## Around THE CLOCK

### Local Ballet Honored

By JOHN A. SPOLSKI  
I don't know whether I relayed this to you before or not . . . concerns the hijacking and how the Seminoles took care of their lone incident . . . In case you missed the whole point . . . lone incident . . . it only happened once. And they haven't had another attempt since then . . . about three or four years ago. They caught the hijacker on the plane . . . provided him with a level (which was placed around his shoulders) and proceeded to decapitate him. There were plenty of photos (as revolving as this way sound) in the papers the next day . . . but, like I've already said — they don't have that problem No More!

# Peaceniks, Cops Clash

## Washington Vehicular Traffic Snarled

By LEE BYRD  
Associated Press Writer  
WASHINGTON (AP) — Thousands of anti-war demonstrators trying to paralyze the nation's government clashed repeatedly with police and snarled rush-hour traffic on some city streets today. But a strong show of federal troops kept demonstrators from snarling major bridges into the capital. Three hours after sunrise, more than 2,000 protesters had been arrested by flying squads of policemen wielding billy clubs and firing volley after volley of tear gas. National Guardsmen were deployed to aid police, and helicopters filled with about 200 Marines landed on the Washington Monument grounds. Demonstrators appeared to have been thwarted in two of their major objectives—blocking four Potomac River bridges and marching on the Pentagon. But the protesters tied up traffic in the Georgetown and downtown areas by hurling debris—and in some cases themselves—onto the streets in dozens of locations. Some vehicles were overturned and others set afire. The demonstrators were almost all young men. However, there was a considerable sprinkling of young women. The "Mayday" demonstration had been billed in advance as a massive show of nonviolent civil disobedience, but even before

PAMELA SUE LAB

## 'Miss Seminole' Pamela Lab Top Beauty

By ANN SIECZKOWSKI  
Miss Pamela Sue Lab, sponsored by Mayfair County Club, is the new "Miss Seminole County." She is 19 years old and lives in Winter Park — is well acquainted with winning, as she was "Miss Orlando" in 1969. She is a statuesque 5'7", weighs 115 and measures 35-23-35. She is a green-eyed beauty with light brown hair. The daughter of Carl P. Lab, she wishes to become a dance teacher. She is an accomplished ballerina herself and exhibited her talent in this field for the competition. If you could give a party and invite people, who would you invite and why? In answering the question put to her as part of the program, she replied, "I would invite the people most important to me in my life, my father, my brother and my mother if she were living." It was refreshing and encouraging to hear most of the girls and the mistress of ceremonies, the former Miss Georgia, Burma Davis Stapp, repeatedly refer to the parents and to their influence on their respective lives. The second runner-up was Miss Jilna Maria Meyer, of Maitland, and the first runner up was Teresta Antony, a senior at Lyman High School. "Miss Congeniality" is Andrea Cook. The Sanford Seminole Jaycees and the Jayceettes sponsored the event at the Sanford Civic Center Saturday night. "Miss Georgia" of 1969, Burma Davis Stapp, served as mistress of ceremony. She kept the pace lively, with her sparkling commentary on the pageant activities from the local to the national level. She repeatedly urged all present to support the local winner by invitations to appear and to encourage her by attending the "Miss Florida" pageant in July. The Seminole High School band opened the program with the National Anthem and the nine contestants performed a flag drill. The theme of the pageant was "This is America." During intermission, Emanuel Leuster, a nine-year-old fourth grader from Goldsboro Elementary School, entertained. He accompanied himself on the piano and sang "God Bless America." The entire house arose to a standing ovation for that talented young man. Profits from the event will go to the Sanford Seminole Jaycee scholarship fund.

## Girl, 17, Ravished By Masked Man In Own Home

By BILL SCOTT  
Employing the same mode of operation used in a recent Sanford assault incident, a slim masked intruder early Sunday night raped a 17-year-old girl while her mother and younger sister lay bound in a separate bedroom. A similar incident occurred March 8 when a stocky man ravished a 17-year-old girl after holding her father, mother and other family members. However, a man was arrested and charged with the earlier action and has since been extradited to Massachusetts to face armed robbery charges. In the latest assault, a man described as hardfoot, slim, weighing about 140 pounds, brown-haired and wearing Levi pants, apparently entered through an unlocked door and awoke the victim's mother. Holding a gun pointed at her head, the intruder asked for money to buy a bus ticket. Det. Sgt. Roy Williams, in his report, stated the woman offered him money from her purse, then she offered to write him a check and finally her car keys, all of which he would not accept. At this point, the mother asked if he could awaken a 12-year-old daughter and bring her into the bedroom with her. The stocking masked and gloved man agreed and the girl

## Airport Utilities Pact May Win U. S. OK

The City of Sanford may be allowed by the Federal Aviation Administration (FAA) to lease the Sanford Airport's electric and telephone lines on a 20-year arrangement to private utility companies, with the proceeds derived to be put back into improvements to the airport's sewage treatment system. This was confirmed today by Sanford City Manager W. E. Knowles, who said the long bottleneck over the airport's utility problems with the FAA may have been resolved after a telephone conversation between the city manager and FAA officials in Atlanta and Washington. The city manager proposes to lease the airport's utilities to Southern Bell for \$18,000 and Florida Light and Power for \$20,000 over 20 years with one-third down and 19 equal payments for the remainder.

## Improvements Needed

Payments are to be used to make needed improvements to the airport's sewer system by linking it to the city sewer lines. At present the airport waste is being dumped into an open ditch at the airport. If the proposed lease is approved by the FAA, the private companies will be charged with operating, maintaining and replacing worn equipment during the 20 years. Knowles said he had discussed the proposal with both utility firms and they have indicated they will approve it. "Now, it's up to the FAA and I think there is a good possibility for approval," the city manager added.

## Three Plead 'No Contest' To Charges

Three men charged with drug violations withdrew a former guilty plea and pleaded "nolo contendere" (no contest) to a misdemeanor before Circuit Court Judge Tom Waddell this morning. Ronald A. Matlock, Julius Anthony Byrd and Zane Edward Clark were informed by the court they could be sentenced to six months in jail or fined \$500 on their original plea. Each told the court he did not believe he was guilty as charged. Judge Waddell accepted the no-contest plea to a misdemeanor and ordered a pre-sentence investigation. They were remanded to the custody of the sheriff in lieu of \$2,500 bond each.

shoulder and holding rifles with sheathed bayonets. During a normal rush hour, the bridges carry 75,000 cars. Traffic on the bridges was stopped at times, but generally it was about like any other Monday morning flow of suburban commuters heading for jobs in the city. Hundreds of the commuters were caught in clouds of tear gas fired by police to disperse demonstrators in Georgetown. (Cont. On Page 1A, Col. 5)

## Bulletin

MIAMI—AP—Nine key executives have resigned from GAC Properties, Inc. amid a major personnel shakeup in the giant corporation. Three replacements were pointed today and "the others will be replaced in one way or another," Ed Wren, newly-appointed vice president in charge of public relations, said. Wren refused to disclose the reasons for the resignations but said all were officials in the marketing and sales operations division of GAC. The corporation, with an annual volume of \$2 billion, moved to Miami from Pennsylvania about a year ago and a new breed of executives was hired.

