**4-H Girls To Tour Food Store**

By Ginny Skisak  
North Orlando 4-H Girls of the Foods Projects group will take a field trip to the Publix Market in Fern Park beginning at 4:30 p.m. Thursday. With the cooperation of the store, the girls will be instructed on how and what to buy. Each member is asked to come prepared with a tentative menu and shopping list in preparation for a planned family picnic which will climax her project in May. No purchases will be made at this time. Accompanying the girls on the practice shopping tour will be Mrs. Ralph Stevens of Longwood, project leader for the 4-H club, and Miss Margaret Stevens, assistant. Meetings of the Foods Projects girls are held at 4:30 p.m. on the first Thursday of each month at the home of Mrs. Anton Krecke, 140 N. Edgemon Ave.

**Business Briefs**

Edwin D. Hunt of Hunt Lincoln-Mercury, Sanford, was honored as being among the 15 outstanding Lincoln-Mercury salesmen of Florida at a three-day meeting ending last Saturday at the Diplomat Hotel, Hollywood Beach. George P. Montagnet, Jacksonville district sales manager for the Lincoln-Mercury Division, presented each one of the select group with an "Inner Circle" Award and congratulated the sales specialists for outstanding performance during 1961. "Each man who has earned an Inner Circle Award has established himself among professional business members of his community," Mr. Montagnet said. "You have a right to be proud of your accomplishments last year and your attainment of a high degree of service."

Mr. and Mrs. R. J. Prealey of Sanford happily hold the candle from FURNITURE CENTER'S Birthday Cake that allowed a DISCOUNT OF \$193.00 off their purchase. The couple stated they would have purchased from FURNITURE CENTER without the Discount because they have always been greatly satisfied with the quality of merchandise and service found at this company. However the generous Discount enabled them to furnish the children's room to their liking without the added expense. Adv.

Besserer: Won't know until  
Burton moves out at the end  
of this month. Haven't dis-  
cussed with the board yet.  
County Engineer Carlton  
Bliss and County Agent Scott  
Lucker went up to Camp

some cabinets, picked up a  
pair of shoes... 20 shirts for  
the sheriff's office and three  
garbage cans.  
By the way, Bliss said that  
the shoes would be put to  
emergency use (someone got

**Suits Attack Apportionment In Georgia**  
ATLANTA (UPI) — Georgia's entire legislative apportionment and county unit system were under simultaneous attack in federal court today.  
The U. S. district court was asked late Wednesday to assign three judges to decide a petition declaring unconstitutional the state's method of assigning counties one, two or three House members on the basis of population and senators by rotation.  
A call for a special session of the legislature appears to be a matter of only days away. Gov. Ernest Vandiver called leaders to his office for a conference today, to learn their feelings.  
Both suits asked that the courts restrain election officials from conducting 1962 elections under present laws.  
The reapportionment suit, filed by four Atlanta area voters, requested the court to throw the 1962 legislative election on a statewide basis — meaning that every citizen would have to run in every county — unless the General Assembly reapportions itself.  
Under the 1877 and 1945 Constitutions, the eight most populous counties in the state are assigned three House members, the next 30 get two and the remaining 121 have one. The 34 senators are picked by districts. Fulton (Atlanta) is one district and has its own senator but others pick on a rotation system.

**\$57 Million Tax On Boats Asked**  
WASHINGTON (UPI) — President Kennedy Wednesday asked Congress to tax pleasure boats upwards of \$57 million a year to help pay for federal acquisition of land and water recreation areas.  
It was part of a revenue plan to finance a national conservation program outlined to Congress by the President earlier this year.  
Kennedy recommended four primary revenue sources which would be used for maintaining existing federal recreational areas and acquiring new ones. They are:  
—Admission fees to the areas.  
—Division of proceeds from sale of federal surplus non-military buildings and land.  
—Government retention of 2 cents per gallon of the excise tax on gasoline for gas used in boats.  
—A new annual federal "use" tax on all pleasure boats. It would be \$5 per year on a boat 14 to 16 feet long, with an additional \$2 a year for each foot over 16 feet.

**Kennedy Offers Transit Program**  
WASHINGTON (UPI) — President Kennedy sent Congress today an ambitious transportation program which looked to reductions in air, rail and bus fares and federal aid to improve urban-suburban transit.  
The 6,000-word message was described by Myer Feldman, deputy special counsel to the President, as the first comprehensive national transportation plan ever drafted by a Chief Executive in U. S. history.  
The message was designed to announce a new, broad transportation policy, curtail federal regulation and subsidy, eradicate discrimination and inconsistency in present laws and rules, and lay the groundwork for a modern, effective metropolitan area mass transit.  
The new group will consist of a number of retired business men who have expressed interest in performing voluntary services for the hospital. The meeting had been scheduled for last week, but was rescheduled due to some confusion in the time and date.  
Officers will be elected today and the activities and services of the group defined.

**Abuse Probed**  
FT. JACKSON, S. C. (UPI) — Charges by a platoon of Army recruits that they were abused by a sergeant at this infantry training post were under investigation today.  
Sgt. Clyde Hinek Jr., 29, of Columbia, Pa., is under investigation and held in confinement.

## Atlantic Bank Buys Adjoining Property

HANDSHAKES ALL AROUND as a downtown property changes hands. The Sanford Atlantic Bank, acquired the land and building at 117 S. Park Ave. The property has been the insurance office of Crumley and Monteith, who are merging with the Bob Crumley Agency to form Crumley-Monteith, Inc. From left are B. B. Crumley, Howard Hodges, Sanford Atlantic Bank President and Howard Monteith.

The Board of Directors of the Sanford Atlantic Bank have approved the purchase of the Crumley and Monteith Insurance Agency building at a price of \$35,000, Bank President Howard Hodges announced today.  
The property, which is 114 by 40 feet, is directly behind the bank and the drive-in teller windows, at 117 S. Park Ave.  
"The potential growth of metropolitan Sanford and Seminole County makes it imperative that we plan now for future expansion of facilities with which to properly service our customers," Hodges said.  
The bank has no immediate plans for the property, but speculations are that it will eventually be converted into an off-street parking lot.  
The Crumley and Monteith Insurance Company today announced their merger with the Bob Crumley Agency and will soon move to the new corporation offices in the Crumley Building at 500 West First St.

## Insurance Firms Merge

A NEW CORPORATION, to be known as Crumley-Monteith, Inc., will come into being May 1. The Agreement was signed in the offices of Joe Davis, attorney, (standing). Seated from left are B. B. Crumley, secretary-treasurer, Bob Crumley, president and Howard Monteith, vice president. Offices will be in the Crumley Building on West First St.

