FIRST IN CAR SALES-FIRST IN TRUCK SALES FIRST IN COMBINED CAR AND TRUCK SALES!

The final registration figures are in, and again in 1946 America purchased more Chevrolet cars-more Chevrolet trucks-more Chevrolet cars and trucks combined-than anyother make, despite the fact that Chevrolet was out of production entifely during the first three months of the year! A magnificent tribute to -Chevrolet production efficiency, as well as to the dollar value of Chevrolet products! It's the best proof you can possibly. have that you're wise to choose Chevrolet, the only cars giving BIG-CAR QUALITY AT LOWEST COST, and the only trucks rating as THRIFT-CARRIERS FOR THE NATION! True, there still aren't enough new Chevrolets to go around, but highest popular demand means higher dollar value, just as highest production meansquicker delivery of your new car or truck. looked dim again—the scaffold and jumping hill didn't have so much as a flake of anow on 'em.

But club members had waited too long. Determinedly, they voted against further postponement. In pre-war days they'd lick a snow shortage by buying several tons of ice blocks, running 'em through a grinder-blower afrangement and manufacturing their own white atuff. Ice nowadays is too expensive to repeat that trick, so members launched a snow hunt. They found some several miles away, rounded up a fleet of trucks and prepared to haul 50 or 60 truckloads of the stuff. They'd trucked 30 loads and began the work of packing it on the jump, when, you guessed it—Oi' Mau Winter roared in with the season's heaviest anowfall, about 12 inches worth.

## Senator Lists **Questions On** Aid To Greece

Vandenberg Says Officials Must Make Reply Before Congress Gives Okay

WASHINGTON, Mar. 14 Senator Arthur Vandenberg today compiled a list of questions which he said government officials will be asked to answer before Congress passes officially, on American aid to Greece and Turkey. Vandenberg drew up the list today during a conference of Republican senators.

The Chairman of the Foreign Affairs Committee is said to have been met with a barrage of questions about the foreign and domestic effects of President Truman's proposal to extend financial and indirect military help to Greece and Turkey. Vandenberg drew up a list of questions to present government leaders and he declared that answers would be needed before Congress passes on Mr. Truman's proposal. Republican Senator Kenneth Wherry of Nebraska later stated that the questions covered every conceivable phase of the effect of the President's move on American and in ternational affairs.

# Free Society Is Stressed By Marshall

True Democracy Outlined In Talk On Formation Of German Government

MOSCOW, Mar. 14 - Secretary of State Marshall made a comment foday 🖫 the Big Four foreign ministers meeting that sounded like an echo of the declaras tions which President Truman has made against totalitarianism in Greece.

Marshall actually was speaking on the need for bringing democracy to Germany, but his comment, coming so close to the President's pronouncements on Monday, heavily stressed the stand the United States is taking for other parts of the world.

Marshall bluntly fold the conference that America does not consuler a society democratic if men are not free without fear.
