Mexicans Spread Bolshevism Massacre American Citizens And America Sends Notes

Senator Fall Wants Action at Once

KNOWS HIS SUBJECT

AND TELLS SENATE IN RESOLUTION WHAT THEY SHOULD DO NOW

Washington, Dec. 4.—A resolution requesting President Wilson to serve diplomatic relations with Mexico, was introduced today by Sen. Fall, republican, New Mexico, chairman of the senate committee charged with an investigation of the Mexican situation. The secretary of war would be authorized under a resolution introduced in the senate today by Sen. Ashurst, Arizona, to use the nation's military forces to protect Americans on the American side of the border who are threatened with the activities of Mexican outlaws or other belligerent factions in the southern republic.

Sen. Ashurst declared that for eight and a half years he had sought in vain for action by the war department to protect the lives of those along the frontier. He accused the government of adopting a supine attitude which had encouraged the Mexicans to believe they could strike with impunity. Declaring that Mexicans now were gathering on the frontier in such numbers as to appear menacing to Americans on this side of the line, the senator appealed for armed forces for protection. "Let us protect Americans in the United States anyway."

Explaining this resolution, which also asked that the president withdraw recognition of President Carranza, the senator said it was based on information that would "astound the world when produced." The resolution was referred to the foreign relations committee.

"I charge," said Sen. Fall, "that the Mexican embassy, consulate general in New York, and the consulate general in San Francisco have been actively engaged in the transportation of bolshevik propaganda and that this has been done with the knowledge and consent of Venustiano Carranza."

HISTORIC OPERA HOUSE BURNED

French Opera House Built In New Orleans In 1859

New Orleans, Dec. 4. (By Associated Press) The historic old French opera house erected in 1859 was destroyed by fire this morning.

BALLOON COMPANY TO BE ORGANIZED ON MEXICAN BORDER

WILL USE THE GIANT AIR SHIP FOR BORDER PATROL

Washington, Dec. 4. (By Associated Press) The first army station on the border will be organized immediately at El Paso, Texas, by the Eighth Balloon Company, the war department announced today. As soon as the hangar now under construction is completed one of the twin engine airships recently acquired by the army will be placed in service and experiments in border patrol work will be conducted.

GOVERNMENT WILL ENFORCE INJUNCTION

HAVE THE RIGHT AND POWER TO BREAK COAL STRIKE

Indianapolis, Ind., Dec. 4.—Convicted that efforts to bring about resumption of operation of coal mines through offers of a 14 per cent wage advance to miners have failed, and that the injunction issued by United States

District Judge Anderson against the strike has been violated, the government has concluded to institute contempt proceedings at once, it was indicated here last night.

Federal agents would make no statements as to when court action might be expected, but it is known that evidence has been collected against alleged violators of the injunction and in well informed circles it was confidently expected that arrests would be made within 48 hours. It is understood that the government has delayed taking action in the hope that some other way out of the fuel difficulty would be found.

The injunction, explained Judge Anderson, extends to individual miners, operators or other persons who may in any way encourage the strike or interfere with production of coal. Government attorneys, it is said, interpret this to mean that any statement made by the miners, or any agreement between two or more men to continue on strike, constitutes a violation of the injunction.

EVEN ITALY HAS STRIKE TROUBLES

DAGOES NOT SATISFIED WITH CONDITIONS IN THEIR OWN COUNTRY

Rome, Dec. 4. (By Associated Press) The situation at Milan on account of the general strike that has been proclaimed there is very grave according to reports received here.

ORLANDO UP IN THE AIR

Air Service Starts Yesterday With Active Hidding

While an applauding crowd yelled itself hoarse as if to drown the whirring of the engines, the initial flight of the Orlando Air Service was made soon after one o'clock this afternoon with Walter Rose as the first official passenger.

The weather was as perfect as could have been wished for, and Mr. Rose was returned in as good condition as he had been shipped, except perhaps a little "shaky".

The first "ride" was auctioned by Judge Cheney, Rose being the successful bidder. He paid \$40 for the privilege. Judge Cheney dwelt eloquently upon the historic feature of the enterprise, as he went on, "and now what am I offered?" King Solomon was a constructive king as well as the wisest of all men, Judge Cheney told his enthusiastic audience, "and what am I bid, for this historic privilege of being the first man or woman to see Orlando from the air"—and he never had such an opportunity. He dwelt from the epic to the modern day, reciting what science had done for man, and man for science.

Rose kept boosting the price until it reached the figure of \$40. "Sold," shouted Judge Cheney, and soon Rose was on his way. The machine was lifted from the ground with the usual precision it is by Ralph Johnson, the official pilot of the Orlando Air Service Corporation. He was taken over the city in about 30 minutes. Upon his return those on the field began yelling speech, and Walter did not disappoint them.

"Don't anybody else be afraid of these flights: It's the finest thing I have ever gone through. I always said Orlando was a beautiful place, but never appreciated it so fully until I saw the city just now from the clouds. Every man and woman here should take the flight, and when he got back to 'earth'—everybody would buy more lots, he said.—Reporter Star.

Will Eliminate Some Trains
Washington, Dec. 2.—Director General Hines today authorized regional directors, after careful review of the coal situation, to eliminate passenger trains that they may be spared with the least inconvenience to the traveling public.

POSTOFFICE WILL BE OPEN AT NIGHT

POSTMASTER ELDER HAS MADE ARRANGEMENTS FOR BETTER SERVICE

The closing of the Sanford postoffice before train 85 comes in at night has been giving the patrons a bad time and several weeks ago Postmaster Elder had many of the business houses and citizens generally sign petitions asking the Treasury Department to change this order. It seems that it was all brought about by the fact that the department refused to keep the office open because there was no one to bring the mail up from the station and no one at the office after it came in and the order stated that a man should be at the office at night. As this entailed an extra man aside from the mail messenger it devolved upon the postmaster to see that the department should recognize the fact that Sanford was large enough and the business of this city was large enough to justify keeping the office open after these hours and this has been done.

Postmaster Elder says that the arrangements have been made and that the office will be open on the old schedule in two weeks and that if it is not open at that time by the department on account of unforeseen delays that he will put the extra man on and give the people service pending the action of the department which will be as soon as they can get around to it.

If the department could recognize that Sanford especially in the eight months of the vegetable season does more business after six o'clock than any other city of the size in the state they would know that the closing of the office was the greatest hardship they could work on the people of this section. But the patrons can rest assured that Postmaster Elder is on the job and will get the service to which they are entitled.

Weather Report

For Florida, fair tonight and Friday rising temperature in extreme north portion moderate to fresh winds.

BRITISH CABINET SUSPENDS TRIALS BY JURY IN IRELAND

WILL SUBSTITUTE TRIAL BY COMMISSION OF THREE JUDGES

London, Dec. 4. (By Associated Press) The British Cabinet according to the Daily News has decided to suspend trial by jury for crimes of violence in Ireland and substitute trial by a commission of three judges.

SUPREME COUNCIL DISCUSSES GERMAN PEACE ATTITUDE

GERMANY MUST MAKE REPARATION FOR WAR SHIPS SUNK AT SCAPA FLOW

Paris, Dec. 4. (By Associated Press) The Supreme Council spent most of today's session discussing Germany's attitude toward signing the protocol putting the Peace Treaty into effect including the provision for reparation for Germany's war ships sunk at Scapa Flow and other features objectionable to them. The Council decided to give the small powers which possess sea coasts a few of the smaller torpedo boats.

Eik's Memorial
The Eik's will hold their annual memorial services next Sunday afternoon at 3:30 at the Star Theatre

Stores Can Remain Open According to New Rule That Specifies the Fuel

EMPEROR WILLIAM IS SERENE

IN THE KNOWLEDGE THAT HE WILL NOT BE BROUGHT TO TRIAL

London, Dec. 4. (By Associated Press) Former Emperor does not believe he will be tried by the alliance or if tried that his future will be affected in any way says the Berlin correspondent to the Daily Mail. Various friendly sources have suggested that he surrender to the allies the correspondent says, but he appears to be lethargic to take any steps.

DELAYS IN PEACE TREATY WILL NOT HELP

GERMANY ANY AND UNITED STATES TELLS HER REPRESENTATIVES SO

Paris, Dec. 4. (By Associated Press) Frank Polk the head of the United States delegation to the Peace Conference summoned Kurt Von Lersner, chief of the German Representatives at Versailles on Monday. He told him Germany should not interpret as being in her favor any delay encountered in ratifying the Versailles treaty at Washington, according to newspapers here.