A new and enlarged insurance agency will come into existence May 1 as a result of the merger of the Bob Crumley Agency and the firm of Crumley and Monteith.  
This was announced today by Bob Crumley, who will be president of the new company which will be known as Crumley-Monteith, Inc.  
The new corporation will be located in the Crumley Building at 500 West First St., continuing in the business of insurance and real estate, with Howard Monteith as vice-president and B. B. Crumley, secretary-treasurer.  
"The merging of the business interests of these two firms will allow us to offer the people of this area more efficient services and a depth and variety of insurance programs greater than have ever before been offered," Bob Crumley said.  
B. B. Crumley, senior partner of the firm of Crumley and Monteith, has a background of 26 years experience in his field. He moved to Sanford in 1939 at the direction of Metropolitan Life Insurance Company, being placed in charge of the Sanford sub-district office and in 1944 he entered the general insurance business.  
Howard Monteith, also a former Metropolitan agent, became a partner in 1946 and later the Crumley and Monteith partnership moved to 117 S. Park, their present address.

**Sailor Jailed In Forest City Store Robbery**  
Seminole County deputies apprehended a Jacksonville Naval Air Station man early this morning after the sailor and another man broke into the Western Auto Store in Forest City.  
The sailor, identified as Charles Kissinger, was taken to the Orange County sheriff's office for questioning, according to Sheriff J. L. Hobby.  
Hobby, said Kissinger, was AWOL from Jacksonville, and that he broke into the Forest City store stealing a "bunch of guns, bullets and other merchandise."  
Hobby also said that the sailor admitted breaking into a grocery store in Chuluota a month ago.  
A statewide alert is out for the man seen with Kissinger.

**Ranger Reports On Forest Fires**  
A report of forest fires in Seminole County for the months of January, February and March of 1962 as compared against the first three months of last year has been released by Forest Ranger Jerry W. Laws.  
This year there were 91 fires burning 2,961.7 acres while in 1961 a total of 67 fires occurred burning 1,375.8 acres. Of the 1962 fires, 47 were incendiary and 44 were due to carelessness. Last year 38 were incendiary and 21 were from carelessness.  
Laws called attention to the increase in both fires and acreage burned this year as compared to last year's totals and reported that already this year nine of the fires each have involved more than 100 acres.  
At the same time, a state report reveals that more forest acreage has been burned in Florida since Jan. 1 of this year than during all 12 months of 1961.

**Appeal Planned On Placement**  
NEW ORLEANS (UPI) — State and city officials today stepped up efforts to counter a blow to racial segregation in New Orleans schools and perhaps throughout the South.  
Plans called for action in court, in the state legislature and in various emergency meetings to combat U. S. Judge J. Skelly Wright's ruling that overturned Louisiana's pupil placement law.  
Segregationists, including at least one state legislator, issued an outright challenge for Wright to enforce the order he handed down.  
Lormann said that he feels the city needs the ordinance to enforce some measure of control over promiscuous burning within the city limits which has resulted in a number of careless fires during the past few weeks.

**Lormann Seeks Fire Ordinance**  
Longwood Mayor A. H. Lormann said this morning that he would ask the City Council for a fire ordinance at today's 8 p.m. meeting in the City Hall.  
Lormann said that he feels the city needs the ordinance to enforce some measure of control over promiscuous burning within the city limits which has resulted in a number of careless fires during the past few weeks.

Seminole County tax collections from the 1961 tax roll hit a new record high, Collector John Galloway reported today.  
Taxes collected from the 1961 roll were estimated at \$2,219,252.34 which, according to Galloway, is 90 percent of the tax roll.  
The 1961 tax roll was set at \$2,441,416.53.  
The 1960 tax roll was set at \$2,195,275.  
Galloway reported that in March \$346,899.32 in taxes were collected.  
At the same time, the tax assessor's office reported that there were 11,393 homestead exemptions over the previous year.  
This year's homesteaders numbered 11,883 while in 1961, they totaled 11,393.  
There were no figures available on how many new homesteaders there were in the county this year.

**FHA Housing Ban Modified By Official**  
MIAMI (UPI) — Federal Housing Administration Commissioner Neal J. Hardy announced modifications today of the ban on speculative loan commitments to home builders in seven Florida counties.  
The formula for speculative loan commitments was spelled out in the following order:  
"Effective May 1, at the discretion of the Miami and Tampa FHA directors, builders may be allowed up to five conditional commitments for insured loans in a subdivision, provided that the subdivision does not have more than five properties within it which have been foreclosed, are in the process of foreclosure, or are in the builder's inventory of unsold houses."

**Banks Close To Stop OAS Raids**  
ALGIERS, Algeria (UPI) — The banks of Algiers closed down all branch offices today in an effort to stop the wave of robberies by gunmen seeking funds to finance the terrorist operations of the Secret Army Organisation (OAS).  
But armed raiders struck in Oran, and escaped with an estimated \$17,500 in new francs from the post and telegraph office in the western port city.  
The shutting of the branch offices here followed a series of robberies Wednesday in which the OAS made off with a total of \$23,218 in new francs in seven separate raids.  
Today only the central offices of the main banks were open for business.  
A branch of a "land bank" or credit office in the center of the city, also open for business, was relieved of \$3,000 by armed OAS men.  
The stickups have netted the OAS more than \$8 million since the beginning of the year. Not one robber has yet been arrested.

**U. S. Proposes 'Equal Time'**  
GENEVA (UPI) — The United States today proposed an "equal time" arrangement with Russia, allowing each government to go directly to the other's population to argue its policies.  
Russia earlier demanded that the 17-nation disarmament conference ban so-called "war propaganda" as "crime against humanity."  
But the United States said the way to improve international relations is to insure freedom of expression rather than to restrict it.  
The exchange came during conference debate on the Soviet demand for cessation of war propaganda.  
Chief American delegate Arthur H. Dean said the U. S. government does not, cannot and will not, by legislation or edict, control the freedom of speech or press of its citizens.  
"Nor would it regard such legislation or edicts desirable even if the United States had powers in this regard," he said.

**Red Trouble**  
TOKYO (UPI) — The official newspaper of the Chinese Communist party today denounced party members who have become "arrogant" and "self-complacent" and said they must be "reeducated."  
Further Left  
BEIRUT, Lebanon (UPI) — Naem El Kudi is expected to return as president of Syria, heading a civilian government further to the left than the one ousted in the military coup last week, informed sources said today.