# Viet Base Is Hit In Heavy Shelling

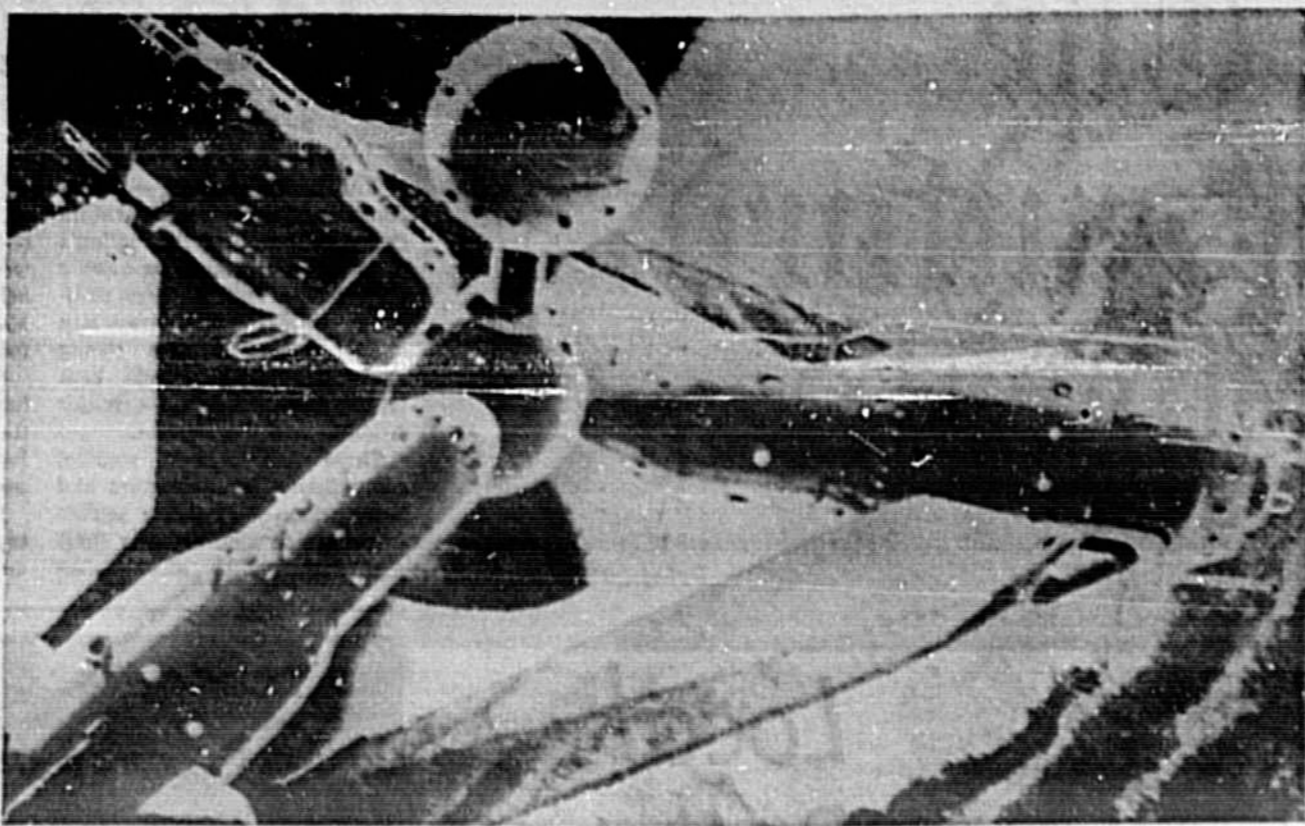

By GEORGE ESPER  
Associated Press Writer

SAIGON (AP) — North Vietnamese troops made a new shelling attack today on a South Vietnamese military district headquarters south of Da Nang despite heavy losses there Sunday.  
For an hour before dawn the enemy gunners fired 80 mortar and recoilless rifle shells into the Da Loc headquarters 15 miles southwest of Da Nang. A communiqué said one house was damaged and there were no casualties.  
Just 24 hours before, North

Vietnamese forces made a ground assault under the cover of darkness against the headquarters. The infantry attack was preceded by a shelling.  
Saigon headquarters said the North Vietnamese were repulsed with the help of U.S. airstrikes, and 92 of the enemy were killed and two were captured. The South Vietnamese militiamen defending the headquarters reported capturing 23 rifles and 12 heavy weapons.  
Field reports said 15 militiamen were killed and 53 were wounded.  
Two other actions were reported in the same region.

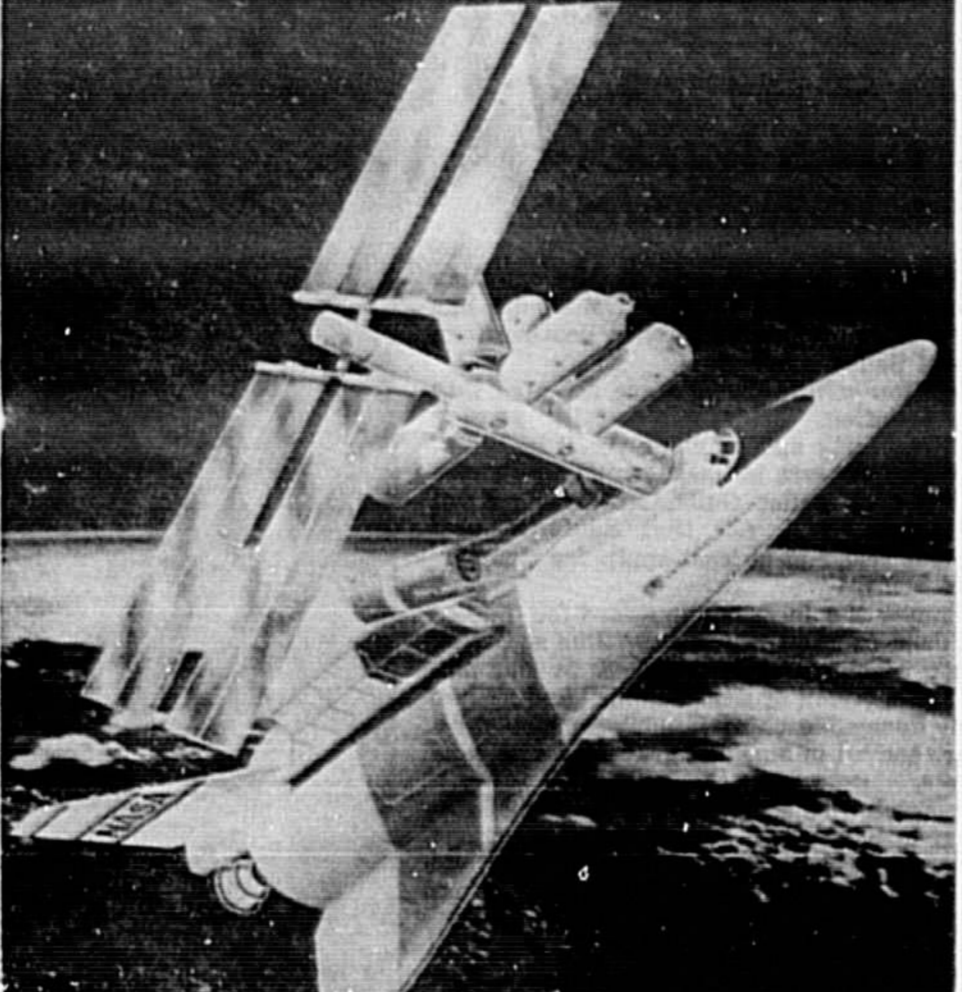

Five rockets were fired into an artillery base of the U.S. Americal Division four miles southeast of Da Loc. The U.S. Command said some Americans were wounded, but none were killed.  
In the air war, a U.S. Air Force F105 jet made the 32nd "protective reaction" strike inside North Vietnam this year, attacking an anti-aircraft missile site 80 miles above the demilitarized zone before it could fire. The U.S. Command said the SAM battery was threatening U.S. planes bombing the Ho Chi Minh trail across the border in Laos. Results of the attack were not known, a spokesman said.

series of clashes along the central coast and captured 15 enemy troops. Five Koreans were reported killed and seven wounded.

