Seven Men Accused Of Selling Spuds

NEWARK, N. J., Mar. 27. — (AP) — Seven men accused of buying government surplus potatoes at a penny per hundredweight and selling them back to the Army at \$1.80 were expected to surrender today on fraud warrants.

Modrell named Miss Berger, and Alfred Peluso, both of Brooklyn, as ringleaders in the plan. He said they operated a dehydration plant known as Pelber Food Products, Inc., at Clifton, N. J.

Crime Syndicate Smuggles Liquor Into Deep South

ATLANTA, Mar. 27. — (AP) — A crime syndicate is smuggling "vast amounts" of tax-dodging liquor into southern states, Georgia's revenue commissioner said today.

Georgia's Commissioner of Revenue, C. W. Phillips, said today the syndicate is smuggling liquor into southern states in huge loads, usually at night. It winds up either in legal liquor stores or in the hands of bootleggers in both dry and wet areas.

Making A Permanent Home In Sanford!

Below is printed one of the many letters we have received at the Herald office requesting that information about our town be sent. Why? Because, through the newspaper, the truth about your town is reflected. We print with pleasure one letter we received the other day.

2 More Players Are Released By Manager Ed Levy

Elble And Doerge Are Dropped Yesterday; Sanford Bops End In Exhibition Tilt

Manager Ed Levy announced today that he has released catcher Don Doerge and third baseman Joe Elble whittling his playing roster down to 22 men. Two more players must be released by the club before the season starts.

Four Sanford men are benched from injuries received in spring training and in exhibition tilts. "I have enough players," Levy said, "but many of them haven't been on the field enough to let me know just how well they can handle themselves."

The pilot was referring to third baseman Ed Elble. Elble twisted his ankle before the Eustis game. Other men on the sick list include outfielder John Hafenecker, Tom Rose, and Paul Weeks.

The only position being played regularly are first and second base, left field, and catcher's slot. Outfielder Al Neville returned to his home for six days yesterday. "He has enough training already," stated the manager. Neville put in one and one-half months at the Giants training school.

In yesterday's game against Enid the Giants took advantage of several walks and clutch hits to win the contest 12 to 7. "No one played outstanding ball," said the manager. "But Stan Baron managed to come through with his usual two hits, and Poelker looked better and better in the field."

The box scores: R H E
Sanford 12 8 1
Enid 7 7 3

Batteries: Sanford-Red, Rose (4); Kregel (7); Doerge, Bailey, Long, End-Block, King (4); Greene (7); Cullum.

Clubhouse

By FRANK ECK
AP-Newsfeatures Sports Editor

ST. PETERSBURG, Fla.—The St. Louis Cardinals have more question marks than a quiz program.

The team that figures to make things interesting for the Brooklyn Dodgers this season is in worse shape than at this time last spring. Eddie Kanak, the Purple Heart veteran who was a brilliant rookie as far as he went last season, is being counted on to play third base but he still gets pains in the ankle he fractured last summer. Some chips were removed during the operation.

First base may go to the healthiest ball player among the three in camp. Nippy Jones is a better fielder than Steve Binko and Glenn Nelson but Nippy had a spinal disc operation during the winter. Binko is the hitter but not the fielder. Though he is only 22, he had various vein operations on his leg and it's a question whether he'll be ready for opening day—or opening night as is the case with the Cardinals.

Ted Wilks, the National League's top relief pitcher, has been troubled by bone spurs in his right heel in the past. The effect of an operation either in every time he presses down on the heel to make a pitch.

One bright spot, however, is southpaw Max Baer, the Mexican jumper. Lanier, winner of six straight before he headed south of the border in 1946, was 10 pounds overweight when he was released last July. He lost a said the key game. "But Stan Baron managed to come through with his usual two hits, and Poelker looked better and better in the field."

C.B. CLUB BARRECUIN
ST. PETERSBURG, Fla.—All attention here is on the baseball club which is to play its first game in a historic match game April 20 at Tampa. The club has a big team of players and a big crowd of fans. The club is to play its first game in a historic match game April 20 at Tampa. The club has a big team of players and a big crowd of fans.

