

Social Security Board Offers Full Cooperation To Persons Over 65

The Social Security Board have reached the age of 65 in an offering its full cooperation to help them avoid any loss of workers and former workers whose benefits through delay in filing claims, it was announced today by Paul Weaver, Manager of the Board's office at Orlando.

"Any person who has worked enough in private industry and commerce to be insured under the old-age and survivors insurance program can file a claim at age 65 to peg his benefits at a point below which they cannot fall," Weaver said. "Then, if he keeps on working, or if he gets a new job, and his wage record would produce higher benefits at a later date, he may file a request to have his benefit recalculated to give him the higher rate."

The Orlando field office has been urging workers for some time to confer with the Social Security Board officials upon reaching age 65, in order to protect full benefit rights.

"A great many workers have done just that," Weaver said, "but many have not. They have been under the impression that once a claim was filed, the benefit could not be changed even though subsequent work might produce a higher potential benefit figure."

"That was true for a time, but last year the Board inaugurated a method of recalculation which will keep benefits from going down, once a claim is filed, but not keep them from going up. If workers and former workers in private industry and commerce, who have passed the age of 65, will just come in to see us, we will give them the information and help necessary to protect their full benefit rights."

"This statement does not mean that a person can draw benefits while working in jobs covered by the Social Security Act. The law provides that benefits must be given up for any month in which the worker earns more than \$14.99 in covered employment, but benefits can be stopped and resumed as often as the worker moves in and out of covered jobs."

To prevent confusion and misunderstanding, the Orlando Field Office has issued the following cautions:

1. Increased benefits, once a claim is filed, can be resumed from additional work in covered employment. Generally this additional employment must be at pay equal to or above the past average monthly wage.

2. Benefits will be recalculated only upon request. It is important, therefore, that the beneficiary get in touch with the local Social Security Board field office whenever he quits working in covered employment; or, even though he is still working, whenever his total pay begins to go down as a result of reduced working hours, lower pay rate, lost time, or for any other reason.

The Orlando office of the Social Security Board serving the counties of Orange, Osceola, Lake, Brevard, Polk, Seminole and Sumter, is located in the New Post Office Building, Orlando and is open from 8:30 A.M. to 5:00 P.M. Mondays through Fridays.

AFTER SEVERAL THOUSAND MILES of voyaging to this Los Angeles dock, the last fifteen feet seemed a mere trifle to William Aquino, 23, when he saw his sister Maria, 30, waiting there to greet him. So, while his buddies cheered, he just jumped the rest of the way. (International)

White Shirts Guilty Of Inciting Crowd

NEW YORK (AP)—New Yorkers have formed lines that extended around a city block for movies, liquor, cigars, meat, nylons, butter, or what have you. But it required the cops to handle a mob that gathered in the Times Square section when a haberdasher advertised white shirts.

The crowd, not only hampered automobile traffic but interfered with such serious business as the attendance of bobby-soxers at an early movie show.

One of the last of 3,000 white shirts went to a man who declared: "Without this I don't know how I could get married tomorrow night!"

PIGGY BANK THRIFT
CUSHING, Okla. (AP)—Papa needed new shoes so baby bought them. C. A. Flacus, just released from the Navy, needed a new pair of shoes. His daughter, Charlene, 8, insisted on buying them with 900 pennies she had saved.

only upon request. It is important, therefore, that the beneficiary get in touch with the local Social Security Board field office whenever he quits working in covered employment; or, even though he is still working, whenever his total pay begins to go down as a result of reduced working hours, lower pay rate, lost time, or for any other reason.

Feather Bed Makers: Here Is Your Man

FORT ATKINSON, Wis. (AP)—Ernie Hausen isn't even mildly concerned over the news that a wonderful new machine has been built to remove feathers from chickens five times faster than by hand.

Ernie is the world's champion chicken-picker. He can do the job with his hands in three and one-half seconds. He's 60 years old now and has been meeting all challengers for 20 years. He picks chickens by the hundreds just to keep in practice. He'll do it blindfolded or wearing handcuffs.

Hausen dips the chickens in 164-degree water, quickly runs his large, powerful fingers across the wings, from the tips in and does the same with the legs. Finally he peels the feathers from the back and breast. Suddenly the bird is as bare as a billiard ball. It doesn't have to be singed. He tells of picking 1,472 birds in seven hours and 45 minutes in a centes.

FARMING ON THE FLY
LAFAYETTE, Ind. (AP)—Five Indiana farmers and two farm women, attending a three-day agricultural conference at Purdue University, hurried to the Purdue airport each evening and flew their own planes home in time to do the chores.

OH, RHEUMATISM!
ELBERTON, Ga. (AP)—Whenever Patrolman Ben Brown of the local police force has recurring rheumatism he makes a bee line for the nearest bee hive. He lets us to 17 bees sting him in the afflicted areas. And he says he never fails to get relief from the rheumatism. He claims, too, the remedy isn't worse than the disease.

Manchurian City In Midst Of Inflation

Report Is First Received From U. S. Reporters Who Were Held By Reds

MUKDEN, Manchuria, Feb. 22, (AP)—A city of 2,000,000 in the midst of inflation food prices four times as high as they were only six weeks ago was found by nine allied correspondents, according to a report today by Associated Press correspondent Spencer Davis. Russian sources told the newsmen that 85 percent of the factories are idle—factories developed by the Japanese for their war effort. The correspondents also were told that more than 3,000 cases of typhus developed in Mukden during December and January, but Russian army doctors stopped in and checked the epidemic.

The AP correspondent said that between 10,000 and 20,000 Chinese government troops are in the western section of Mukden—the industrial district. The Chinese troops are not permitted freedom of the city and must stay in their own area unless given special permission from advanced headquarters of the Northeast China Command.

Correspondent Davis says that in contrast to many parts of north China, no Japanese troops are to be found in Mukden. There were about 60,000 in the city when the Russians entered the city last Aug. 19. The Japs are now all gone, and the Russian commander has no troops where they have gone. Rumors are current in Mukden to the effect that the Russians are preparing to work in mines or on railroads.

The Associated Press report received its first dispatch from Mukden on Feb. 19. It was the first to enter Manchuria nearly a week ago. The correspondents were held in Mukden for 24 hours by Russian authorities. Davis' story was delayed for two days after it was filed, presumably for lack of fast communications.

The AP correspondent relates that for the past six months there have been rumors in the arsenal city of Mukden intimating that it was the scene of banditry, kidnaping, arson, murder and violence in all forms. Correspondents have been prevented from visiting the area by both Chinese and Russian authorities—that is, up until two days ago when the correspondents were permitted to investigate for themselves.

Dr. Edwin Grover Reveals Animated Magazine Contents

Dr. Edwin Osgood Grover, publisher of Rollins College's annual "Animated Magazine" which "goes to press" Sunday at 2:30 P. M., has just announced the complete "table of contents" of the magazine. The magazine is headed by the list of contributors and the magazine is published by Dr. Hamilton Holt, president of Rollins College, who originated the idea of a magazine that has only the front and back pages printed, while the contents remain blank. This year the magazine appears in person and read their manuscripts, while more than 6,000 "subscribers" sit out of doors on campus and listen.

The event is a highlight of the first Founders' Week celebration of Rollins college which began Tuesday afternoon and will include the annual annual day Saturday and the mid-winter convocation and awarding of honorary degrees Monday.

Other contributors to the magazine Sunday, besides Miss Gerson and General Romulo and J. Edgar Hoover, are: Bob Feller, Cleveland Indians pitcher; Alexander W. Weddell, former U. S. Ambassador to Spain and Argentina; Dr. Alexander M. Kirk, former president of Amherst college and vice chairman of Experimental College, University of Wisconsin; Dr. Leslie T. Pennington, pastor of the First Unitarian church, Cambridge; Martin Anderson, publisher of the Orlando Sentinel-Star; Dr. Edwin Mims, distinguished literary scholar of the South; Martin Anderson, publisher of the Orlando "Sentinel" and "The Evening News"; Dr. J. Edgar Hoover, U. S. Attorney General; and Dr. J. Edgar Hoover, U. S. Attorney General.

Flier Gets Lesson In Diapering

FLIGHT OFFICER Norman Eisner of the Bronx, N.Y., now on terminal leave from the Army Air Forces, tries his hand at diapering little Dawn Carey at a special class for GI dads held at a New York hotel. Nurse Vivian Percival, the instructor, looks on. Dawn's dad is William Carey (right), an ex-serviceman, and a member of the class. (International)

Five Day Cycle Of Unparalleled Pagentry Ended

37 Of New Cardinals Receive Last Symbol Of Rank Today

VALENTIN CITY, Feb. 22, (AP)—A five-day cycle of unparalleled religious pagentry has ended and 37 new cardinals of the Roman Catholic Church have been elevated to the Purple—the largest number in the history of the church.

Twenty-seven of the new cardinals received today the final symbol of their rank—their rings—at a secret consistory at which Pope Pius XII again officiated. Five of the new cardinals received their rings in absentia because of illness.