WORKMAN RIOT IN ANCIENT ROME KILLED BY SOLDIERS

LABOR UNREST RESPONSIBLE FOR RIOTS ALL OVER ITALY

Rome, Dec. 4. (By Associated Press) Italian soldiers fired upon crowd here last night after they had been attacked with knives and daggers. One workman was killed and twelve others were injured.

Berne, Dec. 4. (By Associated Press) Berne, Switzerland, Dec. 4. Disorders in various places in Italy assumed revolutionary aspects today according to advices received here.

VILLA HELD FOR RANSOM IS REPORT

BANDITS CHIEF HAS TABLES TURNED BY HIS OWN MEN
Juarez, Mexico, Dec. 2. (By Associated Press) The Mexican officials here today are still without confirmation of the reported capture of Francisco Villa by members of his own band who are said to be holding him for ransom.

FLORIDA SPECIAL TRAINS ARE CUT FROM SCHEDULE

NEW YORK—PALM BEACH SPECIAL WILL BE CURTAILED ON ACCOUNT OF COAL SHORTAGE

Washington, Dec. 4. (By Associated Press) On account of the coal situation the railroads which operate special trains between New York and Palm Beach during the winter are ordered by the railroad administration not to inaugurate the service for the present at least.

Death of Miss Annie Griggs

The death of Miss Annie Griggs the seventeen year old daughter of Mrs. F. H. Griggs occurred at the family residence on Tuesday, the funeral taking place on Wednesday afternoon at two o'clock, Rev. C. W. White officiating.

Interment was in the Longwood cemetery. The young girl was in poor health for several months being seriously ill at the last but all that loving care and skillful physicians could do was unavailable and death came as a blessed release from suffering.

The deceased besides her mother, leaves four brothers and two sisters to mourn her loss. The heartfelt sympathy of their many friends are extended to the family in their hour of grief.

COMMISSIONERS REJECT BIDS NOT SATISFIED

LET ALL THE ENGINEERS GO AND TURN DOWN ALL BIDS

The county commissioners at their meeting yesterday did not accept any bids made for brick or bituminous roads and it is not known just what they intend doing about the roads that have been voted and that the people want. The following estimates were furnished and the bids made on the brick roads by the Southern Clay Company:

Brick:
Rand Sliding Road, 6200 feet; Fill on Geneva Road, 6954 feet; 1 1/2 miles on Cameron Ave., 8600 feet; Brisson Ave., 1300 feet; Sykes Ave., 1300 feet Total 22354 lin feet or 18206 square yards
On the surface treated macadam the Null construction Co. made the following figures:
Surface Treated Macadam:
Orange Boulevard, 5420; Chuluota Road, 35000; Paula Road, 40000; Cameron Ave., 6930; West Side Limits Road, 2160; Sanford Ave., 8600; Geneva Oviedo Road, 44970; French Ave. and Cemetery, 9775; Richmond Ave., 1590; Total, 15,448 square yards.

18206 square yards Brick Pavement at \$2.34 per square yard is \$42419.98 22354 lin feet concrete curb at \$0.28 per lin feet is \$12518.24 164445 square yards surface treated macadam at \$1.40 per square yard is \$216223.00 Engineering expense \$13000.00 Atty. fees, \$1500.00 Concrete Bridges \$10000.00 Drainage pipes, \$4000.00 Grading, \$6000.00 Total \$307,661.22

Commissioner Swope was in favor of accepting bids as offered and going ahead with the road building. Commissioners Hagan, Entzinger and Kilbee wanted to wait until after the first of the year at least and find out if lower bids would be obtained as they were of the opinion that the bids were too high. Chairman Drumley was confined to his home by illness and could not attend the meeting.

All the engineers were taken off the job and the majority of the commissioners expect to wait until the state highway commission can be called in and their engineer give some information on the roads and meantime the commissioners expect to go over the state and inspect the macadam roads of the same construction as the ones proposed to be laid here.

The people of the county want roads and many sections have been waiting a long time to get their roads. It is hoped that the commissioners will arrive at some conclusion in a few days and will get together on some proposition that will be for the best interests of the county. The bonds have been voted, the money is available and the interest is going on all the time while the road matter is delayed.

Public Utilities Plant Here Uses Oil

SANFORD TO OPEN

HAD CLOSED UP AT NIGHT PURSUANT TO ORDER OF MAYOR DAVISON

Sanford business houses and the people generally can use the lights again according to the latest report from the headquarters at Atlanta which states:

Public utilities and private plants operated solely by hydro-electric power were exempted from shortage hours by the regional coal committee today, and industries, stores and other places of business were authorized to remain open between 4 p. m. and 9 a. m. provided that during the latter hours they use no heat, light or power derived in any fashion from coal, wood or gas. Grocery, meat and milk stores, barber shops and places of public meetings may be operated out of their hours provided they comply with the same regulations.

And Mayor Davison makes this report to the public today:

As I interpret the change in the law regarding the restrictions on lights the stores and other public places can use the lights again as heretofore pending any changes that may be made later by the fuel administration.

J. D. Davison, Mayor.

DeLand Adopts Charter

DeLand adopts the new charter by a slender majority of 1 vote. The new charter goes into effect immediately. The election was conducted quietly, 567 votes being polled. The final result was:

For the amended charter	276
Against Amended charter	275

Majority for

Sixteen votes were thrown out because of mutilation, erroneous marking, no marks at all, or for other reasons. The election was conducted by R. A. Rascoe, V. M. Fountain and A. H. Woodall, inspectors, and members of the charter board.

At first it was stated that the result of the election would be contested, but during the morning this idea seems to have lost ground. No contest can be brought unless at least two of the present city commissioners bring it—the attorneys for the city cannot bring on a contest of their own volition even if they desired to do so, nor could they take money from the city treasury to pay for a contest. The opinion seems to prevail that Mayor S. A. Wood and Commissioner George Hill will not countenance a contest—and that no contest can be brought without their consent.—DeLand News.

Lecture Report Today

Carlot shipments, Wednesday, Dec. 3, were: California—2, Norfolk Section—(boat) 1, Florida, Sanford Section—30, Manatee—4, Total—37 cars.

D'ANNUNZIO HAS LEFT FIUME ARMY

REGULAR TROOPS NOW OCCUPY FIUME AND SITUATION IS CLEARED

London, Dec. 4. (By Associated Press) Italian regular troops will occupy Fiume and the territory included in the treaty of London signed in 1915 by the representatives of Italy, France, Great Britain and Russia according to a Rome dispatch to the Exchange Telegraph Company. D'Annunzio's volunteers will withdraw from Fiume. It is said under terms of an agreement reached as a result of the negotiations between London and Paris.

FIRST CAR OF LETTUCE BRINGS PRICE

DUTTON CO. GET \$2200 FOR FIRST CAR OF LETTUCE

Sanford's first car load of lettuce to reach the northern markets brought \$2200 which would bring the price per crate to \$5.59. As the stock is not what the experienced vegetable men would call prime stuff this price is very fine and very satisfactory.

The first car to be placed upon the market was from the farm of F. R. Dutton Co., on the west side this firm being a unit of the American Fruit Co., it was through their selling agency that the sale was made. As this is the first shipment from the new farms of this company they are naturally very jubilant over the sales and the manager of the farm, Sheridan Jewett is receiving the congratulations of friends upon his success in making this excellent crop in the face of the many difficulties encountered this season. The lettuce season is on now and there will be many sales recorded in the next few weeks and it looks like the growers would receive good prices for their lettuce this year.

The real early lettuce went to seed on account of the extremely hot and dry weather but this second crop seems destined to have some cool weather and bring good prices. The Dutton Co. has two of the largest farms in this district one on the west side and one on the east side and the latter not being in shape for cropping this season.

"Come Along Mary"

A new musical comedy success written by Louis We'lyn and Edward Paulton and presented by Harvey D. Orr, will be seen for the first time in Orlando next Monday evening at the Phillips Theatre.

The plot deals in youth and romance and carries you in rapture with its pretty music and picturesque scenes from the Silver Rock Golf Club on Long Island to the land of sunshine in Honolulu. There are some twenty musical numbers and the scenic production is one of the largest and original seen of the road this season.

One of the many features with "Come Along Mary" is its chorus, consisting of girls who have been selected not as ordinary type of girl, but rather as guests of a very select and wealthy golf club.