BASEBALL HIGH LITES

By Associated Press

VERO BEACH, Mar. 28—(AP)—Second baseman Jackie Robinson is making the Brooklyn Dodgers forget about that overweight he brought to camp for the training grid.

The Negro star, by belting two hits in yesterday's 8-4 defeat by the Philadelphia Athletics, made it five straight games in which he has registered at least two hits per game—four against major league teams and one against Mobile. Nothing wrong with Jackie's famed batting eye.

ST. PETERSBURG, Mar. 28—(AP)—The New York Yankees' current hospital list has Dr. Sidney Gaynor hopping around.

The all-time members include Dick Wakefield, sprained right shoulder; Jack Jensen, pulled muscle in right leg; Gene Woodling, sprained left ankle; Gerry Coleman, charlie horse in left leg; Bob Foy, strained tendon in right knee—and, of course, veterans Tommy Henrich and Johnny Mize.

Henrich, with a strained left knee, hasn't played since Mar. 13. Mize, suffering from a shoulder ailment, still can't throw.

SAN BERNARDINO, Calif.
Mar. 28—(AP)—The Chicago Cubs began their homeward trek today leaving their poorest spring exhibition attendance record since pitching camp in California in 1922.

With poor weather also a factor, the Cubs drew only 39,971 customers in 15 games—at least 50 per cent below normal.

LOS ANGELES, Mar. 28—(AP)—Luke Appling, who has played 2,198 games at shortstop for the Chicago White Sox, a major league record, is scheduled to make his debut as a first baseman tomorrow against the St. Louis Browns at Yuma, Ariz.

Appling selected a first baseman's mitt yesterday and had his first workout at the new station. After the drill he said: "I felt like I was working with a boxing glove, but I'll give the assignment a buzz."

ST. PETERSBURG, Mar. 28—(AP)—Big Steve Bilko has been benched as first baseman for the St. Louis Cardinals—which leads to speculation the rookie will make his debut as a first baseman tomorrow against the St. Louis Browns at Yuma, Ariz.

CLEARWATER, Mar. 28—(AP)—Dick Whitman is making it tough for Manager Eddie Sawyer to put the 22 Dodgers on the Philadelphia Phillies bench.

WEST PALM BEACH, Mar. 28—(AP)—Patience is a wonderful thing as the Philadelphia Athletics have proved many times.

The A's proved it again yesterday by turning six walks and Sam Chapman's double back a five-run rally to beat the Dodgers, 6-4.

BRANDENBURG, Miss.—(AP)—Nobody could be sure just what the would happen with the South Mississippi States League when the club who at St. Louis more than 100 lbs. heavier than he was in 1944, was 10 pounds overweight when he was released last July. He lost a said the key game. "But Stan Baron managed to come through with his usual two hits, and Poelker looked better and better in the field."

SECOND OR BETTER

Rotary League Has St. Louis Browns First Perfect No Hit, No Run Tilt Shape This Year

EDDIE DYER
HAS NEVER FINISHED BELOW 2ND WITH THE ST. LOUIS BROWNS, BUT THEY'D BETTER CATCH UP WITH SOME ROOKIE STANDOUTS OR THEIR LEAGUE WILL CATCH UP WITH THEM!

ROTARY LEAGUE HAS ST. LOUIS BROWNS FIRST PERFECT NO HIT, NO RUN TILT SHAPE THIS YEAR

The Rotary league came up with their first no hit, no run game yesterday as the Cubs took the Pirates into camp 1 to 0.

Mel Fleischer, Cub pitcher, struck out seven and walked none. Only one Pirate reached first on an error.

The Cubs only run came in the third inning when Fleischer singled and Davis doubled down the right field line driving him home.

The five inning game took a record 50 minutes to play.