From now on, the new cardinals will be on an equal footing with the old cardinals in transacting all business of the sacred college.

Mrs. Brim Catches Bream With Oranges

Speaking of fish stories, the following true story was told yesterday by Raymond Ball, fisherman, who was fishing in Lake Mary, near Crystal Lake, and Mrs. Brim caught plenty of bream, said Mr. Ball.

We thought he had made the point of his fish story, but he continued. "With her fishing was her 16 year old nephew, Jack Esteb, here from Montgomery, Ala. to regain his health. They were fishing from a dock and after catching a number of bream ran out of worms and shrimp which they had been using for bait.

Argentine Police Arrest Group In Terroristic Plot

Authorities Assert Arms, Ammunition Are Also Seized

BUENOS AIRES, Feb. 22, (AP)—Argentine police have announced the arrest of a number of men in what they describe as a terroristic plot. They charge that the plot was intended to cause trouble before Sunday's general election. The police said that they seized a large quantity of arms.

Police authorities assert that captured documents show that the group planned a series of uprisings in Buenos Aires. They say that among those arrested was a lawyer in whose home was found material for manufacturing bombs. At other places, police declares they found 151 pistols, 308 revolvers, 125 shotguns, 1 machinegun and quantities of bullets.

Authorities did not immediately lay the blame for the so-called plot to any political group. They contended that several known communists were among those arrested. The Communist Party has been backing Jose Tamborini, the opponent of Col. Juan Peron for the presidency.

Ratigan Declares Jaycee Blood Bank Project Success

Declaring that the Seminole County Junior Chamber of Commerce blood bank program yesterday was a complete success, President Jack Ratigan of the Jaycees today expressed his appreciation to those who participated in the project and thanked The Sanford Herald and The Orlando Morning Sentinel for their support.

The Jaycees obtained the quota of donors who were as follows: Mrs. Byron Squires, Gene Tucker, Mrs. R. E. Jacobson, Mrs. W. D. Thornton, Mrs. George Ewan, Julian Stenstrom, James Colbert, Jack Ratigan, Miss Selma Levy, Miss Louise Levy, E. B. Carter, Joel S. Field, Frank L. Cochran, Miss Pauline Hasty, David B. Levy, Mrs. Dorothy Beer, Miss Gussie Gilston, Miss Margaret L. DeLois, L. J. Hazel, V. Parbec, Alvo Walker, B. Waymark, Mrs. Fred Larson, Miss Norma Yeager, Mrs. D. W. Deal, Mrs. Florence E. Russell, R. E. Deas, Evans McCoy, Carl Prescott, Miss Jane Fletcher, Roy R. Wright, Mrs. E. J. Cameron, Jr., Guy Wood, Jr., Mrs. A. J. Walker, C. A. Ingraham, Charles Morrison, Mrs. Florence Loring, Jerry White and Dick Ellsberry.

Attlee Says Ample Troops Are In Bombay

Ships Of Royal Navy Are Enroute Today To Scene Of Mutiny By Indian Seamen

LONDON, Feb. 22, (AP)—Prime Minister Attlee has told Commons that ample forces are available in Bombay and Karachi to quell the mutiny of Indian seamen at sea. Attlee has asserted that the ship of the Royal Navy, including a cruiser, are proceeding to trouble spots, and will arrive soon. There has been a flat demand by the Prime Minister for complete restoration of order.

Meanwhile, the commander of the southern army—Lieutenant General A. G. L. Lochart—has been placed in charge of all forces in Bombay. The viceroy and his council are said to be in the closest touch with the General during the emergency. Civilian casualties up to last night now have been listed at 14 injured. The Congress Party has disclaimed participation, but Attlee has asserted that left wing elements and communists are trying to work up sympathy. The viceroy is said to be expecting some further disturbance before the situation is stabilized.

The mutinous seamen had been demanding speedy demobilization along with disciplinary action against the commanding officer of HMS Talwar for alleged improper treatment. They are asking the best class of Indian food.

Boy Scouts Map Campaign To Raise Funds For Activity

Children of Seminole county will give an opportunity next week to share in the support of the Boy Scout activity, for the annual Helping Hand solicitation will get into full swing then. Randall Chase, chairman of the Scout Council, announced today.

Preliminary steps were taken yesterday when those who have manifested interest in the Boy Scout movement by giving it their financial aid were mailed a letter outlining what has been done in 1945 and setting forth the program for this year. Stanley Brunley, Oliver Ames, T. I. Harris, Robert Axt and Denny Stafford, representing the local troops, had charge of the distribution of letters to the parents of the children of the district.

Mr. Chase said that it had been the experience of Scout leaders in this area that people rallied quickly to lend a helping hand to a moving cause. It is to advance the welfare of youths in a very vital formative stage of their lives.

Concrete Markers Being Constructed For City's Streets

Concrete markers for streets are being made in the city by the Peninsula Concrete Pipe Company to mark 500 street intersections in Sanford, H. N. Sayer, city manager announced today. Stencils for marking these have been ordered, he said.

City workmen have been busy for the past two weeks rebuilding and regrading dirt streets in the city, according to Ralph Lubinski, city engineer. Much work has been accomplished in the Golden-born section south of Thirteenth Street, he said, and some streets dug on east side streets between First and Second Street.

Truman Asked To Intervene In Pittsburgh Power Strike

Andrews Pledges His Support In River Project

M. L. Cullum States 13 Counties Would Receive Benefits

Senator Charles O. Andrews in reply to a telegram from M. L. Cullum, president of the Seminole County Farm Bureau urging his support in securing a government appropriation for deepening of the St. Johns River to Sanford, today replied as follows:

"I will do all possible to secure appropriation. Favor project for improvement mentioned in your wires as I too understand its importance to our section."

Mr. Cullum revealed that he sent similar telegrams urging completion of the project to Senate Appropriations Chairman Elmer Thomas of Oklahoma, Senator Claude Pepper, Senator Arthur Vandenberg, (R) of Michigan and Representative Joe Hendricks.

The telegram to Sen. Andrews read as follows: "Farmers of Seminole County, farming annually over 7,000 acres of vegetables and producing one and one half million boxes of citrus, as well as, in our opinion, directly interested counties of Clay, St. John, Putnam, Flagler, Marion, Volusia, Lake, Orange, Polk, Ocala, Hardee, DeSoto and Hillsboro, having total vegetable acreage of over 60,000, and producing combined total over 28 million boxes of citrus annually, would greatly benefit by deepening and improvement of St. Johns River from Palatka to Lake Harney. "Other producing counties would benefit to some extent, as not only would it open northbound waterways for goods, but would obtain cheaper to offset constantly rising costs, or obtain higher prices for products, raising nation's winter food costs.

"Chief of Engineers recommended work. Last occasion, December 11, 1943, page 2, house document 445, 78th Congress, 2nd session. Please lend your help get appropriation, \$325,000 included by amendment current Civil Functions Bill."

State Instruction Officer Addresses County Teachers

Dr. A. J. Vergason, state supervisor of instruction, declared yesterday afternoon in an address before the Seminole County Teachers club at the Grammar School that it was not the buildings or equipment that produced good schools but the superintendent and the teachers whose lives have been dedicated to the ideals of successful school programs.

Dr. Vergason, who was introduced by R. E. True, principal of the Junior High School, pointed out that current conditions warrant a change in technological instruction and added that we have passed from the woodwork to plastics. He asked what are teachers and other instructors willing to do in meeting this change.

C. F. Proctor, Jr., Visits Parents Here

Clifford F. Proctor, Jr., Ph.D. 3-0 USNR, was able to spend Tuesday at home with his parents on Escondido Avenue after an absence of two years. He was enroute from the Navy hospital at Jacksonville. He wears one battle star and served for two years in the Atlantic area and Pacific theater including Okinawa, Japan, China and Iwo Jima. His brother Robert J. Proctor has been serving for six months in the Army Air Corps in Germany.

U.S. UNO Delegates Return Home

PROTECTED AFTER ALIGHTING from their special plane at LaGuardia Field in New York are three of the thirty members of the U.S. delegation to the United Nations Organization valley in London. They are (l. to r.): Senator Arthur H. Vandenberg; Mrs. Eleanor Roosevelt; and Edward R. Stettinius, Jr., chief of the American delegation. (International)

Williams Says Some Buildings Withstood Bombs

Pilot Visited Hiroshima During Occupational Duties

Capt. Volie A. Williams, Jr. of the Army Air Corps, who returned to Sanford early this week after serving with the occupational forces in Japan since the end of hostilities with the Japanese, declared today that he did not believe the atomic bomb to be as destructive as many people in America seem to think.

Capt. Williams said that when he visited Hiroshima he noted that a few buildings constructed of reinforced concrete, withstood the atomic bomb explosion fairly well. He also stated that buildings of steel and concrete in several sections of Tokyo withstood the heavy Allied bombing fairly well while other sections, composed primarily of bamboo and thatched grass roof structures, were completely obliterated.