## Space Station

A manned structure in permanent orbit around the earth, long discussed by space scientists as a practical possibility, may be rapidly approaching realization. The Soviet launchings of a reportedly huge unmanned craft and a three-man capsule for a subsequent rendezvous were seen as steps in this direction. An orbiting station along with a space shuttle to service it are major American projects to follow the series of similarities. The Soviet version, above, consists of tubular segments linked to a central core. The American concept, left, shows docked with the same lines.

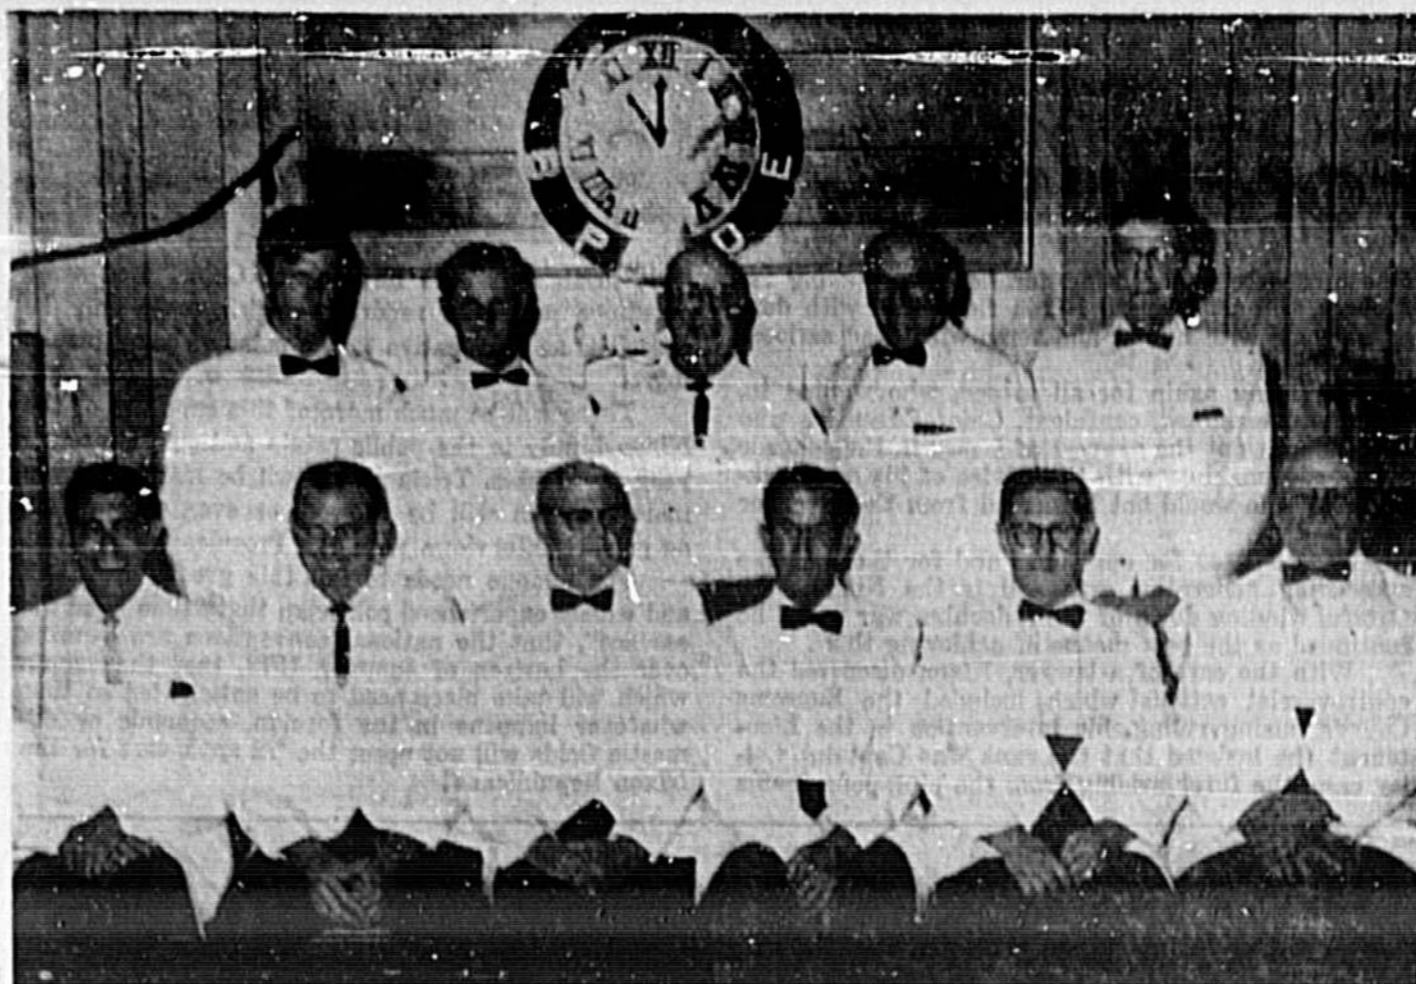

## Girl Quizzed In Bombing Capitol Probe In 4th Day

SEATTLE, Wash. (AP) — Leslie Bacon today for a fourth day of questioning before a federal grand jury apparently investigating the possibility that the March 1 bombing of the U.S. Capitol was planned in Seattle.  
Government attorneys have refused to indicate why the investigation is being carried on here, but they said after an unusual grand jury session Sunday they were content with the case.  
Miss Bacon's attorneys, Jeffrey Steinborn of Seattle, and Michael Fayad of Washington, D.C., have maintained consistently that Miss Bacon knows nothing of the bombing and knows no one connected with it.  
They said Miss Bacon had been living in a commune in Washington and has only been in Seattle once before, a half-

hour visit while hitchhiking through town.  
Miss Bacon, 19, of Atherton, Calif., has been held since last week on \$100,000 bond as a material witness in the case. She was brought here last Thursday under a subpoena issued by U.S. District Court in Seattle.  
Fayad and Steinborn said after Sunday's session that the government had established for the first time a "clear connection" between the bombing and the grand jury probe here, but they said the connection seemed to be based on misinformation.  
"The government got today to what they told us was the meat of the case," Fayad told newsmen. "We saw some meat, but it seems to be misinformation."  
He said the Seattle connection apparently was "something dealing with meetings of

cerned constitutional rights. It was the first time the lawyers said their client had refused to answer questions.  
As she has each day since Friday, Miss Bacon left the room where the secret probe is being conducted after each question put to her. After consulting with her attorneys, she returned to give the grand jury her reply.  
Her parents, Mr. and Mrs. John W. Bacon, were at the courthouse again Sunday. Bacon, a lumberyard owner, said his daughter was "getting tired and exasperated with the apparently senseless questions asked over and over—like her age."  
Steinborn said the detention of Miss Bacon appeared part of a government plot to crush or discredit planned May Day antiwar demonstrations in the nation's capital.

NEWLY INSTALLED officers of the Sanford Elks Lodge include (left to right, front row) George Kenis, Chester Johnson, Morris Pierce, Delbert Cross, George Yeager, L. M. Phillips; back row, Tommy Tindall, Carlton Permitt, Joe Gentile, Frank Holmes, and Wade Snyder.