**Accept Challenge**  
CHICAGO (UPI) — The National Association of Broadcasters has accepted Federal Communications Commission Chairman Newton N. Minow's challenge for a nationwide conference to plot the future of commercial radio stations.  
Board Rewarded  
MIAMI BEACH (UPI) — Maj. Gen. Frank A. Tubey, U. S. Army Chief of Chaplains, awarded the National Jewish Welfare Board a citation Wednesday night for its help in procuring Jewish chaplains for the Armed Forces.

**7 Days Left**  
Today is a good day to register because time's getting short and there are only two days left to register for the upcoming county elections. Go to the C. of C. Building any time from 9 a.m. to 5 p.m. except for the noon hour and sign up so you can help decide who will be the new members of the County Board of Commissioners and who will be the other county officials.

**Bulletin**  
Three explosions at the Wilkins Asphalt Plant on Markham Road did \$600 damage, Sheriff Hobby reported today. The sheriff suspects that someone set off the blasts in an attempt to wreck the plant.

# Education TV Here Looms As Tops - Edmunds

On Monday, R. T. Milwee superintendent of Seminole County Schools, and other central Florida school superintendents will accompany Al Edmunds, director of the Central Florida East Coast Educational Television Corporation to Washington, D. C. where they will work with members of the Educational television division to analyze alternatives which may be utilized with the Federal Communications Commission.

WILLIAM M. HARDMAN, of Heavy Attack Squadron Five has been notified of his promotion to Lieutenant by Cdr. R. E. Farmer, VAH-5 Commanding Officer. In VAH-5, Lt. Hardman is a bombardier/navigator in crew 13, and he serves as navigation officer and operations division officer.

## Fashion Show To Benefit Lyman Band

By Shirley Wentworth  
The Lyman Band will sponsor a Fashion Show Friday night in the school cafeteria to raise funds for its trip to compete in State Contests at Daytona.

Girls of the band will be featured as models and seasonal styles will be from Playgirl Fashions of Fern Park. Shoes will be from the Suburban Shop in Fern Park and Elvira Beauty Salon will do the hair styles.

Band members providing entertainment will include Lemmie Hoover singing "Kanter Parade," Johnny Wagner with a saxophone solo, George Lewis, a piano solo and the majorette corps will stage a dust-baton twirling routine. Jacqueline Waddie will be piano accompanist for the entire show.

Modeling will be Barbara Diggs, head majorette, and Jane Kent, Carol Highsmith, Barbara Ferrall, Bonnie Laymon and Betty Fields. Mothers serving as models will include Mrs. Ralph Diggs, Mrs. John Wagner, Mrs. Wilson Waddie, Mrs. Martin Dunn and Mrs. A. K. Saville. Mrs. C. F. Fields will serve as commentator.

Making up various committees are Mrs. Hay Lambert, Mrs. Evelyn Kent, Mrs. Angel Mender, Mrs. Earl House, Mrs. Fields and Mrs. Wagner. Tickets may be purchased at the door or from any band student or parent.

A small library costs more per capita than a large library . . . a library operating outside a system costs more than a library which benefits from the economies of joint purchasing, processing, sharing of resources and division of responsibility.

## Bales Named Concert Group President

Don Bales was named president of the Mutual Concert Association of Seminole County for the coming year, with Robert Beasor as vice president and Miss Joan Wright as treasurer, at the final concert Monday evening.

Chester Rearick, retiring president announced that the association finished the season in the black for the first time, with a balance of \$300 to kick off next year's membership drive.

Tickets are now on sale for the coming season and concert-goers can sign up with the pledge cards, which are available at the Chamber of Commerce or from Mrs. Mary Ferguson or Miss Joan Wright at the Florida State Bank to insure having a series next year.

## Girl Scouts Spend Weekend At Camp

By Jane Casselberry  
Thirty-five Girl Scouts of Troops 338, 339, 497 and 594 of the Lyman Neighborhood spent last weekend at Camp Ticochee near Barberville.

Coordinator of the camp and leader of Troops 338 and 339 was Mrs. Frank Russell. Other adult leaders making the trip were Mrs. Joan B. Hall Jr., of Troop 497, Bear Lake; Mrs. Janice Stone, co-leader of Troop 338 and Mrs. Walter Pike and Mrs. Ruth Davis, co-leaders of North Orlando Troop 594.

Assisting were Nancy Fishinger, Pamela Cannon, Larilyn Swanson and Suzanne Peyton, senior program aides from Mariner Troop 319 of Winter Park.

Nancy, Pamela and Larilyn competed with other seniors and were chosen for the honor of attending the Senior Girl Scout roundup this summer at Button Bay, Vi, which opens on July 19.

These winners of the previous competition showed movies of the 1959 roundup on Friday night to those attending the campout and told of the training they are undergoing in preparation for this year's event.

Workshops on lashing, knot tying and first aid were conducted on Saturday and the girls enjoyed participating in a "Wide Game," a test of various scouting skills which was planned by the program aides.

Sunday morning breakfast was cooked in the rain and later the girls gathered for a "Scouts Own." According to Mrs. Russell, the rains failed to discourage the spirits or appetites of the girls in any manner and by the 3 p. m. return home, the group was a "tired but happy" one.

## Sanford Teachers Honored By Sorority

Two Sanford teachers were inducted Saturday into the Beta Chapter of Delta Kappa Gamma, honorary teachers sorority, at a meeting held in Leesburg at the Community Building.

Mrs. Margaret Manfre and Mrs. Katherine Teague of Sanford were honored along with three other teachers from other counties.

MRS. TEAGUE

Speaker of the day was Mrs. Eunah Holden of DeLand, former International Executive Secretary who discussed "Perpendicular Responsibilities."

The business meeting was conducted by Mrs. Irene Vowell, president and new officers were nominated for the next two years. Nominated as president was Mrs. Alicia Schmidt of Sanford, Mrs. Anna Pasco, first vice president; Mrs. Irene Vowell, second vice president; Mrs. Dottie Head, recording secretary; Mrs. Helen Westgate of Sanford, corresponding secretary and Mrs. Hilda Wray of Sanford, parliamentarian.

Mrs. Mildred Wright and Miss Dorothy Rice gave an explanation of the meaning of the coat of arms of Delta Kappa Gamma.

A spring theme was carried out in the table decorations of the luncheon, featuring hat boxes with pink ribbon bows and bouquets of spring flowers. The next meeting will be held at the Angelbit Hotel in Orlando May 12th and will be a joint meeting with Itho, Psi Alpha Theta and Alpha Mu Chapters.

Attending from Seminole County were the following teachers: Mrs. Nancy Brock, Miss Mabel Chapman, Miss Edna Chittenden, Mrs. Ruth Meriwether, Mrs. Alda Milwee, Mrs. Lottie Nix, Miss Dorothy Rice, Miss Ethel Rice.