Production Credit Group Reveals Its 12th Annual Report

The Central Florida Production Credit Association's 12th annual report released today revealed total earnings and member capital of the organization amounted to \$197,540. The report further shows the association's net worth is \$27,240 and that the organization, which has 237 members, has made loans totaling \$1,109,000 to farmers during the year 1945.

The association, which is a cooperative organization making short term agricultural loans on all types of farming, served Seminole, Lake, Bradford, Orange, Ocala, and Volusia counties during the past year. The organization's main office is here and field offices are located in Leesburg, Orlando, Cocoa, DeLand and Kissimmee.

A meeting of the officials and board of directors of the Sanford Baseball Association will be held tomorrow afternoon, at 2:00 o'clock at the USO building, according to an announcement this afternoon by C. A. Whiddon, the club's general manager.

Japanese Heads Asked To Resign

Move Apparently Is Jap Interpretation Of Purge Directive

TOKYO, Feb. 22, (AP)—The Japanese government has announced that all Japanese political party leaders falling under the Allied-directed purge of ultra-nationalists from public office have been asked to resign their party affiliations. In addition, the Japanese government has requested those leaders falling under the purge to withdraw for good from all active politics.

This is the first announcement from the Japanese government that the purge also would require Japanese leaders who led their country to war to leave all further political activity. This apparently is the Japs own interpretation of General MacArthur's purge directive.

Mrs. C. Casper Well From Effects Of Stray Bullet

Mrs. Charles Casper, 314 Chapman Avenue, has recovered from the effects of a stray .22 caliber bullet which, fired by an unknown person, pierced the bedroom window of her home on Jan. 29, entered the forehead of her neck, just missing the larynx, and was deflected downward by the collarbone just short of the carotid artery near the heart according to Dr. C. L. Park, attending physician and surgeon.

Mrs. Casper today said that she wished to express thanks to aid given her by Mrs. Frances McDougall, county nurse, who gave her first aid to Dr. Park, and to friends who helped her in the emergency. At the time she was shot she was about to join a friend to do some missionary work for the Seventh Day Adventist Church, of which she is a member. She has recovered sufficiently to resume this work.

"Above all, I wish to thank the good Lord for preventing the bullet from killing me," she said today.

Union Head Says If Proposed Walkout Materializes Power Will Be Cut Off

DETROIT, Feb. 22, (AP)—Special mediator James Dewey says he expects an answer from both sides on all issues in the General Motors strike by midnight.

Pittsburgh Feb. 22

(AP)—Mayor David Lawrence has asked President Truman to intervene to prevent a complete shutdown of electrical power in the rich Pittsburgh industrial district on Tuesday. The area—which houses 1,600,000 residents—is facing the prospect of a paralyzing strike unless an agreement is reached on the wage demands of 3400 employees of the Duquesne Light Company. The entire section still in feeling effects of a four-week steel walkout, and it already has had a sample of what may be in store. Business and industrial plants were forced to close for 19 hours on Feb. 13 as a result of an earlier power blackout. On that occasion some service was (Continued On Page Three)

Voters Have One Week To Register In County Books

Seminole County voters who have not registered have until March 4 to place their names in books now located in the various county precincts, according to Mrs. Lourne A. Beal, supervisor of registration.

The books are placed in the county precincts for one month after which they are returned to the office located in the State Herald office. On March 4 the books for those living in Precincts 1 and 3 will be open and remain open through Saturday, Apr. 20. Mrs. Beal stressed the fact that "this is not a re-registration. Only names of persons who have not previously registered since 1936 and those who have reached a legal voting age or attained a legal voting status are required to register.

The law requires that a person must have been a resident of the State of Florida for one year and the county six months to be qualified to register and vote. The first Democratic Primary is set for May 7 and the second May 28.

Mrs. Beal urged all those who have transferred from one precinct to another in the county to notify her so that a certificate of transfer can be made. Persons seeking transfers are asked to please return their original certificates to her office. Women who have married since registering are asked to notify the supervisor so that the names can be corrected on the registration books, thereby eliminating confusion on election day.

AUDITOR HERE
W. P. Heard, auditor for Strickland-Morrison Company of Cordele, Ga. and Sanford, has arrived in Sanford to audit the books of the local firm.

DEGREES
Initiatory degrees will be conferred Monday evening at the Old Fellows Hall and succeeding degrees on the following three Mondays. Fort Mellon Encampment, IOOF will meet in the hall Wednesday evening according to Frank Anderson, chief patriarch.

PICNIC ENJOYED
Public works employees of the Sanford Naval Air Station today enjoyed a picnic at Juniper Springs in the Ocala National Forest.

Veterans Service

Any veteran in need of service (free of charge) in any of the following categories is requested to visit the office of the responsible agencies listed below:

Coordinator — E. B. Carter, Atlantic National Bank Building.

Employment — U. S. Employment Service, 112 North Park Avenue.

BIBLE VERSE FOR TODAY

NO ONE CAN LIVE WITH-
OUT WORK AND RETAIN HIS
SELF-RESPECT. NO MAN SHOULD
AVOID SOUL ROTTING AND
PUTREFACTION. But Jesus
answered them, my father worketh
hitherto and I work.—John
8:17.

Russia admits stealing certain
technical data on radar and atomic
bomb secrets from Canada, but
adds it was of very little value.
That is supposed to make it
all right.

The Feb. 23rd issue of the
Saturday Evening Post contains
some very flattering pictures of
Rollins College, and a not too
flattering write-up which seems
to indicate that students go to
Rollins to study forehand drives
on its numerous tennis courts. If
so, they show a most discriminating
taste.

Comptroller Lee, suggesting tax
cuts in state government, wisely
points out that the time is coming
when when times will be times and
advice. Floridians to remember
that they will have to carry their
share of the 300-billion dollar
debt burden. People know well
enough that city and county debts
have to be paid, but seem to
think that federal obligations are
going to be met by someone else,
certainly not by the people.

The City of Miami, boasting
its greatest tourist season in
years, is fairly bursting at the
seams with 25,000 beds added to
its normal population of about
200,000. With 2,886 apartment
houses, with over 32,000 hotel
rooms, and 2,933 motor court
rooms, all filled, Miami is wonder-
ing what it is going to do
with the extra next winter when
automobile and railroad travel
has been made easier, and hun-
dreds of thousands of people who
passed up vacations this winter
begin coming down.

The unspeakable ineptitude of
the government in Washington
is fully illustrated when with mil-
lions of people fairly burdened
with money but crying for food
and clothes, with factories idle
while millions parade on strikes,
with the government spending
billions of dollars more than it
collects in taxes, and a ready
groaning under the heaviest debt
in history, with disastrous infla-
tion the greatest danger the
country faces today, with so much
to be done and so little time to
do it, the first bill to be signed
into law by President Truman is
the Full Employment Bill. If
there were any danger of un-
employment for people who are
willing to work.

One of our many callers—
sometimes we have so many we
can't remember who suggests
which—wonders why the Chamber
of Commerce couldn't employ
some of its reserve publicity fund
in planting the lake front drive
from the Lake Monroe Bridge
right into Sanford with at least
one palm tree. It is the
most beautiful approach to any
city in the state of Florida. He
insists this would be of greater
advertising value to Sanford
than all the page ads it could buy
in northern newspapers. And he
wonders how something there. How-
ever, with all the money there is
these days in Seminole County,
it should not be impossible to
beautify the lake front drive and
do a little advertising besides.

You may have sometimes won-
dered during the last few years
why your paper was late. Just
as we have sometimes wondered
why machinery and equipment
which we ordered and which was
absolutely necessary to the printing
process, but which business did
not arrive for months, in some
instances hasn't yet. We are just
in receipt of a little pamphlet
from the Mergenthaler Linotype
Company, which shows what the
company has done to help you.
Pointing out that the Government designated
the Mergenthaler Linotype Com-
pany as the sole manufacturer of
type cases and galleys, and that
it was the only one in the world
which could produce them, the
company says that it was the only
one in the world which could
produce them, and that it was the
only one in the world which could
produce them.

Wanted: Another Superman

The disadvantages and the dangers of placing too much
political power in the hands of any one man are fully illus-
trated by the current controversy raging around the ap-
pointment of Ed Pauley as Under-secretary of the Navy.
For 12 long years all government power in Washing-
ton was freely surrendered into the hands of President
Roosevelt, with all administrative departments made direct-
ly answerable to him and with Congress and the Supreme
Court meekly abdicating their powers, until he became
virtually a dictator and certainly the most powerful Presi-
dent in American history.

Then suddenly into this position of dazzling pre-em-
inence is precipitated, however unwillingly, the Vice President
of the United States, a man who never expected to be Vice
President and certainly never aspired to be President and
who possessed scarcely a single qualification for the office.