THREE LETTER LION STATE COLLEGE, Pa.—(AP)—Charles (Chuck) Drzenovich, Penn State's football and boxing star, is undecided between the grid and the ring as a post-college career. He also is a shot putter on the track team.

WRITER IN GREEN
NEW YORK—Bill Chamberlain, a wee brock of a 225-pound tackle with the New York Bulldogs, is so proud of his Irish ancestry that he corresponds in green ink.

LAKELAND, Mar. 28—(AP)—Young Ray Herbert, a rookie lefty with the Detroit Tigers into the regular season.

ORLANDO, Mar. 28—(AP)—Pinch-hitter is apparently the Washington Nationals' best talents, pinch-hitters Gil Coan and Clyde Vollmer belted homers and Sherry Robertson batted triple.

BRANDENBURG, Miss.—(AP)—Nobody could be sure just what the would happen with the South Mississippi States League when the club who at St. Louis more than 100 lbs. heavier than he was in 1944, was 10 pounds overweight when he was released last July. He lost a said the key game. "But Stan Baron managed to come through with his usual two hits, and Poelker looked better and better in the field."

Sports in Brief

By ASSOCIATED PRESS

BUFFALO, N. Y.—The NBA heavyweight title fight between Ezzard Charles and Freddie Bessie was cancelled because of an old rib injury of Charles.

LAUREL, Md.—Manchar (\$2.30) won the featured Monument purse at Laurel.

HALLANDALE—Excitable Mary (\$8.10) won the featured sixth race at Gulfstream Park.

BERMUDA—Second seeded Don McNeill led the way into the second round of the Bermuda Invitational Tennis Tournament.

NEW YORK—Defending champion Robert Reys and H. J. Ross, both of New York, gained the finals of the National squash tennis championship.

SANFORD—Horace A. Stoneman, uncle of New York Giants President Horace C. Stoneman and an official of the Jersey City Giants, died at the age of 90.

NEW YORK—Vedal Peterson of Utah was named President of the National College basketball coaches.

State Farmers Market

Table listing market prices for various commodities like wheat, corn, beans, and potatoes.

BURBANK, Calif., Mar. 28—The St. Louis Browns appear to be in a lot better shape this year than they did as they broke camp and headed east a year ago.

The 1949 club finished seventh, which is about one under par for the club. Zack Taylor's 1950 Browns should do no worse than seventh this year and they might just possibly sneak by another American league entry.

St. Louis has played and performed better this spring despite the loss of such valuable articles as infielders Bob Dillinger and Gerry Friddy. This may sound confusing, of course, because a team seldom improves, even if the club acquiesces to a change of such gentlemen like Dillinger and Friddy.

You have to see St. Louis and its host of youngsters to understand this paradox. The kids seem to want to play ball. Credit this to them, to Taylor or quite possibly to Dr. David Tracy, the eminent hypnotist who has been persuading the lads they can play and get away with it.

Who ever is responsible, the Browns have refused to roll over and play dead to anyone on the citrus circuit out here.

There are several regulars on the pitching staff who might have winning seasons, and several excellent freshman bear watching. Of the former, there is Cliff Fanning and Dick Starr, both of whom were physically hampered last year. There's Net Carver, Tom Ferrick, Louis Kretlow, Stubby Overmire and Bob Kennedy.

Of the freshmen, there is young Ed Albrecht, who won 33 games last year. True, 29 were for little Pine Bluff, Ark., two in the league playoffs, and one for the Browns.

The major league debut was a dilly. He held the White Sox to one hit for the five innings he worked. Sid Schacht, a 19-game winner from Scranton, Al Pilgrim, Joe Payne, Tommy Fine, the "Ladies" to them, to Taylor or quite possibly to Dr. David Tracy, the eminent hypnotist who has been persuading the lads they can play and get away with it.

Gorgeous Gussie

Stays in Europe For Tournaments

By ASSOCIATED PRESS

CAIRO, Mar. 28—(AP)—Europe is going to get a luzz look at "Gorgeous Gussie" in the next three months—and vice versa.