Lemmie Hoover, who has been accepted for further study at the Cincinnati Conservatory of Music, will compete in the vocal solo division and also will sing with the ensemble entry. Others participating in this competition will be Dawn Barnes, Darlene Shea, Gloria Lovell and Larry Dill.

George Lewis and Jacqueline Waddie will represent the school in the solo for piano contests and Lyman chorusses will participate in the junior and senior high divisions.

Auburn-haired Lynn Shirley, representing the 125th Fighter Group of Jacksonville, was recently crowned Miss Florida National Guard of 1962 at the close of a contest held at Cypress Gardens, under water.

## Lake Monroe Jottings . . .

Mrs. H. L. Johnson Well (quoting Larry Vershel's by line) nobody asked me, but - - - It is spring? I don't know. One day tho I did get the spring fever and started window cleaning. Then it got chilly and I quit. One of these days the fever will strike again and I will finish. . . . W. H. Almond was called to Atlanta last week by the death of his brother. Our sympathy goes out to him. Mrs. Almond was unable to accompany him as she was ill. . . . Sorry to hear John Lanier was in the hospital but that his stay there was short and he is home again. . . . Lenora (Mrs. J. E.) Andrews is in the hospital where she underwent surgery this week. Hurry and get well Lenora so you can return to the Home Demonstration Meetings. We will miss you tonight but will be thinking of you. . . . H. D. members don't forget the meeting tonight at Tracy Thayers home. There will be lots of important things to discuss. One is the dress revue to be held May 9th at the H.D. Center in Sanford. So you all come. . . . I hope all you Monroe

residents know that a Monroe boy, Rennie Stafford, decorated the hat window at Penneys. One of the Penney salesladies said Ronnie was sure a hard worker. . . . Mary DeWitt and I will take the Seminole Glee Club to Orlando tomorrow evening for district. If there is anything better than music it is certainly more music. AND Miss Ollie Whittle's Glee Club can really sing. The triple trio and the double quartet are my favorites. So I am sure there will be some superior ratings won tomorrow night. Good luck Boys and Girls, my fingers are crossed. . . . Linda Stapler had a wonderful past weekend. She went on a Girl Scout camping trip to Camp Oklawaha. I can't begin to tell everything that she said the group did. Anyway it was a most wonderful weekend. . . . During my conversation with Rena Hawkins the other day we were both so excited that we misunderstood the name of her brand new grandson. . . . I hope all you Monroe

most wonderful compliment from Larry Vershel. And I want to thank him very much for it. It truly made me feel very good. To get compliments like that can make your whole day much brighter and it did. . . . Our thought this week came from Geneva Bungamer. How true it is too. This is a good one to cut out and save.—He who has a thousand friends has not a friend to spare. And he who has one enemy will meet him everywhere. . . . This is by Emerson. Bye for now.

## Bear Lake Girl Scouts Enjoy Campout

By Shirley Wentworth  
Members of Bear Lake's Girl Scout Troop 197 attending last weekend's campout at Camp Ticochee with their leader, Mrs. Jon Hall of Bear Lake Terrace were Vicki Brannon, Leslie Carmichael, Sandra Elliott, Jane Eppinger, Cheryl Hall.

Candice Herrington, Linda Watt, Patty Stevenson, Mary Klingler and Toni Morrison. Parents, other than Mrs. Hall, who provided transportation for the girls were Preston Elliott, Russel Eppinger, Mrs. Vernon Herrington, Richard Morrison and Mrs. Florence Watt.

Highlights of the camporee particularly noted by the Bear Lake Scouts were Friday night's nosegay supper, the workshops for Patrols on Saturday and cooking Sunday breakfast in the rain. Mrs. Hall reported.

## Civic Group To Elect New Officers

By Ginny Skilak  
The April meeting of the North Orlando Civic Assn. will be held at 7:30 p. m. Monday in the Village Hall with election of officers the main item on the business agenda.

Nominations will be accepted from the floor. Among those nominated at last month's meeting who have not declined are Pete Tilson, for president, Robert Derum for vice president and Mrs. Harvey Coyle for treasurer.

F. Stewart Helmly is scheduled to preside at Monday's meeting since the resignation of W. W. Anderson, president and H. S. Stephenson, second vice president, were effective as of March 30. Both, elected as members of the Village Council in March, were installed at a special meeting of the council on Monday night.

Mrs. and Mrs. John Osgarth of Longwood show the smiles of satisfaction as they unwrap the discount slip from the candle selected from FURNITURE CENTER'S Birthday Cake and discover that they have saved over \$90.00 on the three room group of furniture they selected. The happy couple stated that they had been shopping for furniture for sometime. Hearing of FURNITURE CENTER'S Big Birthday Celebration, they investigated, recognized the values and purchased.

Mrs. Osgarth, as many others, is not quite ready for her merchandise to be delivered, however, FURNITURE CENTER will honor all discounts through April 7th and store the merchandise without charge for future delivery to the customer. Adv.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: I am 20 years old and am engaged to a very jealous boy. He insists on seeing me every night. When I come home from work I have my washing and ironing to do, and I like to go to a movie with a girl friend once in a while. He allows me to have one night away from him every two weeks. And then he gives me the third degree about what I did and who I saw. I think I am entitled to one evening a week away from him. He says because we are engaged he is entitled to all my time. Is he right?

right. It takes TWO to celebrate an anniversary.

DEAR ABBY: I went with Joe for four years. I am 28 and he is 35. We were more than just friends, if you know what I mean. We had our good times, but I went through more misery than I care to talk about. He promised marriage, but it was only conversation. He was a liar and a cheat, but when a woman loves a man she'll overlook a lot. I finally made the break and believe me, my love for him is dead. He owes me \$300. In order to get it I will have to see him again. He didn't give me a "note" or anything so I'm out of luck there. I don't want to start up with him again, but how else can I get my money? LEARNED A LESSON

DEAR LEARNED: You learned a lesson, and it cost you \$300. Forget the debt—and the debtor. I think you got off cheap.

CONFIDENTIAL TO SICK AT HEART: Forgive him. You never had any kind of understanding.

Stop worrying. Let Abby help you with that problem. For a personal reply, enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents in Abby, Box 3365, Beverly Hills, Calif.

DEAR OWNED: If this is a preview of how you two are going to get along after marriage, I suggest a LONG courtship. He is far too possessive, and you are justifiably resentful. A jealous fiance makes a miserable husband. Forewarned is forearmed.

DEAR ABBY: Can you settle an argument that has been going on for 15 years? Should an anniversary be celebrated when one mate is dead?