It is hardly more than could have been expected that
the tremendous responsibilities of this highly over-central-
ized office would prove too much for him and that he
would very soon run into difficulty finding suitable ap-
pointees for some of his executive departments.

While we are considering the testimony on Ed Pauley's
qualifications for office, or his lack of them, it is worth
while remembering that the Under-secretary of the Navy
is more than likely being picked as the eventual successor
for Secretary of the Navy Forrestal and as such would be
in direct charge of America's first line of defense as well
as its naval oil reserves.

And while we are not concerned with the flight being
made for the unification of the Army and Navy, behind
which President Truman has thrown the full weight of his
office, we cannot overlook the fact that if this merger takes
place it is quite possible that the next Secretary of the
Navy will also be our next Secretary of War.

And thus the entire national defense of the United
States would rest in the hands of a man who former Sec-
retary Ickes has so plainly implied is a crook.

What Washington Said

Every American citizen who wants to keep the fire
of his love of country burning with a pure, bright flame
who needs to refresh his mind on what his nation really
is and what it stands for, should make it a sacred duty
to read once a year the Farewell Address of George Wash-
ington to his countrymen. Making it a duty, he will find it
also a pleasure, and always an inspiration.

Are we tending to split into states and sections with
little sectional loyalties taking precedence, over loyalty
to the nation as a whole?

"In contemplating the causes which may dis-
turb our Union, it occurs as matter of serious con-
cern, that any ground should have been furnished
for characterizing parties by geographical discrimi-
nations, Northern and Southern, Atlantic and
Western; whence designing men may endeavor
to excite a belief that there is a real difference of
local interests and views. One of the expedients of
party to acquire influence, within particular dis-
tricts, is to misrepresent the opinions and aims of
other districts. You cannot shield yourselves
too much against the jealousies and heart-burnings
which spring from these misrepresentations; they
tend to render alien to each other those who ought
to be bound together by fraternal affection."

Are we tending to over-emphasize parties? Let Wash-
ington speak sternly of the dangers of abuse of the spirit
of party. Hear him on religion and morality:

"In vain would that man claim the tribute of patri-
otism who should labor to subvert these great
pillars of human happiness, these firmest props
of the duties of men and citizens."

Let him speak of foreign relations and commerce:
"Harmony, liberal intercourse with all nations, are
recommended by policy, humanity and interest.
But even our commercial policy should hold an
equal and impartial hand; neither seeking nor
granting exclusive favors or preferences."

These "counsels of an old and affectionate friend" to
his people are the very essence of true Americanism. They
need to be read in full.

Thinking About Germany

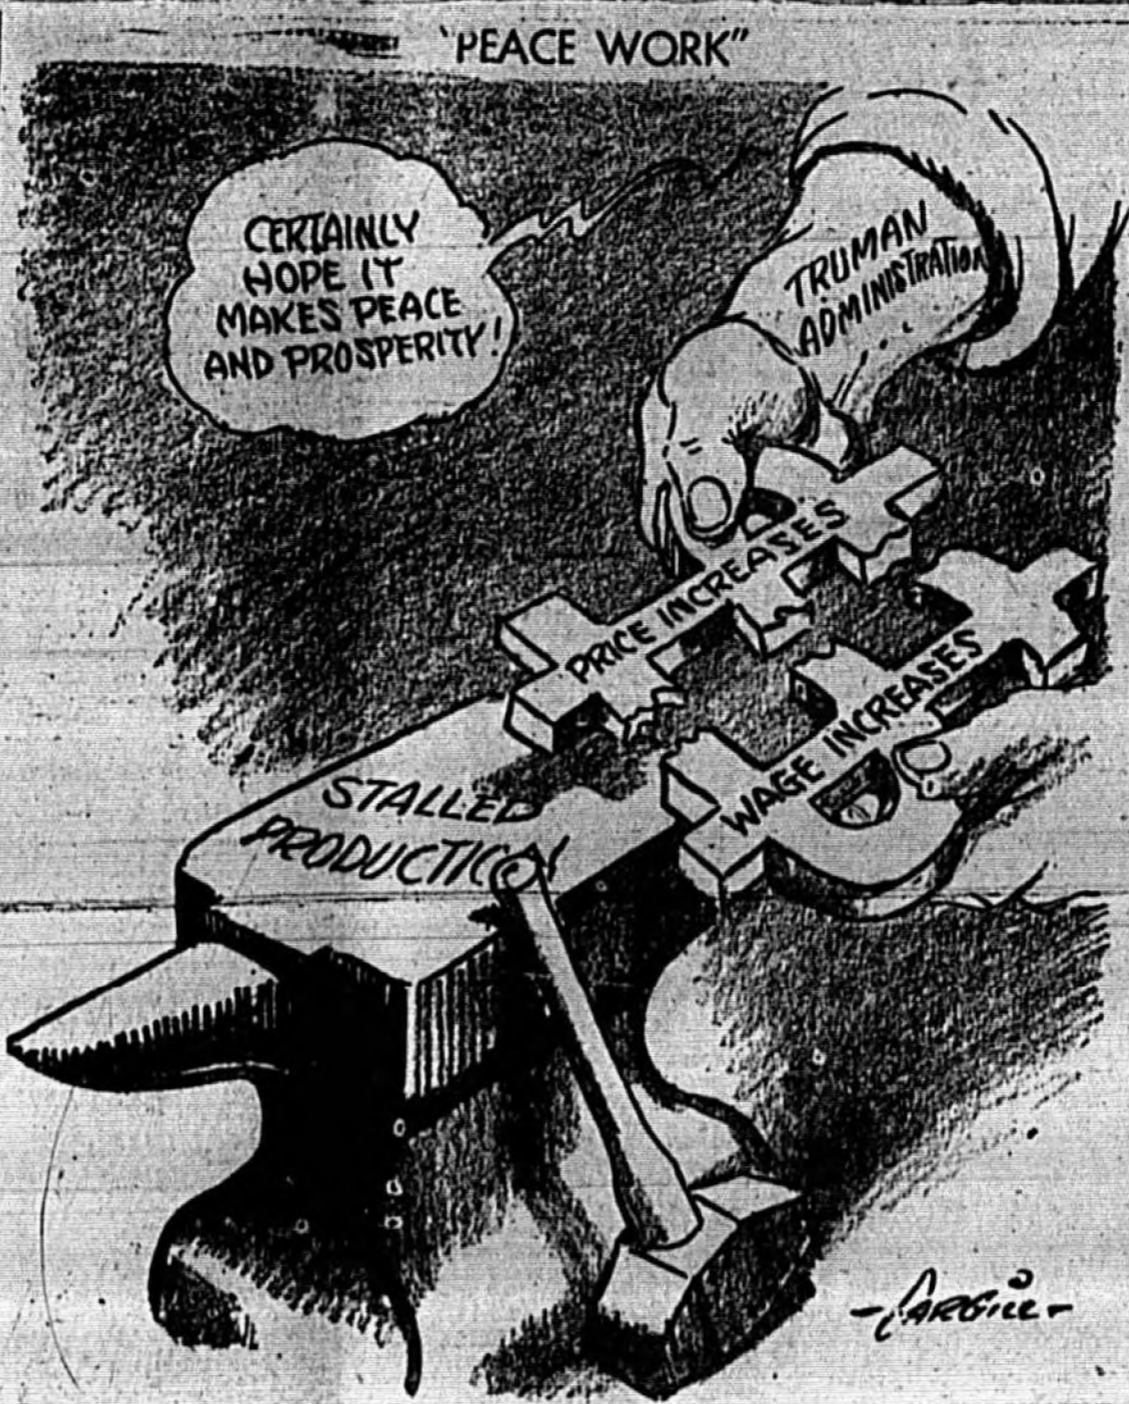

"One way of solving the German problem," says Wil-
liam Ebenstein in his book, "The German Record," "would
be to declare a moratorium of, say, two years on books,
articles and lectures on the Germans and the problems
they present to the world. There is nothing the Germans
would like more than to have the United Nations keep on
thinking about them."

As a substitute Mr. Ebenstein urges people to think
about the Czechs, Poles, French, Greeks and all the other
victims of the Nazis, and to consider methods of putting
their heavy industry on its feet and otherwise re-equipping
them for independent existence. If the rest of Europe is
able to take care of itself, a revived Germany will be less
of a menace.

