

Dr. J. D. Grey, New Orleans, was re-elected president of the convention by unanimous vote. The convention will meet in Houston, Tex., next year and in St. Louis, Mo., in 1954.

The convention went on record as protesting to the President and Congress the appointment of an ambassador or any personal representative to the Vatican.

It adopted a resolution saying that Baptists would "indiscriminate our people on the separation of church and state, informing them of the history of tyranny, persecution and dictatorship of state churches."

Another resolution called for a program of protest against radio and television shows of "low moral tone" and the convention's radio commission was instructed to give the widest possible emphasis to the plea for better programs.

## Music Festival Is Given At High School

One of the most outstanding musical programs ever presented in Sanford was the annual music festival of Seminole County schools in which 636 pupils participated Friday night at Seminole High School Auditorium, which was filled to capacity.

Almost the entire stage, which was beautifully decorated, was required to accommodate the large choruses. The entire program was presented under the overall direction of Miss Nancy Aline Williams, school music supervisor.

Climaxing the entire program was a mighty chorus of the 636 voices, augmented by the massed bands of Seminole High School, Junior High School, Oviedo and Lyman bands, with Miss Williams directing in a salute to the Armed Forces.

These numbers included "The Marines' Hymn," "The Caisson Song," "Anchors Aweigh," and "America The Beautiful." The massed bands, under the direction of Ernest Cowley, opened the program with the "Star Spangled Banner."

Participating in the program were students of Seminole High School, Lake Monroe, Sanford Grammar, Lake Mary, Palmetto, Lyman and Oviedo Schools.

Musical instructors co-operating with Miss Williams in the huge undertaking were Miss Ollie Reese White, Seminole High School; Mrs. R. T. Millwee, Lyman School; Perry Bremer, band leader of the Junior High, Lyman and Oviedo Schools; Mrs. Bertha Houghton, Wilson School; Ernest Cowley, SHS band leader; Mrs. W. G. Fleming, Junior High School and Miss Ann Lovell, ensemble director of the Grammar School.

The music festival, Miss Williams pointed out, was made possible through the cooperation of class room teachers, music teachers, school administrators and supervisors, students and parent.

Piano accompanists at the festival included Ellen Vihlen, Ann Thurston, Nancy Cash, Tommy Wyatt, Paul Elliott, Joan Wilke, Mona Jobe, Mrs. John Miller and Mrs. Ruth Wilson.

Directing the bands were Ernest Cowley, Perry Bremer and the following student band captains: Lee Farmer, SHS; Richard Tison, SHS; Johnny Perkins, Jr., and Robert Estes, Lyman School.

The program included a square dance by fifth grade Grammar School pupils under direction of Mrs. Gertrude Pendergast, and sixth grade pupils participating in a folk dance directed by Miss Lucille Campbell.

One of the novel features of the program was the playing of Huphones by pupils of the Oviedo Third and Fourth Grades under direction of Mrs. Jane Hart and Mrs. Walter Teague, classroom teachers.

Mr. Cowley directed the stage setting-up work, and sixth grade students served as ushers.

Photo by Fred Kirschner - Raymond Studio  
Miss Nancy Williams, daughter of former Mayor Robert A. Williams, and Seminole County music supervisor, presented an outstanding music festival Friday night at Seminole High School in co-operation with music teachers and band leaders and with 636 children participating.

**Mrs. Cullen Head Of Azalea Circle**  
Mrs. J. P. Cullen was installed as president of the Azalea Circle of the Garden Club at its meeting and covered dish supper Friday evening at 8:00 at the Garden Center with Mrs. Fred Pope and Mrs. W. M. Marshall serving as co-hostesses.

Other officers installed for the coming year were Mrs. Al Hunt, secretary and Mrs. E. E. Anderson, treasurer.

Mrs. Cullen, newly elected president, presided at the business meeting at which time it was decided to give \$10.00 toward the nativity scene to be purchased for the bandshell.

Members present were Mrs. J. P. Cullen, Mrs. J. M. Moye, Mrs. W. M. Marshall, Mrs. Fred Pope, Mrs. Roy Tillis, Mrs. J. A. Young, Mrs. Al Hunt, Mrs. J. L. Clark, Mrs. E. C. Harper, Mrs. W. B. Wray, Mrs. W. R. Jennings, Mrs. L. E. Spencer, Mrs. W. P. Fields and Miss Ellaine Kirchoff.

**Officers Installed By County Federation**  
Mrs. George Otto was installed as the new president of the County Federation of Women's Clubs at their spring meeting at the Longwood Hotel Thursday.

Mrs. O. P. Herndon served as installation officer and other officers installed were Mrs. C. M. Partin, first vice-president; Mrs. Lafon, second vice-president; Mrs. Oscar Harrison, recording secretary; Mrs. James McGrath, corresponding secretary and Mrs. C. R. Dawson, treasurer.

The fourth grade pupils of the Lyman School gave a fine performance of the old fashioned "can dance" which was received with much applause.

Current fashion trends and up-to-date merchandising technique.

**Yowell's Clerks Go To Gossard School**

# Blues Lose To Palatka Twice, 17-6 And 4-2, But Retain Second Place

## State Prep Golf Tourney Will Be Held Here In '53

### Bascom Hamm Holds Sanford Hitless Until 7th Frame; Imbra Hits Homer

**By KENT CHETLAIN**

Like a cooling volcano, the Seminole Blues lost two straight games to the Palatka and gained even split with the St. Augustine Saints over the week-end. The Blues fell last night to Palatka, 4-2, to a flu-stricken finger, Bascom Hamm, who set down the first 15 Seminoles in order and had a no-hitter until the seventh inning before retiring.

The defeat in Palatka last night gave the Seminoles a record of one win and three losses since their amazing string of 17 victories out of 19 games. The Blues now are riding a two-game losing skid.

Tonight "Chico" Corrales will try and get Sanford back in winning ways again as the Blues host the Cocoa Indians in Cocoa. Corrales will be trying for his sixth win of the year.

The second-place Blues lost no ground in losing last night to the Asclepias as first-place DeLand and third-place Jacksonville Beach both were defeated.

George Smith lost his first game of the year after winning the first four contests. Smith pitched a beautiful seven-inning game but on earned run however, the combined chunking of Hamm and veteran Cecil Hudson of Palatka was better.

Palatka made a high fever upon a perfect game for the first five frames not allowing a single runner to reach base. In the sixth Dundy Hudson drew the first pass of Hamm and Hamm was safe on second on Bill Hamm's sacrifice bunt. Hamm's sacrifice bunt allowed Hamm to first permitting Rhodes to score.

The Parise led off the seventh inning with the first Sanford hit as he sliced one of Hamm's offerings into left for a single. Asclepias manager Bill Heineke then called in Hudson to relieve Hamm.