The company numbers some forty people and comes here heralded as one of the best musical hits of the season. Patrons are urged to reserve their seats early at Grand Theatre.

CAUGHT AUTOMOBILE THIEVES

FAILED TO GET ANY CARS BUT THEIR INTENTIONS WERE GOOD

Deputies Whitten and Tillis made a good catch early this morning in roping four automobile thieves that had tried to steal two cars near Monroe. They tried to start a Maxwell belonging to Ben Lake but he had the key and they could not make it start. They took a bunch of tools with them and going into the garage of Charlie Bell tried starting his Buick. Here they were foiled again by the car being locked and they tried connecting the wires of the battery but could not make it go so they took his overcoat and a bunch of tools just to show him how mad they were at locking his car.

Ben Lake upon investigation this morning found their tools gone and called up the sheriff's office at once and deputies Whitten and Tillis responded. They traced the bunch out the DeLand road and this side of Orange City caught up with them. There were four in the party the leader being an older man and the other three being young men. They had a revolver on them and all the tools and Bell's overcoat and they were evidently going out to steal cars and anything that came their way. They gave fictitious names and say they are from Pennsylvania and are seeing the country. They were brought to jail here and will face Judge Householder Monday morning and no doubt will have time to at least see this part of Florida before they get away.

Mystery and Magic at High School

The opening number of the Alkhest Lyceum attractions to be presented here under the auspices of the Woman's Club was given last night at the High School Auditorium to a small but appreciative audience. Chiefly composed of children and High School students. The first half of the program, distinctly for the entertainment of the young folks was as much enjoyed by the older people and was a really fine exhibition of magic wonders and mysterious happenings. Mr. Henry is a master magician and an artist in his line, meeting the doubts and sallies of the children with good-

natured tolerance and a desire to prove them all wrong, which he did every time. His lightning sketches in crayon, rank with the best in this class of entertainment while his sand pictures were wonderfully good and a novelty to many in the audience, this being the first time they have been presented in Sanford. Mr. Henry's psychic phenomena, the re-production of the picture of Theodore Roosevelt, upon a blank canvas was an interesting feature of the entertainment that will ever remain a mystery until he explains this (?) as he did any trick of magic shown. If this first number is an earnest of good things to come, then certainly there should be very large audiences for the next three numbers which will be given at intervals during

the season. The Woman's Club is endeavoring to promote an interest in high class entertainment, educational and up-lifting, and also concentrating their energies in the welfare of the children and civic betterment and should have the support of the community.

Read This, It is Worth While

Sparks Circus to be here Wednesday Dec. 17th. This institution was founded by John H. Sparks in 1887 and has gradually grown year by year, until today it ranks in size as the third largest circus in the world, while in quality it equals the best.

Lancaster, S. C. where the Sparks shows exhibited Nov. 15th last the Mayor, R. S. Stevens who had seen the show came forward to recommend

the Sparks Circus to the public by inserting an ad which appeared in the Lancaster News of Oct. 28th the following:

The Sparks shows are to be in Lancaster on Nov. 15th. This show is one of the cleanest I ever saw. I do not hesitate to recommend it to the public.

Signed R. S. Stewart.

The record for this was that the Mayor did not want the public of Lancaster to be misled, there being other shows billed for a date previous to Sparks. Sparks Circus does not warn the public through their posters, heralds, booklets or any other advertising medium, not to try and beat the other man's game, as there are no games to beat with the Sparks Circus and

therefore the warning is unnecessary.

Famous Inn To Be Sold

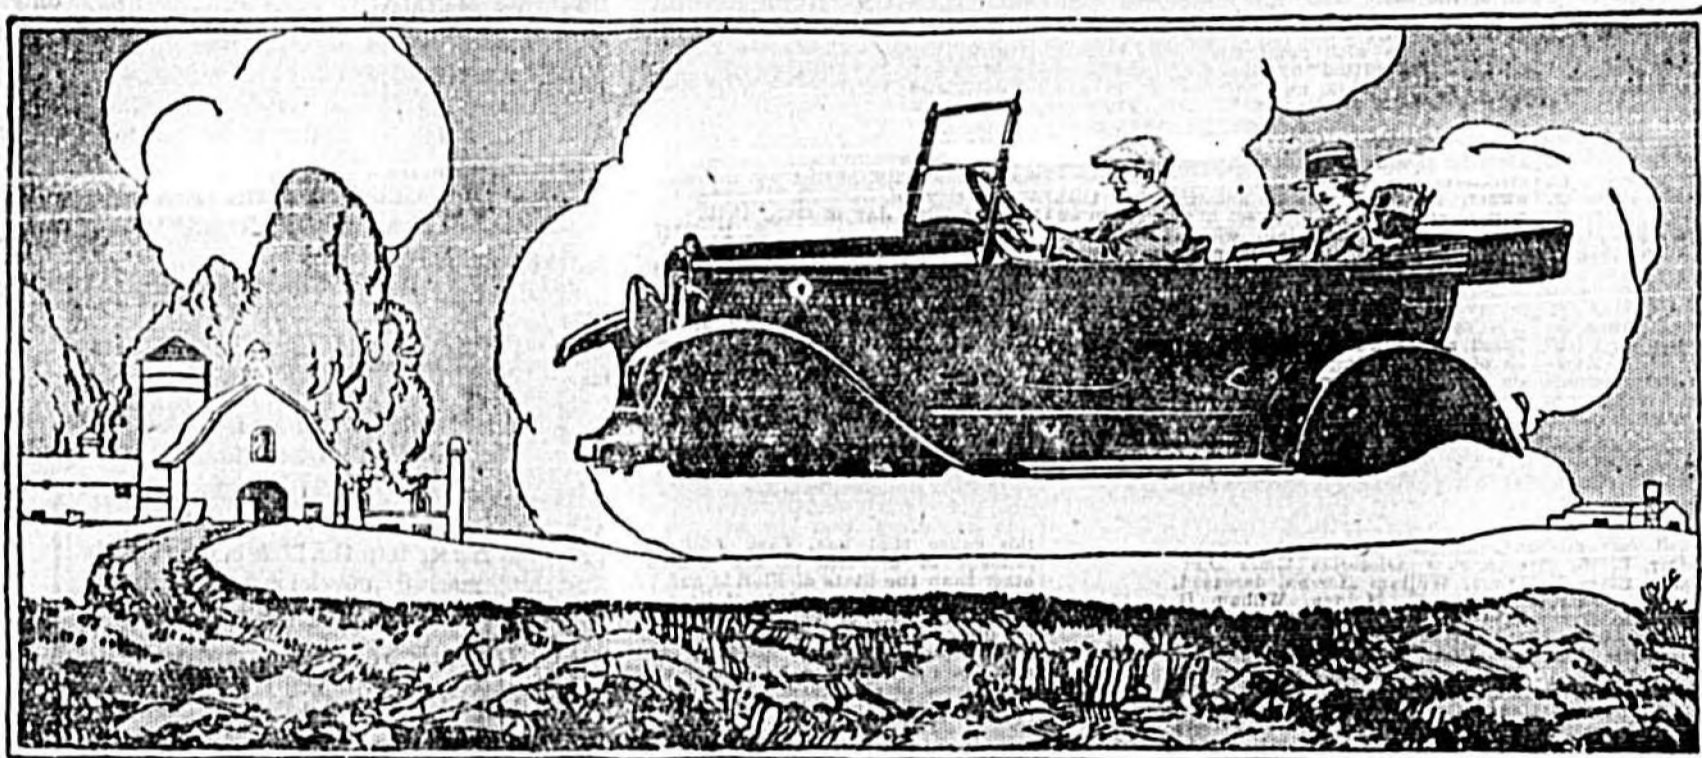

Southwell, Eng., Nov. 26.—The famous Saracen's Head Inn here, in which many American tourists have found entertainment, is to be sold at auction. Its history as a hotel runs back through five hundred years.

In early days the house was called "The King's Arms". King Charles, the first, stayed at the inn during the Civil Wars. Charles surrendered himself to the Scottish Committee on May 6, 1646, in the coffee room. The bedroom which that monarch used on the night before he gave himself up is still well-preserved.

Other English inns also stopped at the ancient hotel.