Larger Litters of Pigs Encouraged By Registry Plan

GAINESVILLE, Fla. (Spe-
cial)—Production of large litters
of pigs by all sows that farrow,
long encouraged by swine leaders
throughout the country, is being
given new impetus through a
plan adopted by the National As-
sociation of Swine Records, says
W. J. Sheely, animal husbandman
with the State Agricultural Ex-
tension Service.
This organization, which con-
sists of officials of all purebred
swine record associations, now
has established a production re-
gistry for recording performance
of purebred sows and sows that
are sired by purebred boars of
eight or more pigs which are raised to
weaning time.
Mr. Sheely says that sows far-
rowing eight or more pigs in one
litter will have a star added to
their pedigrees, and those farrow-
ing additional litters of eight pigs
will have additional stars for
every litter. The pigs must be
raised to weaning time and must
average at least 35 pounds each
at 56 days of age if their mother
is less than 15 months old, 40
pounds if their mother is over 15
months old. Sows farrowing two
qualifying litters will be entered
in production registry.
Boars will be entered in produc-
tion registry when they have sired
five two-star daughters from dif-
ferent litters or 15 one-star
daughters, not more than 10 of
which are full sisters.
Theorizing on what larger lit-
ters could mean to Florida hog
farmers, Mr. Sheely says the
state's 1946 goal of 465,000 pigs
will require 93,000 sows if the
litters average five each, while
the same number of pigs could
be produced by 66,430 sows far-
rowing an average of seven pigs
each. The elimination of 26,570
sows would save over 13,000,000
pounds of feed.
The raising of large litters of
healthy pigs requires, in addition
to prolific sows, farrowing in
cultivated fields free of parasites
and plenty of home-grown forage
and feed crops, Mr. Sheely con-
cludes.
There are 490 miles of streets
in New York's Borough of Man-
hattan.
New York City's Department
of Sanitation has 5,500 pieces of
motor equipment.

Mrs. J. M. Leonard and Mrs. H. A. Appleby entertained Wednesday evening at the home of the latter 718 West First Street, with a miscellaneous shower for Miss Joyce Steele. Faded about whose marriage will be solemnized in March.

TERRACE TALK

Aren't the azaleas around town lovely? Everyone seems to have a favorite shade... the peach color or technically speaking "Duchess Bohan is mine... if you have not driven along the lake front and seen the park you've missed a treat... of course, the old DUTTON place now owned by the WHIDDONS is as beautiful as ever and many other gardens are the prettiest they've ever been.

The baseball players will be given a barbecue soon... the sponsors will be the Chamber of Commerce and Sanford Merchants Association. Now that's talkin' turkey... it will not only show our baseball visitors that we like their being here but would like to have them stay permanently. The women of the town were outdoing the men yesterday morning contributing to the Blood Bank which was sponsored by the Junior Chamber of Commerce.

"Theory" by Dorothy Parker... Into love and out again. Thus I went, and thus I go. Spare your voice and hold your pen... Well and better if I know... All the words were ever said; could it be, when I was young, some one dropped me on my head? The articles brought back from Japan and the Philippines by CAPT. VOLIE WILLIAMS, JR. are fascinating... jewelry, inquirer, wood, swords and eating utensils. Some of these are attractively displayed in Yowell's store window. The real black lace mantilla, genuine pearls, and the Madarin coats will take your breath away.

MRS. I. LOUCKS was seen Thursday and it is good to see her getting around these days after being confined to her home for so long... MRS. W. B. WILLIAMS was shopping... MRS. J. O. ADAMS of Orlando and former resident was also shopping in Sanford... mark that one up... she had with her MISS RUTH WELLS, MRS. PAUL SHOE-MAKER, MRS. CARMA BUCHANAN and MRS. CLIXTON McBRIDE... and MRS. GEORGE WATNER of Daytona were lunching in town... C.E.F.

BIRTH ANNOUNCEMENT
Mr. and Mrs. N. L. Norris announce the birth of a son, James Claude, Feb. 18 at the Fernald-Lightner Saccular Hospital, Sanford. This is the former Mildred Ford.

WHALE OF JOB
JOHANNESBURG (AP)—Chemist Harold Taylor has gone to the Antarctic in a whaling ship to look for vitamins in whales. He'll search the whale's liver, weighing up to a ton, to see how much vitamin A oil it contains; examine the glands with a view to getting material for hormone therapy, and investigate the possibilities of the spinal cord as a source of vitamin B.
Some authorities believe the word Russian is derived from russij, meaning fair-haired.

Cat Is Developing Big Reputation As Hollywood Critic

AP News-features HAYS, Kas. — A pink-toned who came to dinner at a local movie house three years ago is now developing a reputation as a critic of Hollywood, super-colossal productions.

For a while Cat (that's his only name so far) was kept busy getting the mouse problem under control. Then, as time began to hang heavy, Cat disclosed his official possibilities.

Now, according to Charles Reed, the manager, Cat has developed the practice of sitting calmly in the rear of the auditorium as the crowd comes in for a show.

As soon as the first scene flashes on the screen, Cat deliberately strolls down the aisle, tail erect, and mounts the steps at one side of the stage and settles on his haunches.

If the movie pleases him, he remains for the show, but if the presentation falls on his feelings, Cat gets up and, tail wagging like an amputating finger, wades across the stage, down the steps on the other side and out into the lobby where he curls up for a nap.

LEGAL NOTICE

TO GESSIE MANNING, YOU are hereby ordered and required to be and appear upon the 21st day of March, A. D. 1946 to the Bill of Complaint filed against you in this cause in the Circuit Court of Seminole County, at Sanford, Florida, by J. M. Manning, the same being an action for divorce.

The SANFORD HERALD is designated as the newspaper in which said order shall be published for four consecutive weeks, WITNESS the Honorable U. H. Herndon, Clerk of said Court at Sanford, Florida, and the official seal thereof, this 21st day of January, A. D. 1946.

O. P. HERNDON, CLERK (Circuit Court Seal)

ORDER OF PUBLICATION TO JAMES THOMAS, you are ordered to appear in person or by attorney at the following address: Disciplinary—H. Bracke, Post Leavenworth, Kansas. You are hereby notified and required to appear to a certain Bill of Complaint filed against you by the State of Florida in the Circuit Court of Seminole County, Florida, at the Court House at Sanford, Florida, on the 21st day of March, 1946. In default thereof said cause will come before the court for judgment.

Let this order be published for the statutory time required by law in the SANFORD HERALD, Sanford, Florida, a newspaper of general circulation in said County and published every day of the year except on the 1st day of January, at Sanford, Florida.

EYES SHUT TIGHTLY

against the blinding barrage of photographers' flashes, former British Prime Minister Winston Churchill puffs on his inevitable cigar and flashes the "V" sign as he walks to board his plane at Bolling Field, Washington, to return to his interrupted vacation in Florida.

FINN HOMAGE TO LENIN

HELSINKI — A Lenin museum has been opened in Tampere, Finland, at the place where Lenin and Stalin met for the first time in December, 1905, at a Russian social democratic party meeting which was held there in secret.

The city of Tampere financed the museum, and the state will continue to support it with an annual fund of 300,000 Finnish marks.

I-ER--NOTHING--MISS PRIGILLA, I'M JUST BRUSHING UP ON MY TEACHIN' FER TOMORROW.

I TELL YUH, BOB CROCKET, OUR NEW 'TOWN-TAMER' KNOWS HIS BUSINESS HERE HE COMES NOW-- I'LL BET HE'LL PROVE--HEY, BOB!

SOME OF THESE GENTS DON'T THINK YUH CAN HANDLE YOUR SCHOOTIN' IRONS, BOB, I TOLD 'EM YUH'D PROVE IT.

OH, UNCLE TITUS ISN'T IT WONDERFUL-- PROFESSOR HALE WILL START TEACHING SCHOOL TOMORROW.

I DON'T CARE WHAT HE DOES MY 'TOWN-TAMER STARTS TO WORK TOMORROW.

HERE'S A GUN THAT'S LOADED WITH BLANKS NOW REMEMBER DO EXACTLY AS I'VE TOLD YOU.

THERE'S NOTHING TO BE AFRAID OF, BOB YOU LOOK LIKE A PROFESSIONAL GUNMAN-- ALL YOU HAVE TO DO IS PROVE IT I'LL BE HIDING A CROSS THE STREET IN AN EMPTY BUILDING-- REMEMBER TO STAND IN FRONT OF IT.

I MUST'VE BEEN LOGO TO PASS MYSELF OFF AS A SCHOOL MARM BUT NOW I'M IN FOR IT-- SO HERE GOES COME ON, YOU YOUNG 'UNS' SCHOOL'S OPEN!

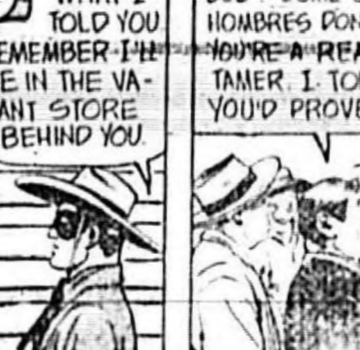

ALL RIGHT, MAMOR, WE'RE WAITIN' FOR THAT NEW 'TOWN-TAMER' TO PROVE HOW GOOD HE IS WHERE IS THE CRITER?

HEAP-BIG CROWD IN FRONT OF CAFE NOW.

I--WHAT'LL I DO? EXACTLY WHAT I TOLD YOU REMEMBER I'LL BE IN THE VACANT STORE BEHIND YOU.