Johnny Imbra rectified an earlier miscue in the first half of the eighth when he started the frame with his fourth homer of the year with no one on. It was Imbra's second of the year in Palatka.

### Manager Chuck Aleno Leads FSL Batters With 44 Runs Driven In

The perennial slugger, manager Chuck Aleno, of the Seminole Blues forged out in front in the Florida State League's runs lated in race by swatting 12 baseruns around to extend his total to 44 for the first 32 games. Aleno was second in Harold Martin last week with 32. Martin added only six more RBI's during the past week and now has 41 for second high in the league.

At the present clip, Aleno will drive in 195 runs to eclipse the FSL record set by Sanford's Eddie Lake back in 1944 when he clubbed 110. Aleno's phenomenal RBI percentage is 1.38 taller on same. Lake maintained a slightly higher average than 1.0 to set the runs driven in mark in 1944.

Aleno raised his batting average by one point to .366 but fell one notch to the sixth position in the league. John Imbra's torrid .355 clip of last week was sliced to .338 which dropped him from the circuit's Top Ten, which he ranked seventh in last week.

"Julius Joe" Parise maintained his homer lead with six but in Friday night's game Orlando manager Ed Levy poked out his sixth and seventh of the year to surpass the Blues' first baseman.

Besides Imbra and Aleno, Parise is the only other Seminole Blue batsman who is over the .300 mark. George Kenna dropped from the select circle last week from .311 to .302.

First break in what appeared to be an unpenetrable armor that found him standing off the bat hurling the Class B Florida State League had to offer found DeLand's Jack Cade, batting leader since opening day, losing ground.

Official averages through games played Thursday, May 15 show Cade high on top with a .453 average, but that figure was 32 points below his previous high.

Cade had a consecutive game hitting streak through 28 hits until he ran across rookie Murray Byrd and Jose Fernandez of Sanford early last week. Byrd blanked him four straight times, the last time Fernandez fanned him with the bases full, two out, and the winning run on base.

Five others of last week's Big Ten dropped out of the picture to make way for four names new to the list, but one who had "been up" — Al Parise.

Among those dropping out were the veteran Johnny Imbra of Sanford who had a 20 game hitting streak broken.

The week, one of the most hectic in the history, drew a climaxed Thursday night when DeLand defeated Leesburg 22 to 0 for the new record in runs scored while blanking an opponent. Oddly, DeLand beat Daytona 21 to 0 in 1948 to set the record, with Daytona's tying that record.

## The Sports Register

By KENT CHETLAIN  
Sports Editor

In wake of a 17-game winning streak in 19 encounters played, the Seminole Blues now have a 2-game losing skid running. It isn't a pleasing task to write about a losing team, but like all good fans, we must be able to "take the bitter with the sweet."

All too often we fans will be labeling our club as a bunch of "bums" when in the depths of a losing streak and when they are winning we'll play-did our heroes and say I told you so etc. To my mind the definition of a "team" is a group of men who may get discouraged after losing a game but will be right back the next night pulling for his team in spite of last night's score.

The normal reaction on the part of most fans now is to ask, what is the matter with the Blues. This question could and is being answered in many varied forms.

We have analyzed it this way:

1) The Seminoles have faltered fundamentally for the same reason they receded off 17 wins in 19 games. And that reason is what Connie Mack once defined as the greatest single factor in baseball—pitching. In the Blues miserable showings against St. Augustine and Palatka here last week, the main difference between the winning Blues of previous weeks and the club that lost so badly was the lack of consistent hurling.

Just look at the scores and they tell the tale. Sanford fell to the Saints 10-1 on Thursday night and then on Saturday night they succumbed to the Asclepias 17-4. Certainly the lack of good pitching was instrumental in these smashing defeats. Well, you ask what is the reason for the lack of hurling?

The loss of Lloyd Hwala and the fact that the Blues had to start down last Tuesday night to 16 men might well be considered. Certainly, the Blues don't have the depth they did before the deadline in numbers, yes, but quality, no.

Hurlers like George Smith, "Chico" Corrales, Murray Byrd, Jose Fernandez and Swan were taken out of the Blues' rotation to Blues to their second place ranking in the league from a lowly sixth spot with a 5-7 won loss record.

The second factor is the "Mass of averages." No baseball team can amass a great winning streak without a strong pitching staff and good pitching cannot be expected to go out night after night after night and win ball game after ball game. Hitters cannot get hot at such a rapid rate and win ball game after ball game. Hitters can amass a great winning streak without a strong pitching staff and good pitching cannot be expected to go out night after night after night and win ball game after ball game.

## Mel Fleischer Hurls Two-Hitter But Feds Lose To DeLand, 2-0

Despite a brilliantly pitched two-hitter by Melvin Fleischer, the Seminole High School baseball team was eliminated from the State sub-group tournament as the DeLand Bulldogs eked out a 2-0 triumph in New Smyrna Beach last Friday afternoon. It was especially disheartening for the Feds since all the semi-finalists had been beaten by the Seminoles during the course of the regular baseball season.

The combination of a pair of errors and a one-run double by DeLand's Ed Scott in the sixth frame spelled ultimate defeat for the Feds, who out-hit the Bulldogs five to two. It was the second two-hit performance of the year for the curve balling Fleischer, who also ran up a one-hitter over Seabreeze in Daytona Beach last month. The DeLand loss gave the outstanding Seminole flinger of the year a 16-1 season's record.

The Feds opened the tourney with a tremendous burst by lambasting the Seville nine 21-11 last Thursday. The elimination of the Celery Feds from the tourney officially ended the S.H.S. baseball season for 1952. The Seminoles, coached by Bill Fleming, posted an overall record of five wins against six setbacks in 11 tilt.

Fleischer will be returning to the Feds next year as will Jimmy Krider the other Seminole flinger. With this year's experience under their belts, they should form a strong pitching staff for the Feds next year.

DeLand 2-0  
Seminole 0-2

## "Swingin' Sammy" Snead Has Yet To Win His 1st Open

**By HAROLD V. RATLIFF**  
AP Wirephotos

SAN ANTONIO, Tex. — Will Sam Snead ever win the National Open?

The great man from West Virginia has been trying for a decade and a half. He almost made it several times. But in Philadelphia that night at Spring Mill in Philadelphia and that St. Louis play-off with Lew Worsham.

Generally, the golf stars think Snead will realize his ambition but that he's going to have to hurry. One prominent linkster gives Sam 15 more years — but mainly they think time is running out on the slammer.

It's the only title the sweet swinger hasn't attained — it's an obsession with him. That's what

Melvin Fleischer... pitches his second two-hitter but loses.