DEAR TIED: Your wife is

Jacoby On Bridge By Oswald Jacoby

South's hand was almost worth an opening two bid and when North responded with a single raise, South was interested in a slam and used the short suit try of three clubs in order to elicit further information from his partner.

North did not have much of a raise, but the knowledge that South was short in the club suit improved his hand materially. North held good trumps, a king of diamonds which surely would prove valuable because South's shortest suit was clubs. Besides one of North's doubletons just had to represent distinct

NORTH ♠ QJ98 ♥ 8753 ♦ K76 ♣ 1098 SOUTH ♠ 1098 ♥ K753 ♦ A10765 ♣ AKQJ32

ruffing possibility. So North jumped right to the spade game.

Now South was ready to bid the slam and there was some slight possibility of getting to seven. There was nothing to lose by using Blackwood and South checked for aces. When North responded five clubs, South simply bid the spade slam and waited for the opening lead.

There were no problems in the play. Two of North's trumps were able to take care of South's little hearts. There was one club loser and no losers in diamonds or trumps.

We The Women: By Ruth Millet

Now that the magazines aimed at women have succeeded in selling "togetherness" to the American family, it looks as though they are about ready to disown their branchchild.

"Why Young Husbands Feel Trapped" is the title of a recent magazine article that is almost sure to be the first of many such "Poor Papa" lamentations.

The young husband feels trapped, according to this article, because too much is expected of him. He's got to earn a living and worry about money (as men have always had to do) but he also has to be a pal to his kids, a companion and helper to his wife, a conscientious citizen, a suburban yard and handy man, a good host, an appreciative husband—and so on and so on.

In short—though the article doesn't come right out and say so—the young American husband feels trapped because he is so busy playing the second lead role in the feminine ideal of togetherness he hasn't any time to be a man.

So now the magazines have a new problem to air—the problem of the trapped husband. And they will probably go after it with all the vim and vigor with which they sold women the idea of togetherness in the first place.

But don't think the magazines will ever say "Sorry, Mrs. America. We goofed. We never should have sold you the togetherness ideal."

No, they'll wash their hands of the whole idea and make Mrs. America feel guilty for making her husband feel trapped.

# Successful Dinner - Fashion Show Held In Oviedo By Woman's Club

The dinner and fashion show sponsored by the Oviedo Woman's Club was a huge success. More than 200 tickets

were sold for the big event which was held at the school lunchroom and auditorium. The evening started with a beautiful meal in the lunch-

room consisting of baked chicken, beans, corn stew, rolls, coffee and tea. The fashion show, produced by the Pat Fincher Modeling

and Finishing School, presented fashions from Pezney's for every occasion from sports wear to formal evening gowns.

THESE THREE PEOPLE who were in charge of the Oviedo Fashion Show, staged at the Oviedo School Auditorium, are shown on the stage. Pat Fincher (center) presented the show and Mrs. June Mitchell, left, and Mrs. Jack Dodd, were in charge of arrangements.

Following the show, the models were presented certificates for completing the course, by June Henderson, Cocoa Beach representative. They also received hat boxes as gifts from the school. Door prizes were won by Mrs. W. O. Swenson and Mrs. Helen Leinhardt. The stage was attractively decorated with potted palms, ice and a white lattice screen encircled with moss fern and red and yellow roses. Mrs. George Myers was the skillful decorator chairman for the event.

Mrs. Jack Dodd and Mrs. June Mitchell, Mrs. W. O. Swenson, Mrs. Helen Leinhardt, Mrs. E. M. Gillif, Mrs. C. L. West, Mrs. May King, Mrs. A. K. Myers, Mrs. James Wilson, Mrs. E. W. # Bear Lake Group Enjoys Surprise Birthday Party

A surprise birthday party was given recently by Mr. and Mrs. Bud Webb at their home on Shirley Drive, Bear Lake Manor.

The party was in honor of Mrs. Webb's father, Joseph Souon, of Bear Lake Road. A cook-out was enjoyed by a group of relatives and friends.

Highlight of the afternoon was a game session with all present participating. This was followed by a dinner of barbecued hot dogs and hamburgers seasoned with the traditional birthday cake.

Guests included the honoree and his wife, Mr. and Mrs. Souon, Mr. and Mrs. Richard Scott and sons, the boys and their three girls.

THE DEBARY GARDEN CLUB recently held their annual flower show at the Community Center. The stage was decorated with a miniature musical carousel that went round and round while displaying beautiful arrangements. Those members are shown with Oriental arrangements made under the supervision of Mrs. Aito Laos, standing. From left (seated) are Mrs. Albert W. Hoff, Mrs. Harold A. Lynch, Mrs. Charles Weaver, Mrs. L. R. MacDour and Mrs. George W. Nye. Mrs. John Chambers was chairman of the show assisted by Mrs. Angel Diaz.

# Girl Scout Diary

**BROWNIE GROUP 29**  
Saturday was a day filled with fun and excitement for the Brownie Group 29 when the members took an adventurous trip to Winter Park accompanied by their leaders, Mrs. Roger A. Smith, Girl Scout Linda Smith, Mrs. Charles Schomover and her two children, Sandra and Steve.

Dressed in their crisp brown uniforms, the three girls were driven by several mothers to Winter Park's scenic park where they played games. The girls then engaged in a favorite and universal female pastime, that of window shopping at the town's unique and picturesque stores. They entered the Jiv and ran out store to purchase mementos of the occasion.

Amusement at a charming outdoor walk in the historic Gardens consisted of a scenic walk from home along with cake and ice cream.

Then the girls headed for the depot and a train ride. For several it was their first

train trip, and it was a breath-taking moment for them when the engine, full of noise and motion, steamed into the station. They had no idea it would be so loud or look so monstrous up close.

Delighted with the events of the day, the Brownies boarded the northbound Mt. passenger train and watched the scenery flash by until they reached Sanford.

Finally, a bit more sophisticated than they had been that morning, the girls climbed off the train anxious to relate their experiences to their families.

When you walk, don't forget the rule of good standing posture - stomach in, chest high, shoulders down and back a little, head erect and eyes straight ahead.

If you have a piece of cotton when you are a guest, try to replace it. If you can't, send a note with a gift, as token of your regret.

## Garden Gate

By IKORA CIRCLE  
April is a catch up time for Central Florida gardeners. There is still time to do spring garden chores while we are preparing our yards and gardens for the outdoor living to be enjoyed throughout the summer.

Formal hedges should now be trimmed before the tender new growth becomes untidy, woody, and more difficult to cut. Azaleas may be shaped up and propagated by rooting the leafy tip cuttings in sand or some other sharp rooting medium.