HERE HE IS MORNING, BOB! SOME OF THESE HOMBRES DON'T THINK YUH'RE A REAL 'TOWN-TAMER, I TOLD 'EM YUH'D PROVE IT.

OF COURSE I WILL, MAMOR LETS CROSS THE STREET.

HI! I GOT YOUR CALL! WHAT'S BURNIN'--

ME, I WANT YOU TO HELP DIG ME OUT OF THIS JAM.

FIRST I LOST THE RING-- THEN BRENDA WOULDN'T GIVE IT BACK-- NOW IT'S IN HOCK--

THAT'S EASY-- JUST GO TO THE PAWN SHOP AND BAIL IT OUT.

I SPENT SOME OF THE MONEY-- NOW I HAVEN'T GOT ENOUGH TO GET IT OUT.

WELL, RUB MY EYES.

MY FOLKS WOULDN'T GIVE ME MONEY TO GET YOUR RING OUT OF HOCK--

IF THIS JOB PAYS WHAT I THINK IT DOES-- IT LOOKS LIKE A LONG-ENGAGEMENT.

WELL-- AT LEAST I'M WORKING-- THAT MEANS WE CAN GET MARRIED SOONER-- NO KIDDING!

HAVEN'T YOU HEARD OF THE HOUSING SHORTAGE-- OR DON'T YOU READ THE PAPERS?

ENGAGED TO TWO GIRLS-- THE RINGS IN HOCK-- WHAT A LIFE!

TEN-DUCK-A-WEEK JOB-- I COULDN'T EVEN SUPPORT A WIFE IF I DID GET HOOKED UP.

BESIDES WITH THE HOUSING SHORTAGE I'D ONLY HAVE TO DOUBLE UP WITH THE FOLKS.

HOWLING CATS!

TO THE AIRPORT

Ernie Park Makes \$155 Per Week For Hollywood Glamour

By GENE HANDSAKER
 HOLLYWOOD — Ernie Park earns \$155 a week working from the Adam's apple up and from the ears forward.

Ernie is one of the movies' unseen and little sung aides to glamor, the make-up men. In seven years he has gilded such lads as Jean Arthur, Ginger Rogers, Rosalind Russell, Hedy Lamarr and Jeanne Crain.

I found him in Vivian Blaine's dressing room, repairing an artificial eyelash which had come unstuck. Ernie, who is 26, husky handsome and spectacled, is chief make-up man on "Three Little

Girls in Blue." Make-up, hairdressing and wardrobe chores start at 6 a. m. By agreement within the Make-up Artists and Hair Stylists Union, AFL, facial men, such as Ernie, work from the Adam's apple up.

"I start with an astringent such as alcohol or witch hazel, to take the natural oil out of the skin so the grease make-up base will adhere," Ernie said. "An orange-colored paste goes on next to counteract any blue circles under the eyes.

"The base is a tan grease which gives a warmth to the skin and covers a multitude of sins, such as large pores, highlights and shadows are next. A brown oil paste diminishes fat cheeks and double chins. Light-colored paste fills out sunken cheeks."

Eye shadow accentuates eyelids. Rouge is patted with powder.

BLOOD-SPATTERED AFTER BEING BEATEN by Francis (left), 19, and John Hall (right), 20, brothers. William Tobin, 53, is shown as he was held on a homicide charge in a Philadelphia, Pa., police station. Detective Martin Curran is next to Francis Hall. The brothers accused Tobin of fatally stabbing their forty-six-year-old mother, Mrs. Mary Hall. Tobin was a boarder at the Hall home. 6 Acres Of Land Is Presented To Audubon Society

WINTER PARK, Feb. 22. (AP)—Six acres of land on which is located a warden's shack adjoining the famous Bivin's Arm Sanctuary of Alachua County, has been presented to the Florida Audubon Society by Dr. H. R. Mills of Tampa according to Dr. A. J. Hanna, president of the society.

The announcement also included the statement that 75 conservationists of the state, chiefly members of the society have to date contributed almost \$1,000 toward the \$3,500 needed for the erection of a permanent cabin for the warden. "Ding" Darling, famous cartoonist says "It is a good project and certainly the warden there needs a good outfit." Darling, who spends his winters on Captiva Island off Ft. Myers, is honorary president of the National Wildlife Federation.

The Bivin's Arm Sanctuary borders and extends over property belonging to the University of Florida. A warden has been maintained there by the Florida Audubon Society during the past nine years. The sanctuary was established in 1937 at the suggestion of Jack Russell of Sanford, then a student at the University, who found the birds nesting there were being disturbed by hunters and collectors. It was established primarily to protect the wading birds that were nesting there in small numbers. Also found there were the snowy egret, white ibis, heron, anhinga and other marsh and water birds. In

the short time these birds have been under the protection of the warden, Mr. L. P. Mills, one may now see thousands of these once rare birds.

Oatmeal can be used in a meat loaf instead of bread to keep the loaf moist.

BORN TO LIVE
 NEW ALBANY, Ind. (AP)—Mrs. Josephine Jacoby, 100 years old, is a vegetarian and non-drinker of coffee but says frankly she doubts that her diet has much to do with her longevity. Living a century, she contends, is purely a matter of being born in a long-lived family.

Tuna Clippers Have Niche For Shrine

AP News Features
 SAN LIEGO, Calif. — An old Catholic tradition is still honored aboard sleek, modern tuna clippers—some of them costing in excess of \$400,000 and carrying up-to-date electronic equipment.

The fisherfolk set aside a niche for an altar. In the small craft the shrine may be only a nook in the captain's cabin for holy figures. Most of the larger ships have a separate chapel room in the deckhouse.

Portuguese and Italian fishermen, who sail between California and the equatorial waters, have woven many stories about their shrines. One is about a captain whose boat was driven about for two days and nights by a "chabasco," a storm that often rises off the coast of Mexico. A pale new crewman asked the old captain if they might survive.

"Young a man," he said contemptuously, "when you see me a-go in to that a room back there you can begin to worry."

SHOWN AT POLICE HEADQUARTERS where he had just spoken on the air to the city's millions, New York's Mayor William O'Dwyer seems all in as he rubs his hands over his eyes to rest them. The Mayor announced that 2,500,000 gallons of fuel oil had reached the city during the day—enough for a day's supply. Health Commissioner Ernest L. Stebbins (left) takes over to broadcast the Mayor's order ending the city's eighteen-hour State of Emergency. (International)

to stay on nice hots under hot lights. Artificial eyebrows, thin, penciled lines about the eyes to make them appear larger than they are, and mascara complete Ernie's job. His subjects make up their own mouths.

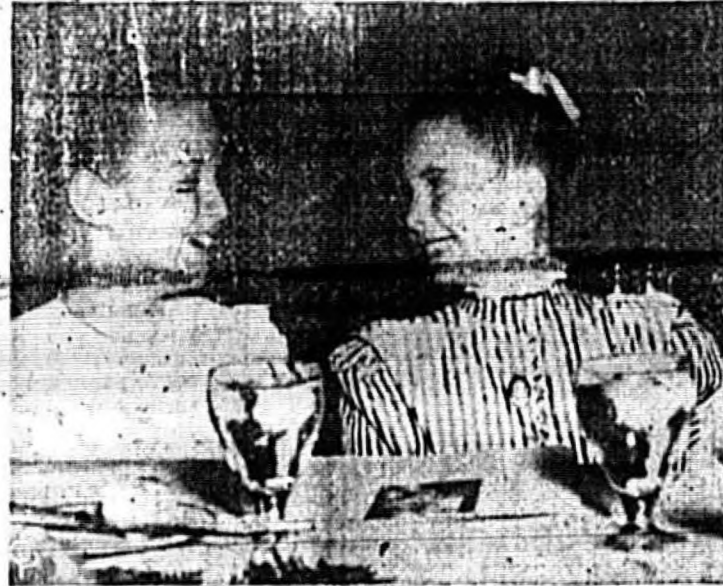

I asked Ernie for professional comments on some of his subjects. Here they are:

Hedy Lamarr: "So beautiful she could go on the set with no make-up but a little eye shadow."

Ginger Rogers: "She gets tanned every so often on her Oregon ranch and we have a helluva time getting her white again."

Rosalind Russell: "Very attractive and very make-up conscious; she sees that the make-up man is there on the set all the time."

Ann Baxter: "Goes to sleep on her face during the lunch hour and has to have a replacement for make-up she left on the pillow."

No Castor Oil On Shortage Of Nylons Art Says City Hall Not Price Program

NEW YORK, (AP)—Castor oil is not being used to restore the \$3 million collection of oil paintings in New York City's City Hall, all reports to the contrary notwithstanding.

George Lorber, executive secretary of the city art commission, made this solemn announcement when the Metropolitan Museum of Art rectored reports that castor oil was being used in the work. He explained that castor oil was used that way many years ago, but that turpentine is the principal agent employed now.

The shortage of nylon hosiery is not a price problem, Stewart C. Maxey, OPA District Director, said today.