## H. Whelchel Offers Seminole County C. C. Facilities

Between 250-350 high school golfers will converge on Sanford for the state prep link tournament at the end of April. The annual state prep link tournament as a result of the Florida High School Athletic Association's decision to pick Seminole High as the host school at the association's annual meeting in Gainesville a week ago last Saturday, it was announced today by H. E. Morris, principal of Seminole High School.

The ground work for obtaining the tourney was laid when Seminole County Country Club owner, Hugh Whelchel, agreed to offer his club's facilities for the state meet.

Mr. Morris, who is a member of the board of directors of the Fifth District of the FHSAA, attended the Gainesville meeting and introduced the Sanford request.

"We are highly proud of the honor bestowed on us by the FHSAA since several other schools in the state put in the same request for the tournament that we did," he said.

Mr. Morris said that the hundreds of golfers would be housed in all the local hotels, motels and tourist homes. The tourney will last for three days and will have teams from every part of the state entered.

Even girls' teams will be competing. "We hope to get up enough interest among our girls to have a team of our own entered in the meet next year," Mr. Morris stated.

The Seminole High link team gained state-wide recognition this spring in taking fifth place in the FHSAA golf tournament held in Lakeland. Jimmy Fox was runner-up in the fourth flight in that meet.

Next year's tourney will be conducted on the same basis as all state tournaments with the first day being devoted to qualifying rounds and the second and third days competition consisting of individual and team play.

One of the main reasons for choosing Sanford was the adequate championship facilities offered at the Seminole County Club located just four miles south west of Sanford.

This year's Seminole High team was the East Florida Conference meet here from Palatka, earlier this month. The Fed linkman also registered a win over the highly touted Orlando Senior High squad.

Official averages through games played Thursday, May 15 show Cade high on top with a .453 average, but that figure was 32 points below his previous high.

Cade had a consecutive game hitting streak through 28 hits until he ran across rookie Murray Byrd and Jose Fernandez of Sanford early last week. Byrd blanked him four straight times, the last time Fernandez fanned him with the bases full, two out, and the winning run on base.

Five others of last week's Big Ten dropped out of the picture to make way for four names new to the list, but one who had "been up" — Al Parise.

Among those dropping out were the veteran Johnny Imbra of Sanford who had a 20 game hitting streak broken.

The week, one of the most hectic in the history, drew a climaxed Thursday night when DeLand defeated Leesburg 22 to 0 for the new record in runs scored while blanking an opponent. Oddly, DeLand beat Daytona 21 to 0 in 1948 to set the record, with Daytona's tying that record.

President John Krider had his hands filled with protests, denying one and ordering the game replayed from the point where the protest originated. The hit will find DeLand at Daytona May 23 with Manager Charley Brewer at bat in the sixth.

President Krider filed St. Augustine manager Stan Karpinski \$25 and Saint catcher Martinez \$10 for "abusing the umpire" on the night of May 9 at home, while filing Sanford manager Chuck Aleno \$10 for the same reason in a game in Sanford May 10.

Cade leads the loop in runs with 25, his with 52, and triples with seven. Joe Parise of Sanford leads with six homers, with Aleno, Parise, and Levy, all veterans, right behind with five each.

Aleno is tops in runs batted in with 44, followed by Martin of Jacksonville with 41, and rookie Howie Tesoro of the Cleveland owned Daytona Beach team in leading in stolen bases with 16. Ten more on the team-mate Haller had produced.

DeLand 2-0  
Seminole 0-2  
Lindsay and Smith; Fleischer and Pennington.

## Snead Loses Two Tourneys Out Of Six On Penalties

**NEW ROCHELLE, N. Y. (AP)** — Since January, Sam Snead has won four golf tournaments; failed to win two others only because of penalties; and has collected something over \$12,000 in prize money. But he still isn't satisfied with his playings.

Snead, apparently unimpressed by his "one squeak in the dramatic finish of the \$2,000 round robin tournament at Wyckoff Sunday pocketed the winners \$5,000 check and complained:

"This was the worst I've ever played to win a tournament. I don't make any difference between others, but I had several different pairings; I might have been different. I don't drive very well and my iron weren't very good. I'd like to make a comment about the pairings; that's all I can say."

Sam plans to play in the Western Open St. Louis, May 29, and in the National Open and PGA championships.

If Snead gets off to a good start in the National Open, he will be the favorite to win it.

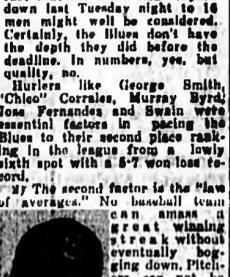

## Junior Feds Defeat Winter Garden, 12-1

The Junior High School baseball team racked up victory No. 3 as they swamped Winter Garden, 12-1, in the Lake Apopka town last Friday afternoon. Jimmy Hawkins sent the entire distance on the hill for the Junior Feds with Johnny Jones doing the receiving. Both are veterans of the Rotary Boys baseball league.

The Junior Feds coached by Howie Tesoro have now won all three of their season's games. They hold two wins over Winter Garden in 1951 and a 3-2 victory by seven of 18-9 and 8-3. The Junior High will play Winter Garden in a return game here Wednesday afternoon on the Ninth Street Diamond at 4:00 p.m.

PARISE WINS TALLAHASSEE MARY LENA YAKI, Thomasville, Ga. selected Seminoles Champion Ray, Lee Jones, Gainesville, Fla. Seminoles will be third Tallahassee women's basketball team on the 10th Camp and Coach Hank.

**Gerry Staley And Shantz Are Pair Of First Raters**

**Hurlers Post Good Records With 2nd Division Outfits**

By JOE REICHER  
 Associated Press Sports Writer

Little Bobby Shantz and big Gerry Staley, a pair of first-rate hurlers, are setting terrific pace for the other 184 major league hurlers.

Shantz, the 57 Philadelphia Athletics' southpaw, Sunday became the first American League pitcher to win six games as he shut out the Cleveland Indians, 20. Staley, six-foot St. Louis Cardinals' right hander, became the National League's first seven-game winner as he led the Philadelphia Phillies, 13.

The 26-year old Shantz now owns more than half of the seventh place Athletics 11 triumphs. Staley, two years older, has registered exactly half of the fifth place Cardinals' 11 victories.

Although 13 pitchers won 20 or more games last year, neither Shantz nor Staley were among them. Bobby bagged 18 wins in 1951 and Staley notched 19. They appear to be headed for their first 20-game seasons in the big leagues.

Shantz surrendered only three hits to achieve his first shutout in the opener of the doubleheader at Cleveland. The Indians came back in the nightcap to register a shutout victory of their own as Mike Garcia blanked the A's, 4-0, despite yielding nine hits. In the opener, Bob Feller was the Cleveland loser, yielding homers to Ed Die Jost and Gus Zernial.