Industrial workers have received wage increases amounting to 130 or 140 percent during the war while the cost of living during that time has been increased 18 percent, according to organizers of the Professional Workers' Federation sponsoring the new union. But for the man on a moderate salary, it is contended, there has been no proportionate salary raise. Increases for this class of worker has averaged less than thirty percent, for the five year period.

Mr. Frank Fritz, a prominent commission man of New York city is in Sanford on a business trip, registered at the Seminole Hotel.

With Three-Point Cantilever Springs New Overland 4 Seems to "Sail Over The Roads"

THE new Three-Point Cantilever Springs of Overland 4, by their special construction and design, protect car and passengers from ordinary road jolts. Bumping, twisting, swaying and vibrating are wonderfully lessened. The blows of the road seldom reach you. There is less tendency to bodily fatigue after long rides.

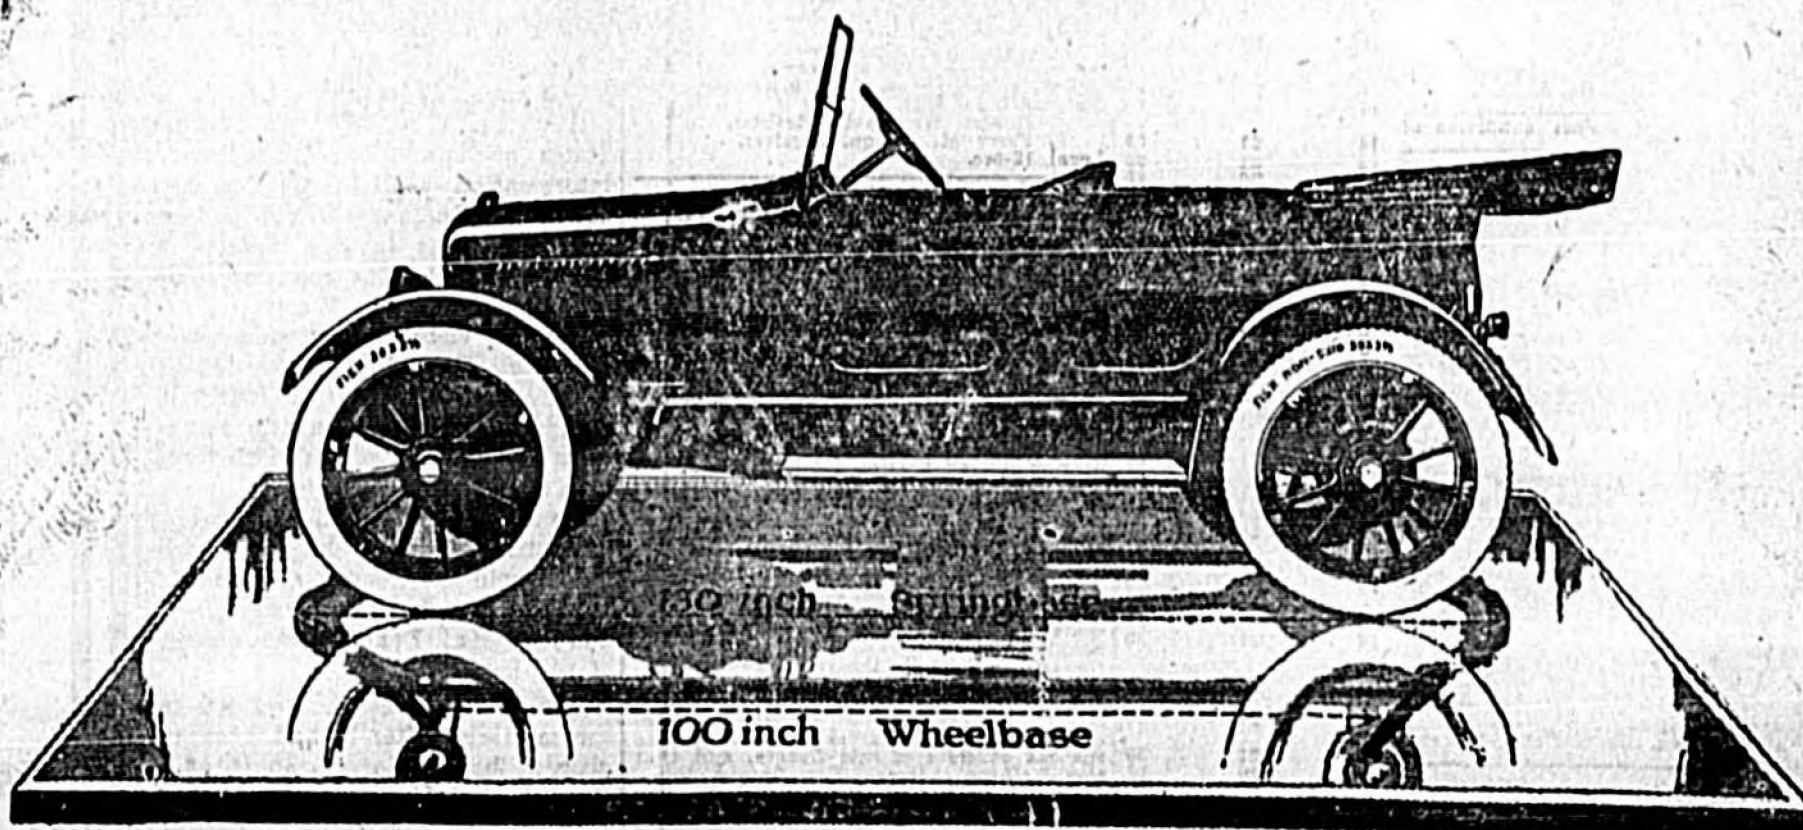

The springs of Overland 4 attached at the ends of a 130-inch Springbase give the riding comfort and road steadiness heretofore possible only with cars of long wheelbase and great weight, yet Overland 4 retains the light weight and economy advantages of 100-inch wheelbase.

Three-Point Cantilever Springs protect the car from the hammering and wear of road blows. They lengthen its life and reduce upkeep costs.

Equipment of Overland 4 is dependable and complete from Auto-Lite Starting and Lighting to Tillotson Carburetor.

250,000 miles of test have made the strength and endurance of this car a matter of record.

See Overland 4 at the first opportunity. Ask for booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

OVERLAND SALES AND SERVICE COMPANY

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS FOR THE HERALD

EAST SANFORD There will be a box social at Moore's Station church Friday night and also an oyster supper with coffee and cake on sale. Every one welcome come. Mr. and Mrs. G. C. Chamberlain had as Thanksgiving guests Mr. and Mrs. Henry Schulte and family of Daytona Beach.

Samuel Schwartz will arrive this week from Chicago to spend the winter at his home Marquette Lodge on Lake Golden. The late Mrs. Schwartz's sister Mrs. Porter and husband are at the Seminole Hotel awaiting Mr. Schwartz coming. They come from the Quaker City in Pennsylvania.

Mr. and Mrs. C. E. Chorpene and their young folks and a party of friends fished and picniced in the wilds of Geneva Thanksgiving Day.

Mr. and Mrs. I. D. Martin were six o'clock dinner guests at the Ellsworth home. Mr. and Mrs. Elwood Irish dined at the W. R. Guerry home on Thanksgiving Day.

Looks as if some one was fitting out an Overland car with new wheels as Morda Mayeda had a wheel stolen from his car, an overland truck, Alex Foster and J. C. Hall each had a wheel stolen from their Overland touring cars.

W. W. Miller is sending out some very nice boxes of mixed citrus fruits, packed to customers orders as Christmas gifts.

Herman Steell is at home from Atlanta where he was some time on business. We are pleased to hear Gettes McClelland has accepted a good position in Sarasota.

Miss Mabel Saint and sister, Mrs. Vincent from town were dinner guests of Mr. and Mrs. Nick Zernovcan on Sunday.

Mr. and Mrs. A. B. Commons of Stone Island were callers at the Ellsworth home on Beardall ave., on Sunday.

Mr. and Mrs. Chandler have as their guests, their friends Mr. and Mrs. Phillips of Commerce, Ga. They are touring Florida by automobile.

Mr. and Mrs. L. M. Lucas had as their guests on Sunday, M. Shinner and son of Lafayette, Ind., who are spending the winter in Orlando.

B. A. Howard was at home for Thanksgiving week from Okeechobee. I. D. Hart is importing a fine lot of sweet potatoes from his Okeechobee City farm.

LONGWOOD PICKUPS

Mrs. H. R. Chapman and son left Monday for their home in Jacksonville. J. E. Phipps was a visitor in Orlando Monday.