## 'Weird,' Reporter Says Newshen Reads Own 'Obit'

PHNOM PENH (UPI)—Catherine M. "Kate" Webb rested in front of the swimming pool at the Hotel Royal today and chuckled over a sheaf of her obituaries.  
"It's weird reading these things, really weird," she said. Miss Webb, 28, New Zealand-born chief of the United Press International bureau in Phnom Penh, was released by the Viet Cong about 40 miles southwest of the Cambodian capital before dawn Saturday after 23 days in Communist captivity.  
She had been believed dead for about 10 days prior to her release because two Cambodian officers had reported finding

## Deaths In The Area

REV. CLARENCE LOVE — Funeral services for Rev. Clarence Love, 49, of 3300 Joy Ann Street, Orlando, who died Friday in Orlando, were held Sunday afternoon at 2 p.m. at the Caselberry Baptist Church, of which he was founding pastor.  
Born in Donaldville, Ga., he came here five years ago from Milton, Fla. He was retired U.S. Navy Chief and was a Korean War veteran.  
He is survived by his wife, Avis Love; daughter, Mrs. Linda Robinson, Virginia Beach, Va.; brother, Arthur Love, Bainbridge, Ga.; Luther Love, Tampa; Robert L. Love, Virginia Beach, Va.; Edward W. Love, Albany, Ga.; George Hart, Tampa; sisters Mrs. Jewell Catriona, New York, N.Y.; Mrs. Johnnie Gilbeard, Tampa; stepmother, Mrs. C. J. Wilson, Tampa; a grandchild.  
Burial will be in Colquitt, Ga. Seminole Funeral Home is in charge of arrangements.

ELIZABETH HARKEY — Mrs. Elizabeth E. Harkey, 68, 2416 S. Elm Avenue, died Sunday at 3:30 a.m. today at her home. Born in Karnac, Tex., she had lived in Sanford for the past 47 years.  
She was a member of First United Methodist Church.  
Survivors include a son, N. A. Harkey Jr., Sanford; and three grandchildren.  
Funeral services for Mrs. Harkey will be held at 2 p.m. today at 1:30 p.m. Tuesday at Brison Funeral Home with Rev. Julius C. Beyer officiating. Burial in Oaklawn Memorial Park. Brison Funeral Home in charge.

MRS. ENMELINE THURSTON — Mrs. Emmeline M. Thurston, 70, of 213 Greenwood Drive, Sanford, died at Seminole Memorial Hospital, Sunday afternoon. Born in Jersey City, N.J., she had lived in Sanford for the past 50 years. She was a member of Lutheran Church of the Redeemer and American Legion Auxiliary. She was a Gold Star Mother.  
She is survived by her son, Herbert Thurston, Palm Springs; daughter, Mrs. Emmeline Best, Sanford; three grand-children, and three great-grandchildren.  
Burial will be in Colquitt, Ga. Brison Funeral Home is in charge of arrangements.

FUNERAL NOTICES — HARKEY, MRS. ELIZABETH E. — Funeral services for Mrs. Elizabeth E. Harkey, 68, of 2416 S. Elm Ave., Sanford, who died today at her home will be held at 2 p.m. Tuesday at Brison Funeral Home with Rev. Julius C. Beyer officiating. Burial in Oaklawn Memorial Park. Brison Funeral Home in charge.

THURSTON, MRS. ENMELINE M. — Funeral services for Mrs. Emmeline M. Thurston, 70, of 213 Greenwood Dr., Sanford, who died Sunday at Seminole Memorial Hospital will be held at 2 p.m. Tuesday at Brison Funeral Home with Rev. Julius C. Beyer officiating. Burial will be in Oaklawn Memorial Park. In lieu of flowers make contributions to Cancer Fund. Brison Funeral Home in charge of arrangements.

## Peaceniks, Police Clash; Washington Traffic Tied

Continued From Page 1  
other government leaders, a dozen men dressed in civilian clothes rushed to the aid of a policeman who had been tackled by a hasty demonstrator. Dozens of demonstrators and police were injured in the clash.  
At Mayday quarters, the demonstrator's planners were guarded in their appraisal of the events. "We had an awful lot of opposition today," said Carol Martin of the Mayday press office.  
"Police pretty well anticipated everything, but it was still fairly successful."

## Sinkholes Here Again

By JANE CSELLEBERRY  
It is sinkhole season again in South Seminole. A very undesirable side effect of the present drought situation, sinkholes cropped up over the weekend in Caselberry caving in a street and threatening a home belonging to the James H. Purvis family at 220 Ball Park Road.  
The Caselberry Volunteer Fire Department barricaded Ball Park Road a short unpaved street between Normandy Road and Summerton Road. Sunday morning after the sinkhole began to develop. Another sinkhole was discovered forming in the front yard of the Purvis home Sunday morning and the family was later requested by Fire Chief Herman Joyce to evacuate for the night as a precaution.  
Sinkholes have plagued the area for the past several years. The site of yesterday's incident was about a block and a half of a Fern Drive residence which was threatened last year. After the Seminole Turf Club opening last year the paddock area partially caved in and a few years ago several homes were threatened in the Prairie Lake area when sinkholes developed in their yards.  
Geologists report that sinkholes are caused when the underground water level drops causing the aquifer to crumble. Two factors are the usual drought and increased use of water caused by growth of the area's population.

SINKHOLE, which developed in Ball Park Road Caselberry, at the end of Normandy Road, was about 25 feet across when this picture was taken at 9:30 a.m., Sunday. Another sinkhole formed in the yard (seen in background) of the nearby home of James H. Purvis family. (Jane Caselberry Photo)

JAMES Wilson Jackson, 20-year-old ward of a Lake County deputy, drowned Saturday afternoon in the St. Johns River near a public boat camp adjacent to Crowe's Fish Camp off SR 45 east Jackson, with Deputy Christian W. Taylor of Umatilla. had just unloaded a boat at the ramp, when it began to drift out into the water. Seeking to get the craft, Jackson jumped into the water, tried to turn back, then panicked and went under. A dragging operation by Seminole County authorities located the body later that afternoon. Deputy William Hogan, Sgt. William Robins and Capt. J. Q. (Slim) Galloway are shown during dragging operations and later being assisted in removing the body to shore. (Gary Taylor Photos)

### For SST Advancements Boeing Seeks U. S. \$\$\$

By VERN HAUGLAND  
AP Aviation Writer

WASHINGTON (AP)— Builders of the defunct supersonic transport plane are asking the federal government to provide \$15 million to \$20 million to complete work on technological advancements made during SST research.

A team from the Seattle-based Boeing Co. is in Washington attempting to convince congressmen and key federal officials the advancements are too important to let die.

The Boeing General Electric program to build two test models of the 1,800-mile-an-hour airplane lurched to a stop March 24 when the Senate voted to deny further development funds.

Walter C. Swan, Boeing's chief ST engineer, and William H. Cook, technical director of the firm's commercial airplane group, are leading the lobbying attempt.

"In the last 30 days, we have taken a task team and gone through the program to find out what was accomplished with \$1 billion in the taxpayer's money," Swan said.

"We found over 100 areas in which advances were being made, and screened those that were absolutely urgent and came up with 10 major technological developments—items in major use in other places."  
"The other 90 are of the types that can be carried out in normal processing," he said.

"but the top 10 are those about which there can be no question that America ought to keep the technology that has become available."  
Swan said results of the developments, which would be turned over to the government and to industry generally, would provide valuable technology in military and civilian aircraft and spacecraft.  
Boeing already has released 60 per cent of its SST staff. The salvage effort would allow retention of about 500 of the present 1,400 to 1,500 persons who were transferred to other Boeing commercial transport programs.