The Indians retained their 25 game lead in the American League as the second place Washington Senators split their twin bill with the Chicago White Sox, 4 bases

**Wirt Is New Bantam Sail Boat Champion**

JACKSONVILLE, Fla. — Jack Wirt was one race Saturday and two Sunday in the St. John's Regatta to become state bantam division champion.

The Mautman succeeds Bert Verway, Jacksonville, 1953 and 1951 winner, who was fourth this time. Other divisions and their winners:

Sarge — Francis Seavy, Clearwater, defending champion; Pennquin — Stan Law, Sarasota; subside — Jerry Gwynn, Miami; Cruiser — Gene O'Connor, Jacksonville; boats with more than 150 lbs. — Lee Garner, Jacksonville; boats with under 150 lbs. of sail area — Henry O'Neal, Miami; K class — Thomas Hartl, Alachua Sailing Club.

**HOOPER HAPPY**  
 ST. LOUIS (AP) — Bob Hooper, the journalism student who plays some outfield for the St. Louis Browns, broke into the majors with two home runs last September. Playing his first game this spring, the Browns third game of the campaign, he also collected a home run.

**WIRT "PINK" TRUCKS**, at the De Soto Tiger, winds up for the final pitch in game against the West-ington Senators which gave the right-handed speedballer a 1-0 victory for the Tigers Trucks, ringing the bell all the way at De Soto's Briggs Stadium, pitched the second no-hit, no-run game in team's history. (International)

**Deland, Sanford, Jax Beach Birds Are All Defeated**

By NEIL GILBRIDE  
 Associated Press Staff Writer

Gamesville Sunday handed a 1-1 defeat to Deland's Red Hats who seem to have lost a little steam since their baseball stadium burned down last week but who still lead the Florida State League.

In other games Sunday Orlando defeated Jacksonville Beach 9-4 Daytona Beach beat St. Augustine, 7-0 Patoka triumphed Sanford 4-2, and Fort Lauderdale crushed Jax Beach 13-3. Jax Beach pitched a nine hitter to give the Gamesville G Men their third win of the season as De Land.

St. Augustine pitched for the Patoka Braves, retiring the first 15 Sanford batters to face him before being relieved in the eighth by veteran Fred Hinton.

Fort Lauderdale's Thad Scola pitched five innings of no hit base ball to defeat the St. Augustine Saints. Only three St. Augustine batters reached first base, on walks and errors, before the game was called because of rain after the fifth.

George Klartman pitched an eight inning no hit game for the Jacksonville Beach Sea Birds. Orlando collected five runs from Sea Bird Pitcher Joe Appel in the third inning.

**TWO BEST ROUNDS**  
 AUGUSTA, Ga. (AP) — Jack Buckle Jr. was the only golfer to break 80 twice during the recent Masters. He shot a 67 the second day and a 69 the fourth and final day. Yet he finished four strokes back of winner Sam Snead. Cards of 76 and 74 ruined the winter season's chances of copying his 81 and 81st prize.

**IMPROVEMENT NOTED**  
 AUGUSTA, Ga. (AP) — During the recent Masters golf tournament the only pro to equal or better his game as he went along was Vic Ghersi, Inwood, N. Y. His Ghersi's scores were 77-77-74. His 301 total, however, was 18 strokes back of Sam Snead, the winner.

### Grim Drama Being Enacted In Wilds Of Brazil Jungle

MIAMI — Grim drama was being enacted deep in the Brazilian jungles today where a U. S. civilian aviation investigator and a Brazilian air force major tried to win freedom from a "wildcat" group of parachutists.

Gordon Bennett, chief advisor of the Miami International district office of the CAA, said 30 or more armed parachutists were holding Scott A. Magness, CAA aviation safety advisor from Miami, and Maj. Miranda Correa of the Brazilian Air Force.

He said they were being used as hostages in an attempt to gain transportation for the parachutists back to civilization from a helicopter landing strip 3.7 miles from the spot where a Pan American World Airways plane crashed April 22, killing 50 persons, including 10 Americans.

The pilot of a USAF helicopter messages his commanding officer at Albrook Air Force Base in the Panama Canal Zone that he had removed all U. S. government officials from the jungle "except one (Magness) who is being held hostage by Brazilian parachutists."

He said he was forced to fly supplies to the armed group at the threat of death to Magness and was making flights solo from an advance base on the Araguaria River and was "sending airmen out of here in Belem due to serious threat to life and limb."

The pilot added he was forced to make the 70-knot round-trip flights over dense jungle in dealing with the parachutists.

Bennett said the unauthorized expedition, led by Lino de Mattos, a deputy from the state of Sao Paulo, had been sponsored and financed by Adhemar de Barros, a former governor of Sao Paulo not mentioned as a possible candidate for president of Brazil in the next election.

No further information was available here, but it was known that there was conflict between the official expedition to the scene of the crash and the "wildcat" group, which was called a "solidarity caravan."

The de Barros group had been urged not to attempt the journey but it parachuted into the jungle a few days ahead of the official party.

The crash scene is 501 miles south southeast of Belem and 533 miles north of Rio de Janeiro. The plane was flown from Buenos Aires in New York when it crashed.

Final rites for the victims were held at the scene Sunday. Because of the difficulty of reaching the terrain and condition of the bodies, officials ordered immediate burial.

### Bus Runs Into Car On Orlando Highway

A Greyhound bus, attempting to pass a car turning into the Boulevard Drive at Theater Thursday night, hit the car and both vehicles swerved clear of the Highway 172 into the entrance of the open-air movie, it was reported today by Highway Patrolman D. J. Harrison.

The collision caused an estimated \$300 damage but on one was injured. The automobile, driven by Roy C. Williams, 35, of Sanford, received damage from the impact while damages to the bus, driven by Millard C. Whaley, 48, of Jacksonville, were figured at \$100.

Both vehicles were traveling north at the time Mr. Williams was reported to have slowed down and began turning left into the drive-in when the Greyhound passed him on his left at the time of the accident. No arrest was made.

Coxsack Carter, a 69-year-old Negro, smashed into the rear-end of a log truck just north of Altamonte Springs Wednesday on route 427, causing \$500 worth of damage but no injuries. The truck was driven by Lewis M. Lewis, 48-year-old Negro of Altamonte Springs. Carter was arrested.

At 6:20 a.m. Thursday Thomas H. Wilcox, colored president of Sanford, was towing a truck that overturned just south of the Dr. Baker's Dairy on the old Orlando Highway. A 17-year-old Negro youth, Frank Lingard, was guiding the tow truck at the time of the accident. No one was injured.