All cold damaged branches of any plant if not already removed should be definitely disposed of by now to allow the plants to fill in with new growth the area removed and to prevent insects and fungus from becoming established on the dead wood. Any frost killed plants, which are of importance in the landscape design should be replaced with container grown specimens of a comparable size.

While the spring annuals may have their blooming season prolonged by cutting the

blossoms to prevent seed formation, it is time to start seeds or set out plants of the summer annuals. Each year the seed companies develop new varieties of these so that size and color can be selected to fit into most any area.

In the part of the garden which may be viewed from the porch, terrace or patio, white blossoms which are visible late into a summer evening will be well worth planting now.

It is not yet too late to plant the tubers of caladiums in a partly shady place and the corms of Watsonias in sunny well drained areas. The latter now come in a variety of colors, make blossoms nice for cutting or color display, and will bloom about three months after they are set out.

Lawn care for the hot summer months should consist of the following: cutting with the blade of the mower set high and letting the cut grass stay for a mulch; applying of fertilizer high in nitrogen if the grass loses its deep green color and watering thoroughly two or three times a week during dry spells.

# Cure More, Give More

The American Cancer Society has added to its slogan, "fight cancer with a checkup and a check," a new and meaningful phrase — "to cure more, give more."

It has every reason to do so. Twenty-five years ago there were only 160,000 people alive cured of cancer. Today, there are at least 1,100,000 alive and cured of cancer. And the figure is going up each year.

Twenty-five years ago, it was stated that one out of seven were being cured of cancer. Today, it is one out of three. And tomorrow, if every one had an annual health checkup, it could be one out of two.

Today, some 87,000 Americans die needlessly of cancer each year. They are lost because they did not receive early diagnosis and prompt treatment.

The American Cancer Society says that the possibility of preventing deaths from cancer are greater than for any other chronic disease and that more can be done against cancer than against any other disease.

That is why the Society developed the theme — "to cure more, give more." The public must learn what it can do to protect itself against cancer.

This requires a big and costly educational effort. Statistics show that about 40 per cent of the population of the country do not know cancer's seven danger signals—signals that may mean the difference between life and death.

Also the Society wants to step up its research program. Already a drug has been found effective against one very rare type of cancer. The Society has great hope that in the next few years much can be achieved in the field of immunology—prevention of cancer through vaccination. Until research supplies the answer, we cannot hope to save more than one out of two of those who develop cancer.

As President Kennedy's Conference on Heart Disease and Cancer said, "this is no time to sit still on research." A good way to advance research is to heed the Society's 1962 theme—"to cure more, give more."

## Political Notebook

WASHINGTON—(NEA)—President Joso Goulart of Brazil has one of the world's largest foreign embassies in Washington. He arrived here for an official visit of state.

He is coming here to build up his prestige. He wants greater stature at home and more respectability abroad. He wants to prove that he is not a figurehead president. He does not exercise the leadership which his country needs. But he is president until 1966 and both Brazil and the United States have to face that fact of living together.

When, as vice president, Goulart succeeded President Janio Quadros on the latter's resignation last August, Brazilian military leaders forced a change in the constitution. It established a parliamentary form of government with the power given to a premier,

Trancredo Neves. But for the last six months Brazil has been drifting from bad to worse.

Brazil is not exactly bankrupt, except maybe in a fiscal accounting way, for a country bigger than the United States and with vast resources can never go broke. But two-thirds of Brazil's people—not just one-third—are ill-fed, ill-clothed, ill-housed and ill-literate, meaning they have no vote.

Inflation is rampant. The Brazilian cruzeiro which was 20 to the dollar a year ago is now over 300 and headed for 400. Nothing is being done to stabilize the economy except talk. There are no credit controls, no attempt to hold down the cost of living to even a reasonable 10 to 15 per cent increase a year.

In spite of this, the Brazilian economy is growing at the rate of about 7 per cent a year—twice the U. S. rate. Many

In Brazil say inflation stimulates this growth. They like it.

The Brazilian congress which recently reconvened has before it measures for land reform, tax reform and stabilization. Few people expect anything to be done about these things, however, for this is an election year for all members of the Chamber of Deputies and two-thirds of the senators. They are soon expected to start drifting away to campaign.

This year's election is of special interest because ex-President Quadros is now reported to be a candidate for governor of Sao Paulo, the largest state, and also for the Chamber of Deputies.

If he wins both elections he would be in a position to resign the governorship—turning it over to a hand-picked candidate for lieutenant governor—go to congress, win its leadership and become premier. That would give him constitutional power and it might give Brazil a leader it needs.

Meanwhile, Brazil's future in the Alliance for Progress is the biggest enigma in the western hemisphere. By sheer size, Brazil might be expected to receive from a third to a half of the \$20 billion in alliance aid estimated for the 1960s. If the alliance does not succeed in Brazil, the whole thing falls.

But today Brazil has no central planning authority even though President Quadros decreed one just before he quit the presidency. There is no master plan which would qualify Brazil for alliance aid.

All Washington has received from Brazil is a two-page list of separate projects from states, cities and even private organizations, asking for aid totaling \$500 million.

In spite of this, the U. S. has in the past year advanced Brazil over \$350 million, over half of it in refinances past purchases. A \$50 million Food for Peace sale has just been negotiated, payable in cruzeiros.

For the coming year the big project is to make a start on aid for the poverty-stricken northeastern provinces. They do have a plan for local land reform and resettlement. But before it can be made effective there must be a vast training program for 25 million Indians and Negroes.

There is a hope that the problem created by President Goulart's brother-in-law, Gov. Leonel Brizola of Rio Grande do Sul province, who seized an International Telephone and Telegraph Co. subsidiary, can be settled before the official visit begins. But the bad taste left with congress and with the U. S. financial community by this action won't heighten Goulart's welcome.

## Astronaut Suffers Enzymes Change

DAYTON, Ohio (UPI)—Space travel, or the stresses of space travel at its present stage, caused a temporary change in the enzymes of one of the United States' astronauts, a cancer researcher said here Tuesday.

Enzymes are substances formed by living cells that produce an increase in the speed of chemical reactions in the body.

Dr. Walter Frajola of University Hospital in Columbus, Ohio, who has been doing research studies on the seven men, said that "in the astronauts we have had an opportunity to study an enzyme pattern before a stress condition... a chance to examine them before they were subjected to centrifugal forces... and then to analyze the blood after they landed."

"We did find some changes in one enzyme system. What these changes mean, I have no idea," he said.

The astronaut was not identified.

Frajola said he would meet Friday with other researchers in Washington to piece together findings of investigators working from various angles.