Mr. and Mrs. Dinkel, and Miss Olive Dinkel were shopping in Sanford Monday.

C. W. Entzinger was transacting business in Sanford Tuesday.

Mrs. Marian Mobley and three children will return to their home at Lake Okeechobee Monday.

Miss Annie Griggs died at her home in Sanford after a lingering illness and was buried at Longwood Wednesday.

Wilbur Waits spent Thanksgiving with their parents Mr. and Mrs. Waits. Messrs Howard and Earnest Griggs were visitors in Longwood Tuesday afternoon.

A bridal party, Mr. and Mrs. J. Henderson and Mr. and Mrs. Price of Tampa stopped over on Sunday for a short visit with J. E. Phipps while returning to Tampa. Mrs. Henderson is Mr. Phipps niece.

Several motoring tourists camped in Longwood for a few days, they were from Indiana and have fallen in love with Florida, the land of sunshine and flowers.

GENEVA

Meade Baker of Stetson spent Thanksgiving and the week end with home folks.

Mr. and Mrs. Genevieve of Jacksonville were the guests of Miss Leda Peters last week.

Mr. and Mrs. H. B. Levy and Miss Rose Levy of New York, arrived in Geneva last Thursday, after having been on the road about two weeks. They report the roads through Virginia, the Carolinas, and Georgia very muddy or sandy and were glad to reach the Florida line.

Mrs. Bessie Hart and Mrs. Wm. Stones had as guests on Thanksgiving from Umatilla, and Mr. and Mrs. Fred Stones and Miss May Stones from Daytona.

A pleasant party of young folks motoring to Sanford last Sunday afternoon were Mr. and Mrs. Grover LeFils, Misses Clair Harrison and Helen Moran and Messrs. Lester Brown and Paul Dooly.

Mrs. J. V. Weeks and Mrs. C. A. Raulerson spent last Monday in Sanford.

Mrs. W. L. Seig of Sanford was the guest of her parents Mr. and Mrs. J. T. McLain for Thanksgiving.

Miss Beasie Gaudern, Mrs. Elliot and Mrs. Hester, all of Ohio are pleasantly domiciled at the "Trombowler" cottage for the winter.

Mr. and Mrs. C. A. Raulerson were entertained at lunch on Thanksgiving day by Mr. and Mrs. L. A. Sheldon at Iowa City, other guests being Dr. and Mrs. C. J. Macshall and baby of Sanford.

Rev. Abercrombie delivered two sermons at the Baptist church last Sunday in the interest of the Five Million Dollar Campaign. Those who had been fortunate enough to have heard Rev. Abercrombie before knew that a treat was in store for them.

Mrs. Charlie Chilson and children of Tampa are visiting Mrs. Chilson's parents, Mr. and Mrs. R. Q. Graham.

Mr. W. Joehn of Augusta, Ga., is in Geneva looking after his interests here.

Oscar Nicholson of Daytona is visiting his mother, Mrs. R. G. Nicholson.

The friends of Mrs. L. P. Chambliss are glad to know she was very much improved by her stay in Sanford.

Miss Lois Grant was called home from Jacksonville last week on account of the illness of her mother, Mrs. Grant.

UPSALA AND GRAPEVILLE Wildie Tyner of Sanford was off duty for a short time and visited at the home of his uncle T. O. Tyner Saturday.

Uncle Charley Lindquist of Lake Mary spent the week end with relatives in Upsala.

making the trip by auto. Mrs. Campbell and children visited Monday with Mrs. Williams.

There were probably other gatherings that we did not hear of and shall be pleased at any time for help given for our column as we often feel very weak and unfit.

Mr. and Mrs. Jack Thompson and the twins and sister, Mrs. Hughes and little son of Deland were making short calls on old neighbors in Grapeville Sunday afternoon. We sure are always glad to see them.

Edgar Sjoblom, a nephew of H. G. Lundquist, who has seen service in France and whose home is at Nashville, Tenn., was one of the party of Mr. Peterson, visiting here and whose name was omitted for some cause last week.

Ladies from Sanford were out calling on the Baptists in behalf of the 75 Million that is being raised.

We attended service with Mrs. Tyner and son and it was a very earnest plea for higher living and showing what a manly thing it is to come out on the Lord's side.

Mrs. Geo. Benton of Rochester, N. Y. who has been spending a few weeks at the home of her brother A. J. Westerdick, expects to leave for her home, Wednesday and will stop en route for a day in Washington. She has enjoyed her stay in Florida and has been treated to trips to view a number of pretty places going over to Daytona and New Smyrna and last Sunday they all enjoyed the day at Eustis, among the pretty lakes. A hunting trip on Tuesday to Black Hammock in which Mr. and Mrs. Beck and children, Mrs. Benton, A. F. Westerdick, Frank Woodruff and A. K. Rossiter made up a pleasant party.

The orange pickers are getting busy in this neighborhood.

Mr. and Mrs. August Swanson and their youngest son, Archie of Ottumwa, Iowa arrived Monday to make their home here near their daughter Mrs. Elmer Lundquist.

Mrs. T. O. Tyner had a narrow escape from a rattlesnake Tuesday, but succeeded in calling help and having it killed.

WEST GENEVA AVENUE

We are having winter and summer together, some cool days and some warm days. People think we are going to have a storm before it settles.

There seems to be a lot of sickness now with lagripp. Nearly everybody has had colds.

Mrs. Tom Fortier is very sick this week with fever and lagripp.

Mrs. Jack Vaughn has been on the sick list this week with lagripp and headache.

Mr. and Mrs. Will Robinson spent Thanksgiving Day with Mrs. J. E. Vaughn.

The farmers seem to have had luck with lettuce this year. Nearly every farm you see the lettuce has gone to seed. The warm weather is the cause of it.

Mrs. O. E. Jacuman expects to leave next week for her home in Tampa after spending the week with Mrs. J. E. Vaughn.

Mr. and Mrs. Harraon Sims have moved near the railroad shops where he can be near his work.

People are trying hard to make a garden to have vegetables but it seems a hard task to get any to grow. There are none to eat can't get any only peppers and green beans and the price is so high can't afford to buy much of them.

We are needing rain bad on the gardens.

Santa Claus must be around from the amount of toys in every store in town. We hope he will give us a call.

Everybody look for the sun spots in the sun and the six big stars go together on December the 17th. It will be a sight to be seen. I guess there will be many a one that will feel bad at the sight. There is nothing impossible, and God's people ought not to get frightened at his work. There is to be many signs and wonders before the end of time.

ELDER SPRINGS

The last preaching service of the conference year was held at Ebenezer church Sunday a large crowd was present, representing the high esteem we have for our pastor Rev. G. C. Hurdon who has served us the past two years.

We were all saddened with the news that Mrs. Hurdon has lost her sight and trust that it may not be permanent.

Misses Gussie and Ozona Brooks of Lake Butler are spending some time with Mrs. R. L. Humphrey.

Mr. J. A. Tillis and family have moved to Chase place, a beautiful home that has been vacant for many years, we also have two northern families stopping at the McDaniel place. They are looking over our section with a view to settling in this locality.

A children's day service was held at Ebenezer church Sunday night after a most pleasing program by the children Rev. M. M. Lord gave the children a splendid talk.

Mrs. H. L. Sanderson of Lake-land spent a few days with relatives here last week.

Mrs. E. C. Bowman and charming children were the guests of her mother Mrs. Lord last week. Friends of the Bowman family will regret to learn that they expect to move to Green Cove Springs about the first where Mr. Bowman has a position with the city light company.

Mr. and Mrs. Cassaday's baby is improving after a spell of fever.

M. E. Smith is selling his stock of hogs.

Little Clifford Wynn is very sick with fever. Dr. Robson says he will soon be on the road to recovery.

Mrs. Neighblack of Ft. White is visiting her daughter Mrs. J. H. Wynn. Mrs. Neighblack expects to remain all winter.

Purity Springs is on the boom these days all of the old citizens are opening their eyes to these youngsters selling water we always knew we had the best in the state on our beautiful sand hill but some how we never thought to ask our less fortunate neighbor if he would try some of it.

Mr. and Mrs. J. M. Lord entertained about a hundred guests Friday night in honor of their fiftieth wedding anniversary. Mr. and Mrs. Lord are still in very good health and their many friends wish them many more happy anniversaries.