### INSURANCE AT A SAVING FOR YOU

SOME AUTO INSURANCE CAN SAVE YOU

The 1949 Chrysler equipped with the 140 horsepower V-8 Six Power engine rolls off the assembly line. Unfilled orders for the V-8 equipped cars now stand at 25,000 with sales ahead of production. Shown with number 109,000 are: David A. Wallace, president of Chrysler Division, Chrysler Corporation, E. C. Quinn, vice-president and general manager, Joseph A. O'Walley, vice-president and general sales manager and A. W. Fleming, vice-president in charge of manufacturing.

### McCarthy Meeting

(Continued From Page One)

The first article stated that the County Commission unanimously went on record as opposing the withdrawal of the County following similar action by the Seminole County Bar Association. The second article contained a warning by O. P. Herndon, county clerk, of adverse consequences which might attend the passage of House Bill 482, pointing out among other results that the election position as now held by the county prosecuting attorney would be abolished, and would have to be filled and appointed by the County Commission.

Fletcher Rush told the group that Seminole County citizens are going to play a big part in electing Dan McCarthy. He stated that McCarthy had never favored meeting Odham on the same platform, and would meet him Monday in Orlando on a neutral platform. He requested that local supporters form a motorcade to attend the Monday night McCarthy rally in Eola Park.

J. C. Buhlman predicted that McCarthy would make a better showing next time in Seminole County precincts. Porter Lansing told of challenging Odham at Daytona Beach, and declared that the latter had side-tracked his questions.

### Orlando Jaycees

(Continued From Page One)

ham that all outstanding bills had been paid when he reported expenditures of \$108,000 the day before the first primary. He said, "Certainly, as far as I know" they were paid, but added he could not make a positive declaration because he didn't know whether such things as secretary's salary for part of a week or late telephone calls were involved.

McCarthy asked whether Odham felt the legislature should be a rubber stamp for the executive department or be abolished.

It was an obvious dig at Odham's declaration that he would try to get hometown pledges from legislators to support his program and would keep looks on the legislator.

Odham replied that the legislators should serve the people and explained his proposal for a series of town hall meetings to create public demand for his program.

Today's luncheon was the meeting Odham has been calling for repeatedly since he edged into the second primary run-off with McCarthy, who led by 128,000 votes and just missed a first primary victory.

McCarthy has said he was willing to meet Odham but that he wasn't going to divert his campaign to a joint tour. They will meet again in Miami television program Thursday night.

The Orlando Junior Chamber of Commerce brought the two candidates together here at a luncheon meeting. Seats were at a premium but the public was let in on it by a radio broadcast and a public address loudspeaker in a nearby downtown park.

Rules of the joint appearance didn't make it exactly a debate. Each candidate was allowed 15 minutes for a general speech, 10 minutes to answer questions from the audience of each other, and a five-minute rebuttal.

The duel was regarded as something of a farcical test for McCarthy, whose short, formal campaign speeches have been in considerable contrast to the free-flowing talks of Odham.

Because of his novel radio talks, them, in which he has answered questions for hours at a time, Odham is the much more experienced man in verbal exchanges. The 22-year-old Sanford oil dealer interrupted a West Florida tour to meet McCarthy here. He will fly to Quincy this afternoon for four hours of radio talks on Quincy and Tallahassee radio stations, then tour westward to Pensacola Tuesday in territory which McCarthy captured by heavy vote majorities.

McCarthy will be working today and Tuesday where Odham led May 8. The 69-year-old Fort Pierce citrus grower and cattleman will spend this afternoon in Orange County which he lost to Odham by 34,000 votes. Tuesday he will tour Polk County which Odham won by 2,000 votes.

### Auto Collisions Are Reported Last Night

A 24-year-old Negro from Daytona Beach was hit while driving north on Park Avenue at Twenty-fifth Street by a car driven by Alice Baker Davis, 30, colored, of Sanford last night at 8:45 p.m., it was announced today by Chief of Police Roy G. Williams.

The collision caused a total of \$120 worth of damages to both vehicles. Nathaniel Bradley and the women were arrested for careless and negligent driving. Neither were injured.

Annie Lee McKinney, 17-year-old colored girl of 40A Hipps Avenue, was arrested for ramming her automobile into the side of a car driven by Ann Raborn, 16, 308 Seminole Boulevard. Miss Raborn was traveling west on Celery Avenue when the colored girl, going south on Locust Avenue, turned east on Celery Avenue at the time of the accident.

The crash caused \$40 to Miss Raborn's car and \$26 to the vehicle driven by Annie Lee McKinney.

### Ridgway Quiz Slated On Kojie Island

WASHINGTON — All 96 members of the Senate have been invited to attend a closed-door session of the Armed Services Committee Wednesday at which Gen. Matthew B. Ridgway will be questioned about the Kojie Island incident.

A dispatch from Seoul today said the Eighth Army reported a board of inquiry has completed its investigation of the seizure and release of Brig. Gen. Francis T. Dodd by Communist prisoners of war on Kojie Island.

Findings have been forwarded to Gen. Mark Clark, supreme Allied commander in Tokyo, who will send them on to Washington. The nature of the findings was not announced.

Ridgway, former Tokyn commander, is in this country en route to Europe to take over Gen. Dwight D. Eisenhower's command of the North Atlantic Treaty Organization (NATO) forces.

Sen. Byrd (D-Va.), a member of the Armed Services Committee, said Sunday night that the committee already had started an inquiry into the Kojie incident.

### Truman Bank

(Continued From Page One)

negative side of the Oregon primary. On a television program Sunday (NBC's Meet the Press), he claimed 127 delegates. His closest competitor, Stuart Security Administrator W. Averell Harriman, had 92.

The Washington State Democratic convention defeated Saturday night a Kefauver effort to get the state's 22 delegates pledged to him. The meeting decided to send the state's delegates to Chicago, unpledged.

Sen. Robert Kerr of Oklahoma called the "stunning setback" for Kefauver, and a definite forward step for his candidacy. He made the statement at Boise, Idaho, where he was seeking Idaho's 12 convention votes.

### KE REPORTED LEADING

NEW YORK — The New York Times said today that supporters of Gen. Dwight D. Eisenhower claim a probable first ballot strength of 324 votes for him at the Republican National Convention.

The backers, the Times added, expect Eisenhower to win the GOP presidential nomination with the necessary 604 votes on the second ballot.

CITRUS QUERN  
WINTER HAVEN — The queen of the 1952 Florida Citrus Exposition and her court will leave Wednesday for a 10 day visit to New York.

Arthur Kennedy, Marlene Dietrich and Mal Ferrer, in a scene from RKO's "Rancho Notorious," in color by Technicolor, showing on the Ritz Theater screen Tuesday and Wednesday.

### Communist Order Closes 1 German Border Crossing

FRANKFURT, Germany — A sudden Communist order today closed one of five border crossings for German passenger trains between the Soviet Zone with West Germany.