## Local Office Plans New Motel Idea

By BILL SCOTT  
A new concept in family motels is being planned for Orange County just five miles from the entrance to Walt Disney World, and a mile east of SR 27 on SR 102.  
The name of the just-chartered corporation is Harbour Inns of America Inc., and according to one of the shareholders would provide valuable technology in military and civilian aircraft and spacecraft.  
Boeing already has released 60 per cent of its SST staff. The salvage effort would allow retention of about 500 of the present 1,400 to 1,500 persons who were transferred to other Boeing commercial transport programs.

## Mayor Kalinoski Lauds VFW Post

LONGWOOD — Mayor Robert E. Kalinoski, Councilman Sandra Thompson and Eugene Jacques, and Police Chief Andrew Stewart were high in their praise of members of VFW Post 8207 Saturday morning during dedication ceremonies of a new flag and pole at the city's cemetery.  
In accepting the gifts, Mayor Kalinoski said, "This is a most commendable gesture on the part of the VFW. I not only express the gratitude of my office, but also the appreciation of the citizens of Longwood to the VFW for their civic interests."  
Both Councilman Thompson and Jacques added words of appreciation. Chief Stewart commended post members for their action.  
Also cited during the ceremonies was Charles Boyne who designed and fashioned the 38 foot steel pole. A member of the local post, he donated the pole to the organization. He is owner of the Longwood Ornamental Iron Works.

## Bayh Opens Hearings

By JOHN CHADWICK  
 Associated Press Writer  
 WASHINGTON (AP) — Sen. Birch Bayh opened hearings today on conditions in juvenile correctional institutions with a charge that many youths "are beaten, brutalized and exposed to vicious sexual attacks."

The Indiana Democrat, chairman of the Senate juvenile delinquency subcommittee, added in his prepared statement that little, if any, rehabilitation takes place in detention and correctional facilities. Two of the first witnesses denounced the juvenile justice system in El Paso, Tex., and conditions in the county juvenile detention home there. Steven Bercu of the El Paso Legal Assistance Society said it is difficult to imagine any place "where juveniles are so routinely abused."

## Civil Jury Trials Fitzgerald Is Acquitted

By MARION BETHA  
 Civil jury trials began this morning before Circuit Judge Dominick Saffi in courtroom B. First upon the docket is the case of William Browder versus Edward Fitzgerald, which is estimated to last for three days. Fitzgerald received a directed verdict of acquittal by Judge William Kridge on November 2, 1970 on manslaughter charges in the death of Browder's teen age son. The youth was struck at 25th Street on the evening of Jan. 16, 1970, as he was assisting his father in changing a flat tire. Fitzgerald was allegedly intoxicated at the time of the accident. However, at the trial defense attorney Gordon Frederick contended that the blood samples of Fitzgerald's blood could not positively be identified by Deputy Sheriff Shirley Causey, and that since a physician's testimony was predicated upon the blood samples the entire case rested upon such. Judge Kridge said that the state had not proven beyond a reasonable doubt that the blood samples were the same as those tested for alcoholic content, and denied the exhibit striking the testimony of Dr. Wade Houston and Dr. Thomas Heger. Judge Kridge told the jury that the case was based upon the contention that Fitzgerald was intoxicated at the time of the accident, and that since the above evidence was ruled inadmissible the state had not proven its case of vehicular manslaughter. Also docketed for trial is the suit of Harry Skop, publisher of a weekly shopper, against Don Rathel, consultant for Page Airways. The suit, filed on Jan. 6, 1970, asks damages in excess of \$30,000, in an alleged beating inflicted upon the plaintiff by Rathel. Skop alleges, in the suit, that "on or about Nov. 20, 1969, in the Trophy Lounge, Rathel first made an uncompromising remark to a companion at the bar, and then knocked him (Skop) off his chair and beat him until restrained by other patrons of the establishment. Prosecuting the case is Orlando attorney Sam Murrell, Attorney for the defendant is William Hutchison. The trial is also estimated to consume three days.

## Junior Women's Club Hosts Spring Membership Coffee

MARGARET SUBER, incoming president and Gayle Oliver, new treasurer-elect, welcome Eve Caltrone to the club and bid a fond farewell to Charmer Leone who is moving to Cocoa Beach in June.

PRESIDENT AND COFFEE HOSTESS Jan Vihlen offers fresh fruit to Mrs. Mosha Kusho, Mrs. Frederick Gaines, prospective member and to Mrs. Doshya Brown, sponsor to the group.

By ANN SIECKOWSKI  
 The lovely East Crystal View home of Mrs. Sidney Vihlen Jr., president of the Junior Women's Club of Sanford, was the scene of their second annual membership coffee.

DOROTHY WILLIAMSON, co-hostess of membership coffee, serves Karlene Perce, prospective member, Bess Edwards, vice president-elect, and Janice Gregory, new member. (Ann Sieckowski Photos)

Dorothy Ann Williamson, perfectly gorgeous flowers of this spring season were present in every room for the guest to enjoy as they mingled together with new and prospective members. These attractive young women of the Juniors who are grooming themselves to be the women leaders of tomorrow, were wearing the latest in fashions in pastels, many of which were made by the members themselves; and there were mini-skirts designed for the young and so lovely. These gals obviously are not impressed with the mild and maximal look, "cause not one was in sight. All the little 'goodies' for this coffee were made by the girls who are all young home makers. There was banana bread, by Margaret Suber, the recently elected president of the Juniors and coffee cake, melon balls and fresh strawberries with the most delicious fruit dip. Punch was served from a cut crystal bowl in one end of the reception area, and a beautiful sterling coffee service in another area, with Dorothy Ann Williamson and Julie Hall presiding over these two services. Membership is growing by leaps and bounds in this young club and if the ideas being exchanged during the visiting period of this coffee are any indications of "what's happening to morrow with the Juniors", then a very exciting year is about to begin.

## Dual Celebration Observed At Anniversary Open House

By CECILIA FARMER  
 Southern Bell employees entertained at an Open House anniversary celebration for two to 5 p. m. at the home of Mr. and Mrs. Frank Kish, 601 Briarcliff Ave. Honor guests were Mr. and Mrs. Ernest Bicknell, who were celebrating their 35th anniversary, and Mr. and Mrs. Ralph Kelly, celebrating their 29th anniversary. Co-hostesses with Mrs. Kish were Mrs. O. G. Owen and serving as floating hostesses were Mrs. Thelma F. Taylor, chief operator and Mrs. Viola L. Lawpe, group chief operator. Mrs. Victor Levitt was chairman of the gifts committee and the operators presented the Kishs with a two-branched ceramic candelabrum and the Bicknells with an antique pedestal type candelabrum as anniversary gifts. They also presented white carnation corsages to the two women honorees to complement their ensembles. Mrs. Bicknell wore a green and white double knit A-line dress with white accessories and Mrs. Kelly chose a black creme puff princess dress with silver accessories. Hostesses Mrs. Kish wore a pink and green print dress and Mrs. Owen chose a white linen A-line with red trim. The party area of the lovely Kish home was decorated with several floral arrangements. Calla lilies, snapdragons and fern in an antique jardiniere was on the coffee table and adorning an end table was a ceramic bowl filled with purple statice and fern. Other arrangements including several of yellow and white snapdragons and greenery were placed at vantage points. The refreshment table was overlaid with a white linen cloth and in the center was an unusually large crystal punch bowl in a matching tray, surrounded with fern interspersed with sprigs of baby's breath. Served with the fruit punch were assorted open faced party sandwiches and cake. The large cake with white icing was decorated with white roses, silver leaves and the inscription (in green) Happy anniversary 29 years Glenn and Ernest and 29 years July and Ralph. Lovely favors in the shape of tiny diplomas tied with blue ribbon and silver wedding rings were presented to each guest. The inscription inside the favors