Five Florida girls with beautiful voices have received a total of \$1200 in scholarship awards following the 11th annual "Jeanie With the Light Brown Hair" auditions held at the Stephen Foster Memorial at White Springs.

## Now, Down to Serious Business

Editor: Read that a fellow showed up at the county commission meeting in a monkey suit to mock the proposal that funds be given the city zoo. This aroused my curiosity. Did you ask him whether he takes as much trouble to attend other meetings when no politics are involved, but when other vital concerns of the people are being discussed?

Too many of our people make monkeys out of themselves by echoing the catchwords of the disgruntled against public officials. This little bit of bedlam over Mr. Williams' proposal to spend money on one of our few family attractions is typical. The "outs" are hollering "politics" at the incumbents every time any proposal is made, especially near election time. I look forward to the day when our people will become more practical about what generally is described as politics.

Those who gain by politics alone, or primarily, seldom allow any crumbs of general public benefit to fall to us, so I'd say that if an official, candidate or not, suggests spending some of our money out where the results will be on public display, even a zoo, then we should be practical enough to be in favor of it.

Mr. Williams' zoo fund proposal gave his foes... and I don't mean his qualified county commission seat opponent... a rallying cry which they quickly grabbed and flourished about as "politics."

My opinion is that Mr. Williams is far from being a polished politician, but if his proposal was made to carry the favor of a few voters it might be an indication that he has learned since the last election that political habits aren't born, they're quarried from the fertile minds of many who have proved that even motherhood isn't sacred when the time comes to separate selfish interest from public interest.

It appears fairly normal that he might try to do something to get reelected. This has been known to happen before in the political system we live with.

Of course, the information that money would be taken from the county's indigent fund for the transfer to the zoo was a natural to bring out enough anguished tears from the political season bleeding hearts to put two inches of water in the gutters where their forums are held. This kind of junk, stunted by incomplete reports of the

## Dr. Crane's Worry Clinic

CASE L-442: Charley W., aged 48, is a barber. While I was getting a haircut recently, he began complaining about taxes. "The government is going to drive us all out of business before long," he griped. "Unless we can reverse the trend. What's the answer, Dr. Crane?"

"Charley," I began, "suppose Uncle Sam should use your taxes to rent a barber shop across the street, and compete with you every day. And let's assume you were forced to furnish all the tools, plus light and heat, and pay the wages of all the rival barbers employed. Then, if the shop was in debt at the end of each year, Uncle Sam would also make you pay the losses. "Do you think that would be fair to you, a private barber trying to finance your own shop?"

Charley snorted his "No." Yet that is why taxes are so high in America. For Uncle Sam has created 700 competing corporations, valued conservatively at over \$100 billion dollars, which are now competing with us hard-working taxpayers.

Those 700 corporations get their imposing buildings rent-free, tax-free, and with all wages furnished. Then, when they go in the red, we taxpayers must also ante up the additional funds to pay for those 700 governmental competitors.

Is that fair? Or the American way? Certainly not, and all loyal Democrats as well as Republicans know very well that Socialism is in the saddle at Washington.

For our Founding Fathers expected Uncle Sam to be simply the impartial Referee or Umpire, to supervise our free competition on the playing field.

Thus, Uncle Sam was to referee competition between factory vs. factory, or grocer vs. grocer, or doctor vs. doctor, or barber vs. barber.

377,684 civilian employes of our government. Yet we never voted for 2,377,145 of them — they are tax-eater bureaucrats.

So send for my booklet "How to Save Our Republic" enclosing a stamped return envelope, plus 20c. We taxpayers must eat down the tax-eaters.

Current world diamond production amounts to about 23 million carats, or enough to fill some 75 bushel baskets.

# 'Experts' Pick Yanks, Bums

NO 'SOPHOMORE JINX'? - By Alan Mauer

NEW YORK (UPI)—It'll be the Yankees and Dodgers in the World Series — with the Reds just a forgotten fifth-place team.

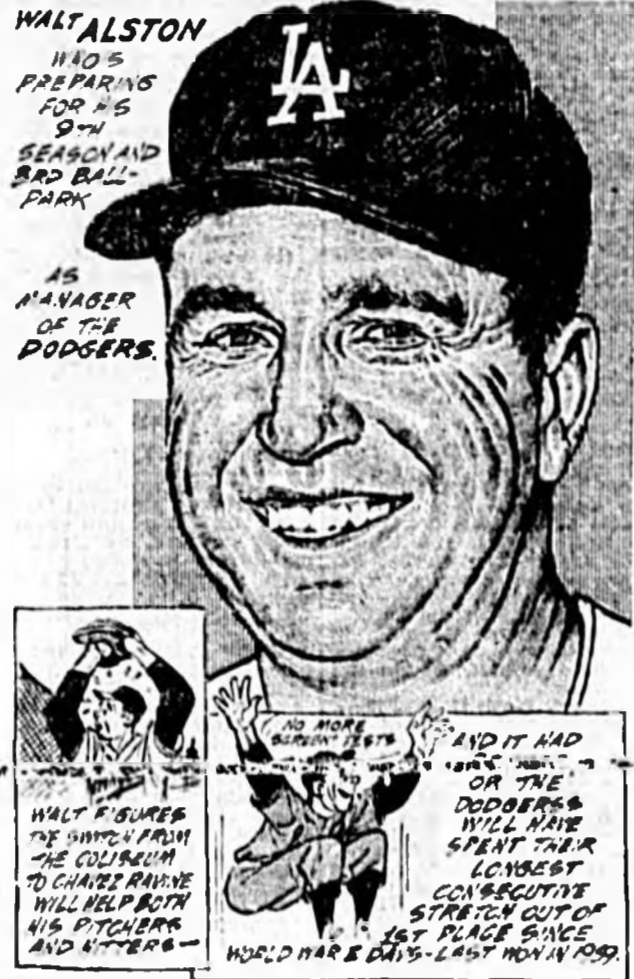

That's the forecast of the 1962 UPI Board of Baseball Experts, which is composed of 24 writers and broadcasters who have seen major league teams in spring training this spring in either the South or West. The experts add, incidentally, the Yankees will also win the World Series.

The Yankees were an overwhelming choice to win the American League pennant but no fewer than six teams received first-place votes in the National League and the Dodgers' final point-edge over the Giants was only 218 to 211. Ten points were awarded for a first-place vote, nine for a second, eight for a third and so on down to one point for a 10th-place vote.

The New York Mets, one of the 10 teams picked to finish in the expanded 10-team circuit, The Philadelphia Phillies were picked for ninth place and the Houston Colt 45s, the other new team, were picked for last.