Without explanation, the East German government shut off passenger traffic on the feeder line between Gutenfurt in Soviet-occupied Thuringia, and Hof, frontier communications center in the American Zone State of Bavaria.

West German railway officials said passenger traffic on this line was not explicitly covered by Soviet-Allied agreements. But it had been carried on by an unwritten "gentleman's understanding" since the Berlin blockade was lifted May 12, 1949.

Today's Red order was the first to cut down international rail communications in post-war blockade years.

It left the Gutenfurt-Hof line open for freight movements, however.

The Communist action jolted blockade-bitter Berlin and sent cold chills through West Germany, where fear of Soviet aggression has increased sharply as the Bonn government shares a peace contract with the West.

### Wife Is Reported Killed In Wreck

WEST PALM BEACH — The pilot of a military private airplane walked into Good Samaritan hospital here today and reported his wife dead in the wreckage of the craft seven miles west of the city.

The pilot, Gordon Taylor, 28, said he walked and hobbled from the crash scene to the hospital to seek aid. He was given emergency treatment and told hospital authorities he was unable to detect any sign of life in his wife, Betty.

Coast Guardsmen were searching the area for Taylor's plane when he appeared at the hospital. It had been reported overdue on a flight from Sidney, Ohio, via Atlanta to Miami. A plane answering its description was seen over the ocean off Palm Beach Sunday with one engine dead.

H. R. (Jack) Paros, Miami, owned the twin-engine Cessna which Taylor flew. Paros said the pilot was to go to Venezuela for him and begin a small air line. Mrs. Taylor had gone to Sidney, Ohio, to tell her parents goodbye and Taylor flew there last week to bring her home.

### WAMP REPAIRED

BAYONNE, N. J. — The aircraft carrier Wasp, scowarily after a rush repair job on her collision-damaged bow, returned to active duty today.

The 34,000-ton flattop left the Naval shipyard here and headed for Gravesend Bay in New York to pick up stores and ammunition.

Repair work on the ripped bow was completed in only ten days. The ship limped into port here last Thursday.

During night maneuvers in the Atlantic April 26, the Wasp buffed into the destroyer minesweeper Hobson which went down with 176 of its men. Sixty-one Hobson crewmen were rescued.

### RED BOOTH CLOSED

LOS ANGELES — They had to close the Russian booth at the All Nations Festival because citizens objected to its hammer and sickle flag and handbill extolling the Communist way of life.

The festival marked the opening Sunday of Los Angeles' annual world trade week. Meet U. N. dignitaries had booths featuring handicraft displays.

### Chesapeake And Ohio Freight Is Derailed

SAYRE, Mich. — Railroad wrecking crews moved into this small Southwestern Michigan community today to clear 26-cars of a Chesapeake and Ohio freight train derailed Sunday night in a collision with a light pick up truck.

The freight cars were scattered over a half mile section of the railroad right of way here. Cars were piled six high in the down-town area of the small community located south of Benton Harbor, Mich.

State police reported no persons were killed in the spectacular derailment. Three teen-agers, passengers in the truck, were injured critically and taken to St. Joseph's Mercy Hospital in nearby St. Joseph.

Police said the three were in the pick-up truck which rammed the long Grand Rapids to Chicago freight train at a crossing north of here.

The fast train dragged the truck for 100 yards.

Railroad officials said the impact of the collision broke a brake beam on one of the cars causing the derailment of the other cars.

### Service Held Sunday For Richard Muse

FUNERAL services were held at the Church of Christ on Elm Avenue and Second Street yesterday at 3:00 p.m. for Richard Muse, 52 year old west side farmer who died Saturday morning. The Rev. J. C. Nicholson officiated at the service and interment was made in Sylvan Lake Cemetery.

Mr. Muse, who died had been ill for a week, was born in Bradford county, Pa., and had lived in Sanford for 43 years where he engaged in farming and flower growing.

He is survived by the widow; two daughter, Mrs. R. C. Andrews and daughter and Mrs. I. M. Dyess, Jr., of Madison; four sons, J. C. W. C. C. G. and T. J. Muse all of Sanford; 17 grandchildren; 11 great grandchildren; three brothers, Cleve, John and Alfred Muse of Jacksonville; two sisters, Mrs. L. F. White of Jacksonville and Mrs. Martha Thomas of Clearwater.

### Vanderbilt Joins Tennessee In Raids

NASHVILLE, Tenn. — Spirited males at the Universities of Tennessee and Vanderbilt joined the national pants raid parade Sunday night. Three policemen were injured and 15 students were arrested at Tennessee.

Shouting "We want pants — we want bras," about 300 young bucks overpowered 10 officers and surged into two women's dormitories and several sorority houses at Vanderbilt, in Nashville. No arrests were reported at Vandy and the officer's injuries were minor.

In Knoxville, 200 miles to the east, police got wind of projected raids, and hustled eight cruisers and 15 officers to the University of Tennessee campus.

They arrived in time and the raid fell through. The collegians bounced a few pebbles off dormitory windows, but police broke it up by firing a few shots in the air and arresting 15 students.

### STUDENT IS TRAPPED

SPIRIT LAKE, Mt. St. Helens, Wash. — A young University of Washington student lay trapped at the bottom of a 50-foot crevasse here on the icy slopes of Mt. St. Helens today as experienced mountaineers battled frantically to reach him.

The youth, 20-year-old Art Jessett, son of Seattle minister, dropped from sight at the 8,000-foot level shortly after noon Sunday as he and three companions were descending the northeast slope of the mountain after a climb to the summit.

Jessett called to his companions that he was trapped in the narrow ice hole about 35 below the surface of the snow. He said he thought he had broken his arm when as the ice about him melted from the heat of the body he called that he was slipping.

The party's only rope went with him. It was looped about Jessett's shoulder.

Mountaineers from Seattle and Portland were called to base camp here to aid in the rescue attempt. State patrolmen and members of the Mt. St. Helens ski patrol labored until nightfall Sunday without being able to reach the youth.

### CITRUS MEETING

LAKELAND, Fla. — Citrus growers and shippers will meet May 23 and June 3 to nominate members of the Federal Citrus Marketing Agreement committee. Shippers will meet all together here June 3 to recommend eight members and eight alternates for the Shippers Advisory Committee.

Growers will hold elections in each of the seven citrus districts to make their recommendations for the Growers Administrative Committee. These will be May 29 at Tampa, Tavares, Ocala, Orlando, Sebring and Winter Haven; and June 3 at Vero Beach.

This committee also has eight members and eight alternates. The U. S. Secretary of Agriculture makes the committee appointments, but he usually names the high men on the Florida lists. These committees regulate grade and size of citrus shipped from Florida.

Small doses of chloroform, taken internally, have much the same effect as alcohol.