## BPW Clubwomen Hear Hypnotist At Meeting

The dinner-program meeting for the Sanford BPW Club was held at the Trophy Lounge, April 7. A buffet dinner was enjoyed by all the members and their guests. A very informative talk was given by E. D. Wesley, hypnotist. He pointed out that this type practice is not supernatural or a cult practice. It was also noted that a person can not be controlled while under hypnosis. A person will not do anything that he or she would not do if he or she was awake, unless it was their desire to do so. Hypnotism has helped and hindered a number of persons with different forms of illness, of course, with the consent of the person's family physician. Mr. Wesley put the members in a light trance which was very hard to believe, as many felt that they could not be hypnotized. Those attending were Margaret Gana, Kathy Dunn, Jennie Brison, Anrolyn Truss, Margaret Graham, Bess Cooper, Nora Gordon and guest, Sylvia Richards, Karen Westmark, and guest, June Foley and guest Jill, her youngest daughter, and Penny Feback and guest, Debbie Feback.

Look what we're having for dinner for a change!

Something Mother will be very proud you were sharp enough to buy at this price—a 45 piece set of real china. And, where, but Zales, could you have found it in a choice of the latest patterns, the lustrous styling that Mother loves? Nowhere.

### IT'S PASS IT ON

by L.M. Boyd

PRETTIEST WOMEN in the country now marry advertising men. They used to marry engineers. Five years ago, you see, they knew who the change. But an advanced student of the matter insists it's so. Before engineers the prettiest women married doctors, before doctors, military officers, particularly Army. And before officers, they married salesmen. But that was way back.

CRIME STATISTICIANS say Tokyo has relinquished its title as the pickpocket capital of the world. To South America's Bogota. When there, if ever, look out. AS TO THESE FIVE WORDS in the English language that end in "ous," they're tremendous, stupendous, horrendous, hazardous, and, still can't remember the last one, nuts! DID I TELL YOU 22 per cent of the world's books are printed in English? And 17 per cent are printed in Russian?

APPROXIMATELY one out of every 100 citizens gets no dental cavities. It's not the saliva that's the problem. It's something in the saliva that fights bacteria. A germicide. What the medical boys are trying to put together now, naturally enough, is a pill to make us all so antiseptic. They expect to, too.

CUSTOMER SERVICE. Q "I'd say far more women than men are compulsive eaters, right?" A Only because they're home more, say the experts. Closer to the refrigerator. Q "Know Joe Louis boxed a lot of exhibition matches. He was the Armed Forces, but when that, how many official bouts did he fight? And win? By knockouts?" A Official fights, 71. Wins, 68. With 34 knockouts. Might mention 24 of those knockouts came in either the first or second rounds. Q "At what age can most youngsters be toilet trained?" A Girls, age 2. Boys, age 3. Those are the unfortunate facts, gentlemen.

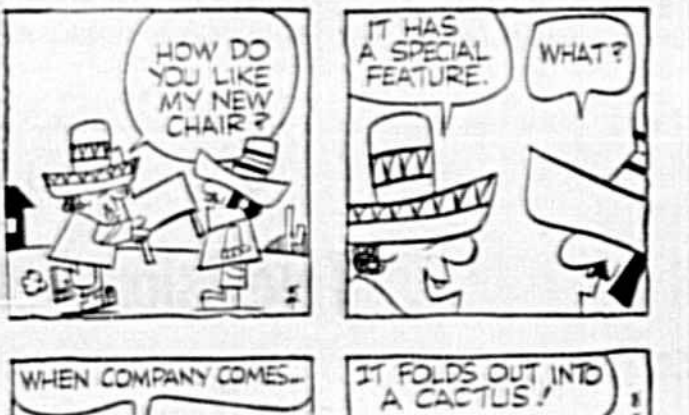

A SOCIOLOGIST told me this week the ladyfriend and I are odd birds. Because we eat breakfast together, lunch together, and dinner together, except rarely. He said not one American couple in 100,000 does likewise anymore. Interesting. Didn't realize that. ON ANY GIVEN DAY, just about half the prisoners in local jails are not there because they've been convicted of something. Most are waiting for trials. Some are waiting to be charged. Others are waiting to be questioned, turned loose, or shipped out.

ALREADY TOLD you the brother of Samuel Colt, who invented the revolver, once killed a man with a hatchet. At his trial, Sam was called to testify on his brother's behalf. Numerous newsmen were at hand. So Sam took that opportunity on the witness stand to describe in great detail his own marvelous new handgun. Quite a piece of promotion! That was the beginning of the Colt .45 fame, Sam's speech left no doubt whatsoever about the superiority of the pistol over the hatchet. Oh, Sam, you wouldn't! He did.

Your questions and comments are welcomed and will be used in PASS IT ON, wherever possible. Please address your letters to L. M. Boyd, P. O. Box 17076, Fort Worth, Tex. 76102.

## Nixon Returns From W. Coast

By NORMAN KEMPSTER  
 SAN CLEMENTE, Calif. (UPI)—President Nixon today wound up a highly visible weekend in California, clearly intended to contrast with demonstrations in Washington against his Vietnam policies.

The President was to arrive back in the capital after dark tonight, missing efforts by antiwar militants to disrupt the government by blocking commuter traffic into Washington.

In four days on the West Coast, Nixon welcomed the First Marine Division home from Vietnam, held an outdoor news conference and delivered a radio address on agriculture.

Nixon taped the speech at a private desert oasis near Palm Springs owned by Walter K. Annenberg, U.S. Ambassador to Great Britain.

The President spent 24 hours at the Annenberg estate, playing two rounds of golf on its private links before returning by helicopter to his oceanside villa Sunday afternoon.

Aides said Nixon's speech on agriculture was the first of a planned series of statements on the problems of various segments of the society.

He concentrated on the positive while ignoring controversies, such as his government's reorganization plan which would abolish the Department of Agriculture as a separate cabinet agency; his rural revenue sharing proposals; and efforts by some farm workers

AS I See It!  
 by Gary Taylor

As you read this column, I'm somewhere on the road to Panama City for the state junior college baseball tournament. The SJC Raiders will practice this afternoon in Tallahassee and spend the night there. Then tomorrow morning we'll all get up bright and early and head into Panama City. The first game will be Wednesday at 12:30 p.m. against Breard.

The Raiders left today for Panama City and the state tournament. The Raiders will practice in Tallahassee tonight and in Panama City tomorrow.

The Raiders are slated for 12:30 p.m. (Central Time) Wednesday, when they tangle with Breard. The tournament is a double-elimination event, with eight teams fighting for the state crown.

The first three innings were scoreless Friday. But then the FLC Stars went ahead 1-0 in the fourth on a solo home run.

Maybe things are on the upswing for the Raiders and coach Jay Bergman. Friday saw the Raiders win the 14-inning game and Bergman found a credit card that had been missing for weeks.

Bergman spoiled his own good luck streak when he left his shoes in Palatka. I don't know the outcome of that adventure, but we might have the only barefoot coach at the state tournament.

## After 14-Inning Marathon Game Raiders Clinch Division II Crown

By GARY TAYLOR  
 Herald Sports Editor  
 PALATKA — The Division II crown, which was so elusive last year, has finally been nailed down by the Seminole Junior College baseball team.