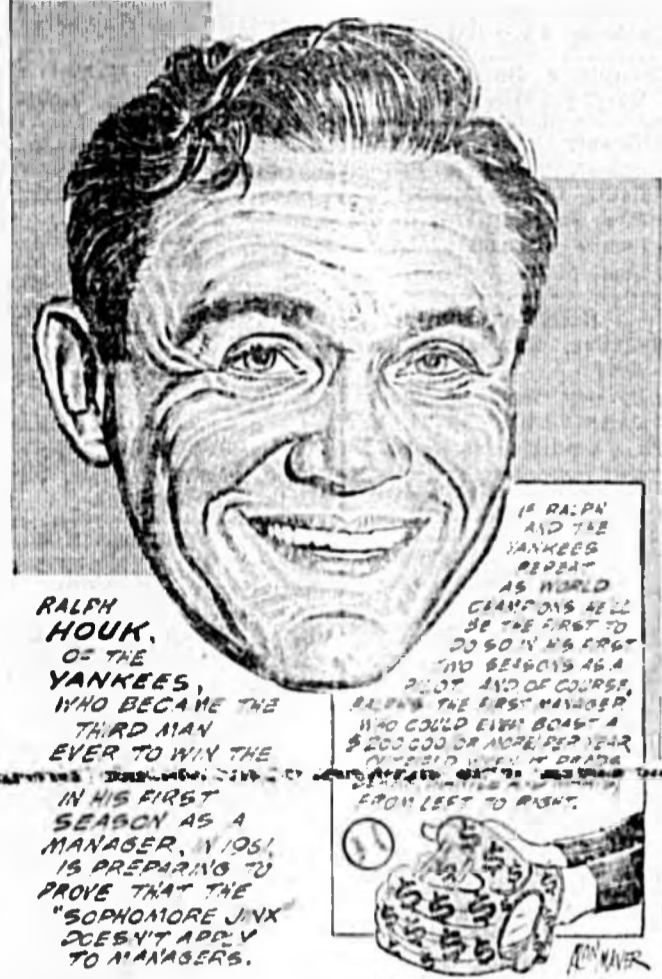

The Reds, who surprised the baseball world by winning the 1961 NL pennant, received only one first-place vote and were consigned to fifth place by the UPI experts. The defending NL champions got one second-place vote and five for third place but were rated from fourth-to-sixth in the league by the 17 other experts.

## Thinclads Wins 3rd Straight Track Meet

By Ronnie Broadway  
Herald Sports Editor

Coach Jim Piotti's Seminole Thinclads did it again! They whipped a strongly favored Florida Military School track team by one point, 62-61.

This was the third straight track victory for the Seminoles. Times are showing up better each meet and they could be on their way to an excellent season.

Don Harvey, who gave up baseball in favor of track was a big help to the Seminoles. On his first time out he came within two inches of breaking the school high jump record with a jump of 3' 8 1/4". Harvey is also a good man to have around on the short sprints, as he is very fast.

Sanford had only five first places, compared to ten for FMS, but the second and third places added up to give the Seminoles the win.

Sanford finished one, two, three in the 120 high hurdles. Huelan Grier winning in 17.3 seconds. Chip Crawford and Dave Melanio followed. Hicks of FMS won the 100 yd. dash in 10.4 seconds, with Still of FMS taking second, followed by Harvey of Sanford.

## Foodmarkettes Hold Loop Lead

The Foodmarkettes of the Midlet Food-Mart Country Club Manor League are still holding first with their 82 1/2 wins.

Holders of second for the past two weeks by 1/2 game are the Gold Bonds with their 62 wins. The Corals are holders of third place.

Clara Tintin rolled a 178 for high game. Louise Cadenhead had a 460 series for high series.

Other high games were rolled by Clara Tintin 117, Dot Johnson 166, and Louise Cadenhead 166.

## Seminole Baseballers Face Big One Friday

By Ronnie Broadway  
Herald Sports Editor

Friday afternoon will be the big one for the Sanford baseballers. They will travel to Apopka where they will meet the Blue Darters from Apopka High School. This game will decide the undupated leader in the Orange Belt Conference.

The game will get underway at 4 at the Apopka diamond. Bobby Johnson, ace of the Seminole pitching staff, will be the starting hurler for Sanford. Coach Jim McCoy says the Darters are a "tough" ball team and have a fine pitcher in the person of Dan Goolby, whom Sanford fans saw plenty of in the OBC basketball tournament. Goolby will probably do the pitching for Apopka.

The Seminole lineup will be the same except for the moving of Hooton "Amos" Bowen to right field and Tim Barrowman to third base. Steve Barnes will be back at the shortstop position. Billy Higgins will be ready to see action in any part of the field and could see some action in Friday's ball game.

Local baseball fans haven't been turning out to the road games, but more support is expected for the Apopka contest. Fans really missed a thriller last Tuesday and should try to make Friday's game.

## Best Big Men Meet Tonight

BOSTON (UPI)—A climactic 10th chapter will be written tonight in the 1961-62 saga of the two best big men in professional basketball history, Wilt Chamberlain and Bill Russell.

When the pair clash in a sold-out Boston Garden, it will mark their seventh meeting in the current playoff series and the 19th time they have clashed this season.

The Chamberlain-led Philadelphia Warriors, who originally were 4-1 underdogs, have battled the champion Boston Celtics right to the wire in the Eastern Division of the National Basketball Association.

No matter who wins, the strong Los Angeles Lakers already are waiting in the wings for their crack at the victor.

## Women's Play In Semi-Finals

SEBRING (UPI)—The 37th annual Florida Women's Amateur Golf Championship went into the semi-finals today minus the defending champion and the medalist.

Maureen Crum of Plant City was to play Mrs. Fayette Lee of Coral Gables, and Marcia McLachlan of St. Petersburg was matched with Mrs. Nancy Ruth of Miami.

Miss Crum eliminated the defending champion, Mrs. Hugh Culverhouse of Jacksonville, 3 and 2 Wednesday, while Miss McLachlan downed the medalist, Phyllis (Tish) Prues of Pompano Beach, 2-up.

Mrs. Lee, the runner-up last year, went to the semi-finals with a 6 and 5 defeat over Mary Ann Lopez of Lakeland. Mrs. Ruth won Wednesday over Mrs. Ann Harry of Palm Beach, 2-up.

**Enters Open**  
MEMPHIS, Tenn. (UPI) — Arnold Palmer, leading money winner on the pro golf circuit, plans to compete in the Memphis Open, May 21-June 8. Palmer missed last year's event after a dispute over tournament scheduling.