Wight Tire Co AUTO SUPPLIES Sanford, Florida.

Frequently we have some difficulty in getting tires of all sizes. However our stock is always as near complete as possible, and there's hardly an instance but where we can furnish a tire or tube from 28x3 to 40x8.

Good Roads Held Up Until Commissioners Can Make Decision

Unsatisfactory Bids Received WILL MEET TUESDAY

WHEN THIS IMPORTANT MATTER WILL BE SETTLED

The special meeting of the county commissioners yesterday to consider the road question did not accomplish anything more than opening the bids and finding all of them so high as to be out of the question. The meeting adjourned until the regular meeting next Tuesday at which time the matter will be taken up again after the opinion of the people has been sounded out some on this perplexing question. The county commissioners are confronted with the difficulty of having \$300,000 to spend on good roads. This sum seemed sufficient when voted last spring; but since that time the uncertainties of materials and labor and everything that enters into the construction of any kind has made it incumbent upon the contractors to take no chances and their bids

are based on the rise in the price of everything making the price prohibitive so far as the \$300,000 is concerned.

The commissioners are confronted with several alternatives. They can hold the money until times change for the better or they can build now out of some cheaper materials and take the chance of having something good enough for the expenditure. Brick roads of the right kind are out of the question and it looks like asphalt or macadam roads of the right kind are also prohibitive. Unless the commissioners can induce the people to vote more bonds the best roads cannot be built and it is almost certain that the people of Seminole county will not vote for any additional bonds as they feel that they are sufficiently loaded up on bonds now especially since the new taxes have been sent out to them. The matter will be settled one way or another at the regular meeting next Tuesday.

The Happy Ending. "Marguerite, can you cook?" "No, Percival; can you afford to keep a limousine?" "No, dear." So they did not marry and they lived happily ever afterward.

COUNTY HAPPENINGS

(Continued from Page 2)

vegetables, pumpkins, celery, lettuce, chinese cabbage, potatoes, etc., fruits, consisting of oranges, lemons, bananas, grapefruit; flowers, both the cultivated and the wild, various and beautiful in color and fragrance and profusion. The parents appreciated of the zealous teachers and rapidly advancing pupils, encouraged by their always welcome presence. The program was short but entertaining and delightful and the children showed their splendid training in each of their various parts. The school at Monroe within the past two years has made wonderful progress under the care and attention of the zealous and hardworking teachers, the children, aside from advancing in their books, are rapidly imbibing some of the beautiful little entertainments in which the children are taught to give expression to their minds and hearts, are not only broadening in their effects, but tend to make better citizens of the many little boys and girls of our community.

Fall lettuce in this section is moving rapidly and bringing a fancy price. Some are selling from the field at a \$1000 per acre and above others are shipping. John Bolly hit the top notch of the market with a car load at \$2400, the highest price received this season in Seminole county.

A crowd of hoboes visited Monroe and proceeded to attach themselves to Ben Lakes Maxwell machine. The car was in the garage of Henry Miles near the store and the weary Willies succeeded in breaking the door and extracting the car but the switchkey was missing and the starter responded "nothing doing". Being disappointed in a ride they lifted all the available tools and after making a raid upon Charlie Bell's Buick gave it up as a bad job and started to hoof it to DeLand. Mr. Lake and the marshal from Sanford apprehended them the next morning near Orange City and after adjusting a pair of bracelets without the wrist watch, fashioned for durability rather than beauty, proceeded to enchain them in the county lockup.

A camp meeting is being conducted here by the Free Methodists. Rev. Gerrald, of Atlanta and Rev. Jeen, Sanford officiating at the services and a large crowd is in attendance each night.

Miss Irene Wilson has returned to her home in Louisville after spending Thanksgiving with relatives here.

Mr. Jerry Cates was called to his home at Henderson, Ky.

Mr. and Mrs. Barney Lyons have as their guests this season Mr. and Mrs. Henry Shoulet of Henderson, Ky.

Master Ernest Bell, the bright little son of Mr. and Mrs. Charlie Bell is confined to his home by illness.

Miss Mary Miles, Mr. and Mrs. S. H. Buchanan, Miss Irene Wilson, of Louisville and Phillip Miles spent a very pleasant day at Daytona Beach Friday.

- Christian Science services will be held at the Woman's Club, Oak avenue, between Third and Fourth streets, on Sunday, morning at 10:45 o'clock. Subject: "God the only Cause and Creator." 36-1tc

Big Demonstration of Successful and Practical Farm Methods and Use of Modern Equipment

Meeting to be held at Orlando, and is free for everybody.

Only once in a great while are we offered an opportunity as the campaign which is to be put on under the auspices of the Board of Trade under the direction of Prof. H. S. Mobley of the I. H. C. in cooperation with the State College of Agri-

culture, State Department of Agriculture County Agent and others interested in higher agriculture.

The campaign will be here only for one day on Friday Dec. 12th and will be held at the Central Gardens on West Central street at the edge of town. The nature of the work will be demonstrations and talks by actual field operators, charts and motion pictures, and it is hoped to bring its beneficial message to each farmer in the surrounding community. Nine large auto trucks are required to carry the necessary paraphernalia and apparatus used and includes a large tent, hundreds of chairs, improved farm machinery, moving picture and lighting outfit, charts, free ball-tins and what not. With the motorcade are Prof. H. S. Mobley, Mrs. Addie F. Howie and nine others.

Prof. Mobley is a native of Florida and is a very practical and successful southern farmer who has many times toured the United States as an agricultural lecturer and now has a national reputation for his great work.

Mrs. Howie, the famous dairy cattle breeder and farmer from Wisconsin, has spent the past year studying her work and was one of the best exponents of extensive dairying in Wisconsin and one who did much toward making that state famous in dairying. She is regarded as one of the foremost woman lecturers on that subject and also on home economics, home building which she has delivered to many universities and colleges.

The program commences at nine o'clock in the morning and continues until eleven at night embracing nearly every activity of modern farming, starting with deep plowing, spreading manure, disking, harrowing and rolling the soil, the most perfect seed bed, service can produce is made and each operation explained and discussed. Soils are tested and remedies recommended. While this is going on in the field near the tent Mrs. Howie will have a great message for the ladies on home conveniences. In the tent in the afternoon soils, crops, crop rotations, fertilizers system farming etc., will be taken up. The thought is to start with soil and carry a system of agriculture that includes livestock to economize and permanently maintain our soil fertilizing.

In the evening Mr. Mobley will deliver his great address on community building which includes business methods which are of interest to the merchant and farmer alike and also includes bettering the rural school conditions and advocates of vocational subjects and visualize the teachings.

The nine great reels of moving pictures will be shown including such subjects as sheep, disking, power farm machines in operation emphasizing labor saving devices, home canning and preserving methods, on home conveniences for the farm and others.

The campaign is in Florida for less than a month and indeed fortunate to have them stop at Orlando. The work carried on in other places has been very beneficial and highly praised. We therefore cannot too urgently request our readers and especially the farmers and his family to attend all sessions of the splendid message of better farms, better crops and better people.

Wedding of Interest
Of cordial interest to a large circle of friends will be the announcement of the wedding of Miss Clarice Elizabeth Hand to Mr. B. A. Hanson, at Brooklyn, N. Y. Saturday, November 30th, nineteen hundred and nineteen.

The bride is the beautiful young daughter of Mr. and Mrs. Will Hand of this city, and has lived in Sanford all her life, where she is one of the most popular girls of the younger set, with sweet and charming personality, a merry disposition and happy nature, Clarice numbers her friends by her acquaintances.

The young bride was attired in a most becoming brown coat suit with which was worn a bronze hat and accessories to match. She carried an arm bouquet of pink roses. The groom is a young man of fine character, industrious, and an electrician by profession, and holds a responsible position in New York.

The wedding took place in an Episcopal church at Brooklyn, the attendants being Mrs. M. H. Holborn and Mr. Walter Holborn and Mr. Walter Holborn and aunt, and cousin of the bride, Mr. and Mrs. Hanson will reside in Brooklyn.

Solid cars of lettuce are now going into the market from Sanford and this fine product is bringing as high as \$6.60 a hamper, which has netted the grower over \$1,000 an acre.

"Bubbles" is the latest made in Miami drink. It is said to be a snappy wine drink with the port flavor, delightfully delicious, decidedly different.