Conferences with leading figures in the hosiery industry last week revealed that manufacturers lay the shortage to a scarcity of yarn and machinery, with increased demand making the shortage more acute, he said.

Stating that nowhere do industry leaders suggest price difficulties, Maxey added that industry estimates show that the supply may not be "plentiful" until early 1947.

Schwellenbach Opposes Case Labor Measure

Secretary Describes Recent Measure As Hodge-Podge, Ill-Advised Legislation

WASHINGTON, Feb. 25.—(AP)—Secretary of Labor Lewis Schwellenbach has expressed vigorous opposition to the House-approved Case Labor Disputes Bill. The labor secretary called the measure hodge-podge legislation and said it was ill-advised. Schwellenbach told the Senate Labor Committee this is no time for legislation that would possibly upset our established system of dealing with labor relationships.

The House cancelled its regular business session today because of the death of Representative J. Buell Snyder of Pennsylvania. However, some committee meetings are being held as usual to consider urgent legislation.

Federal Reserve Chairman Marriner Eccles was called before the House Banking Committee to give his views on extending the OPA for another year beyond June 30. The high point of the hearings will come on Thursday, when industrialist Henry Kaiser will testify. Committee chairman Brent Spence of Kentucky believes that Kaiser favors continuation of OPA.

The House Ways and Means Committee has opened hearings on the bill to extend social security benefits to 20,000,000 more workers. Arthur Allmeyer, chairman of the Social Security Board, headed the list of witnesses.

Senate committee hearings on the nomination of Edwin Pauley for under-secretary of the Navy may take a new turn tomorrow. Republican Senator Owen Brewster says there will be some testimony from Pauley's dealings with government departments. Incidentally, administration aides have found at least ten democratic senators who, as of today, would vote to reject the Pauley nomination. Among them are 85 Republicans who, it would seem to indicate the nomination will be defeated.

Robert Washburn Is Home Following European Service

Cpl. Robert C. Washburn, after serving 20 months in the European Theater of Operations, has been discharged from the United States Army at Camp Blanding. He returned to this country aboard the U. S. Army Transport Thomas H. Barry.

While in the states he received training at Camp Blount, New Orleans, Camp Claiborne, La., and Jefferson Barracks, Mo. He sailed in Sept. 1944 for overseas duty with the 741st Railway Operating Battalion. In August, 1945, he was transferred to the Army Motion Picture Service and later assigned to duty with the 374th Division.

During his overseas duty he was stationed in England, France, Belgium, Luxembourg, Holland, and Germany. Before entering the service he was connected with the Florida State Theaters. His wife and family reside in this city.

Cpl. Robert C. Washburn wears the European Theater ribbon with three battle stars, the Presidential Citation, World War II Victory ribbon, American Theaters and Good Conduct ribbons.

Sgt. George Elliott Gets Army Discharge

Sgt. George E. Elliott, son of Mr. and Mrs. George E. Elliott who reside at 618 East Third Street, has been discharged from the United States Army at Camp Blanding.

Sgt. Elliott, who has been stationed at Grand Island, Neb. for the past ten months, received his basic training at Miami Beach, Fla., and advanced training at Ft. Belvoir, Wis., and Boca Raton Field.

He served at other various Army bases including Fort Knox, Ky., Selfridge Field, Mich., Great Bend, Kan., and Casper, Wyo., as a tank platoon in ground force installations.

DIRECTORS TO MEET

A meeting of the officials and board of directors of the Junior Chamber of Commerce will be held tomorrow night at 8:00 o'clock at the City Hall according to an announcement today by Jack Hartzog, president.

A PICKET IS HAULED AWAY by police after he had been felled by a bottle in front of the strike-bound W.A. Jones Foundry in Chicago. Violence flared when members of the CIO United Auto Workers' Union attempted to keep non-strikers from entering the plant. (International)

Deputy Internal Revenue Agents Here This Week

Collectors Will Aid Citizens In Preparation Of Forms

Deputy Internal Revenue Collectors will be at the Chamber of Commerce, City Hall, Sanford, on Wednesday and Thursday of this week to answer questions and aid in the filing of income tax returns which will be due on Mar. 15, John L. Fahn, collector of Internal Revenue for Florida, announced today.

The long form 1040 may be used as an income tax return by those whose income was \$5,000 or more in 1945, or who claim deductions amounting to more than 10 percent of their income.

Those using the long form should be sure to gather all necessary information before starting to fill out the return. Having this information at hand will save you considerable trouble and perhaps some tax money.

Method of Compiling Data

Write this information on one or more work sheets in the following order:

1. Income in 1945—Amount of wages and other income received.
 2. Deductible expenses—Expenses necessary to your work or business.
 3. Deductions—Certain kinds of losses from fire, storm and theft, and unusually large medical expenses.
 4. Taxes already paid—Amount withheld from wages and amount of estimated tax paid on 1945 income. Read carefully the pamphlet of instructions for form 1040. If you didn't receive these instructions and form 1040 in the mail, you can obtain both from a collector's office in your district, a postoffice, bank, or possibly your employer.
- When you start to fill out the return, have on hand your work sheets with the necessary figures on income, deductions and taxes paid on 1945 income. With these work sheets as guides, fill out your return one step at a time.
- Remember one step at a time (and you can write that in big letters) is the easiest way to fill out the long form. Follow the numbered directions on your return and don't worry about the next step until you get to it. If the direction does not apply to you, don't pay any attention to it.
- Many Not Affected
- Many taxpayers, particularly wage-earners and others who do not operate a business or profession, are not affected by most of the directions on page 2 of the return. Check these directions carefully. If they don't affect you, forget them.
- Make out your return early so as to avoid having to do a rush job on it just before March 15. Double check all your figures. It may save you dollars as well as extra paper work in correcting mistakes later on.
- The reduction in income taxes made by Congress last Fall does not apply to 1945 income. It applies to income received on and after Jan. 1, 1946.

Overproduction Of Eggs In Few Areas Indicated

Wilson Says Heavy Shipments Continue In Florida Areas

JACKSONVILLE, Fla., Feb. 25.—(AP)—Overproduction of eggs in a few Florida areas during the next few months, although generally speaking there will be a shortage, said William L. Wilson, director of Florida State Farmers' Markets today in a review of conditions affecting production and distribution of "Sun Dade" city market.

Wilson said that the handling of poultry products, and we are taking steps to arrange for the necessary canning and grading facilities at a number of other strategically located markets, with a view to handling the surplus.

Hart Is Sentenced By Judge Ware On Separate Counts

For driving an automobile after his license had been revoked by the Grand Jury for aggravated assault on J. H. Truluck, which was certified by the Circuit Court to the County Court for trial, was tried Friday, and a jury recommended a verdict of assault and battery. Judge Ware fined Lee \$50 and costs.

On a jury verdict of guilty of reckless driving, E. D. Serrino was fined \$100 and costs or 30 days.

Nearman Coley and Curtis Hall were acquitted by the jury of charges of taking quail out of season. The case of Harry E. Wing, charged with selling intoxicating beverages, was concluded due to the illness of the defendant.

Motion for a new trial was filed in the case of Condon Merritt, beer parlor operator of Altamonte Springs, who was found guilty of carrying a concealed weapon.

E.M. Masons To Meet

Monroe Chapter No. 15, of the Royal Arch Masons will meet Tuesday evening at 7:30 o'clock at the Masonic Temple. The Royal Arch Degree will be conferred and all Royal Arch Masons are invited to attend.

ENROUTE TO U. S.

First Lieut. Elwin W. Harrison of 1018 Elm Avenue is among 300 Army veterans returning to the United States aboard the S. S. Oseola Victory, according to information received today from the Service Force Commander of the Pacific Fleet.

Chinese Forces Merge Into One National Army

Peiping Headquarters Is Charged With Supervising Terms Of Reorganization

CHUNGKING, Feb. 25.—(AP)—An agreement merging central and local Chinese forces into one national Chinese Army is being worked out in Chungking, it was announced today by the Chinese-American headquarters at Peiping, which is implementing the terms of the reorganization.

One of the basic reasons set forth for the reorganization of China's armed forces is to aid in speeding the nation's economic rehabilitation.

Meanwhile, Chungking agents are planning further demonstrations against continued Russian occupation of Manchuria.

Several thousand young Chinese in Shanghai demonstrated today before the British consulate and sealed the doors with red posters demanding that the Soviet quit Manchuria.

A meeting in Peiping attended by Manchurian citizens and officials failed to draw any enthusiasm when Soviet policy was denounced.

ALMANS A BACKGROUND of piety and color, Francis Cardinal Spellman, before the Pope gave to Cardinal Spellman the red hat, St. John's Basilica, Rome, Feb. 25. Cardinal Spellman is seen in the foreground, and the Pope is seen in the background. (International)

Alcoholic Evil Is Told Rotarians By D. Andrews

3 Percent Of People Of U. S. Are Victims Of Alcoholism

The first step in the current campaign for the Boy Scouts of America is to get the State Market Plan passed in Florida, said D. Andrews, president of the Sanford Rotary Club, in a talk before the club at the Mayfair Hotel today.