But don't think they didn't have to work for it. The Raiders went 14 innings Friday before they could defeat Florida Junior College 10-4 in a playoff game staged in Palatka.

The Raiders left today for Panama City and the state tournament. The Raiders will practice in Tallahassee tonight and in Panama City tomorrow.

## Valencia Is Stopped In Final Home Tilt

JOE TURNBULL (left) and Chip Gierke admire the Division II championship trophy the SJC Raiders won by defeating Florida Junior College 10-4 in 14 innings Friday in Palatka. The Raiders open state tournament competition Wednesday in Panama City. (Gary Taylor Photo)

**DELAND** — The Seminole Junior College Raiders ended their regular season on a successful note Saturday night when they defeated their arch-rival, Valencia, 4-3.

And what a rivalry it is. Many of the players on the Raider squad are graduates of Orange County high school. Lyman High graduate Tom Pinnock played seven positions during the game, had a double and an RBI. Pinnock was the fifth for the Matadors, but since the Raiders didn't have to bat in the bottom of the ninth, he lost out on his chance to pitch and catch.

Freeman jumped out in front in the first inning. Dave Freeman led off with a walk and went to second on a passed ball. Vince Pinson then reached on an infield hit. Freeman scored as Pinnock grounded into a fielder's choice.

They increased their lead to 2-0 in the top of the second inning. With two outs, Frank Lundquist and Lundquist slammed back-to-back singles. Freeman again walked and Pinson singled to right to score a run. Lundquist tried to score on the play on a fine throw by Joe Turnbull with catcher Mike Ruid applying the tag.

The Raiders got one of the

 McRobert's Tires forfeited their game to Gordon Drugs.

IN THIS SHOT, it's rather hard to figure out what's happening, except that the SJC Raiders are scoring runs. Mike Combs is sliding into home while the Florida Junior College catcher Andy Shaw, waits for the ball. At the far right, Greg Hunter signals Combs to "hit the dirt." The umpire is Lamar Cockerell. The Raiders won the game 10-4 in 14 innings. (Gary Taylor Photo)

MEMBERS OF The Sanford Naval Academy crew team are shown during recent competition at Lake Monroe. The state crew racing competition is slated for next weekend, and though the site hasn't been announced, Lake Monroe is one of two lakes under consideration to host the races.

### For Lyman, Tribe Swimmers

## Competition Tough At District

The Seminole High swimmers got their first taste of District AA competition and it was very tough. The boys finished fourth in the 200 Medley relay for 6 points and they gave a good account of themselves. Fran Smith, Steve Wilkins, Danny Reagan, Ralph Goveoni, Wally Young and Gary Mose all finished their swimming career for Seminole High at the DTT pool. They were a good group of young men and will be sorely missed as they all played their part on the swim team. Reagan, Wilkins, Smith and Bob McIntosh were the relay members and McIntosh will be back for other pools to conquer.

## Tossie Heads To State Meet

WINSTON PARK — David Tossie was eminently absent from the Oviedo High School All-Sports Banquet Saturday night but he was busy elsewhere. Tossie spent the evening at the state meet in Ft. Lauderdale. Tossie finished fourth and fifth respectively to give Lyman a day of revenge in which he compensated for his only loss of the season which came last week to Oak Ridge's Greg Carpenter. In that meet Clark finished an extremely close second, but it was his first loss in over 200 meets and his lone defeat in 1971. Prior to last week Clark had faced Carpenter once before in a 100 yard race held in Melbourne. Clark won the competition while Carpenter finished fourth.

## LL Tryouts Are Slated

Tryouts for pee wee league baseball have been set for tomorrow and Thursday by the Sanford Recreation Department. Tryouts will be at 9 p. m. at the Ft. Mellon Little League field. Boys eight and nine years old are eligible.

# Athletes Receive Honors At Oviedo Sports Banquet

By LARRY NEELY  
Herald Sports Writer

Bruce Carowse, David Tossie and Joe Miller were honored at the Oviedo Sports Banquet in Winter Park. Bruce Carowse was also honored as the most valuable player in football, basketball and baseball. Tossie was named MVP in football, basketball and baseball. Miller was named MVP in baseball. The banquet was held at the Oviedo High School. The presentation was accepted by Curtis Carowse for his coach who was representing Oviedo at the regional track meet in Winter Park. ## Little David Is Winner Of Shrimp Boat Race

FERNANDINA BEACH, Fla. (AP)—"Little David," a 68-foot trawler with a green hull and a white cabin, was the winner of the 26-hour shrimp boat race. The Golden Isle had an eight-foot blue dolphin playing in its rigging and other homey details. Shrimpers displayed bright flags and deck skis that included pocket paint trees.

# Secretary Rogers Tours Jordan Via Helicopter

By NICHOLAS DANILOFF  
AMMAN (UPI) — Secretary of State William P. Rogers took a helicopter tour of Jordan today, including a close look at some Israeli-held territory.

Rogers' trip included a look at the West Bank of the Jordan and the Syrian Golan Heights, both held by Israel since the 1967 war. It followed an unescorted tour with King Hussein Sunday night through parts on Amman that only cleared of guerrillas.

Today's helicopter trip grew out of a conversation between Rogers and Hussein at an official dinner Sunday night. The secretary of state said he would like to see more of the country, so Hussein arranged the helicopter tour.

Rogers, in official talks today before departing for Cairo on the next leg of his trip, reassured Hussein the United States wants an overall settlement in the Middle East and is not just reopening the door. Rogers, in an arrival state-

ment Sunday, said a settlement on the waterway, closed since the 1967 war, could not substitute for a "fundamental and total solution" to the Arab-Israeli conflict. U.S. officials said the secretary of state also was making that point clear to Hussein during their formal talks today.

Among other issues up for discussion was increased economic aid to Jordan, the officials said. There also was a possibility Hussein might request further military assistance.

Rogers arrived in Amman Sunday fresh from talks with King Faisal in the Saudi Arabian capital of Riyadh. In those talks, Rogers explained that his Middle East tour was aimed at promoting peace, with an interim Egyptian-Israeli agreement on reopening the Suez Canal a first step in that direction.

There was tight security for Rogers' arrival and police were stationed every 20 yards along the route his auto followed from the heavily-guarded airport into town. It was along this route Palestinian guerrillas tried to assassinate Hussein abruptly before the Civil War last September.

## Sadat Fires Sabry

CAIRO (UPI) — President Anwar Sadat has summarily fired Vice President Ali Sabry, once considered the likely successor to the late President Gamal Abdel Nasser.

The semi-official Middle East News Agency reported the dismissal Sunday in a paragraph announcement that said "President Anwar Sadat has issued a decree dismissing Vice President Ali Sabry from his post."

No reason was given for the unexpected firing, which came just hours before Secretary of State William P. Rogers was due to arrive in Cairo on his tour of Middle East capitals to promote an Arab-Israeli peace settlement.

Sabry was known for his close connections with the Soviet Union. He was a close associate of Nasser and many thought he would become president after Nasser's death last September, but the Arab Socialist Union, Egypt's only political party, picked Sadat instead.

Sabry, 53, is one of the few remaining officers associated with the 1952 revolt that overthrew King Faisal and brought Nasser to power. He served as prime minister, political adviser to the president and secretary of the Arab Socialist Union under Nasser.

He is known to have a heart condition and suffered a cardiac failure during Nasser's funeral, but Sunday's announcement did not mention it as a reason for the dismissal.