Nothing, Absolutely Nothing
The people living in the suburbs of Sanford have no city water, no fire protection, no gas, no anything.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady. Five Bottles of Cardui Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child, I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

PEOPLES BANK OF SANFORD

people have nothing, absolutely nothing.

MENDICANTS
There were at least six mendicant on the streets here yesterday and handing out cards and begging money. They are strangers to this state and only come down here in the winter to garner a rich harvest and flit to the summer resorts.

NEEDED HERE, ALSO
Major Thomas, one of the big men of Gainesville writes an article for the Gainesville News in which he sets forth a few things needed to make Gainesville a greater city and they are the same things that are needed in Sanford today.

A city market.
A playground for the children.
Golf links for tourists and home folks.

LIFE ITSELF ISN'T A BED OF ROSES

The following is from an exchange: That editor should remember that a man who has no enemies has never done anything for the world. That he who tries to help humanity and stands for good morals and progress will always be found fault with and blamed for everything he does that does not agree with the ideas of others.

AGAIN WE SUFFER

The coal miners went on a strike several weeks ago and although some adjustments have been made and the government is doing all it can to get them back to work they have not gone back in sufficient numbers to get out the coal that is needed to keep traffic moving and business going and to keep the people from freezing to death in the north.

who need it. The public is the goat as usual. The public is always the goat and it is just about time for this government to get right and regardless of the statements of either strikers or operators take over the coal mines and force the men to work them or put in men who will work them.

This country is getting into a tangle that will either be have to be straightened out soon and kept straight or the country will pass into anarchy and riot. The people are dead willing to back the government up in whatever way they want to take charge and run things.

WHOLE COUNTRY DEMANDS NEW DEAL

More than 13,000 bills have been introduced at this session of congress. In my judgment 90 per cent of them are unnecessary. It is amazing how we go on spreading out and accumulating government while the imperative need is for demobilizing a lot of expensive and now unnecessary governmental activities and getting down to real business in hand.

Although making some headway in this direction, we seem still to be loading up with boards and bureaus until Uncle Sam's right hand doesn't know what his left is doing, and both are continually emptying his pockets. Many of these measures provide for some sort of governmental interference into more or less local matters.

The tendency is steadily toward giving the government too much to do, too many multifarious duties, too much control over matters that do not specially concern it, when goodness knows we have enough knotty problems of mighty concern on hand to call for all the team work and concentration, and the brains and energy and resources we can possibly muster.

My letters convince me the people want to see the country run on business lines, strictly in the interest of the public, with less government regulation and interference. I am receiving letters from good republicans in many states, as well as from many good democrats, and I have struck by their unanimity of agreement on one thing: The writers almost invariably say that so far as they and their neighbors are concerned, politics is adjourned for years to come, if not for all time.

As a result of our recent experiences I believe we are to have a rebirth of sturdy and aggressive Americanism that will sweep the country and cannot be fooled or cajoled; and that a much finer and greater and happier American nation is going to come of it.

Lady Astor Takes Seat
Plymouth, Eng., Nov. 30—(By Associated Press) Lady Astor, accompanied by her son, today left for London, where tomorrow she will take her seat as a member of the house of commons.

"The people will be disappointed if they think I shall speak and act in parliament as I have done during the election campaign. You don't talk too much if you want things done. Electioneering is one thing, and legislating is another.

Home Problem First
Washington, Nov 30 - Although a new effort for compromise ratification of the peace treaty is expected to follow closely the reconvening of congress tomorrow, discussion among returning senators tonight revealed little optimism that the question would be brought to a decisive stage for some weeks.

In the absence of information as to what President Wilson will see in his message to the new session, Republican and Democratic leaders in the senate were preparing to go ahead with long-delayed general legislation, which many senators on both sides declare is urgently demanded by sentiment in their home districts.

Storm's Death Toll
Detroit, Me., Dec 1 - Twenty-four hours after the most severe wind storm experienced in Michigan since 1913, the demoralized condition of the telephone and telegraph wires throughout the state was

Home Problem First
Washington, Nov 30 - Although a new effort for compromise ratification of the peace treaty is expected to follow closely the reconvening of congress tomorrow, discussion among returning senators tonight revealed little optimism that the question would be brought to a decisive stage for some weeks.

In the absence of information as to what President Wilson will see in his message to the new session, Republican and Democratic leaders in the senate were preparing to go ahead with long-delayed general legislation, which many senators on both sides declare is urgently demanded by sentiment in their home districts.

Storm's Death Toll
Detroit, Me., Dec 1 - Twenty-four hours after the most severe wind storm experienced in Michigan since 1913, the demoralized condition of the telephone and telegraph wires throughout the state was

such that no accurate or complete reports of damage caused could be ascertained.

Early tonight one death was added to the six reported last night. A carpenter, E J Herrington, was killed when a barn on which he was working near Jackson, collapsed. The other five deaths occurred in Detroit. Scores of persons were injured here and elsewhere by falling cornices and slabs or flying glass.

Honor Roll
The honor roll of the Eighth grade for the month of November were:

Naomi Scoggan, John Lundquist, Nan Paxton, Eric Vihlen, John Wilson, Lucile Anderson, Madeline Mallem, Elizabeth Charles, Gilbert Miller, Le Claire Jones, Maude Carraway, Agnes Ferrati, Edna Lord, James Stone, Emma Spencer, Helen Witte

The Eighth grade entertained the Grammar School Wednesday morning with a Thanksgiving program consisting of the following:

Thanksgiving Song—Class
150th Psalm—Class
Origin of Thanksgiving—John Lundquist

President's Proclamation—James Stone
Song, "The Big Yellow Pumpkin"—Girls

Neighborhood Meeting at DeLand
Attending the neighborhood meeting at DeLand yesterday from this parish were Rev. Arthur Searing Peck, Mrs. A. P. Connelly, Mrs. A. D. Key, Mrs. S. O. Chase, and Mrs. Alexander Vaughn. The meetings were held at the Parish House where plans for the mission-wide campaign were discussed and final arrangements completed for the drive which begins Sunday next. Luncheon was served and a delightful hour enjoyed socially.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. These are signs to watch. See that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strengthening and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will give prompt relief or your money will be refunded. Ask for them in any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

If you want to play a winner, sure thing—put your money on Chesterfield.

In less than three years, more than three million smokers have become Chesterfield fans.

And no wonder! Never were finer tobaccos used in any cigarette. The silkiest leaves of aromatic Turkish and the choicest of ripe, sweet Domestic stock are put together by an exclusive blending method that brings out a new deliciousness of flavor.

"Satisfy"? Right down to your toes! Chesterfields have put added enjoyment into every puff—enjoyment that you don't get and can't get in any other cigarette because the Chesterfield blend can't be copied.

NATIONAL BISCUIT COMPANY

Sixty-Sixth Congress Begins Regular Session With Important Business

Members Return to Work After Leave

POLITICS PLAYS PART

PEACE TREATY AND INDUSTRIAL QUESTIONS ARE MOST IMPORTANT

Washington, Dec. 1.—Many months' work on a great variety of important subjects, international and domestic, were before the 66th Congress today when it met for its second and "regular" session, which was expected to close only with the presidential campaign next fall.

Members of both Senate and House returned to work with only ten days' rest since the adjournment of the extraordinary session which ended Nov. 19 when the Peace Treaty failed of ratification in the Senate. Because of the extra session the opening day lacked much of the usual bustle attending the launching of a new session.

With the Congress already "in harness" and with much legislation ready for immediate consideration, little delay in the beginning of work was expected. Calling of Senate and House rolls for quorums, appointment of committees to notify the President and each other that Congress again was "on the job" were among the customary opening formalities.

Besides legislative recommendations, President Wilson's message was expected to deal with international relations and particularly with the treaty of Versailles. While early ratification of the treaty with compromised reservations was expected by many senators, with hopes of action before the new year, leaders believed the issues involved would be carried into the presidential campaign.

Politics is due to play a large part in the events of the new session, the last before the nominating conventions

next summer and the final campaign in the fall. Leaders propose to have Congress recess for the conventions and work through afterward into October.

Enactment of legislation is expected to begin immediately. The Senate today had pending, with privileged status the Cummins railroad bill with its provisions against railroad strikes and for return of the railroads to private ownership. In the House, the bill to restrict immigration and provide for deportation of alien radicals was first on the calendar. The House probably will be occupied largely with the appropriation bills for many weeks and leaders hope to enact several measures before the holiday adjournment, to begin about Dec. 20 and continue to Jan. 5.