Explaining that "an alcoholic is a person for whom one drink is too many and a hundred not enough," Andrews said that "alcoholism is a disease which is becoming definitely more prevalent in this country than it was a few years ago. It is a disease which is not only a personal tragedy but a national one. It is a disease which is costing the nation many millions of dollars in lost productivity and in the expense of maintaining the alcoholic."

Andrews said that the first thing to do is to get the State Market Plan passed in Florida. He said that the plan would help to reduce the number of alcoholic beverages in the state and would also help to reduce the cost of these beverages.

Andrews also said that the Rotary Club is interested in helping to reduce the number of alcoholics in the state. He said that the club is planning to hold a series of lectures on the subject of alcoholism in the near future.

Lions Club Offers To Aid Commission On Park Project

Following reports by John Schmitt and Joseph Meisel of the Lions Club meeting Friday that work was proceeding on the county project of putting in a road to the Muller Lake Park project, the club voted to offer its services to the County Commission and to the Seminole Sportsman's Association in operating in making improvements to the park.

It was suggested by Tom Meisel that the club undertake a project of installing outdoor fireplaces and covered barbecue pits in the park. The club approved this. King Lion Clyde Ramsey then appointed Lions Schmitt and Meisel as a committee to contact the Commission and Sportsman Association members in regard to Lions Club cooperation in improving the park.

For the first time in the history of the Sanford Lions Club, members of the Robert family were fined for "taking chips" during a meeting. Five of 29 members each were imposed on James Brown, Jr. who was heard to mention the difficulty of fitting certain articles of clothing, and of 25 other members who were fined for taking chips.

D. B. Scheffler of Trenton, Conn., and Thomas J. Maloney of Freeholder, N. J., were guests at the meeting.

Nineteenth Edition Of Rollins Animated Magazine Is Presented

The nineteenth edition of the Rollins College Animated Magazine was presented yesterday afternoon on the school campus before a throng of 8000 subscribers with Greer Garson; General Carlos Romulo, high commissioner of the Philippine Islands; Yong Huang, noted Chinese actress; and Bob Feller, famous pitcher of the Cleveland Indians as the star contributors. J. Edgar Hoover, F.B.I. Chief, was scheduled to appear but wired at the last minute that it would be impossible for him to come.

The weather was perfect for the program which was presented in the open under a clear, blue sky with the speakers platform covered with a canvas canopy being the focal point of the circles of spectators. At 3:30 P.M. the guest artists walked through the center of the crowd up to the platform where they were seated and awaited their turn to appear.

Dr. Hamilton Holt, president of Rollins College, was the editor of the magazine and presented the Editorial Foreword. He introduced the following: Martin Andersen, publisher of Orlando Sentinel and Reporter-Star, who gave the Editorial "Rollins Declares a Dividend"; Brig. General Carlos P. Romulo who presented "Easter Message from the Tunnel of Corregidor"; Dr. Edwin Mims, author of "The Advancing South" and "Adventure in America"; three songs "Lads Campanas," "Estrellita" and "Onward Christian Soldiers" which were sung by La Masa Choral of the Polytechnic Institute of Puerto Rico; Greer Garson, star in "Mrs. Miniver," "Mr. Chips," "Hosianna in the Dust" and other famous screen plays, who read excerpts from "Outstanding Screen Plays"; Leslie P. Pennington, Minister of the First Unitarian Church, Chicago, gave a talk concerning "From the Margins of Vermont"; Alexander Meiklejohn, formerly President of Amherst College, Chief of Experimental College of the University of Wisconsin, who presented "The London Conference on Education"; Jessie B. Rittenhouse who presented Poetry Page which consisted of three poems "Bliss," "White Peacock," and "Marsh Grass"; Alexander W. Weddell, former U. S. Ambassador to Spain and Argentina who talked on "Snap Shots of India"; Robert Feller, pitcher for the Cleveland Indians who gave the "Sports Page"; Fred Stone, distinguished Broadway actor who appeared in "Lightnin'"; "You Can't Take It With You" and other Broadway successes gave a "Sketch."

Herman Lehman Is First Subscriber In Scout Campaign

The first subscription to the current campaign for the Boy Scouts of America was made by Herman Lehman, member of the local State Market Plan committee, in a talk before the club at the Mayfair Hotel today.

Lehman said that he had been a subscriber for many years and that he had been a member of the club for many years. He said that he had been a member of the club for many years and that he had been a member of the club for many years.

Frost Is Predicted For Orlando Area

LAKELAND, Feb. 25.—(AP)—Florida is due scattered light frost early tomorrow morning in low districts in the northern area.

Light deposits are predicted around 6:30 o'clock tomorrow morning for Gainesville, the upper east coast, Brooksville and Orlando districts. Temperatures will be around 35 degrees and higher. For Ridge, Bartow, and west coast districts temperatures will be 37 degrees and higher, with 40 degrees in the lower east coast.

Tuesday will be fair and warmer. The forecast for tonight and Tuesday morning is clear skies with gentle winds becoming light by midnight and continued rather cool with temperatures slightly higher in extreme northern districts and the lower east coast.

MONROE CHAPTER TO MEET

The Royal Arch degree will be conferred on a class of candidates Tuesday evening at 7:30 o'clock at the regular meeting of Monroe Chapter No. 15, E.M.M.

COLEMAN AT CALCUTTA

Sgt. Boyd Coleman, currently at Calcutta, India, is slated to depart for the United States on Feb. 25. He is scheduled to arrive in Sanford on or about April 1, according to information received Saturday by Mrs. Boyd Coleman.

Pittsburg GE Plant Picketed Despite Order

Arbitration Today Appears Only Hope To Avert Walkout Of Power Employees

PITTSBURGH, Feb. 25.—(AP)—The strikebound General Electric Company plant here was today picketed by more than 1,400 union members in defiance of a court injunction which had been issued by the common pleas court prohibiting mass picketing. The CIO electrical workers union went ahead with full scale picketing in a test of the order. By 9:30 o'clock this morning, E.S.T., only six of the 1,000 non-striking office employees had passed through the picket line. They were women and all six had passes to enter the plant.

By 9:00 o'clock this morning, E.S.T., only six of the 1,000 non-striking office employees had passed through the picket lines. They were women and all six had passes to enter the plant. The GE workers here quit work in a nationwide strike of electrical workers seeking a \$2.00 per day wage boost.

Meanwhile arbitration today appeared to be the only remaining hope for averting a power strike in the Pittsburgh industrial area which is scheduled for midnight tonight. Secretary of Labor Lewis Schwellenbach has sent telegrams to the Duquesne Light Company and its employees unions asking them to accept final and binding arbitration. The labor secretary asserted that every effort must be made to prevent a work stoppage.

Fort Mellon Park Chosen Site For Radio Station

Okay To Locate Station From Federal Group

Location of a building to house a radio station at the east end of Fort Mellon Park near the State Market Plan has been approved by the Federal Communications Commission. The station is to be operated by James A. Rivers to operate such a station. Mr. Rivers owns and operates Station WMM at Lakeland, Fla.

Fraternization Between British, Japs Prohibited

TOKYO, Feb. 25.—(AP)—Australian Lieutenant General John Norholt, the British occupation commander issued an order today prohibiting fraternization between British troops in Japan and the Japanese. He also declared that all his troops have been instructed to stay out of the homes of Japanese.

United States troops have no such instructions, and mingle freely with the Japanese in their homes and in public places.

In virtually all other respects, however, Norholt says British policy will be the same as that of the American command in Japan.

Norholt says, for instance, that British Empire forces will be permitted to bring their wives and families to Japan as well as facilities are available.

Norholt also has declared that some additional Australian troops have landed at Kure.

Lunch Program Is Favored By Senate

WASHINGTON, Feb. 25.—(AP)—The Senate today lined up behind a Federal school lunch program more than double the amount voted last week by the House. The Senate measure would authorize \$100,000,000 annually for food buying, plus another \$15,000,000 for nutritional education or facilities needed for the lunch program.

The only opposition expected by most of the opposition is from economy advocates. Senator Taft of Ohio told a reporter he may oppose the school lunch authorization because he was against it in principle. Vermont's Senator Aiken recalled that when the program was started in 1939 it was branded by many senators as communistic. He added, however, that since the program proved such a success it was not even considered pink.

Cardinal Spellman Takes Over Churches

ROME, Feb. 25.—(AP)—Francis Cardinal Spellman today declared that freedom of religion is "the fundamental freedom necessary for human happiness." The New York Prelate made the remark in a broadcast sermon as he took over the church of Saints John and Paul in Rome, the titular church of Pope Pius XII before he became Pontiff.

Spellman said also that the Pope was deeply concerned about portions of his flock in "many parts of the world where man's right to religious freedom is violated with diabolical deceit and satanic fury."