"Gorgeous Gussie"—Gertrude Augusta Moran, age 25, of Santa Monica, Calif., on her passport—in the biggest drawing card in amateur international tennis at the moment, according to promoters.

Partly it's her tennis. But the biggest part of the drawing power that puts Gussie Moran on the center courts even in early matches of a tournament is her looks and her publicity.

The lace panties at Wimbledon last year, her black shorts at Cairo and the fact she's one of the two or three prettiest girl athletes now in competition draw the crowds.

Gussie, who says she has been saying the time of her life on her current world tour, won't go home until after Wimbledon. She'll spend the three months in Europe.

She will play in the Monte Carlo tournament the first week of April at Monte Carlo, and then in the Italian Championships at Wiesbaden, Germany, May 4-6; at Cologne, May 13-14; at the Paris tournament May 25, and then on to Wimbledon June 22. There she hopes to avenge last year's humiliation, when she lost in the third round after being unable to sleep for three nights before the match.

Between matches, Gussie will return to Monte Carlo, where she will be staying with friends. She has played on the Continent only once before—at Antwerp, after Wimbledon last year.

SHORTER NOW
STATE COLLEGE, Pa.—(AP)—Harry Papachalambous, Penn State 130-pound boxer who owns what is believed to be the longest name in college boxing, has shortened his last name. "Pap" says it originally was four letters longer.

RHODE ISLAND
PROVIDENCE, R.I.—(AP)—The biggest question mark in the infield which will be practically new.

Sports Roundup

By RUGH FULLERTON, Jr.

NEW YORK, Mar. 28—(AP)—The Phillies and Dodgers will open the 1951 spring exhibition season in Miami Mar. 10.

Since they already have permission to beat the ten-day deadline for exhibitions, it appears there must be a solid belief in official circles that the Mar. 1 start of training is on the way out.

The news that the intercollegiate regatta had been shifted to Marietta, O., hardly had hit the morning papers before the Cornell Athletic Association had a call from a Columbus alumnus, Charles Rindford, asking for six tickets.

Rural Common Sense
By Spada Johnson

If it had not been for the work of plant breeders, agriculture would not be in the greatly advanced stage that it is today. Hardly a crop would be as good or as satisfactory as it is were it not for the painstaking efforts and the achievements of plant breeders. In a way, plant breeding might be termed a continuous striving for perfection, for it has been going on for many years and crops have been improved many times. Field crops, vegetables, fruits, and grasses have been improved, and then the improved strains have been improved, and so on. At the time, the plant breeders are endeavoring to improve them more and more.

From the plant breeders' work have come strains of higher yielding and higher quality crops. It is meticulous, exacting work that requires imagination, balanced

reasoning, and persistence over a comparatively long period, and the plant breeder must be prepared to try and try again in the face of failure until he succeeds in getting the right combination of plant characteristics together.

It is a matter of hand pollination of different strains, careful handling of seed, careful cultivation, of records and observations and tests. The plant breeder must be patient as well as competent, for his work naturally is a long-time proposition. Improved strains are not developed in a season, a year, or two years, but in several or many years.

When an improved variety is developed—that is, a variety that produces high yields of high quality in spite of natural obstacles such as diseases and pests and unfavorable climate—it really means something to the farmer. Plant breeding of the University of Florida Agricultural Experiment Stations has had a highly significant bearing on the economy of the state. For example, the variety of shade tobacco that proved resistant to black-stem disease has meant millions of dollars that Florida otherwise would not have gotten. New varieties of corn likewise have meant millions of dollars to Florida agriculture. New peanuts developed by the stations have meant a great deal and new varieties of eggplant, beans, tomatoes, and oats hold bright promise.

Because of its peculiar climatic conditions, unlike those of any other state, Florida needs varieties different from those of other states to produce satisfactory crops. And plant breeders of the Agricultural Experiment Stations are working painstakingly and perseveringly to develop them for farmers of the state.