Long debate on the railroad bill in the Senate was anticipated and the leaders had little hope of its enactment before Jan. 1, the date on which the President has said the roads would be returned to private operation. A temporary resolution continuing guaranteed compensation for the carriers until permanent legislation is completed will be passed if necessary.

Among the measures expected to be completed this month are the oil, coal, gas and phosphate land leasing bill and the Edge measure authorizing formation of corporations to finance American export trade. Both bills are now in conference. Besides the treaty of Versailles, several other treaties are pending and promise to evoke long Senate debate. Three treaties, one guaranteeing assistance to France in event of German aggression, that establishing Poland and defining the Rhine frontier and the long-pending 425,000,000 Colombian pact, are pending before the Foreign Relations Committee.

The Peace Treaty with Austria also is expected to be ready for transmission by the President soon. The committee also has before it the resolution of Republican Leader Lodge proposing that Congress, by concurrent resolution, declare the war with Germany ended. This will be fought vigorously by the administration. Early action on the French treaty is not planned by the committee majority, but the Polish treaty, the leaders say will be pressed.

Among other important international matters pending or in prospect are the House bill to repeal the Canadian reciprocity treaty and commercial conventions with the Allies, the enemy countries and other nations. On the legislative calendar are many measures already passed either by Senate or House. They include bills establishing a federal budget system, providing a permanent shipping pley, regulating cold storage of food products, and providing for development of waterpower.

Fiscal legislation promises to have a prominent place in the work of Congress. General tariff revision and modification of the international revenue laws are planned before the political campaign. Repeal of many war taxes will be proposed and anti-dumping bills to protect American manufacturers are pending. Permanent army reorganization policies, incorporating the question of universal training, soon are to be brought out by the Senate and House military committees, while the committees must pass on a new building program and on bills increasing the navy's personnel and its pay.

Prominent among the other measures to be taken up are those dealing with radical aliens and anarchists and the high cost of living. Leaders also plan to give attention to means of averting industrial strikers by federal mediation or other methods. The Lane-Mondell bill embodying Secretary Lane's plan of farms for soldiers and sailors also is up for passage and Congress will attempt revision of several standing laws and repeal of the espionage and other war measures. Numerous investigations also are planned. Senate inquiries into Mexican affairs and the coal, wheat and sugar situations will continue while the House will carry on its investigations of War Department activities.

New investigations proposed in the Senate include that into the print paper situation and into charges by Senator Watson, of Indiana, that socialists and

radicals are in the employ of the Federal Trade Commission. The Senate privileges and Elections Committee plans to take up the contest filed by Henry Ford against the election of Senator Newberry, Republican, of Michigan.

Senate democrats are to hold a conference this week to elect a leader to succeed the late Senator Martin, of Virginia, with the contest apparently narrowed to Senator Hitchcock, Democrat, of Nebraska, administration leader in the Peace Treaty fight, and Senator Underwood, of Alabama, for Democratic Leader in the House. Conferences of the Republicans and the steering committees of both parties also are planned soon to fill committee vacancies.

PRESIDENT'S MESSAGE TAKES UP PROBLEMS

Would Put Country On Budget System CUT OUT POLITICS

AND SIMPLIFY TAX SYSTEM ON INCOMES AND EXCESS PROFITS

Washington, Dec. 3.—General recommendations on legislation to combat the cost of living, labor unrest, radicalism and a readjustment of the nation's peace time as were the features of President Wilson's annual message to congress delivered today. The peace treaty, the President told congress, will be discussed in a separate message later, as will the railroad question.

For the second time only since the President established the practice of addressing congress in person, his message was read today by the clerks. The president's principal recommendations were: Establishment of a budget system for the national finances. Reorganization of the taxation system with simplification of the income and excess profits. Readjustment of the tariff system, if necessary to meet changed world conditions and make the system conform with the fact that the United States is the "greatest capitalist in the world." Recognition and relief for veteran soldiers of the world war, particularly in the way of government farms as proposed by Secretary Lane.

Proper measures to foster the dye-stuffs industry built up during the war to keep the United States independent of foreign supply. An enlarged program for rural development, in recognition of the farmers' part in the war. Measures which "will remove the causes of political restlessness in our body politic."

At this point the president made his most extensive reference to the peace treaty by saying the causes for the war "are superficial rather than deep seated" and that they "arise from or are connected with the failure on the part of our government to arrive speedily at a just and permanent peace permitting return to normal conditions from the transfusion of radical theories, from seething European centers, pending such delay, from heartless profiteering resulting in the increase in cost of living, and lastly from the machinations of passionate and malevolent agitators. With the return to normal conditions this unrest will rapidly disappear. The president renewed his recommendation for legislation to deal effectively with "those persons who by violent methods would abrogate our time tested institutions.

Several recommendations, some renewals of previous ones, were made by the president to bring down the cost of living. Among them were extension of the food control law to peace times for the emergency; regulations for transportation of foods in interstate commerce; a cold storage law modeled after the law in New Jersey; a law requiring marks to show the length of time foods are kept in storage and a law to secure "competitive selling and prevent unconscionable profits" by federal license of corporations selling food in interstate commerce.

A long portion of the message was devoted to a discussion of conditions and rights of labor. "A definite program to bring about an improvement in the condition of labor" and bring about a genuine reorganization of industry was recommended.

The only way to keep men from agitating against grievances is to remove the grievances" said the president's

message. At another point it declared, "the seed of revolution is repression."

"The significant principles regarding labor laid down in the covenant of the League of Nations" said the message "offers us the way to industrial peace and conciliation. No other road lies open to us. Governments must recognize the rights of men to bargain collectively for humane objects. Labor must no longer be treated as a commodity."

"The rights of individuals to strike is inviolate," continued the message, "and ought not to be interfered with by any process of government, but there is a predominant right and that is the right of the government to protect all of its people and to assert its power and majesty against the challenge of any class." The president was referring to the government's recent injunction against the coal strike.

The message closed with a pointed reference to radicalism, and red doctrines and referred to "Russia today with its blood and terror" as a "painful object lesson of the power of minorities." "There are those in this country," said the message, "who threaten direct action to force their will upon a majority. It makes little difference what minority it is; whether capital or labor, or any other class; no sort of privilege will ever be permitted to dominate this country."

Orderly processes, the message declared, were the only ones by which relief and reform could be obtained. Those who would propose any other method of reform are enemies of this country," the message said. "Let those beware who take the shorter road of disorder and revolution."

Esperanca Found Rubber.

It is believed that the rubber tree was discovered by a Jesuit missionary, Fr. Muncielde Esperanca. He found it while on one of his apostolic journeys among the Cambelas Indians of South America and gave it the singular name of the seringueira, because he remarked that the savages used the sap of this tree, which hardens quickly, to make rude bottles that were shaped like a syringe.

Work Makes Them Immune.

Men who toil in lampblack works are—owing, it is said, to the large amount of carbon they inhale—immune from the white plague, and many sufferers in the early stages of phthisis make considerable sacrifices to obtain employment of this kind. These grimy workers further resemble colliers in that they are remarkably free from diseases of the nervous system, observes a writer in London Tit-Bits.

To Reopen Pharaoh's Mines.

Pharaoh's Mines were discovered in 1812 by a French explorer named Callaud. He found that the mines had been abandoned before they had been completely exhausted. A ton of emerald-bearing rock was mined and the emeralds were found to be very large, but poor in quality. The mine was again abandoned. New plans to operate them on a tentative scale, at least, are now under way.

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.
Analytical and Consulting Chemist - Professional of Natural Science
Emeritus, Rollins College, Florida
Private Laboratory of Rollins College
Winter Park, Fla., Nov. 5th, 1918

Mr. T. O. Charles
Sanford, Fla.

Dear Sir: I have completed careful chemical analysis of the sample of water that you brought me early last week, and I have obtained the following results:

Color.....	Clear	Chlorine.....	1.73 parts per million
Reaction.....	Neutral	Total solids.....	8.00 parts per million
Free Ammonia.....	00 parts per million	Hardness.....	23.03 parts per million
Albuminoid Ammonia.....	Trace	Nitrates.....	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicates its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per cent., and in finding no colon, or other harmful bacteria, fully confirm its good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."

Yours very respectfully,
(Signed) THOS. D. BAKER

Camel Cigarettes

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. *No matter how liberally you smoke Camels they will not tire your taste!*