Do You Want A State Income Tax?

# A. Max Brewer

(Candidate for State Senate)  
is opposed to a state income tax!

Here is your present Senator's  
RECORD:

With the name of Senator Lloyd F. Bush attached as one of the introducers, the following proposal was submitted to the Florida Senate May 20, 1946. (This is a matter of record in the permanent files of the Journal of the Senate, Page 717):

"INCOME TAX—The Legislature is empowered to levy a tax upon the income of residents or citizens of this State in an amount not exceeding twenty-five (25) per centum of the aggregate income tax from time to time levied by the Federal Government upon such incomes."

## Odhams Warns Libel Action For Circular

### Alleged Tie-Up With McBride Is Said To Be Basis Of Suit; Road Plan Attacked

TALLAHASSEE — Gubernatorial Candidate Bralley Odham said in one of his radio talks Monday night that he would sue Dan McCarty's Duval County Campaign Committee for libel if it's the last thing he ever does.

He said the committee libeled him in a circular which discussed Odham's employment of a former employe of radio station WMIE in Miami and said a retraction by the committee would not satisfy him. He said he intends to confer with his lawyers as soon as possible.

McCart's said the former WMIE worker was employed by the station when it was owned by Mickey McBride, who McCart linked with a bookie wire service. Odham also charged that McCart is spending "thousands of dollars" in his campaign and is postponing a report until after the election.

During his talk Odham issued frequent invitations for State Sen. Leroy Collins to come to the broadcast and inspect legislative journals for the 1949 session of the Florida House. Collins, one of McCart's leading supporters here, did not appear.

Odhams said McCart's insistence he had not voted against the sales tax bill when it was before the House was untrue. He said he fought the measure all the way through its legislative journey and did not vote at the final passage because the battle already had been lost.

Odhams is scheduled to campaign today in Blountstown, Bristol, Marianna, Chipley, Highway, DeFuniak Springs, Crestview and Milton and wind up with a talkathon in Pensacola.

By MALCOLM B. JOHNSON  
WINTER HAVEN — Dan McCarty tossed more bricks at Bralley Odham's road program and tallies as he campaigns again today in territory where Odham had for governor in the first primary.

The Fort Pierce citrus grover and cattleman called the \$10 million plan to build 100 million dollars for a lane highway program fantastic, unsound and "demagogic" in your grand children's pocketbook.

Even at a time when this whole country is worrying about taxes and the public debt, Mr. Odham would plunge Florida into a back-breaking loan that would cost millions and millions of dollars every year to pay the interest."

McCart said the \$37 million dollar figure set by Odham wouldn't include costs of acquiring rights-of-way to run on, and that 10 months of service are leaving tomorrow for Louisville, Ky., where she will engage in Salvation Army social, home and hospital work.

Cadet Marselle Reynolds, who will actively enter Salvation Army work in September, will move to Orlando. She conducted the farewell meeting here Sunday.

The local corps and Capt. Williams will be taken over by Lt. Buck White of Washington, D. C. and Lt. Avedis Kasarjian, D. C. who are coming here from Atlanta, Ga. tomorrow.

Capt. Williams and Lt. Hawkins today expressed appreciation for the support given the Salvation Army here by the public, by civic organizations and by the Advisory Board. They declared that they regretted leaving Sanford where they had made many friends.

By AIRMAN GLEESBY  
SAN FRANCISCO, Cal. (Special) — Armed Frank E. Olesby of Sanford is now serving as an Air Force man with the 48th Tactical Control Group somewhere in Korea.

Price to publisher is the Air Force Airman's Journal, a weekly newspaper published by the Air Force.

The above special contribution this week is for the purpose of an appeal for help in the world war.

## HOME ON ROTATION

U. S. Army Photo  
Before leaving Korea to return to the United States, Maj. Walter H. Turner (left) of Shell Beach, Calif., as Col. Edwin A. Walker, 7th Regiment commander, looks on. Major Bell, whose wife, Maxine, lives at 305 Pier Street, Shell Beach, replaces homebound Major Turner as 1st Battalion commander in the 3d Division's 7th "Cotton Hair" Regiment.

## Shrimp Fishermen Rescued After 44 Hours On A Raft

### Skipper Decides To Give Up Fishing, Go Into Ranching

KEY WEST — Three young fishermen who perched for 44 hours on a precarious, home-made life raft after their shrimp boat sank in the Gulf of Mexico were brought ashore today by the Coast Guard cutter Juniper.

"They were in good condition but thinking seriously about shifting to another occupation."

The skipper, W. E. Parnell Jr., Punta Gorda, a veteran fisherman at 21, said he had thought for some time about going into the cattle business, and his long ride on the bucking raft had made up his mind.

It was the first fishing trip for the two crew members, Columbus Lower, 17, Punta Gorda, and Robert Hesse, 18, Tullahoma, Tenn., but both declared it probably would be the last.

The youths left the Yucatan coast last Tuesday in their 55-foot boat, the Parnell, and headed for their home port of Punta Gorda. One day out, they radioed the Coast Guard at Tampa that the boat was taking on water.

Thursday at 9:30 p. m., they flashed an SOS that the boat was sinking.

"By that time," Parnell told interviewers today, "we were up to our necks in water and had no lights but we worked all that night trying to save the boat."

Meanwhile, the trio fashioned a raft out of four boards lashed to three oil drums. There was no hammer and the boards were nailed together with a hatchet head.

At 3:15 p. m. Friday, they abandoned the boat and took to the raft 90 miles north of Yucatan and 200 miles west of Key West.

"We took enough canned goods to last a week," Parnell said, "but the raft rode so low in the water we threw away all but four cans of food. We ditched the stuff in a hurry when a 15-foot shark swam alongside."

The raft sank so low the youths sat waist deep in water and every wave threatened to tip them over.

The first afternoon, a ship passed four miles away. Saturday night, they heard planes overhead in the darkness. The seas were rough that night and it was a constant battle to keep the little raft right side up.

At 11:30 a. m. Sunday, a Coast Guard search plane spotted the raft and directed the Juniper, a 125-foot cutter, to their rescue. The Juniper arrived at 8 p. m. Sunday, was refueling in Key West when the first distress call came from the Parnell and was only a dozen miles from the raft when it was sighted.

The plane dropped a rubber raft but Parnell said it landed 100 yards away and the water was so rough he decided he couldn't swim to it.

## Maj. Walter Turner Returns Home After 17 Months In Korean War

### By WILLARD CONNOLLY Major Walter M. Turner, who won fame as the commander of the battalion which last November held a vital strong point on the 38th parallel in Korea known as Hill 365 or Little Gibraltar, arrived home Saturday on 30 day leave after more than 17 months of overseas service.