Sabry's activities were curtailed in July, 1969, after reports he evaded Egyptian customs duties on goods brought back from a tour of the Soviet Union, but within a year he was again working closely with Nasser, traveling with him to the Soviet Union and promoting Egyptian and Soviet relations.

## Road Differences Given Screening

By KATHY NIBLACK  
CASSELBERRY — In an attempt to establish "better communications and cooperation" between the city and county, the Casselberry City Council and members of the Board of County Commissioners met together last night in a work session on the matter of Red Bug Road. The meeting was held in the Casselberry City Hall.

Red Bug Road long has been a point of contention between the city and county. A new problem arose, however, with the recent annexation by the city of property owned by the Lisa Land Company at the intersection of SR 436 and Red Bug Road. The county claims that this annexation also included the annexation of a portion of Red Bug Road and, therefore, has stopped county maintenance of this portion of the road.

County Commission Chairman Greg Drummond stated that the board continues to endorse county policies of co-operating with the city on the maintenance of arterial roads but pointed out that county records indicate that part of the road has been annexed by the city and two portions of it are no longer county right-of-way. He further stated that there are two alternatives to be considered in the question at hand: 1) Whether the road is in the city or the county? Drummond called this a matter to be settled between attorneys for the city and county, and suggested that the item be carried to Tallahassee. 2) If the road is in the city, will the county participate in its maintenance?

Drummond called attention to the city's increased road and bridge fund returns, and the new one cent tax on gasoline as evidence that the city would be in a position to maintain the road better itself. However, he repeatedly stated that the county would "stand ready" to help in any way possible.

City Attorney Kenneth McIntosh stated that he would be happy to meet with the attorney for the county concerning this road to determine whether it belongs to the city or to the county. He said that such a meeting would shed some light on the standpoint of the city and the county. He also pointed out, in reply to Tallahassee, that recent communication from the attorney general indicates that he does not want to get involved in making a decision about the road.

Drummond pointed out that negotiations will continue to be stymied until the two attorneys can meet. (Continued on Page 3A, Col. 4)

## Demonstrators Fail To Appear

By LEE BYRD  
Associated Press Writer  
WASHINGTON (AP) — Thousands of police and federal troops took up positions on the capital's streets early today, braced for an anticipated second round of guerrilla-style demonstrations aimed at halting the nation's government. Dawn came — but the demonstrators didn't.

Protest leaders claimed 10,000 demonstrators would take to the streets today in an effort to snarl four traffic circles. Police and troops were out in force at the circles, but no demonstrators had appeared an hour after sunrise—perhaps because jails and other facilities were still brimming with many of the 7,000 protesters arrested Monday.

As the rush hour began, traffic flowed smoothly across the four Potomac River bridges which were the target of Monday's disruption. A "cleaning" machine crossed the bridges an hour before dawn to clear away a scattering of nails and lumps.

## Perez Wins State Honor

For Service  
By BILL SCOTT  
A Sanford physician will be honored by the Florida Medical Society Wednesday at ceremonies at Miami with the A. H. Robbins award "for outstanding community service by a physician."

Dr. Luis Martin Perez, active in Cuba and since May 1963 a Sanford resident and medical practitioner, was selected by the state organization for the honor after being nominated by the Seminole Medical Society.

The Seminole Medical Society's nomination of Dr. Perez gave the following reasons for the Florida Medical Association's Board of Governors to consider in giving the state award:

His continual fight against communism on the local, state, national and international levels; for his constant efforts to increase the awareness of the community of the importance of fulfilling our duties as citizens; for his leadership and devotion to the fight against drug abuse and "junkies" and work with youth towards better facilities for the underprivileged and toward better communications between youths and adults in order to ease the "generation gap."

Almost immediately on arriving in Seminole County, Dr. Perez began giving a series of talks on the subject of communism and its dangers. Since that time he has averaged at least 50 speeches a year, for the past eight years on this one subject alone.

He has talked to almost every civic group, many churches and other organizations such as parent-teacher groups, schools, junior colleges, etc., throughout Seminole, Orange, Osceola, Brevard, Lake and Volusia Counties. In 1969, Lakeland Mayor George W. Traak presented him with the keys to the city for his work against communism. He has appeared numerous times on Orlando television interview programs.

In 1968, Dr. Perez became concerned about the rapid increase in use of drugs by youth and embarked in an effort to stem the tide of drug use and abuse.

## 2 Youths Declared Innocent

By MARION BETHA  
Michael Cherry, 18, and Jay Wilson, 17, both of 542 El Dorado Way, Casselberry, were found not guilty by a Circuit Court jury yesterday of charges of breaking and entering with intent to commit a misdemeanor.

The charges stemmed from capture of the youths by Casselberry police after they had allegedly forced their way into a house at 1311 Quintapelt Drive.

Danny Ziss, charged with two counts of sale and possession of narcotics, entered a guilty plea to possession of narcotics. Ziss entered a guilty plea to similar charges in another case tried the week of April 12, and is now under the same pre-sentence investigation for both cases.

In civil trials, the case of William Browder versus Edward Fitzgerald was settled out of court for an undisclosed sum. The suit stemmed from a Jan. 10, 1970, accident in which Browder's son, Richard Eugene, was struck by a car and killed as he was changing a tire on a pickup truck on 25th Street.

Browder alleged that Fitzgerald, who was driving the car, was intoxicated at the time the accident occurred. Fitzgerald received a directed verdict of acquittal of charges of vehicular manslaughter on Nov. 6, 1970.

## Robbery Trial Set June 21

By MARION BETHA  
Two of the suspects in the junipoint robbery of a Lake Monroe grocer had their trials set at arraignment before Circuit Judge Dominick Salfi this morning, and two others had their arraignments continued.

Set for trial on June 21 are the cases of Curtis Eugene Campbell and Jesse James Jones. Arraignments were continued until May 11 in the case of John Ashford Jr. and Thallas Jerome Griffin. Judge Salfi was reluctant to continue the cases, since he noted that these had been on the arraignment docket for the last three weeks. However, in the case of Ashford, the youth's father told the court that Albert Pitts had accepted a retainer in the case.

Some apparent misconception occurred in that the court was of the opinion that Robert Morris had been appointed as defense counsel. However, Morris was not in court, and it was disclosed by the state attorney's office that he had not been notified.

The court appointed an Orlando attorney to defend Griffin. Carroll Burke will defend Campbell. He was granted 10 day to file motions in the case. Burke asked the court if he would be "out of order" in requesting that the defendant's \$40,000 bond be reduced. Judge

## Joint Raid On Drugs

Seminole County and Sanford detectives Monday combined forces for a joint raid on two antique shops, one located in Sanford and the other in Longwood, in an effort to rid the city and county of drugs.

Arrested was William McKinley Griffin, 54-year-old Longwood officer of Bea's Antiques, 802 Sanford Avenue, Sanford, and House of Bargains, located on U. S. 17-92 at Longwood.

McKinley was booked on possession of narcotics charges (two counts) one each by Sanford and Seminole authorities on warrants issued from County Court Judge Wallace Hall.

His combined bond on the two counts totaled \$6,000, after investigators found a small quantity of marijuana and several bottles of yet-to-be identified pills and tablets.

Sheriff John Polk said today the drug assault came as a result of investigative work by Sanford police.

SHRINERS' crippled children's hospitals will benefit from a Central Florida-wide sale of the Shrine Hospital News Friday and Saturday. Among those members of Bahia Temple of Shrines who will be selling in Seminole County are (from the left) Harold Kastner, Cleo Williams, Edward Turner, Patrick Miller, William Bristol and W. A. (Jack) Adams.