MILL CLOSES
LABELLE, Fla. — After a season of syrup production, the Labelle sugar mill closed its operations for this year early this month, according to County Agent H. I. Johnson. Most of the cane crop was harvested by hand, but farmers hope to have equipment for doing the job next season, Mr. Johnson said.

The Himalayas virtually bar Tibet from India.

The blue whale is the largest species of whale.

Many of shade tobacco that proved resistant to black-stem disease has meant millions of dollars that Florida otherwise would not have gotten. New varieties of corn likewise have meant millions of dollars to Florida agriculture. New peanuts developed by the stations have meant a great deal and new varieties of eggplant, beans, tomatoes, and oats hold bright promise.

4-H BOYS WIN PRIZES
JACKSONVILLE, Fla. — Duval 4-H boys have earned \$486.76 on entries in state dairy and poultry shows recently. It is revealed by Assistant County Agent G. T. Higgins. They have taken \$382.50 in poultry premiums and \$104.25 in dairy winnings.

The Himalayas virtually bar Tibet from India.

\$2 Billion Increase Voted In Farm Bill

Senate Farm Committee Passes Bill For Second Time; Amendment Added

WASHINGTON, Mar. 29—(AP)—A \$2,000,000,000 increase in government funds for farm price supports today was recommended for a second time to the Senate by its agriculture committee.

The House already has approved the measure boosting funds for the Commodity Credit Corporation. The Senate committee approved the House bill but tacked on an amendment concerned with foreign agricultural imports.

Senator Ellender (D-La.) said the committee did that.

1. It voted down a so-called grain trade amendment by Senator Thye (R-Iowa). That would have required the government to use private trade facilities in handling the millions of bushels of wheat, corn and other grains as required under the price program.

2. The 10 Senators present voted unanimously to retain an amendment by Senator Magnuson (D-Wash.) aimed at keeping out foreign agricultural imports when they compete with domestic farm crops that are under price supports.

Both the Thye and Magnuson amendments were contained in the first version of the bill reported to the Senate. The measure was sent back to the committee on Monday.

Truman Says Scientific Research Vital In Solving Farm Problems

WASHINGTON, Mar. 29—(AP)—President Truman said today that scientific research is essential in solving the farm surplus and income problems.

In a letter sent to farmers, scientists and businessmen at the opening of the 15th annual conference of the National Farm Chemurgic Council, the President noted that U.S. agricultural output had expanded about 40 per cent in 10 years.

"Yes for the last two or three years farm income has been declining," the President said.

"We need to find ways to use our increasing abundance so as to avoid a good income for farmers and a high standard of living for all our people."

Scientific research is essential to the attainment of this goal and I hope the chemurgists of this country will be able to do more and more for the people of this country.

Truman said that the chemurgic industry is a key element in our national economy and that it is essential to our well-being.

He also mentioned that the chemurgic industry is a key element in our national economy and that it is essential to our well-being.

Harry Mitchell, Chairman Of Civil Service Commission Ordered To Appear

WASHINGTON, Mar. 29—(AP)—The White House made it clear today that President Truman will delay attempts by the Senate committee investigating Communist influence in the State Department to subpoena Harry Mitchell.

Asked about Mr. Truman's reaction to efforts to subpoena the records the President formally refused yesterday, President Truman's spokesman, Charles H. Ross, referred reporters to the President's letter to Sen. Tedding (D-Md.) dated March 18, 1948, telling all federal officials to keep the files secret.

Truman said that the instances where subpoenas are served without the order of the President are "clearly within the power of the President."

WASHINGTON, Mar. 29—(AP)—Senate floor today served the first of three subpoenas demanding that the government reveal the loyalty records which President Truman has declined to turn over to the Senate committee.

Senators also demanded that the government reveal the names of all persons who have been granted security clearance by the State Department since 1945.

The subpoenas demand that the records be made available to the Senate by next Tuesday.

Senators also demanded that the government reveal the names of all persons who have been granted security clearance by the State Department since 1945.