With his wife, the former Nancy Collins, he took a brief trip to Shell Beach, Fla., returning yesterday. The son of Mr. and Mrs. R. W. Turner, 915 Park Avenue, he was born in Sanford, attended local schools and graduated from Seminole High School in 1939. In 1943 he graduated from the University of Florida where he was a member of the R.O.T.C. and joined the regular army with a commission of second lieutenant.

During World War II he saw service in the Philippines and in Okinawa from where he returned in 1947. He arrived in Korea on Nov. 16, 1950, where he was originally a Staff sergeant. On Nov. 16, 1950, at the age of 29, he was placed in command of the First Battalion, 7th Infantry Regiment, 3rd Infantry Division. At the time his subordinates were senior in rank.

He pointed out that Hill 365, or Little Gibraltar, had been under discussion in the early years of his service in seeking to determine the boundary lines, and the Chinese decided that they needed the hill. To the United Nations forces, on the other hand, it was essential that it be held.

At the outset of the Judiciary Committee's hearings, McGranery admitted to expense and prosecute corruption wherever he found it and to sack any incompetent, disloyal or dishonest employees in the Justice Department.

Ferguson and Watkins said they "contended for Peace First."

McCartney, a former House member who was confirmed by the Senate in 1948 as a federal district judge, was nominated April 3 to succeed J. Howard McGrath as attorney general.

Mr. Truman sent the nomination to the Senate after announcing McGranery's resignation. That was a few hours after McGranery had fired Newbold Morris as the government's cleanup boss.

## Ferguson Says McGranery Is Unfit For Job

### Michigan Senator In- sists Colleagues Look At Record In Judging McGranery

WASHINGTON — Sen. Ferguson (R-Mich.), asking the Senate to reject James P. McGranery as attorney general, told his colleagues today they could have no confidence in McGranery would "clean up" the Justice Department.

Ferguson was the lead off speaker in Senate consideration of President Truman's nomination of McGranery, a Philadelphia judge, to head the scandal-stricken Justice Department.

Fighting senators to "judge him by the past, rather than the promises of the present," Ferguson said "McGranery blocked a move back in 1945 to clear out the corruption and the maffnesses" in the Justice Department.

He said his reference was to a New York grand jury's request to have special counsel appointed for an investigation of the U. S. attorney's office in its district.

McGranery, then assistant to the attorney general, advised the grand jury foreman that the department had turned down the request because it would not overrule the considered judgment of the judges who have examined "the matter," Ferguson said.

"I've had an entirely different view of the administration," McGranery added, if McGranery had acted differently in 1945, Democratic leader McFarland (Ariz.) said he hoped to get a vote before the day was over, and Sen. McGranery (R-Nev.) predicted the Senate would confirm President Truman's nomination of the Philadelphia jurist.

The Senate Judiciary Committee of which McGranery is chairman, voted 8 to 4 to recommend confirmation but a scathing minority report was filed Monday by Sens. Ferguson (R-Mich.) and Watkins (R-Utah).

Watkins, however, told a report of the administration probably had the votes to approve the nomination.

McCartney, a former House member who was confirmed by the Senate in 1948 as a federal district judge, was nominated April 3 to succeed J. Howard McGrath as attorney general.

Mr. Truman sent the nomination to the Senate after announcing McGranery's resignation. That was a few hours after McGranery had fired Newbold Morris as the government's cleanup boss.

## President Says Reds Are Still Seeking To Dominate The World

### County To Work With Trustees On Hospital Project

### County Bonds May Be Issued To Aid In Early Financing

Cooperation between the County Commission and trustees of the Fish Estate toward the early construction of a hospital in Seminole County became more apparent yesterday when a committee composed of representatives of each of these two groups, as well as of the hospital and the public at large, unanimously adopted a motion made by a committee headed by H. H. Pope formally setting the trustees of a plan to issue County bonds to assist in financing the project.

The motion drawn by Fred R. Wilson, attorney, and one of the trustees, reads as follows: "It is hereby moved that we inform the trustees of the Fish estate that a petition has been filed with the County Commission of Seminole County for holding an election to determine whether or not Seminole County shall issue bonds in amount not exceeding \$2,000,000 for the purpose of constructing a hospital in Seminole County and that we ask the trustees of the Fish estate to agree to take over the hospital at some later date when they may be financially able to do so and reimburse the County for its cost in erecting and financing said hospital."

The purpose of the motion as indicated by members of the committee present is to advise the trustees of the Fish estate of the willingness of Seminole County to cooperate with them in the financing of the proposed Fish Memorial Hospital pending satisfactory liquidation of the estate which concerns largely of other trusts for which a trustee may not presently exist.

Among those present at the meeting, in addition to Mr. McFarland and Mr. P. H. Walker, chairman of the board of trustees of the Memorial Hospital Association, the Rev. J. E. M. Kinley, Italian E. Dean and Don Rider.

Mr. Watkins explained that the meeting had been called in order to get something started on the hospital as soon as possible and within a reasonable length of time.

At the outset of the Judiciary Committee's hearings, McGranery admitted to expense and prosecute corruption wherever he found it and to sack any incompetent, disloyal or dishonest employees in the Justice Department.

Ferguson and Watkins said they "contended for Peace First."

## Truman Insists Com- munes Have Failed In Korea And Will Not Succeed In The End

WEST POINT, N. Y. — President Truman said today the Kremlin's desire to dominate the world is obviously unchanged, "but I believe we are well on the way to preserving our freedom without paying the frightful cost of world war."

The plan fact is, Mr. Truman said, that the Communists have often failed in their objectives in Korea.

"The Communist aggression failed to shatter the United Nations. Instead, the Communist attack has made the United Nations stronger and more vigorous and has demonstrated that it can and will not be able to defeat freedom in the world," he added.

"But we must also be alert and ready to meet head-on a renewed aggression if that should come."

He said should come, the President said the Communists will run against a solid wall of free world resistance with the growing might of this country and its new atomic weapons in the key defense position.

Mr. Truman's speech was prepared for the 50th anniversary commemoration of the U. S. Military Academy. The President came here to deliver it in the role of commander in chief of the armed forces.

The role of providing civilian control over the military is "hallowed" in the Constitution, Mr. Truman noted, and in what could have been an allusion to such things as his dismissal of Gen. Douglas MacArthur, he went on to say:

"Many Presidents, including the present one, have demonstrated that these words in the Constitution mean what they say. I have done so at a conference with Gen. Matthew B. Ridgway, who called at the White House soon after he had been relieved from duty. He has said he would accept the role of commander in chief of the armed forces in Europe. Mr. Truman spoke at great length about the Korean time negotiations.

He declared a treaty as ever that the country will not accept the role of commander in chief of the armed forces in Europe. Mr. Truman spoke at great length about the Korean time negotiations.
